I have considered the suggestion and have come to the conclusion that privacy would be affected. This would be undesirable. Perhaps you can put forward some suggestion which would overcome this difficulty.

On further consideration of this matter, I fear that the area in question would not allow of sufficient room for future development and expansion, and while your offer is much appreciated, I have now decided not to go any further with it meantime.

From

Agricultural Adviser,

To Hon Colonial Secretary,

Stanley.

I have the honour to request your early decision relative to our recent conversation in regard to an area which you indicated was too large for a garden for yourself, and which you thought you might place at the disposal of the Agricultural Department for the purpose of establishing nursery beds etc.

If your reply is a favourable one, I had intended commencing operations on the area on the 1st February, hence my reason for this request for your decision.
