Sir,

S.O. Stanley, J.P.

2 January 1892

I herewith send you a license permitting you to take your
dogs out of Stanley for the purpose of bringing in sheep from
Lincolnfrande or Johnson's Harbour for the purpose of carrying
on your trade as butcher - The dogs must be under your
immediate control and care must be taken that they do not
wander therefrom. This license which you must be able to show
if required to any stationholder through whose property you may
pass, is available for the gathering on the 5th and 6th of January
merely, and must be renewed for future gathering until such
time as the Order in Council of December 19th 1891 is withdrawn

I am directed by the Governor to inform you that the "Crossown" chartered by Spearing & Waldron is expected to arrive shortly at Fox Bay with cargo for that port & other places on the West Falkland, and for Salvador & Seal Inlet on the E. Falkland. As Mr. McNellie understood from you that no suitable person could be procured to act as Customs Officer I am to request that you will examine the goods landed at Fox Bay, opening a few cases to satisfy yourself that the goods have been correctly declared. I have the honor to acknowledge your letter No. 262/531 of 2 Dec last requesting me to forward you certain papers and the sum of £3.9.7 alleged to have been left in my charge by a seaman named Louis Bernard.

In reply I beg to inform you that Bernard was discharged from the "Knight Commander" of Liverpool on 11 November and the amount of wages due to him was £11.13. Of this £5.13 was handed him at once, the remaining £6 being retained by myself in order that the whole amount might not be squandered by him. Before the mail arrived he had disposed of the £5.13 and applied to me for the balance.

I handed him £2 and took his passage to Monte Video with the remaining £4. No papers belonging to him were left in my charge, and so far from having any money due to him, he had incurred a debt of 12/- to the late steward of the "Knight Commander". I am therefore unable to understand his reasons for requesting you to make this application to me. I have etc

In reply to your letter of 11 January I have the honor to inform you that Constable Carey proceeded as Customs Officer in the schooner "Madagascar" this afternoon for Fox Bay. Carey has received instructions to ride over from Fox Bay to Spring Point and to place himself under your instructions on his arrival. I am to request that you will place Carey on board the "Crossown" as Customs Officer to proceed in her to the various places at which goods are to be discharged. As soon as all goods are landed Carey should return overland from Salvador which is, I presume, the last place of discharge. I am further to request that you will caution the Captain against landing passengers or cargo before the vessel comes to an anchorage on his return. Any infraction by this vessel of the Customs ordinance or the quarantine ordinance, ^{should meet} on another occasion, unless there are extenuating circumstances, the fullest penalty as a warning to others that the law cannot be set at defiance. You will give the Captain of the "Crossown" clearly to understand that the sum of 10/- per day, with accommodation and food only, must be paid for the services of the Customs Officer, and, should this not be agreed to, you should refuse to give him a clearance, retaining her papers. No. 65 Dear Sir,

St. Office, Stanley
23 January 1892

I enclose to your letter of 7 January - a parcel containing the supply of stationery asked for will be sent by next mail. Constable Carey was instructed to hand you over the Customs Seal he took with him and a table of duties inward is published in the Customs ordinance sent to you. Was any sum named to you by the late Aylmer Secretary as to be paid to you for collecting the Census papers. When we obtain the printed copies of the Census papers, one will be sent to you. In answer to your further communication of January 7th I am directed by H.E. the Governor to say that he does not intend to set aside the existing arrangements made between the late Governor and yourself as regards the medicines now in your possession and supplied to you by the Government, but I am to inform you that in future all medicines ordered by you must be paid for. I beg to ack rec^d of your letter of 7 Jan. enclosing the inquisition etc in the death of A. Pitahaga. Can you let me know the name of the person on whose body you held an inquest at Port Howard on 29th May 1891. I enclose to your letter of 13 Jan. I will consult with H.E. the Governor as to the advisability of issuing to you a Commission for you to act as Deputy Coroner for the W. Falkland, but for the present let the existing arrangement stand. I presume the book you have is Jewish or Amos duties and it is quite sufficient. I have looked through the papers in connection with the Inquest you held in Pitahaga's case and I cannot offer any suggestions (way of improvement as to the manner you have conducted it

No. 76

Sir,

Post Office, Stanley
6 February 1892

I have the honor to forward to you herewith the accounts of the Savings Bank for the year 1890-1. 2 In accordance with the request contained in your letter No. 1574 of 17 June last I enclose a Statement of investments, an account of interest on investments, and a certificate from 2 auditors to the effect that the whole interest charged during the financial year has been checked and found correct.

