10th July, 1942.

Sir,

I am directed to inform you that no charge will be made for the hiring by you of any Government Buildings or property and that the necessary heat, electric light and water will be supplied free. Where there is a caretaker concerned in any building in the unlikely event of any additional duties for him resulting from your occupation, then any additional remuneration will be a matter for arrangement between your department and the caretaker concerned.

I am further to inform you that any damage, including additional fire risk, which may be caused or arise as the result of your occupation will have to be made good within 3 months of your vacation of the premises.

If you will kindly acknowledge the receipt of this letter by receipting the copy attached I do not think there will be need for a formal agreement.

I have the honour to be,

Sir,

Your obedient servant,

  
Executive Engineer.
