PART II PROSPECTING, EXPLORATION AND MINING OF CROWN MINERALS

Prohibition of prospecting for, exploring for or mining of any Crown mineral

Certain operations unlawful without a licence

5.—(1) Subject to subsection (3) of this section and to section 6, it is unlawful for any person to prospect for, explore for or mine any Crown mineral unless he does so under and in accordance with the terms and conditions of a licence granted under this Ordinance or by virtue of section 8 having effect as if granted under this Ordinance.

(2) Subsection (1) does not bind the Crown.

(3) Subsection (1) does not prohibit prospecting for or exploring for, or mining, gold in a gold fossicking area other than by means of motorised machinery or machinery which is not hand held.

(4) A person who contravenes subsection (1) commits an offence.

Exception in favour of landowners to requirement to have licence

6.—(1) The owner or lessee of any land the minerals on or in which belong to the Crown may, for the purpose only of using the same upon the land or other land in the Falkland Islands in his ownership or occupation, without any licence under section 11 prospect for, explore for, mine, quarry or take stone, flint, chalk, gravel, sand or calcified seaweed in or on the land concerned.

(2) It is unlawful for the owner or lessee of any land who has lawfully quarried or taken any Crown mineral under the provisions of subsection (1) to sell or otherwise dispose of any of it to a third party without the permission of the Governor in writing or, if the Governor imposes any condition on granting such permission, without complying with every such condition which is for the time being current.

(3) A person who contravenes subsection (1) or (2) commits an offence.

Saving for other laws

Other legal requirements not affected

7.—(1) Nothing in this Ordinance, except in so far as may specifically be stated in it to the contrary, excuses any person from compliance with any other written law of the Falkland Islands, including in particular and without prejudice to the generality of the foregoing, the Planning Ordinance (Title 55.3).

(2) It shall be deemed to be a condition of every licence granted under this Ordinance (contravention of which constitutes contravention of section 5(1)) that nothing requiring the grant of planning permission under the Planning Ordinance shall be done except under and in accordance with such planning permission (including any conditions subject to compliance with which it was granted).

Transitional

Licences granted under repealed Ordinance

8.—(1) A licence which was granted under section 5 of the repealed Ordinance and which was current immediately prior to the commencement of this Ordinance shall continue to have effect as if it had been granted under section 11 of this Ordinance on the terms and conditions on which it was granted and contraventions of any of those terms and conditions committed after the commencement of this Ordinance shall constitute an offence and shall be punishable in the same way as contraventions of terms and conditions of a licence so granted are punishable.

(2) Any licence continuing to have effect by virtue of subsection (1) may be revoked, renewed or varied under the provisions of this Ordinance as if it had been granted under section 11.

Application for and grant of licence

Application for a licence

9.—(1) Any person may apply to the Director in the form prescribed by regulations under section 12 for the grant to him of a licence by the Governor under section 11. Every application shall be accompanied by such fee, if any, as is prescribed by regulations under subsection (3) of this section.

(2) Following receipt of such an application the Director may require the applicant to provide in writing such further information, additional to that required by such regulations, as the Director thinks fit or the Governor may have requested the Director to obtain.

(3) The Governor may make regulations prescribing fees to be paid on the making of an application for the grant of a licence and information to be provided by applicants (and such regulations may make different provision in relation to different minerals and different categories of licence).

Allocation by public tender

10.—(1) The Governor may from time to time by notice in the *Gazette* and such other publications as he thinks fit offer licences for allocation by public tender.

(2) Every notice for the purposes of subsection (1) must specify —

- (a) the type of licence offered;
- (b) the land and minerals to which the licence offered relates;
- (c) the manner in which tenders must be submitted, and the time by which such tenders must be received by the Director in order for such tenders to be valid; and
- (d) the conditions to which any licence granted pursuant to the tender will be subject (which must include the model clauses except in so far as they are varied or excluded by the notice)

and must require every tenderer to send to the Director an application for a licence in the form prescribed by regulations under section 12.

(3) The Director must reject any tender which in a material manner does not comply with the requirements of the notice or any such regulations.

(4) The Governor may decline to grant any licence pursuant to a tender, either to a particular tenderer or any tenderer.

(5) Any licence granted under section 11 pursuant to a tender under this section shall be granted subject to such conditions as were specified in the notice or subsequently agreed with the tenderer concerned.

Grant of licences

11.—(1) Subject to subsections (2), (3) and (5), the Governor may grant to any body corporate a prospecting licence, an exploration licence or a mining licence in respect of such minerals (being Crown minerals) and land as are specified in the licence, subject to such conditions as are contained or referred to in the licence or are deemed to be conditions subject to which the licence is granted.

(2) The Governor shall not exercise his powers under subsection (1) —

- (a) without the prior consent of the Secretary of State unless the Governor is satisfied that all of the conditions mentioned in subsection (3) are met; or

(b) in respect of —

(i) any land or substratum thereof which lies within 100 metres of any dwellinghouse or other building enjoyed in connection with any dwellinghouse and within the same curtilage,

(ii) any land which forms part of Stanley Common,

(iii) any land held by the Crown subject to any covenant or obligation that it is used as an open space;

(iv) any land within Stanley or the apparent boundaries of any settlement; or

(v) any land used as or within 30 metres of a building, cemetery, burial ground, waterworks, dam, yard, stockyard, orchard, plant nursery, tree plantation, shelterbelt, airstrip or aerodrome.

(3) The conditions referred to in paragraph (a) of subsection (2) are —

(a) any environmental impact statement required by law in relation to the mining activity has been obtained and published in accordance with law;

(b) thereafter any necessary planning permission has been obtained;

(c) the licence application relates only to stone, flint, chalk, gravel, sand or calcified seaweed to be won from land in the Falkland Islands (so that none of the mineral is to be won from the sea, any river or body of water); and

(d) the Governor is satisfied, after taking all advice he considers appropriate, that there is no danger that the mining activity might —

(i) be prejudicial to any wetland of international importance designated under the Ramsar Convention, or prejudice any nature reserve or sanctuary;

(ii) occasion coastal erosion or the inundation of any land; or

(iii) have any significant adverse international implications.

(4) Every licence granted shall be deemed to be granted subject to the compliance by the licensee with the provisions of the model clauses (so far as they are applicable in respect of the licence concerned) except to the extent that they are expressly excluded or modified by the terms of the licence.

(5) The Governor shall not grant a licence under this section unless he is satisfied that the applicant is able to and intends to comply with the conditions of the licence if granted.

(6) The Governor may by the terms of the licence require the payment to the Crown of —

(a) an annual rent or fee, which may be variable or subject to increase in accordance with the provisions of the licence;

(b) in the case of a mining licence, a royalty calculated in such manner as may be specified in the licence;

(c) in the case of a prospecting licence or an exploration licence, any one or more of the foregoing the Governor considers appropriate in the circumstances of the case.

(7) A licence shall specify whether it is granted as a prospecting licence, an exploration licence or a mining licence.

(8) Subject to subsection (9), the Governor may with the consent of the holder of the licence, amend, vary, add to or augment the conditions of the licence he has granted under this section.

(9) Where, by virtue of paragraph (a) of subsection (2) read with subsection (3), the consent of the Secretary of State was required to the grant of the licence in question, the consent of the Secretary of State is also required to the exercise of the Governor's powers under subsection (8) in relation to that licence.

Other provisions in relation to the grant of licences

Model clauses

12.—(1) The Governor shall, before granting any licence under section 11 in respect of any mineral, make regulations under this section approved by the Secretary of State in relation to that mineral prescribing —

(a) conditions as to the size and shape of any area in respect of which a licence may be granted;

(b) model clauses which must, unless he sees fit to exclude or modify them in any particular case, be incorporated in any such licence,

and different regulations may be made under this section in respect of different types of licence and in respect of different minerals.

(2) Model clauses not excluded from a licence shall be deemed to be conditions incorporated in that licence.

Further provisions as to grant of licence

13.—(1) The Governor shall not grant a licence under section 11 unless he believes that the applicant for the licence is likely to comply with and give proper effect to the licence.

(2) The Governor may as a condition precedent to the grant of a licence under section 11 require the applicant to deposit with the Director or some other public officer such sum of money, bond or other document or thing by way of security for compliance with the conditions of the proposed licence as the Governor may direct.

(3) Without prejudice to the generality of subsection (2), a requirement under that subsection may in particular be made in relation to the restoration by the holder of the licence of the land or part of the land to be the subject of a licence to its former state and condition or the carrying out of remedial or improvement works to that land at the conclusion of mining operations.

General duties of the Governor

14.—(1) It shall be the general duty of the Governor in the exercise of his powers —

(a) under section 11, to grant licences;

(b) under section 12, to make regulations prescribing model clauses;

(c) otherwise under this Ordinance to balance the need —

(i) in connection with any licence granted in relation to any Crown minerals in any land to secure the effective and co-ordinated development of Crown minerals of the like kind in any adjacent or neighbouring land with the need

(ii) to secure so far as may be possible economic and other benefits to the residents of the Falkland Islands apart from enhancement of the Crown's revenues and the need

(iii) to minimise any adverse effect upon the environment and to refuse to permit any activity which in his opinion would have an unacceptable degree of environmental impact,

but no court shall have jurisdiction to enquire as to whether the Governor has in any particular case failed satisfactorily to balance those needs.

(2) Nothing in subsection (1) shall be construed as placing upon the Governor any obligation to grant or refuse a licence under section 11 to the applicant or any other person.

Conditions for prevention or reduction of injury to land

15.—(1) On the grant of a mining licence or at any subsequent time, the Governor may impose on the licensee such conditions as the Governor reasonably considers to be necessary for the purpose of preventing or reducing, or making good, injury to the natural surface of the land in respect of which the licence was granted, or injury to anything on the natural surface of that land or consequential damage to any other land.

(2) Without prejudice to the generality of subsection (1), the Governor may, on the grant of the mining licence or at any subsequent time, impose a condition that mining operations shall not be

carried out within such distance of the natural surface of the land in respect of which the licence is granted as is specified in the condition.

(3) This section has effect without prejudice to the provisions of the Planning Ordinance (Title 55.3)

Priority rights

Priority of applications

16.—(1) If a further application, or more than one further application, is made for a licence in respect of all or part of the same land and in respect of a common mineral as that in respect of which an earlier application which has not yet been determined was made, then unless under section 17 one of the applicants has a right to a licence in priority to all others, the Governor may grant such of the applications received as he thinks fit, but shall not be obliged to grant any of them.

(2) If his application was received by the Director on or after the date of publication of the notice of offer of the licence to which the tender relates then the applicant shall not have a right of priority over any tender made pursuant to that notice for a licence in respect of the same or partly the same land and a common mineral.

Right to consideration of application for mining licence in priority to all others

17.—(1) A prospecting licence or an exploration licence may provide that, subject to the provisions of that licence and to compliance by the licensee with the terms of that licence, the holder of that licence shall have the right in priority to all others to consideration of an application for the grant to him of a mining licence in respect of the whole or part of the land comprised in his prospecting or exploration licence ("a priority right"), but if his prospecting or exploration licence does not extend to all minerals, only in respect of the mineral or minerals to which his licence extends.

(2) A priority right must be exercised before the expiration of the prospecting licence or exploration licence (including any extension of that licence) and does not excuse the licensee under that licence from any provision of this Ordinance which he would not be excused from if that right did not exist.

(3) The Governor shall not be bound to grant a mining licence on the application of a person who has exercised a priority right, but if he refuses it shall not within three years grant a mining licence to any other person in respect of the same land and the same mineral or minerals to which the application relates unless he first gives an opportunity to the first-mentioned person, in accordance with subsection (4), to accept a mining licence on the same terms.

(4) Where the Governor is obliged by subsection (3) to give an opportunity to a person to accept a mining licence on the same terms as it would be otherwise offered to another person, he must give notice to the first-mentioned person ("the notifier") at his address last-known to the Governor —

(a) sufficiently specifying the terms on which the Governor proposes to issue the licence;

(b) informing him that, if he wishes to accept a licence on those terms, he must deliver to the Governor a notice in writing to that effect ("the notice of acceptance") within 60 days of the service upon him of that notice;

(c) that the Governor will be free to grant a licence on identical terms to any other person if he fails to so notify the Governor or to execute and return to the Governor so that it is received by the Governor within 30 days of its receipt from the Governor, a licence offered to him in accordance with subsection (5).

(5) If the Governor receives a notice of acceptance under subsection (3), he must send to the notifier within 30 days thereafter a form of licence in triplicate for execution by the notifier incorporating the terms specified in the notice under that subsection, and no other terms to be complied with by the notifier save only such as the notifier may have agreed with the Governor. If the Governor receives within the period mentioned in subsection (4)(c) both copies of the form of licence executed by the notifier, he shall himself execute all three copies under the Public Seal and return one copy to the notifier.

(6) If a person served with a notice under subsection (3) —

(a) informs the Governor in writing that he does not wish to take up the offer of a licence upon the terms specified in that notice;

(b) fails to deliver a notice of acceptance to the Governor in accordance with that notice; or

(c) fails to return in accordance with subsection (5) both copies of the form of licence and make at the same time any deposit of money or lodge with the Governor any bond required pursuant to section 13(2),

the Governor may grant a licence to any other person on terms identical to those offered in accordance with this section to the person having the priority right.

(7) The preceding provisions of this section shall have effect as often as may be necessary until the priority right is extinguished by effluxion of time or by the grant of a mining licence in accordance with this section.

Prospecting licences

Term of prospecting licence and right to be granted exploration licence

18.—(1) Subject to this Ordinance, a prospecting licence shall not be granted for, or remain current for, a period exceeding 4 years from and including the date on which it was granted.

(2) When a prospecting licence is surrendered, forfeited or expires the land the subject of the prospecting licence and any part of that land shall not be applied for as the subject of a proposed prospecting licence or exploration licence —

(a) by or on behalf of the person who was the holder of the prospecting licence immediately prior to the date of the surrender, revocation or expiry;

(b) by or on behalf of any person who had an interest in the prospecting licence while it was current,

until after the expiry of 6 months from the date on which it ceased to be current.

(3) For the purposes of subsection (2)(b), the holding of shares in a company listed on a stock exchange in the United Kingdom or Australia or in any prescribed country does not of itself constitute an interest in a prospecting licence.

(4) Subject to sections 12 to 14, and unless the prospecting licence expressly provides otherwise, if the holder of such a licence satisfies the Governor that the results of his prospecting under the prospecting licence justify the grant of an exploration licence in respect of any land and mineral to which the prospecting licence relates, the holder shall have the right, on applying under section 11 before the expiry of the prospecting licence, to surrender that licence so far as it relates to that land and to be granted in exchange an exploration licence in respect of that land or mineral.

(5) Where an application for a mining licence is made by the holder of a prospecting licence in respect of any land in respect of which that licence is at that time still current and the term of the prospecting licence would but for this subsection expire, that licence shall continue in force in respect of the land the subject of that application until the application for the mining licence is determined.

Exploration licences

Term of exploration licence

19.—(1) Subject to this Ordinance, an exploration licence shall remain in force for a period of 5 years from and including the date on which it was granted, and shall then expire.

(2) Notwithstanding subsection (1), but subject to subsection (3), the Governor with the consent of the Secretary of State may extend on such terms and conditions as he thinks fit an exploration licence as to an area of land, being an unbroken area not exceeding one half of the area comprised in the licence.

(3) The Governor shall not extend an exploration licence —

(a) for a period exceeding four years; or

(b) at all unless the applicant has submitted with his application a proposed programme of work to be carried out which the Governor is satisfied will provide for the satisfactory exploration of the land in respect of which the extension is sought and the Governor is satisfied that that land is so situated that it will not prevent or seriously hinder the exploration

by any other of any part of the remainder of the land comprised in the exploration licence as originally granted.

(4) Without prejudice to subsection (3), the Governor is not bound to extend the term of any exploration licence.

(5) Where an application for a mining licence is made by the holder of an exploration licence in respect of any land and the term of the exploration licence would but for this subsection expire, that licence shall continue in force in respect of the land the subject of that application until the application for a mining licence is determined.

Mining licences

Applications for mining licences

20.—(1) An application for a mining licence shall not be made in respect of an area greater than 10 square kilometres in area, but a person may concurrently apply for the grant of more than one mining licence. The application shall —

(a) describe all works which are intended to be carried out under the authority of the licence if granted;

(b) state whether and, if so what, ancillary rights over any land (whether comprised within the area in respect of which an application for a licence is made or not) are required in connection with the licence if granted;

(c) describe all works which are intended to be carried out in connection with those ancillary rights.

(2) An applicant for a mining licence shall give notice in writing of his application to the owners and occupiers of all land to which his application relates and to the owners and occupiers of any other land not comprised in the application and over which any ancillary rights are required, and shall publish notice of his application in the *Gazette* and one or more newspapers published in the Falkland Islands.

(3) The application shall be made by reference to a written description of the area of the land in respect of which the licence is sought and shall be accompanied by a map on which are clearly delineated the boundaries of the area and a copy of such written description and map shall be incorporated in the notice published in accordance with subsection (2).

(4) The applicant shall state in his application whether or not application has been made for planning permission—

(a) in relation to mining operations;

(b) in relation to any ancillary rights,

and whether that application has yet been determined and, if so, with what result.

Objections to grant of mining licences

21.—(1) A person who wishes to object to the grant of a mining licence shall lodge with the Director a notice of objection within 20 working days or such greater period as the Governor may allow from the date of the later of publication, pursuant to section 20(2), of notice of the application in the *Gazette* or date of the publication of the notice in a newspaper circulating in the Falkland Islands and, if more than one such publication, the latest of them.

(2) It is not a valid ground of objection to an application for a mining licence that planning permission has not yet been granted, or has been refused, in respect of any development required to enable, or to facilitate, mining under the licence applied for.

(3) If any objection is validly made to the grant of a mining licence the Governor shall not grant a mining licence to the applicant without first having given the objector and any other person, including the applicant, who wishes to be heard an opportunity of being heard by a person appointed by the Governor to inquire into and report to the Governor in relation to the matter ("the inspector").

(4) The Governor may make regulations requiring a public inquiry into objections to be carried out into the grant of a mining licence when so directed by the Governor and the manner in which such an inquiry is to be carried out, the appointment of a person or persons as inspector to conduct such an inquiry, the procedure at such an inquiry and the powers and duties of inspectors.

(5) After the inquiry has been concluded the inspector shall send to the Governor his report thereon with his recommendation as to whether the Governor should grant or refuse the application for a mining licence and the reasons for that recommendation.

(6) On receipt of the inspector's report the Governor may, with the consent of the Secretary of State grant or refuse a mining licence to the applicant, irrespective of whether the inspector has recommended the grant or refusal of it.

Terms of mining licences, options and renewals

22.—(1) Subject to this Ordinance, a mining licence shall be current —

(a) for an initial period of 21 years;

(b) where application for renewal is made during the final year of that 21 year period, as of right for a further period of 14 years as from the expiry of the initial period, provided that during the initial period the licensee has complied with all the terms and conditions of the licence but subject in respect of that further term to the provisions of this Ordinance in force on or after the date of renewal.

(2) Subject to subsection (1), the Governor may, if he thinks fit and with the consent of the Secretary of State renew or further renew a mining licence for successive periods but so that no

such period exceeds 14 years. In respect of any such period the provisions of this Ordinance in force on or after the date of the renewal shall apply as they do in respect of a further period to which paragraph (b) of subsection (1) applies.

(3) Where an application for the renewal of a mining licence is made by the holder of the licence and the term of that licence would but for this subsection expire, that licence shall continue in force in respect of the land the subject of that application until the application is determined.

Holder of surrendered, forfeited, revoked or expired mining licence not be granted new licence for a period in respect of same land

23. Where a mining licence is surrendered, forfeited, revoked or expires, a prospecting or exploration licence shall not be granted in respect of the land the subject of the former mining licence or any part of that land —

(a) to or on behalf of the person who was the holder of the mining licence immediately prior to the date of the surrender, forfeiture or expiry; or

(b) to any person who had an interest in the mining licence immediately prior to that date,

within a period of 12 months from and including that date.

Fossicking

Gold fossicking permits

24.—(1) The Governor may by Order declare any area of land owned by the Crown and not leased to or in the occupation of any other person to be a gold fossicking area and may by regulations provide for the issue of gold fossicking permits, permitting persons to fossick for gold in such an area and providing for the conditions of, and the fees chargeable for such permits.

(2) It is unlawful to fossick for gold with any motorised machinery or machinery which is not hand held.

(3) The designation of any area as a gold fossicking area does not prevent the granting of a licence under section 11 in respect of that area.

Fossicking generally

25.—(1) Subject to this section, it is lawful for any person to fossick, other than for gold, in an area of land owned by the Crown which is —

(a) outside the boundaries of Stanley and of any settlement;

(b) further than 100 metres from any dwellinghouse and any building enjoyed in connection with a dwellinghouse and within the same curtilage.

(2) It is unlawful to fossick upon or in —

- (a) any land which forms part of Stanley Common;
- (b) any land held by the Crown subject to any covenant or obligation that it be used as open space;
- (c) any land which is a reserve to which the Conservation of Nature and Wildlife Ordinance applies;
- (d) any land which is under crop or is in use at the time in question as a lambing paddock;
- (e) any land within Stanley or within the apparent boundaries of any settlement;
- (f) any land used as or within 30 metres of a building, cemetery, burial ground, waterworks, dam, yard, stockyard, garden, orchard, plant nursery, tree plantation, shelterbelt, airstrip or aerodrome;
- (g) any land leased to or in the occupation of any other person;
- (h) any land held by the Crown subject to any covenant or obligation that it be used as open space;
- (i) any Crown land which is prescribed by regulations as being land in which fossicking is not permitted.

Rights conferred by licences

Rights conferred by prospecting licence

26.—(1) A prospecting licence authorises the holder, subject to this Ordinance, and in accordance with any conditions to which the licence is subject, to prospect for the mineral or minerals to which the licence relates in the land comprised in the licence.

(2) The holder of a prospecting licence shall not without the prior written consent of the Director excavate, extract or remove any earth, soil, rock, stone, fluid or mineral bearing substance in an amount which, in total during the period for which the licence remains in force, exceeds such quantity as is prescribed by regulations or, if not so prescribed, is stated in the licence.

