The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of  $2\frac{1}{2}$  per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an

agreement to complete the purchase and to fulfil the conditions of sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 3 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council.

Purchase money.

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

---

The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of  $2\frac{1}{2}$  per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable ; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 3 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of 2½ per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable ; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

### CONDITIONS OF SALES.

The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of  $2\frac{1}{2}$  per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable ; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 3 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

Colonial Secretary.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

### CONDITIONS OF SALES.

The Conditions of Sale will be found in the following clauses of Ordinance, No 2, of 1894.

The purchase money shall be payable by such number (not exceeding 15) of equal yearly instalments as the Governor in Council shall determine and as shall be notified in the Government Gazette before the sale. The first instalment shall be paid at the conclusion of the sale and each subsequent instalment together with interest at the rate of 2½ per centum per annum on the unpaid balance of the purchase money for the time being from the date of the payment of the last previous instalment shall be paid at the expiration of one year from the day on which the last previous instalment was payable; but the purchaser may at any time pay the whole of the purchase money remaining unpaid with the interest thereon which has accrued since the date of the last previous payment of an instalment.

The highest or only bidder for every lot put up for sale at or above the upset price shall be the purchaser.

Immediately upon the conclusion of the sale the purchaser shall pay the first instalment of the purchase money and sign an agreement to complete the purchase and to fulfil the conditions of

sale. If any purchaser, whether the original purchaser or a purchaser substituted under this sub-section, shall fail to pay the first instalment or to sign the said agreement, the sale to him shall be void and the next highest bidder (if any) at or above the upset price shall be the purchaser.

If any purchaser shall fail to pay the second or any subsequent instalment of purchase money or any interest for the time being payable by him on the day on which such instalment or interest becomes payable or within 21 days thereafter, the Governor may, and if such default shall continue for 3 months from the day on which such instalment or interest becomes payable, the Governor shall cause the land purchased by such purchaser to be again put up for sale by public auction at the same upset price and on the same conditions as at the previous sale.

If any land shall be again put up for sale as aforesaid the previous sale thereof shall thenceforth become void and the purchaser at the previous sale shall give up possession thereof and shall have no further right or interest in or lien upon such land.

If after payment in full of the purchase money and interest payable by the purchaser at the second sale the Government shall have received in respect of such purchase money and interest an amount exceeding the purchase money and interest which the Governor would have received from the purchaser at the previous sale if he had complied with the conditions of sale then out of such excess, after deducting therefrom the expenses of the second sale the Government shall repay to the purchaser at the previous sale the amount of the instalments of purchase money and interest which he shall have actually paid or so much thereof as such excess shall suffice to repay but in no other event shall a purchaser have any claim for repayment of instalments of purchase money or interest paid by him.

Every purchaser whether at a first or second sale shall be let into possession of the land purchased by him upon payment of the first instalment of purchase money and upon his signing the above-mentioned agreement, but no grant of the land shall be issued to him until he shall have paid the whole of the purchase money and all interest payable under the conditions of sale.

The sum of money (if any) payable by the purchaser of each lot put up for sale to the former lessee of such lot as the value of improvements thereon under Section 3 of the Land Ordinance 1882, shall be determined in the manner provided by that Section before the lot is put up for sale and shall be stated in the Particulars of Sale, and shall be paid by the purchaser to the former lessee, or his legal personal representatives, within 7 days from the date of the sale or at such later date as may be agreed upon by the parties. If the purchaser at a first sale shall not pay the said sum of money within the said 7 days, or on the day agreed upon, as the case may be, the lot shall be again put up for sale by auction in the same manner, and with the same consequences as if such purchaser had made default for three months in payment of an instalment of purchase money.

No stock shall be placed on any lot so sold as aforesaid until proper arrangements for the dipping of sheep to the satisfaction of the Governor in Council have been provided thereon, or on some adjoining land occupied by the same person, or occupied by some other person if such lot and such adjoining land are farmed in common, or until such lot has been completely fenced in by proper sheep-proof fence to the satisfaction of the Governor in Council,

provided that with the consent of the owner or lessee of any land adjoining such lot the erection of a fence between such and such adjoining land may be dispensed with.

The purchaser of every lot, his heirs or assigns shall, before the expiration of 2 years from the date of the sale, erect on such lot a suitable and substantial dwelling-house to the satisfaction of the Governor in Council. Default in compliance with this sub-section shall entail the same consequences as default in payment of a second or subsequent instalment of purchase money for three months.

The cost of the fences to be erected between any lot which shall be sold as aforesaid and the adjoining lands shall be borne by the purchaser of the lot and the owner or lessee of the adjoining land in equal shares. In the absence of any agreement to the contrary the fence shall be erected by the purchaser, and he shall have the right to recover from each adjoining owner or lessee a proportion of the half of the entire cost thereof according to the length of the fence between the lot and the land of such adjoining owner or lessee.

*An Ordinance to amend the law relating to the granting of  
Probate of Wills and Letters of Administration.*

Be it enacted by the Governor of the Falkland Islands and their Dependencies, with the advice and consent of the Legislative Council thereof, as follows:—

1.—The Supreme Court of the Falkland Islands and the Judge thereof shall have and exercise within the Colony all the jurisdiction, powers and authorities whatsoever possessed and vested in the Court of Probate in England and the Judge thereof at the time of the passing of the Supreme Court of Judicature Act, 1873, (Imperial).

2.—No Probate of the Will nor Letters of Administration of the estate and effects of any person deceased shall be granted by the Judge of the Supreme Court until the person or persons applying for such Probate or Letters of Administration shall have paid to the Colonial Treasurer the probate duty payable under this Ordinance in respect of the estate of the deceased and shall have given bond to the Judge for the time being which bond shall be in such form as the Judge shall by any general or special order direct: Such bond shall be in a penalty of double the amount of the probable value of the estate of the deceased person as stated in the accounts delivered with the petition on which the grant is made or in such other amount as the Judge may by any order to be made in any particular case direct.

3.—If any person shall take possession of and in any way administer any part of the personal estate and effects of any person deceased without obtaining Probate of the Will or Letters of Administration of the estate and effects of the deceased person within six calendar months after his death, every person so offending shall on summary conviction forfeit and pay a penalty not exceeding Twenty Pounds and such additional sums as would be equal to the amount of duty which would be payable on the grant of Probate of the Will or Letters of Administration of the estate of the deceased.

4.—Applications for Probate or Letters of Administration shall be made by petition to the Judge of the Supreme Court and to every such petition there shall be subjoined or annexed an affidavit verifying the allegations contained in such petition.

5.—In the case of a will the petition must state the death of the testator, that the document produced is believed to be his last will and testament, that the petitioner is the person named as the executor and that the petitioner knows of no other later will made as the last will of the testator.

6.—In the case of intestacy the petition must state the death of the intestate and that he died without leaving a will and it must briefly set forth the grounds on which the petitioner has applied for Letters of Administration.

7.—In the case of a petition for Letters of Administration with the will annexed the petition must set forth the grounds on which the application is based.

8.—Together with every petition for Probate or Letters of Administration there shall be delivered an account signed by the petitioner of the particulars of the personal estate of the deceased situate in this Colony and of the estimated value thereof in such form as shall be prescribed by rules made under this Ordinance.

9.—If any executor or administrator at any time within one year after having paid probate dues shall discover that the estate of the deceased person was estimated at too high a value in the account delivered by him, and that the amount of duty paid by him was consequently greater than he was liable to pay and shall make the same appear to be the case to the satisfaction of the Governor in Council it shall be lawful for the Governor to issue his Warrant on the Public Treasury for the return to such executor or administrator of any excess of payment so shown to have been made by him.

10.—If any executor or administrator shall through mistake or misapprehension or otherwise without fraud have omitted from the account delivered by him any part of the personal effects or estate of the testator or intestate situate in this Colony such executor or administrator shall immediately after the discovery of such omission notify the Judge of the same and within three calendar months thereafter amend his account and pay the additional duty due on the estate of the deceased without being liable to any penalty or forfeiture under this Ordinance.

11.—The Court may on application made on motion or petition in chambers in a summary way and on being satisfied that the condition of any bond given to the Judge has been broken, order the assignment of the same to some person to be named in such order, and such person, his executors, or administrators, shall thereupon be entitled to sue in his or their own name as if the same had been originally given to him instead of to the Judge and shall be entitled to recover thereon as trustee for all persons interested the full amount recoverable in respect of any breach of the condition of the said bond.

12.—Notice of application for Letters of Administration must be given in the Government Gazette for three successive weeks before such letters shall be granted, except in cases where the Judge shall be satisfied by affidavit or otherwise of the existence of any urgent necessity that such grant should be made before the expiration of such three weeks and shall likewise be satisfied that notice of the application has been given to all persons residing within the Colony whose claim to such grant may be prior or preferable to that of the applicant. In every such case the Judge shall have the power to grant to such applicant Letters of Administration, limited or otherwise, as the circumstances of the case shall seem to require within such time before the expiration of such three weeks as to him may seem necessary: Provided always that in no case shall such administration be granted until notice of application therefor shall have been published once at least in the Gazette.

13.—Where a caveat shall be entered against the grant of any probate or to any application for Letters of Administration before any grant of probate or of administration shall have been made or when in the opinion of the Judge sufficient objection shall appear against the making of any such grant before such grant shall be made all parties concerned or interested therein or so many of them as the Judge may think necessary shall be cited to show cause before the Judge why probate or administration as the case may be should not be granted to the applicant and such

parties shall on the day to be named in the citation file an answer setting forth succinctly the grounds of their objection and shall at the same time serve a copy of such answer on the applicant, after which on a day to be fixed by the Judge after having heard the case and the parties and having considered the evidence the Judge shall make such order touching the premises as may seem just.

14.—When any of the parties do not appear and answer (due proof of citation on them having been made) the proceedings may be heard and determined *ex parte* or such further time may be given for appearance and on such terms as the Court may direct.

15.—The Court may require the attendance of any party or of any person whom it may think fit to examine or cause to be examined in any proceedings in respect of matters and causes testamentary and may examine or cause to be examined upon oath or affirmation as the case may require parties and witnesses by word of mouth and may either before or after or with or without such examination cause them or any of them to be examined on interrogatories or receive their or any of their affidavits or solemn affirmations as the case may be and the Court may by writ require such attendance and order to be produced before itself or otherwise any deed, evidences, or writings being or purporting to be testamentary or otherwise in the same form or as nearly as may be as that in which a writ of “subpoena ad testificandum,” or of “subpoena duces tecum,” is now issued out of the Supreme Court and every person disobeying any such writ shall be considered as in Contempt of Court and also be liable to forfeit a sum not exceeding Fifty Pounds.

16.—Any party interested in a will may compel proof thereof in solemn form by serving on the executor or party having execution of such will or praying therefor a citation, whereupon such executor or party shall within ten days after such service file in the office of the Registrar of the Supreme Court a petition verified by affidavit praying that such will may be proved in solemn form and such further proceedings shall thereupon be had for such proof, and if required for contestation of such will as may be directed by any rules of procedure made under this Ordinance.

17.—Any executor or party desiring or having execution of a will may have the same proved in solemn form at any time before the court by filing a petition therefor verified as aforesaid and thereupon such further proceedings shall be had for such proof and if required for contestation of such will as may be directed by any such rules of procedure.

18.—The Court upon sufficient cause being shown may set aside any order or decree obtained in a default upon such terms as to the payment of costs or otherwise as to it may seem just.

19.—When an Executor or Administrator to whom probate or administration has been or shall be granted shall depart from and remain absent from this Colony for the period of one year without having appointed an attorney to act for and represent him the court may on petition verified by affidavit showing to the satisfaction of the court that the interests of parties concerned in the estate are or will be prejudiced by the absence of such Executor or Administrator appoint an Administrator with the will annexed or an Administrator *de bonis non* as the case may be, who shall respectively during the absence of such Executor or Administrator, on giving sufficient security have, possess, and exercise the same power and authority as the Executor or Administrator so absent as aforesaid would have had if personally present and in case of contested proceedings the practice and procedure shall be similar to that provided by the thirteenth section hereof.

20.—In any contested suit for probate or letters of administration the hearing and adjudication thereof shall be in open court and subject thereto, all other proceedings and business under this Ordinance may unless the Court shall otherwise direct be transacted in chambers.

21.—Service of citations shall be made personally upon the party to whom the same shall be directed unless in cases where for sufficient cause the Court shall otherwise direct.

22.—Under special circumstances where it may appear to the Court to be just or expedient probate or administration may be granted to some person other than the person ordinarily or by law entitled to such probate or administration.

23.—All grants of administration and all wills of which probate is granted shall be recorded and such grants and wills together with all the papers in any wise relating thereto shall be in all cases made up and filed together in a convenient form and arranged and preserved in alphabetical order.

Probate of Wills and Letters of Administration.*

Be it enacted by the Governor of the Falkland Islands and their Dependencies, with the advice and consent of the Legislative Council thereof, as follows:—

1.—The Supreme Court of the Falkland Islands and the Judge thereof shall have and exercise within the Colony all the jurisdiction, powers and authorities whatsoever possessed and vested in the Court of Probate in England and the Judge thereof at the time of the passing of the Supreme Court of Judicature Act, 1873, (Imperial).

2.—No Probate of the Will nor Letters of Administration of the estate and effects of any person deceased shall be granted by the Judge of the Supreme Court until the person or persons applying for such Probate or Letters of Administration shall have paid to the Colonial Treasurer the probate duty payable under this Ordinance in respect of the estate of the deceased and shall have given bond to the Judge for the time being which bond shall be in such form as the Judge shall by any general or special order direct: Such bond shall be in a penalty of double the amount of the probable value of the estate of the deceased person as stated in the accounts delivered with the petition on which the grant is made or in such other amount as the Judge may by any order to be made in any particular case direct.

