Sir,

I have the honor to acknowledge the receipt of your two letters of yesterday's date relative to the marriage solemnized by you at Keppel Island on the 30th October 1889, between two Europeans of the names of George Liffa and Kate Lenosficapa, which marriage you appear to have celebrated at the Mission Church on that Island, a place of worship not appointed for that purpose by the Governor in Council in virtue of Section 2 of Ordinance 3 of 1881 and also without the publication of banns or the issuing of the Governor's License.

2. As from your two letters of the 24th instant you do not appear to recognize that this marriage is invalid in the Falkland Islands under the provisions of Section 17 of Ordinance 20 of 1858 and Section 2 of Ordinance 203 of 1881, I have to inform you that in consequence, I have no power to sanction your withdrawing the copy of the entry of the marriage (as requested in your letter) which accompanied the other copies of the entries of marriages for 1889 under cover of your letter of the 24th instant.

3. I may add that I have no personal wish in this matter, as would seem to be inferred from your last letter of the 24th instant, but simply desire an observance of the Marriage Laws of the Colony which it is my duty to uphold.

Sir,

With reference to the Schoolmaster's letter of the 25th instant relative to the manner of accounting for children attending the Sewing Class only, I have the honour to inform you that as Rule II of the School Regulations enacts, that, "every pupil must attend the Schools during the whole of the time fixed for attendance by the Time Table," any amendment which it is considered expedient to make would have to be sanctioned by the Executive Council in accordance with Rule V. I have therefore to enquire, whether you consider it desirable that an Amendment should be passed in Council to meet this solitary instance:

Sir,

I have the honour to return you herewith the Requisition for School Materials to be obtained from England which accompanied the Schoolmaster's letter of the 27th instant, with a request that it may be reduced as to bring the cost of the articles indented for including freight and packing expenses (say about 20%) to a sum not exceeding £30, which is the amount allowed for this service in the Estimates.

2. As the parcel post is now established I think it would be very desirable if Mr. Dore could arrange to get his private stationery etc. out from England without including it in the School Requisition a course which is somewhat irregular and tends to cause a confusion in the Accounts of this Office.

 12th March 1890.

Sir,

I am directed by H.E. the Governor to inform you that Mr. Shaw has kindly permitted the Jubilee Cottage at present occupied by Nurse Preston to be used as a temporary hospital for the reception of a limited number of patients requiring medical attention and skilful nursing.
 2. I transmit herewith for your guidance a copy of the notice about to be issued by Command of the Governor.

The Honourable,
 The Colonial Surgeon

Gentlemen,

I am directed by H.R. the Governor to inform you that he is returning the Sengersoll Rock Drill which was purchased from Mess^{rs} Le Gros Mayne Lear & Co - by the Komor Steamer which is to call here for mails for England on or about the 15th inst.

2. The Rock Drill was brought out safely in the "Madassah", but on trying it, it was found to be unworkable.

3. It has been examined by Mr Kelly, Chief Artificer of H.M.S. "Fleming", and by the Engineer in the employment of the Falkland Islands Company here, who were both of opinion that the principal spring is deficient in power and that the machine in its present condition is altogether unworkable.

4. The Drills are also too large to enter the socket intended to receive them and require to be turned down to the proper diameter.

5. The whole of the machine, with the exception of the cast iron weights for steadying the legs is packed in three cases addressed to you to the care of Mess^{rs} J & A. Ireland No 13 Great St Helens E.C.

6. His Excellency desires me to point out to you that there is a charge in your Account of £2.2.0 paid Dr. H. Stanger for inspecting the Rock Drill before shipment.

With reference to your two letters of this day's date on the subject of M^{rs} M^cCarthy's appointment as Additional Teacher I am directed by the Governor to inform you that it is not competent to the School Inspector to make acting appointments of teachers in the Schools, or to sanction any departure from the Rules -

An entry in the Log Book shows that an error may have been committed, or that the Rules had been disregarded, but has no force as a reason for such a violation.

2. M^{rs} M^cCarthy should be required to comply with the Rules, or resign the post to which she was appointed by the Administrator, who is not responsible for the irregular intimation made to her on her appointment.

In continuation of my letter No 111 of the 1st instant and with reference to your letter of the same day's date, I am directed by the Governor to inform you in reply to your complaints against the Government Schoolmaster for the introduction of subjects in his lessons of a nature to affect injuriously the religious and moral welfare of the children attending the School, that His Excellency has very carefully inquired into the particular subjects of your complaint as well as to the general character of Mr Darro's teaching. 2. Mr Darro denies emphatically that he has used any expression either in the course of his teaching or in the School, or at Magic Lantern Entertainments of the

nature attributed to him.

