N. 175 Sir,

I am desired by the Governor to acknowledge the receipt of your letter of the 16th Inst, asking to be permitted to resign your seat on the Executive Council.

2. I am in reply to inform you that, whilst M^r. will regret to lose your advice as a Member of the Executive Council, he recognizes the grounds upon which you tender your resignation. But M^r. would be glad if you would kindly retain your seat until he can make arrangements to fill the vacancy your resignation would create.

N. 176. Gentlemen,

I am desired by the Governor to acknowledge the receipt of your memorial of the 14th inst on the subject of the Burial Board order. In connection with the memorial was submitted a report of the proceedings of a meeting held on the 18th inst at the Baptist Tabernacle formulating the views of the persons there assembled. 2. At the interview which H.E. accorded to a deputation of the memorialists, after discussion of the matter, it was acceded to by H.E., with the unanimous approval of the deputation, that the Ministers of religion of each denomination in Stanley should act as Trustees of the land allotted as a cemetery, and who, associated with a layman from each congregation should form a Committee to assist in the direction of all matters connected with the Cemetery. 3. H.E. will therefore, I am to inform you, be prepared to introduce the necessary legislation to secure the carrying out of the said in view when he has been applied to by the visiting Trustees.

No 177. Gentlemen,

G.O. Stanley. I.S.

26 June 1891.

I am directed by the Governor to inform you that H.E. has indentured for a large quantity of stones for the Public Works Department, through the Crown Agents for the Colonies, Downing Street, London, and has suggested their shipment by your vessel expected to leave London late this year.

2. H.E., I am to say, has made the suggestion in hope that your charges for freight &c. will be considerably less under the usual rates, as he understands that in many ways, it will be of advantage to you to call at Port Stanley. You will no doubt, place yourselves in communication with the Crown Agents in the matter.

N^o 185. Sir,G. O. Stanley
7th July 1891.

I am desired by the Governor to acknowledge the receipt of your letter of the 30th ultimo, forwarding for the consideration of His Excellency a letter from Mr. R. L. Nichol to yourself on the subject of the Land Question.

2. I am in reply to inform you that what has been urged by Mr. Nichol will receive due consideration.

3. Whilst H.E. does not propose entering into a discussion on the letter you enclosed, there are one or two points on which perhaps it may be desirable to touch.

4. In para: 1 Mr. Nichol quotes, presumably from Ordinance N^o 9 of 1882, section 2, the words "the new lease to be granted ~~x~~ to the former lessee" and he says "in the earlier Ordinance of 1871 there is a clause to the ^{same} effect, but he omits the words "(if any)", which limit the scope of the provision and the fixture of tenure which Mr. Nichol is anxious to demonstrate. This is further borne out by the 3rd section of the first mentioned Ordinance which deals with compensation to be made to the lessee if it is considered advisable to sell the land at the expiration

5. In para: 2 Mr. Nichol speaks of "clamours for a share in the land raised by men; who, 'had they been enterprising enough might have had as much land as they liked in the old days'. This is true to a certain extent, but as the time has arrived when the persons who clamour desire to be heard, His Excellency is anxious to meet their wishes, believing in their right to a share in the land, provided there is land available. To determine this point H.E. is anxious for a Survey to be undertaken which would decide the question without shadow of a doubt.

6. H. E. perceives that Mr. Nichol
— in

in para 3, repeats a hearsay remark which M.H. has already contradicted, that he said "the Settlers are bound as men of honour to petition for a Survey: what M.H. did say and I am to repeat it, was "No honorable man would wish to keep land to which he was not entitled, I therefore cannot see why a Survey should be objected to".

7. In para 5 M. Nichol takes it as a matter "of course" that a Survey of the land is not necessary and that the areas of the leases might be estimated on a flight. It is presumed that this course was adopted in the past, bearing "a large and capricious allowance for mountains and ponds," as admitted by the late Surveyor General. Hence the need of a Survey now.

8. M.H. is at a loss to ~~know~~ understand why M. Nichol should suggest the idea, equally dishonourable to the Settlers and the Government of the day, if correct, that they "entered into a conspiracy to understate the average of the leases."

9. A sweeping accusation that "it is proposed to mulct them" (the Sheep Farmers) "of their leases", is made by M. Nichol; this is untenable. Under any circumstances no greater average than that named in the lease can fairly be expected, nor if the provisions of the Land Ordinance be carried out leave the Sheep Farmers any right to complain.