3.—If any person shall take possession of and in any way administer any part of the personal estate and effects of any person deceased without obtaining Probate of the Will or Letters of Administration of the estate and effects of the deceased person within six calendar months after his death, every person so offending shall on summary conviction forfeit and pay a penalty not exceeding Twenty Pounds and such additional sums as would be equal to the amount of duty which would be payable on the grant of Probate of the Will or Letters of Administration of the estate of the deceased.

4.—Applications for Probate or Letters of Administration shall be made by petition to the Judge of the Supreme Court and to every such petition there shall be subjoined or annexed an affidavit verifying the allegations contained in such petition.

5.—In the case of a will the petition must state the death of the testator, that the document produced is believed to be his last will and testament, that the petitioner is the person named as the executor and that the petitioner knows of no other later will made as the last will of the testator.

6.—In the case of intestacy the petition must state the death of the intestate and that he died without leaving a will and it must briefly set forth the grounds on which the petitioner has applied for Letters of Administration.

7.—In the case of a petition for Letters of Administration with the will annexed the petition must set forth the grounds on which the application is based.

8.—Together with every petition for Probate or Letters of Administration there shall be delivered an account signed by the petitioner of the particulars of the personal estate of the deceased situate in this Colony and of the estimated value thereof in such form as shall be prescribed by rules made under this Ordinance.

9.—If any executor or administrator at any time within one year after having paid probate dues shall discover that the estate of the deceased person was estimated at too high a value in the account delivered by him, and that the amount of duty paid by him was consequently greater than he was liable to pay and shall make the same appear to be the case to the satisfaction of the Governor in Council it shall be lawful for the Governor to issue his Warrant on the Public Treasury for the return to such executor or administrator of any excess of payment so shown to have been made by him.

10.—If any executor or administrator shall through mistake or misapprehension or otherwise without fraud have omitted from the account delivered by him any part of the personal effects or estate of the testator or intestate situate in this Colony such executor or administrator shall immediately after the discovery of such omission notify the Judge of the same and within three calendar months thereafter amend his account and pay the additional duty due on the estate of the deceased without being liable to any penalty or forfeiture under this Ordinance.

11.—The Court may on application made on motion or petition in chambers in a summary way and on being satisfied that the condition of any bond given to the Judge has been broken, order the assignment of the same to some person to be named in such order, and such person, his executors, or administrators, shall thereupon be entitled to sue in his or their own name as if the same had been originally given to him instead of to the Judge and shall be entitled to recover thereon as trustee for all persons interested the full amount recoverable in respect of any breach of the condition of the said bond.

12.—Notice of application for Letters of Administration must be given in the Government Gazette for three successive weeks before such letters shall be granted, except in cases where the Judge shall be satisfied by affidavit or otherwise of the existence of any urgent necessity that such grant should be made before the expiration of such three weeks and shall likewise be satisfied that notice of the application has been given to all persons residing within the Colony whose claim to such grant may be prior or preferable to that of the applicant. In every such case the Judge shall have the power to grant to such applicant Letters of Administration, limited or otherwise, as the circumstances of the case shall seem to require within such time before the expiration of such three weeks as to him may seem necessary: Provided always that in no case shall such administration be granted until notice of application therefor shall have been published once at least in the Gazette.

13.—Where a caveat shall be entered against the grant of any probate or to any application for Letters of Administration before any grant of probate or of administration shall have been made or when in the opinion of the Judge sufficient objection shall appear against the making of any such grant before such grant shall be made all parties concerned or interested therein or so many of them as the Judge may think necessary shall be cited to show cause before the Judge why probate or administration as the case may be should not be granted to the applicant and such

parties shall on the day to be named in the citation file an answer setting forth succinctly the grounds of their objection and shall at the same time serve a copy of such answer on the applicant, after which on a day to be fixed by the Judge after having heard the case and the parties and having considered the evidence the Judge shall make such order touching the premises as may seem just.

14.—When any of the parties do not appear and answer (due proof of citation on them having been made) the proceedings may be heard and determined *ex parte* or such further time may be given for appearance and on such terms as the Court may direct.

15.—The Court may require the attendance of any party or of any person whom it may think fit to examine or cause to be examined in any proceedings in respect of matters and causes testamentary and may examine or cause to be examined upon oath or affirmation as the case may require parties and witnesses by word of mouth and may either before or after or with or without such examination cause them or any of them to be examined on interrogatories or receive their or any of their affidavits or solemn affirmations as the case may be and the Court may by writ require such attendance and order to be produced before itself or otherwise any deed, evidences, or writings being or purporting to be testamentary or otherwise in the same form or as nearly as may be as that in which a writ of "subpoena ad testificandum," or of "subpoena duces tecum," is now issued out of the Supreme Court and every person disobeying any such writ shall be considered as in Contempt of Court and also be liable to forfeit a sum not exceeding Fifty Pounds.

16.—Any party interested in a will may compel proof thereof in solemn form by serving on the executor or party having execution of such will or praying therefor a citation, whereupon such executor or party shall within ten days after such service file in the office of the Registrar of the Supreme Court a petition verified by affidavit praying that such will may be proved in solemn form and such further proceedings shall thereupon be had for such proof, and if required for contestation of such will as may be directed by any rules of procedure made under this Ordinance.

17.—Any executor or party desiring or having execution of a will may have the same proved in solemn form at any time before the court by filing a petition therefor verified as aforesaid and thereupon such further proceedings shall be had for such proof and if required for contestation of such will as may be directed by any such rules of procedure.

18.—The Court upon sufficient cause being shown may set aside any order or decree obtained in a default upon such terms as to the payment of costs or otherwise as to it may seem just.

19.—When an Executor or Administrator to whom probate or administration has been or shall be granted shall depart from and remain absent from this Colony for the period of one year without having appointed an attorney to act for and represent him the court may on petition verified by affidavit showing to the satisfaction of the court that the interests of parties concerned in the estate are or will be prejudiced by the absence of such Executor or Administrator appoint an Administrator with the will annexed or an Administrator *de bonis non* as the case may be, who shall respectively during the absence of such Executor or Administrator, on giving sufficient security have, possess, and exercise the same power and authority as the Executor or Administrator so absent as aforesaid would have had if personally present and in case of contested proceedings the practice and procedure shall be similar to that provided by the thirteenth section hereof.

I herewith take the liberty of addressing myself to Your Excellency in order to call your attention to Sergeant Instructor W. Quianlan, F. I. Volunteers, who to-day saved not only my life but also that of one of the crew of the S.S. "Herodot," at the peril of his own life. I hope Your Excellency can in some official way reward this gentleman, as he absolutely refused to accept anything I could offer him. You may rest assured that I will never forget what a British Soldier did for me, not thinking of himself or his family, but solely of his fellow-men, whom he saw fighting for their lives. Still I hope to be able to prove my thankfulness in some way and I trust that you will aid me should I ask you for your assistance.

I am,

Sir,

Your most obedient Servant,

Colonial Secretary's Office,  
22nd May, 1895.

I herewith take the liberty of addressing myself to Your Excellency in order to call your attention to Sergeant Instructor W. Quianlan, F. I. Volunteers, who to-day saved not only my life but also that of one of the crew of the S.S. "Herodot," at the peril of his own life. I hope Your Excellency can in some official way reward this gentleman, as he absolutely refused to accept anything I could offer him. You may rest assured that I will never forget what a British Soldier did for me, not thinking of himself or his family, but solely of his fellow-men, whom he saw fighting for their lives. Still I hope to be able to prove my thankfulness in some way and I trust that you will aid me should I ask you for your assistance.

I am,

Sir,

Your most obedient Servant,

OTTO ESSE,

2.—“It appears to be conclusively shewn not only by the absence of any bidders at the recent sale, except the former lessee and the lessee of the adjoining station, but by the evidence obtained by the Committee which you appointed to enquire into the matter, that, while there is a considerable demand for leases which the Government is unfortunately precluded from meeting, none of the persons who had expressed the desire to buy land are in a position to do so on the condition of paying the value of the improvements and half of the cost of fencing.”

3.—“These conditions cannot be dispensed with, and in these circumstances I have with regret come to the conclusion that it would be useless to put up any more land for sale, and that the land which has been reserved for that purpose must be relet to the former lessees in accordance with the Ordinance of 1882.”

2.—“It appears to be conclusively shewn not only by the absence of any bidders at the recent sale, except the former lessee and the lessee of the adjoining station, but by the evidence obtained by the Committee which you appointed to enquire into the matter, that, while there is a considerable demand for leases which the Government is unfortunately precluded from meeting, none of the persons who had expressed the desire to buy land are in a position to do so on the condition of paying the value of the improvements and half of the cost of fencing.”

3.—“These conditions cannot be dispensed with, and in these circumstances I have with regret come to the conclusion that it would be useless to put up any more land for sale, and that the land which has been reserved for that purpose must be relet to the former lessees in accordance with the Ordinance of 1882.”

PRESENT.

The QUEEN'S Most Excellent Majesty,  
Lord President,  
Lord Chamberlain  
Lord Kensington,  
Speaker of the House of Commons  
Mr. Arnold Morley.

WHEREAS section 8 (3) of "The Mail Ships Act, 1891," provides that it shall be lawful for Her Majesty in Council to make Rules for carrying into effect, as respects British Possessions, the provisions of that Act with respect to the security given by mail ships, and in particular with respect to the commencement of a legal proceeding by service of a writ or process in the Possession, and to the notices to be given to arresting authorities in the Possession, and the evidence to be receivable by such authorities of the security having been given or withdrawn, and the application of the security in discharge of any damages, fine, debt, claim, sum, or forfeiture, where the same are or is recovered or payable either in the British Possession, or under proceedings pending concurrently in that British Possession, and in any other British Possession or the United Kingdom:

Now, therefore, Her Majesty is pleased, by and with the advice of Her Privy Council, to order, and it is hereby ordered, as follows:—

*Notices of Exemption.*

1.—Any rules of the High Court of Justice in England, made under the provisions of "The Mail Ships Act, 1891" (hereinafter referred to as "the Act"), shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a Convention, and shall be published by such Government in the Gazette of the Possession, and also in such local official Gazettes published in the Possession as the Government of the Possession may prescribe.

2.—A copy of every notice and list published by the Board of Trade under the Act, shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a particular Convention.

3.—A copy of every such Notice and list, signed by a Secretary to the Government of the Possession, or other prescribed officer shall be published in the official Gazette of the Possession, and a copy of such Gazette Notification shall be kept publicly exhibited in the Court-room of every Colonial Court of Admiralty in the Possession, and a copy of the said Gazette containing any such Notification shall be receivable in evidence by every arresting authority in the Possession.

*Actions Against Exempted Ships.*

5.—An action may be commenced against the owners of an exempted mail ship in the like cases, in the same manner and subject to the same rules as an Admiralty action *in rem*, and in any Colonial Court of Admiralty in the Possession in which such an action might have been brought if the ship were not an exempted mail ship.

*Orders, by Courts in British Possessions, for Application of the Security.*

6.—Any order of a Court in a British Possession directing any security to be applied shall recite the name of the Court and of the action or proceeding, the cause of action, and the judgment debt, and shall comprise a certificate by the Judge of the Court that the ship in respect of which the Judgment is given is an exempted mail ship, and might but for such exemption have been arrested and sold in execution thereof, and that the judgment debt is still unsatisfied, and is payable out of the security lodged in respect of the ship in the High Court of Justice in England.

7.—The order may require payment to be made either in London to a named agent of the execution creditor, or in the Possession to some named officer of the Court from which the order issues.

8.—Every such order shall be sealed with the seal of the Court, and shall be drawn up in duplicate, addressed to the Admiralty Registrar, Royal Courts of Justice, London, and shall be transmitted under cover to the prescribed officer of the Government of the Possession.

9.—The said duplicate orders when received by the prescribed officer shall be countersigned by him, and shall be forthwith transmitted to a Secretary of State, who shall cause one of such orders to be delivered to the Admiralty Registrar, and the Admiralty Registrar shall, subject to any direction of the High Court, make an order upon the Paymaster-General for payment of the required sum out of the security in accordance with these Rules.

10.—Unless the High Court shall otherwise order, and subject to existing rights of priority of liens, orders for the application of any security shall be paid in the order in which they are received by the Admiralty Registrar; but where two or more orders are received at the same time, they shall be paid in the order of their respective dates.

11.—Where the order requires payment to a named agent of the execution creditor in London, the money shall be payable at the rates of exchange current on the day on which the order is received by the Secretary of State.

12.—If the order requires payment to be made to a named officer of the Court from which the order issues, such an amount shall be paid out by the Paymaster-General, to a person nominated by the Secretary of State, as will at the rates of exchange current on the day on which the order is received by the Secretary of State be necessary to purchase a draft for the amount of the order payable at sight in the Possession, and such draft shall be in favour of the said named officer of the said Court.

13.—Where any action or proceeding against the owners of an exempted mail ship is pending in a Court in a British Possession, involving a claim against the security lodged in the High Court in England, the Court in the British Possession shall transmit to the Admiralty Registrar notice of the pendency of such action or proceeding, stating the nature and amount of the claim and the proceedings taken in regard thereto; and in case of the subsequent discontinuance or other conclusion of such action or proceeding, whereby the security ceases to be affected, the Court shall transmit notice of such discontinuance or conclusion. Every such notice shall be sealed, drawn up, addressed and transmitted to the Admiralty Registrar in like manner as an order for the application of the security.

*Miscellaneous Provisions.*

14.—In every British Possession to which these Rules apply, the Governor in Council may, by Order, prescribe any matter directed by these Rules to be prescribed, or necessary for carrying them into effect.

15.—In the application of these Rules to British India, the following provisions shall have effect:—

(a) The Presidencies of Madras and Bombay, the lower Provinces of Bengal, and the Province of Burmah shall be deemed to be separate British Possessions.

(b) The expressions "Government of the Possession" and "Governor in Council" respectively shall mean the Lieutenant-Governor of Bengal and the Chief Commissioner of Burmah, with respect to the territories administered by them respectively.

