4 December 1890.
I am directed by the Governor to bring to your notice the want of adhesiveness in the 4d Postage Stamps supplied to this Government through your Agency upon a Requisition contained in a letter from this Office N^o 327 dated 3rd July 1889. Complaints are frequent that letters prepaid here by means of these stamps arrive at their addressees without them. I have myself picked up several of these stamps which have fallen off in making up mails.

2. The injury and inconvenience arising to the public are manifest and I am to ask you to be so good as to bring the matter under the serious attention of the Manufacturers.

3. I am aware that a similar complaint
was made in Jamaica.

Sir,

G.O. 5 January 1891.

I am desired by the Governor of this Colony to acknowledge the receipt of your letter of the 13th of September last N^o 5875 and in reply to forward to you for the information of the Board of Trade the enclosed copy of a report and estimate of the repairs necessary to the building attached to the Lighthouse at Cape Pembroke.

2. As I took the opportunity of inspecting the Lighthouse on the occasion of the Carpenter's visit perhaps I may be permitted to say that I quite agree with him that the best plan would be to erect new Cottages and it would be much cheaper to send out framed buildings and to contract here for their erection than to build on the spot. The Cottages at present existing are quite unsuitable for the residence of the number of persons quartered in them. For example, the Keeper's family of one young woman of sixteen years of age and four small children are huddled into one sleeping room which is really part of the living room but is partitioned off from it; it has neither window nor other ventilation.

3. A means of hoisting building materials from the Government Pilot boat would have to be provided as land carriage would be very expensive. At present the Stores for the Lighthouse are landed at the foot of a high Cliff, where at times the sea breaks in violently and great labor is involved in rolling up Casks &c.

I am desired by the Governor to acknowledge the receipt of your letter of yesterday's date applying for a survey, at the expense of the Falkland Islands Co. of the boundaries of the freehold land which the Company is about to purchase from the Government.

I am in reply to inform you that H.E. has asked ^{the} Captain of H.M.S. "Cleopatra" to allow one of his Officers to do the surveying work which is required by certain leaseholders in the neighbourhood of Fox Bay and that Captain Musgrave informs him that he cannot spare his Navigating Officers for that purpose; but that the Lieutenant of Marines of the "Cleopatra" is a qualified Land Surveyor and that he can be spared from his duties on board the ship. N^o. 42. Sir,

G. O. Stanley,
3^d February 1891

With reference to your letter of yesterday's date, in which you state in connection with your application for the service of a land surveyor that you "concluded the fee for the service would be stated based on

"on some recognized scale"; I am desired by the Governor to state that H. E. informs you personally that he knew of no scale of fees for land surveying in this Colony and that such surveys as had been made during his Administration had been paid for by private arrangement and H. E. referred you to Mr. Tetlow (who had employed Lieut. White &c. to rectify the boundary between Mr. Greenshields and himself) for information on the subject.

2. H. E. I am to observe, finds however in reference to the Table of Fees which Surveyors of Land in Jamaica are entitled to under Law 33 of 1869 in force in that Colony, that the fee for traversing or running out lines is £ 6 per mile or 1/6 per chain; this charge does not include the expense of Chainbearers or of labourers attending the Surveyor.

3. I am further to say that as you do not state what are the terms proposed by Lieutenant Parsons, H. E. cannot compare them with those of Surveyors in Jamaica, which he supposes to be the usual charge in the Colonies; but he reports that you did not ascertain whether the expense would be more than the Falkland Islands Company could afford before the appointment of Lieutenant Parsons as Acting Surveyor General, consequent on your application.

With reference to your letter of the 29th ulto I am desired by the Governor to inform you that H. E. does not consider your explanation as regards your failure to carry on vaccination for so many months as satisfactory. If, I am to observe, the few cases vaccinated were unnecessary but you should have sought out the cause and endeavoured to remove it.

2. I am to suggest that you should endeavor to obtain some tubes of lymph from the ships of Warren in Harbour and immediately commence vaccination.

N. 45. Sir,

G. O. Stanley
3^d February 1891.

I have submitted to the Governor your letter of the 2^d instant respecting a claim which you understand is about to be made for payment of land tax upon that portion of the recently acquired freehold land that has hitherto been exempt.

2. I am in reply to inform you that if the grant of land purchased by the Falkland Islands Company is to take effect from the 1st January 1891, which H.E. understands was to be the time of the first payment in London, it will have become freehold land on that date and as such is liable to the land tax like all other freehold land and no other construction of the meaning of the Ordinance is possible.

3. I am to observe that it would require special legislation to relieve the purchaser of the liability to pay the tax and an Ordinance to that effect can only be introduced by the direction or sanction of the Secretary of State. The question may, I am to say, be referred to the Secretary of State on an application from the Falkland Islands Company in London and should he be of opinion that the tax should be remitted in this case he can, of course, instruct the Officer Administering the Government to pass an Ordinance for the purpose, but H.E. I am to add cannot agree with you that the tax is not due under the existing law, which however will very soon expire by effluxion of time.

