Ch. I do not know of any man why the Govt should make any part of the common fence pig proof, do you?

M.H.H. 15 Sept: 24

The Hon. Col. Secy.,

The work of repairing this section of the Common Fence is now in hand and, when completed, the fence will be cattle proof.

2. I do not think it is a question of keeping young pigs from straying; I think the boar broke through the fence.

Subsequent Paper.

Stanley,

16th Sept. 1924

(1)

Sir,

I have the honour to ask that the Government fence on the East side of my pig paddock, be put in order, as it is at present in a most delapidated condition.

My reason for asking this is on account of my having lost nineteen young pigs recently, as Mr McGill's Boar got through the fence and worried the Sow.

I am willing to erect the fence, if the Government will supply the materials for same.

Trusting His Excellency will grant my request,

I have the honour to be,

Your most obedient servant,

Alex Steel.

The Hon; The Colonial Secretary,

Stanley, Falkland Islands.