(3) Nothing in any prospecting licence shall have effect so as to authorise the holder of a prospecting licence any right to take any water whatsoever from any spring, lake, pond, pool, river or stream or any right to take water from any underground aquifer or source of water.

(4) The grant of a prospecting licence does not confer upon the holder of a prospecting licence or any person claiming under him any right to enter upon any land other than in accordance with the subsequent provisions of this Ordinance.

(5) A person who contravenes subsection (2) commits an offence.

Rights conferred by exploration licence

27.—(1) An exploration licence authorises the holder, subject to this Ordinance, and in accordance with any conditions to which the licence is subject —

(a) to prospect for the mineral or minerals to which the licence relates in the land comprised in the licence;

(b) to explore for the mineral or minerals to which the licence relates in the land comprised in the licence.

(2) Subsections (2) to (5) of section 26 apply in relation to an exploration licence as they do in relation to a prospecting licence but with the replacement of the words “prospecting licence”, wherever they appear in those subsections, with the words “exploration licence”.

Rights conferred by mining licences

28.—(1) Subject to this Ordinance, a mining licence authorises the holder and his agents and employees on his behalf —

(a) to work and mine the land in respect of which the licence was granted for the mineral or minerals to which the licence relates; and

(b) to take and remove from the land any mineral or minerals to which the licence relates and to dispose of them.

(2) All minerals lawfully mined by the holder or on his behalf under the authority of the mining licence belong to the holder.

(3) Subsections (2) to (5) of section 26 apply in relation to a mining licence as they do in respect of a prospecting licence but with the replacement of the words “prospecting licence” wherever they appear in those subsections with the words “mining licence”.

Compensation to be agreed upon or determined before mining operation commences

29.—(1) The holder of a mining licence shall not commence any mining operation on any land unless he has paid or tendered to the owner and the occupier of that land the amount of the compensation, if any, that he is required to pay under and in accordance with this Ordinance or he has made an agreement with the owner and the occupier as the amount, times and mode of the compensation, if any.

(2) “Owner” and “occupier” in subsection (1) include the Crown where the Crown is the owner or, as the case may be, the occupier of the land in question.

(3) Where any person to whom compensation is payable under this section —

(a) cannot be found;

(b) is, without a grant of personal representation having been made to his estate, dead; or

(c) is for any reason incapacitated at law from dealing with his property without a person having been lawfully appointed by him as his attorney or by a court of competent jurisdiction to act on his behalf,

any payment of compensation required by this section may be made to the Director in trust for that person or his attorney, personal representative or person appointed by a court of competent jurisdiction to act on his behalf, as the case requires.

Revocation and surrender of licences

Revocation of licence

30.—(1) If the Governor, on receipt of a report from the Director or otherwise, has reason to believe that a licensee has contravened or is contravening any provision —

(a) of this Part of this Ordinance or of any regulations made under this Part; or

(b) of any condition of his licence (including any model clause deemed to be a condition of his licence),

the Governor may cause to be served on him a notice —

(a) specifying the alleged contravention;

(b) requiring him, within 20 working days after the service of the notice or such longer time as the Governor may specify in the notice, to remedy the contravention, if capable of remedy (or, if not remediable to take such steps as are available to mitigate the consequences of the contravention) or show that the contravention complained of has not in fact occurred; and

(c) stating that failure to comply with the requirements of the notice may result in the revocation of the licence.

(2) If the Governor is satisfied that the holder of a licence has failed to comply with the requirements of a notice served under subsection (1), the Governor may, by notice served on the holder, revoke the licence on such date, not being less than 20 working days after the date of service of the notice as is specified in it, and, subject to subsection (4), the licence on the expiry of that period shall be revoked.

(3) A licensee who has been served with notice under subsection (2) may, not later than 20 working days after the date of service appeal against the Governor's decision to the Supreme Court.

(4) Where the licensee has appealed against the revocation of the licence, the licence remains in force until the determination of the appeal unless it sooner expires.

(5) The revocation of a licence does not release the holder from any liability in respect of —

(a) any antecedent contravention of the licence or any of its conditions; or

(b) any antecedent act or omission giving rise to a cause of action.

Surrender of licence

31.—(1) Subject to subsection (2), a licensee may surrender a licence or any part of it by giving six months' notice in writing to the Director of his intention to do so.

(2) Where a licence is surrendered, the licensee is not excused from —

(a) any antecedent contravention of the licence or any of its conditions; or

(b) any antecedent act or omission giving rise to a cause of action.

Transfers and assignments of licences

32.—(1) The holder of a licence shall not, except with the consent in writing of the Governor and in accordance with the conditions (if any) of the consent do anything whereby, under the law (including the rules of equity) of the Falkland Islands, any right granted by the licence or derived from a right so granted becomes exercisable by or for the benefit of or in accordance with the directions of another person.

(2) Without prejudice to the generality of subsection (1), an agreement or arrangement of any kind between the holder of the licence and any other person permitting the carrying out in the licensed area or in any part thereof any operation which the holder of the licence is permitted to carry out only by virtue of the licence is to be treated as an assignment of the licence.

(3) The holder of a licence shall not enter into any agreement providing for a person other than the holder to become entitled to, or to the proceeds of sale of, any mineral which, at the time the agreement is made, has not been but may be won and saved under the licence unless the terms of the agreement have been approved in writing by the Governor either conditionally or subject to conditions, but the preceding provisions of this subsection do not apply to an agreement for the sale of any mineral or minerals under which the price is payable after the mineral or minerals has or have been won and saved.

(4) The holder of a licence shall not, without the consent of the Governor, dispose of any mineral won and saved under the licence in such a manner that the disposal, to the knowledge of the holder of the licence or without such knowledge, fulfils or enables another person to fulfil obligations which a person who controls the holder is required to fulfil by an agreement of which the terms require approval by virtue of subsection (3): and subsections (2) to (4) and (6) of section 416 of the Income and Corporation Taxes Act 1988 of the United Kingdom shall apply for the purpose of determining whether one person has control of another with the following modifications —

(a) for the words "greater part" wherever they occur in the said subsection (2) there shall be substituted the words "one third or more"; and

(b) in the said subsection (6), for the word "may" there shall be substituted the word "shall", and the words "from such attribution" onwards shall be omitted and in the other provisions of that subsection any reference to the associate of a person shall be construed as including only a relative of his (as defined by section 417(4) of that Act), a partner of his and a trustee of a settlement (as defined by section 618(4) of that Act) of which he is a beneficiary.

(5) Where the holder of a licence is two or more persons, then without prejudice to the preceding provisions of this section, none of those persons shall enter into an agreement with respect to the entitlement of any of them to —

(a) the benefit of any rights granted by the licence;

(b) any mineral or minerals won and saved under the licence;

(c) any proceeds of sale of such mineral or minerals,

unless the terms of the agreement have been approved in writing by the Governor.

(6) In so far as and to the extent that the provisions of any clause of the licence (including the model clauses incorporated therein) imposes any greater burden upon the licensee than is imposed by the foregoing subsections of this section (including characterising the sale or transfer of control of any shares in a licensee, being a company, as an assignment or partial assignment of the licence which is prohibited without the consent of the Governor) those provisions shall apply in addition to those subsections.

Unit development

33.—(1) If the Governor is satisfied that —

(a) the land to which any 2 or more licences relate or any part of such land forms part of a single deposit of a mineral (a "mineral deposit"); and

(b) in order to prevent waste or to secure the most economical and efficient extraction and to secure the maximum ultimate recovery of the mineral, the mineral deposit should be worked as a unit in co-operation by all relevant licensees whose licences comprise any part thereof,

the Governor may, of his own motion or at the request of any one or more of the licensees, by notice in writing require all the licensees to co-operate in the preparation of a scheme (a "development scheme") for the working and development of the mineral deposit as a unit by the licensees in co-operation and to submit the scheme jointly for the approval of the Governor.

(2) A notice under subsection (1) must specify the land in respect of which, and the period within which, the Governor requires a development scheme to be submitted.

(3) If the Governor withholds his approval of a development scheme under subsection (1), the Governor shall notify the licensees that he has withheld approval and of his reasons for doing so

and shall invite the licensees to submit a modified development scheme for his approval within such time as the Governor specifies in the notice given under this subsection.

PART III WORKING FACILITIES AND SUPPORT

General principle

Licence does not give right of access to land

34. Subject to section 35, the granting of a licence under section 11 does not confer upon the holder a right of access to any land.

Access to land for minimum impact activity

Entry on land for minimum impact activity

35.—(1) Subject to subsection (3) and to section 36 —

- (a) the Director and any public officer authorised by the Director;
- (b) any consultant engaged by the Crown;
- (c) any employee or contractor of such a consultant authorised specifically or generally for that purpose,

may during the daytime enter any land in which the Crown owns the minerals, with such assistance as he thinks fit, and carry out minimum impact activity.

(2) Subject to subsection (3) and to section 41, a licensee and any employee, consultant or contractor of a licensee authorised by the licensee for the purpose may enter any land to which the licence relates and carry out minimum impact activity.

(3) Notwithstanding sections (1) and (2), no person may enter any land under either of those subsections without the consent of every owner and every occupier of that land unless not less than 10 working days' notice has been given to every owner and every occupier of the land of —

- (a) the date of intended entry;
- (b) the type and duration of any works to be carried out, and
- (c) a telephone number in the Falkland Islands of the person who intends to enter the land.

(4) Every person who enters land under this section shall, if required by any owner or occupier to do so, produce a copy of the authorisation or licence which gives rise to entry under this section.

(5) A person who enters land under this section shall not carry out any activity on or in the land other than a minimum impact activity.

(6) A person who contravenes any provision of this section commits an offence.

Entry on certain classes of land prohibited

36.—(1) Unless otherwise agreed between each owner and occupier of the land and the person requiring access, no person may under section 35 enter —

(a) any land which forms part of Stanley Common;

(b) any land held by the Crown subject to any covenant or obligation that it be used as open space;

(c) any land which is under crop or is in use at the time in question as a lambing paddock;

(d) any land within Stanley or within the apparent boundaries of any settlement;

(e) any land used as or within 30 metres of a building, cemetery, burial ground, waterworks, dam, yard, stockyard, garden, orchard, plant nursery, tree plantation, shelterbelt, airstrip or aerodrome,

for the purpose of carrying out any minimum impact activity.

(2) A person who contravenes subsection (1) commits an offence.

Access to land for other than minimum impact activity

Access to land other than for minimum impact activity

37.—(1) This section does not apply in respect of minimum impact activities.

(2) The holder of a licence shall not prospect, explore or mine in land to which his licence relates otherwise than in accordance with an access agreement which has been agreed in writing between the holder of the licence and each owner and occupier of the land or a compulsory rights order.

Effect of access agreement etc.

38.—(1) Where an owner or occupier has entered into an access agreement, the agreement shall be binding on that owner or occupier, and subject to access agreement having been registered in the Land Charges Register, on that owner or occupier's successors in title.

(2) On entering into an access arrangement which is of more than 6 months duration from the date of its commencement, the holder of the licence, applicant for a licence or prospective applicant for a licence who entered into the agreement shall forthwith lodge with the Registrar General 3 copies of particulars of the agreement together with an application for its registration

pursuant to the Land Charges Ordinance and a remittance for the fee payable on such registration.

(3) The placing by the Registrar General or by any other person acting by his authority of an entry in the Land Charges Register or any other register or record maintained by him of particulars of an access agreement shall operate as notice of that agreement and shall not operate to create any estate or interest in any land to which the access agreement relates (and accordingly the Land (Non-residents) Ordinance shall not apply in respect of it).

Meaning of entry on land

39. For the purposes of section 37 only, prospecting, exploration or mining carried out below the surface of any land do not constitute prospecting, exploration or mining in or on land if the activity in question —

(a) will not or is not likely to cause any damage to the surface of the land or any loss to the owner or occupier of the land;

(b) will not or is not likely to have any prejudicial effect in respect of the use and enjoyment of the surface of the land; or

(c) will not or is not likely to have any prejudicial effect in respect of any possible future use of the surface of the land.

Dispute as to classification of land or activities

40.—(1) If any dispute arises as to whether or not —

(a) any land is included in any class referred to in section 36;

(b) any activity is a minimum impact activity; or

(c) prospecting, exploration or mining carried out below the surface of any land constitutes prospecting, exploration or mining on or in land for the purposes of section 37,
a party to the dispute may apply to the Magistrate's Court for that court to determine the matter.

(2) At least 10 working days' notice in writing of any such application shall be given by the applicant to every other party to the dispute.

(3) On receipt of any such application, the Courts Administrator shall give notice of the time and place fixed for the hearing of the application to the applicant and every other party to the dispute.

(4) The applicant and every other party to the dispute shall be entitled to be present at and heard in person or through his legal practitioner at the hearing of the application.

Notice of request for ancillary rights agreement

41.—(1) Any person who wishes to obtain ancillary rights in his favour ("the applicant") in order to prospect, explore or mine on or in land, or to erect or put in place or construct any

pursuant to the Land Charges Ordinance and a remittance for the fee payable on such registration.

(3) The placing by the Registrar General or by any other person acting by his authority of an entry in the Land Charges Register or any other register or record maintained by him of particulars of an access agreement shall operate as notice of that agreement and shall not operate to create any estate or interest in any land to which the access agreement relates (and accordingly the Land (Non-residents) Ordinance shall not apply in respect of it).

Meaning of entry on land

39. For the purposes of section 37 only, prospecting, exploration or mining carried out below the surface of any land do not constitute prospecting, exploration or mining in or on land if the activity in question —

(a) will not or is not likely to cause any damage to the surface of the land or any loss to the owner or occupier of the land;

(b) will not or is not likely to have any prejudicial effect in respect of the use and enjoyment of the surface of the land; or

(c) will not or is not likely to have any prejudicial effect in respect of any possible future use of the surface of the land.

Dispute as to classification of land or activities

40.—(1) If any dispute arises as to whether or not —

(a) any land is included in any class referred to in section 36;

(b) any activity is a minimum impact activity; or

(c) prospecting, exploration or mining carried out below the surface of any land constitutes prospecting, exploration or mining on or in land for the purposes of section 37,
a party to the dispute may apply to the Magistrate's Court for that court to determine the matter.

(2) At least 10 working days' notice in writing of any such application shall be given by the applicant to every other party to the dispute.

(3) On receipt of any such application, the Courts Administrator shall give notice of the time and place fixed for the hearing of the application to the applicant and every other party to the dispute.

(4) The applicant and every other party to the dispute shall be entitled to be present at and heard in person or through his legal practitioner at the hearing of the application.

Notice of request for ancillary rights agreement

41.—(1) Any person who wishes to obtain ancillary rights in his favour ("the applicant") in order to prospect, explore or mine on or in land, or to erect or put in place or construct any

necessary buildings, pipes or cables, roads or other access ways or discharge waste water or other waste on land shall endeavour to negotiate an agreement for such an arrangement with every owner and occupier of the relevant land.

(2) The applicant shall notify every such owner and occupier in writing as to the following matters —

- (a) the land affected;
- (b) the purpose or purposes for which the ancillary rights are required;
- (c) the proposed programme of work including the type and the duration of work to be carried out and the likely adverse effect on the land or the owner or occupier of the land;
- (d) the compensation and safeguards against any likely adverse affects proposed;
- (e) the type of licence held or applied for by the applicant;
- (f) details of any planning permission applied for or obtained by the applicant or any other person in relation to any of the work referred to in (c), including any planning permission obtained in relation to the construction of any road or other access way or in relation to the construction of any buildings, pipes, cables or other works ; and
- (g) any matter in relation to a request for an ancillary rights agreement of which the applicant is required to give notice by regulations.

Grant of ancillary rights by agreement

42.—(1) An ancillary rights agreement in relation to land reached by negotiation between the parties shall encompass such of the matters mentioned in subsection (2) as —

- (a) are relevant in the circumstances of the case;
- (b) are agreed between the parties; or
- (c) one of the parties requests shall be included in it.

(2) The matters referred to in subsection (1) are —

- (a) the period or periods during which the licensee is to be permitted access, to erect lay and construct and maintain buildings, pipes cables or other works;
- (b) the route or routes over which and the means by which the licensee is to be permitted access to lay and construct pipes or cables;
- (c) the siting of any roads or access ways, buildings, pipes, cables, drainage or other works;

- (d) the part or parts of the land on or in which the licensee may explore, prospect or mine;
 - (e) the kinds of prospecting, exploration or mining operation that may be carried out on or in land;
 - (f) any obligations of the licensee in relation to the protection of the environment while having access or erecting or maintaining any building laying or maintaining any pipe or laying erecting or maintaining any cable or other works under the ancillary rights agreement and prospecting, exploring or mining in or on the land;
 - (g) any compensation payable by the licensee as a consequence of prospecting, exploring or mining on the land;
 - (h) the manner of resolving any dispute arising in connection with the agreement;
 - (i) the manner of varying the agreement.
- (3) An ancillary rights agreement may deal with such other matters, not mentioned in subsection (2), as the parties may agree.
- (4) In this section "licensee" means the applicant, and where the relevant licence has been granted, includes the person who for the time being holds that licence, if that person is not the applicant.

Ancillary rights arrangements in relation to Crown land

43.—(1) The Governor may, by agreement, enter into an ancillary rights agreement in respect of Crown land, including Crown land forming part of a national park.

(2) In considering whether to enter into an ancillary rights agreement in relation to Crown land, the Governor shall have regard to —

- (a) the purpose for which the land is held and the purpose for which the land is presently used (if there is no identifiable purpose for which the land is held);
- (b) any policy statement or management plan of the Crown in relation to the land;
- (c) the safeguards against potential adverse environmental effects of carrying out the proposed programme of work,

and the Governor may have regard to any other matter he considers relevant.

(3) Before deciding to enter into an ancillary rights agreement in relation to any Crown land the Governor must consult to the extent it is reasonably practicable to do so those persons he believes to be representative of interests likely to be substantially affected by the ancillary rights agreement and must consult the Planning and Building Committee, whether or not the

implementation of the ancillary rights agreement, if made, would involve the doing of anything by the grantee which would constitute development requiring planning permission.

Application for a declaration that a compulsory rights order would be in public interest

44.—(1) If the owner or occupier of any land in respect of which a licence has been granted under section 11 fails or refuses within 60 days of the service of a notice upon him under section 41(2) to enter into an ancillary rights agreement with the applicant, the applicant may apply in writing to the Director for a declaration by the Governor that the making of a compulsory rights order would be in the public interest.

(2) The application for a declaration shall set out the circumstances alleged to justify the making of a compulsory rights order, and shall be in such form and accompanied by such information as the Director may require.

(3) On receiving an application under subsection (1) the Director shall forward it to the Governor together with a statement of the Director's view as to whether the making of a compulsory rights order would be in the public interest and shall serve a copy of the application and such statement on every owner or occupier of land served with the notice under section 41(2) and notice of the effect of subsection (4).

(4) Before deciding whether or not to make a declaration that the making of a compulsory rights order would be in the public interest the Governor shall consider any written representations he may receive from any owner or occupier of the land affected within 30 days of the service by the Director of notice under subsection (3).

(5) If the Governor is minded, after considering any such written representations, to make a declaration that the making of a compulsory rights order would be in the public interest he shall so advise the Legislative Council and if the Legislative Council, on considering the Governor's advice so agrees and informs the Governor accordingly, the Governor may serve notice to that effect, stating the reasons for making a declaration on every owner or occupier affected and every such owner or occupier may, within 21 days of the service of that notice, apply by petition to the Supreme Court for an order that no such declaration be made.

(6) The Supreme Court, on hearing any such petition, may —

(a) dismiss the petition;

(b) order that the Governor shall not make a declaration that the making of a compulsory rights order would be in the public interest;

(c) make any other order, including an order as to costs, it considers necessary or expedient in the circumstances of the case,

but the Supreme Court shall dismiss the petition unless it is satisfied that the making of a compulsory rights order would not be in the public interest.

(7) The Governor, the applicant and the owner and occupier of the land affected shall be entitled to be heard personally or by legal practitioner on the hearing of the petition.

(8) In this and the following section, "the applicant" has the same meaning as it has in section 41.

Declaration that a compulsory rights order would be in public interest: publication, etc

45.—(1) The Governor may make a declaration that a compulsory rights order would be in the public interest if, after he has complied with section 44(4) and (5) in relation to an application for such a declaration, he is of the view that such a declaration would be in the public interest and either —

(a) no person has, within the time limited by section 44(5), petitioned the Supreme Court for an order that no such declaration shall be made; or

(b) the Supreme Court has dismissed any such petition or petitions affecting the land the subject of the application.

(2) Any such declaration shall be by Notice published in the *Gazette* and a copy of the Notice shall be sent to the Magistrate's Court, the applicant and the owner and any occupier of the land affected.

(3) A Notice under subsection (2) shall have effect to refer to the Magistrate's Court for determination the question as to whether a compulsory rights order should be made in favour of the applicant against the owner and any occupier of any land affected.

Fixing time and place for conducting hearing

46.—(1) The Magistrate's Court shall as soon as possible after appointment pursuant to the preceding section —

(a) fix a time and place for conducting a hearing into the question of ancillary rights in or over the land concerned;

(b) cause notice of the time and place fixed for conducting the hearing to be given to the person desiring access and to each of the owners and occupiers of the land.

(2) The court may, by further notice served on the person desiring access and on each of the owners and occupiers of the land concerned (whether on the application of the person seeking the compulsory rights order or of any owner or occupier of that land or otherwise) vary the time and place fixed for conducting the hearing.

(3) The court shall, at the time and place fixed under this section, conduct a hearing into the question of whether a compulsory rights order should be made.

Further provisions as to determination

47.—(1) The court shall not make a compulsory rights order until it has brought, or used its best endeavours to bring, the parties to a settlement acceptable to them but if the parties come to such a settlement, the court shall make an order which gives effect to that settlement.

(2) At any hearing by the court into the question of the making of a compulsory rights order, a person desiring ancillary rights to the land concerned, and each of the owners and occupiers of that land are entitled to appear and be heard either personally or by a person representing him.

(3) Except as otherwise provided by this Ordinance, the procedure at a hearing shall be as determined by the court.

(4) The court shall act according to equity, good conscience and the substantial merits of the case without regard for legal technicalities or forms.