(c) All Orders made in pursuance of Rule 14 with respect to any part of British India shall be made with the previous sanction of the Governor-General in Council.

16.—In the application of these Rules to any British Possession in which there is a Vice-Admiralty Court, and no Colonial Court of Admiralty, these Rules shall be read as if "Vice-Admiralty Court" were Colonial Court of Admiralty.

17.—In these Rules "judgment debt" means any damages, fine, debt, claim, sum, or forfeiture found by any Court to be payable by the owner of a ship, and "execution creditor" means the person entitled to a judgment debt.

Other expressions have the same meaning as in the Act.

18.—This Order may be cited as "The Mail Ships (Rules) Order in Council, 1895."

And the Most Honourable the Marquess of Ripon, K.G., the Right Honourable the Earl of Kimberley, K.G., and the Right Honourable H. H. Fowler, three of Her Majesty's Principal Secretaries of State, are to give the necessary directions herein, as to them may respectively appertain.

No. of 1895.

*An Ordinance to create the Office of Official Administrator.*

Be it enacted by the Governor of the Falkland Islands and their Dependencies, with the advice and consent of the Legislative Council thereof, as follows:—

1.—From and after the passing of this Ordinance it shall be lawful for the Governor to appoint some fit and proper person to be called the Official Administrator of Estates.

2.—The Official Administrator shall be entitled to and it shall be his duty to apply for Letters of Administration to the Estates of all persons who shall die intestate without leaving a widower, widow, brother, sister or any lineal ancestor or descendant, or leaving any such relation, if no such relation shall take out Letters of Administration within three months or within such longer or shorter term as the Judge of the Supreme Court to which application is made may direct; and also to the estates of all persons who shall die leaving a Will but leaving no Executor or no Executor who will act if no such relative as aforesaid of such deceased shall within the time aforesaid take out Letters of Administration to the Estate.

3.—The Official Administrator shall keep a full complete and accurate account of all transactions with respect to all estates administered by him and he shall keep all such books as may be necessary for that purpose.

4.—The Official Administrator shall once at least in each year furnish to the Governor a complete and accurate statement of the payments receipts and transactions of his office.

5.—The Official Administrator shall keep all money which shall come into his hands as such Administrator in the Government Savings' Bank, and interest shall be allowed on such money in the same way as interest is allowed on the deposits of private persons. The Official Administrator shall in all cases pay such money into the Savings' Bank as soon as possible after he receives it, and a separate account shall be kept in the Savings' Bank for each estate. The Official Administrator may draw in the same manner as any other depositor any money standing to the credit of any estate for the purposes of the due administration of such estate.

6.—Letters of Administration to the Official Administrator shall be granted on the payment of the same fees and duties and in the same way as Letters of Administration are usually granted.

7.—On the grant of Letters of Administration to the Official Administrator the personal property of the deceased shall vest in the Official Administrator and be assets in his hand for the payment of the debts and liabilities of the deceased in the same way and to the same extent in all respects as such property would have vested in and been assets in the hands of any other Administrator, and the Official Administrator shall discharge the debts and liabilities

of the deceased and shall distribute the surplus in the same way and in the same order of priority and to the same extent that any other Administrator would have been bound to discharge such debts and liabilities and to distribute such surplus if this Law had not been passed.

8.—The Official Administrator shall be entitled to a commission of five pounds per centum on the value of all property administered by him: Such commission shall be the remuneration for the time and responsibility of the Official Administrator, but any expenses in respect of any other matters including travelling expenses may be charged by him in the same way that such expenses might be charged under similar circumstances by any other Administrator.

9.—All monies which at the time of the passing of this Ordinance may be deposited in the Government Savings' Bank and entered in the Books of the said Bank to the credit of Intestate Estates shall vest in the Official Administrator and shall be dealt with as it is directed by the fifth and seventh Sections of this Ordinance that monies received by him under this Ordinance shall be dealt with. No commission shall however be allowed to him upon the amount of this deposit. All books, papers and other documents relating to the said deposit and in the hands of the Police Magistrate shall be delivered to and taken charge of by the Official Administrator.

THE MAIL SHIPS (RULES) ORDER IN COUNCIL, 1895.

At the Court at Windsor, the 11th day of May, 1895.

PRESENT,

The QUEEN's Most Excellent Majesty,  
Lord President.  
Lord Chamberlain.  
Lord Kensington,  
Speaker of the House of Commons.  
Mr. Arnold Morley.

WHEREAS section 8 (3) of "The Mail Ships Act, 1891," provides that it shall be lawful for Her Majesty in Council to make Rules for carrying into effect, as respects British Possessions, the provisions of that Act with respect to the security given by mail ships, and in particular with respect to the commencement of a legal proceeding by service of a writ or process in the Possession, and to the notices to be given to arresting authorities in the Possession, and the evidence to be receivable by such authorities of the security having been given or withdrawn, and the application of the security in discharge of any damages, fine, debt, claim, sum, or forfeiture, where the same are or is recovered or payable either in the British Possession, or under proceedings pending concurrently in that British Possession, and in any other British Possession or the United Kingdom:

Now, therefore, Her Majesty is pleased by and with the advice of Her Privy Council, to order, and it is hereby ordered, as follows:—

*Notices of Exemption.*

1.—Any rules of the High Court of Justice in England, made under the provisions of "The Mail Ships Act, 1891" (hereinafter referred to as "the Act"), shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a Convention, and shall be published by such Government in the Gazette of the Possession, and also in such local official Gazettes published in the Possession as the Government of the Possession may prescribe.

2.—A copy of every notice and list published by the Board of Trade under the Act shall be transmitted by a Secretary of State to the Government of every Possession to which the Act is applied for the purpose of a particular Convention.

3.—A copy of every such Notice and list, signed by a Secretary to the Government of the Possession, or other prescribed officer shall be published in the official Gazette of the Possession, and a copy of such Gazette Notification shall be kept publicly exhibited in the Court-room of every Colonial Court of Admiralty in the Possession, and a copy of the said Gazette containing any such Notification shall be receivable in evidence by every arresting authority in the Possession.

4.—If notwithstanding its exemption, an exempted mail ship is arrested in the Possession, the Government of the Possession, on being informed by the owner of such arrest and of the arresting authority, and on being satisfied that the ship is an exempted mail ship, shall forthwith send a special Notice to the arresting authority, informing him that the ship is an exempted mail ship, and as such entitled to release.

*Actions Against Exempted Ships.*

5.—An action may be commenced against the owners of an exempted mail ship in the like cases, in the same manner and subject to the same rules as an Admiralty action in rem, and in any Colonial Court of Admiralty in the Possession in which such an action might have been brought if the ship were not an exempted mail ship.

*Orders, by Courts in British Possessions, for Application of the Security.*

6.—Any order of a Court in a British Possession directing any security to be applied shall recite the name of the Court and of the action or proceeding, the cause of action, and the judgment debt, and shall comprise a certificate by the Judge of the Court that the ship in respect of which the Judgment is given is an exempted mail ship, and might but for such exemption have been arrested and sold in execution thereof, and that the judgment debt is still unsatisfied, and is payable out of the security lodged in respect of the ship in the High Court of Justice in England.

7.—The order may require payment to be made either in London to a named agent of the execution creditor, or in the Possession to some named officer of the Court from which the order issues.

8.—Every such order shall be sealed with the seal of the Court, and shall be drawn up in duplicate, addressed to the Admiralty Registrar, Royal Courts of Justice, London, and shall be transmitted under cover to the prescribed officer of the Government of the Possession.

9.—The said duplicate orders when received by the prescribed officer shall be countersigned by him, and shall be forthwith transmitted to a Secretary of State, who shall cause one of such orders to be delivered to the Admiralty Registrar, and the Admiralty Registrar shall, subject to any direction of the High Court, make an order upon the Paymaster-General for payment of the required sum out of the security in accordance with these Rules.

10.—Unless the High Court shall otherwise order, and subject to existing rights of priority of liens, orders for the application of any security shall be paid in the order in which they are received by the Admiralty Registrar; but where two or more orders are received at the same time, they shall be paid in the order of their respective dates.

11.—Where the order requires payment to a named agent of the execution creditor in London, the money shall be payable at the rates of exchange current on the day on which the order is received by the Secretary of State.

12.—If the order requires payment to be made to a named officer of the Court from which the order issues, such an amount shall be paid out by the Paymaster-General, to a person nominated by the Secretary of State, as will at the rates of exchange current on the day on which the order is received by the Secretary of State be necessary to purchase a draft for the amount of the order payable at sight in the Possession, and such draft shall be in favour of the said named officer of the said Court.

13.—Where any action or proceeding against the owners of an exempted mail ship is pending in a Court in a British Possession involving a claim against the security lodged in the High Court in England, the Court in the British Possession shall transmit to the Admiralty Registrar notice of the pendency of such action or proceeding stating the nature and amount of the claim and the proceedings taken in regard thereto; and in case of the subsequent discontinuance or other conclusion of such action or proceeding, whereby the security ceases to be affected, the Court shall transmit notice of such discontinuance or conclusion. Every such notice shall be sealed, drawn up, addressed and transmitted to the Admiralty Registrar in like manner as an order for the application of the security.

*Miscellaneous Provisions.*

14.—In every British Possession to which these Rules apply the Governor in Council may by Order, prescribe any matter directed by these Rules to be prescribed, or necessary for carrying them into effect.

15.—In the application of these Rules to British India, the following provisions shall have effect:—

(a) The Presidencies of Madras and Bombay, the lower Provinces of Bengal, and the Province of Burmah shall be deemed to be separate British Possessions.

(b) The expressions "Government of the Possession" and "Governor in Council" respectively shall mean the Lieutenant-Governor of Bengal and the Chief Commissioner of Burmah, with respect to the territories administered by them respectively.

(c) All Orders made in pursuance of Rule 14 with respect to any part of British India shall be made with the previous sanction of the Governor-General in Council.

16.—In the application of these Rules to any British Possession in which there is a Vice-Admiralty Court, and no Colonial Court of Admiralty, these Rules shall be read as if "Vice-Admiralty Court" were Colonial Court of Admiralty.

17.—In these Rules "judgment debt" means any damages, fine, debt, claim, sum, or forfeiture found by any Court to be payable by the owner of a ship, and "execution creditor" means the person entitled to a judgment debt.

Other expressions have the same meaning as in the Act.

18.—This Order may be cited as "The Mail Ships (Rules) Order in Council, 1895."

And the Most Honourable the Marquess of Ripon, K.G., the Right Honourable the Earl of Kimberley, K.G., and the Right Honourable H. H. Fowler, three of Her Majesty's Principal Secretaries of State, are to give the necessary directions herein, as to them may respectively appertain.

## GOVERNMENT NOTICE.

The subjoined Report is published for general information, in confirmation of Public Notice dated the 10th instant, relating to the financial condition of the Colony.

By Command,

F. CRAIGIE-HALKETT,  
Colonial Secretary.

Colonial Secretary's Office,  
30th September, 1895.

25th September, 1895.

Sir,

The Board appointed by His Excellency the Governor to enquire into the financial condition of the Colony beg leave to report for His Excellency's information, that they have examined the accounts extending as far back as 1886, and have also carefully scrutinized the yearly statements of "Assets and Liabilities" and of "Receipts and Expenditure" which have been issued since that date.

The Accounts with the Crown Agents shewing the Investments on account of "Land Sales" of the "Savings' Bank" and of the "Surplus Fund" were also examined.

These shew that on the 31st December, 1894, the cash balance in the hands of the Crown Agents was £3,189 14 9, and that the Investments on behalf of the Colony were as follows:—

Land Sales	£12,979	4	0	Face Value.		
Surplus Fund	1840	11	7	£13,758	3	10
Savings' Bank	27,921	7	2	1,982	1	2
				28,442	1	9

These values represent the actual amount paid, and not the face value of the stock.

According to the Report of the Quarterly Survey of the Treasurer's Chest there was on the same date (31st December, 1894) a cash balance of £1,614 10 3 in the hands of the Treasurer.

Taking into consideration all liabilities, and excluding the amount invested on account of "Land Sales," a net surplus is shown on the 31st December, 1894, of £1,041 11 7. In this is not included either the interest accruing to the Revenue on Invested Funds, nor that accruing as payable to Depositors in the Savings' Bank for the Quarter ended 31st December.

The Books and Accounts of the Treasurer show that the Revenue for the past half year exceeded the expenditure by £104 4 4.

Since the 31st December of last year the amount invested on account of "Land Sales" has been further increased by £1,115 19 2, that on account of Savings' Bank by £799 12 0, and that on account of Surplus Funds by £4,000.

The Crown Agents were instructed by the Treasurer in June of the present year to transfer from invested Surplus Funds to the credit of the Savings' Bank Investments to the amount of about £3,500. These instructions, when carried out, will raise the amount invested on account of the Savings Bank to over £32,000.

Despatch No. 109, 1885,  
Governor to Secretary of  
State.

We notice in the amounts invested on account of "Land Sales" and which consequently does not appear to the credit of the "Surplus Fund" a sum of £2,000 which accrued from the sale of the foreshore in Stanley to the Falkland Islands Company and Messrs. Dean and Sons in the year 1855. This sum was set apart for a specific purpose to be meanwhile invested in a distinct fund.

An impression has existed that this amount was included in Surplus Funds, but we are satisfied that it has always been included in "Land Sales," and that the surplus shown at the close of each year is actually Surplus revenue. The actual surplus in December, 1890, according to the accounts to that date was only £2,847 18 4, as against £1,041 11 7 on 31st December, 1894, showing that in the past four years only £1,806 6 9 of the original surplus Revenue have been expended,

In further evidence of the Colony's present satisfactory financial condition the Inventory and Valuation returned by the Storekeeper show that there are, in addition, stores to the value of about £1,200 in the Government Store for which no credit has been or will be taken in the Treasury Accounts.

Payment for these stores was made before the 30th June, last.

These stores do not include those such as coal and oil taken to account as advances and which are debited against the Departments as they make use of them.

