Sir

I have the honor to inform you that the Report of the Health Officer with reference to the cases of Yellow fever which have occurred on board H.M. S. Swallow under your command during her passage from Rio de Janeiro to this Port - has been considered by me in Executive Council and that it has been decided that in accordance with the provisions of the 15th Section of the Quarantine Ordinance a quarantine of six days should be undergone - being fourteen days from the date of the death which occurred on the 18th instant.

The Swallow will therefore receive prepratique and be released from quarantine on the morning of the 1st of January proximo, should no fresh cases of fever occur.

The Government Pilot has received instruction to go off to your vessel twice daily, at such

hours as are most convenient to you, or at any other time when you may hoist a signal requiring assistance in order to afford you a means of obtaining supplies and making communications.

Sir,

I am directed by H. E. the Governor to inform you that he has received your letter dated on the 5th instant enquiring if there is any truth in a report that there is an intention of making a settlement on South Georgia.

I am to inform you that there is no foundation for such a report and the Governor does not ^{think} such a settlement could be made.

In January 1887, an application was made by Captain C D Inglis R.N. for leave to rent the Island of South Georgia from the Government for Sheep farming and on that application the Governor made the following report to the Secretary of State.

"The Island of South Georgia is said to be usually
"covered

covered with Ice and Snow to the Waters edge and even in the ^{season} summer the valleys are covered with frozen snow of great depth. The Island is surrounded by icebergs and fringed with glaciers and from all the accounts I have heard of it - sheep farming is impossible. I have not seen the report of the German Scientific expedition, which remained on the Island from August 1882 until September 1883 but from the account given me by the officer commanding the ship of war which conveyed it there - I think the place must be almost uninhabitable.

Sir,

I have the honour to acknowledge the receipt of your letter of the 22nd instant forwarding a letter from Mr J. Smith to yourself to be submitted to His Excellency the Governor.

His Excellency instructs me to return to you the letter in question which he has perused and finds that it contains no request that it may be referred to him and is unaccompanied by any report from you on the allegations which it contains.

With reference to the statements contained in Mr Smith's letter relating to the quarantine of Miss Swallow His Excellency requests that you will reply categorically to the following questions:

1. Did you receive any information respecting the alleged breach of the quarantine regulations by the Colonial Secretary and others, having communication with St. H. S. Swallow during her quarantine? If so, state the date on which you received such information, the name of your informant and what action, if any, you have taken thereon.
2. Had you before receiving Mr Smith's letter communicated with him directly or indirectly respecting the circumstances referred to therein?

The Governor requests that you will reply to the foregoing questions at your earliest convenience as it may become necessary for him to communicate with the Senior Naval Officer

on the station and with Captain Intesene of the
mail which will be sent in a few days by the S. R. Kipling
and that it may possibly become necessary to
inform the Right Honorable the Secretary of State
of the circumstances.

Sir,

I have the honour to acknowledge the receipt of your letter of this date, in which you state for the information of H. E. the Governor that you cannot give the name of any person who mentioned or implied that there had been any breach of the Quarantine regulations.

I am directed by H. E. to ask you if there is any truth in the following statements which have been made to him.

First That Captain Fortescue himself informed you confidentially at your own residence on the evening of the 2nd of January of a breach of the Quarantine Regulations to which he had been a party, on Sunday the 30th of December.

Second That you yourself told Mr Samson on the 3rd of January about 2 p.m. that you had heard "the previous night" that a party had gone down on Sunday last and had had Whiskeys & Sodas and Water Melons from the "Swallow" a distinct breach of the Quarantine Regulations.

Third That on the morning of the 8th of January when you were going off to visit the "Suatara" you said in the hearing of the Pilot and others, that the Quarantine Regulations were a farce and had been broken by a party having had communication with the "Swallow" while in Quarantine.

