I am directed by H. E. the Admin. in reply to your letter to inform you that it is beyond the province of the Government of a Colony to interfere in any way whatever in the private affairs of a Colonist be he British born or an alien so long as he does not commit any breach of the laws or of peace.

Further I am to inform you that no interference with the good Government of the Colony such as is to be feared is your desire from the tone of your letter under acknowledgment.

acknowledgment (which presumably emanates from you) will for a moment be tolerated on the part of you and that such a letter couched in the language which it deserves but a simple acknowledgment

H. E. however wishes you to be informed that any interference with the administration of justice is beyond his control and that the reason you give for asking such he considers as an insult to the Government of the Colony.

I have also to acquaint you that after careful searching of the official records H. E. fails to find any substantiation for any of your statements either with regard to the loyalty or integrity of the Judge of the Colony or in respect of you yourself ever having obtained any aid from the Gt. Govt. on which to rest his claims.

Moreover with regard to the alleged libellous statements of which you complain H. E. desires you to be informed that you have your remedy at law and he feels convinced should you take any action the decision which the Judge may give will be on the evidence which will be brought before him such as a Judge in every British Colony can only give.

Lastly I have to instruct you that any further official communication must be, if you wish it to be submitted to H. E. or through him to the Govt. couched in a tone of courtesy with a careful avoidance of any expression not consistent with a calm dispute with an absence of personal feeling.

Sir,

In reply to your letter of the 8th instant I am directed by H.E. the Administrator to point out that a grave error exist in supposing for a moment that the Govt in any way interfered with any right of the people regarding the cemetery. It is your duty as chairman of the Burial Board to endeavour to disabuse the minds of those who refuse to aid in the upkeep of the cemetery of any such erroneous belief as that the Govt unwarrantably took the cemetery out of their hands.

By the recent Ordinance as you are aware the Trusteeship of the cemetery was solely vested in the Govt of the Colony as representing all classes and a general representation of all denominational and popular placed on the Board

Burial Board to manage the affairs of the cemetery.

The Administrator can but adhere to his former direction regarding the appointment of an Hon^{ble} Jst and expresses the hope that you may be able to find one of the members of the Board willing to act in this capacity as formerly has been the case.

Sir,

I have the honour of forwarding to you a Copy of the Amended Estimates for 1893, the Secretary of State having given orders that they were to be amended, the changes are 1st on the Revenue side the sub-head Fares & Freight Mail Schooner under the Head Post Office has been reduced to £2. The Mail Schooner having been wrecked last year, but the sum of £2 was not collected till this year.

The sum of £3084-12 has been placed on the receipt side below the line under the head of Land Sales.

On the Expenditure side under the head Post Office the sum of £30 has been added for freight of Parcels Post and the sum of £360 added for the West Falkland Mail subsidy (this because of the loss of the Mail Schooner). The Head, Mail Schooner has been reduced to £13, this sum had to be retained to meet some bills for provisions which were not paid last year.

No 216

Under the Head Public Works the first sub-head A has been reduced by £69. the next three sub-heads remain as before.

A sum of £64 is then estimated as part-payment of fencing this is in place of the £69 taken out of sub-head A and is reduced by £5 as the Fencing Tax was not assessed till January of this year. The next three sub-heads under Extraordinary Expenditure have all previously been voted by the Legislative Council in former years, but as no limit was fixed for the Annual Expenditure under these special votes, it was not possible to estimate what sums remained unexpended under them until the accounts for 1892 were closed.

I am directed by H. E. the Administrator to forward you a copy of a letter received from Mrs. Kauri of the Caracaras Jacou Islands and which was read over by you and explained its meaning by the Col. Sec. the other day in the presence of Mr. Kellman.

The letter points out to you clearly that any further trespass or infringement of Mrs. Kauri's rights by the capture of her lands by you or anyone in your employment will not be overlooked a second time.