The Government Storekeeper reports that the purchase of the whole of the present stock has been made since 1891, at which date the value of the entire stock in hand did not exceed £40.

We have the honour to be,

Sir,

Your most obedient Servants,

## GOVERNMENT NOTICE.

---

The subjoined Report is published for general information, in confirmation of Public Notice dated the 10th instant, relating to the financial condition of the Colony.

By Command,

F. CRAIGIE-HALKETT,  
Colonial Secretary.

Colonial Secretary's Office,  
30th September, 1895.

---

25th September, 1895.

Sir,

The Board appointed by His Excellency the Governor to enquire into the financial condition of the Colony beg leave to report for His Excellency's information, that they have examined the accounts extending as far back as 1886, and have also carefully scrutinized the yearly statements of "Assets and Liabilities" and of "Receipts and Expenditure" which have been issued since that date.

The Accounts with the Crown Agents shewing the Investments on account of "Land Sales" of the "Savings' Bank" and of the "Surplus Fund" were also examined.

These shew that on the 31st December, 1894, the cash balance in the hands of the Crown Agents was £3,189 14 9, and that the Investments on behalf of the Colony were as follows:—

Land Sales	£12,979	4	0	Face Value.		
Surplus Fund	1840	11	7	£13,758	3	10
Savings' Bank	27,921	7	2	1,982	1	2
				28,442	1	9

These values represent the actual amount paid, and not the face value of the stock.

According to the Report of the Quarterly Survey of the Treasurer's Chest there was on the same date (31st December, 1894) a cash balance of £1,614 10 3 in the hands of the Treasurer.

Taking into consideration all liabilities, and excluding the amount invested on account of "Land Sales," a net surplus is shown on the 31st December, 1894, of £1,041 11 7. In this is not included either the interest accruing to the Revenue on Invested Funds, nor that accruing as payable to Depositors in the Savings' Bank for the Quarter ended 31st December.

The Books and Accounts of the Treasurer show that the Revenue for the past half year exceeded the expenditure by £101 4 4.

Since the 31st December of last year the amount invested on account of "Land Sales" has been further increased by £1,115 19 2, that on account of Savings' Bank by £799 12 0, and that on account of Surplus Funds by £4,000.

The Crown Agents were instructed by the Treasurer in June of the present year to transfer from invested Surplus Funds to the credit of the Savings' Bank Investments to the amount of about £3,500. These instructions, when carried out, will raise the amount invested on account of the Savings Bank to over £32,000.

We notice in the amounts invested on account of "Land Sales" and which consequently does not appear to the credit of the "Surplus Fund" a sum of £2,000 which accrued from the sale of the foreshore in Stanley to the Falkland Islands Company and Messrs. Dean and Sons in the year 1885. This sum was set apart for a specific purpose to be meanwhile invested in a distinct fund.

Despatch No. 109, 1885,  
Governor to Secretary of  
State.

An impression has existed that this amount was included in Surplus Funds, but we are satisfied that it has always been included in "Land Sales," and that the surplus shown at the close of each year is actually Surplus revenue. The actual surplus in December, 1890, according to the accounts to that date was only £2,847 18 4, as against £1,011 11 7 on 31st December, 1894, showing that in the past four years only £1,806 6 9 of the original surplus Revenue have been expended.

In further evidence of the Colony's present satisfactory financial condition the Inventory and Valuation returned by the Storekeeper show that there are, in addition, stores to the value of about £1,200 in the Government Store for which no credit has been or will be taken in the Treasury Accounts.

Payment for these stores was made before the 30th June, last.

These stores do not include those such as coal and oil taken to account as advances and which are debited against the Departments as they make use of them.

The Government Storekeeper reports that the purchase of the whole of the present stock has been made since 1891, at which date the value of the entire stock in hand did not exceed £40.

We have the honour to be,

Sir,

Your most obedient Servants,

## THE FALKLAND ISLANDS GAZETTE

231

At an adjourned Meeting of the Legislative Council held on the 27th February, 1895.  
Present :

His Excellency Sir R. T. Gollesworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. C. Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

The Council having resolved itself into Committee the following clauses (*vide Bill*) were added to the Ordinance and stood as Clauses 4, 5 and 6.

Clause 4 of the Bill was re-numbered clause 7.

The Council resumed its sitting.

The Honourable the Colonial Surgeon gave notice that at the next meeting of the Council he would move the Third Reading of an Ordinance entitled "An Ordinance to amend the Lunacy Ordinance, 1894."

The Council resumed its consideration in Committee of an Ordinance entitled "An Ordinance to amend Ordinance No. 1 of 1863, and to make further provision for Compulsory Vaccination," when the following words were added to clauses 4 and 7 respectively, the words at the end of clause 4 from the words "for this" in line 21 to "conviction" in line 24 being struck out.

When clause 4 was going through Committee, His Excellency called attention to the absence of awarding punishment to every subsequent disobedience of the order. The Honourable the Colonial Surgeon strongly urged the necessity of taking every precaution to prevent continued disobedience of such an order. It was unanimously considered that power should be given to the Magistrate to inflict a fine if a man showed himself recalcitrant.

His Excellency informed the Council that their wishes in this respect would be conveyed to the Secretary of State.

On the Council resuming its sitting the Honourable the Colonial Surgeon gave notice that at the next meeting he would move the Third Reading and passing of the Ordinance entitled "An Ordinance to amend Ordinance No. 1 of 1868, and to make further provision for Compulsory Vaccination."

The Council having resolved itself into Committee the enacting clause and title of the Ordinance entitled "An Ordinance for the Regulation of the Post Office" were read. The Council resumed, and the Standing Orders having been suspended, the Honourable the Colonial Secretary moved the Third Reading and passing of the Bill entitled "An Ordinance for the Regulation of the Post Office."

His Honour the Judge seconded and the Bill was read a third time and passed.

The Council then resumed its consideration in Committee of the Ordinance entitled "An Ordinance to make provision for the Eradication of Scab or other Infectious or Contagious diseases in Sheep."

The following Clauses (*vide Bill*) were carried and stood as Clauses 41, 42 & 43.

On Clause 41 His Excellency desired that his opinion might be recorded, in order not to appear inconsistent, that it would be unfair if the tax to defray the cost of carrying the Ordinance into effect were levied on the land according to the acreage as the recorded acreage of some Stations would prove to be much less than the actual acreage if surveyed.

The Council resumed its sitting.

The Secretary of State's Despatch No. 73 of 29th August, 1894 having been read, the Honourable the Colonial Secretary moved the following resolution: "That a sum of £60 per annum, being at the rate of £1 4 per pupil be voted as a Grant in Aid towards the Baptist School.

The Resolution was unanimously carried.

The Council adjourned until the 23th February, 1895

Read and Confirmed this Fifth day of April, 1895.

CHARLES W. HILL,

Administrator of the Estate.

Stanley,

27th December, 1895.

His Excellency the Governor has directed the subjoined Order in Council to be published for general information.

By Command,

F. CRAIGIE-HALKETT,

Colonial Secretary.

Colonial Secretary's Office,  
27th December, 1895.

AT THE COURT AT BALMORAL,

The 3rd day of October, 1895.

PRESENT,

THE QUEEN'S MOST EXCELLENT MAJESTY  
IN COUNCIL

WHEREAS by an Order in Council, dated the 30th July, 1868, made by Her Majesty in exercise of the powers conferred upon Her by the Merchant Shipping Act Amendment Act, 1862, Her Majesty was pleased to direct that the Merchant Ships of the United States of America the measurement whereof should after the 1st January, 1865, have been ascertained and denoted on the registers and other national papers of such ships, testified by the dates thereof, should be deemed to be of the tonnage denoted in such registers or other national papers, in the same manner, to the same extent, and for the same purpose, in, to, and for which the tonnage denoted in the Certificate of registry of British ships is deemed to be the tonnage of such ships, after making therefrom the same deductions, in respect of crew space and engine room, as would, if such ships were British, be made from their gross tonnage under the laws relating to British Ships.

And whereas by another Order in Council, dated the 19th March, 1883, made in exercise of the aforesaid powers Her Majesty was pleased to direct as follows:—

- 1.—As regards sailing ships, that Merchant Sailing Ships of the United States of America, the measurement whereof after the 5th August, 1882, has been ascertained and denoted in the registers and other national papers of such sailing ships, testified by the date thereof, shall be deemed to be of the tonnage denoted in such registers and other national papers, in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of Registry of British sailing ships is deemed to be the tonnage of such ships.
- 2.—As regards Steam Ships:—that Merchant Ships belonging to the United States of America, which are propelled by steam or any other power requiring engine room, the measurement whereof shall, after the said 5th day of August, 1882, have been ascertained and denoted in the registers and other national papers of such steamships, testified by the dates thereof, shall be deemed to be of the tonnage denoted in such registers or other national papers in the same manner, to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships. Provided nevertheless that if the owner or master of any such American steamship desires the deduction for engine room measurement and deduction applicable to British ships instead of under the American Rule, the engine room shall be measured, and the deduction calculated according to the British rules.

And whereas by Section 84 of the Merchant Shipping Act, 1894, it is enacted that, whenever it appears to Her Majesty the Queen in Council, that the tonnage regulations of that Act have been adopted by any Foreign Country, and are in force there, Her Majesty in Council may order that the ships of that Country shall, without being remeasured in Her Majesty's dominions, be deemed to be of the tonnage denoted in their Certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

And whereas it has been made to appear to Her Majesty in Council that the tonnage regulations of the Merchant Shipping Act, 1894, have been adopted by the United States of America and such regulations are now in force there, having come into operation on the 1st day of April, 1895.

And whereas there still are or may be ships belonging to the United States of America to which the hereinbefore recited Orders of the 30th July, 1868, and the 19th March, 1883, may respectively apply, and it is expedient not to revoke the same, but to let the said recited Orders remain in force so long as there are any ships to which the same may so respectively apply.

And whereas the provisions of Section One of the Rules Publication Act, 1893, have been complied with.

NOW, THEREFORE, Her Majesty in pursuance and exercise of the powers hereinbefore mentioned, is hereby pleased, by and with the advice of Her Privy Council to direct that the Merchant ships of the United States of America the measurement whereof shall, after the 1st day of April, 1895, have been ascertained and denoted in the registers and other national papers of such ships, shall be deemed to be of the tonnage denoted in their certificates of registry or other national papers in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of Registry of a British ship is deemed to be the tonnage of that ship.

C. L. PEEL.

At an adjourned Meeting of the Legislative Council held on the 23rd February, 1895.

Present:

His Excellency Sir R. T. Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

ABSENT:

The Honourable F. C. Halkett, Colonial Secretary.

The Honourable the Colonial Surgeon moved the Third Reading and passing of the Bill entitled "An Ordinance to amend the Lunacy Ordinance, 1894." The Honourable J. J. Felton seconded and the Bill was read a third time and passed.

The Honourable the Colonial Surgeon then moved the Third Reading and passing of an Ordinance entitled "An Ordinance to amend Ordinance No. 1 of 1868, and to make further provision for Compulsory Vaccination." The Honourable A. E. Baillon seconded and the Bill was read a third time and passed.

His Excellency reserved his assent to the Bill pending the Secretary of State's instructions as to the insertion of a clause imposing a penalty for continued breaches of an order to vaccinate.

The Council then resolved itself into Committee when in clause 41, line 3, of an Ordinance entitled "An Ordinance to make provision for the eradication of Scab or other Infectious or Contagious diseases in Sheep" the words "town lands alone excepted" were struck out, and the following words were inserted in lieu thereof "save and except all town lands and all unleased Crown lands or lands reserved for Naval, Imperial or other purposes."

The Council resumed.

His Honour the Judge then moved the following resolution:

That a sum of £500 be granted from general revenue for the purpose of defraying the cost of a house to be used as Officers quarters, and in reply to a question by the Honourable A. E. Baillon as to how the sum was to be met His Excellency stated that the financial condition of the Colony was better than in the previous year, there were £2569 balance according to the last Treasury State while there was a sum of £1700 in transit to England and the Surplus Fund stood at £1982.

His Excellency explained the reasons for the necessity of purchasing another house, the Colonial Secretary's quarters were insufficient, and there were no quarters available for the Judge, while the Surveyor was at present occupying the quarters set apart for the Pilot.

The Honourable the Colonial Surgeon seconded and the Resolution was carried unanimously.

The Council adjourned *sine die*.

Read and Confirmed this fifth day of April, 1895.

C. W. HILL

His Excellency directs the publication for general information of the following Draft Ordinance which it is proposed to introduce into the Legislative Council at its next meeting.

By Command,

2.—If the parties shall fail within fourteen days after the giving of such notice to come to such agreement as aforesaid it shall be lawful for the party who shall have given the notice to apply to a Stock Inspector to view the Stations and to report upon the necessity for a fence or what repairs or additions to the existing fence are necessary.

4.—Upon such report being received it shall be lawful for the party who shall have made the application to at once proceed to erect the fence or to repair or improve the existing fence and on the completion of the work the said party shall be entitled to recover from the owner of the adjoining Station one half of the cost of the work so done by action or suit before the Police Magistrate of the Colony or Stipendiary Magistrate of the West Falklands upon a certificate being produced from a Stock Inspector that the fence has been erected or repaired or improved according to the terms of the Inspector's report.

27th February, 1896.

At a Meeting of the Legislative Council held on the 28th January, 1896.

Present :

His Excellency Sir R. T. Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. C. Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

The minutes of the previous Meeting held on the 30th October, 1895, were read and confirmed.

The Honourable the Colonial Secretary moved the introduction and First reading of an Ordinance entitled "An Ordinance to amend the Customs Duties Consolidation Ordinance, 1891."

Seconded by the Honourable the Colonial Surgeon.

The Bill was read by title.

The Standing Orders having been suspended, the Honourable the Colonial Secretary moved the Second reading and going into Committee on the Bill explaining that the object of the provisions of the Bill was to more clearly define the intention of Ordinance 5 of 1891, in respect to the ports of entry where ships might arrive.