(5) The court may conduct a hearing even though one or more of the parties to the hearing fails to attend the hearing and may from time to time adjourn a hearing to a date time and place fixed by him.

(6) The costs of all parties to the proceedings shall be borne by the person desiring the grant of the compulsory rights order and, if not agreed, shall be fixed by the court on the application of the person desiring that order.

(7) The parties may, at any time before the conclusion of the hearing, terminate the hearing by notice in writing, signed by all of the parties, delivered to the court, but the delivery of such a notice shall not affect the liability under subsection (6) of the person desiring the compulsory rights order to bear the costs of all parties thereto to the proceedings.

Making of compulsory rights order, etc.

48.—(1) As soon as practicable after concluding the hearing, subject to section 49, the court shall make a compulsory rights order in respect of the land concerned giving such ancillary rights as it considers necessary on such terms and subject to such conditions, and for such period, as the court thinks fit and on such a determination being made the court shall reduce it to writing and serve a copy of it on each of the parties.

(2) In determining the duration of any right to be granted the court shall have regard to the time reasonably necessary to enable the minerals to be fully worked, and shall have regard to the duration of the applicant's licence, if already granted.

(3) Such a determination must specify the compensation as assessed by the court, to which each owner or occupier of the land is entitled under this Part.

(4) Where the person desiring access has not obtained the required licence under this Ordinance at the time of the making of the compulsory rights order, the court shall specify the compensation, as assessed by the court, to which each owner and occupier would be entitled under this Part if the person desiring access had obtained the required licence; and in any such

case the obligation to pay compensation shall be conditional upon the person desiring access obtaining the required licence.

Limitation on grant of rights

49.—(1) The court shall not make a compulsory rights order under section 48 unless it is satisfied

- (a) that the arrangement is expedient in the public interest;
- (b) that it is not reasonably practicable to obtain the right by private arrangement for any of the following reasons —
 - (i) that the persons with power to grant the right are numerous or have conflicting interests;
 - (ii) that the persons from whom the right must be obtained, or any of them, have not the necessary powers of disposition, whether by reason of defect of title, legal disability or otherwise; or
 - (iii) that the person with power to grant the right unreasonably refuses to grant it or demands terms which, having regard to the circumstances, are unreasonable.

(2) An appeal lies to the Supreme Court at the instance of the Governor or the applicant from and against any refusal by the Magistrate's Court to make an order under section 48 on the ground that it is not satisfied that to do so is expedient in the public interest.

Effect of compulsory rights order

50. Subject to section 52(4), rights granted by an order under section 48 —

- (a) take effect when a copy of the order has been served on each of the parties and the person desiring access has complied with any condition imposed under section 52(4) if that section is applicable;
- (b) subject to the order having been registered in the Land Charges Register, have effect as if its terms were embodied in a deed that had been duly executed by each of the parties; and
- (c) run with the land affected and bind all subsequent owners and occupiers.

Variation of compulsory rights order

51.—(1) Rights conferred by an order under section 48 may be varied by the court with the consent of all the parties to the proceedings, or their successors.

(2) Subsection (1) has effect without prejudice to any other power the court has to vary the order.

Compensation: general

52.—(1) Where an order is made under section 48 or any restriction is imposed under section 61, the court shall determine the amount or nature of compensation or consideration to be paid or given at the time when it decides whether to make the order or whether the restrictions should be imposed.

(2) The compensation or consideration in respect of any right, including a right to enforce restrictions and any compensation payable by reason of injurious affectation occasioned by the exercise of any right, shall be assessed by the court on the basis of what would be fair and reasonable between a willing grantor and a willing grantee, having regard to the conditions subject to which the compulsory rights order is made or restriction is imposed, and the subsequent provisions of this section and the provisions of sections 53 to 59, where applicable, have effect subject to that over-riding principle.

(3) In assessing compensation or consideration under that subsection in relation to the determination of an ancillary rights arrangement, the court shall have regard —

(a) not only to the value of the land taken or occupied by the ancillary rights but also to the damage, if any, to be sustained by the owner or occupier of the land by reason of the severing of the land from the other land of the owner or occupier or otherwise injuriously affecting such other land by the grant of the compulsory rights order ; and also

(b) to any monetary or non-monetary compensation offered to the owner or occupier of the land by the person desiring ancillary rights.

(4) Without prejudice to sections 53 to 59, the court may impose as a condition on the determination of any ancillary rights arrangement or the imposition of any restriction that any compensation or consideration payable in respect thereof shall be paid, or that security to the satisfaction of the court shall be given, before any right under the arrangement is commenced to be exercised or the restriction is enforced.

Compensation in respect of agricultural land

General provision as to annual compensation

53.—(1) For the purposes of this Part, where land immediately before an order under section 48 comes into effect —

(a) was occupied as a unit, and

(b) was so occupied wholly or mainly for the purposes of agriculture carried on by way of a trade or business,

the entirety of that land (excluding Crown minerals) shall be taken for those purposes to constitute a holding to which this section applies.

(2) Where an order under section 48 affects the whole or part of such a holding, unless the court orders to the contrary, compensation shall be payable in respect of that holding —

(a) for each year beginning with the operative date, and

(b) for each subsequent year which begins with the anniversary of that date and falls wholly or partly within the period of occupation.

(3) Subject to subsection (4), the person entitled to any compensation payable for any year by virtue of this section in respect of a holding shall be the person who —

(a) in respect of so much (if any) of the holding as is not affected by the order is for the time being entitled to occupy the holding, and

(b) in respect of so much of the holding as is affected by the order, would be entitled for the time being to occupy it if the order had not been made.

Calculation of compensation under section 53

54.—(1) The compensation payable for any year in respect of a holding to which section 53 applies shall, subject to any determination to the contrary of the Supreme Court on appeal under section 62, be a sum equal to the annual borrowing cost for that year of the value of the rights conferred by the compulsory rights order in relation to the holding.

(2) For the purposes of this section, the value is such amount as would be fair and reasonable between a willing grantor and a willing grantee having regard to the conditions subject to the conditions contained in or referred to in the order.

(3) For the purposes of subsection (1), the annual borrowing cost for any year of any amount ("the value") is the aggregate sum which would fall to be paid in that year by way of payments of interest and repayments of capital if the value had been borrowed on the date on which the ancillary rights arrangement was made on terms which —

(a) required interest to be paid and capital to be repaid by way of the relevant number of equal annual instalments; and

(b) provided for interest on outstanding capital to become due immediately before the time for payment of each instalment, at an annual rate equal at that date to three per cent per annum above the minimum lending rate of Standard Chartered Bank Stanley branch at the date on which the compulsory rights order was made;

Terminal compensation

55.—(1) Where an order under section 48 relates to the whole or part of a holding to which this section applies, the provisions of this section and of sections 56 and 57 have effect as to the

compensation payable in respect of that holding by the person who immediately before the period of occupation is the person entitled to the rights conferred by the order.

(2) Section 53(1) has effect in relation to this section as it has in relation to that section, and references to a holding to which this section applies shall be construed accordingly.

(3) Compensation payable in respect of a holding under the provisions referred to in subsection (1) of this section shall consist of either or both of the following —

- (a) compensation by way of payment of cost of works, and
- (b) compensation by reference to the diminution in value of the holding.

Compensation by way of payment of cost of works

56.—(1) Subject to the following provisions of this section, compensation by way of the cost of works shall, in the case of an order under section 48, be payable in respect of a holding to which section 55 applies if —

(a) at the end of the period of occupation, any land forming part of the holding and comprised in the arrangement has not been restored to the condition in which it was immediately before the date of entry, and

(b) after the end of the period of occupation, expenses are reasonably incurred by any person in respect of work carried out (over and above the ordinary use and maintenance of land) for the purpose of further restoring that land to or towards that condition or a condition substantially similar thereto.

(2) Where in accordance with subsection (1) compensation by way of payment of cost of works is payable —

(a) the person entitled thereto shall be the person by whom the expenses in question are incurred; and

(b) the compensation shall be payable from time to time as the expenses are incurred and shall be of an amount equal to the amount of the expenses.

(3) The provisions of Schedule 1 to this Ordinance have effect with respect to compensation by way of payment of cost of works under this section.

Compensation by reference to the diminution in value of a holding

57.—(1) Compensation by reference to a diminution in value of a holding to which section 55 applies shall be payable to the owner if the value of a freehold interest in the holding, computed in accordance with paragraph (a) of subsection (2), or in accordance with paragraph (b) of that subsection, as the case may be, but (in either case) with the benefit of any prospective right to compensation by way of payment of cost of works in respect of the holding, is less than the value of such an interest computed in accordance with paragraph (c) of that subsection.

(2) For the purposes of subsection (1) there shall be computed the following values —

(a) where the entirety of the holding is affected by the order under section 48, the value at the end of the period of occupation of a freehold interest in the holding;

(b) where part of the holding is not affected by the order, the value which a freehold interest in the holding would have at the end of the period of occupation if that part of the holding were in the state in which it was immediately before the date of entry, the remainder of the holding being taken to be in the state in which it was at the end of the period of occupation;

(c) in either case, the value which a freehold interest in the holding would have at the end of the period of occupation if that part of the holding were in the state in which it was immediately before the date of entry.

(3) Where in accordance with subsection (1) compensation by reference to the diminution in value of a holding is payable, the amount of the compensation shall be the difference between the values mentioned in that subsection, and the person entitled to that compensation shall be the person who at the end of the period of occupation is the owner of the holding.

(4) In computing value as mentioned in any of paragraphs (a), (b) and (c) of subsection (2), it shall be assumed that a freehold interest in the holding is, in the circumstances mentioned in the paragraph in question, being offered for sale on the open market by a willing seller immediately after the end of the period of occupation, with vacant possession of the holding and free from incumbrances, other than any easement or similar right, any right restrictive of the use of the land and any licence under this Ordinance conferring working rights, affecting the holding or any part thereof at that time.

Additional compensation on re-occupation

58.—(1) Subject to the following provisions of this section, with a view to furthering the resumption of agriculture on land formerly affected by an order under section 49, a person shall be entitled to compensation by virtue of this section in respect of a holding to which section 55 applies if he is in occupation of the holding at the end of the period of occupation or if he enters into occupation of the holding at or after the end of that period, provided that he is occupying the holding or (as the case may be) he enters into occupation of the holding wholly or mainly for the purposes of agriculture carried on by way of trade or business.

(2) No compensation shall be payable by a person by virtue of this section unless he is either the person who, immediately before the order under section 49, was entitled to occupy the holding (in this subsection called “the original occupier”) or a person who, before the end of the period of occupation, became entitled to the relevant interest in the holding in accordance with the disposition of the original occupier’s estate effected by his will, or the law relating to intestacy, or the combination of his will and that law.

(3) In subsection (2) —

(a) "the relevant interest", in relation to any person, means the interest by virtue of which he became entitled to occupy the holding (or would have become entitled to occupy the holding (or would have become so entitled if the compulsory rights order had not been made); and

(b) "will" includes codicil.

(4) The compensation payable in respect of a holding by virtue of this section shall be payable by the person who immediately before the end of the period of occupation is the person entitled to the rights conferred by the ancillary rights arrangement and, subject to the following provisions of this section, shall be an amount equal to the compensation payable in respect of that holding under section 53 for the last twelve months of the period of occupation.

(5) Subject to the following provisions of this section, in any case where the compensation payable in respect of a holding under section 53 was in fact payable by reference to a period of less than twelve months, the compensation payable in respect of that holding by virtue of this section shall be an amount equal to the compensation which was so payable under section 53, multiplied by the fraction of which the denominator is 365 and the numerator is the number of days in the period by reference to which the compensation was so payable under that section.

(6) Where the person entitled, immediately after the end of the period of occupation, to occupy the holding concerned ceases, before he enters into occupation, to be entitled to occupy some part of it then, subject to subsection (7) —

(a) his entry into occupation of the part which he remains entitled to occupy shall be treated for the purposes of subsection (1) as entry into occupation of the holding; but

(b) the compensation payable to him by virtue of this section shall be such proportion of the compensation which would have been so payable had he remained entitled to enter into occupation of the whole of the holding as properly attributable to the part of the holding which he remains entitled to occupy.

(7) If, immediately before the end of the period of occupation, only part of the holding concerned (in this subsection referred to as "the compensatable portion") was comprised in the ancillary rights arrangement and (after the end of the period of occupation) subsection (6) applies, then —

(a) if the holding which the person concerned ceased to be entitled to occupy comprises the whole of the compensatable portion, no compensation shall be payable to him by virtue of this section,

(b) if the person concerned remains entitled to occupy the whole of the compensatable portion, the compensation so payable to him shall not be reduced under paragraph (b) of subsection (6) above; and

(c) in any other case, for the purpose of determining the proportion of the compensation properly attributable to any part of the holding under paragraph (b) of subsection (6), the holding shall be treated as consisting of the compensatable portion only.

Compensation in respect of other matters

Compensation in respect of easements and other rights

59.—(1) The provisions of this section shall have effect where, by reason of an order under section 48 or anything done in the exercise of rights conferred thereby, the exercise of an easement or similar right over any land comprised in the arrangement, or any right restrictive of the use of any such land, is prevented or injuriously affected.

(2) For the year beginning with the date on which the rights under the order took effect, and for each subsequent year which begins with the anniversary of that date and falls wholly or partly within the period of occupation, the person for the time being entitled to the easement or right in question shall be entitled to compensation of an amount equal to the loss (if any) suffered by him by reason that the exercise of the easement or right is prevented or injuriously affected as mentioned in the preceding subsection.

(3) The liability to pay compensation under subsection (2) falls upon the person who, for the whole or any part of the year in question, has been entitled to the rights conferred by the order.

(4) Where, after the end of the period of occupation, the exercise of the easement or right continues to be prevented or injuriously affected by reason of anything done during that period in the exercise of the rights conferred by the compulsory rights order —

(a) if that easement or right is appurtenant to, or the benefit of it is in any other way annexed to, any land, the person who, at the end of the period of occupation, is the owner of that land shall be entitled to compensation from the person who immediately before the end of the period of occupation is the person entitled to the rights conferred by the order if an amount equal to the diminution (if any) in the value of that land, in so far as any such diminution is attributable to the fact that the exercise of the easement or right is so prevented or injuriously affected;

(b) in any other case, the person who at the end of the period of occupation is entitled to the right in question shall be entitled to compensation from the person who immediately before the end of the period of occupation is the person who immediately before the end of the period of occupation is the person entitled to the rights conferred by the order of an amount equal to the market value which the right would then have if its exercise were not so prevented or affected, reduced by the amount of any market value which the right actually has at the end of that period.

(5) For the purposes of paragraph (a) of subsection (4) the value of the land in question shall be taken to have been diminished if (and to the extent to which) the value of the freehold interest in that land at the end of the period of occupation is less than the value which such interest would then have if the land affected by the order, over which the easement or right is exercisable, were in the state in which it was immediately before the date of entry; and for the purpose of computing those values the provisions of section 57(4) shall apply as they apply for the purposes of section 57(2), but with the substitution, for the references to the holding, of references to the land to which the benefit of the easement or right is annexed.

Unknown owner of land

(2) The court, whether or not it appoints such a person, shall order the applicant to bear the Attorney General's costs of the application which, if not agreed, shall be assessed by the court.

(4) Where restrictions are imposed, such compensation or consideration as in default of agreement may be determined by the court shall be paid or given by the applicant in respect of the imposition of the restrictions to such persons as the court may determine to be entitled hereto.

(5) The restrictions may be either on the quantity or position of the minerals to be worked, or on the methods of working or packing, or otherwise as may be necessary to secure adequate support of the buildings or works or to prevent or minimise damage to them.

(6) In determining whether restrictions should be imposed the court shall have regard to the value of the buildings or works or the cost of repairing damage likely to be caused to them by subsidence, as compared with the value of the minerals, or to the importance in the public interest of the erection or preservation of the buildings or works, as compared with the importance in the public interest of the working of the minerals.

SCHEDULE

(section 56)

PROVISIONS AS TO COMPENSATION BY WAY OF PAYMENT OF COST OF WORKS

1. In this Schedule —

“compensation” means compensation under section 56 of this Ordinance;

“final operator” means the person who immediately before the end of the period of occupation is the person entitled to the rights conferred by the order;

“former use”, in relation to any land, means the use for which it was used immediately before the operative date of the order in question;

“proper cost”, in relation to any work, means such cost as is reasonable, having regard to the prices of materials and rates of remuneration for services current at the time when the work is carried out.

2.—(1) The final operator shall not be required to pay compensation in respect of expenses incurred in carrying out any work unless —

(a) not less than the prescribed length of time before the work was begun, the person incurring the expenses gave to the final operator in the prescribed manner, notice in writing containing adequate particulars of the work, together with a statement of the time when it was proposed to carry out the work and estimate of the cost of the work, and

(b) at all reasonable times after the service of that notice, that person afforded to the final operator reasonable facilities to inspect the land to which the notice related, in so far as he was in a position to afford such facilities.

(2) In the following provisions of this Schedule “the applicant”, in relation to a notice under this paragraph, means a person who gave that notice.

3. Where a notice has been given under the last preceding paragraph the final operator within the prescribed time after the giving of that notice, may serve on the applicant a counter-notice, stating —

(a) that the final operator objects to the work specified in the applicant’s notice, or to such one or more items thereof as may be specified in the counter-notice, and

(b) that the final operator objects thereto on such one or more grounds as may be specified in the counter-notice, being one or more of the grounds mentioned in the next following paragraph.

4. Subject to the next following paragraph, the said grounds, in relation to any work specified in a notice under paragraph 2 of this Schedule, are the following, that is to say —

(a) that the work could not reasonably be regarded as work falling within section 56(1)(b) of this Ordinance;

(b) that the work is likely to be ineffective, or is by its nature unsuitable to the land in question, or is proposed to be carried out in an unsuitable way;

(c) that the estimated cost of the work is grossly disproportionate to any prospective increase attributable to the work in the value of the land;

(d) that the work, in a case where the former use of the land in question was agricultural, would not be appropriate to the use of that land for agriculture, or, in any other case, would not be appropriate to the use of that land for its former use;

(e) that the work would not be required but for dilapidation, deterioration or damage which has occurred since the end of the period of occupation and is attributable to default on the part of the owner or of an occupier of the land;

(f) that the work if carried out at the time specified in the applicant's notice, would be premature;

(g) that the work, if carried out at the time specified in the applicant's notice, would not have been carried out at the first reasonable opportunity after the end of the period of occupation, or within a reasonable time after that opportunity arose.

5.—(1) In so far as a notice given under paragraph 2 of this Schedule (in this paragraph referred to as "the current notice") specifies any work (in this paragraph referred to as "the new work") in a case where the applicant has previously given one or more notices under that paragraph specifying similar work which he proposed to carry out in respect of the same land, the last preceding paragraph shall apply in relation to the new work with the substitution, for sub-paragraph (c) of that paragraph, of the following sub-paragraph (in this paragraph referred to as "as the substituted sub-paragraph (c)") —

"(c) that the aggregate cost of that work and of all relevant work specified in previous notices relating to the same land is grossly disproportionate to the aggregate increase attributable to all such work in the value of the land."

(2) In the substituted sub-paragraph (c) the reference to the aggregate cost of the new work and of all other relevant work specified in previous notices relating to the same land is a reference to the aggregate of —

(a) the estimated cost of the new work, and

(b) the estimated cost of any similar work specified in any previous notice given by the applicant which is still outstanding on the relevant date, and

(c) the proper cost of any similar work specified in any previous notice given by the applicant in respect of which a claim for compensation has been allowed before the relevant date or is still outstanding on that date.

(3) In the substituted sub-paragraph (c) the reference to the aggregate increase attributable to all such work as is therein mentioned in the value of the land is a reference to the aggregate of —

(a) the prospective increase in that value attributable to the new work, and

(b) the prospective increase in that value attributable to any similar work specified in any previous notice given by the applicant which is still outstanding on the relevant date, and

(c) the increase in that value attributable to any similar work specified in any compensation has been allowed before the relevant date or is still outstanding on that date.

(4) For the purposes of sub-paragraphs (2) and (3) of this paragraph —

(a) a previous notice specifying similar work shall be taken to be outstanding on the relevant date if —

(i) such a notice has been given before the relevant date and has not been withdrawn, and

(ii) either the final operator has not before that date served a counter-notice objecting to that work, or, if the final operator has served such a counter-notice, that objection has before that date been withdrawn or determined by the Court not to be well-founded, and

(iii) no claim for compensation has before the relevant date been made in respect of expenses incurred in carrying out that work;

(b) a claim for compensation in respect of any work shall be taken to have been allowed before the relevant date if before that date —

(i) a claim for compensation has been made in respect of expenses incurred in carrying out that work, and

(ii) it has been agreed by the final operator, or determined by the Court, that compensation is payable in respect of those expenses, whether the amount of compensation so agreed or determined to be payable was the amount claimed or a different amount;

(c) a claim for compensation in respect of any work shall be taken to be still outstanding on the relevant date if at that date —

(i) a claim for compensation has been made in respect of expenses incurred in carrying out that work, and

(ii) that claim has not been withdrawn, and it has not been determined by the Court that no compensation is payable in respect of those expenses, but

(iii) it has not been agreed by the final operator, or determined by the Court, that compensation is payable in respect of those expenses.

(5) In this paragraph “similar work”, in relation to the new work, means work directed to the same aspect of restoration as the new work; “previous notice”, in relation to the current notice, means a notice given under paragraph 2 of this Schedule before the date on which the current notice was given; and “the relevant date”, in relation to the current notice, means the date on which the final operator serves a counter-notice objecting to the new work, or the date on which the time for serving such a counter-notice expires, whichever is the earlier.

(6) In the following provisions of this Schedule (except where the contrary is expressly provided) any reference to sub-paragraph (c) of the last preceding paragraph, in relation to work to which that paragraph applies in accordance with sub-paragraph (1) of this paragraph, shall be construed as a reference to the substituted sub-paragraph (c), and any reference in this Schedule to the grounds mentioned in the last preceding paragraph shall be construed accordingly.

6. For the purpose of determining whether an objection on the grounds mentioned in sub-paragraph (c) of paragraph 4 of this Schedule is well-founded, the estimated cost of any work shall be taken to be such amount as may be agreed, or determined by the court, to be a fair estimate of the cost of the work, whether the amount is equal to, or greater or less than, the estimated cost of the work as stated in the applicant's notice specifying that work.

