Public Notice

H. E. the Governor having learnt with much satisfaction of the general good crop of Potatoes which has been planted this season by the Colonists, and feeling assured that there is no species of cultivation by which the comfort and profit of the Settlers can be so materially promoted, desires me to notify to the public that he will give seed, gratuitously, to all persons who will properly prepare new land for the purpose of raising a potatoe crop in the ensuing season.-

By.- The past summer having been by no means a favourable one, and H. E. having proved notwithstanding that potatoes will thrive well, without any artificial shelter from high walls, the preliminary expenses of preparing land will be much diminished, as nothing more is required than what may be sufficient to exclude Cattle or horses.

Applications for seed to be made before the 1st of October next.-

Farewell Address
and
Public Notice

To the Inhabitants of the Falkland Islands

Her Majesty having been pleased to accede to my request to be relieved from the Government of this Colony, I have to announce to you that Captain T. L. Moore of the Royal Navy has been appointed by the Queen to be my Successor and His Excellency's arrival may be expected daily — Our political connexion will therefore cease on my departure by the Ship "Java" now about to sail for England and in which I propose to embark tomorrow evening about six o'clock. —

If H. E. Governor Moore should not have arrived previous to my leaving the Colony, Mr Rowden will as Senior Magistrate, in conformity with the provisions of the Royal Charter, administer the Government until the Governor's disembarkation. —

In saying Farewell after a residence among you of nearly seven years and a half, I assure you of the kind remembrance which I shall always retain of the friendly intercourse which has subsisted between us, and of the support you have afforded me in the

the measures which I deemed necessary for the public good –
Wishing you most heartily health, happiness and prosperity