The Honourable the Colonial Surgeon seconded.

Clause 1 passed without amendment.

In clause 2, line 2, after the word "disabled" the words "or other unavoidable circumstances" and after the word "thereof" in the same line the words "to the satisfaction of the Governor in Council" were inserted, and, as so amended the clause was carried.

Clauses 3 and 4 passed without amendment.

The Council resumed and on the motion of the Honourable the Colonial Secretary seconded by the Honourable the Colonial Surgeon the Bill was read a third time and passed.

His Honour the Judge then moved the Introduction and First reading of an Ordinance entitled "An Ordinance to provide for the erection of dividing fences by the owners of adjoining lands.

Seconded by the Honourable the Colonial Secretary.

The Bill was read by title.

The Standing Orders were suspended with a view to proceeding with the consideration of the Second Reading of the Bill.

A motion for the Second Reading being duly made by His Honour the Judge, who briefly explained the intention of the various clauses of the Bill, and seconded by the Honourable the Colonial Secretary. The Council went into Committee on the Bill.

On clauses 1, 4, 5 and 6 the Honourable J. J. Felton referred to the provisions of the other draft Ordinance on the Orders of the Day entitled "An Ordinance to further amend the Scab Ordinance, 1895," and, in connection therewith, the Honourable Member instanced the position of the original owner of an existing fence and asked if the original owner pulled down his fence because it was dilapidated he could call upon his neighbour to erect another at joint expense and whether he could call upon him to bear the proportion of the cost of repairing the existing fence.

He remarked on the length of time that the party who had applied for the erection of the fence might be out of pocket owing to the insolvency or impecunious condition of his neighbour and to the possibility of that party, if time for payment to him were extended for some years, not exceeding ten, as provided thereby, or for some other reason, becoming himself impecunious; if this were so the relative positions even of the parties might be reversed yet repayment by instalments only would continue to be required under the law. The Honourable Member also commented on the fact of no security being required for the

payment of instalments and asked if Government had the right to fix the rate of interest to be charged on the amount due by the defendant in clause 5.

It was explained to the Honourable Member with regard to existing fences put up at the expense of one individual, that the law could not be held to be retrospective, that there was nothing to prevent a man from pulling down his own fence, and, if re-erected or repaired at joint expense, the neighbours would naturally have an interest in it. It was suggested that Government might lend the necessary amount to the parties who were unable to meet their proportion of the cost of the erection of fences taking the leases as security for the ultimate re-payment of the money. With regard to the insertion of the rate of interest it was explained that exceptional measures were necessarily required to meet exceptional legislation.

The clauses 1, 4, 5 and 6 were left for further consideration in Committee.

There was no discussion on clauses 2, 3, 7 and 8.

In clause 8, last line, the word "six" was inserted before the word "months"

Clause 9. The Honourable J. J. Felton enquired if this clause referred to suburban lands. His Honour replied that these lands if used for depasturing, would be considered as "stations" under the interpretation clause 12, that a reference would be made to ascertain if any previous Ordinance had determined the "limits of Stanley" but that it was not intended that this clause should extend beyond the town.

On the Honourable J. J. Felton's suggestion it was generally agreed that some remuneration, to be defrayed by the party who failed to erect the fence, should be given to the freeholders ordered to view and report as provided by the clause.

No amendments were made in clauses 10, 11, 12 and 13.

The Bill was left in Committee.

The Council resumed.

His Honour the Judge then moved the introduction and first reading of an Ordinance entitled "An Ordinance to further amend the Scab Ordinance 1895."

Seconded by the Honourable the Colonial Secretary.

The Bill was read by title.

On the Standing Orders being duly suspended, His Honour moved the second reading and going into Committee on the Bill.

Seconded by the Honourable the Colonial Secretary.

Clause 1. The Honourable J. J. Felton questioned the practicability of erecting fences within the period specified, 18 months; and was uncertain as to how far it would affect the agreement proposed in the Ordinance just previously under discussion: he, himself, thought it would over-ride it and render it abortive. Moreover, the financial condition of some farmers would not allow them to defray such an expense within such a short space of time.

After some discussion, His Excellency stated that, if the un-official members concurred, the Government might consider the advisability, with the approval of the Secretary of State, of lending money on the security of their leases in such instances where the action of the Government necessitated a person to fence for the purpose of the eradication of scab; but not in the other instance under the general fencing Ordinance.

The consideration of the draft Ordinance was consequently postponed with a view to the member in charge of the Bill, together with the Colonial Secretary, meeting the un-official members to devise some scheme under which, when a fence is so required to be erected, assistance might be given in the manner suggested above.

The Council then adjourned.

Read and confirmed this eighth day of February, 1896.

2.—From and after the coming into operation of this Ordinance no Letters of Administration shall be granted to any person in the character of a creditor, but in every case where but for this Ordinance Letters of Administration of any Estate would be granted to a creditor thereof, such Estate shall be considered as unrepresented within the meaning of this Ordinance.

Appointment of Official Administrator.

3.—The Governor may appoint an Officer to be called the Official Administrator, who, previously to entering upon the duties hereinafter defined, shall enter into recognizance with two sureties in such sum as the Governor shall order and shall take and subscribe the following oath:

Administrator may take  
possession.

7.—The Official Administrator shall, if he think fit so to do, immediately on becoming aware of any unrepresented Estate, and before obtaining the order in the foregoing section mentioned, enter upon the Estate for the purpose of sealing up or making such other dispositions for the security of such Estate as he may deem necessary.

11.—The Official Administrator shall, immediately after obtaining an order to collect any Estate, publish in the Falkland Islands Gazette and shall also affix on the Government notice board in Stanley, a notice calling upon the creditors of the Estate mentioned in such notice to come in and prove their claims on or before a certain day to be therein named, or in default thereof to be excluded from any benefit arising from such Estate, and if so ordered by the Court shall also publish such notice in one or more papers published out of the Colony to be selected by the Court, and shall repeat such notices so often as the Court shall order, and claimants or creditors residing within the Colony shall be bound to file their claims at the Office of the Official Administrator within three months after such notice as aforesaid; and claimants or others residing out of the Colony shall be bound to file their claims within six months after the publication of the last notice in such foreign paper as aforesaid, on pain, in default thereof, of being excluded from any benefit arising from such Estate.

Disputes as to validity of claims to be settled by Court.

13.—In the event of any dispute arising as to the validity of any claim, the parties, or on their default or where the Official Administrator himself entertains doubts of the validity of any claim, the Official Administrator shall draw up and settle a statement in writing of the grounds of such dispute, and shall submit the same to the Court, and the Court shall thereupon make such order thereon as the circumstances of the case may require. But no action or suit shall be brought against the Official Administrator in respect of any debt due from an Estate under his administration.

14.—The Court may at any time make an order for the immediate sale by the Official Administrator of such part of any Estate as shall be of a perishable nature or from any cause whatever deteriorating in value.

Administrator to sell personal property.

15.—The Official Administrator shall, within three months after entering into possession of any Estate, sell and dispose of all the personal property belonging to such Estate by public auction after such public notice thereof as is usual in the case of sales by order of the Court. Provided always that the Court may by any order in that behalf extend the time for such sale, or direct such personal property to be disposed of by private contract.

Court may order sale of realty.

16.—In case the Court shall be satisfied that the proceeds of the sale of the personal property belonging to any Estate are insufficient to discharge the debts and liabilities attaching to such Estate, the Court may by its order direct the Official Administrator to sell the whole or such part of the real property belonging to such Estate as the Court may deem necessary for the purpose aforesaid, and such sale shall be subject to all the incidents of a sale of real property by order of the Court: Provided always that nothing hereinbefore contained shall be taken or construed to give any purchaser any other or better title to such property than shall have been possessed by the last owner thereof.

If sufficient money shall not remain after the satisfaction of Subsection (1) & (2) for the payment of all creditors in full, then the amount shall be divided rateably among the creditors.

Application of  $6\frac{1}{4}$  per cent.

19.—The  $6\frac{1}{4}$  per centum to be paid by the Official Administrator into the Treasury under Subsection (2) of the last preceding section shall be applied in manner following, that is to say:—

- (2).  $1\frac{1}{4}$  per centum shall be carried to a reserve fund for defraying the incidental expenses necessitated by this Ordinance. Provided always that the Governor may at any time order that the remuneration by this section provided to be paid to the Official Administrator shall be commuted for a fixed salary without reference to the amount at any time produced by such remuneration.

Disposal of real property.

20.—When after winding up an Estate any real property remains undisposed of, the Official Administrator shall forthwith, and before closing the accounts of such Estate, apply to the Court for directions as to the disposal of such real property, and the Court may order the same to be sold, or may appoint a receiver or make such other order as to the Court shall seem just.

Audit of accounts by Judge.

23.—The Official Administrator shall monthly exhibit a statement of his accounts to the Judge, who shall satisfy himself as to their correctness and also that the payments into the Government Savings Bank, prescribed by section 17 to be made, have been duly and punctually carried out. The moneys prescribed by section 18, to be paid into the Treasury, shall be so paid within 48 hours of the final winding up of the Estate.

Estate of intestate whose kindred are unknown how dealt with.

27.—The balance of the Estate of an Intestate whose kindred are unknown, when paid into the Treasury as provided by section 18 shall be invested under the head of "The Intestates Estates Fund" in securities to be approved by the Secretary of State for the Colonies, and shall be allowed to accumulate with interest for a period of ten years at the expiration of which period all claims thereto shall be barred and the principal and accumulated interest shall lapse to the Government of the Falkland Islands and may be appropriated for such public purposes as shall be approved by the Secretary of State for the Colonies.

JOHN T. MOWAT,

Chief Inspector of Stock.

27th February, 1896.

At a Meeting of the Legislative Council held on the 8th February, 1896.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " J. J. Felton.

" " A. E. Baillon.

Absent :

The Honourable S. Hamilton, Colonial Surgeon.

The Minutes of the previous Meeting were read and confirmed.

The Council resumed its consideration in Committee on the Ordinance entitled "An Ordinance to provide for the erection of dividing fences by the owners of adjoining lands."

His Honour the Judge stated that following on the suggestion made at the last meeting the Committee had met and had arrived at the conclusion that when time was given under Clause 5 the defendant should find security for the payment of instalments, and that under Clause 6 such security—either personal or that of sureties—should constitute a preferable lien against subsequent incumbrances on all property of the defendant or sureties. These amendments had accordingly been embodied in revised clauses which were now about to be laid before the Council.

His Excellency thought that under Clause 6, as amended, an adjoining leaseholder if unfriendly with a neighbour and knowing him to be heavily mortgaged and unable to find sureties might enforce him to fence, and that therefore the provisions of this Clause would put a powerful weapon in his hand.

After some discussion His Excellency said that there was no need for hasty legislation since the provisions of the existing Scab Ordinance, as already pointed out by His Honour the Judge, might in time bring about the fencing which was devised by the present proposed Ordinance.

The Council concurred in the Bill being left in Committee so that it might be referred to the Secretary of State with a view to the opinions of those more experienced in the matter being obtained.

It was however considered advisable that the proposed amendments should be discussed and—if carried—inserted, so that the Bill with the amended clauses might be laid before the Secretary of State.

Clause 1 passed without amendment.

Clause 5. The Un-Official Members recorded it as their opinion that the payment by instalments should commence with the commencement and not after the completion of the work, and that security should be demanded previous to commencing the work.

It was pointed out by His Honour the Judge that from a person enforcing the erection of a fence would appear that the work would be more beneficial to him than to his neighbour, and that no money should be recoverable until after the completion of the work.

His Excellency however stated that there would be no objection to the period for payment being extended to 10 years from the commencement of the work.

After some further discussion it was thought advisable that when the parties did not mutually agree to erect fences the report of the Stock Inspector consequent on the application of one of the parties should be delivered to the Magistrate and not to the party making the application: And that such Magistrate should after enquiry order the erection and decide as to the best means whereby the cost, by payment of instalments, should be defrayed.

This was unanimously agreed to, and the consideration of Clauses 3, 4, 5 and 6 were consequently held over for further amendment.

In Clause 9, line 26, the words "in a summary way" were struck out, and the words "by suit or action" inserted.

A new Clause, after Clause 9, making provision for the remuneration of freeholders inspecting lots was carried, and read as follows:—

10.—Each freeholder who may be ordered to view premises under the preceding Section shall be allowed by the Magistrate the sum of ten shillings per diem for the time necessarily employed in viewing the lot of land referred to in the order of the Magistrate which sum or sums of money shall be paid by the owner of the lot of land who shall have neglected or refused to assist in making or repairing a division fence, and upon non-payment of the amount allowed the Magistrate before whom the case shall have been heard shall issue his Warrant to recover the amount by distress and sale of the goods and chattels of the party making default.

In Clause 13, line 4, the following words were inserted, "Magistrate," shall mean Police Magistrate of the Colony or Stipendiary Magistrate of the West Falklands, and the word "Magistrate" inserted in the clauses wherever the words Police Magistrate of the Colony or Stipendiary Magistrate of the West Falklands occurred.

The Bill was left in Committee.

The Council resumed.

On being duly moved into Committee the Council resumed its consideration of the Ordinance entitled "An Ordinance to further amend the Scab Ordinance, 1895."

The following amended Clauses which stood as Clauses 1 and 2 were carried.

1.—If it shall appear to the Chief Inspector on his own view that there is no sufficient natural boundary between two stations and no sufficient dividing fence between such stations the Inspector may, if he considers it necessary for the eradication of Scab on the stations, issue an order in writing to the occupiers of the said stations to erect a sufficient fence between such stations within eighteen months from the date of the service of such order: Provided however that the said Inspector shall be entitled and is hereby empowered when he shall become satisfied that because of the situation or natural conditions of any station it is impracticable to complete the erection of a dividing fence within such period of eighteen months to extend the time within which a dividing fence shall be erected on such station for such further period as to the said Chief Inspector shall seem fair and reasonable.