10. Turning from the direct subject matter M. Nichol, scarcely consistently with previous statements in his letter, digresses into remarking that "a farm infected with scab will not pay" and that "that disease is only too general in the Falklands." Yet I may observe that M.H. has not yet heard of a Sheep Farmer whose Sheep have lost being desirous of throwing up his Farm and under circumstances such as stated it would be but natural that he should do so.

11. As regards the question of endeavouring to

to deal with the prevalence of Scut, &c. &c. awaits the Report of the Commission appointed to consider this very important matter.

12. S.H., I am to say is glad to be quite in accord with Mr. Nichol in another of his positive conclusions that, "of course the object of good Government is to promote the prosperity of the Colony in general." This is the view S.H. takes and therefore tries to consider the question of the Crown lands in all its bearings, fairly and impartially, recognizing the fact that it would be wrong to the Colony in general that one class and that one numerically speaking, a small one, should be upheld at the expense and injury of the community in general.

Sir,
With ref^{ce} to your letter of 5th Jan^r last applying to be allowed on behalf of yourself and partner to purchase your station containing 109720 acres at the price of 3/- per acre for your leasehold land, I am directed by the Governor to inform you that H.E. has received the sanction of the Secy of State for the Colonies for the sale of the land mentioned.

2 H.E. has been instructed to reserve power to the Crown to resume for public purposes any part of the land granted not exceeding $\frac{1}{8}$ of the land in all at the purchase price with compensation for any improvements in the land so resumed.

3 I am to add that the grant to you will necessarily be dependent on any Survey to be hereafter made and that if the acreage of your station be found less than 109720 acres, the Govt will undertake to make up the difference in land or give a rebate on the purchase money at your option; - but, if more, will expect either payment for the excess or a surrender of such excess land at the option of the Government.

4. Further the question of any under or overpayment made in respect of rent due up to the date of the completion of the sale of the land must be entirely dependent on the view taken of the matter by the Secy of State for the Colonies to whom H.E. has submitted the general question.

I have the honor to submit to your Excellency the Returns of the Census of the Falkland Islands, taken on the 5th of April 1891.

2. The population is returned at 1789 against 1553 in the Census of 1881, an increase of only 15.19% in the ten years. Looking to the healthy climate and to the notably prolific character

character of the people, the result is disappointing. But the discrepancy can be accounted for by an emigration to the Coast of Patagonia and to the Islands in the Straits of Magellan, which has been going on for the last five years, attracted by the prospects of Sheep farming on lands to be easily obtained on concession from the Argentine and Chilean Governments.

3. It will be observed that no mention is made of the Religious denomination of the people in the returns; no question was asked under this head.

4. The difficulty of Mail Communication between the several outlying Islands and the Seat of Government has delayed the compilation of these Returns.

3 August 1891

I am desired by the Governor to acknowledge the receipt of a Petition addressed to the Secy of State for the Colonies which you desire His Excellency to forward to Lord Knutsford. In that petition you state that His Excellency informs us that he will refuse to renew all leases that are falling in.

2. I am able to point out to you, having been present, that what Mr. E. did say on the occasion of the interview held on the 1st inst. was, that pending instructions from the Secretary of State on the subject of a survey of the lands of the Colony, Mr. E. would not feel justified in the interests of the people of the Colony in alienating for a further term of 21 years all the available land; but that he would be prepared to renew the leases conditionally subject to any survey which may take place now or hereafter. His Excellency gave to the deputation the purport of a despatch which he had written some time back and read to them one which he was then sending on the hand question. The remark was made by Mr. Blake one of the signatories to the petition, that His Excellency might see his way to granting a license to occupy pending Lord Knutsford's decision and the suggestion seemed an acceptable one to all present. His Excellency said he would consult his Executive Council in the matter but that he must be careful not in any way to weaken the position of the Government.

These are the facts according to my recollection of them. His Excellency would be glad to hear whether or not this is a correct representation of what took place on the occasion.

His Excellency being desirous of forwarding your petition by the outgoing mail, but its despatch will be dependent upon your reply to this arriving before the closing of the mail.

