COLONIAL SECRETARY to His Excellency The Administrator

Hocking the Assistant Lighthousekeeper has been off work for the last four weeks through illness -

A locum tenens has been in attendance during that time -

Hocking has applied for payment to be made to the locum for his services by the B. of G.

Spaid such was done by the B. of G. in 1881 when Hocking was laid aside thro' illness from work. (Capt. Book Dec 1881) Considering that Hocking has now been 19 years in the service & as far as Govt. are aware given every satisfaction I consider that the B. of G. ought in all fairness to meet this charge & make no deduction from Hocking's salary therefor.

Shall I shall instruct the Col. Treasurer to settle the locum tenens' charges?  
Yes.

The Col. Secy

I am glad to find that the Board of Trade has in a former case of

Amount paid for the services

I understood from the Colonial

paid himself for his substitute.

I wrote the Colonial Surgeon as in-

forward his reply by my letter

The Hon. Mr. ~~...~~

The Colonial Secy

After writing this letter the  
Colonial Surgeon called on today  
when I pointed out to him that  
the Government & himself might  
be placed in a very awkward  
position should this man die  
and a certificate as to the cause  
of death be not forthcoming.

D. Kemilton informed me that  
he expected about 3 P.M. to  
receive accounts of the Assistant  
Lighthouse keeper and that he would  
then if necessary proceed to  
the Lighthouse to see him.  
In any case I understood the

REV. JAMES

Colonel Ingham would  
report to the General  
the latest accounts of the  
State of Hocking.

COLONIAL SECRETARY to His Excellency The Administrator

I attach a letter from The Captain of the  
 Barque Sir G. F. Seymour at present  
 Nantley Harbour asking for permission  
 to land coal at the Dockyard jetty &  
 stack the same in the Dockyard  
 The coal I understand is Steam coal  
 and may have to remain there for  
 an indefinite time. I know nothing  
 whatever of the arrangements he  
 refers to as having been made & I  
 cannot help thinking there must  
 be some misunderstanding in  
 supposing that the Dockyard or  
 Store are to be turned into Coal yards  
 or sheds for the use of the General  
 Public. If Governor Goldworthy had  
 it in his intention to have coal placed  
 there for sale to Ships of war he must  
 have overlooked the want the Govt as  
 well as the Ships labour would in not  
 having lighters by which to load the  
 Ships from & it cannot be expected  
 that the good nature of merchants  
 will stretch so far as to grant Govt  
 the use of such in order to oppose their  
 wishes

Sir,

I herewith beg to enquire  
if permission will be granted  
to me to land coals on  
the Dockyard Jetty and to have  
it stacked in the Dockyard.  
My Owners, Messrs Townsend Bros.

some few months ago to land  
the coals and have it stacked  
in Government store, but

so.

~~The Administrator~~  
 GOVERNOR to the Hon. Mr. Col. Secy

I met Robins today at the  
 Dockyard when I explained  
 to him when I thought of  
 putting up a lean-to against  
 the west side of the Governor's  
 Storehouse sufficiently long  
 for the two field guns  
 lined up with the head the  
 enough for them already  
 with a space of about 3 feet  
 between.

The Chief Constable then pointed  
 out the want of a wallway  
 which can be provided by  
 adding 4 feet or so to the  
 length of the Shed.

I asked Robins to send in  
 to you an estimate of the  
 cost of putting up this lean-to  
 which should be done strongly  
 but roughly by simply squaring  
 the uprights & supports.

Sgt. Quaulan has the honour to report to the Colonial Secretary in answer to request for information on the subject that it has been impossible to do entirely what was needful to keep the two Gun Carriages and limbers in proper Service Condition, unaided, as they have been so much exposed to the weather in the peat Shed (with open Sides) that they have been kept in. There <sup>will</sup> be no difficulty in keeping them in good order when they are handed over for instruction of the Squads who are ready to learn the necessary drill and they are placed under suitable cover, with reference to Lt. Col. estimate of the probable attention required as being once a month. Sgt. Quaulan begs most respectfully to that at least once a week, when under proper cover will be necessary. Hitherto the guns have been cleaned and well oiled at <sup>least</sup> twice a week.

I am directed by H.R.H. the President & the Executive Council of the Imperial Institute to inform you that a Collection of maps, dealing with the possessions of the British Empire, is in course of formation at the Institute, & it is desired to make this collection as complete as possible.

~~The Administrator~~  
 GOVERNOR to ~~The Hon. Mr. The Col. Secy~~

As the rules have been approved detailing the duties of the Police in Stanley, among which are those requiring the Constables on duty to report to the Inspector of Nuisances where nuisances under Ordinances 1 of 1886 and 3 of 1891 are found to exist, I should be glad to be informed what meetings of the Board of Health have been held this year.

I observe from Section 1 of Ord: 3 of 1891, that such other members of the Board ~~as~~ in addition to the Colonial Secy & Colonial Surgeon, not exceeding five <sup>as</sup> may be appointed annually by the Governor, shall be a Board of Health for the Falkland Islands.

Please let me know when these other members of the Board ~~are~~ were appointed, and who

MINUTE PAPER

They are.

I should be glad also to be furnished with the Minute Book of the proceedings of the Board.

There are two things in Stanley which I think require special attention - and they are - the improvement of the roads or streets of the Town and the improvement of the Drains.

The Government naturally in every Colony acts on the suggestions & recommendations of the Board of Health and it would assist the Government here if they could become prone to time any suggestions or recommendations with the view to the general & sanitary improvement of the Town.

In other Colonies where I have been, the Minutes of the proceedings of each meeting are sent to the Governor so that he may with the advice of his Ex<sup>co</sup> Council give effect to any recommendations made by the Board of Health.

MINUTE PAPER.

COLONIAL SECRETARY to His Excellency the Administrator

Minute Book of B. of H. herewith  
There has been one meeting of the  
Board of Health held this year  
viz: on 9<sup>th</sup> January 1893.

There has been no appointment  
or election to the Board of Health  
since August 17<sup>th</sup> 1891. when  
Mr. James Smith was appointed  
and Gazette August 20<sup>th</sup> 1891.

The Hon<sup>ble</sup>

The Colonial Secretary.

There are therefore the only two  
official members on the Board  
at present the others having  
ceased to be members by  
effluxion of time.

It is <sup>not</sup> clear from the wording  
of clause 1 of Ord: 3 of 1891 whether  
the number of members is limited

to 5 or whether there can be  
5 members in addition to the  
Col: Sec: 40 the Colonial Surgeon.

If the members including the  
President are limited to 5  
men I think the proper  
& most representative members  
to appoint in addition to  
the above named officials  
would be the Clergymen of  
the three denominations in  
Stanley. -