7.—(1) In sub-paragraph (e) of paragraph 4 of this Schedule, the reference to default on the part of the owner or of an occupier of the land shall be construed in accordance with the following provisions of this paragraph.

(2) In relation to agricultural land, the reference to default on the part of the owner shall be construed as a reference to failure on his part to manage the land in accordance with the rules of good estate management, and the reference to default on the part of an occupier of the land shall be construed as a reference to failure on the part of such an occupier to fulfil his responsibilities to farm the land in accordance with the rules of good husbandry.

(3) In relation to any other land, the reference to default on the part of the owner shall be construed as a reference to failure on his part to deal with the land in a proper and due course of arrangement, and the reference to default on the part of an occupier of the land shall be construed as a reference to failure on the part of such an occupier to maintain and use the land in a reasonable manner.

8. Where a notice has been given under paragraph 2 of this Schedule, and the applicant has incurred expenses in carrying out any of the work specified in that notice, and claims compensation in respect of those expenses —

(a) if the final operator has not served a counter-notice under paragraph 3 of this Schedule in respect of that notice, he shall not be entitled to object to that claim on any of the grounds mentioned in paragraph 4 of this Schedule;

(b) if the final operator has served such a counter-notice, he shall not be entitled to object to that claim on any of the grounds mentioned in paragraph 4 of this Schedule, except in so far as the claim relates to items which were specified in the counter-notice and the objection is on grounds which were so specified in relation to those items.

9.—(1) Where a notice has been given under paragraph 2 of this Schedule, and the final operator has served a counter-notice objecting to the work specified in the notice, or to one or more items thereof, the applicant, before beginning to carry out any item to which such an objection relates, may require the question whether the objection is well-founded to be referred to the Magistrate's Court.

(2) If on such a reference the Court determines that the objection is not well-founded, and the applicant incurs expenses in carrying out any of the work to which the objection relates and claims compensation in respect of those expenses, then (in addition to any grounds on which the final operator is precluded by the last preceding paragraph from objecting to that claim) the final operator shall not be entitled to object to that claim on any of the grounds which were the grounds of that objection.

(3) If on such a reference the Court determines that the objection is well-founded, and the applicant incurs expenses in carrying out any of the work to which the objection relates, and claims compensation in respect of those expenses —

(a) if the objection was on the grounds mentioned in any of sub-paragraphs (a), (b), (c), (d) and (e) of paragraph 4 of this Schedule, no compensation shall be payable in respect of those expenses;

(b) if the objection was on the grounds mentioned in sub-paragraph (f) of the said paragraph 4, no compensation shall be payable in respect of those expenses by virtue of the notice referred to in sub-paragraph (1) of this paragraph, but without prejudice to the service of a further notice under paragraph 2 of this Schedule in respect of the work in question;

(c) if the objection was on the grounds mentioned in sub-paragraph (g) of the said paragraph 4, the expenses shall be disallowed by virtue of this sub-paragraph in so far as (but no further than) they were greater than they would have been if the work to which the objection related had been carried out at the first reasonable opportunity after the end of the period of occupation.

10.—(1) If, in a case where a notice has been given under paragraph 2 of this Schedule, and the final operator has served a counter-notice objecting to the work specified in the notice, or to one of more items thereof —

(a) the applicant incurs expenses in carrying out work to which the objection relates, without having required the question whether the objection is well-founded to be referred to the Magistrate's Court, and claims compensation in respect of those expenses;

(b) on a reference to the Magistrate's Court with respect to that claim the final operator maintains the objection; and

(c) on that reference the Court determines that the objection is well-founded,

the provisions of heads (a) to (c) of sub-paragraph (3) of the last preceding paragraph shall apply (subject to the following provisions of this paragraph) as they apply in the circumstances mentioned in that sub-paragraph.

(2) Where the objection was on the grounds mentioned in sub-paragraph (c) of paragraph 4 of this Schedule (otherwise than in a case falling within paragraph 5 of this Schedule) so much of the preceding sub-paragraph as relates to the maintenance of the objection, and to a

determination that the objection is well-founded, shall apply as if, in the said sub-paragraph (c), the reference to the estimated cost of the work were a reference to the proper cost of the work.

(3) Where the objection was on the grounds mentioned in the substituted sub-paragraph (c), within the meaning of paragraph 5 of this Schedule, so much of sub-paragraph (1) of this paragraph as relates to the maintenance of the objection, and to a determination that the objection is well-founded, shall apply as if, in the said paragraph 5, any reference to the relevant date were a reference to the date on which the question whether compensation is payable in respect of expenses incurred in carrying out the new work (within the meaning of that paragraph) falls to be determined by the Court, and the objection had been formulated accordingly.

11.—(1) Subject to the next following sub-paragraph, expenses incurred in carrying out any work shall not be treated as having been reasonably incurred as mentioned in paragraph (b) of subsection (1) of section 22 of this Ordinance, if the work was begun more than fifteen years after the end of the period of occupation.

(2) The preceding sub-paragraph shall not apply to any work required for making good damage caused by the settlement of soil replaced in the course of restoring the land or any other damage to the land caused by subsidence which is attributable to anything done in the exercise of rights conferred by the compulsory rights order in question.

12. Where it is shown that the expenses incurred in carrying out any work exceeded the proper cost of the work, any claim for compensation in respect of those expenses shall (without prejudice to any other grounds on which the claim may be liable to be disallowed, wholly or in part) be disallowed to the extent of the excess.

13.—(1) Except in so far as objection is made to any work on the grounds mentioned in sub-paragraph (c) of paragraph 4 of this Schedule, and subject to the provisions of this Schedule relating to any such objection, expenses incurred in carrying out any work shall not be disallowed (wholly or in part) on the grounds that the proper cost of that work (or of that work together with any other work) is greater than any increase attributable thereto in the value of the land.

(2) Subject to the preceding sub-paragraph, nothing in the preceding provisions of this Schedule shall be construed as precluding the final operator from maintaining any objection to a claim for compensation, in so far the objection is on any grounds other than those mentioned in paragraph 4 of this Schedule.

Enforcement notices

(4) Those purposes are —

(7) A replacement building —

(12) Where —

(a) an enforcement notice requires the construction of a replacement building; and

(b) all the requirements of the notice with respect to that construction have been complied with,

Appeal against enforcement notice

85.—(1) A person having an interest in the land to which an enforcement notice relates or a relevant occupier may appeal to the Governor against the notice, whether or not a copy of it has been served on him.

(2) An appeal may be brought on any of the following grounds —

- (b) that those matters have not occurred;
- (c) that those matters (if they occurred) do not constitute a breach of planning control;
- (d) that, at the date when the notice was issued, no enforcement action could be taken in respect of any breach of planning control which may be constituted by those matters;
- (e) that copies of the enforcement notice were not served as required by section 80;
- (f) that the steps required by the notice to be taken, or the activities required by the notice to cease, exceed what is necessary to remedy any breach of planning control which may be constituted by those matters or, as the case may be, to remedy any injury to amenity which has been caused by any such breach;
- (g) that any period specified in the notice in accordance with section 83(9) falls short of what should reasonably be allowed.

(3) An appeal under this section shall be made either —

(a) by giving written notice of the appeal to the Governor before the date specified in the enforcement notice as the date on which it is to take effect; or

(b) by sending such notice to him in a properly addressed and pre-paid letter posted to him at such time that, in the ordinary course of post, it would be delivered to him before that date.

(4) A person who gives notice under subsection (3) shall submit to the Governor, either when giving the notice or within the prescribed time, a statement in writing —

(a) specifying the grounds on which he is appealing against the enforcement notice; and

(b) giving such further information as may be prescribed.

(5) If, where more than one ground is specified in that statement, the appellant does not give information required under subsection (4)(b) in relation to each of those grounds within the prescribed time, the Governor may determine the appeal without considering any ground as to which the appellant has failed to give such information within that time.

(6) In this section “relevant occupier” means a person who —

(a) on the date on which the enforcement notice is issued occupies the land to which the notice relates by virtue of a licence; and

(b) may require the Planning Officer to submit, within such time as may be prescribed, a statement indicating the submissions which he proposes to put forward on behalf of the Committee on the appeal;

(c) may specify the matters to be included in such a statement;

(d) may require the Planning Officer or the appellant to give such notice of an appeal under section 85 as may be prescribed, being notice which in the opinion of the Governor is likely to bring the appeal to the attention of persons in the locality in which the land to which the enforcement notice relates is situated;

(e) may require the Planning Officer to send to the Governor, within such time from the date of the bringing of the appeal as may be prescribed, a copy of the enforcement notice and a list of the persons served with copies of it.

(2) Where a appeal is brought under section 85 the enforcement notice shall be of no effect pending the final determination or the withdrawal of the appeal.

(3) Where any person has appealed to the Governor against an enforcement notice, no person shall be entitled, in any other proceedings instituted after the making of the appeal, to claim that the notice was not duly served on the person who appealed.

(4) The Governor —

(a) may dismiss an appeal if the appellant fails to comply with section 85(4) within the time prescribed by regulations under subsection (1) of this section; and

(b) may allow an appeal and quash the enforcement notice if the Planning Officer fails to comply with any requirement of regulations made by virtue of subsection (1)(b), (c), (d) or (e) of this section within the period prescribed by the regulations.

(5) If —

(a) a statement under section 85(4) specifies more than one ground on which the appellant is appealing against an enforcement notice; but

(b) the appellant does not give information required under paragraph (b) of that provision in relation to each of the specified grounds within the time prescribed by regulations under subsection (1) of this section,

the Governor may determine the appeal without considering any of the specified grounds as to which the appellant has failed to give such information within that time.

General provisions relating to the determination of appeals

87.—(1) The Governor shall permit the Planning Officer on behalf of the Committee, the appellant and any other person wishing to do so to make representations to him in relation to the appeal and, if notice has been given under section 86(1)(d), shall not determine the appeal, except in accordance with section 86(4)(a), until at least 28 days have expired.

(2) On the determination of an appeal under section 85 the Governor may —

(a) correct any defect, error or misdescription in the enforcement notice; or

(4) The Governor shall give any directions necessary to give effect to his determination on the appeal.

(5) The Governor —

(a) may dismiss an appeal if the appellant fails to comply with section 85(4) within the prescribed time; and

(b) may allow an appeal and quash the enforcement notice if the Planning Officer fails to comply with any requirement of regulations made by virtue of paragraph (b), (d) or (e) of section 86(1) within the prescribed period.

(6) Where it would otherwise be a ground for determining an appeal under section 85 in favour of the appellant that a person required to be served with a copy of the enforcement notice was not served, the Governor may disregard that fact if neither the appellant nor that person has been substantially prejudiced by the failure to serve him.

Grant or modification of planning permission on appeals against enforcement notices

88.—(1) On the determination of an appeal under section 85, the Governor may —

(2) The provisions of sections 91M to 91P mentioned in subsection (3) apply for the purposes of subsection (1)(c) as they apply for the purposes of section 91M, but as if —

(b) references to the Committee were references to the Governor.

(3) Those provisions are sections 91M(5) and (6), 91O(4), (so far as it relates to the form of the certificate), (6) and (7) and 91P.

(4) In considering whether to grant planning permission under subsection (1), the Governor shall have regard to the provisions of the Development Plan, so far as material to the subject matter of the enforcement notice, and to any other material considerations.

(5) The planning permission that may be granted under subsection (1) is any planning permission that might be granted on an application under Part IV.

(6) Where under subsection (1) the Governor discharges a condition or limitation, he may substitute another condition or limitation for it, whether more or less onerous.

(7) Where an appeal against an enforcement notice is brought under section 85, the appellant shall be deemed to have made an application for planning permission in respect of the matter stated in the enforcement notice as constituting a breach of planning control.

(8) Any planning permission granted under subsection (1) on an appeal shall be treated as granted on the application deemed to have been made by the appellant.

(9) In relation to a grant of planning permission or a determination under subsection (1) the Governor's decision shall be final.

(10) Fishing right the purposes of section 46 the Governor's decision shall be treated as having been given by him in dealing with an application for planning permission made to the Committee.

(3) Any person who wilfully obstructs a person acting in the exercise of powers under subsection (1) commits an offence and is liable to a fine not exceeding the maximum of level 3 on the standard scale.

Offence where enforcement notice not complied with

90.—(1) Where, at any time after the end of the period for compliance with an enforcement notice, any step required by the notice to be taken has not been taken or any activity required by the notice to cease is being carried on, the person who is then the owner of the land is in breach of the notice.

(2) Where the owner of the land is in breach of an enforcement notice he commits an offence.

(3) In proceedings against any person for an offence under subsection (2), it is a defence for him to show that he did everything he could be expected to do to secure compliance with the notice.

(b) a breach of condition notice,

planning permission is granted for any development carried out before the grant of that permission, the notice shall cease to have effect so far as inconsistent with that permission.

(2) Where after a breach of condition notice has been served any condition to which the notice relates is discharged, the notice shall cease to have effect so far as it requires any person to secure compliance with the condition in question.

(3) The fact that an enforcement notice or breach of condition notice has wholly or partly ceased to have effect by virtue of this section shall not affect the liability of any person for an offence in respect of a previous failure to comply, or secure compliance, with the notice.

(a) the completion, removal or alteration of any buildings or works;

(3) Without prejudice to subsection (1), if any development is carried out on land by way of reinstating or restoring buildings or works which have been removed or altered in compliance with an enforcement notice, the notice shall, notwithstanding that its terms are not apt for the purpose, be deemed to apply in relation to the buildings or works as reinstated or restored as it applied in relation to the buildings or works before they were removed or altered; and, subject to subsection (4) the provisions of section 89(1) and (2) shall apply accordingly.

(4) Where, at any time after an enforcement notice takes effect —

(2) In this section and sections 91D and 91F “relevant activity” means any activity specified in the enforcement notice as an activity which the Committee requires to cease and any activity carried out as part of that activity or associated with that activity.

(3) A stop notice may not be served where the enforcement notice has taken effect.

(4) A stop notice shall not prohibit the use of any building as a dwelling house.

(5) A stop notice shall not prohibit the carrying out of any activity if the activity has been carried out (whether continuously or not) for a period of more than four years ending with the

service of the notice; and for the purposes of this subsection no account is to be taken of any period during which the activity was authorised by planning permission.

(6) Subsection (5) does not prevent a stop notice prohibiting any activity consisting of, or incidental to, building, engineering, mining or other operations or the deposit of refuse or waste materials.

(7) A stop notice may be served by the Committee on any person who appears to the Committee to have an interest in the land or to be engaged in any activity prohibited by the notice.

(8) The Committee may at any time withdraw a stop notice (without prejudice to the Committee's power to serve another) by serving notice to that effect on persons served with the stop notice.

Stop notices: supplementary provisions

91D.—(1) A stop notice must refer to the enforcement notice to which it relates and have a copy of that notice annexed to it.

(2) A stop notice must specify the date on which it will take effect (and it cannot be contravened until that date).

(7) If under section 91C(8) the Committee withdraws a stop notice in respect of which a site notice was displayed the Planning Officer must display a notice of the withdrawal in place of the site notice.

(8) A stop notice shall not be invalid by reason that a copy of the enforcement notice to which it relates was not served as required by section 82 if it is shown that the Committee took all such steps as were reasonably practicable to effect proper service.

Service stop notices by Governor

91E.—(1) If it appears to the Governor to be expedient that a stop notice should be served in respect of any land, he may himself serve such a notice.

Compensation for loss due to stop notice

91F.—(1) Where a stop notice is served under section 91C compensation may be payable under this section in respect of a prohibition contained in the notice only if —

(a) the enforcement notice is quashed on grounds other than those mentioned in paragraph (a) of section 85(2);

(b) the enforcement notice is varied (otherwise than on the grounds mentioned in that paragraph) so that any activity the carrying out of which is prohibited by the stop notice ceases to be a relevant activity;

(c) the enforcement notice is withdrawn by the Committee otherwise than in consequence of the grant by the Committee of planning permission for the development to which the notice relates; or

(d) the stop notice is withdrawn.

(2) A person who, when the stop notice is first served, has an interest in or occupies the land to which the notice relates is entitled to be compensated by the Crown in respect of any loss or damage directly attributable to the prohibition contained in the notice or, in a case within subsection (1)(b) the prohibition of such of the activities prohibited by the stop notice have ceased to be relevant activities.

(3) A claim for compensation under this section shall be made to the Planning Officer within the prescribed time and in the prescribed manner.

(4) The loss or damage in respect of which compensation is payable under this section in respect of a prohibition shall include any sum payable in respect of a breach of contract caused by the taking of action necessary to comply with the prohibition.

(5) No compensation is payable under this section in respect of the prohibition in a stop notice of any activity which at any time when the notice is in force, constitutes or contributes to a breach of planning control.

(6) Except insofar as may be otherwise provided by any regulations made under this Ordinance, any question of disputed compensation under this Part shall be referred to and determined by the Supreme Court.

(4) The conditions which may be specified in a notice served by virtue of subsection (2)(b) are any of the conditions regulating the use of the land.

(5) A breach of condition notice shall specify the steps which the Committee consider ought to be taken, or the activities which the Committee consider ought to cease, to secure compliance with the conditions specified in the notice.

(6) The Committee may by notice served on the person responsible withdraw the breach of condition notice, but its withdrawal shall not affect the power to serve on him a further breach of condition notice in respect of the condition specified in the earlier notice or any other conditions.

(7) The period allowed for compliance with the notice is —

(a) such period of not less than 28 days beginning with the date of service of the notice as may be specified in the notice; or

(b) that period as extended by a further notice served by the Committee on the person responsible.

(8) If, at any time after the end of the period allowed for compliance with the notice —

(a) any of the conditions specified in the notice is not complied with; and

the person responsible is in breach of the notice.

(9) If the person responsible is in breach of the notice he commits an offence.

Insertion of Schedule A1 in principal Ordinance

11. The principal Ordinance is amended by the insertion of the following Schedule —

"SCHEDULE A1

The Directives (section 33)

COUNCIL DIRECTIVE OF JUNE 27, 1985 ON THE ASSESSMENT OF THE EFFECTS OF CERTAIN PUBLIC AND PRIVATE PROJECTS ON THE ENVIRONMENT (85/337/EEC) AS AMENDED BY COUNCIL DIRECTIVE 97/11/EC

The Council of the European Communities

having regard to the Treaty establishing the European Economic Community, and in particular Articles 100 and 235 thereof,

having regard to the proposal from the Commission,

having regard to the opinion of the European Parliament,

having regard to the opinion of the Economic and Social Committee,

whereas the 1973 and 1977 action programmes of the European Communities on the environment, as well as the 1983 action programme, the main outlines of which have been approved by the Council of the European Communities and the representatives of the Governments of the Member States, stress that the best environmental policy consists in

preventing the creation of pollution or nuisances at source, rather than subsequently trying to counteract their effects; whereas they affirm the need to take effects on the environment into account at the earliest possible stage in all the technical planning and decision-making processes; whereas to that end, they provide for the implementation of procedures to evaluate such effects;

whereas the disparities between the laws in force in the various Member States with regard to the assessment of the environmental effects of public and private projects may create unfavourable competitive conditions and thereby directly affect the functioning of the common market; whereas, therefore, it is necessary to approximate national laws in this field pursuant to Article 100 of the Treaty;

whereas, in addition, it is necessary to achieve one of the Community's objectives in the sphere of the protection of the environment and the quality of life;

whereas, since the Treaty has not provided the powers required for this end, recourse should be had to Article 235 of the Treaty;

whereas general principles for the assessment of environmental effects should be introduced with a view to supplementing and co-ordinating development consent procedures governing public and private projects likely to have a major effect on the environment;

whereas development consent for public and private projects which are likely to have significant effects on the environment should be granted only after prior assessment of the likely significant environmental effects of these projects has been carried out; whereas this assessment must be conducted on the basis of the appropriate information supplied by the developer, which may be supplemented by the authorities and by the people who may be concerned by the project in question;

whereas the principles of the assessment of environmental effects should be harmonised, in particular with reference to the projects which should be subject to assessment, the main obligations of the developers and the content of the assessment;

whereas projects belonging to certain types have significant effects on the environment and these projects must as a rule be subject to systematic assessment;

whereas projects of other types may not have significant effects on the environment in every case and whereas these projects should be assessed where the Member States consider that their characteristics so require;

whereas, for projects which are subject to assessment, a certain minimal amount of information must be supplied, concerning the project and its effects;

whereas the effects of a project on the environment must be assessed in order to take account of concerns to protect human health, to contribute by means of a better environment to the quality of life, to ensure maintenance of the diversity of species and to maintain the reproductive capacity of the ecosystem as a basic resource for life;

whereas, however, this Directive should not be applied to projects the details which are adopted by a specific act of national legislation, since the objectives of this Directive, including that of supplying information, are achieved through the legislative process;

whereas, furthermore, it may be appropriate in exceptional cases to exempt a specific project from the assessment procedures laid down by this Directive, subject to appropriate information being supplied to the Commission;

has adopted this Directive:

ARTICLE 1

(1) This Directive shall apply to the assessment of the environmental effects of those public and private projects which are likely to have significant effects on the environment.

(2) For the purposes of this Directive:

“project” means:

- the execution of construction works or of other installations or schemes,
- other interventions in the natural surroundings and landscape including those involving the extraction of mineral resources;

“developer” means:

the applicant for authorisation for a private project or the public authority which initiates a project;

“development consent” means:

the decision of the competent authority or authorities which entitles the developer to proceed with the project.

(3) The competent authority or authorities shall be that or those which the Member States designate as responsible for performing the duties arising from this Directive.

(4) Projects serving national defence purposes are not covered by this Directive.

(5) This Directive shall not apply to projects the details of which are adopted by a specific act of national legislation, since the objectives of this Directive, including that of supplying information, are achieved through the legislative process.

ARTICLE 2

[(1) Member States shall adopt all measures necessary to ensure that, before consent is given, projects likely to have significant effects on the environment by virtue, *inter alia*, of their nature, size or location are made subject to a requirement for development consent and an assessment with regard to their effects. These projects are defined in Article 4.]

