15 Romney Marsh rams and one
 Hereford Bull imported by S. S. "Lafonia"
 on the 11th Dec^r 1933.

Certificates and letter from Maclean
 and Stapleton attached temporarily.

M. In view of the letter
 from Maclean and Stapleton
 regarding the method of
 transshipment at Mr. Vides, I
 think the Stock Inspectors
 might exercise the discretion
 provided for in Reg. 2 of the
 Live Stock Amendment Regs 1931.

The Ranger who has seen
 the sheep states they are
 healthy and in good condition.

The I.S. Co propose to take
 them on the forthcoming
 trip of "Lafonia" and place
 them on an island - this
 is an additional safeguard.

If the Agric. Adviser is satisfied, very well. It must be remembered that this sort of thing creates a precedent. If anyone else imports cattle (I mean the "definition" of cattle) presumably they also will be permitted to put them in a private paddock if landing facilities are not suitable at the Quarantine Station.

Sir,

2. I am to say that, if possible, you should arrange for the rams to be transhipped at Monte Video direct to the s.s. "Lafonia" i.e., without landing them on shore or placing them on lighters. If this is not possible then arrangements should be made to tranship the rams by means of specially disinfected lighters.

Submitted - A valuable pedigree bull is expected to arrive in the Colony from England, by the "Lafonia" on the 9th inst., and as landing facilities at the Quarantine Station are not suitable, the necessity of isolating the animal in a paddock in Stanley appears to have arisen. The paddock suggested is owned by The Falkland Islands Company, at the rear of the Manager's residence.

Your approval is sought accordingly.