3. The Governor has seen the notes made separately by fifteen of the children of the class who received the lesson in history on the Subject of "Ancient Britain and the Druids," as well as a statement in writing by Miss King the Assistant Teacher. In the notes by the children, there is nothing to support the allegation that with reference to the doctrine of the transmigration of souls Mr Durore had said, "that we had nothing to say it was not so," while Miss King's statement is that he ~~has~~ said "he did not see why they should not believe it if they liked."

4. Mr Durore admits that he remarked incidentally and not as part of the lesson "that some modern Hindoos held views respecting the doctrine of transmigration of souls, very similar to those of the Ancient Britons," and that these men had as much right to their views as we had to ours."

5. Although in neither of these remarks is there any expression of Mr Durore's own opinions, His Excellency considers it was highly injudicious and improper to make them in the course of lessons to very young children, who are very likely to receive injurious impressions and whose unformed minds are incapable of understanding the difference between statements and opinions when forming part of their lessons and given with the authority of their tutor.

6. The Governor will reprimand Mr Durore for having. he believes thoughtlessly - introduced such subjects and made such remarks in his teaching, and although he has heard with much regret that he is unsettled in his religious opinions he trusts that as long as he continues to hold the post of Government Schoolmaster which in every other respect he has filled with much credit to himself and advantage to his pupils - he will never again suffer any words to escape him which may even remotely affect the religious welfare of the children who attend the School.

7. Your particular complaint on the subject of the transmigration of souls has therefore been disposed of, and as in your letter to Mr. Duroe of the 21st March you say "I however fully replace my confidence and the instruction of my children under your care" you can have nothing more to say either with regard to it or to your other accusations which are now of too old a date to make any investigation respecting them possible.

Govt Office, Stanley P.I.

11th April 1890.

The Colonial Secretary to the Government
School Inspector

Sir

- I am directed by the Governor to inform you that His Excellency has carefully considered the Schoolmaster's reply to Mr J. Smith's Complaints, with the accompanying statement of the Assistant Teacher, and the notes made by a number of the School children as the lesson on the early history of Britain (which forms the substance of Mr Smith's Complaints) forwarded together with your report thereon dated the 8th instant.
2. The imputations respecting Mr Smith's motives are altogether irrelevant to the subject of his Complaint - which is one of a very grave character and is in itself the only matter for consideration.
 3. Mr Duroe denies that he used the expressions attributed to him in Mr Smith's Complaint.
 4. In the notes of the School children there is nothing to support the allegation; but the statement of the Assistant Teacher is that with reference to the belief of the Ancient Britons in the transmigration of souls "he explained the word by saying that it meant that after death their souls went into the bodies of animals, and he said that he did not see it why they should not believe it if they liked."
 5. The Schoolmaster himself admits having told the

children that some modern kinders held views respecting
 "the transmigration of souls very similar to those of the ancient
 Britons and that these men had as much right to their
 views as we had to ours."

6. Although there is no expression of Mr. Suroe's own
 opinion in these remarks, the Governor considers
 that it was very injudicious and improper to
 introduce such subjects and make such remarks
 in the course of lessons to very young children,
 whose unformed minds are unlikely to see any
 difference between simple statements and expressed
 opinions, and who are therefore very likely to receive
 and retain injurious and pernicious impressions
 which may lead to disastrous consequences.

7. His Excellency therefore instructs you to reprimand
 the Schoolmaster for having introduced such
 subjects and made such remarks in his
 teaching, and to inform him that the Governor
 hopes he will never again suffer any words
 to escape him which may, however remotely,
 affect the religious welfare of the children
 who attend the School.

With reference to the Quarterly Distressed British Seamen's account going home by this mail, I have the honour to report that A. S. Smith AB of the late barque "Brethusa" No 63196 of Liverpool is now clear of the accounts here; C Lemcke boy of the same vessel is still on hand, the Colonial Surgeon having stated in answer to a letter from me, that he could not sanction his departure until the wound in his leg was completely healed.

In connection with the sick seamen from this ship I beg to forward a charge ^{for nursing} for your consideration by Mrs M. J. Bailey. Mrs Bailey took great care of the men while under her charge.

I have also taken in charge Johannes Johannesen late AB of the barque "Antares" No 69929 of Shoreham which vessel called in here for repairs. The said seaman had had his leg broken in the casualty whilst in the service of the vessel.

The man wishes to remain in the Colony and I have retained his wages in consequence, to pay him as soon as he is able to work when I will strike him off the accounts.

With reference to your letter of the 18th instant relating to the granting of Sealing Licenses, I am directed by the Government to inform you that if you refer to the Seal Fishery Ordinance of 1881 you will find that it is "An Ordinance to provide for the establishment of a close time in the Seal Fishery of the Falkland Islands and their Dependencies and the Seas adjacent thereto" and that no other Ordinance has as yet been passed in connection with the Seal Fishery, but that on referring to the 47th Section of the Administration of Justice ^{Ordinance} No 10 of 1853, you will find that all the Laws and Statutes which were in force within the realm of England on the 1st of January 1850 shall be applied in the administration of Justice in the Falkland Islands, and that the Seal Fishery on the coasts and within three miles from the shores of Her Majesty's Possessions is a right of the Crown the infringement of which is in the absence of any statutory provision a misdemeanor punishable at the discretion of the Court by fine or by imprisonment with or without hard labour not exceeding two years.