3 The total amount of deposits on 30 Sep 1890 has been found

found to have been misstated the amount of £3 and the amount has
therefore been entered in the enclosed Balance Sheet at £17810.12.2
instead of £17810.12.5 14 It will be observed from the accounts
of the Colony that the amounts received for deposit in the Savings Bank
and the deposits repaid from 1st October 1890 to 30th Sep 1891 were
£8269.14.11 and £3708.12.11. In the account for January 1891
there is a deficit of 10^s in account of deposits received which has
been made good by a deposit of 10^s in the Chest. This makes the total
surplus of deposits over withdrawals £3708.13.2 whereas on the
Balance Sheet the surplus is entered as £3817.0.8

5. The discrepancy, £108.7.6 is explained by the fact that the
interest actually due and entered in the Savings Bank books on
30th Sep 1890 amounting to £342.19.5 was not brought to account
in the Colonial Cash book until October 1890, and the interest
due on 30th Sep 1891 amounting to £450.17.7 was not charged in
the Cash Book until November 1891

6. An error of 9/4 in the calculation of the interest on
30th Sep 1891 has been discovered and rectified by an entry in the
Cash Book on 5 February. The total interest accruing therefore
on 30th Sep 1891 is £451.6.11 and the difference between that
amount and £342.19.5 or £108.7.6 explains the
discrepancy above referred to

My Lord,

26 February 1892

I have the honor to acknowledge your letter of the previous day. In a letter dated August 25, 1891 addressed to His Excellency, your Lordship mentions having written as follows:

"Mr Brannon speaks about the General Board which gives dissatisfaction I am told and he refers to me a suggestion of yours that the number of Trustees should be enlarged by the addition of all ministers of religion, and that the Trustees aided by certain laymen should manage all cemetery affairs."

"If your Excellency wishes for my expression of opinion, I may say I accept the suggestion."

Having thus received your Lordship's acquiescence through a private communication, I thought it advisable as a matter of courtesy to have the same formally before the passing of a new ordinance by the Legislative Council, hence the necessity of my letter to your Lordship.

I may point out to your Lordship that the new ordinance in noway lessens, but enlarges the number of Trustees.

I am directed by H.E. the Governor in reply to your letter of the 2nd inst to remind you, as I believe has been pointed out to you before, that any communication you may desire to lay before H.E. ought to be addressed to the Colonial Secretary. In answer to your letter I have to say that the Police are undoubtedly on duty for the purpose of preventing as far as possible the destruction of property, and, if the acting Chief Constable or any constable had seen the malicious act complained of, perpetrated, he would have taken immediate steps to bring the perpetrator before the magistrate. I would point out to you that in the case stated in your letter, knowing as you apparently did, who committed the act of mischief, the proper course was for you to lodge an information before a magistrate in order to have the doer of the wrong brought before the Court. I have issued special instructions to the guard room that constables on duty must endeavour to keep a sharp look out to prevent any repetition of the destruction.

In answer to your letter of the 29th ult ack^d by mine of the 1st inst I have now the honor to inform Your Lordship that having laid the same before the Governor, the following excerpt from a minute addressed to myself as Col Secretary, G.H.E. will bet^{ter} convey to Your Lordship the intention of the Gov^t regarding the amending Cemetery ordinance which has been introduced into the Legislative Council. "I have already touched the manner in which the ordinance of 1888 was introduced. The Bishop as one of the Trustees not having been consulted in the matter but that I thought it a mistake not to have done so is ^{not} estranged by my having consulted him on this occasion. I do not however purpose going over the ground again but can only say that I am not prepared to go further than this - viz. to add to the number of Trustees the clergy of the respective denominations or their successors and to make such Trustees members of the Cemetery Board in conjunction with 2 unofficial members of

the Legislative Council and 2 persons residing in the Town of Stanley, to be selected by myself. Thus the Bishop will be on the board with reference to the concluding paragraph of the Bishop's letter. I cannot see that there would be any more justice in discounting largely the "claims" of world-be-truthers of the people, than in refusing to consider in all their bearings the arguments adduced by the representation of any denomination here: one to my mind would be as much an act of injustice as the other. initialed

In accordance with paragraph 64 of Instructions to Officers of Merchant Shipping & Seamen I have the honor to report that the Master of the "Grosvenor" of Glasgow, discharged Wm Cooper cook without sanction. The "Grosvenor" entered at Fox Bay, West Falkland, and proceeded to San Carlos where Cooper was discharged on the charge of drunkenness. Cooper applied for a passage to Monte Video, but finding that the Master had paid him £5 I declined to allow him a passage at the expense of the Board of Trade. The passage was procured for him to Monte Video at reduced rate of £2.10, Cooper defraying the cost himself.

