On 29 September 1964 G A Cahill applied for planning permission on behalf of **W W BLAKE** to demolish the existing house down to first floor level and rebuild the first floor, excavate and build a garage at the rear of the premises, and construct a concrete path from the front path to the garage at the rear of the property. W W Blake had come to an agreement with **Harold BENNETT** to exchange a piece of land to the west of his house with a piece to the south of W W Blake's property to allow for the building of the garage and path.