I am directed to enquire of you why - if in the case of any or all of these statements being true - you did not at once report the circumstances to the Governor, or take such action immediately, as you felt it to be your duty to do instead of entering into a disreputable correspondence with a common agitator like Mr James Smith - who could not have known so much of the matter as you did yourself - and of receiving and replying to a letter containing disrespectful allusions to the Governor himself.

Sir,

With reference to your letter dated on the 27th instant and received at this Office at 4 P.M. on the 28th I am directed by the Governor to inform you that your statements differ so widely from those made to H.E. by Captain Dutescu, Mr Jameson, the Pilot, and others, as to render it useless to continue the correspondence - which must cease with this letter.

2. With reference to your statement that you became acquainted with these allegations by rumour. I am to remind you that the alleged breach of the Quarantine Law is said to have taken place on the 30th of December and that you are said to have become acquainted with it on the 2nd of January, when Captain Dutescu paid you a long visit at your house where Surgeon Rance afterwards spent the evening with you. That you spoke of it next day to Mr Jameson and others and afterwards talked of it throughout the Settlement - it must be presumed that you yourself originated the rumour to which you refer.

3. I am also to remind you that Mr James Smith is not an Official, and could therefore make no official statement to you - and that you are not the medium of communication with the Governor.

4. If Mr Smith made a complaint to you as President of the Board of Health, it was your duty to lay it before that Board - and if he gave you such information as to justify you in prosecuting any persons under the Quarantine Act it was your duty to have done so - and for omitting to do so you are liable to the penalty provided by the 28th Section.

5. With reference to Mr Smith's rude letter in which he censures the conduct of the Governor I am to inform you that although H.E. could not take

Ordinance

any notice of communication not in any way addressed to himself; and such as might be expected from an ignorant person in Sir Smith's position and with such a character. The fact of your replying to and approving it, and sending it to the Governor places you in the same position as if you had written it yourself which in your place as one of H.E.'s Counsellors is an act which is highly reprehensible and to use the words of the Secretary of State with reference to your conduct on a previous occasion "unsatisfactory".

Sir,

I am directed by the Governor to request that you will transmit for His Excellency's information the Minute Book of the proceedings of the Board of Health, in order that he may be enabled to inform the Legislative Council of the amount of work for which a clerk is required by the Board as the Ordinance gives the Governor no authority to appoint such an officer.

Sir,

I am directed by the Govern^r to return to you your Report on the Sanitary Condition of Stanley during the year 1888, dated on the 8th of January last, to be amended and returned as soon as possible.

In looking over the Report for the purpose of incorporating it with his report on the Blue Book Mr. Excellency finds the following statement with reference to the Epidemic of Measles: "It was not until late in the month of October when it showed visible signs of abatement. I may add that this disease was not endemic and certainly was imported into the Settlement."

I am to call your attention to the special reports which you made for the Govern^r's information on this subject commencing on the 27th of August (when you say you had been attending one man and two children who had been suffering from an exceedingly mild attack and were then nearly well) to the 2nd of October where you say "the Epidemic of Measles is rapidly declining."

In none of these reports do you make any mention of the disease having been imported - and your Report for the Blue Book is now returned in order that you may amend it by stating the authority on which you make the statement, and the particulars as to the person who brought it into the Colony, and the vessel in which the person arrived and the date.

Sir

I have the honor to request that you will be good enough to return me my Memorandum of the 2nd instant, with the information set against the question as to the average number of persons attending the Church (or Service Rooms) during the year 1888.

The information given in your letter of yesterday is not what I require for the Blue Book, as the number of children attending Mr Lewis' service at the Senior School is added to those attending the Church, whereas if you are desirous of showing the attendance at each place they should be stated separately.

Sir,

I am directed by the Government to acknowledge the receipt of your letter of yesterday declining to make any amendment to your Report on the sanitary condition of the Settlement during the year 1888, with reference, as to when and by whom the Measles were introduced into the Colony, and to enquire whether it is your intention that your curt and unconsidered reply to His Excellency's directions that you should amend your Report, is to be appended to it as a sufficient explanation of your statement that the Measles - "was not endemic and
"certainly was imported into the Settlement."

