COMPCERT (Regs. 6/83)

an outbreak of foot and mouth disease has occurred in Great Britain during the past 12 months.

The disease has been reported from the various States that the said countries will be responsible for the control of the disease. It is suggested that the Government of the United Kingdom should be kept advised of any developments in this connection.

Yours faithfully,
 [Illegible Signature]

The following is a list of the names of the persons who have been notified of the outbreak of foot and mouth disease in Great Britain during the past 12 months.

[Illegible list of names and addresses]

[Illegible text, possibly a list of names or addresses]