I am confident you moreover on the part of the Government that however far you may have been misled by others regarding

regarding the rights possessed by you under your license deal you must understand from henceforth that the right of sealing granted to you is merely that in the Crown Waters which is all that the Government has power at the present time to grant you and which was, as you have repeatedly acknowledged, explained to you by the Col. Sec. at the time the license was handed over to you, all that you possessed.

Any future act of trespass by you on the lands held under lease by others or interference with their property will be looked upon as a breach of the conditions under which your license is held and the Govt. will be compelled to exercise its right of cancelling the license on learning that you have been guilty of any such repeated act.

Sir,

I have the honour to acknowledge the receipt of your letter of the 13th and in reply am directed by H.E. the Administrator to inform you that the four casks or puncheons of lime will be given you from the Port Store.

The Port will be obliged by your returning a similar quantity and quality of lime into the Store at your earliest convenience.

I regret to have to inform you that your request to have some casks of cement lent to you cannot be granted as there is none at present in the possession of this Port.

I have the honour to report that David Allan Loring of the Royal Naval Reserve (Certificate No 2501) has taken up his residence here having been brought to this port by A.M.S. "Sirius" from Staten Island where he was wrecked being one of the crew of the "Louise" No 65.183 of London. He signed on the "Louisa" at Punta Arenas having been shipwrecked there on the 16 December 1892 and was discharge there from the "Guy Mannering" No 78282.

Being undesirous of returning to the United Kingdom the relief which had been extended to him from the 11th March 93 ceased on the 31 of that month when the first opportunity of obtaining a passage for him was declined.

Goldworthy on account of the illegality thereof and further having directed the repayment to Luchtemborg of the rent paid by him for such licence no claim can be entertained as regards the right of property in the seal skins deposited by Luchtemborg in the C.O. store until such time as the C.O. receives the S.O.'s instructions as to the disposal of the skins to whom all particulars regarding the capture and killing of the seals at the fashows have been sent.

Madam,

I regret to have to inform you that one Charles Aubin formerly a sailor on board a ship the "Knight Commander" but latterly servant in the employment of Messrs Dean & Sons, Port Stephens Station West Falkland Island, died there a few weeks ago. (14 April)

In forwarding certain articles of clothing &c, which belonged to Charles Aubin, the keeper of the station informed me that in a portfolio I would find letters which might enable me to communicate with the relatives. Among such I found one from you written to him on the 22 April 1893 and from it I have obtained the address to which I send this letter.

I shall be glad to know what your wishes are respecting the effects which belonged to the deceased and are now in my possession as official administrator.

Sir,

In reply to your letter No 58 of the 19th May 93 regarding the preparation of Store Accounts for this Colony I regret to have to state that the requirements of the Exchequer and Audit Department as to the preparation of these accounts are quite beyond the power of this Colony to meet for the following reasons:-

First that the multiplicity of duties attaching to the various officers already render any adding thereto out of the question, more especially does this apply to the officer who discharges the duties of Storekeeper as he also fills the two responsible positions of Chief Constable and Chief Officer of Customs besides several minor ones;

Secondly, that to increase the staff in order to meet the additional clerical work which would be thrown upon it would, in the financial interest of the Colony, be inadvisable and before doing so consideration ought to be had as to the advisability of dispensing altogether with the Gov^t store in this Colony which is of little service beyond being a store house for the materials supplied by the Board of Trade to Cape Pembroke Lighthouse;

Thirdly, that however willing this Gov^t is to

to aid your department in this matter the requirements suggested by you for the carrying out of the same prevent the Port from immediately complying with your request as it is impossible in this colony to obtain the Books, &c. of which specimens were enclosed.

By next mail a copy of the correspondence on this matter between your department and this Port will be forwarded to the Co. in order to obtain the Secy of State's direction as to the management of the Port stores.

