Circular.

Government Office,
Stanley,
June 11th. 1886.

Sir,

As it has been recently brought to the notice of the Lieutenant Governor that some of the crew of the S. S. Selembria have been engaged and discharged before Justices of the Peace at the outlying ports of this Colony.

I am directed by His Excellency to point out to you that the duty of engaging and discharging seamen devolves on the Collector of Customs and Shipping Master in Stanley, and that in His Excellency's opinion the Justices, although provisionally performing certain duties with regard to the entry and clearance of Vessels under the Customs Consolidation Ordinance of 1882, have not the power to sanction the engagement or discharge of seamen. The matter however has been referred to the Board of Trade and until their reply is received, I am to request that you will not permit seamen to be engaged or discharged before you.

I have the honour to be,

Sir,

Your Most Obedient Servant,

E. Pakenham Brooks,

Colonial Secretary, & Shipping Master.

Sir,

I have the honor to acknowledge the receipt of your letter of this day requesting me to attend a meeting of the Board of Health at your private residence on Thursday next at 8.30 P. M.

2. I have submitted your letter to the Lieutenant Governor and His Excellency desires me to point out to you, that meetings of public bodies like the Board of Health should take place in the day time, and that it is not usual for them to be held in private houses.

3. The Court or Robing room are at the disposal of the Board, and the meeting must take place in the day time, i.e. morning or afternoon as may be most convenient.

Yours faithfully
Honorable
The Colonial Surgeon.

Sir,

With reference to your letter of yesterday transmitting a petition to the Lieutenant Governor asking that a legal title may be granted to any person purchasing the real estate in this Colony belonging to the late W. H. Smyler, I am directed by His Excellency to inform you that under the peculiar circumstances of this case he is unable to comply with your request, but that he will forward your Memorial to the Secretary of State for his decision, on your furnishing two more copies of the same.

2. As in your Memorial you allude to certain documents which you enclose for His Excellency's inspection, it will be necessary that either the originals or certified copies of these instruments should accompany your Memorial to the Secretary of State.

In reply to your letter of the 11th instant asking in what manner you should send in requisitions for articles for the School which are not kept in stock at the Government Office, I have to inform you that articles which require to be purchased should be indented for by a separate letter, asking that the Governor's sanction may be obtained for their being procured, and explaining why they are required. In the present instance H-8- approved for the purchase of a shovel has been obtained.

Sir,

With reference to your letter of the 11th instant reporting that you have given notice at the Senior School, that the fees for last week would include those due for this week, I am directed by the Lieutenant Governor to inform you that you should have obtained H. S.'s sanction prior to making this remission, which you had no power to do on your own responsibility - and H. S. requests that you will not act in this manner again. In the present instance the fees may be remitted.

I have the honour to point out to you that in the account for Garden and Flower Seeds supplied to this Government as per Invoice from Messrs Sutton & Sons Reading dated the 1st September 1885, it has been noticed that the sum of £1-1-0 has been charged for 2 ozs of Cauliflower Seed 1st Crop, whereas in Messrs Sutton's amateur guide on Horticulture for 1885 it is only £0.2-5 per packet.

I have therefore to request that you will be good enough to ask Messrs Sutton to refund to this Government the difference between the amount erroneously charged and the price quoted in their guide.

With reference to your letter No 105457. of the 13th May last relative to the non delivery by the Kosmos Steamer "Rambyres" of the mail which left London on the 12th January last for conveyance by the Pacific Steam Navigation Company's steamer "Cotopaxi". I have the honour to inform you that only part of the mail from Europe per "Cotopaxi" was brought to Stanley by the "Rambyres" and consisted of one Bag from Bordeaux bearing the stamp of that office of the 16th of January and containing one letter. The rest of the bags then received were from Chili, Uruguay and the Argentine Republic.

The bulk of the mail per "Cotopaxi", was through the carelessness of the Post office Authorities at Punta Arenas not sent to Stanley till the 22nd March, when it was conveyed by the British Barge "Severn" which vessel arrived here on that day.

Sir,

I am directed by the Lieutenant Governor to thank you for your Report on the Government Reservoir water and to inform you that His Excellency is glad to find that the water in question, though not perfectly pure, does not appear to be actually unfit for drinking purposes.

2- It will not be practicable to empty the Reservoir at present, as there is so much water in the stream which supplies it, that if this were dammed up, to cut the water off, there would be great risk of flooding the Government Paddock.

3- As soon however as the Reservoir can be emptied, a cement flooring will be laid down and a sluice or flood gate constructed, to permit the water to be run properly off, which cannot be done at present.