2.—Any occupier of a station who shall wilfully neglect to obey an order issued by the Chief Inspector under the preceding section within the period named in such order shall be liable to a penalty of not less than Ten Pounds and not exceeding Twenty Pounds for every month he shall remain in default. No occupier of a station shall however be considered guilty of such wilful neglect who shall within the time fixed by the Inspector have completed what is certified by the Inspector to be either occupier's proper proportion of the work of erecting such dividing fence.

In Clause 3, "Sufficient Fence" it was considered advisable that a combined wire netting and wire fence should be also deemed a sufficient fence and that this Sub-Clause should be accordingly revised.

Clause 3 was re-numbered Clause 4.

The Bill was left in Committee.

On the Council resuming His Honour the Judge moved the Introduction and First Reading of an Ordinance entitled "An Ordinance for regulating the law relating to Conspiracy and to the protection of property and for other purposes." Explaining that its provisions were based indeed almost similar to those of Vic. 38 & 89 Cap. 86.

The Honourable the Colonial Secretary seconded.

The Bill was read by title.

The Council adjourned until the 10th February.

Read and Confirmed this 10th day of February, 1896,

At a Meeting of the Legislative Council held on the 10th February, 1896.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. Craigie-Malkett, Colonial Secretary.

The Honourable S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

" " A. E. Baillon.

The Minutes of the previous Meeting were read and confirmed.

The Council resumed in Committee the consideration of Clauses 3, 4, 5 & 6 of an Ordinance entitled "An Ordinance to provide for the erection of dividing fences by the owners of adjoining lands."

His Honour the Judge laid before the Council certain revised Clauses drafted to meet the suggestions proposed at the last meeting. Before proceeding further he thought it right to state however that in introducing the Fencing Ordinances and the various amendments thereto it was not to be concluded that he cordially approved of them as a whole, but that he had yielded on many points in deference to the opinions of the Executive and Members of the Legislative Council but whilst expressing this opinion he would not vote against the amendments. A careful consideration, he added, of the whole question inclined him more strongly than ever to his original opinion that all that is required, after a Station has been viewed by a Scab Inspector and the necessity for a dividing fence reported, is for the owner desirous of fencing to complete the fence under order of a Magistrate, who upon its completion should be entitled to immediately recover half the cost from the adjoining owner. He did not think any great hardship would result from this either to the rich or poorer farmer.

His Honour further added that he certainly objected to an inquisitorial enquiry into the private means of an individual as soon as an owner wishes to fence. On the other hand, when the fence is completed the leaseholder erecting it should at once recover the share of the cost from the adjoining leaseholder.

His Excellency after some remarks from the Unofficial Members who appeared to be in favour of the proposed amendments said that in face of what the Legal Adviser had stated he was not prepared to give effect to the Ordinance should the amendments be passed, and proposed that this Bill and the Bill to further amend the Scab Ordinance, 1895, should be left in Committee.

His Excellency addressing the Honourable J. J. Felton asked how he would have liked when entering on his farm to have been requested to do what was now proposed. The case is not similar with the adjoining owner, for instance, take those who have recently acquired land, they pay on the acreage ascertained by survey and a high rental, whereas farmers in many cases do not pay on one half the land leased, had not he and others stated that the farms could not pay on such a rental and yet he was asking that more should be demanded from the small farmers. His Excellency then asked the Unofficial Members to state their views on the matter in writing so that they, together with the original Draft Ordinance and these proposed amendments, might be forwarded to the Secretary of State for his instructions.

The Council then continued its consideration in Committee of an Ordinance to further amend the Scab Ordinance, 1895.

Clause 2 was further amended by the words in lines 1 & 2 "obey an order" issued by the Chief Inspector under the preceding section within the period named "in such order" being struck out and the words "erect a dividing fence within the period fixed by the Chief Inspector under the preceding section" substituted therefor.

Clause 3. "A sufficient fence" was interpreted as follows: "shall mean a fence constructed of not less than 6 wires, or a fence constructed of wire or of wire and wire netting. The fence to have droppers or standards not less than 10 feet apart and to be not less than 3 feet 3 inches high and the bottom of the fence to be not less than six inches from the ground."

It was generally considered that the powers proposed by this Ordinance were too great to be vested in one authority. It was not thought expedient however for the Magistrate to intervene where the matter depended on the competency of an expert, such as a Scab Inspector, but there might be some appeal against his order say perhaps to the Governor-in-Council.

The Bill was left in Committee with a view to it being forwarded to the Secretary of State for his instructions thereon.

On the Council resuming, His Honour the Judge moved the Second Reading and going into Committee on an Ordinance entitled "An Ordinance for regulating the Law relating to Conspiracy and to the protection of property and for other purposes."

Seconded by the Honourable the Colonial Secretary, the following amendments were made:—

Clause 1, lines 6 to 9, the words "nothing in this Section shall exempt from punishment any persons to... the Colony" were deleted

Clause 3, line 1, the word "legally" was inserted after the word "being."

The following stood as Clauses 6 & 7.

6.—"Upon the hearing and determination of any case under Sections 2 and 8 of this Ordinance the respective parties to the contract of service their husbands or or wives shall be deemed and considered as competent witnesses."

7.—"In this Ordinance the word "Magistrate" shall include and mean the "Police Magistrate of the Colony or the Stipendiary Magistrate of the West Falklands."

And the word "Magistrate" consequently inserted wherever the words "the Police Magistrate of the Colony or Stipendiary Magistrate of the West Falklands" occurred.

The Council resumed when, the Standing Orders having been suspended, His Honour the Judge moved the Third Reading and passing of the Bill.

Seconded by the Honourable the Colonial Secretary the Bill was read a Third time and passed.

The Council adjourned.

Read and Confirmed this 30th day of March, 1896;

 Sir ROGER TUCKFIELD GOLDSWORTHY, K.C.M.G., Governor.

No. of 1896.

## *An Ordinance to consolidate and amend the Laws relating to Customs Duties and Trade.*

Whereas it is expedient to consolidate and amend the several Ordinances now in force for the purpose of fixing the duties of Customs and levying and collecting the same.

Be it enacted by the Governor of the Falkland Islands and their Dependencies, with the advice and consent of the Legislative Council thereof, as follows:—

1.—From and after the coming into operation of this Ordinance all Ordinances relating to Customs Duties and Trade are hereby repealed, and from henceforth there shall be raised, levied, collected and paid, unto Her Majesty, her heirs and successors, for the use of this Colony, the several duties of Customs in the "Tariff of Import duties" in the Schedule hereto.

2.—It shall be lawful for the Governor in Council, from time to time, to appoint proper persons to execute the duties of the several offices necessary to the collection of the customs and all matters connected therewith; Provided that the several persons now filling or discharging the duties of such offices shall continue to fill and discharge the same during Her Majesty's pleasure.

3.—It shall be lawful for the Governor in Council from time to time, by Order in Council, to appoint Ports of Entry in the Colony, and declare the limits thereof. The Port of Stanley and the Port of Fox Bay shall continue however to be Ports of Entry without further notice or order.

4.—The Master of every vessel whether laden or in ballast shall, within twenty-four hours after arrival from parts beyond the seas at a Port of Entry in the Colony make due report (as in Form No. I of this Ordinance) of such vessel to the Collector of Customs; Provided always that if any suspicion arise as to the character of such vessel such report may be required forthwith, together with the production and lodging of the ship's papers with the Collector of Customs. Such reports shall be made before bulk be broken or any goods whatever, except personal luggage, passed by an Officer of Customs, shall be removed, landed, or waterborne from any such vessel. If the Master shall fail to make due report, or if the particulars or any of them contained in such report be false, he shall forfeit the sum of fifty pounds, and all goods not reported shall be forfeited; Provided that the Collector of Customs may forego the prosecution where no wilful error has been made, and subject the Master to a fine not exceeding five pounds.

5.—The Master of every vessel shall at the time of making report answer all such questions relating to the vessel, cargo, crew, and voyage, as shall be put to him by the Collector or Officer of Customs; and if such Master shall fail to make due report, or if the particulars or any of them contained in such report be false, or if he does not answer the questions demanded of him or does not answer truly, or if after the arrival within four leagues of the Port for which the vessel is bound, bulk shall be broken or any alteration made in the stowage of the cargo of such vessel, or if any part be staved, destroyed,

or thrown overboard or any package opened, unless cause be shown to the satisfaction of the Collector or in his absence the Officer of Customs, in every such case the Master shall be liable to a penalty not exceeding one hundred pounds, and in case the said Master shall fail to pay the amount of the penalties incurred under this section and all costs of recovering the same, the Collector or Officer of Customs as aforesaid shall have full power and authority to detain such vessel and not allow the same to leave the said Port until such amount has been duly paid and all expenses attendant thereon; and in case any goods be not reported, such goods shall be forfeited unless it appear that there was no fraudulent intention, in which case the Master shall be allowed to amend his report, and the goods may in the meantime be removed to the Government Warehouse,

6.—If the contents of any package in such vessel shall be reported by the Master as being unknown to him any duly authorized Officer of Customs shall open and examine such package on board such vessel, or cause the same to be brought to the Government Warehouse for that purpose at the expense of the owner of such package.

7.—On the arrival of any vessel in any Port of Entry in the Colony it shall be lawful for the Collector of Customs to send one or more Officers of Customs on board of such vessel who shall remain on board at the discretion of the Collector of Customs till all goods are landed from such vessel, and the duties, if any, shall have been paid or otherwise accounted for to the satisfaction of the Collector, and there shall be paid for the services of every Officer so proceeding or remaining on board, as aforesaid, by the Master or Consignee of such vessel to the Treasurer for the purposes of general revenue, the sum of ten shillings for every day or part of a day during which such Officer shall be so employed; and further it shall be lawful for the Collector or other Officer of Customs to go on board any vessel at any time and rummage and search all parts of such vessel in order to ascertain the quantity of articles liable to duty which the vessel may contain.

8.—The Master of any vessel on board of which any Officer or Officers of Customs may be placed by the Collector of Customs under the powers given by the preceding section, shall provide food for and sufficient room and accommodation under the deck for the bed or hammock of every such Officer, for which a sum of three shillings per diem for each Officer shall be allowed to the Master.

9.—The Master of every vessel on board of which an Officer or Officers of Customs may have been placed shall, at the discretion of the Collector of Customs, either give an undertaking for payment or make a deposit with such Collector of Customs of such sum as, in the opinion of the Collector of Customs, shall be sufficient, on the termination of the duties of such Officer or Officers of Customs, to pay his or their return passage from the Port at which the cargo of such vessel may have been discharged.

10.—If the Master of any vessel arriving from parts beyond the ~~seas~~ brings such vessel to anchor at, or has any communication with, any part of the coast or shores of the Colony, other than the Port of Stanley, the Port of Fox Bay, or such other Port as may hereafter be declared by Order in Council a Port of Entry, before making due report inwards of such vessel to the Collector of Customs, or without authority as hereinafter provided for, the Master shall on being convicted thereof be liable to a penalty not exceeding One Hundred Pounds and such vessel shall be liable to forfeiture: Provided that if any vessel is driven into any Bay or place on the Coast of the Colony by stress of weather, or by being disabled, on proof thereof no such Penalty or Forfeiture shall be incurred: Provided also that nothing herein contained shall prevent the Collector of Customs upon being

applied to by the Agent of the Owner or of the Master of a vessel expected to arrive within the Colony, from issuing if he thinks advisable a permit or authority for such vessel to enter any Bay or place, not being a port of entry, upon the said Agent agreeing to pay the expenses of a duly qualified Officer or Officers of Customs to be despatched to await the arrival of the vessel at such Bay or place.

11.—The Master of every vessel arriving from any Port out of the Colony, at any port of entry within the limits of the Colony other than Port Stanley, for the purpose of landing or receiving cargo, shall, upon being admitted to entry inwards, pay to the Officer of Customs appointed by the Governor as aforesaid, a duty of one shilling per ton on the registered tonnage of such vessel. Provided always that no vessel whose registered tonnage exceeds two hundred tons shall be liable to a payment of a larger amount than ten pounds in respect of the aforesaid duty on each entry, and no such vessel shall be suffered to clear out by the said Officer of Customs until the said duty has been fully paid, and the amount of such duties shall be paid and applied in like manner as the several duties of Customs are directed to be paid and applied by the first Section of this Ordinance, and the same, and other duties collected by such Officer of Customs, shall be transmitted with all convenient speed by such Officer to the Treasurer at Stanley. All vessels liable to the payment of tonnage duties shall only be liable to the same for the first two voyages after the first day of January in any one year, and after payment of tonnage duties on such two voyages, shall be exempt from any further duties during the remainder of such year.

12.—Goods shall not be unladen from any vessel until due entry shall be made of such goods and warrant granted for unloading of the same and goods shall not be so unladen except at some place for which a licence has been granted by the Collector or Officer of Customs for the unloading of such goods nor otherwise than in the presence or with the permission in writing of the proper Officer of Customs.

With reference to previous publications respecting regulations for preventing collisions at sea, notice is hereby given that Her Majesty has been pleased, by Order in Council under date 8th February, 1896, to rescind the Order in Council of the 30th January, 1893, as also the provisions contained in the Schedule and to order that Article 3 of the Regulations contained in the Order in Council of the 11th August, 1884, shall have effect as if the said Order in Council of the 30th January, 1893 had never been made.

Article 3.—A seagoing steamship when under way shall carry—

- (a.) "On or in front of the foremast, at a height above the hull of not less than 20 feet, and if the breadth of the ship exceeds 20 feet, then at a height above the hull not less than such breadth, a bright white light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the ship, viz., from right ahead to two points abaft the beam

on either side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least five miles.

- (b.) On the starboard side, a green light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (c.) On the port side, a red light, so constructed as to show an uniform and unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible on a dark night, with a clear atmosphere, at a distance of at least two miles.
- (d.) The said green and red side lights shall be fitted with inboard screens projecting at least three feet forward from the light, so as to prevent these lights from being seen across the bow."