Sir,

I regret to have to report the wreck of the Argyleshire N^o 63752 of Glasgow on the Flat Passes in Long: 60° 55' and Lat: 51° 10' on the 7th June last where the master & crew, 17 hands all told, managed to land and thence rowed across to Carcas Island, on the 19th June where they fell in with the hospitality of the only sheep farmer residing there. On the 25th June a local schooner, the "Bone" of Stanley, Capt^r P. Quintano, (a foreigner) was spied at West Point when the master sent a boat across with the mate and four men and succeeded in procuring her assistance. The schooner proceeded the same afternoon to Carcas, took in provisions for the wrecked crew on board the following morning (26 June) and set sail for Stanley arriving here on the 3rd July.

The claims for provisioning these men at the Carcas and on board the schooner have been made and these with other payments will appear in this practice's accounts. I would however wish to bring to the Board's

Board's notice that as the "One" was chartered to load a cargo of wool at Weddell Island, the master concluded an agreement with the master of the "Argyleshire" by which he was to pay £30 to make up for a deficiency of freight. The agreement however was not effected as the Shipping Master refused his sanction to such an irregular proceeding; but I desire to recommend, for the favourable consideration of the Board, that some allowance over and above that granted by the Merchant Shipping Acts, should be given to the owner of the "One" whose ship in going out of her course to relieve these men sustained a loss of time and has further been obliged to make a second trip to Weddell for the cargo she left behind which will entail an outward passage of some 30 or 40 days and a delay in the shipment of the cargo to England of two months.

The frequent wrecks that occur on these inhospitable shores are sufficient proof of the importance of using every effort to instigate the local seafaring population to render assistance on all occasions of this kind but without the prospect of some monetary help in reparation for loss of time and inconvenience rendered to trade, I fear it will be difficult, by compulsion alone, to kindle souls of humanity with minds that are entirely bent upon their own pursuits.

Sir,

I have the honour of acknowledging receipt of your letters Nos 81. 82. 88 covering cheques for the tonnage dues of the "Gelia" the "Sir Geo F. Seymour" and the "Sirena". The "Gelia" has now paid these dues twice and is exempted from paying again for this year. I notice that the Schooner "Rippling Wave" entered on 5th April at Fox Bay and again on 9th May at the same port but has not paid any tonnage dues. She has since made several trips to the W Falklands.

Under Section 34 of Ordinance No 5 of 1891 she should pay the dues for these two voyages and then be exempt from them for the remainder of the year. It is true that the Schooner entered at Stanley on the 1 of March 1893 but this does not exempt her when visiting the West Falklands from tonnage dues. Should the "Rippling Wave" again visit the W Falklands kindly collect the tonnage dues on these two voyages.

Sir,

I have the honour to ack: the recd of 9. letter of the 26 May No 7 4155 transmitting, for my report thereon, certain correspondence relating to the relief extended at M. Video to G. Hewin late of the 'Zelia' No 49790 of S. I. Co.

In reply I have the honour to state that the particulars of his case stated to the Consul at M. Video on the 22nd Nov. last was widely from the truth. He was not sent there by myself and he was not discharged from his ship because he was suffering from a rupture of the weather caused by a fall whilst in the service of his ship.

The man had given considerable trouble to the master here who ultimately came up before me to discharge this seaman as being useless. On examining into the grounds of his discharge, I ascertained that the man complained from being too unwell to work. I obtained the opinion of the Col: Surgeon who had prescribed for him and he considered that he was not unable to perform his duty on board and that the seaman's health did not require removal from his ship.

I deemed that the master had suggested an unprofitable servant and as the man had only some

30/- due to him as balance of wages I pointed out to the master that freedom from his ship would involve him in an immediate payment of £4 as an alien deposit and that there was danger of his falling into distress and of his then coming upon the Board of Trade for relief. The master ultimately offered to provide sufficient funds for his passage to Haiti where the shipping facilities were greater and considering that this provision was required by the justice of the case with mutual consent between the master & the seaman, I sanctioned his discharge and being so discharged he was paid his balance of wages together with £2.10. to cover his passage money. These the seaman deposited with me.