In acknowledging the receipt of your letter, replying to mine of this date, I have to point out to you, by direction of H.E. the Governor, that the question asked by me has not been answered. From your two letters you have the Secretary to infer that H.E. simply stated to you that he would not know the bases, without at the same time assigning any reason, whilst it is implied in your last letter that he, the Governor, suggested the idea of a "licence to occupy the land" whereas it emanated from yourself. 2 I am therefore now directed to request that you will be good enough to inform me whether, in my recollection of what took place at the interview on the 1st inst., there are any statements which in your opinion and that of your fellow petitioners, are incorrect, and if so, H.E. will be glad if you will state them. 3. As matters stand, the question contained in my letter remains unanswered.

With ref^{ce} to your letter of 8 July I have the honor to inform you that I find on reference to the Prisoners' accounts that the last payment made to you was on the 14th May 1888 when you drew prison for the two quarters ended 31 Mch 1888 and 30 June 1888. According to the letter from the Asst^t Secy of the Navy to which I referred in my letter of 3 July payments of your pension should resume from the date of your joining a British Vessel leaving Monte Video. That date is 19 Jan 1891 and the amount of pension due to you is therefore £15. 7. 6 - 19 Jan 1891 to 30 Sep 1891. I am unable to comply with your request that the amount may be sent out to you in cash by the 'Hazard' but the amount has been paid to Mr Mathews' credit to the 'Hazard' in Stanley, and, on your presenting the enclosed vouchers, signed in triplicate to Mr Mathews, that gentleman will pay you the amount. I enclose blank forms of ship certificate and return to you the original letter of 10 Nov 1890 from the British Minister in Monte Video as you request.

Sir,

I have the honor to report as follows on the case of Guy Cecil Stuart Patterson, deceased late apprentice on the "Knight Commander" 48802, Liverpool. Patterson being unwell was

brought on shore by the Captain of the "Knight Commander" on June 1st and placed in a private hospital under the care of a certificated nurse. On July 11th the Captain of the "Knight Commander" applied to me for the discharge of Patterson on the Med Certificate enclosed. I declined however to sanction his discharge until either the "Knight Commander" ~~was~~ ^{was} ~~leaving~~ ^{leaving} the port or until there was an opportunity of sending Patterson home in order that the expense of his illness might not fall on the Board of Trade. On July 13th a steamer of the "Kuma" line the "Herodot" called here for cargo & applied to the Agent for a passage to England for Patterson. The Doctor of the "Herodot" declared to allow him to be taken on board on the ground that he was unfit for the voyage and the ship might be guaranteed at Monte Video. On July 20th a British ship the "Iron Queen" put in for provisions and was expected to leave on July 22nd. I had made arrangements for sending Patterson by that vessel to Falmouth of fit for the voyage, and sanctioned his discharge on that date.

On July 22nd Patterson was reported to be worse & on the 26th he died. I enclose a certificate of death. Patterson was buried on the 26th July in Stanley cemetery. His effects consisting of a chest of clothing have been shipped in the "Oreca" for London.

Sir, I am directed by the Governor to ack the rec^d of your letter of today's date asking that the SS "Totmes" which arrived yesterday (11th inst) may be regarded as the subsidized mail boat due on the 15th inst. You also ask that the "Totmes" may be permitted to sail before that date.

2 I am in reply to inform you that the Governor appears already to have decided that the SS "Totmes" is to take the place of the regular mail steamer for September and that the one timed to arrive on the 15th inst will not touch at Stanley. Thus everything, in H.E.'s opinion, appears to have been altered to suit the views of the company without this Government being consulted in any way.

3. As there are possibly persons anxious to proceed to England who may have made arrangements to do so by the advertised mail of the 15th, H.E. could not in justice to them even if he desired permit the steamer to leave before her contract time even though it were the regular mail steamer. Not however being such but one sent here specially to carry cargo, H.E. can only point out to you that if there is not to be another steamer as advertised and the "Totmes" leaves before the date in the Time Table the monthly subsidy of £150 will be forfeited.

4. I am further to point out that if the usual course had been adhered to and the homeward steamer due at Punta Arenas on the 13th inst arrived there a fortnight late as has been usually the case in H.E.'s experience, she would be in a position to bring to Stanley letters arriving by the Pacific line on the 21st Sep.

1. From all the information I have been able to collect and judging by precedents, I should say that as she stands, with her Inventory, the "Sabine" is at least worth £1000. Were there the elements of competition and other advantages here she would be worth much more.

2. I think the sale of the Cargo should be ~~made~~ by public auction; but that the Coal should be put up in lots of say two or three hundred tons and not in bulk.