A Copy of the Report of the Committee on the screening of Ship's side lights and of the instructions to Surveyor's as to screening of side lights, may be seen on application at the Colonial Secretary's Office.

## BRANDING OF SHEEP WITH TAR.

SIR,  
The attention of the Council of this Chamber has been called to the very serious drawbacks that occur to Spinners and Manufacturers owing to the use of tar and similar substances in the marking of sheep. A large quantity of wool is used in the manufacture of

carpets and similar productions, which does not undergo the process of sorting, and although employees are cautioned to exercise due care and vigilance to take out any tar-marked wool they may discover, yet it frequently happens that tar marks in small quantities pass through the various stages into the finished goods, thereby causing considerable damage and loss.

I am therefore directed that you will call the attention of Foreign Consuls in wool producing countries to this complaint with a view to their inducing farmers to adopt some other means of identification; or, if "marking" is to be adhered to, then in that case some substance should be used which, whilst being capable of outliving the ordinary conditions of weather in the open, would yield to, and become dissolved by the regular process of wool-washing. The value of the wool under these new conditions would be considerably enhanced.

I am, &c.,

Secretary.

Copy of Resolution forwarded in His Excellency's Despatch, No. 24 of March 3rd, 1896.

TO THE QUEEN'S MOST EXCELLENT MAJESTY.

We, the President and Members of the Legislative Council of the Falkland Islands and their Dependencies and Your Majesty's loyal subjects desire to express our deep sympathy and that of the community at large

in the loss which Your Majesty and your daughter, the Princess Beatrice, have sustained in the death of Colonel His Royal Highness the Prince Henry Maurice of Battenberg, K. G.

If the sorrow and grief which Your Majesty and his widow must feel under such a trial can be in any way assuaged it must be by the knowledge that he died on active service and whilst honourably discharging, in a pestilential climate, his military duties in connection with the country of his adoption.

That the Almighty may give Your Majesty and Her Royal Highness the Princess Beatrice strength to bear the blow it has pleased Him to inflict is the prayer of your loyal subjects.

#### BRANDING OF SHEEP WITH TAR.

SIR,

The attention of the Council of this Chamber has been called to the very serious drawbacks that occur to Spinners and Manufacturers owing to the use of tar and similar substances in the marking of sheep. A large quantity of wool is used in the manufacture of carpets and similar productions, which does not undergo the process of sorting, and although employees are cautioned to exercise due care and vigilance to take out any tar-marked wool they may discover, yet it frequently happens that tar marks in small quantities pass through the various stages into the finished goods, thereby causing considerable damage and loss.

I am therefore directed that you will call the attention of Foreign Consuls in wool producing countries to this complaint with a view to their inducing farmers to adopt some other means of identification; or, if "marking" is to be adhered to, then in that case some substance should be used which, whilst being capable of outliving the ordinary conditions of weather in the open, would yield to, and become dissolved by the regular process of wool-washing. The value of the wool under these new conditions would be considerably enhanced.

I am, &c.,

(Signed)

J. ROBERTSHAW,

Secretary.

The Secretary of State,  
Colonial Department.

The Bill was read by title.

The Standing Orders being suspended His Honour the Judge, seconded by the Honourable the Colonial Secretary, moved the Second Reading and going into Committee on the Bill, which was carried unanimously. His Honour explained that the necessity for the introduction of this Bill arose from the fact that the Law No. 5 of 1891 was found to be defective owing to the clauses being so distributed and arranged as not to facilitate its working, the opportunity had also been taken of embodying the two Ordinances which had been enacted subsequent to the passing of the Law of 1891.

The following amendments were made in Committee.

Clause 16, lines 11 and 17. The word "seven" was substituted for the word

"three."

Clause 19, line 5. The word "may" was substituted for the word "shall."

Clause 23. The following words were added at the end of the clause "and the party offending shall be liable to a penalty not exceeding One Hundred Pounds or treble the value of the goods at the option of the Collector of Customs."

Clause 27, line 9. The word "may" was substituted for the word "shall."

Clause 29, line 8. The words after "and if there are" to the end of the clause were struck out.

Clause 31, line 3. The word "dutiable" was inserted before "articles" and the words "liable to specific duties" struck out.

Clause 32, line 10. The word "warrant" was substituted for the word "permit."

Clause 34, line 1. The word "delivered" was substituted for the word "landed" and the word "due" was inserted in the second line before the word "examination."

Clause 36, line 2. After the word "afterwards" the words "open and if he desires" were inserted.

Clause 37, line 2. The words "twenty-four" were struck out and the words "a reasonable time not exceeding seventy-two."

Line 6. The word "warrant" was substituted for the word "permit."

Clause 39, line 2. The words "the Governor of the Colony or" were inserted before the words "of Her Majesty."

In the last line the word "suit" was substituted for the word "action."

Clause 67, line 5. The words "Chief Constable or Police Constable" were struck out.

Clause 71. Under the Sub-Heading "Officer of Customs" the words "and also all Police Constables" were added under the sub-heading "warehouse" after the word "otherwise" the words "now or hereafter to be constituted as such by the Collector of Customs, with the authority of the Governor" were added.

Under the head of "exemptions" in the Schedule, paragraph 6, lines 4 & 5, the words "on the warrant of the Governor in Council" were deleted.

The Bill was left in Committee that the clauses might be re-grouped and the legal procedure in serious cases be further considered.

At an adjourned Meeting held on the 12th May, 1896.

Absent :—

The Honourable J. J. Felton.

The Council resumed in Committee its consideration of an Ordinance entitled "An Ordinance to make further provision for the service of the Colony of the Falkland Islands for the year 1895."

The items of expenditure were read and discussed.

The Honourable A. E. Baillon referred to the excess of £518 on the Miscella-

neous vote, of which he understood that £500 was in respect of the purchase of a house formerly in the possession of Mr. Lasar, but which expenditure he thought would have been met by the ordinary Public Works vote. The Resolution unanimously carried on the 28th February granting this sum from General Revenue was read to the Honourable Member.

The Honourable Member thought that the amount of £1048 under the head of Public Works appeared excessive, and added, that if he had time he would like to thoroughly analyse the items in detail, more especially the expenditure on roads. It was explained that this amount included some £500 as the cost of labour on and material for the erection of the Magistrate's house, &c., on the West Falklands and for which a sum of £800 had been voted during the year; that the purchase and erection of standard street lamps was also defrayed out of this sum, and that the balance was represented by stock on hand in the Government Store.

The Honourable Member did not wish to oppose the vote.

With regard to the sum of £141 under Port and Marine, the Honourable Member was informed that this was due to the Pilot Schooner "Victoria" having been refitted, which also had to undergo repairs after going ashore. With the execution of these repairs the purchase of another Schooner was not contemplated so long as she was able to perform the pilot service as of late.

On clause 1 being put was unanimously carried.

Clause 2 passed without amendment.

The Council resumed.

The Standing Orders being suspended the Honourable the Colonial Secretary, seconded by the Honourable the Colonial Surgeon, moved the Third reading and passing of the Bill, which being duly carried, the Bill was read a Third time and passed.

The Council adjourned.

Read and Confirmed this 2nd day of July, 1896,

(Signed)

ROGER TUCKFIELD GOLDSWORTHY,  
*Governor.*

CHARLES W. HILL,

#### SPECIAL WARNING TO MARINERS:—

**FALKLAND ISLANDS.**—*Currents.*—Mariners are warned that during and after long continued South Easterly gales, when a heavy sea is rolling in on the South and South-East coasts of the Falkland Islands, there is stated to be a strong set to the North-Westward, to which set has been attributed the loss of several vessels in the neighbourhood of Bull point. Vessels from Cape Horn, therefore, intending to sight Beauchêne island, should make due allowance against a possible set of 20 to 30 miles a day to the North-Westward.

**ICE.**—With reference to Admiralty Notice to Mariners, No. 206 of 1894, and to previous Notices, respecting the large number of ice islands and bergs reported in the South Atlantic to the North-Eastward of the Falkland Islands:—Further notice is now given that the extraordinary accumulation of icebergs in this area appears to have been dispersed. It appears therefore unnecessary to continue to issue a special Notice warning Mariners of the abnormal condition of ice in this region, as the ordinary cautions in the Passage Book; page 57 in South America Pilot, part I, pages 36 and 37 and foot notes; and at page 33 of South America Pilot, part II, 1895, are amply sufficient to warn the seaman to avoid the area at all times, if practicable. Icebergs are still being reported off Cape Horn. *Note.*—This Notice has no reference to ice in Southern Indian Ocean, where bergs have been recently reported as far North as 42° South, and where consequently a Northern route is advisable. *April.*

On 4th January, 1896, the "*Zuleika*" reports having passed a large berg in 56° 17' S., 65° 42' W.; on 5th January another berg, in 54° 58' South, 62° 19' West; and on 6th January, another, in 53° 36' South, 58° 39' West. *May.*

On 4th January, 1896, the "*Lord Templemore*" reports having passed an iceberg and several small flocs in 55° 37' South, 62° 8' West. *April.*

On 9th January, 1896, the "*Loch Garry*" reports having passed a large berg in 55° 27' South, 61° 48' West, about 80 miles South, 73° East, from Cape St. John, East end of Staten island; also several detached pieces were seen to leeward. *April.*

**ENGLISH NARROWS.**—As in passing through English narrows it is advisable to wait for slack tide, and as consequently vessels bound in opposite directions (being unable to see each other) might meet in the critical part of the Channel; it has been arranged between certain Companies, whose vessels constantly use the inner Patagonian route, that when nearing the English Narrows ships should either fire a gun or sound their steam whistles; and that should vessels bound North meet vessels bound in the opposite direction, the ships bound North shall wait until the Southward-bound vessels have cleared the Narrows. A note to the above effect has been placed on the Admiralty Charts. *May.*

#### SPECIAL WARNING TO MARINERS :—

**FALKLAND ISLANDS.**—*Currents.*—Mariners are warned that during and after long continued South Easterly gales, when a heavy sea is rolling in on the South and South-East coasts of the Falkland Islands, there is stated to be a strong set to the North-Westward, to which set has been attributed the loss of several vessels in the neighbourhood of Bull point. Vessels from Cape Horn, therefore, intending to sight Beauchêne island, should make due allowance against a possible set of 20 to 30 miles a day to the North-Westward.

**ICE.**—With reference to Admiralty Notice to Mariners, No. 206 of 1894, and to previous Notices, respecting the large number of ice islands and bergs reported in the South Atlantic to the North-Eastward of the Falkland Islands :—Further notice is now given that the extraordinary accumulation of icebergs in this area appears to have been dispersed. It appears therefore unnecessary to continue to issue a special Notice warning Mariners of the abnormal condition of ice in this region, as the ordinary cautions in the Passage Book : page 57 in South America Pilot, part I, pages 36 and 37 and foot notes ; and at page 33 of South America Pilot, part II, 1895, are amply sufficient to warn the seaman to avoid the area at all times if practicable. The following extracts from the Board of Trade "Notice to Mariners," dated, May, 1896, are published for general information.

By Command,

F. CRAIGIE-HALKETT,

Colonial Secretary.

Colonial Secretary's Office,  
July, 1896.

#### SPECIAL WARNING TO MARINERS :—

**FALKLAND ISLANDS.—Currents.**—Mariners are warned that during and after long continued South Easterly gales, when a heavy sea is rolling in on the South and South-East coasts of the Falkland Islands, there is stated to be a strong set to the North-Westward, to which set has been attributed the loss of several vessels in the neighbourhood of Bull point. Vessels from Cape Horn, therefore, intending to sight Beauchêne island, should make due allowance against a possible set of 20 to 30 miles a day to the North-Westward.

**ICE.**—With reference to Admiralty Notice to Mariners, No. 206 of 1894, and to previous Notices, respecting the large number of ice islands and bergs reported in the South Atlantic to the North-Eastward of the Falkland Islands :—Further notice is now given that the extraordinary accumulation of icebergs in this area appears to have been dispersed. It appears therefore unnecessary to continue to issue a special Notice warning Mariners of the abnormal condition of ice in this region, as the ordinary cautions in the Passage Book; page 57 in South America Pilot, part I, pages 36 and 37 and foot notes; and at page 33 of South America Pilot, part II, 1895, are amply sufficient to warn the seaman to avoid the area at all times if practicable. Icebergs are still being reported off Cape Horn. *Note.*—This Notice has no reference to ice in Southern Indian Ocean, where bergs have been recently reported as far North as 42° South, and where consequently a Northern route is advisable. *April.*

On 4th January, 1896, the "*Zuleika*" reports having passed a large berg, in 56° 17' S., 65° 42' W.; on 5th January another berg, in 54° 58' South, 62° 19' West; and on 6th January, another, in 53° 36' South, 58° 39' West. *May.*

On 4th January, 1896, the "*Lord Templemore*" reports having passed an iceberg and several small flocs in 55° 37' South, 62° 3' West. *April.*

On 9th January, 1896, the "*Loch Garry*" reports having passed a large berg in 55° 27' South, 61° 48' West, about 80 miles South, 73° East, from Cape St. John, East, end of Staten island; also several detached pieces were seen to leeward. *April.*

On 12th January, 1896, the barque "*Seestern*" reports having passed 2 large bergs in 55° 49' North, 58° 13' West. *April.*

#### MAGELLAN STRAIT, &c.

**EVANGELISTAS (ISLS. OF DIRECTION).**—A Light-House is in course of construction in 52° 24' South, 75° 6' West, on these islands, Western entrance to Magellan strait, and the Light may be exhibited before the end of 1896. *April.*

**SMYTH CHANNEL.**—A small beacon is established in 52° 15' 25" South, 73° 41' West, on Low island, Fortune bay, East coast of Baverstock island, and there is no beacon on Francis islet, see South America Pilot, part II, 1895, page 208. *March.*