The Government desires me to remind you that when you were questioned at Government House, on the first appearance of the disease as to its probable origin you replied that "it might have been caused by the damp weather which lately prevailed".

Sir

In reply to your letter of this day asking certain questions in connection with the Burial Board, I am directed by H. E. the Governor to furnish you with the following replies:

- 1 The Colonial Chaplain being named first is the chairman in order of precedence.
- 2 The Board may meet in the Court House when it is not occupied otherwise.
- 3 The Ordinance presumes that the expenses will be paid from the revenues derived, but a Minute Book may be had in the first instance.

The Honble Secy.

Sir,

With reference to your letter of the 12th instant complaining of the damp condition of the Powder Magazine I am directed by the Governor to inform you that Capt. A. W. Brent R. N. when here in the Annet in March 1884, inspected the building and reported as his opinion that it might be used with advantage for receiving and storing armaments for H. M. Ships of War. There was then no appearance of damp on the walls and flooring and His Excellency cannot understand how it can affect the gunpowder in the manner shown.

The Governor will however have a coating of cement put on the outer walls and have the slating repaired as soon as possible, but dampness from the atmosphere will affect gunpowder after a long time, in hulks or any other place removed from the drying influence of heat.

His Excellency would not be justified in allowing gunpowder except in very small quantities to be kept elsewhere than in the Magazine, unless it could be placed in a hulk sufficiently distant from the town and the shipping in the harbour as not to be dangerous.

As soon as the Flamingo returns, Captⁿ Beege
will be asked to examine the Magazine with his
gunner and advise as to the remedy of any defects
which they may find.

to you herewith.

I made inquiries about George Kellond
and found that he was in the employment of
Mr Packer at Sizing a sheep station about 40 miles
from Stanley as cook to the Shepherds during the Shearing
season. His employment terminated on the 31st of
March, and in consequence of a message which I
sent to him by Mr Packer he came to me here on the 1st
of April.

I informed him of the contents of your letter, and he
told me that he had written to you lately, and
that he had sent his pension papers regularly to be
paid to you. He stated that he had reason to believe
that some difficulty had been raised at the Admiralty
in consequence of his life Certificate having been signed
by Mr Bell, the Manager of a sheep farm

Gentlemen,

I am directed by H.E. the Governor to request that you will be good enough to procure and forward to this Colony the carpets, matting etc enumerated in the accompanying Requisition which are required for the use of this Government.

The cost of these articles should not exceed in the whole the sum of £80 (Eighty pounds)

M^{rs} Emma Kellond.

I have received your letter of the 1st of January last inquiring about your husband George Kellond a Naval Pensioner, and enclosing the Certificate of your marriage to him. I return the Certificate to you herewith.

I made inquiries about George Kellond and found that he was in the employment of M^r Packer at Idgry a sheep station about 40 miles from Stanley as cook to the shepherds during the shearing season. His employment terminated on the 31st of March, and in consequence of a message which I sent to him by M^r Packer he came to me here on the 1st of April.

I informed him of the contents of your letter, and he told me that he had written to you lately, and that he had sent his pension papers regularly to be paid to you. He stated that he had reason to believe that some difficulty had been raised at the Admiralty in consequence of his life Certificate having been signed by M^r Bell the Manager of a sheep farm at Leab Inlet - where he was at one time at work - as M^r Bell's writing was very illegible

You had better make inquiry of the proper authorities
at the Admiralty as to the truth of this statement,
and you may use this letter for that purpose.

George Bellard is now in Stanley he seems
quite strong and well, but I am told that
he wastes much of his earnings in drink.

I am directed by H.E. the Governor to inform you that it has been brought to his notice that you have entered into an agreement for letting the right to seal on Bird Island, which Island is included in your lease of Port Stephens.

