Memorandum of Govt answer to ²¹⁵ complaints of
Pensioners contained in a memorial dated 2nd Jan^y
reporting their claims for land - Presented to the
Govt on the 8th / ^{complaint} ~~has~~ ^{been} ~~not~~ ^{sufficiently} proved
of Feb^y - ~~altho~~ ^{altho} there is every reason to believe that the

+ Memorials have
adopted erroneous
views

2 The Govt. stated that if they
would first decide on the question
of where their houses were to be,
that they would consider favourably
on application made for gardens
elsewhere, but that they could
not have them ~~as~~ ^{that} ~~as~~
~~was~~ attached to their houses -
if the houses were brought close together -
The Govt has never yet seen
the possibility of carrying out ^{Govt.} ~~the~~ ^{contemplated by the Govt.}
to the letter ~~of~~ ^{the} plan which
the Pensioners were led to expect
in conformity to the desires of the Govt for their welfare
but he has given as a free gift
about a quarter of an acre of
land as proved by the late
sale to be worth at the rate of
£6 per acre in lieu of ^{any} ~~the~~ ^{income}

from being at a ~~some~~ ^{distance} from ~~the~~ ^{their} ~~land~~ ^{land}
to have in lieu of ^{the} ~~income~~ ^{income}
which might be ~~sufficient~~ ^{sufficient}
~~to be attached to settling them~~
~~on the~~ ^{their} ~~to~~ ^{to} ~~are~~ ^{are} allotments, as

on which it was
contemplated by the Govt to have placed
their houses - and
which would have been
addressed to if it were
practicable -

3 The Govt has never officially
intimated (until the 3rd ulto)
his

intention to allow any exchange
of rural land for suburban,
altho he intended ^{privately}
to Capt. Reid, ^{and deputations} to consult with the depts.
would entertain favorably
and recommend Earl Grey
to allow that indulgence
provided his men should ^{and make application to him} but not otherwise
desire it, and further
the Govt. most positively
assures the Pensioners that
he is still quite ready (on proper application)
to make such exchange for
any suburban land that
they want at this ^{time} ~~moment~~
secured an extra value.

The ~~expressed~~ intention of
Her Majesty's Govt. appears
to the Govt. to be, that the
Pensioners should be allowed
land to the value of the
is to say 10 acres at 8 pence
which in exchange would
purchase suburban land to
the same value or 2 acres -

4 As the Govt has intimated to the Pensioners that he will favourably recommend to the Home Govt. the exchange of rural land which has been assigned, it is unnecessary that he should express any opinion as to the choice they may ~~decide on~~ make —

5 Having answered the leading points of the Memorial the Govt. is at a loss to understand what the Pensioners require, as it appears to him that there is really no material difference excepting as regards the situation of the Cottages and the Govt. must remind the men that with a view to providing as far as lies in his power for their comfort that they are now engaged (on an extensive sheltering wall which according to the original intention they would ^{have} had to construct at

their own experience — and in
conclusion as a proof of the
value of the land on which
the houses and gardens are
to stand the result of the
sale on the 1st Dec. ~~1861~~ ^{is the best answer —}
~~fact~~ — Moreover the old
settlers here who as well
as Capt. Reid were purchasers
have had ~~more~~ (at least the
settlers) more experience
in estimating the shelter or
want of shelter considering that
~~that at that sale the land at that sale~~
extended 70 yards higher up the
hill and contained about
one third of the whole area
of bare rock —