(2) The environmental impact assessment may be integrated into the existing procedures for consent to projects in the Member States, or, failing this, into other procedures or into procedures to be established to comply with the aims of this Directive.

[(2a) Member States may provide for a single procedure in order to fulfil the requirements of this Directive and the requirements of Council Directive 96/61/E.C. of September 24, 1996 on integrated pollution prevention and control.¹]

[(3) Without prejudice to Article 7, Member States may, in exceptional cases, exempt a specific project in whole or in part from the provisions laid down in this Directive.]

In this event, the Member States shall:

- (a) consider whether another form of assessment would be appropriate and whether the information thus collected should be made available to the public;
- (b) make available to the public concerned the information relating to the exemption and the reasons for granting it;
- (c) inform the Commission, prior to granting consent, of the reasons justifying the exemption granted, and provide it with the information made available, where applicable, to their own nationals.

¹ O.J. No. L257, 10.10.1996, p.26.

The Commission shall immediately forward the documents received to the other Member States.

The Commission shall report annually to the Council on the application of this paragraph.

ARTICLE 3

The environmental impact assessment shall identify, describe and assess in an appropriate manner, in the light of each individual case and in accordance with the Articles 4 to 11, the direct and indirect effects of a project on the following factors:

- human beings, fauna and flora,
- soil, water, air, climate and the landscape,
- material assets and the cultural heritage;
- the interaction between the factors mentioned in the first, second and third indents.]

ARTICLE 4

(1) Subject to Article 2(3), projects listed in Annex I shall be made subject to an assessment in accordance with Articles 5 to 10.

(2) Subject to Article 2(3), for projects listed in Annex II, the Member States shall determine through:

- (a) a case-by-case examination,
- or

(b) thresholds or criteria set by the Member State

whether the project shall be made subject to an assessment in accordance with Articles 5 to 10.

Member States may decide to apply both procedures referred to in (a) and (b).

(3) When a case-by-case examination is carried out or thresholds or criteria are set for the purpose of paragraph 2, the relevant selection criteria set out in Annex III shall be taken into account.

(4) Member States shall ensure that the determination made by the competent authorities under paragraph 2 is made available to the public.]

ARTICLE 5

(1) In the case of projects which, pursuant to Article 4, must be subjected to an environmental impact assessment in accordance with Articles 5 to 10, Member States shall adopt the necessary measures to ensure that the developer supplies in an appropriate form the information specified in Annex IV inasmuch as:

- (a) the Member States consider that the information is relevant to a given stage of the consent procedure and to the specific characteristics of a particular project or type of project and of the environmental features likely to be affected;
- (b) the Member States consider that a developer may reasonably be required to compile this information having regard *inter alia* to current knowledge and methods of assessment.

(2) Member States shall take the necessary measures to ensure that, if the developer so requests before submitting an application for development consent, the competent authority

shall give an opinion on the information to be supplied by the developer in accordance with paragraph 1. The competent authority shall consult the developer and authorities referred to in Article 6(1) before it gives its opinion. The fact that the authority has given an opinion under this paragraph shall not preclude it from subsequently requiring the developer to submit further information.

Member States may require the competent authorities to give such an opinion, irrespective of whether the developer so requests.

(3) The information to be provided by the developer in accordance with paragraph 1 shall include at least:

- a description of the project comprising information on the site, design and size of the project,
- a description of the measures envisaged in order to avoid, reduce and, if possible, remedy significant adverse effects,
- the data required to identify and assess the main effects which the project is likely to have on the environment,
- an outline of the main alternatives studied by the developer and an indication of the main reasons for his choice, taking into account the environmental effects,
- a non-technical summary of the information mentioned in the previous indents.

(4) Member States shall, if necessary, ensure that any authorities holding relevant information, with particular reference to Article 3, shall make this information available to the developer.]

ARTICLE 6

[(1) Member States shall take the measures necessary to ensure that the authorities likely to be concerned by the project by reason of their specific environmental responsibilities are given an opportunity to express their opinion on the information supplied by the developer and on the request for development consent. To this end, Member States shall designate the authorities to be consulted, either in general terms or on a case-by-case basis. The information gathered pursuant to Article 5 shall be forwarded to those authorities. Detailed arrangements for consultation shall be laid down by the Member States.]

[(2) Member States shall ensure that any request for development consent and any information gathered pursuant to Article 5 are made available to the public within a reasonable time in order to give the public concerned the opportunity to express an opinion before the development consent is granted.]

(3) The detailed arrangements for such information and consultation shall be determined by the Member States, which may in particular, depending on the particular characteristics of the projects or sites concerned:

- determine the public concerned,
- specify the places where the information can be consulted,
- specify the way in which the public may be informed, for example by bill-posting within a certain radius, publication in local newspapers, organisation of exhibitions with plans, drawings, tables, graphs, models,
- determine the manner in which the public is to be consulted, for example, by written submissions, by public enquiry,

- fix appropriate time limits for the various stages of the procedure in order to ensure that a decision is taken within a reasonable period.

ARTICLE 7

(1) Where a Member State is aware that a project is likely to have significant effects on the environment in another Member State or where a Member State likely to be significantly affected so requests, the Member State in whose territory the project is intended to be carried out shall send to the affected Member State as soon as possible and no later than when informing its own public, *inter alia*:

- (a) a description of the project, together with any available information on its possible transboundary impact;
 - (b) information on the nature of the decision which may be taken,
- and shall give the other Member State a reasonable time in which to indicate whether it wishes to participate in the Environmental Impact Assessment procedure, and may include the information referred to in paragraph 2.

2. If a Member State which receives information pursuant to paragraph 1 indicates that it intends to participate in the Environmental Impact Assessment procedure, the Member State in whose territory the project is intended to be carried out shall, if it has not already done so, send to the affected Member State the information gathered pursuant to Article 5 and relevant information regarding the said procedure, including the request for development consent.

3. The Member States concerned, each insofar as it is concerned, shall also:

- (a) arrange for the information referred to in paragraphs 1 and 2 to be made available, within a reasonable time, to the authorities referred to in Article 6(1) and the public concerned in the territory of the Member State likely to be significantly affected; and
- (b) ensure that those authorities and the public concerned are given an opportunity, before development consent for the project is granted, to forward their opinion within a reasonable time on the information supplied to the competent authority in the Member State in whose territory the project is intended to be carried out.

(4) The Member States concerned shall enter into consultations regarding, *inter alia*, the potential transboundary effects of the project and the measures envisaged to reduce or eliminate such effects and shall agree on a reasonable time frame for the duration of the consultation period.

(5) The detailed arrangements for implementing the provisions of this Article may be determined by the Member States concerned.]

ARTICLE 8

[The results of consultations and the information gathered pursuant to Articles 5, 6 and 7 must be taken into consideration in the development consent procedure.]

ARTICLE 9

(1) When a decision to grant or refuse development consent has been taken, the competent authority or authorities shall inform the public thereof in accordance with the appropriate procedures and shall make available to the public the following information:

- the content of the decision and any conditions attached thereto,
- the main reasons and considerations on which the decision is based,
- a description, where necessary, of the main measures to avoid, reduce and, if possible, offset the major adverse effects.

(2) The competent authority or authorities shall inform any Member State which has been consulted pursuant to Article 7, forwarding to it the information referred to in paragraph 1.]

ARTICLE 10

The provisions of this Directive shall not affect the obligation on the competent authorities to respect the limitations imposed by national regulations and administrative provisions and accepted legal practices with regard to commercial and industrial confidentiality, including intellectual property, and the safeguarding of the public interest.

Where Article 7 applies, the transmission of information to another Member State and the receipt of information by another Member State shall be subject to the limitations in force in the Member State in which the project is proposed.]

ARTICLE 11

(1) The Member States and the Commission shall exchange information on the experience gained in applying this Directive.

[(2) In particular, Member States shall inform the Commission of any criteria and/or thresholds adopted for the selection of the projects in question, in accordance with Article 4(2).]

(3) Five years after notification of this Directive, the Commission shall send the European Parliament and the Council a report on its application and effectiveness. The report shall be based on the aforementioned exchange of information.

(4) On the basis of this exchange of information, the Commission shall submit to the Council additional proposals, should this be necessary, with a view to this Directive's being applied in a sufficiently co-ordinated manner.

ARTICLE 12

(1) Member States shall take the measures necessary to comply with this Directive within three years of its notification.

(2) Member States shall communicate to the Commission the texts of the provisions of national law which they adopt in the field covered by this Directive.

(6) An application under subsection (1) may be made in respect of the Individual Transferable Quota Eligibility Register of any number of established fisheries.

Determination of applications for name of company to be placed upon Individual Transferable Quota Eligibility Register

(4) The Governor may upon such conditions, if any, as he sees fit, whether on application of the company concerned or otherwise, authorise the Director, if the Director is satisfied that he can properly do so having regard to the requirements of subsection (3), to enter the name of the company upon the Individual Transferable Quota Eligibility Register notwithstanding that the Director would otherwise be bound to refuse the application by reason of subsection (2)(a) (ii) or (b).

(5) The Director shall, as soon as practicable, notify the applicant in writing of his decision to grant or refuse its application for entry of its name upon an Individual Transferable Quota Eligibility Register and, if he refuses such an application, of the reasons why he has done so and, if he has refused the application because of any of the requirements of subsection (3) the notification shall draw the applicant's attention to the right of the applicant under subsection (6) to seek review of his decision.

(6) A company aggrieved by a decision of the Director to refuse its application for entry of its name upon an Individual Transferable Quota Eligibility Register because of any of the requirements of subsection (3) may apply under section 108 for the Commission to review that decision, but there is no right to apply for such review where the refusal is based or partly based on the ground that the provisions of subsection (2) are not complied with by the company.

(7) The Governor may by Order under this subsection specify offences for the purposes of subsection (2)(c) and such offences may include offences under the laws relating to fishing or fisheries conservation and management of overseas countries.

Period for which name of company shall appear upon Individual Transferable Quota Eligibility Register

(2) Unless otherwise provided by an Order made under subsection (1), an application for the renewal of the period for which the name of a company shall appear upon an Individual Transferable Quota Eligibility Register shall be made annually not more than 56 days and not less than 28 days before the expiration of the initial period or last preceding renewal granted under this subsection and shall be —

(3) The Director may grant an application for renewal under subsection (2) if he is satisfied on considering the application that the company continues to meet the requirements for appearance of its name upon the Individual Transferable Quota Eligibility Register.

(4) The Director may refuse any application under subsection (2) on any ground upon which under section 25 he may refuse an application under section 24(1), but if he refuses any such application he shall notify the applicant in writing within 7 days of the reason or reasons for the refusal.

(5) If the Director refuses an application made under subsection (2) of this section, section 25(6) applies to the same extent as it would had the application been an application under section 24(1) which the Director had refused on a corresponding ground.

(6) If a company fails to make application under subsection (2) in accordance with that subsection and has not notified the Director under section 31(2) that it is no longer eligible to hold Individual Transferable Quota, it commits an offence and the Director shall, whether or not the company is prosecuted for that offence, as soon as its registration upon that Register expires, serve notice upon the company under section 33(2) of revocation of the Individual Transferable Quota held by the company, on the ground specified in section 33(2)(h).

(3) The Director may (provided that the company has paid the prescribed fee, if any, in relation to the application) grant any application for a company's name to be placed upon a Provisional Quota Eligibility Register which he is satisfied is not one he is required by subsection (2) to refuse, and may refuse such an application notwithstanding that he is satisfied it is not one he is required by subsection (2) to refuse.

(4) The Director shall, as soon as practicable, notify the applicant in writing of his decision to grant or refuse an application for placing a company's name upon a Provisional Quota Eligibility Register and, if he refuses such an application, of the ground or grounds on which he has done so and the right of the applicant to apply to the Commission to review any decision of the Director to refuse the application for any reason other than one mentioned in subsection (2).

Period for which name of company shall appear upon Provisional Quota Eligibility Register

30.—(1) Unless otherwise provided by Order made by the Governor under this subsection, the name of a company on a Provisional Quota Eligibility Register shall appear upon that Register for a period of 12 months from the date it was first placed upon that Register or, as the case may be, the last preceding date from which the period of appearance of its name on that Register was renewed but the period of appearance of its name may be renewed or further renewed on an application under subsection (2).

(2) Unless otherwise provided by an Order made under subsection (1), an application for the renewal of the period for which the name of a company shall appear upon a Provisional Quota Eligibility Register shall be made annually not more than 56 days and not less than 28 days before the expiration of the initial period or last preceding renewal granted under this subsection and shall be —

(5) If the Director refuses an application for renewal of the registration of a company's name upon the Provisional Quota Eligibility Register, section 24(6) applies to the same extent as it would had the application been an application for original registration of a company's name upon the Individual Transferable Quota Eligibility Register which the Director had refused on a corresponding ground.

(6) If a company fails to make application for renewal of the registration of its name upon the Provisional Quota Eligibility Register in accordance with subsection (2) and, if it holds any Provisional Quota, has not notified the Director that it wishes to surrender the Provisional Quota it holds, the company commits an offence and the Director shall, whether or not the company is prosecuted for that offence, as soon as its registration upon that Register expires serve notice under section 33(2) of revocation of the Provisional Quota held by the company, on the ground specified in section 33(2)(h).

Changes of circumstances

Duty to notify change in circumstances: removal of company's name from Eligibility Register

31.—(1) For the purposes of this section, a company is not qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota if, at the time in question, in the case of a holding of Individual Transferable Quota, it is to be treated by subsection (2) as not continuing to be eligible to have its name appear on the relevant Individual Transferable Quota Eligibility Register or, in the case of a holding of Provisional Quota it is to be treated by subsection (2) as not continuing to be eligible to have its name appear on the relevant Provisional Quota Eligibility Register.

(2) For the purposes of subsection (1), a company continues to be eligible to have its name appear on an Individual Transferable Quota Eligibility Register or, as the case may be, a Provisional Quota Eligibility Register, on which its name appears if, were it to apply—

(a) in the case of an Individual Transferable Quota Eligibility Register, under section 24(1) on that date for the registration of its name upon that Individual Transferable Quota Eligibility Register, it would satisfy either —

(i) the requirements of section 25(2); or

(ii) the conditions of any special consent given to it by the Governor under section 25(4),

in relation to the entry of its name upon that Register;

(b) in the case of a Provisional Quota Eligibility Register, under section 28(1) on that date for the registration of its name upon that Provisional Quota Eligibility Register, it would satisfy the requirements of section 29(2) in relation to the entry of its name upon that Register.

(3) Without prejudice to its obligations under section 32(1), if a company becomes no longer qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota —

(a) it shall forthwith notify the Director in writing of that fact and give him full particulars of the event or events which has or have occurred and caused it to be no longer qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota;

(b) within 90 days of the date on which the company ceased to be qualified or such greater period as the Director may allow under subsection (5) —

(i) take action resulting in it within that period again becoming qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota;

(ii) surrender the Individual Transferable Quota or, as the case may be, Provisional Quota to the Crown; or

(iii) in the case of Individual Transferable Quota, dispose of the Individual Transferable Quota to a company qualified to hold it, without contravening section 58.

(4) If the Director becomes aware, other than by reason of a notice under subsection (2) being given to him, that a company which holds Individual Transferable Quota is no longer qualified to hold it, he shall serve notice on that company requiring it within 90 days of the service of that notice, to do one or other of the things mentioned in paragraphs (a), (b) and (c) of subsection (2) and notify the Director in writing if it does so.

(5) The Director, on application by a company which has given him notice under subsection (2) or upon which he has served notice under subsection (3), may, if he considers that there is reasonable cause so to do, extend the time within which the company may take action resulting

in it again becoming qualified to hold the Quota or dispose of the Individual Transferable Quota it holds by such period as he may see fit, but not exceeding a further 90 days.

(6) A company aggrieved by the service upon it of a notice under subsection (3) may apply under section 108 for a review by the Commission of the matter, but only on the ground that at the time of the service of the notice it was qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota.

(7) If having given notice under subsection (3) or having been served with notice under subsection (3), the company fails within the period of 90 days or such further period as may be permitted under subsection (4) to do such one or other of the things mentioned in paragraph (b) of subsection (3) as may be appropriate in the circumstances of the case and notify the Director thereof in writing, the Director shall revoke the grant of Individual Transferable Quota to the company and shall —

(a) notify the company in writing that he has revoked the grant;

(b) make such notation in the Individual Transferable Quota Register or the Provisional Quota Register as is required by section 52(2)(h) or section 53; and

(c) remove the company's name from the relevant Eligibility Register,

but shall not do so while any application to the Commission for review of the service of the notice under subsection (3) remains undetermined.

(8) A company which, without reasonable excuse, fails to notify the Director as required by subsection (2) commits an offence.

(9) Section 34(8) to (10) shall apply in relation to any Individual Transferable Quota the grant of which has been revoked under subsection (6).

Documents and information to be supplied to the Director

Duty to provide documents and information to the Director

32.—(1) Every company which owns Individual Transferable Quota or Provisional Quota shall—

(a) at the same time as it files—

(i) a copy of its audited annual accounts to the Commissioners of Taxes under the provisions of section 30 of the Taxes Ordinance, supply a copy of those audited accounts to the Director;

(ii) its annual return under the provisions of section 126 of the Companies Act 1948 in its application to the Falkland Islands, supply a copy of that annual return to the Director;

(iii) a certified copy of any amendment to its Articles of Association under section 12 of the Companies Act 1948 in its application to the Falkland Islands, supply a certified copy of that amendment to the Director; and

(b) at the same time as it supplies to the Director a copy of its audited accounts pursuant to paragraph (a), further supply to the Director a statutory declaration made not more than 7 days previously by a director of the company that as at the date that declaration was made the company continued to be eligible to have its name appear on any Individual Transferable Quota Register or Provisional Quota Register on which its name appeared as at that date.

(2) Every company which owns Individual Transferable Quota or Provisional Quota shall within 14 days of any request in writing by the Director so to do, or such greater time as he may, on the application of the company allow, supply to the Director —

(a) an explanation or further details of anything appearing in the company's audited accounts of which he may require an explanation;

(b) a copy of any agreement made by the company in relation to the marketing of fish, or the lending of money to the company or financing of any building, facility, ship or fishing vessel acquired or to be acquired by the company or of any activity undertaken by the company;

Revocation of grant of Individual Transferable Quota or Provisional Quota

Grounds on which grant of Individual Transferable Quota or Provisional Quota may be revoked

33.—(1) This section has effect without prejudice to sections 31(7) and 173(1)(e).

(2) The grant of Individual Transferable Quota or Provisional Quota to a company may be revoked by the Director serving a notice on the owner on any one or more of the following grounds —

(a) that a receiver or administrative receiver has been appointed by any mortgagee or debenture-holder under the provisions of any mortgage or debenture of Individual Transferable Quota, and that Individual Transferable Quota has not, within 90 days of his appointment, or such greater period as the Director may allow, been transferred to a company the name of which appears on the relevant Eligibility Register;

(b) that a winding up order has been made by the Supreme Court or any other court having jurisdiction to do so in respect of the company and the liquidator of the company has not,

within 90 days thereafter, transferred the Individual Transferable Quota or Provisional Quota to a company the name of which appears on the relevant Eligibility Register;

(c) that the Director is not satisfied that the company is properly exploiting the Individual Transferable Quota or Provisional Quota;

(d) that the company has failed to comply with a notice served on it under section 23(4) or section 27(4);

(e) that the Director has removed the company's name under section 31(6)(c) from the relevant Eligibility Register;

(f) that, in relation to a material part of its business, the owner appears to the Director to be required to act in accordance with the instructions of a non-Falkland Islands fishing business;

(h) that the company has failed to renew its registration upon the Individual Transferable Quota Register or Provisional Quota Eligibility Register, as the case may be.

(3) The revocation of the grant of an Individual Transferable Quota or of a Provisional Quota does not bring to an end any Catch Entitlement generated in respect of that Individual Transferable Quota or Provisional Quota in respect of the fishing period current on the date of the revocation.

(4) The ground or grounds on which the Director revokes the grant of Individual Transferable Quota or Provisional Quota shall be stated in the notice served under subsection (2).

(5) Where a notice is served on the ground specified in subsection (2)(h), it shall not take effect if within 14 days of the service of that notice the company makes an application to renew its registration upon the relevant Register, but without prejudice to the power of the Director, if that application is refused, to serve a further notice on the ground specified in subsection (2)(g).

(6) Subsection (5) has prejudice to the power of the Director to serve a further notice of revocation of the grant under any other paragraph of subsection (2).

Supplementary to sections 31 and 33

34.—(1) The Director shall consult the owners of Individual Transferable Quota and the owners of Provisional Quota and the Committee as to the criteria and policies to be applied by him in determining whether a company is properly exploiting Individual Transferable Quota or Provisional Quota belonging to it ("the proposed criteria") and shall thereafter submit the proposed criteria to the Governor for approval who may approve them, with or without amendment or refer them back to the Director for reconsideration.

(2) As soon as the proposed criteria have been approved by the Governor, they shall be published in the *Gazette*, and, if appropriate, as amended by the Governor.

(3) The criteria published in accordance with subsection (2) may be amended or replaced from time to time in accordance mutatis mutandis with the procedure set out in subsections (1) and (2).

(5) When a fishing right registered under this Part is suspended, revoked, forfeited or ceases to , or a suspension of a fishing right is revoked the Director shall make a notation in the Register to that effect and if the fishing right is cancelled or ceases to have effect shall, in addition, cancel the registration of the fishing right.

(6) The Director shall rectify the Register accordingly where, because of a decision made by him or by the Magistrate's Court or the Supreme Court, a notation made by him under subsection (5) is no longer correct.

(7) Where a person other than the holder of a fishing right has an interest in the fishing right, being an interest in relation to which a dealing has been registered under section 52, the Director shall give that person written notification of anything he has done under subsection (5) or (6) in relation to that fishing right.

(8) The Director shall use his best efforts to sell by tender any Individual Transferable Quota the grant of which has been revoked under section 31(6) or section 33(2) to a company or companies the name of which appears upon the Individual Transferable Quota Eligibility Register at the best price reasonably obtainable, but shall not do so —

(a) within 14 days of the revocation; or

(b) while any application to the Commission or to the Supreme Court for review of his decision to revoke the grant remains undetermined.