**HAVANNAH PORT.**—A Light-House is to be constructed in 53° 10' South, 73° 18 $\frac{1}{2}$ ' West, on the point, Western end of Cordova peninsula, and the Light may be exhibited before the end of 1896. *April.*

**ABRA CHANNEL.**—A rock, carrying 1 $\frac{1}{2}$  fms., and well marked by kelp, lies in approximo 53° 24' 55" South, 73° 12' West, in the fairway of Abra channel, with centre of Maycock island. North, 76° West,  $\frac{3}{4}$  mile, and summit of Francis island, North 11° E. *March.*

**ENGLISH NARROWS.**—As in passing through English narrows it is advisable to wait for slack tide, and as, consequently vessels bound in opposite directions (being unable to see each other) might meet in the critical part of the Channel; it has been arranged between certain Companies, whose vessels constantly use the inner Patagonian route, that when nearing the English Narrows ships should either fire a gun or sound their steam whistles; and that should vessels bound North meet vessels bound in the opposite direction, the ships bound North shall wait until the Southward-bound vessels have cleared the Narrows. As this appears to be a prudent course to adopt in view of the difficult navigation and limited time of slack water, all Mariners should regulate their movements in accordance with it. A note to the above effect has been placed on the Admiralty Charts. *May.*

**DAWSON ISLAND.**—A rock carrying 5 fathoms and marked by kelp, lies in approximo 53° 51 $\frac{1}{2}$ ' South, 70° 26 $\frac{1}{4}$ ' West, in the middle of Harriess bay, East side of the island, with Tree bluff, about South-East  $\frac{1}{2}$  South, 1 $\frac{1}{2}$  miles, and Olling island, North-East by North. A depth of 14 fathoms was found in the Northern part of the bay. *April.*

**CAPE ORANGE.**—A pyramid white beacon, 36 feet high, surmounted by 2 red baskets, is established in 52° 28' 40" South, 69° 22' 40" West, on the summit of the Cape. *May.*

**CAPE POSSESSION.**—The pyramid beacon in 52° 18' South, 68° 56' 35" West, on the cape, is now red and white horizon. *May.*

**DUNGENESS.**—A Light-House is in course of construction in 52° 24' South, 68° 25 $\frac{3}{4}$ ' West, on Dungeness, Eastern entrance to Magellan strait, and the Light may be exhibited before the end of 1896. *April.*

Return prepared under Clause 3 of an Ordinance to amend the Scab Ordinance, 1895.

CHARLES W. HILL,  
Official Administrator.

At a Meeting of the Legislative Council held on the 22nd July, 1896.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.  
The Honourable F. Craigie-Halkett, Colonial Secretary.

" " A. E. Baillon.

" " S. Hamilton, Colonial Surgeon.

Absent :—

His Honour T. A. Thompson, Judge.

The Honourable J. J. Felton.

The Minutes of the previous Meeting were read and confirmed.

The Council resumed its consideration in Committee on an Ordinance entitled "An Ordinance to consolidate and amend the Laws relating to Customs Duties and Trade."

In the Schedule to the Ordinance Form No. 10 was re-numbered No. 2.

Form No. 2 was re-numbered No. 3 and substituted therefor.

Form No. 3 was re-numbered No. 6.

Form No. 5 was re-modelled and columns for "contents" and "value" introduced.

Form No. 6 was re-numbered No. 7.

" 7 " " 8.

" 8 " " 9.

" 9 " " 10.

In Clause 68, after the interpretation of "vessel" the following heading was inserted.

"Hulk" shall mean any vessel which has been condemned or dismantled.

Under the head of Exemptions, line 13, the words "when \* \* \* shillings" in the 15th line were struck out.

On the Council resuming the Standing Orders were suspended and the Third Reading being duly moved by the Honourable the Colonial Secretary and seconded by the Honourable the Colonial Surgeon the Bill was read a Third time and passed.

Before moving the Council into Committee on an Ordinance entitled "An Ordinance to provide for the erection of Dividing Fences by the owners of adjoining lands." His Excellency informed the Council that in accordance with the decision arrived at in Committee this Bill had been referred to the Secretary of State, together with the various views expressed thereon by the Official and Unofficial Members and by the Legal Adviser, and would be recommitted for amendment as directed by the Secretary of State in his Despatch, which was read. Though the amendments proposed are those generally concurred in by the Official and Unofficial Members, His Excellency added that he did not desire to press the Bill forward without allowing the Unofficial Member to communicate the proposed alterations to any of the farmers, from some of whom the introduction of the Bill had emanated.

The Honourable Unofficial Member present asked that if time would not admit of his corresponding with the West Island farmers on the matter, the committal of the Bill might be postponed until he had gone through its provisions with those whom it might affect on the East.

The consideration of the Bill in Committee was consequently adjourned until Tuesday, the 28th instant.

The Ordinance to further amend the "Scab Ordinance, 1895" was withdrawn in accordance with the instructions received from the Secretary of State.

Read and Confirmed this 28th day of July, 1896,

(Signed)

ROGER TUCKFIELD GOLDSWORTHY,  
Governor.

Clause 3, line 8. The words "the party making the application" were struck out and the words "a magistrate" were inserted.

• • • • •  
Clauses 7 & 8 were re-numbered 10 & 11.

At a Meeting of the Legislative Council held on the 10th September, 1896.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " A. E. Baillon.

" " S. Hamilton, Colonial Surgeon.

Absent :—

His Honour T. A. Thompson, Judge.

The Honourable J. J. Felton.

The Minutes of the previous Meeting were read and confirmed.

His Excellency took charge, for the Colonial Secretary, of the Bill entitled "Customs Ordinance Amendment Ordinance, 1896."

On the motion for the Introduction and First reading of the Bill, seconded by the Honourable the Colonial Surgeon, the same was read by title.

The Standing Orders being suspended, His Excellency moved the Second reading and going into Committee on the Bill, seconded by the Honourable the Colonial Surgeon.

His Excellency explained to the Council that Clause 1 of the proposed Bill was introduced to render the provisions of the Customs Law fully complete. It was not to be supposed that any bribe had been offered or taken, but it was merely intended to provide against any such contingency.

Clause 2 had been inserted owing to a case of breaking seals on board of a Coasting vessel with a cargo of seal-skins having come before the Court, and it was thought better to deal with such an offence more specifically than was provided in the principal Ordinance.

The following amendment was made in Committee, at the end of Clause 2, the words "one hundred pounds" were added.

The Council resumed.

On the Third reading being duly proposed by His Excellency, and seconded by the Honourable the Colonial Surgeon, the Bill was read a Third time and passed.

The Honourable the Colonial Secretary moved the Introduction and First reading of an Ordinance entitled "An Ordinance to provide for the service of the Colony of the Falkland Islands for the year 1897," seconded by the Honourable the Colonial Surgeon, the Bill was read a First time and passed.

The Standing Orders were suspended with a view to proceeding with the other stages of the Bill.

The Council being moved into Committee, the draft Estimates for the year 1897 were laid on the table for consideration.

In going through the various items the Honourable the Colonial Secretary explained the sums to be appropriated, and pointed out where they differed from those voted for the present year.

Under Vote 10 "Medical" The Honourable Unofficial Member desired his dissent recorded to the extra tax £50 under the sub-head Inspector of Nuisances, which was proposed to be granted to the Assistant Colonial Surgeon for purposes of sanitary supervision on the West Island, unless the salary of the Stipendiary Magistrate on the West under Vote 7 "Legal" was reduced by the same amount, as he considered the holder of this latter appointment a useless and expensive Official.

Vote 12, Ecclesiastical. The sum of £8 for fuel for Church of England was struck out, it being unanimously considered better, and to be consistent, to withdraw the amount from the Church of England than to insert a similar item for the Churches of each of the other denominations.

Under Vote 17, Public Works. On referring to this vote His Excellency called attention to the amounts voted annually under this head and to the still general unsatisfactory condition of Government buildings and roads, and added that it was his intention to recommend a scheme to the Secretary of State for the future outlay on Public works, under which a loan, say of £12,000 should be obtained from Government funds for the erection of new buildings and for the entire re-construction of public roads. The re-payment of the same would be extended over a period of years and be less expensive than the annual cost now incurred on the maintenance of existing buildings and on the repairs to roads by small sections.

The Honourable Unofficial Member compared the actual expenditure on these works in 1895 with that estimated, and feared from a reference to even the expenditure for March quarter, that the amount voted for the present year would be again largely exceeded. It was explained that the cost of labour would not allow of the expenditure being kept down and was the primary cause of these excesses, and that there was work which would be badly required to be done after this winter, but the want of means would not allow of it this year.

The Honourable Unofficial Member agreed as to the price of labour being very expensive, but would ask, before recording his vote, to be allowed to see the items of the expenditure on this service up to the latest date.

The Bill was then left in Committee.

On the Council resuming, the Ordinance entitled "An Ordinance to amend the Licensing Ordinance, 1882," passed at the last Meeting of the Council, was referred back to Committee, when the following addenda being adopted were inserted in the original Bill as Clauses 5, 6 & 7.

5.—It shall not be lawful for any licensed dealer to sell by wholesale or retail any spirits of less strength than 27 under proof under a penalty upon conviction for each offence not exceeding £20.

6.—It shall be lawful for any constable to enter upon any premises where liquor is kept or stored for the purposes of sale and take samples of any such liquor to be tested, and any person refusing so to furnish liquor required with this object, or who may interfere with, impede, resist or obstruct the officer in the discharge of this duty shall be liable to a penalty for each offence not exceeding £50.

7.—It shall be lawful for the Governor in Council from time to time to make, alter, annul and revoke Rules and Regulations as may seem requisite for the more effective carrying into effect the provisions of the principal Ordinance 11 of 1882.

Clauses 5, 6 & 7 of the original Bill were re-numbered 8, 9 & 10.

The Council adjourned.

Read and Confirmed this 12th day of September, 1896.

(Signed)

ROGER TUCKFIELD GOLDSWORTHY,

Governor.

(Signed)

CHARLES W. HILL,

Clerk to Council.

His Excellency directs the publication for general information of the following Draft Ordinance which it is proposed to introduce into the Legislative Council at its next meeting.

Colonial Secretary.

Colonial Secretary's Office,

At a Meeting of the Legislative Council held on the 12th September, 1896.

Present :

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " A. E. Baillon.

Absent :—

His Honour T. A. Thompson, Judge.

The Honourable S. Hamilton, Colonial Surgeon.

The Honourable J. J. Felton.

The Minutes of the previous Meeting were read and confirmed.

The Council resumed its consideration in Committee of the Draft Estimates for 1897.

Under the head 17, "Public Works."

The Honourable unofficial Member present stated that he found on perusing the accounts for the present year that certain items under this vote had already been exceeded.

His Excellency referred to the remarks on this subject at the last Meeting of the Council, and mentioned that it was his intention to appoint a Committee to consider the best means of carrying out the necessary work and obtaining an estimate therefor under a scheme as suggested. His Excellency instanced the cost of two chimneys recently erected at Government House for over £22.

The Honourable unofficial Member admitted the difficulties of control over the cost of work, and was willing to vote for the sum of £970 on this head, provided an undertaking were given that when that amount was reached the Council might be informed thereof.

The unofficial Member was reminded that this information could be obtained from the published Quarterly Returns, and that the Government was always anxious to keep the Council informed of any probable excess so that when any vote was likely to be exceeded further funds might when necessary be applied for.

The vote was then agreed to.

The Estimates as amended, with a total of £12,102, which were inserted in Clauses 1, 2 & 3 in the Bill were voted.

On the Council resuming the Honourable the Colonial Secretary, seconded by the Honourable the Colonial Surgeon, moved the Third Reading and passing of the Bill entitled "An Ordinance to provide for the Service of the Colony of the Falkland Islands "for the year 1897," which being duly carried the Bill was read a Third time and passed.

Read and Confirmed this 28th day of October, 1896.

Stanley,

28th December, 1896.

At a Meeting of the Legislative Council held on the 23rd December, 1896.

Present:

His Excellency Sir Roger Tuckfield Goldsworthy, K.C.M.G., Governor.

His Honour T. A. Thompson, Judge.

The Honourable F. Craigie-Halkett, Colonial Secretary.

" " S. Hamilton, Colonial Surgeon.

" " J. J. Felton.

ABSENT:

The Honourable A. E. Baillon.

The Minutes of the previous Meeting were read and confirmed.

Papers connected with the construction of a pier in reply to a request by the Honourable Unofficial Members for information as to the proposed project were laid before the Council.

The Honourable the Colonial Surgeon entered the Council Chamber.

Before the Introduction and First Reading of a Bill entitled "An Ordinance to consolidate and amend the Laws relating to Customs duties and trade," His Honour the Judge explained that the necessity for the drafting of the Bill anew arose from certain inaccuracies having been discovered in Ordinance 5 of 1896, but that it was proposed to leave the Bill in Committee until the Secretary of State's decision on the Customs Amendment Ordinance 8 of 1896 were received, so that, with a view to consolidation, its provisions could also be inserted in the present draft Law.

The Standing Orders were suspended to allow of the Bill being passed through its stages as far as practicable.

His Honour the Judge then moved the Introduction and First Reading of the Bill, seconded by the Honourable the Colonial Secretary.

The Bill was read by title.

The Second Reading and going into Committee on the Bill being duly moved by His Honour the Judge and seconded by the Honourable the Colonial Secretary.

Clauses 7, 8, 9, 11, 12, 18, 19, 22, 42, 53, 68, 69 and the Tariff, which varied from those of the repealed law, were read *serialim* and passed.

Clause 1 was held over for consideration with the Secretary of State's decision on Ordinance 8 of 1896.

The remaining clauses being similar to Ordinance No. 5 of 1896 were taken as read.

The Bill was left in Committee.

Read and Confirmed this 30th day of December, 1896.

(Signed)

ROGER TUCKFIELD GOLDSWORTHY,  
Governor.

(Signed)

CHARLES W. HILL,