4- His Excellency requests that this letter together with a copy of your Report on the water may be laid before the Board of Health at the meeting to be held on the 30th instant.

With reference to your letter of this day in which you state that the expenditure for shoring up the Church and a padlock was incurred by the Sexton, I am directed by the Lieutenant Governor to inform you that the action of the Sexton in the matter was highly irregular and that Government is in no way liable for the expenditure incurred by him without apparently any authority. If the Church required propping up, the Acting Clerk of the Works (Burst), would have done what was necessary or being applied to.

The padlock it appears was obtained under a misapprehension, as the Chief Constable states that he merely directed the Sexton to lock the gates.

Under these circumstances His Excellency has sanctioned its being paid for by Government.

Sir,

With reference to your letter of the 4th instant and my subsequent communication of the 5th instant, I am directed by the Lt Governor to inform you that he has given his attentive consideration to the matter adverted to therein.

As to the question of forming a Reservoir at the spring; the probable cost of so doing would be about £300 and to this must be added the price and the freight of about 2000 feet of piping, it being of course necessary to connect the new Reservoir with the pipe supplying the watering jetty which is 660 yards distant from the spring. Moreover the ground on which the Spring is situated does not appear to be Crown property and would have to be purchased. The cost of connecting the floor of the present Reservoir and making a sluice would be only ^{about} £60.

*3

The cost of rendering the drain at the Rose Hotel completely

completely watertight is estimated at £50 and the Lieut Governor cannot sanction this expenditure until he has received a reply from the Secretary of State authorizing him to make use of a certain sum from the balance in hand upon the improvement of the drainage of the town.

4 The construction of the drain recommended in paragraph 3 of your letter under reply must also His Excellency fears be deferred until there are funds available for the purpose, as the vote for Works and Buildings has been heavily drawn upon owing to the expenses consequent on the pestilence and but little remains for the service of the rest of the year.

5 The dirt at the back of the Stone Cottages mentioned in the concluding paragraph of your letter is reported by the Inspector of nuisances to consist chiefly of ashes which will be used in the gardens attached to the Cottages — but any actual dirt or rubbish will be removed.

Sir,

With reference to your letter of the 14th instant applying to purchase a portion of land in the Ditzing Road South of 3 our premises, which you state you hear is about to be sold, I am directed by the Lieutenant Governor to inform you that His Excellency is not aware of any portion of land being about to be sold as stated. Certain persons in the Ditzing Road have applied to purchase their frontages or portions of land adjacent to their present allotments under Ordinance No 3 of 1886, and His Excellency is willing to sell such frontages to owners of adjacent lands or houses at £100 per acre, provided the land so purchased be neatly fenced off from the road.

I am further to say that it is not stated in your letter that the Board adopted Mr Cobb's motion (if any) or decided to address the Governor. This exceedingly presumes however that this was the case, but when matters of this sort are laid before the Governor, it should always be stated that this is done in pursuance of a resolution of the whole Board, and not on the suggestion of an individual member as would appear from the case from the wording of your letter under reply.

I have the honour to acknowledge the receipt of your letter 20th 9 of the 17th July last asking for explanation as to why 433rd the Printed Form sent to me from your Department on the 25th December 1885 applying for a Casualty Report relative to the William D. Gibney has remained unanswered.

In reply, I beg to inform you that as far as my memory serves an answer was duly furnished - which must have miscarried through the Post.

No Casualty Report was transmitted, as the ship was a Foreigner (American), and the damage she sustained was not experienced within British territorial jurisdiction (Sec 157(b) Instructions to Officers in British Possessions Abroad 1875).

I have ascertained the following particulars concerning this vessel which I submit for the information of the Board of Trade:

The William Mc Gihery 1206 tons built in Searspat No. 1870 owned by J. W. Mc Gihery of Searspat and belonging to that port arrived at Stanley on the 18th September 1885 on a voyage from Liverpool to San Francisco with rudder damaged - repaired and sailed 8th October 1885.

2. The Bill of Sale transferring this vessel from Mr Benjamin Nicholas to Mr Edward Wilson a Naturalized British Subject of this Colony has been duly presented to me.

3. The Form No 19 received from the Registrar of Cowes bears the date of the 21st September 1886, whereas the Bill of Sale transferring the Schooner to Mr Wilson bears that of the 13th September 1886. I was therefore unable to register the vessel out here in the first instance in the name of Mr Benjamin Nicholas according to the request of that gentleman as conveyed in the letter from the Registrar at Cowes, as the vessel was actually owned by Mr Wilson at the time of the Transcript being issued at Cowes in the name of Mr Nicholas.