The whole of his wages 30/- were, on his departure, paid over to him and what was over and above his actual wages earned were deposited as passage money.

He embarked on board the *Pentamer* on 17 Nov as a discharged seaman and as such did not hold any form CC 14a, which is invariably given in the case of a distressed seaman.

This man, it will be observed, is a native of California.

His first statement that he had suffered injury whilst in the service of his ship read as though he had been so injured on board the "*Zebe*" but this is contradicted by his statement on 7 Feb? where he relates his adventures on board the "*Josephine*" in Lat 74° S in which he had previously served which narrative however he never referred to there.

From his latter statement that he signed on board the "*Zebe*" at Sandy Point to come to this Port to see an English Doctor I can only infer that the British Consul at Sandy Point did not consider him a distressed seaman unfit to serve or he would not have signed him on the article. He was certainly treated

treated by the doctor here but, as already stated, was likewise not deemed by him unfit to serve.

It is regretted that this man's misrepresentation should have caused any inconvenience to the Council at M. Vides and that it is only thus late found possible to clear a reputation of them.

16 August 1893.

Sir,

It is with the deepest regret (shared in by all the Officers and one and all of the officials on the staff of the Govt of the Falkland Islands, that I am called upon to acquaint you of the sad death of our brother Robert Hudson late Surveyor on these Islands.

Were it not that I have been informed by those in whose company your brother was at the time when the melancholy accident occurred which has had such a fatal result and by others that it is their intention to write to his friends a full account of the matter I should myself have done so. In their hands

Sir,

With ref. to the correspondence noted on the margin, I am directed to inform you that the Co's have been authorized to sell bills to the F. I. Co. till further notice for £600 instead of £400 a month and that an order on the mint for £1400, to be shipped by the July mail, (and which doubtless has by this been satisfied) has been given to the Company, as that amount with the bill for £600 will provide you with the £2000 in specie which you require.

I am to add that no general order on the mint can be given to your Company, as you requested as such a step would deprive the Govt. of the control of the movements of specie, but we will from time to time authorize the Co's to issue orders on the mint for the supply of silver to the Company for export to the Colony whenever he may be satisfied, after enquiring that the supply is really required and that it cannot be provided by the purchase of bills on the Colonial Treasury from the house agents.

By the mail of the 13th I rec^d a letter from S^r Gair resigning the app^t of Asst Col Surgeon & other app^ts held by him in the service of the F. I. G. I.

I am directed by H. E. to enquire of you as Hon. In reply to your letter of the 30th Aug^t, I am directed by H.E. the Admin^r to inform you that while as you have already been informed and as the S^g has instructed - the Administrator cannot grant you a general or standing order on the Mint which may from time to time authorise the Co^y to issue orders on the Mint for the exportation of specie to your Company. Such however can only be done when H.E. is satisfied that the supply is really required and that it cannot be met by the purchase of Bills on the Colonial Treasury.

that as far as I can refer back the expenditure on Public Works (formerly called works & buildings) has been abstracted merely as wages and stores. The Est^{ts} for 1892 made a number of subheads. I arrived in the Colony early in 1892 and found the abstracting had still been kept up under the subheads of wages and stores. To alter this it required special instruction to the Freeman of Works, &c. and some training, this was done but the abstracting would not have been very accurate or complete as steps had not been taken early in the year. In 1893 this has been done and also the special votes were put on the estimates. With regard to the placing the Cas accounts under their subheads, I think the Audit Office might be asked to accept this change under the circumstances explained from the beginning of this year as has been done. The Audit Office has also asked for such items as a copy of the P.O. Genl Acct: this has been supplied monthly.

With the above explanations before it, I trust the Audit Dept. will feel satisfied that every effort will be made in future to carry out to the letter, as far as possible, the Colonial Audit Reg^s of 1893; and I am desired by the Adm^l to convey to you the expression of his regret that the queries from your Dept. above referred to have not been answered in a more full & courteous way.