H.E. desires me to point out to you that your lease does not confer on you the right of sealing on any of the shores comprised in your lease, which right is vested in the crown alone and if infringed subjects offenders to prosecution.

The terms of your lease only give you the right to use the land for pastoral purposes.

Sir,

I have the honour to acknowledge the receipt of your letter dated the 2nd instant reporting the arrival of the P.S. "Grandholm" at Fox Bay on the 20th ultimo of the P.S. "Grandholm" at Fox Bay on the 20th ultimo.

2. The entries for dutiable goods by Packer Brothers and Baillon and Stickney have likewise reached me and a cheque for £71-5-0 from the former and £28-5-6 by cheque from the latter to cover the duties they owe.

3. No bills of entry for free goods imported by this steamer have as yet reached this office.

4. The Bill of Exchange for £43-11-0 for tonnage dues of the "Grandholm" which you transmit has not been endorsed by you, in consequence it is herewith returned for that purpose, as it is not negotiable.

negotiable in its present state. You should endorse the Bill with your name on the back making it payable to the Crown Agents for the Colonies, Downing Street London S.W. and then return it to this office

5- The Governor desires me to say that for the future you should only accept Bills (for payments of this description) on one of the local firms in Stanley, as this Government never accepts drafts on London at such a long date as thirty days sight

6- No Specifications for exports have been received although a supply of these forms was sent to you by last mail, and live sheep appear to have been exported since that date.

7 I forward herewith Customs Receipts for Locke Br. Baillon + Stickney and J A Holmsted which please deliver to those gentlemen.

8- In conclusion I am directed by H.E. the Governor to point out to you that Section 6 of the Customs Consolidation Ordinance 1882 empowers the Collector of Customs to call upon the Importers to produce their invoices before him. You should therefore exercise this power with a view to testing the accuracy of the entries as in the copy of the Manifest of the Grandholm you sent in, various articles are described as "Kegs" "Cases of provisions" &c without specifying what kind of provisions and what are the contents of the "Kegs" &c.

9. I also have to acknowledge cheque for £17-19-0 for "Martha Gale's" tonnage dues and two cheques for £6-3-0 each (£12-6-0 in all) for "Rippling Waves"

2. I have submitted this correspondence to Mr. the Governor who desires me to say that it appears from the receipt signed by John Langdon on the 31st of January 1888 that George Errington deposited £50 with the Salkland Islands Company @ 2½% ^{interest} per annum.

It is not alleged that this money has ever been taken out of the custody of the Company.

The statement of J. B. Drager that Errington made a gift of the receipt for the money to his son does not show any proof of a legal transfer.

In order to transfer property by gift there must be either a deed of gift or an actual delivery.

If the alleged donee, had at the time of the alleged gift procured the withdrawal of the money from the Company by the donee and its delivery to the donee or his order, a case of legal transfer might have been established, but even in that case the delivery must have been strictly and clearly proved by something more than the donee's unsupported testimony.

The question of equity alluded to in the letter of Mr. Drager could not be entertained in the case of the administration of the estate of an intestate, the proceedings in which must be governed strictly by law, and there can be no doubt in this case, as the money in question remains with the Salkland Islands Company in the name and as part of the estate of the intestate.

Sir

With reference to your letter of this day date on the subject of your acting as Health Officer I am directed by H. B. the Governor to inform you that a copy of Acting Colonial Secretary's letter No 54 of the 19th of May 1879 was transmitted to you for the purpose of showing you that it was the only letter on record concerning your duties as Colonial Surgeon and that it had nothing to do with the Health Officer or boarding fees — and this was the reason why it was sent to you —.

What you are required now to do is to show your written authority for acting as Health Officer.

In the Counterfoil of the receipt filed in the Office of the duty paid by Messrs Baillon ^{& Stickney} (amounting to £28.5.6) on the goods imported by them for S.S. Grandholm, the beer is put down as being 486 gallons instead of 162 - which latter quantity is correct. Will you therefore ascertain if the same error as exists in the Counterfoil has crept into the receipt, and if so, please ask Messrs Baillon and Stickney to let you have it to send to me, in order that I may make the necessary correction.

