Circular Maritime No. 18. Secret. Examination Areas.

My ~~undue~~ attention has been drawn to a notice to Mariners containing details of a certain examination area which was issued by a Comptroller of Customs in a Colony.

The Admiralty consider publicity of such information is generally undesirable. There is no need to cancel any such notices already published but no further notices should be issued. The information should be communicated confidentially to local Naval Authorities who will take any necessary action in the matter.