No. 47 Sir,

G. O. Stanley
5 February 1891.

With reference to your letter C. 83 of the 3rd Instant, I am desired by the Government to inform you that if you will attend at this Office in the forenoon on Saturday next you will be allowed to peruse the despatches of the Secretary of State for the Colonies respecting your appointment and emoluments.

No. 48. Sir

G. O. Stanley
6 February 1891.

I am desired by the Government to acknowledge the receipt of your letter of the 9th Inst and in reply to inform you that you are aware that your lease is a special one for 7, 14 or 20 years, authorizing you to kill a limited number of Penguins for oil and that at the expiration of each year you are required to make a declaration at the Government Office that you have not killed a greater number. You are allowed also under the lease to build upon and stock any one or more of the Islands, but the Government is not liable to pay for any of the buildings or improvements made

made by you.

2. This Lease, I am to say, does not come under the conditions of the leases granted under the local Ordinances for pastoral purposes only for which a right of renewal is provided in the Ordinance of 1882 to which you refer.

3. I am to add that H.C. is of opinion that it will be expedient in any future lease of the Jason Islands to include the right of the seal fishing and as Caracae Island is the only one in the group which is suitable for the residence of the lessee it is not advisable to lease it separately and this course he will recommend to the Secretary of State for the Colonies and have entered in the Lease Book.

Sir.

I have the honor to acknowledge the receipt of your letter of the 13th Inst, calling my attention to alleged delay in rescuing a drowning person, owing to the want of a suitable launching place or Jetty for the use of the Public.

In reply I would inform you that it was quite competent to you to have offered yourself as a Witness at the Inquest which was held on the body of the man in question; but that you adopted a wrong course in addressing me as Commissioner by letter when the case was "sub judice".

I have however laid your letter before the Governor in my capacity as Colonial Secretary and I am directed by H. E. to inform you that his attention has been called to the importance of a Jetty and that it will receive early consideration.

I have laid before the Governor your letter of the 27th ultimo respecting the charges for freight to the general public by the Horns line of Steamers.

2. I am desired by M^r. to inform you in reply that the Agent of the Company in Stanby states "that shipments of goods from Port

Port Stanley from Europe and the West Coast of South America for D.D.G. Hornos Steamers are always transacted with the appliance of the metrical system in measurement or Kilop in weight. This I find is in accordance with the scale laid down in their Contract with this Government.

3. With regard to the difference of charge made for freight as between the Falkland Islands Company and other Shippers, the Agent informs H.C. that D.D.G. Hornos sometimes allows a reduction in freight at large shipments, but I cannot tell if such arrangements have been made with the Falkland Islands Company, certainly the Bills of Lading from Europe to Port Stanley for the Falkland Islands Co. show always the same rate of freight as to other Consignees in Port Stanley.

As regards the other portion of your letter, I am to state that, whilst recognizing the correctness of your statement that the lands of the Colony are in the hands of a few Farmers, H.E. is not prepared to adopt your statement referring to grazing lands, as follows, "some of which grazing lands were never included in the measurement of land leased to the present occupiers", unless distinct and specific cases are given and which will admit of proof and the only way to determine the same would be by a Survey.

3. I am further to remark that H.E. would ^{Shedden} not himself regret to see a smaller class of Farmers than now obtain; but in view of the manner in which the lands of the Colony have been taken up, unless, as stated by you, larger areas of land are farmed than leases are held for, there is not any available land for that.

No Hides are exported to any other country than
England.3. As regards the Breed of Cattle

 With reference to Mr Cobb's letter of the

 of a letter posted in London on the 8th of November
 last, addressed to the I. I. Co at Stanley, I
 have the honor to inform you that the Genl Post

 on the cover, the letter was posted in the E. C.
 District of London in time only for the S. P. in

N. 173. Sir,

I have the honor to acknowledge the receipt of your letter of the 22nd Inst and by direction of H. E. the Governor to inform you that, in the first place, your answers to questions put both by the Governor and myself yesterday were not satisfactory, and that under these circumstances your Ship's papers were detained for a reasonable time to enable enquiries to be made.

Secondly, your statement that "on presenting ship's papers to you personally you informed me the above ship is placed under arrest without giving me any reasons for so doing," is incorrect - the Governor himself having only stated in my presence and that of his Private Secretary that he must detain the ship's papers for enquiry, as there were suspicions connected with your vessel. But the circumstances connected with your vessel. But the word "arrest" was never used.

I may however inform you that proceedings are pending against you for an infraction of the Merchant Shipping Act of 1876 and that therefore, until the case has been heard, your ship's papers must be detained.