(c) a statement is false in a material particular if it is both false and, in the circumstances of the case, may influence the Director in however small a degree, in favour of granting the application or disincline him to refuse it.

Division B — Catch Entitlements

Setting of Total Allowable Effort or Total Allowable Catch and Fishing Effort Values of vessels

Total Allowable Effort and Catch Entitlements

37.—(1) The Director, if he does not propose to set Total Allowable Catch in respect of it under the next following section, shall from time to time, by notice published in the *Gazette*, set in respect of every effort management stock in respect of which any Individual Transferable Quota has been granted, and which is for the time being managed by way of setting Total Allowable Effort in respect of that stock, the Total Allowable Effort in respect of that stock expressed in terms of units of vessel Fishing Effort Value and specify the period to which the notice relates.

(2) The Total Allowable Effort may be set under subsection (1) so as to apply —

(a) in respect of the calendar year or other period specified in the notice; or

(b) in respect of the calendar year specified in the notice and thereafter in respect of each successive calendar year until the notice is amended or revoked under subsection (4).

(3) A notice under subsection (1) may set the Total Allowable Effort in respect of a stock at nil and no compensation shall be payable to any person if Total Allowable Effort is so set.

(4) The Director may at any time amend or revoke a notice under subsection (1) by further notice under that subsection.

(5) Where a notice under subsection (1) has been published, an Individual Transferable Quota and a Provisional Quota generates Catch Entitlement in accordance with the following formula—

$a = (b \text{ divided by } 1000) \text{ multiplied by } c$, where —

a is the Catch Entitlement,

b is the number of thousandths of the total allowable effort in relation to the stock held by the owner of the Individual Transferable Quota or Provisional Quota; and

c is the Total Allowable Effort notified under subsection (1),

but the Catch Entitlement does not authorise the taking of fish, which is only authorised by a fishing licence or scientific permit.

(6) The Director shall notify every owner of Individual Transferable Quota or Provisional Quota in relation to a fishery 3 months or such shorter period as may be specified by regulations before the commencement of the period to which the notice under subsection (1) relates the Catch Entitlement, if any, generated for that period in respect of that owner's Individual Transferable Quota or Provisional Quota.

(7) Any Catch Entitlement generated under subsection (5) shall be registered by the Director in the Catch Entitlement Register maintained under section 55.

(8) The Director may of his own motion or on the application of any interested person correct any error in any notification he has given under subsection (6).

Total Allowable Catch and Catch Entitlements

38.—(1) The Director, if he does not propose to set Total Allowable Effort in respect of it under the preceding section, shall from time to time by notice published in the *Gazette*, set in respect of every quota management stock in respect of which any Individual Transferable Quota or Provisional Quota has been granted the Total Allowable Catch in respect of that stock and specify the period to which the notice relates.

(2) The Total Allowable Catch may be set under subsection (1) so as to apply —

(a) in respect of the calendar year or other period specified in the notice; or

(b) in respect of the calendar year specified in the notice and thereafter in respect of successive calendar years until the notice is amended or revoked under subsection (4).

(3) A notice under subsection (1) may set the Total Allowable Catch at nil, and no compensation shall be payable to any person if the Total Allowable Catch is so set.

(4) The Director may at any time amend or revoke a notice under subsection (1) by further notice under that subsection.

(5) Where a notice under subsection (1) has been published, an Individual Transferable Quota or a Provisional Quota generates Catch Entitlement in accordance with the following formula—

$a = (b \text{ divided by } 100,000) \text{ multiplied by } c$, where —

a is the Catch Entitlement,

b is the number of hundred thousandths of the total allowable catch in relation to the stock held by the owner of the Individual Transferable Quota; and

c is the Total Allowable Catch notified under subsection (1).

(6) The Director shall notify every owner of Individual Transferable Quota or Provisional Quota in relation to a stock 3 months before the commencement of the period to which the notice under subsection (1) relates the Catch Entitlement generated under this section for that period in respect of that owner's holding of Individual Transferable Quota or Provisional Quota.

(7) Any Catch Entitlement generated under subsection (5) shall be registered by the Director in the Catch Entitlement Register maintained under section 55.

(8) The Director shall of his own motion or on the application of any interested person correct any error he finds in any notification he has given under subsection (6).

Supplementary to sections 37 and 38

39.—(1) The Director shall set the Total Allowable Effort or Total Allowable Catch as the case may be, in respect of a stock to which section 37(1) or section 38(1) applies so that the Total Allowable Effort or Total Allowable Catch —

(a) takes into account the interdependence of stocks;

(b) enables the level of any stock the current level of which is below the level the Director believes to be appropriate for ensuring sustainability to be restored to that level within a period appropriate to the stock, having regard to the biological characteristics of the stock and any environmental conditions affecting the stock, or

(2) In considering the way in which and rate at which a stock is moved towards or above a level necessary to ensure sustainability, the Director shall take into account such economic factors as he considers relevant.

(3) Any sale or other disposal of a Catch Entitlement is void if it was entered before the notification under section 37(6) or section 38(6) of the Catch Entitlement for the period to which the Catch Entitlement relates but the sale or other disposal of Individual Transferable Quota shall be deemed not to be the sale or other disposal of Catch Entitlement.

Assessment of Fishing Effort Value in relation to fishing vessels

40.—(1) The Director may of his own motion and shall on application being made to him in the approved form by the owner or charterer of a fishing vessel or any other person appearing to the Director to have a sufficient interest, and the prescribed fee, if any, being paid, assign to that fishing vessel a Fishing Effort Value in relation to —

- (a) the type of the fishing vessel;
- (b) the tonnage and engine power of the fishing vessel and its maximum speed;
- (c) the equipment with which the fishing vessel is fitted, including fishing equipment, fish processing machinery or apparatus and fish freezing apparatus or equipment;
- (d) the fish storage capacity of the fishing vessel;
- (e) the fishing method to be employed as specified in the application;
- (f) the target species specified in the application;
- (g) the manning of the fishing vessel;
- (h) any other matter the Director considers to be relevant or is prescribed, and without prejudice to section 54(4) a Fishing Effort Value assigned under this subsection may be expressed by the Director to be provisional.

(2) A Fishing Effort Value shall be assessed in relation to the weight of fish of the target species specified in the application which, in the opinion of the Director, the fishing vessel could be expected with a full complement, composed as stated in the application, all other things being equal, to take in a day's fishing in comparison with a notional fishing vessel, the Fishing Effort Value of which is 1, (and so that a fishing vessel which, in the opinion of the Director, could be expected to take 70 per cent more fish in a day's fishing than that notional fishing vessel, would be assigned a Fishing Effort Value of 1.7).

(3) The Director shall notify the applicant under subsection (1) and the owner of the fishing vessel in question if he was not the applicant, of —

- (a) the Fishing Effort Value assigned by the Director to that fishing vessel on application being made under subsection (1) or of the Director's own motion; and
- (b) the characteristics of and in relation to that fishing vessel (including fishing gear) and the target species and method of fishing taken into account by the Director in assigning that Fishing Effort Value to that fishing vessel.

(4) For the purposes of subsection (1), the Director shall calculate Fishing Effort Value units in such manner, if any, as is for the time being prescribed and, if none is for the time being prescribed, in such manner as he determines.

Division C — Licences and Permits

Fishing licences

Fishing licences

41.—(1) The Director may, upon application made in the approved form, and on payment of the prescribed fee, if any, and subject to section 14(1)(a), grant to a person a fishing licence authorising, subject to subsections (2) to (4), the use by that person, or by a person acting on that person's behalf, of a fishing vessel for fishing in the fishing waters or a specified fishery within the fishing waters. The Director may impose conditions, specified in the licence, on granting a licence under this subsection.

(2) Unless specifically stated to the contrary therein a fishing licence granted under subsection (1) does not authorise fishing within the internal waters.

(3) A fishing licence granted under subsection (1) does not authorise the use of a fishing vessel unless the fishing vessel complies with all conditions (if any) subject to which the licence was granted.

(4) An application made for the grant of a fishing licence under subsection (1) shall —

(a) provide the Director with such information as the Director reasonably requires for proper consideration of the application;

(b) if the application is made by a person other than a company incorporated in the Falkland Islands or a natural person ordinarily resident in the Falkland Islands, specify the name of a company so incorporated authorised by the applicant to accept service on behalf of the applicant or all notices, documents and proceedings given made or commenced under any provision of this Ordinance or any other written law of the Falkland Islands, (and, for the purposes of paragraph (b) of this subsection, an application for a licence made by an agent on behalf of another person, shall be deemed to be made by that other person).

(5) A person named as the applicant's agent for service pursuant to paragraph (b) of subsection (4) shall, if a licence is granted pursuant to that application, continue to be authorised to accept service on behalf of the applicant until the expiration of 3 years from the date on which the licence ceases to have effect unless the applicant notifies the Director in writing that another person (being a company incorporated in the Falkland Islands) is the applicant's agent for service in substitution for the agent for service named in the application when service may be effected on the company so substituted. The foregoing provisions of this subsection shall apply mutatis mutandis to every replacement of agent for service by the applicant.

(6) In addition to any other reason for which the Director may under subsection (1) refuse to grant a fishing licence, the Director may refuse to grant a fishing licence if he has reasonable cause to believe that a requirement of a law of the Falkland Islands has not been complied with in relation to the fishing vessel in question.

(7) A fishing licence granted under this section may authorise the use of a fishing vessel —

(a) for commercial fishing generally;

(b) for recreational fishing generally; or

(c) as a charter boat, that is to say for charter to persons who wish to engage in recreational fishing;

(d) for specified fishing activities including —

(i) carrying of fish received from another fishing vessel; or

(ii) the processing of fish.

(8) The Director shall not grant to any person other than a qualifying company a fishing licence authorising the taking of any part of any Catch Entitlement generated by any Individual Transferable Quota.

(9) No compensation is payable if a fishing licence is revoked or ceases to be in force or ceases to apply to a fishery .

(10) A fishing licence —

(a) is subject to such conditions as are prescribed in relation to licences granted under this section and without prejudice to the generality of the foregoing and to any power to make regulations under section 223(2)(u), may include a condition that there be a functioning satellite-tracking device aboard the fishing vessel at all times during the continuation of the licence, whether or not the fishing vessel is within the fishing waters;

(b) comes into force on the date specified for the purpose in the licence or, if no date is so specified, on the date on which it is granted; and

(c) subject to this section, remains in force until the date specified for the purpose in the licence.

(11) A fishing licence ceases to be in force if the holder of the licence surrenders the licence by written notice given to the Director.

(12) A fishing licence is not transferable.

(13) The Director may, by written notice given to the holder of a fishing licence —

(a) revoke the licence; or

(b) whether or not at the request of the holder, vary or revoke a condition to which the licence is subject or specify a condition or further condition to which the licence is to be subject.

(14) For the purposes of subsection (8), a qualifying company is a company —

(a) which is incorporated in the Falkland Islands and has its principal place of business in the Falkland Islands;

(b) in which at least 25.1% or such other percentage as may be specified by regulations of each class of the shares in the company carrying voting rights at general meetings of the company are owned by persons having Falkland Islands status ordinarily resident in the Falkland Islands or by a company or companies incorporated in the Falkland Islands and wholly so owned.

Scientific permits

Scientific permits

42.—(1) The Director may, upon application made in the approved form, and on payment of the prescribed fee, if any, grant to a person a scientific permit in respect of a specified fishing vessel (including an overseas fishing vessel) authorising the use of the fishing vessel by that person, or a person acting on that person's behalf, for scientific research purposes in a specified area of the fishing waters or a specified fishery within the fishing waters. The Director may impose conditions, specified in the permit, on granting a permit under this subsection.

(2) An application made for the grant of a scientific permit under subsection (1) shall —

(a) provide the Director with such information as the Director reasonably requires for a proper consideration of the application;

(b) if the application is made by a person other than a company incorporated in the Falkland Islands or a natural person ordinarily resident in the Falkland Islands, specify the name of a company so incorporated authorised by the applicant to accept service on behalf of the applicant or all notices, documents and proceedings given made or commenced under any provision of this Ordinance or any other written law of the Falkland Islands,

(and, for the purposes of paragraph (b) of this subsection, an application for a scientific permit made by an agent on behalf of another person shall be deemed to be made by that other person).

(3) A person named as the applicant's agent for service pursuant to paragraph (b) of subsection (2) shall, if a permit is granted pursuant to that application, continue to be authorised to accept service on behalf of the applicant until the expiration of 3 years from the date on which the permit ceases to have effect unless the applicant notifies the Director in writing that another person (being a company incorporated in the Falkland Islands) is the applicant's agent for service in substitution for the agent for service named in the application when service may be effected on

the company so substituted. The foregoing provisions of this subsection shall apply mutatis mutandis to every replacement of agent for service by the applicant.

(4) A scientific permit is, in addition to any conditions which are imposed on the grant of the permit, or which may have effect under any other provision of this Ordinance, subject to the following conditions —

(a) the permit may be revoked under subsection (7);

(b) no compensation is payable because the permit is revoked or ceases to be in force.

(5) Subsection (4) has effect without prejudice to any other provision of this Ordinance which imposes a condition on scientific permits.

(6) A scientific permit —

(a) comes into force on the day specified for the purpose in the permit or, if no day is so specified, on the day on which it is granted; and

(b) subject to this Ordinance, remains in force until the date specified for the purpose in the permit.

(7) The Director may, by written notice given to the holder of a scientific permit —

(a) revoke the permit; or

(b) whether or not at the request of the holder, vary or revoke a condition to which the permit is subject or specify a condition or further condition to which the permit is to be subject.

(8) A scientific permit ceases to be in force if the holder of the permit surrenders the permit by written notice given to the Director.

Suspension and revocation of suspension of fishing concessions

Suspension of fishing concessions

43.—(1) The Director may by written notice given to the holder of a fishing concession suspend the operation of the concession if any fee, levy, charge or other money relating to the concession is not paid as it becomes due.

(2) The Director, by written notice given to the holder of a fishing concession suspended under this section —

(a) may revoke the suspension; and

(b) shall revoke the suspension if it was effected under subsection (1) and the money is paid or there is a remission or refund made under the regulations of the whole of the money.

Overseas masters of fishing vessels

Overseas master fishing licences

44.—(1) The Director may, upon application made in the approved form, and on payment of the prescribed fee, if any, grant to an overseas person an overseas master fishing licence authorising the person to be in charge of a fishing vessel that is being used for fishing in the fishing waters or may for any reason he sees fit, refuse to grant such a licence.

(2) An application made for the grant of an overseas master fishing licence shall provide the Director with such information as he reasonably requires for proper consideration of the application.

(3) An overseas master fishing licence authorising a person to be in charge of a fishing vessel that is being used for commercial fishing in a fishery specified in Schedule 2 is subject to the following conditions in addition to any conditions which may be specified in the licence —

(a) the holder of the licence shall comply with any obligations imposed on the holder by the licence;

(b) the licence shall cease to apply in relation to that fishery if the fishery is revoked under section 16(2)(c) and shall not apply for so long as fishing in that fishery is suspended by the Director;

(4) A licence granted under this section —

(a) is subject to such other conditions as are prescribed in relation to licences granted under this section;

(b) comes into force on the date specified for the purpose in the licence or, if no date is so specified, on the date on which it is granted; and

(c) subject to this section, remains in force until the date specified for the purpose in the licence.

(5) The Director may, by written notice given to the holder of a licence whether or not at the request of the holder, vary or revoke a condition of the licence (not being a condition mentioned in subsection (3)) or specify a condition or further condition to which the licence is to be subject.

(6) A licence ceases to be in force if the holder of the licence surrenders the licence by written notice given to the Director.

(7) The Director may, by written notice given to the holder of the licence, revoke the licence —

(a) if the holder of the licence is convicted of an offence under this Ordinance or an offence under the law of an overseas country or territory corresponding to an offence under this Ordinance;

(b) if the holder of the licence during the currency of the licence or at any time during the preceding 5 years is or was convicted of any offence under the law of the Falkland Islands or any other country or territory which involved violence towards or maltreatment of any member of the crew of a fishing vessel of which he was at the time a master or a mate or officer, and which was not, in the case of an offence preceding the application under subsection (1), disclosed in that application; or

(c) if any information provided by or on behalf of an applicant under subsection (1) is found by him to be false or misleading in a material particular.

(8) No compensation is payable because the overseas master fishing licence is revoked, ceases to be in force or ceases to apply to a fishery.

(9) A person who uses a fishing vessel for fishing in the fishing waters commits an offence unless every overseas person who is a master of that fishing vessel holds a licence granted under subsection (1).

(10) Where the person who is in charge of a fishing vessel is different from the person who is in charge of the fishing operations of that fishing vessel and either of them is an overseas person, a licence under subsection (1) is required by such of them as is an overseas person and the provisions of this section, including subsection (8) shall have effect accordingly.

Prohibited masters

45.—(1) Without prejudice to the generality of his powers under section 44(1) to refuse to grant an overseas master fishing licence, the Director may refuse to grant such a licence to any person to whom the Director reasonably believes any of the things mentioned in section 44(7) applied at any time during the preceding 5 years.

(2) The Director may in the circumstances mentioned in subsection (3) by written notice given to any person prohibit that person from being master—

(a) of any Falkland Islands fishing vessel or from being in charge of fishing operations on that fishing vessel during any time a licence or permit under this Ordinance is held in respect of that fishing vessel; or

(b) of any non-Falkland Islands fishing vessel or from being in charge of fishing operations on that fishing vessel at any time it is within the fishing waters.

The making of a prohibition under this subsection, and the period for which it has effect, shall be published in the *Gazette*.

(3) The circumstances referred to in subsection (2) are that there applies in respect of that person any of the things mentioned in section 44(7) which would, if that person held an overseas master fishing licence, enable the Director to revoke that licence.

(4) A person who contravenes a prohibition imposed under subsection (2) commits an offence.

(5) A person commits an offence who employs another person as master or person in charge of fishing operations—

(a) on any fishing vessel within the fishing waters;

(b) upon any Falkland Islands fishing vessel,

while—

(i) a licence or permit under this Ordinance is held in respect of that vessel; and

(ii) that person is the subject of a prohibition under subsection (2) of this section.

taken into account under section 40.

(3) Where any alteration is made to any fishing vessel in relation to any of the characteristics notified to the owner of a fishing vessel under section 40(3)(b), the owner shall as soon as reasonably possible, and in any case before any further fish from a quota management stock is taken by that fishing vessel, notify the Director in writing of the alteration and furnish him with full particulars of it.

(4) A person who contravenes subsection (3) commits an offence.

(5) The Director may from time to time, whether as a result of a notification or for any other reason which in his opinion renders it desirable to do so (including the fishing vessel taking more or less fish than the Fishing Effort Value assigned to it would predicate) alter the Fishing Effort Value of any fishing vessel and shall amend the Register maintained under subsection (1) accordingly.

(6) Whenever the Director, pursuant to subsection (5), notifies an increase in the Fishing Effort Value assigned to any fishing vessel, he may vary any permit or licence held by that fishing vessel as he thinks necessary so as to reduce the quantity of fish that the fishing vessel is permitted to take under that permit or licence to the quantity it would have been able to take if it had its formerly assigned Fishing Effort Value.

Catch Entitlement Register

55.—(1) The Director shall maintain a Catch Entitlement Register in respect of every fishery in respect of which Individual Transferable Quota or Provisional Quota has been granted.

(2) The Director shall register in a Catch Entitlement Register —

(ii) the amount of fishing effort of Catch Entitlement transferred to the Crown; and

(f) such other matters as may be required by regulations made under section 223.

(3) Each Catch Entitlement Register shall in relation to each Catch Entitlement registered therein contain the last known postal address of the Catch Entitlement owner and of any person having a registered interest in that Catch Entitlement.

(4) The Director shall not register any transfer of any Catch Entitlement to an unqualified person and any transfer to such a person is void.

(5) For the purposes of subsection (4) a person is an unqualified person —

(a) in relation to any Catch Entitlement generated under section 37 or section 38 in respect of any Individual Transferable Quota, unless the person is a company incorporated in the Falkland Islands in which at least the prescribed fraction of the equity capital is owned by an eligible company;

(b) in relation to any Catch Entitlement generated under section 37 or section 38 in relation to any Provisional Quota, unless the person is a company the name of which is registered under section 53(2)(e), in the Provisional Quota Ownership Register relating to the fishery concerned.

(4) The Director may close any Register maintained under this Ordinance —

(a) for a period not exceeding 72 hours;

(b) for a period exceeding 72 hours after consulting such persons or organisations as the Director considers to be representative of the classes of owners of the Individual Transferable Quota, Provisional Quota or Catch Entitlements affected by the closure,

but before doing so, the Director shall, if practicable, publicly notify the proposed closure.

(5) The Director shall, subject to any Order under section 215, receive documents for registration during ordinary office hours of the Department of Fisheries within any period a Register is closed under subsection (4), but is not obliged to register or cause to be registered any documents received during that period which if not so registered shall be registered immediately the Register is re-opened and before any other documents received after the Register is re-opened are registered therein.

Division B — Dealings

Transfers and mortgages

Transfer of Individual Transferable Quota .

57.—(1) A transfer of quota shares shall not be registered if—

(a) at the time of the presentation of the transfer for registration, the transferor is not registered as the owner of the Individual Transferable Quota or as a mortgagee whose name appears on the Approved Mortgagees Register;

(b) the quota shares or Individual Transferable Quota of which they form part sought to be transferred are subject to any caveat or mortgage registered under the provisions of this Ordinance;

(c) the name of the transferee does not appear on the Individual Transferable Quota Eligibility Register;

(d) the transfer would cause a contravention of section 58;

(e) the transfer would result in the number of quota shares in the quota management stock concerned owned by the transferee exceeding the prescribed percentage;

(f) the fee, if any, prescribed as payable on registration of the transfer remains unpaid.

(2) Subject to subsection (1) a transfer of part of an Individual Transferable Quota may be registered.

(3) For the purposes of subsection (1)(d) a transfer would result in an impermissible Catch Entitlement if as a result of the transfer either the transferor or transferee would own less than one thousandth (or such other fraction as is prescribed by regulations) of the aggregate Individual Transferable Quota in the fishery in question.

(4) A transfer of Individual Transferable Quota to any person is void if it is to any person other than a company the name of which is registered upon the Individual Transferable Quota Eligibility Register.