2. I am further to state that it has been the custom for this Government to grant licenses for taking Seals in particular places within the Colony for such periods and on such terms as the Governor in Council may think fit and expedient with the advice of his Council.

3. His Excellency has however been in communication with the Secretary of State on the subject of an Ordinance for the regulation of licenses and other matters connected with the fishery. Sir,

I have the honour to acknowledge the receipt of your letter of the 27th of January last forwarding a Post Office Order on London for the sum of 5/- (Five shillings) and requesting to be sent in exchange certain postage stamps of this Colony. As the order you have sent is not negotiable here I beg to return it herewith, and I would suggest that if you desire to remit money to Stanley in a small amount the best way of doing so is by getting some person to take out an order on your behalf in England payable at this Office, or else you might take one out at Chicago in a similar way.

Sir,

With reference to your letter of this day in which you state you assume that upon Mr Jellie's return, to Stanley instructions will be issued to the Committee appointed by the Legislative Council on the 10th instant as to the mode of conducting the enquiry etc, I am directed by the Governor to inform you that His Excellency thinks you have misunderstood the question that was referred to Mr Jellie and yourself - which from your reference to a place of meeting and examination of witnesses would mean a "Commission of Enquiry" - whereas what the Governor said was that as the slander alleged things which were as we all knew absurd and impossible he desired a Committee composed of the two Unofficial Members of the Board to report to the Board, whether or not it was true that it had been openly said throughout the Colony that the Governor had embezzled £200 and falsified the accounts to conceal it.

Had Mr Jellie been present at the meeting of Council on Saturday last, His Excellency presumes that you would have reported at once whether or not you had heard such a report - as if it had been openly spoken of throughout the Colony you must both have heard it - but in no case were the Committee instructed to ascertain whether so monstrous a charge was founded on fact.

Sir,

With reference to your letter of the 9th instant on the subject of the West Falkland Mail Service, I am directed by the Governor to inform you that if the Master of the "Result" had been fined £10 for failing to fulfill his Contract he would have been entitled to receive £15 instead of £12.10.0, with which latter sum he has been satisfied.

I have further to state that the Contract with the "Result" has been cancelled and that the remaining £12.10.0 will be paid to the Master of the "Peronelle", if he applies for it, for bringing in the Mail instead of to Captain Gilchrist.

The gentlemen who made themselves responsible for payment to the Master of the "Peronelle" should arrange with Captain Protheroe to receive the £12.10.0 and then account.

Sir,

I am directed by H.E. the Governor to inform you that a claim has been made on the Government by Captain Francis Rowlands one of the owners of the Schooner 'Fair Rosamund' for the return of a jib boom belonging to that vessel which he says was lent to the Government more than six years ago.

The Governor states that the Government never had any transactions with Captain Rowlands but that he believes that a spar answering the description was procured from Messrs J. M. Dean & Sons at the time that some spars of the condemned vessel 'Procer' were purchased in 1883. He was under the impression that the spar in question was paid for at the time of the payment for the other spars, and this impression is strengthened by no claim having been made for several years - he therefore begs to refer the matter to you, as you were at the time in Messrs Dean's employment and acted for them in the matter, and should you think that there is any doubt upon the question as to that particular spar having been paid for, he is ready to sanction the payment to the representatives of Messrs Dean & Sons of the value at the rate at which similar spars were then sold to the Government, the highest value of any of them not having exceeded thirty shillings. The spar in question has been used for a telephone post -

Yours faithfully

J. J. Fettes.

Sir,

I have the honour to acknowledge the receipt of your letter 20215 of the 10th instant forwarding a cheque on C. Williams for £11.11.6. drawn by Stickney Brothers on account of dutiable goods imported by them per "Isca" - which they return as follows viz:

- 2 Cases each 1 dozen Brandy.
- 1 Case 1 dozen Port Wine.
- 1 Cask 14 gallons of Whiskey
- 2 Hogsheads of Ale.

The duty on these articles if correctly returned would only amount to £10.11.6 - and the balance £1 has accordingly been credited to Stickney Brothers in the books of this Office as a "deposit".

I may however remark that in the Manifest of the "Isca" there appears the following goods for three gentlemen 4/7. 4 Cases of Wine etc. whereas only 2 Cases of Brandy and 1 of Whisk have been entered. Possibly the entry may be

one case of spirits that returned - and with regard
 to which I shall be glad to receive further information