Sir,

With regard to your letter 75093 informing me that the Bofft cannot admit the charge of six Pounds six shillings made against them by this Port being the expenses attaching to the Inquiry held under direction of the Governor with the circles attending the stranding of the "Lioness", I have to inform you that this sum will be placed to the credit of the Board in the next quarterly accounts.

Referring to the second para: of your letter, I have to state that the articles which were produced by the Master at the Inquiry are those as issued by the Bofft and that the vessel was registered at "London" as her Port of Registry. The signature of the Master was attested on these articles on the 21st May 1892. The articles are now in the possession of the Registrar of Shipping in this Colony.

As regards the nationality of the Master & crew, the former stated in evidence that he held a Bond of Trade certificate No 109 issued

issued at St. John's, Newfoundland, but when asked to produce it he informed the Court that it was lost at the time the vessel was wrecked. The crew were British subjects as appears on the articles about referred to. They did not belong to Sandy Point but were shipped there.

In addition a further sum of Six Pounds is payable to you in lieu of travelling expenses which with the 43rd Commission makes the amount as shown on cheque enclosed. Trusting you are well. I am further to point out that H.E. understands that it is not an Asst. Col. Surgeon that is wished for, there being already one such officer in the Colony and that should the Leg^{cy} have the matter brought before them it will be merely for an expression of opinion first as to the represented long felt need in Stanley and secondly whether they are justified in recommending to Gov^t that a grant in aid to a small amount be given by the Colony in support of another medical practitioner in Stanley who must also be a qualified Surgeon dentist.

P. I. Magazine referred to in your letter until eld: of your letter enclosing a copy of Magazine with passage marked, nor was the notice complained of inserted with his approval.

I am requested to add that you have already been informed verbally by the Adm: (when you brought to H.E. a letter addressed to you by Dean Brandon asking for a subse: or support towards the carrying out of the proposal to obtain the services of another medical practitioner and Surgeon Dentist for Stanley) that, in a conversation he had had with the Dean in wh: he asked whether the Govt would support the proposal above referred to H.E. told him he could not make any promise on behalf of the Govt: to a proposal of the kind unless it came before it as an unanimous wish of the large majority of the inhabitants of Stanley and the North Camp of this Island. At the same time they wished to show that they had found the want of another medical man and of a duly qualified Surgeon Dentist.

This proposal H.E. further inf: the Dean must be supported with a statement that the inhab: would be willing to guarantee for some time the greater portion of his salary and that until the Govt: could & would not take any part in the movement.

I am further to acquaint you that immediately on rec: by H.E. yesterday of a communication from Dean Brandon on behalf of the Guarantors to the fund which has been promised to provide for such a medical man, he requested the C: to forward it to you for any remarks you might have to make thereon before the Govt: took any further action in the matter and before bringing the same before the Ex: & Leg: C: for an expression of their opinion on the subject.

I am to state in ref: to the concluding para: of your letter and to ref: to para 29 of the C: Reg: that H.E. does not consider that P. I. Magazine is a newspaper, but at the same time I have to add that Dean Brandon has been inf: of H.E.'s disapproval of his having inserted the notice complained of and that it is for the Govt: to decide as to the necessity or not of providing an "Asst: C: Surgeon". Further that it is not an Asst: C: Surgeon that is wished for there already being such an officer in the Colony.

In conclusion, I have to state that should the Leg: C: have this matter brought before them it will be for an expression of opinion: as to this represented long felt need in Stanley and 2nd if they are justified in recommending to the Govt: that a grant in aid to a small amount be given by the Colony in support of another medical practitioner in Stanley who must also be a Surgeon Dentist.

Sir,

Esq Stanley 9.9.93.

I have the honor to ack: the recd. of your letter 4652 of the 30th June last & in reply thereto to inform you that the sum of £6.7.0. will be paid to James Haddon, that sum having been recovered from the owners of the "Clydebank" in respect of expenses incurred on his behalf, which were deducted from his wages, and will be charged in the next quarterly accounts.