I have the honor to enclose herewith requisition for further supply of postage stamps of this Colony

This indent for a further supply of 20000 of $2\frac{1}{2}$ and 6 stamps is necessitated by the large demand for the new issues from stamp merchants. I would request that the 6 stamps be coloured orange instead of green as it is obvious that much inconvenience must result from having $\frac{1}{2}$ and 6 stamps of the same colour

With reference to your letter of 22 December last forwarding an application to be permitted to purchase your entire holding at Roy Cove Station West Falkland consisting of 61,400 acres at the price of 3/- per acre for your leasehold land here, I am desired by the Governor to inform you that His Excellency has received the sanction of the Secy of State for the Colonies for the sale of the lands mentioned on certain conditions as to the payment of the purchase money, £9210, which are as follow, viz - £2010 in the first year and £800 in each succeeding year with interest per annum at the rate of 2½ per cent on unpaid balances.

2. His Excellency has been instructed to reserve power to the Crown to resume for public purposes any portion of the land, not exceeding one eighth in all, at the purchase price with compensation for any improvement in the land so resumed.

3. I am to add that the grant to you will necessarily be dependent on any Survey to be hereafter made and that if the acreage of your station falls short of 61,400 acres the Government will undertake to make up the difference in land or give a rebate on the purchase money at your option; but if more will respect either payment for the excess or a surrender of such excess land at the option of the Government.

L. the Governor to go through a private Diary and to extract from it matters connected with the disposal of Government Medicines. If these were used for ~~private~~ patients entitled to medical attendance free of charge, they have been properly used, if not, the reverse is the case, for it cannot be conceived that the late Governor, though sanctioning the supply of Medicines to you, intended that they should be dispensed to your private patients. I am desired by the Governor to acknowledge the receipt of your letter N^o 1 of the 12 instant, explanatory of your action in the case of Mr. Hansen and in reply to inform you that H.E. accepts your explanation.

2. I am at the same time to advise that a Magistrate takes upon himself a grave responsibility in not hearing the evidence in a case of supposed smuggling to which you refer, because he doubts the truthfulness of a low informer and feels quite certain that any witnesses called would be freely to "protect their comrades." You also express yourself as "doubtful of support in your isolated position." You should bear in mind, I am to say, that cross-examination of the witnesses would probably have proved to your satisfaction that the witnesses were lying and this would tend to prove that the sworn information of a "low informer" was not altogether unworthy of credence. Besides, where a Magistrate decides not to hear a case and go into the evidence it gives the general public a wrong impression, whereas the hearing of a case, no matter what decision may be arrived at, precludes any such impression getting abroad. Regarding your feeling "doubtful of support," a Magistrate can only discharge his duty fearlessly, impartially and to the best of his ability and he may rest assured that he will receive not only the support but the approval of every influential man in the colony for the Governor downwards.

Sir, I am desired by the Governor to acknowledge the receipt of your letter of the 26th inst. enclosing a cheque for £373. 17. 4 being the rent of Port Stephens station for the year ending 27 September 1892, presuming that the lease of the station is renewed to Messrs. Brown.

2. I am in reply to acquaint you that Mr. C. McEwan one of the lessees of Port Stephens has already been communicated with to the effect that H.E. declines to renew any leases of land in New Zealand, as they fall in, pending instructions from the Secretary of State for the Colonies, from whom he has solicited them on the general question, except on the following conditions, awaiting your acceptance of them H.E. will be prepared to issue a licence to occupy. These conditions are:—

- First. That the lessees shall, in addition to any rental paid in advance, pay in demand rent at the rate of — the entire amount of excess acreage which on survey may be found to be comprised within the boundaries above mentioned as from the day of 1891, the date of the issue of this lease.
- Second. That the payment of such rental shall give to the said lessees no claim whatsoever to lease or purchase the excess land over and above the before mentioned area which on survey may be found to lie within the said boundaries.
- Third. If on survey it is found that the holding hereby leased contains less acreage than the before mentioned acres the said lessees shall be entitled to be repaid any excess of rental paid by them as from the 1891.
- Fourth. If on survey it is found that less than acres are comprised within the said boundaries the Government hereby binds itself to make up the quantity of land to be held on lease by the said lessees to acres on the further condition however that the lease of any acres so added under this lease shall expire as at the date of the termination of this lease.
- Fifth. That the granting of this lease shall in no way prejudice any claim which under the former lease the Government may have in respect of unpaid rental for

for excess of acreage contained within the said boundaries.

