Hon:Col:Sect;

Will you kindly let me have the previous paper containing the Annual Return of Naval and Military Expenditure for last year, as I believe I therein explained that the Crown Agents A/cs for November and December could not be included, and I should like to see how His Excellency had directed that the Return should be made out.

H.S. / I can trace no previous paper, whether Confidential or open, in this office. Possibly the question was treated on a Confidential "Governor's minute Paper".