With regard to Hans Hagen's case, the shipping master informs me that, on further enquiry, of which he was unaware when the acct for his subsistence was handed in, he ascertains that this man was receiving wages for the time mentioned - namely, from 12 Decr to 15 Jan^y, and, in these circumstances, asks if it is not found possible to recover the whole amount for his subsistence, that that defrayed for the period 5-12 Decr may be refunded.

However for the owners may be considered responsible, or to whatever extent blame is abt^d to the master for the state of affairs that existed on board, as reported in my letter of the 19th Decr last, No. 481, the inconvenience, and perhaps even hardship, entailed on these men by their discharge having been necessitated by the same shd not be lost sight of.

They lost employment on board of a ship for which they had served for the greater part of the voyage; & mention should not be omitted to be made of the fact that Haddon and Hagen elected to stay here for the only reason that they did not wish to run the risk of having to defray their own passages to the U.K. as no definite information at that time, could be given to them as to what course the B.P.T. would adopt in the matter.

Gentlemen,

By this mail, I have forwarded three cases addressed to you containing the surveying instruments wh. belong to the Ord. Survey Dept. and wh. from a rect. for the same net² herewith were issued to Corporal Hudson R.S. at Stn on the 11 March on his leaving England for this Colony to carry out certain surveys.

Capt Hudson died on the 31 July and it is considered advisable that all the articles wh. were in his possession should be ret^d to the Ord. Dept.

I shall be obliged if you will see to their being forwarded at once & their arrival to the Director of Public Works, Ord. Survey Office, Stn.

The three cases consist of a tool box (key of wh. enclosed herewith) a small trunk and a wooden case containing poles tripods, &c.

With the exception of one penknife, which appears to be lost, all the other articles mentioned in the rect. above referred to as having been issued are I believe returned.

A copy of the B/L is enclosed and I have caused the goods net² to be insured against all risks.

Sir,

In acknowledging rec^d of your letter of the 12th inst I am directed by H.E. the Adm^t that he regrets to observe from it that after receiving my letter to you of the 7th inst. you still consider that the Col^l. Chaplain has interfered with S^t. Dept^y.

The whole of the correspondence I am requested to inform you has been forwarded by this mail to the Sps who will thus be in a position to judge whether the action of the Col^l. Chaplain is or is not in accordance with the spirit of the C.O. Rules & Regs.

The Col^l. Chaplain I am to point out has represented that as a layman and the leading one in Stanley, he has acted on behalf of the working men of the Town & for the good generally of the community. He has to make that representation good & H.E. does not doubt but that he can do so. The Editor in the paper referred to in the Magazine has not expressed an opinion on a question which can be called political nor has he discussed any measures of the Gov^t or the official proceedings of its officers. His only transgression so to speak was calling attention to the necessity of providing for another officer of Gov^t while the want is not for another Col^l Officer but is for further medical assistance for the Town and North Camp of the Island. The securing of the services of private medical Practitioners and Surgeons
Dentist

dentist, I have to point out cannot interfere with the working of the Dept: and that the effect such additional medical aid may have on your private practice entirely depends on yourself.

He desires to be informed of the occasions on which the Col: Chaplain has made the F.R. Magazine the medium of personal attacks on you and of the occasions also on which he has been called to account for such action and by whom as stated in the last para: Your letter acknowledged.

Sharp, thus making it a full and G.E. expresses the hope - a working
Board, which will pull harmoniously together for the good of the in-
habitants of Stanley and by valuable suggestions & recommendations
assist the Govt in improving the Sanitary condition of the Town
subject to the bye laws, Reg^{ns}. H.E. further expresses the desire
that the Board sh^d meet once a month on a day and at an hour
convenient to the majority of members and points out that the
usual practice in other Colonies is for the Clerk to the Board to

Points raised by Mr.

