*These cattle stops would certainly be a boon to motorists and motor cyclists and the road to the W/T Station at least shd. be a clear run. I wd like consideration given to leaving the road and gate and making the passage on the north side. For night work, for persons tied coming into Stanley w drunk pig out w - varr went of a bolting horse all farnow a straight high road*

Hon. Col. Sec.

On second thoughts I favour  
the cattle stop being on the  
N side of the road.

I had intended putting the motor  
road & stops on the side of the  
present road. I will have it  
altered.

A notice as suggested Red 1 will  
be put in the Penguin.

DIRECTOR OF PUBLIC WORKS.

COLONIAL SECRETARY.

Stanley, Falkland Islands.

Preparations are being made for a cattle stop to be put in at the common gate situated to the west of Sullivan House; this would be of assistance to motor traffic

2. Would His Excellency be pleased to give his approval for the work to proceed please, as a charge against XIX. P.W.R. 1, Roads, Bridges, If approved I submit that a notice might be inserted in the news-sheet "Penguin", reading as follows :-

NOTICE TO ROAD USERS.

Caution should be observed on the road at the west of Sullivan House where work is in hand constructing a cattle stop.

[A road and gate for the use of horses and carts will be put] at the north side of the road.
