TELEGRAM From British Antarctic Survey Office London

To High Commissioner

Despatched 9th July 1969 Time: 1010Z
Received 9th July 1969

BAT/1007/B/1/4 X/943/69 I am informed that overprint of present definitive issue would be considered by philatelic world as equivalent to new issue. In view of long notice we have had of decimalisation an overprint followed by new definitive issue in rapid succession would be regarded adversely by philatelists. As they provide main revenue perhaps we should take note of their views. We are investigating possibility of the new issue carrying both Lsd and decimal values which would be original and attractive. The values will depend on what the new postal rates will be. However difficulties do arise when one new value converts into Lsd values (both 2d and 3d equals 1 new penny). The following series would overcome this difficulty (new currency in brackets).

1d ($\frac{1}{2}$), 3d (1), 4d ($1\frac{1}{2}$), 6d ($2\frac{1}{2}$), 9d (4) 1/- (5), 1/3 (6) 1/6 ($7\frac{1}{2}$), 2/- (10), 2/6 ($12\frac{1}{2}$), 5/- (25), 10/- (50), 20/- (100).

Memorandum

No. 32

1 May, 1970

From: Postmaster
Stanley, FI.

To: The Officer in Charge,
British Antarctic Survey,
Stanley

Subject: Estimated requirements of B.A.T. and S. Georgia decimal
overprinted stamps for one year

When the estimate was prepared it was based on 1968 sales but the situation has changed somewhat as 1969 sales show an increase in sales and I think it prudent that our requirements be increased by 1,000.

19th October 1970.

Dear Sir,

Decimal Definitive Issue of Postage Stamps

We have agreed to issue on pre-release the following quantities of your new decimal definitive issue of postage stamps to be released on 15th February 1971:-

1020 sets of denominations 1/2p to 5p
800 x 6, 7½, 10p
760 x 15p
760 x 25p
750 x 50p

A REGULAR CUSTOMER?

These quantities have been requested by Harry Allen, P.O. Box 5, Rickmansworth, Hertfordshire, for a First Day Cover project, and a condition of pre-release of the stamps is that the firm do not release the stamps on to the philatelic market before the release date. They appreciate that the onus is on them to arrange delivery of their covers in time to receive the first day of issue cancellation.

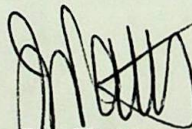

I would be grateful if you would accommodate the firm by ensuring that their covers receive the first day of issue cancellation.

H.E.

Yours faithfully,