1. Is each house in Stanley supplied with sufficient privacy accommodation also all the shops?
2. Are periodical examinations made of water butts & cesspools?
3. What drains require immediate attention?
4. Are pigsties kept clean and are they at a sufficient distance from houses from a sanitary point of view?
5. Have wells (private) in town been lately examined?
6. How often does Corp of Muesness go round the town on visits of inspection?
7. Who is the Clerk to the Board & to whom app't?
8. He is paid? & believes 10/- p each meeting?
9. Has water in Reservoirs been lately examined?
10. Does knowing n any of the lat' labourers attend to drains & see they are kept clean.

Dear Sir,

It is with regret that I have to inform you that J. J. J., who was employed on a local schooner carrying on trade on these coasts, met his death on the 8th inst by drowning at Fox Bay on the Falklands. The verdict was on

as the body which was found on the 11 March was that of a man who means the
 "said man became drowned, suffocated except by falling overboard from
 the result" no evidence does appear to us.

I have handed over £4.0.0 to the Special Adm. which is the amount to be
 credited to him, but may add that he was in debt to his ship, and after
 funeral & coroner's expenses have been defrayed, there will still be a
 deficit standing in his name.

I enclose two photographs & some letters which were found in the cabin
 & were handed over to me by the master of the schooner. I regret the delay
 in forwarding these but thought I would first ascertain what the late
 Jensen's total possessions were before addressing you, knowing you
 that some of his friends here had informed you of his decease.

Sir,

In reply to your letter of the 10 Sept^r last with reference to your deposit in the Savings Bank of this Colony. I enclose two forms of withdrawal which you should fill up leaving the amount blank as some interest has accrued to you and more will accrue before your reply is received.

Should you desire any one in this Colony to draw the money for you then fill in the name of such person on the back of both forms signing them yourself and getting a witness also to sign

Should you desire to have the money sent to you then the only way is to sign the fronts of the two warrants as having received the sum and when these papers are received here a bill on the Crown Agents will be sent to you for the amount of your deposit including interest to the date. If possible you should also return your bank book with the papers for filing here. If you have lost it $\frac{1}{2}$ will be deducted from the amount paid or forwarded to you

as to leasing a portion of Town Land in Stanley. I am instructed to
inform you that at present the Government has no power to lease
Town Lands or foreshores, but as you are doubtless aware an
Ordinance has been introduced to give the Government the
necessary authority.

Under these circumstances it would be well for you
to make your application more definite.

There

There is but little land on the foreshores in Stanley at the disposal of Government and some of that it is not desirable to dispose of, but generally any part of the foreshores which are not fenced off from the road running along the south side of the harbour are Government property. Much of this land is in very narrow strips but opposite the new Customs Shed and to the West of Dean's Jetty there are larger pieces.

In reply to your letter of the 27 Oct last complaining of the action of Mrs Hanson's servants on the Jaseons, I am instructed to point out to you that your licence to seal was not to seal on the Jaseons but off the Jaseons.

The Law Officers of the Crown have decided that Mrs Hanson as Lessee of the Jaseons was entitled to kill seal on them. If her servants have exceeded her right of killing the seals on land by killing them in the water and if this can be proved by properly sworn evidence then the Government might consider the matter further.

The Government could not attach any seal skins as anyone aggrieved whether licensee or otherwise has

has the remedy of the law to appeal to if any legal rights of his be infringed

Sir,

Stanley 22 November 1893.

With reference to previous correspondence terminating with your letter of the 16th instant I am directed to ask you if you are willing to accept

accept a lease for a less period than 99 years of the plot of ground adjacent to the "Social Club" at a rental of £7.10/- per annum, such a lease being not transferable without the sanction of the Governor in Council. The Government further would ask you to be good enough to submit a plan of the building you propose to erect.

Before determining whether a recommendation to the above effect should be made to the Secretary of State for the Colonies perhaps it would be well for you to call at the Office if convenient, when any stipulation regarding the lease will be explained to you.