Sir,

I have to acknowledge receipt of your letter of the 1st of January last.

I am directed by His Excellency the Governor to inform you that having re-inspected the present Light-house keepers quarters & reconsidered the question of cost of new buildings & repairs to the existing one, His Excellency has come to the conclusion that in view that the repairs required may prove even more extensive than at present anticipated the more economical course would be to accept Messrs. Howells tender for the construction of the new ones. In view however of the cost of labour and transport His Excellency is of opinion that £150 will

The Assist. Secretary
Harbour Department
Board of Trade

will not cover cost of erection.

His Excellency considers it necessary that an extra bed-room should be allowed for the accommodation of the family of the Principal Keeper.

I am also to mention that during the summer months many people visit the lighthouse and are hospitably received by Mr. & Mrs. Browne and that if the Board of Trade see their way to add an additional room for the reception of visitors - who sometimes are prevented by the weather from returning to Stanley - it would contribute much to the comfort of all concerned.

His Excellency considers that the erection of a stone building is, on account of the cost, out of the question.

As the buildings are to be of iron a supply of paint suitable for painting and galvanizing iron should be sent out - also brushes. It is found that paint preserves the iron work which otherwise soon rusts in this climate.

The spars required for a Derrick would be one of 140 feet in length & one of 120 feet in length.

I return the enclosures as requested in your letter of 1st January.

Gentlemen,

I am directed by His Excellency the Governor to inform that two out of the five Grates purchased by you on behalf of the Falklands Islands Government for the use of Government House and discharged here v.e. S.S. "Herodot" on the 10th inst: were found to be broken and entirely useless. The two Grates have today been returned by the S.S. "Tunis" addressed to you & of Messrs. Ireland and His Excellency desires that any claim the Government may have you will be good enough to enforce.

I enclose a report on the condition of the goods signed by myself and the Government Storekeeper but the agent for the Rosmos Company who was also present on the occasion of the inspection declines as per enclosed copy of letter from him to sign the report.

The bill of lading is herewith sent

Sir,

The Colonial Secretary has handed to me this morning the papers of the Schooner "Columba Maria" which has anchored at San Carlos. Under Sec: 2 of Ordinance 5 of 1891, I now appoint you a temporary Customs Officer to act as my deputy in entering & clearing the schooner "Columba Maria".

I enclose the necessary papers first - the Report to be filled in & signed on entry. Two forms one for Dutiable & one for Free Goods. The form marked Content to be filled in & signed on the ships clearing, also two forms Specification of Falkland Islands Goods exported, on these the exports of sheep with value should be entered.

I return the ship's papers of which you should retain the manifest & list of stores, the other papers you return to the master on clearing his ship with if he desires it a duplicate of the form marked Content.

It will be necessary under Sec: 34 of the Ordinance 5 of 91 to charge the schooner one shilling per ton tonnage dues, kindly collect this. I also enclose a form of Bill of Health in case one is asked for, the fee for it is 10/6, but if the master does not desire a Bill of Health there is no fee. When the ship has cleared kindly send in all the papers with the Tonnage dues & customs duties & fees if any.

In future warn ships that it is irregular for them to make a first entry except at Fox Bay and Stanley which are the only ports of entry.

Plymouth the following facts in regard to the Registry of the vessel ^{the} "Richard Williams" built at Plymouth for the South American Missionary Society who being desirous of disposing of her sent a Bill of Sale available for 12 months to the Rev. J. Bridges. The vessel was then sold to Mr. J. McDean who applied for the transfer of her registry from Plymouth to Stanley. The Bill of Sale having been destroyed was not forthcoming & a letter dated 23rd Oct: 1890 (copy enclosed) was sent from the Plymouth Office to Messrs. Langridge Mr. Dean's Agents, acting upon this letter certificates were obtained from the Rev. J. Bridges & the Bishop of the Falkland Islands as to the destruction of the Bill of Sale & were forwarded to the Secretary of Customs, these have now been returned to Mr. Dean bearing the Office Stamp of the Secretary of Customs No: 28889 dated 9 Oct: 1890. Registry at this port was granted by the late Acting Registrar Mr. Sanguinetti on the 3rd September 1891 & the old Register & Form No: 19 sent to the Registrar-General of Shipping.