(5) A transfer has no effect to transfer Individual Transferable Quota unless it is registered.

(6) In subsection (1)(e), "prescribed percentage" has the same meaning as it has under section 58(1)(c).

Domination of fishing sector

58.—(1) In this section —

(a) a person is connected to another person if under the provisions of section 208 read with section 210 of the Taxes Ordinance 1997 he would be taken to be connected with that person;

(b) "divest" means —

(i) to dispose of to another or to others by way of transfer of Individual Transferable Quota not resulting in a contravention of subsection (2);

(ii) to surrender such Individual Transferable Quota to the Crown; or

(iii) to transfer shares in a company or companies,

and so as to bring to an end a contravention of subsection (2);

(c) "the prescribed percentage" means such percentage as is for the time being prescribed by regulations for the purposes of this section of the total Individual Transferable Quota of a quota management stock; and

(d) "a person" does not include the Crown.

(2) Subject to the provisions of any regulations to the contrary, a grant or disposal of Individual Transferable Quota is prohibited if it has the effect that in aggregate more than the prescribed percentage ("the aggregation limit") of Individual Transferable Quota in relation to a stock is owned or controlled by a person or by that person and persons who are associated or connected persons in relation to that person and a grant of Provisional Quota is prohibited if the grantee, as

a result of such grant would, subject to performance of the conditions of that grant become entitled to a grant of Individual Transferable Quota which would exceed the aggregation limit.

(3) The Director shall, if he believes that a transfer in contravention of subsection (2) has taken place, serve a notice ("a divestment notice") —

(a) requiring the person or that person and the associated or connected persons (as the case may be) within such period, not being less than 90 days as is stated in the notice, or such longer period, not exceeding 180 days from the service of the notice, as the Director may subsequently agree in writing, to divest himself or themselves of ownership or control of so much of the Individual Transferable Quota as to result in the aggregate Individual Transferable Quota owned by that person or by that person and persons who are associated or connected persons in relation to that person becoming equal to or less than the prescribed percentage; and

(b) stating the ground or grounds for the belief of the Director;

and shall enter a caveat in the Individual Transferable Quota Ownership Register against the transfer of so much of the Individual Transferable Quota of the relevant owner as the divestment notice relates to.

(4) If, after taking into account any extension of time granted by the Director under subsection (3), the person or persons on whom a divestment notice is served fails or fail to comply with its requirements within the time allowed the Director shall—

(a) serve upon that person or those persons a further notice —

(i) notifying that so much of the Individual Transferable Quota under its or their ownership or control as exceeds the prescribed percentage ("the excess") is forfeit to the Crown pursuant to subsection (5);

(ii) stating the amount of Individual Transferable Quota concerned;

(b) register in the Individual Transferable Quota Register the transfer in respect of so much of the Individual Transferable Quota as is not forfeit to the Crown pursuant to subsection (5) or, as the case may be, amend that Register so as to show ownership by the owner in question of only so much Individual Transferable Quota as is not forfeit under subsection (5).

(5) On service of a notice under subsection (4) the excess is forfeit to and vested in the Crown without liability for payment of compensation.

Registration of caveat on behalf of Crown

59.—(1) If the Director has served a notice of revocation of grant under section 33(2) he shall cause a caveat to be entered in relation to the Individual Transferable Quota or Provisional Quota concerned in the appropriate Register.

(2) Any caveat directed to be registered under subsection (1) shall remain on the Register until removed by a direction of the Director or order of the Supreme Court.

Mortgages of Individual Transferable Quota

60.—(1) Except as otherwise provided by this Ordinance, any Individual Transferable Quota or quota shares comprised in it may be mortgaged by deed registered in the Individual Transferable Quota Register.

(2) A mortgage by way of transfer or assignment of Individual Transferable Quota shall not be made and a mortgage thereof shall only be made by way of charge thereon.

(3) A mortgagee may assign to another person a mortgage and the mortgagee's rights, interests and obligations under that mortgage by a memorandum of assignment in the approved form.

(4) No such assignment shall have effect until it is registered in the Individual Transferable Quota Register.

(5) Without limiting the covenants, conditions and powers that may, by agreement between the mortgagor and the mortgagee, be contained in a mortgage of an Individual Transferable Quota or quota shares comprised therein, such a mortgage shall confer on the mortgagee, in the event of default by the mortgagor in the performance of any covenant by, or obligation on the part of, the mortgagor contained or implied in the mortgage, the power to sell the Individual Transferable Quota, in whole or in part.

(6) A mortgage may be varied by a memorandum in writing executed by the parties to the mortgage, but no such variation shall have effect until it has been registered in the Individual Transferable Quota Register.

Mortgages to be to approved mortgagees only

61.—(1) A mortgage of an Individual Transferable Quota is of no effect so as to confer any security or power upon the mortgagee unless the mortgagee has been approved under this section and the name of the mortgagee appears on the Approved Mortgagees Register on the date on which the mortgage was executed.

(2) The Governor may on application in writing containing such particulars as are prescribed approve, or as he sees fit refuse to approve, any company to be a mortgagee of Individual Transferable Quota or of quota shares comprised therein.

(3) The Director shall maintain an Approved Mortgagees Register in which the Director register particulars of the name and principal place of business of every company which has been approved by the Governor under subsection (2).

(4) A mortgage of an Individual Transferable Quota to a person who is not a company the name of which appears on the Approved Mortgagees Register does not have effect to confer any security upon the lender over the quota to which it relates.

Enforcement of mortgages

Restriction on exercise of mortgagee's power of sale

62.—(1) A mortgagee cannot exercise his power of sale —

(a) if the Individual Transferable Quota is subject to a Crown caveat registered under section 58; or

(b) so as to dispose of the Individual Transferable Quota to any person whose name does not appear on the Individual Transferable Quota Eligibility Register,

and any purported disposition which contravenes this subsection is void and of no effect.

(2) A power conferred by any mortgage to sell any Individual Transferable Quota shall not become or be deemed to have become exercisable because of —

(a) any default in the payment of any money secured by that mortgage; or

(b) any default in the performance or observance of any covenant expressed or implied in the mortgage,

unless and until the mortgagee serves on the mortgagor a notice complying with this section: provided that a notice which does not comply with subsection (3) shall not for that reason only be void if the failure to comply with that subsection does not materially prejudice the interests of the mortgagor.

(3) Every notice required by subsection (2) shall —

(a) be in writing;

(b) shall inform the mortgagor of —

(i) the nature and extent of the default complained of;

(ii) the date by which the mortgagor is required to remedy the default, if the default is capable of remedy; and

(iii) the rights that the mortgagee will be entitled to exercise if the default is not remedied within the stated period.

(4) The date stated pursuant to subsection (3)(b)(ii) shall not be less than 1 month from the date of service of the notice.

(5) In addition to giving the notice required by subsection (2), if the Individual Transferable Quota is subject to any caveat registered under this Ordinance, the mortgagee shall immediately after serving notice upon the mortgagor serve a copy of the notice on each caveator, but failure to

do so does not of itself prevent any of the powers referred to in subsection (2) becoming or being deemed to have become exercisable and does not prevent any money secured by the mortgage from becoming or being deemed to have become payable.

(6) For the purposes of subsection (2), entering into a contract to sell, or the granting of an option to purchase, Individual Transferable Quota shall not be regarded as the exercise of a power of sale if the contract or option is expressed to be conditional on the failure by the mortgagor to remedy a default specified in a notice under this section served either before or after the contract is entered into or the option is granted, as the case may be.

(7) A mortgagee who exercises a power of sale of Individual Transferable Quota owes a duty to the mortgagor to take care to obtain the best price reasonably obtainable.

(8) The effect of subsection (7) cannot be excluded by contract between the parties to any mortgage or in any other manner whatsoever and notwithstanding any enactment or rule of law or anything contained in any deed or instrument by or under which the power of sale is conferred—

(a) it is not a defence to proceedings against a mortgagee for a breach of the duty imposed by subsection (7) that the mortgagee was acting as the mortgagor's agent or under a power of attorney from the mortgagor;

(b) a mortgagee is not entitled to compensation or indemnity from the mortgaged Individual Transferable Quota or mortgaged quota shares or the mortgagor in respect of any liability incurred by the mortgagee arising from a breach of the duty imposed by subsection (7).

Court may permit mortgagee to exercise power of sale before period expired

63.—(1) The Supreme Court may, on the application of a mortgagee made *ex parte* or otherwise as the Supreme Court thinks fit, grant leave to the mortgagee to exercise any of the powers of the mortgagor of the Individual Transferable Quota the subject of the mortgage at any time before the date specified in the notice served on the mortgagor under section 62(2).

(2) Leave granted under subsection (1) may be granted either unconditionally or upon and subject to such conditions as the Supreme Court thinks fit.

Restriction on action to recover deficiency

64.—(1) If at any time the mortgagee exercises the power of sale the amount realised is less than the amount owing under the covenant to repay expressed or implied in the mortgage, no action to recover the amount of the deficiency, or any part of the deficiency, shall be commenced by the mortgagee against any person (other than the mortgagor of the Individual Transferable Quota or quota shares comprised therein at the time of the exercise of the power of sale) unless the mortgagee, at least one month before the exercise of the power of sale, serves on that person notice of the mortgagor's intention to exercise the power of sale and to commence action against that person to recover the amount of the deficiency in the event of the amount realised being less than the amount owing under the covenant to repay.

(2) The Supreme Court may on the application of a mortgagee made *ex parte* or otherwise as the Supreme Court thinks fit, waive wholly or in part the one month period referred to in subsection (1).

(3) The effect of subsection (1) cannot be excluded by contract between the parties or, subject to subsection (2), in any other manner whatsoever.

Application of proceeds of sale

65. The proceeds of any sale by a mortgagee pursuant to any power of sale of an Individual Transferable Quota shall be applied —

(a) firstly, in payment of the costs and expenses of and occasioned by the sale;

(b) secondly, in payment of any sum then due and owing to the mortgagee under or by virtue of the mortgage;

(c) thirdly, in payment of any sum then due and owing from the mortgagor to the Crown in respect of fees and levies payable to the Crown under this Ordinance; and

(d) fourthly, in payment of any surplus to the mortgagor.

Transfer by mortgagee

66.—(1) Upon the registration of any transfer executed by a mortgagee for the purpose of the sale of any Individual Transferable Quota or quota shares comprised therein by the mortgagee, ownership of the Individual Transferable Quota, subject to section 61(1), passes to and vests in the purchaser, freed and discharged from any liability under or by virtue of the mortgage.

(2) Upon registration of such a transfer in the Individual Transferable Quota Register, every caveat in respect of the Individual Transferable Quota or the quota shares the subject of the transfer being transferred lapses and the ownership of the Individual Transferable Quota or that part passes to and vests in the purchaser, freed and discharged from the interest claimed by the caveator.

(3) The Director shall cause to be made in the Individual Transferable Quota Register any entry necessary to show that the mortgage has been discharged and that all caveats have lapsed in respect of the Individual Transferable Quota or quota shares comprised therein transferred.

(4) If a mortgagee gives a receipt in writing in respect of any money arising under an exercise of the power of sale conferred by this Division, or any money or securities comprised in or arising under the mortgagee's mortgage, the receipt is a sufficient discharge for that money or for those securities, and a person paying or transferring the money or securities shall not be concerned to inquire whether any money remains due under the mortgage or to see to the application of the money or securities so paid or transferred.

Discharge of mortgage

67.—(1) The mortgagee shall execute a memorandum of discharge of the mortgage—

(a) upon the sum secured by it being wholly paid off; or

(b) if for any other reason the mortgagee is bound to discharge the mortgage.

(2) A memorandum of discharge shall be in substantially the form specified in Form 6 in Schedule 1 to the Mortgages and Property Ordinance 1996, omitting so much thereof as relates to the source of funds used by the mortgagor to procure the discharge.

(3) A memorandum of discharge shall be registered in the Individual Transferable Quota Ownership Register and shall have effect in accordance with its tenor.

Division C — Caveats

Types of caveat

68. A caveat may, subject to section 70(2), be registered over any Individual Transferable Quota, Provisional Quota or Catch Entitlement —

(a) at the request of any person with the consent of the owner;

(b) by or at the direction of the Director under section 74;

(c) at the direction or order of the Supreme Court in any civil proceedings.

Effect of caveat

69.—(1) While a caveat remains in force, no entry shall be made on a Register which would have the effect of mortgaging or transferring the whole or any part of the Individual Transferable Quota or Provisional Quota or transferring the whole or any part of the Catch Entitlement to which the caveat relates, but nothing in this subsection applies to a transfer by a mortgagee to which section 66(1) applies.

(2) Subsection (1) does not prevent the registration of an entry if the caveator consents to that entry and the consent relates to —

(a) a transfer of the whole or a part of the Individual Transferable Quota or Catch Entitlement and constitutes a withdrawal of the caveat in respect of the property transferred; or

(b) a mortgage of the whole or part of the Individual Transferable Quota the subject of the caveat.

Caveat against transfer of Individual Transferable Quota, Provisional Quota or Catch Entitlement

70.—(1) If—

(a) the owner of the Individual Transferable Quota, Provisional Quota, or Catch Entitlement concerned and any other person jointly lodge a caveat with the Director;

(b) a court directs or orders that a caveat be lodged; or

(c) the Director enters a caveat or causes a caveat to be lodged under section 58(3) or 74,

the Director shall, if the caveat meets all the requirements of this Ordinance for registration, cause that caveat to be registered under section 79 against the Individual Transferable Quota, Provisional Quota or Catch Entitlement, as the case may be.

(2) Except as otherwise provided by this Ordinance, the Director shall only cause a caveat to be registered under subsection (1)(a) if the Individual Transferable Quota, Provisional Quota or Catch Entitlement is not already subject to any other caveat registered under this Ordinance.

(2) The owner of Individual Transferable Quota, Provisional Quota or Catch Entitlement against which a caveat has been registered may apply to the Supreme Court for an order that the caveat shall be removed.

(3) The Supreme Court, if satisfied that at least 3 working days' notice in writing of the application has been given to the caveator or the person on whose behalf the caveat was registered, or that that person has in writing waived such notice, may —

(i) entirely;

(c) make such other orders in respect of the caveat as it thinks fit.

Person entering or maintaining caveat without due cause liable in damages

73. Any person who lodges a caveat and who, when that caveat is no longer needed to protect any interest of the caveator, fails, without reasonable cause, to withdraw that caveat as soon as reasonably practicable after having been requested to do so by any person prejudicially affected by the caveat, is liable in damages for any loss or damage suffered by any person as a result of the failure to withdraw the caveat.

Division D — Registration procedure and correction of Registers

Registration procedure

Transactions not effectual until registered

75. No transaction has any effect for any of the purposes of this Ordinance until it is registered in accordance with this Part.

When transactions deemed registered

76. Every transaction registered under this Ordinance shall be deemed to have been registered for the purposes of this Ordinance at the time recorded in the Register as the time at which the transaction was registered.

Application for registration

77. Every application to register a transaction shall—

- (a) be made by presenting to the Director an instrument in such form as is approved or prescribed, if any;
- (b) contain such particulars as are specified in that form (if any) or are prescribed;
- (c) be executed in such manner, if any, as is specified in the approved form or is prescribed; and
- (d) be accompanied by the prescribed fee, if any.

Priority according to time of registration

78.—(1) Instruments presented for registration under this Ordinance shall be registered in the order in which they are received for registration or by regulations to be treated as received for registration and, for that purpose, that order shall be in accordance with the dates and times recorded by the Director or by any public officer charged by an Order under section 215 with the duty of maintaining the Register as the date and time when the instruments were received.

(2) Regulations under this Ordinance may prescribe when an instrument is to be treated as received for registration.

Registration procedure

79. On receipt of an application that complies with section 77 and is completed to the satisfaction of the Director, the Director shall —

(a) record in the appropriate Register the particulars set out in the instrument required by this Ordinance to be registered and the date on which and time at which the particulars are so recorded;

(b) issue a registration notice as to the particulars recorded under paragraph (a);

(c) forward the registration notice to the person who presented the instrument for registration and forward copies of the notice to each of the other parties to the transaction;

(d) if the instrument registered is a caveat in relation to any Individual Transferable Quota, Provisional Quota or Catch Entitlement, give notice of the registration of the caveat to the owner (if not otherwise notified) and any mortgagee and to any other caveator of that Individual Transferable Quota, Provisional Quota or Catch Entitlement.

Procedure relating to defective applications for registration

80.—(1) If —

(a) any document relating to a transaction lodged for registration; or

(b) any document presented for registration together with any other documents,

is found not to be in order for the purposes of registration, the Director may return that document or those documents to the person by whom they were lodged or, if that person is not available, to such other person as may, in the opinion of the Director, be entitled to receive them.

(2) Before returning any documents in accordance with subsection (1), the Director shall cause a copy to be made of that document and cause that copy to be filed in his office.

(3) If any document is returned as provided in subsection (1), that document shall be deemed not to have been presented for registration, but any fee paid in respect of its registration shall be retained unless the Director decides otherwise.

Director not concerned with effect

81. The Director is not concerned with the effect in law of any instrument lodged under this Part and the registration of the dealing does not give any effect to the instrument which it would not have if this Part had not been enacted.

Correction of Registers

Application for correction of Register

82.—(1) A person who presents an instrument for registration under section 77 and any other person having a registered interest in the Individual Transferable Quota or Catch Entitlement to which the instrument applies may apply to the Director to correct the record on the Register of the particulars set out in the instrument on the ground that the Register does not accurately record those particulars or is incorrect for any other reason specified for the purpose in regulations made under section 223.

(2) Every application made under subsection (1) shall —

- (a) be made within 14 days after the registration notice issued under section 79(b) is forwarded to that person, or such longer period as the Director may allow;
- (b) be in the approved form, if any; and
- (c) include a copy of the registration notice issued under section 79(b) that relates to the record on the Register to which the application relates.

Correction of Register

83.—(1) If, upon receipt of an application under section 82, the Director is satisfied that the Register does not record accurately the particulars set out in the instrument to which the application relates or is incorrect for any other reason specified in regulations made under section 220, the Director shall correct the Register accordingly and —

- (a) record on the Register the nature of the correction and the date and time at which the correction was made; and
- (b) notify the person who made the application under section 82 and any other person whom the Director considers will be affected by the correction.

(2) If the Director is satisfied that the Register does not record accurately the particulars set out in the instrument to which the entry on the Register relates, or subject to any regulations made under section 223, is for any other reason incorrect, the Director may of his own motion, after notifying those persons whom the Director considers will be affected, correct the Register accordingly and record on the Register the nature of the correction and the time at which the correction was made.

(3) Without limiting the generality of subsection (2), the power conferred by that subsection is exercisable if —

- (a) a registration notice has been issued in error or an entry or endorsement has been made in error;
- (b) a misdescription has occurred in any entry in the Register or in any registration notice issued under section 79(b); or
- (c) an instrument has been obtained fraudulently or wrongfully, or retained fraudulently or wrongfully.

(4) Subject to subsection (5), the Director shall not make any correction to a Register under this section if to do so would, in the opinion of the Director, prejudice a purchaser for value who appears to the Director to have acted in good faith. In this subsection “purchaser for value” includes a mortgagee for value.

(5) Subsection (4) does not prevent the Director from correcting a Register if he is satisfied that the purchaser for value has consented in writing to the correction being made.

(6) Any person who is aggrieved by the refusal of the Director to grant an application under section 82(1) to correct a Register, or any alleged false, incorrect or misleading entry in any Register may apply to the Magistrate's Court for an order for correction of the Register concerned and the Director shall comply with any such order.

Evidentiary

Evidentiary provisions

84.—(1) Any Register maintained under this Ordinance is *prima facie* evidence of any particulars registered in it.

(2) If any such Register is wholly or partly kept by use of a computer, a document authenticated by the Director which purports to reproduce in writing all or any of the particulars comprising that Register, or that part of it, as the case may be, is admissible in any proceedings as evidence of those particulars to the full extent of the original of them.

(3) A copy or extract authenticated by the Director of or from an instrument evidencing a dealing registered under this Ordinance is admissible in any proceedings to the full extent of the original.

(4) The Director, upon application and on payment of the prescribed fee, shall supply a person with an authenticated copy of or extract from an entry in the Register or an instrument evidencing a dealing registered under this Ordinance.

(5) In this section "authenticated by the Director" means signed by the Director or another public officer in the Department of Fisheries authorised by the Director and bearing the official seal or stamp of the Department of Fisheries.

Miscellaneous

Immunity from personal liability

85.—(1) Subject to subsection (2), the Director and other public officers are not liable to any action, suit or proceedings for or in respect of an act or matter in good faith done or omitted to be done in the exercise or purported exercise of any power conferred by this Part.

(2) Nothing in subsection (1) shall have effect in relation to proceedings for judicial review or an application for leave to bring proceedings for judicial review, provided that no order shall be made in such proceedings requiring the Director or any public officer personally to pay any sum to any person in respect of or arising out of any act or matter in good faith done or omitted to be done in the exercise or purported exercise of any power conferred by this Part.

(3) Where, apart from subsection (2), the Supreme Court would otherwise have had power in judicial review proceedings to order the Director or other public officer personally to pay any

sum to any person, the Supreme Court shall have power, if it sees fit, to order the Crown to pay that sum to that person.

False entries in registers etc

86. A person commits an offence who —

- (a) makes, causes to be made or concurs in making a false entry in a Register; or

87.—(1) Any Register required or permitted to be kept under any provision of this Ordinance may be kept wholly or partly by means of a computer.

(2) Any Register kept pursuant to this Ordinance shall, subject to payment of such fee, if any, as may be prescribed, be available for inspection by the public during the usual office hours of the place at which it is kept.

(4) For the sake of avoidance of doubt it is hereby declared that —

(b) subsection (2)(o) and (p) permit a fisheries officer to require the master of a fishing vessel to bring or take the fishing vessel to a specified place and remain in control of the fishing vessel there even if it is necessary for the fishing vessel to travel on the high seas to reach that place;

(c) subsection (2)(q) allows a fisheries officer to bring a fishing vessel to a place and remain in control of it there even if it is necessary for the fishing vessel to travel on the high seas to reach the place.