I am directed by the Govt of the Falkland Islands to forward to you copy of a letter from the Postmaster General of S. Australia, suggesting an arrangement for a change whereby the letter rate of postage from this Colony to S. Australia should be reduced to $2\frac{1}{2}$ per 24g: and Post-Cards be charged at the rate of 2.

2 Mr Maclellan, on behalf of the Govt, is willing that the arrangement should come into effect as soon as possible and I am to ask if there is any objection to it on the part of your Department. If there be none I am to request that you will be good enough in order to save time to notify the Post Office authorities in S. Australia that this Government agrees to their proposal.

In reply to your letter No. 1524 of the 19th June I have the honor to point out that the financial year of the Savings Bank ~~and~~ commences on 1st October and the Audit is held in respect of each year's transactions at the financial year. Therefore the certificate of the Auditors furnished to your Department seems to cover the whole ground. The practice is that 2 persons are called in as soon after 30th September as circumstances permit and they go through each account and test the correctness of the interest written up to the account.

2. In the coming audit I shall endeavour to obtain such a certificate as will meet your views; but I fear that I cannot at this period recall the Auditors of the 1890 accounts. 3 As regards the difference of £59.19.1 between the payments shown in the balance sheet and those in the accounts to 31st December 1890, permit me again to mention that the Balance Sheet is struck on the 30th September and the subsequent payments would naturally appear in the next year's Balance Sheet.

Sir, I have the honor to acknowledge the receipt of your letter of the 17 Sept. last N^o 258, on the subject of certain discrepancies between the Report of the Comptroller of the Treasury and the Treasury Account held in the 1st July & the A/c for the month of June.

2. In reply I beg to say that I exceedingly regret that the A/c for the month of June cannot be altered. The entries were made with the sanction of the Governor, who is aware of the circumstances that the Vouchers for certain payments actually made on the 30th of June were not returned in time for posting in the Cash book at 11 a. in the next day when the Auditors examined the Book.

I am desired by the Gov^t to ack the rec^t of your letter of the 4th inst on the subject of the renewal of leases of land to Mr. J. L. Waldron. 2 I am in reply to inform you that there is not any intention of not renewing the various leases of Crown Land as they fall in, but such renewals will be subject to certain variations prescribed by the S of State for the Colonies.

3. An occupation license will issue to Mr. Waldron for the land intended to be held under the lease which expired on the 15th inst as requested by you on his behalf, pending the result of a survey.

4. The question of the sale of the lands lately leased by Mr. Waldron is, I am to say, still in abeyance.

N. 4/14. Sir,

I am desired by the Governor to acknowledge the receipt of your letter of the 14th ult., relative to the renewal of the lease of Careass Island.

2. The matter has, I am to say, been considered in Executive Council and the following decision arrived at viz - That if the lease of the Careass and Jason Islands be now surrendered a fresh lease for twenty one years for the former Island alone will be granted to Mrs. Hansen on condition that one hundred acres of land with suitable water frontage and a good harbour, ~~to~~ be reserved for the use of the lease of the Jason Islands on which he shall have liberty to erect buildings.

3. In the existing lease, you are doubtless aware, that there is a condition that Government is not liable at the expiration of the lease to make compensation for the cost of improvements. This ~~clause~~ ^{clause} will also be added in the new lease; but if the lease is transferred there will ~~be no obligation~~ ^{be no obligation} to the incoming tenant being required to pay to the heirs of Hansen the value of the improvements; subject however to the approval of the Governor of the person, to whom the lease is transferred.

4. As regards houses and improvements on the Jason Islands, these will be taken over by Government; but no compensation will be granted for them.

With reference to your letter of 29th July last, No: 265,632 I have the honor to transmit to you herewith a Schedule containing the claims for compensation made by the addressors of the parcels lost in the Steamer "Niko" based upon the terms mentioned by you.

2. I would suggest that in addition to the compensation allowed to the addressors, the amount of the postage should also be refunded. This office is quite willing to forgo its share of the rates which amount to £20.6.6 and, pending the settlement of the question, credit has not been taken in the general monthly account for the Colonial share of the rates. 3. The Agent of the Steamship Company resident in Stanley was communicated with as to the claim for compensation to be made on the Company, but as the Agent would be compelled to refer the matter to the Company in Hamburg, it would appear that time would be saved if the General Post Office could communicate the claim direct to the Steamship Company, or, if more desirable, through the Crown Agents for the Colonies.