I have the honour of replying to your letter of the 29 ultimo. At present the Surveyor is engaged but when disengaged the Government could instruct him to survey or point out the land, if it marches with Government Land on your agreeing to pay half the expenses of the survey if on the other hand it marches with land belonging to private parties the Government cannot be responsible for any of the expenses of survey.

I assume that as the plots have once been laid out by a Surveyor and are marked on a chart the work of defining the land would not be great.

I have the honour to acknowledge the receipt of your letter of to day's date asking that the "Ruth Waldron" may go alongside one of your Company's jetties and discharge Cargo enclosing an entry of goods free of duty.

In reply I have to inform you that under the circumstances if the consignees have no objection, the "Ruth Waldron" may discharge cargo at the East End Jetty. Any Goods that it may be considered necessary to examine will have to be taken by the importer to the Custom House for that purpose.

Sir,

I have the honour to acknowledge the receipt of your letter of the 14th Inst and in reply to inform you that apart from the fact of the delay and inconvenience that would be caused thereby to other importers a selection of goods for examination imported by the Falkland Islands Co cannot properly take place on board the Steamers.

I am therefore unable to recommend that the Falkland Islands Co: should be exempted from the terms of the notice in question which has not been issued without due consideration to the facilities to be afforded to trade.

Sir,

I have the honour to acknowledge the receipt of your letter of the 16th Inst and in reply to inform you that all goods must be landed at the Stone Jetty where the selection of those required for examination at the Custom House will take place. If other Importers are inconvenienced by your Company's goods passing

passing through the Customs House it will be for the Government to make such arrangements as it may then deem necessary to meet the case.

A standing permission such at that you ask for in your letter, cannot be given, but any application for a special permission to land cargo other than on the stone jetty will be dealt with on its own merits when the nature of such cargo is ascertained.

I should add however that such a permission will only be given in the case of lumber, Shooks, and other heavy cargo which from their nature it would be unnecessary to land at the jetty for passing through the Customs House.

Sir,

I have the honour to acknowledge the receipt of your letter of the 18th inst. and in reply to inform you that as it was not the intention of the Government to accede to your request to allow a certain number of packages to be selected on board the mail steamer for conveyance to the Stone Jetty for examination at the Customs House it was unnecessary to enter into any details.

His Excellency further directs me to state that exceptional privileges cannot be granted to the Falkland Islands Company over other importers because the Company happens to possess a Jetty though scarcely one answering to the conditions specified in the grant in which permission to build was acceded to your Company; and there is no reason for exempting your Company from what may be considered the inconveniences of Customs precautions which you share in common with others.

The very fact of the Government permitting you to discharge the "Ruth Waldron" at the Jetty in question is contradictory to the statement that "the Government having got their money, actually wish to prevent us from using our property for the purpose for which they compelled us to spend ours."

I am to add that His Excellency takes exception to the statement made in the last paragraph of your letter which, whilst unjust to his predecessor Mr Kerr, is no way better, what is virtually your contention that Government Regulations ought to

to be set aside to meet the convenience of the Falkland Islands Company because it possesses what other Importers have not - a Jetty.

With reference to your further letter of the same date in which you state that the Custom House is unfit to examine perishable goods as it is not floored or provided with counters &c I have to remind you that previously it was necessary to examine goods on the exposed deck of a lighter or steamer.

I am directed to acknowledge the receipt of your letter of the 21 inst and to inform you in reply thereto, that though in part when there was no Customs House, it was necessary that a selection and examination of goods should take place on the steamer, it is now inexpedient to continue such an arrangement.

His Excellency cannot recognise that the Falkland Islands Company are not in the same position as any other Importer and that it would be unfair to make any distinction.

As you have already been informed of the views of the Government on this subject His Excellency desires me to state that he declines to enter into any controversy but that if you consider the Falkland Islands Company has any grounds for complaint, His Excellency will be happy to forward any communication in the usual form to the Secretary of State.