Sir,
I had the honor to receive your letter, H. 820, of 4th March last. I am directed by H. E. the Governor to say that looking to the distance - 8 miles - each way which the lighthouse keeper has to carry the stores and that through camp in some parts of the most trying kind he considers it essential that a horse should be provided for the lighthouse keeper as requested in the late Colonial Secretary's letter to the Board of Trade of 23 November last

I am to assure you that no increased expenditure for the carriage of stores would be incurred by the granting of an allowance for another horse which the Board of Trade expresses its willingness to do in the letter above referred to

19th May 1892

I am directed by H.C. The Gov. to write you regarding the following matter.

During the time your vessel the 'Inveresk' was aground in Haublin Cove it is alleged that two of the apprentices belonging thereto took without permission a small dingy belonging to the Government which was lying alongside your vessel and went ashore therein for the purpose of shooting. In doing so they damaged the boat.

Would you be good enough to inform me whether permission for the boat was asked for by the boys or by who granted it or whether it is within your knowledge or that of any of your officers that the Govt. officials, whoever on board, knew of or permitted the boys to take possession of the boat. Further can you explain when and how the Govt. officials were engaged at the time so that the boys could have taken the boat without their knowledge.

The repair to the boat by the Carpenter of the 'Inveresk' has been reported to His Excy. as not at all sufficient or efficient. Did Captain Campbell direct the repairs as carried out or did he express his acceptance of the repair as sufficient after it had been done?

An early answer to this letter will oblige

No. 242 Gentlemen,

Referring to my letter No 143^a of 11 April last requesting you to renew on behalf of this Government the Insurance Policy of the yacht "Stadaesah" as from August next, I am directed by His Excellency the Governor to ask whether the Policy will be in any way invalidated by the fact that Mr Wilmer, (Asst Pilot and acting Pilot for this port in consequence of the resignation of Captain Campbell), now in command of the "Stadaesah" holds merely a second mate's certificate (Board of Trade). It is the intention of this office on the first occasion of one of Her Majesty's ships of war visiting this port to offer himself for examination in local navigation generally. Would such a qualification meet any objection the Insurance Company might raise to the vessel being placed in charge of one not holding a Master's certificate. I am not aware of anyone here holding a higher certificate who would be willing to take the appt and therefore it is hoped that in a case of this kind, if the rules are such as to disqualify Mr Wilmer that under the circumstances they may be modified to meet the exigencies of this exceptional case.

Stanley 14 July 1892

Gentlemen,

I have the honour of informing you that I find a mistake has been made in giving certificates to the Agents of the Rosmas Company for the sailings of mail steamers.

In your account for March 1891 the Colony is charged for one sailing in Jan: 1891.
 No: 774.

In your account for September 1891, the Rosmas Co: were paid for seven calls viz: from Feb: to August 1891. No: 1007.

In your account March 1892 No: 100 the Rosmas were paid for five calls in 1891 viz: two calls in September & a call each in the three following months.

Thus the Rosmas Co: has been paid for thirteen calls in 1891, the mistake was made here in giving the certificate attached to No: 1007, accounts Sept: 1891, the "Karnak" which called in August not being the regular mail steamer but an extra boat.

At present the Agent for the Company is being supplied with a certificate of the sailings this year up to the end of the contract. Kindly deduct £150 from the amount you pay them on account of the overpayment last year.

Yours &c &c.

Sir,

I have the honour of replying to your letter No: 169.737 of the 7th April last calling attention to Circular No: 1557/77 from the International Bureau of the Postal Union of 5th May 1891, with reference to the regulations governing the despatch & receipt of samples of tobacco sent by letter or parcel post registered or unregistered.

With regard to the receipt of such samples the Postmaster here who is also the Collector of Customs levies duty on them or would do so did any arrive. The despatch of such samples by parcel post would be covered by the declaration on the parcel post ticket. As for the receipt or despatch of such samples there are no regulations, as such are not necessary in this Colony, there being no export trade in tobacco & the import trade being carried on by a few parties who obtain their tobacco direct from their own Agents or principals.

Yours &c &c
(sgd) Charles A. Fraser
Postmaster.