Sir,

I am directed by H.E. the Governor to call your attention to the entry for free goods per SS "Grandholm" made by Mr John Waldron on behalf of Mr J.L. Waldron, amongst which there appears to be 26 Casks of Extract of Tobacco which would only be exempt from Duty if it came within the provisions of Section 9 of Ordinance No 2 of 1889.

You will therefore be good enough to ascertain whether the Tobacco in question forms an ingredient in sheep wash and is manufactured in bond in the United Kingdom.

Stanley 8th June 1889

Sir,

I am directed by H. E. the Governor to inform you
with reference to your letter of the 5th instant (already
acknowledged) that so long as you hold the office of
Colonial Surgeon and receive the salary attached thereto
you must implicitly obey such directions with respect
to your public duties as the Governor from time to time shall
direct.

The tariff of fees to which you allude has reference
solely to the limit, beyond which you are not entitled to
make any charge in the private practice which you are
permitted to engage in, but which is altogether apart from
your official duties as Colonial Surgeon which are
to be defined by the Governor and for the performance
of which you receive your salary.

I am also to say that under the operation of the
Quarantine Ordinance the Health officer (who is not
necessarily the Colonial Surgeon) is directed to visit
vessels arriving from any port which shall be
proclamation of the Governor be declared to be
infected - and under a proclamation to that effect
vessels arriving from the River Plate have been so
visited and a fee of ten shillings & sixpence
has been paid to the visiting officer - but the
only authority the Governor has had sanctioning
such payments, has been a general authority
under the Quarantine ordinance to direct the

payments

payment of expenses incurred under the ordnance
 This does not apply to vessels arriving from ports
 not coming within the scope of the proclamation
 and the instructions to you on the 5th of June instant
 is addressed to you as Colonial Surgeon and therefore
 is made part of your duty in that respect which
 the Governor trusts you will perform without further
 questions.

H.S. considers your remarks as to holding
 the Government responsible for your fees is
 most unbecoming on the part of a public officer
 holding so responsible an office as that which is
 at present occupied by you and with
 reference to these remarks and to the generally
 hostile attitude which you for some time past
 have assumed towards the Government it is the
 Governor's duty to bring to your notice the
 following recorded opinion of one of Her Majesty's
 Principal Secretaries of State "Gentlemen occupying
 office under the Crown must consider themselves
 bound in honour no less than by the regulations
 of the Service to support the Government
 if unable conscientiously to do so to resign their
 office."

With reference to your further letter of the 7th instant on
 the subject of your application to lease a section of Suburban
 land, I am directed by the Governor to inform you that the
 circumstance of certain land within the six mile radius from the
 having been leased to Captain R.C. Facke by a former Governor was fully
 reported to the Right Honourable the Secretary of State for the Colonies on
 the 1st of July 1883 by His Excellency, in consequence of representations made
 him by the licensees of Moody Valley Darns.

No decision has as yet been signified by the Secretary

State, nor is it likely that the matter can be finally settled until the expiration of the leases in question.

Sir,

With reference to your further letter of the 8th instant relative to certain land at Dairy Cove which you are desirous of acquiring, I am directed by the Governor to inform you that His Excellency finds on reference to the plan of Survey that Lots 33 and 34 are of much smaller area than lots 40 & 41 which you wish to obtain for the Falkland Islands Company, and that there is also a point of land of uncertain area adjoining W 40 on the shore of Port William which could not with advantage be excluded.

Under these circumstances the Governor is willing on his own responsibility to issue a Grant of Lots 40 & 41 including the unmeasured lot adjoining them on the East, in consideration of the Surrender of an equal area of land on the side next to the Naval Reserve, leaving the boundary on that side to be ascertained, which may be done by a Surveyor duly sworn to act as a Surveyor when a ship of war arrives.