(5) Where a fisheries officer (other than a member of Her Majesty's armed forces, police officer or customs officer who is in uniform) boards a fishing vessel, the fisheries officer shall produce his warrant card and, if he fails to do so, he is not authorised to remain on board the fishing vessel.

(6) Where a fisheries officer (other than a member of Her Majesty's armed forces who is in uniform) proposes to enter and search, or to detain, a vehicle or aircraft, the officer shall, if there is a person in charge of the vehicle or aircraft produce his warrant card and, if the fisheries officer fails to do so, the fisheries officer is not authorised to enter and search, or to detain, the vehicle or aircraft.

(7) Where a fisheries officer (other than a member of Her Majesty's armed forces who is in uniform) makes a requirement of a person ("the relevant person") under any provision of subsection (2) except paragraph (d), he is required to produce a warrant card to the relevant person and, if the fisheries officer fails to do so, the relevant person is not obliged to comply with the requirement.

(8) In exercising the powers conferred on him by subsection (2), a fisheries officer may only use force when and to the degree necessary in the circumstances—

(11) Whenever a fisheries officer seizes, detains, removes or secures any document, instrument, appliance or other thing as evidence in exercise of his powers under subsection (2)(i)(iii) he shall within 7 days give written notice of such seizure, detention, removal or securing to the person appearing to him to have been in possession thereof immediately prior to such seizure, detention, removal or securing.

Person to assist fisheries officer

142.—(1) Any fisheries officer exercising any of the powers conferred on him by this Ordinance may do so with the aid of such assistants as he considers to be necessary for the purpose.

(2) Any person called upon by a fisheries officer to assist him in the exercise of any of the powers conferred by this Ordinance is, by this subsection, authorised to render such assistance.

(3) A person who, while assisting a fisheries officer, does any act under this Ordinance, or omits to do any act required by this Ordinance, shall not be under any civil or criminal liability as a result of that act or omission on the ground of want of jurisdiction or mistake of law or fact, or on any other ground, unless he acted or omitted to act in bad faith.

(4) The Crown may not be held directly or indirectly liable for an act or omission of any person assisting a fisheries officer under the authority of subsection (2) unless he has himself incurred liability for the act or omission.

Search warrants

143.—(1) A Justice of the Peace may, upon application by a fisheries officer, issue a warrant to search land or premises or any vehicle or aircraft if the Justice of the Peace is satisfied by information on oath that there are reasonable grounds for suspecting that there is, or that there will be within the next 72 hours, any evidential material on the land, at the premises or in the vehicle or aircraft.

(2) A warrant issued under this section shall set out —

(a) the offence to which the warrant relates;

(b) a description of the land, premises, vehicle, aircraft or other conveyance (hereinafter in this Part called “the premises”) to which the warrant relates;

(c) the kinds of evidential material that may be searched for under the warrant;

(d) the name of the fisheries officer who, unless he inserts the name of another officer in the warrant, is to be responsible for executing the warrant;

(e) the period for which the warrant remains in force, which shall not exceed 7 days; and

(f) whether the warrant may be executed at any time or only during particular hours.

(3) The warrant shall also state that it authorises the seizure of a thing (other than evidential material of a kind referred to in subsection (2)(c)) found at the premises in the course of the search that the executing officer or a person assisting him believes on reasonable grounds to be evidential material in relation to an offence to which the warrant relates or a thing relevant to another offence under this Ordinance or the regulations if the executing officer or a person assisting him believes on reasonable grounds that seizure of that thing is necessary to prevent its concealment, loss or destruction or use in committing an offence under this Ordinance or the regulations.

(4) Nothing in subsection (2)(e) prevents the issue of successive warrants in relation to the same premises.

Actions authorised by a search warrant

144.—(1) A warrant authorises the executing officer or a person assisting him —

(a) to enter the premises;

(b) to take samples of things found at the premises for forensic purposes;

(c) to search the premises for the kinds of evidential material specified in the warrant, and to seize things of that kind found at the premises;

(d) to seize other things found at the premises in the course of the search that the executing officer or a person assisting him believes on reasonable grounds to be evidential material in relation to an offence to which the warrant relates or evidential material in relation to another offence under this Ordinance or the regulations under the Ordinance, if the executing officer or a person assisting him believes on reasonable grounds that seizure of the things is necessary to prevent their concealment, loss or destruction or their use in committing an offence under this Ordinance or the regulations.

(2) If the warrant states that it may be executed only during particular hours, the warrant shall not be executed outside those hours.

(3) If things are seized under a warrant, the warrant authorises the executing officer to make the things available to officers of other agencies for the purpose of investigating or prosecuting an offence to which the things relate.

Availability of assistance and use of force in executing a search warrant

145. In executing a warrant —

(a) the executing officer may be accompanied by such persons and make use of such assistance;

(b) the executing officer, or a person who is a fisheries officer or a police officer and who is assisting in the execution of the warrant, may use such force against such persons and things; and

(c) a person who is not a fisheries officer and is not a police officer and who is assisting in the execution of a warrant may use such force against things,

as is reasonable in the circumstances.

Copy of search warrant to be given to occupier etc.

146.—(1) If while a warrant is being executed the occupier of the premises concerned or another person apparently representing him is present at the premises, the executing officer or a person assisting him shall make available to that person a copy of the warrant and the executing officer shall produce to that person his warrant card issued to him under section 5 or as a police officer or customs officer, as the case may be.

(2) The copy of the warrant referred to in subsection (1) need not include the signature of the Justice of the Peace or the seal of the relevant court.

Powers available to officer executing search warrant

147.—(1) In executing a warrant, the executing officer or person assisting him may, for a purpose incidental to the execution of the warrant or if the occupier of the premises consents in writing, take photographs (including video recordings) of the premises or of things at the premises.

(2) If a warrant is being executed, the executing officer or person assisting him may, if the warrant is still in force, complete the execution of the warrant after the officer and all persons assisting him temporarily ceases occupation and leaves the premises —

(a) for not more than 1 hour; or

(b) for a longer period if the occupier of the premises consents in writing.

Use of equipment to examine or process things

148.—(1) The executing officer or a person assisting him may bring to the premises the subject of the warrant any equipment reasonably necessary for the examination or processing of things found at the premises in order to determine whether they are things that may be seized under the warrant.

(2) If it is not practicable to examine or process the things at the premises the subject of the warrant or the occupier of the premises consents in writing, the things may be moved to another place so that the examination or processing can be carried out in order to determine whether they are things that may be seized under the warrant.

(3) If things are moved to another place for the purpose of examination or processing under subsection (2), the executing officer shall, if it is practical to do so, inform the occupier of the

address of the place, and a time at which the examination or processing will be carried out and allow that occupier or his representative to be present during the examination or processing.

(4) The executing officer or person assisting him may operate equipment already at the premises the subject of the warrant to carry out the examination or processing of a thing found at the premises in order to determine whether it is a thing that may be seized under the warrant if the executing officer or such a person believes on reasonable grounds that the equipment is suitable for the examination or processing and the examination or processing can be carried out without damage to the equipment or the thing.

Use of electronic equipment at premises

149.—(1) The executing officer or person assisting him may operate electronic equipment at the premises the subject of the warrant to see whether evidential material is accessible by doing so if he believes on reasonable grounds that the operation of the equipment can be carried out without damage to the equipment.

(2) If the executing officer or a person assisting him, after operating the equipment, finds that the evidential material is accessible by doing so, he may —

(a) seize the equipment and any disk, tape or other associated device; or

(b) operate the equipment to put the material into documentary form, if the material can, by using facilities at the premises, be put in documentary form and may seize the documentation so produced; or

(c) if the material can be transferred to a disk, tape or other storage device that is brought to the premises or is at the premises and the use of which for the purpose has been agreed to in writing by the occupier of the premises, operate the equipment or other facilities to copy the material to the storage device and take the storage device from the premises.

(3) A person may seize equipment under subsection (2)(a) only if —

(a) it is not practicable to put the material in documentary form as mentioned in subsection (2)(b) or to copy the material as mentioned in subsection (2)(c); or

(b) possession by the occupier of the equipment would constitute an offence under this Ordinance or the regulations.

(4) If the executing officer or a person assisting him believes on reasonable grounds that evidential material may be accessible by operating electronic equipment at the premises but expert assistance is required to operate the equipment and if he does not take action under this subsection, the material may be destroyed, altered or otherwise interfered with, then the executing officer may do whatever is necessary to secure the equipment whether by locking it up, placing a guard or otherwise.

- (5) The executing officer or a person assisting him shall give notice to the occupier of the premises the subject of the warrant of his intention to secure equipment and of the fact that the equipment may be secured for up to 48 hours.
- (6) The equipment may be secured under subsection (4) until the end of a period of not more than 48 hours or until the equipment has been operated by the expert, whichever happens first.
- (7) If the executing officer or a person assisting him believes on reasonable grounds that the expert assistance required to operate the electronic equipment on the premises which has been secured pursuant to subsection (4) will not be available within 48 hours, he may apply to a Justice of the Peace for an extension of that time.
- (8) If an executing officer or a person assisting him intends to make an application under subsection (7), he shall give notice to the occupier of the premises of that intention and the occupier is entitled to be heard in relation to the application.
- (9) The foregoing provisions of this Part relating to the issue of warrants apply, with any modifications that are necessary, to the issuing of an extension.

Compensation for damage to electronic equipment

150.—(1) If —

- (a) damage is caused to equipment as a result of being operated as mentioned in section 148 or 149; and
- (b) the damage was caused as a result of insufficient care being exercised in selecting the person who was to operate the equipment or insufficient care being exercised by the person operating the equipment,

compensation for the damage is payable to the owner of the equipment.

- (2) In determining the amount of compensation payable, regard is to be had to whether the occupier of the premises and his employees and agents, if they were available at the time, had provided any warning or guidance as to the operation of the equipment that was appropriate in the circumstances.

Copies of seized things to be provided

151.—(1) Subject to subsection (2), if a person seizes under a warrant a document, film, computer file or other thing that can readily be copied or a storage device information in which can readily be copied, that person shall, if requested to do so by the occupier of the premises or by another person who apparently represents the occupier and is present when the warrant is executed, give a copy of the thing or the information to the person who made the request as soon as practicable after the seizure.

(2) Subsection (1) does not apply if the thing that has been seized was seized under section 149(2)(b) or possession by the occupier of the document, film, computer file, thing or information would constitute an offence under any law having effect in the Falkland Islands.

Occupier entitled to be present during search

152. If a warrant is being executed and the occupier of the premises or another person who apparently represents the occupier is present at the premises, he is entitled to observe the search being conducted but —

(a) the right to observe the search being conducted ceases if the person impedes the search; and

(b) the right to observe the search being conducted does not prevent two or more areas of the premises being searched at the same time.

Receipts for things seized under search warrant

153. The executing officer or a person assisting him shall provide a receipt for a thing seized under a warrant or moved under section 149(2) but if two or more things are seized or moved, they may be covered in the one receipt.

Detention under sections 134 and 141(2)

154.—(1) A person (“the detainee”) detained under section 134 or section 141(2)(l) shall be released from detention —

(a) as soon as a fisheries officer knows or reasonably believes that the detainee is a person who has an address in the Falkland Islands;

(b) at the time the detainee is brought before a Justice of the Peace following a decision to charge the detainee with an offence referred to in sections 134 or 141(2)(l);

(c) at the time a decision is made not to charge the detainee with an offence referred to in that provision; or

(d) at the expiry of 48 hours after the beginning of the detention,

whichever first occurs.

(2) Nothing in this Ordinance authorises a fisheries officer to use more force in detaining a person than is reasonably necessary.

Searches under sections 134 and 141(2)

155.—(1) A search under section 134 or section 141(2)(m) of a person (“the detainee”) shall ordinarily only be conducted by a fisheries officer of the same sex as the detainee or by a person assisting a fisheries officer of the same sex as the detainee.

(2) Section 134 and section 141(2)(m) and this section do not authorise a fisheries officer, or other person conducting the search —

(a) to remove any of the detainee's clothing;

(b) to require the detainee to remove any of his clothing; or

(c) to use more force, or subject a detainee to greater indignity, than is reasonably necessary to conduct the search.

(3) If, in conducting a search, a fisheries officer finds a weapon or other thing mentioned in section 141(2)(m), he may take possession of that weapon or other thing and keep it for such time as he reasonably thinks necessary for the purposes of this Ordinance.

(4) If on conducting a search under subsection (1) a person not being a police officer finds a weapon or other thing mentioned in subsection (3), he shall take possession of it and shall as soon as possible give it to a police officer and that officer may keep it for such time as he thinks necessary for the purposes of this Ordinance.

Power to pursue vessels

156.—(1) A fisheries officer may exercise, with respect to non-Falkland Islands fishing vessels at a place at sea outside the fishing waters but not within the territorial sea of another country, a power conferred on a fisheries officer under section 141 if the following conditions are satisfied—

(a) a fisheries officer has good reason to believe that a provision of this Ordinance has been contravened in relation to the vessel;

(b) before the pursuit of the fishing vessel was commenced, the vessel was given a visual or auditory signal to stop at a distance which enabled the signal to be seen or heard by the vessel;

(c) the fishing vessel or one of its boats was at a place within the fishing waters when the pursuit of the vessel commenced;

(d) one or more fisheries officers have pursued the fishing vessel from that place to the place at which it is sought to exercise that power; and

(e) the pursuit was not interrupted at any time before the fisheries officer arrived at that place with a view to exercising that power.

(2) For the purposes of subsection (1) a pursuit of a fishing vessel is not to be taken to be interrupted only because visual or non-visual contact was interrupted temporarily.

Release of detained fishing vessel and other seized property

157.—(1) Where any property, including a fishing vessel, is under the control of a fisheries officer because of the exercise by that officer of powers under section 134 or 141 (as they apply of their own force or because of any other provision of this Ordinance), the court may on the application of any person appearing to the court to have a sufficient interest therein direct that the property be released —

(a) to the owner, charterer, operator or the master of the fishing vessel, in the case of a fishing vessel; and

(b) in any other case, to the owner of the property or to the person from whose possession the property was seized, or from whose control the property was removed,

on such conditions as the court thinks fit, which may include conditions as to the giving of security for payment of —

(c) the value of the fishing vessel or other property if it is forfeited to the Crown by order of the court as a consequence of conviction of an offence under this Ordinance;

(d) the amount of any fines which the court considers, in the light of the facts reported by the Crown on the hearing of the application under this section, might be imposed in the event of it convicting the owner, charterer, operator or master of any relevant offence;

(e) in the case of an offence relating to the use of a fishing vessel, the cost of pursuit and arrest or detention of the fishing vessel and of bringing it to the port or other place at which it is detained; and

(f) such amount as, in the opinion of the court, represents the likely amount of the costs of the prosecution of any offence with which the owner, charterer, operator or master has been charged or with which the court is informed it is likely that such a person may be charged on a full indemnity basis, assuming a not guilty plea.

(2) For the purposes of this section, a reference to property includes a reference to fish, and property is to be taken to be under the control of a fisheries officer if any person is, in relation to that property, subject to the direction of the fisheries officer.

Protection of fisheries officer from liability

158.—(1) No fisheries officer who does any act under this Ordinance or omits to do any act required by this Ordinance shall be under any civil or criminal liability as a result of that act or omission on the ground of want of jurisdiction or mistake of law or fact, or on any other ground, unless he has acted or omitted to act in bad faith or without reasonable cause.

and the fishing vessel is, at the time of such an order, in a port or harbour in the Falkland Islands, the Director shall cause that fishing vessel to be detained until such sum or sums is paid in full, whereupon he shall forthwith release the fishing vessel.

(2) If at any time after 21 days or such greater period not exceeding 90 days as the court may allow from the making of an order of a kind to which subsection (1) refers the sum or sums mentioned therein remain in whole or in part unpaid, the court shall, on the application of the Attorney General or by a person authorised by him, order that the fishing vessel and all stores, fuel, lubricants, apparatus, fishing gear and fish thereon is forfeit to the Crown, whereupon they are so forfeit and shall be dealt with in such manner as the Governor may direct.

(a) set aside the notice; or

(b) set aside such part of the notice that relates to that property or those rights or obligations.

(3) If a notice under section 216(1)(a) or (b) has taken effect and the company or person upon whom it was served and the Crown do not within 42 days of the date on which the notice takes effect agree the amount of the compensation to be paid by the Crown for any property, rights or obligations transferred to the Crown pursuant to section 216(5), the person or company may

apply to the Supreme Court to order such amount of compensation to be paid in respect thereof as appears to the Supreme Court to be fair and adequate in all the circumstances of the case, and the Supreme Court shall have power to make such an order.

(3) A company is an eligible company in relation to the grant or transfer to it of the whole or part of an Individual Transferable Quota in respect of a fishery if its name appears in the Individual Transferable Quota Eligibility Register for the fishery in question.

(4) The grant of an Individual Transferable Quota does not take effect, and the transfer of the whole or part of an Individual Transferable Quota does not take effect, until the particulars of the grant or transfer required by section 52 to be registered in the Individual Transferable Quota Ownership Register have been registered.

(5) An eligible company may, subject to the provisions of section 58 of this Ordinance, take a transfer of the whole or part of an Individual Transferable Quota, and the owner of an Individual Transferable Quota may transfer the whole or part of it to an eligible company.

Provisional Quotas

18.—(1) A Provisional Quota (hereinafter called “Provisional Quota”) is a right of the owner of it to the fraction registered in the Provisional Quota Ownership Register of the Total Allowable Effort or Total Allowable Catch from time to time declared by the Director under sections 37 or 38, as the case may be, in respect of the fishery established under section 16 in relation to which the Provisional Quota was granted.

(2) Subject to the provisions of section 58 of this Ordinance in relation to aggregation limits, the Director may at any time after the commencement of this Ordinance in writing grant a Provisional Quota to an eligible company but may only do so in respect of a fishery specified in Schedule 2 as being a fishery in respect of which Provisional Quota may be granted.

(3) A company is an eligible company in relation to the grant or transfer to it of the whole or part of a Provisional Quota in respect of a fishery if its name appears in the Provisional Quota Eligibility Register for the fishery in question.

(4) The grant of a Provisional Quota does not take effect until the particulars of the grant required by section 53 to be registered in the Provisional Quota Ownership Register have been registered.

(7) The Governor may by Order under this subsection specify offences for the purposes of subsection (2)(c) and such offences may include offences under the laws relating to fishing or fisheries conservation and management of overseas countries.

(5) If the Director refuses an application made under subsection (2) of this section, section 25(6) applies to the same extent as it would had the application been an application under section 24(1) which the Director had refused on a corresponding ground.

(6) If a company fails to make application under subsection (2) in accordance with that subsection and has not notified the Director under section 31(2) that it is no longer eligible to hold Individual Transferable Quota, it commits an offence and the Director shall, whether or not the company is prosecuted for that offence, as soon as its registration upon that Register expires, serve notice upon the company under section 33(2) of revocation of the Individual Transferable Quota held by the company, on the ground specified in section 33(2)(h).

(2) Unless otherwise provided by an Order made under subsection (1), an application for the renewal of the period for which the name of a company shall appear upon a Provisional Quota Eligibility Register shall be made annually not more than 56 days and not less than 28 days before the expiration of the initial period or last preceding renewal granted under this subsection and shall be —

(a) made in the approved form;

(b) accompanied by the prescribed fee, if any;

(c) accompanied by a statutory declaration made by a director of the company containing the following statements —

(i) either —

(aa) that there have been no changes since the date of the original application leading to the first registration or, if the registration has been renewed, since the last preceding application for renewal of registration under this subsection, in any of the documents copies of which were required to be furnished by section 28(2)(a) to (d) upon the first application for registration; or

(bb) that there have been such changes, identifying them, if necessary by reference to copy documents exhibited to the statutory declaration, and that there have been no other such changes; and

(ii) statements as to such other matters as may be required by regulations to be contained in the statutory declaration.

(3) The Director may grant an application for renewal under subsection (2) if he is satisfied that on considering the application the company continues to meet the requirements for registration of its name upon the Provisional Quota Eligibility Register.

(4) The Director may refuse any such application on any ground upon which under section 29 he may refuse an application under section 28(1), but if he refuses any such application he shall notify the applicant in writing within 7 days of the reason or reasons for the refusal.

(5) If the Director refuses an application for renewal of the registration of a company's name upon the Provisional Quota Eligibility Register, section 24(6) applies to the same extent as it would had the application been an application for original registration of a company's name upon the Individual Transferable Quota Eligibility Register which the Director had refused on a corresponding ground.

(6) If a company fails to make application for renewal of the registration of its name upon the Provisional Quota Eligibility Register in accordance with subsection (2) and, if it holds any Provisional Quota, has not notified the Director that it wishes to surrender the Provisional Quota it holds, the company commits an offence and the Director shall, whether or not the company is prosecuted for that offence, as soon as its registration upon that Register expires serve notice under section 33(2) of revocation of the Provisional Quota held by the company, on the ground specified in section 33(2)(h).

Changes of circumstances

Duty to notify change in circumstances: removal of company's name from Eligibility Register

31.—(1) For the purposes of this section, a company is not qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota if, at the time in question, in the case of a holding of Individual Transferable Quota, it is to be treated by subsection (2) as not continuing to be eligible to have its name appear on the relevant Individual Transferable Quota Eligibility Register or, in the case of a holding of Provisional Quota it is to be treated by subsection (2) as not continuing to be eligible to have its name appear on the relevant Provisional Quota Eligibility Register.

(2) For the purposes of subsection (1), a company continues to be eligible to have its name appear on an Individual Transferable Quota Eligibility Register or, as the case may be, a Provisional Quota Eligibility Register, on which its name appears if, were it to apply—

(a) in the case of an Individual Transferable Quota Eligibility Register, under section 24(1) on that date for the registration of its name upon that Individual Transferable Quota Eligibility Register, it would satisfy either —

(i) the requirements of section 25(2); or

(ii) the conditions of any special consent given to it by the Governor under section 25(4),

in relation to the entry of its name upon that Register;

(b) in the case of a Provisional Quota Eligibility Register, under section 28(1) on that date for the registration of its name upon that Provisional Quota Eligibility Register, it would satisfy the requirements of section 29(2) in relation to the entry of its name upon that Register.

(3) Without prejudice to its obligations under section 32(1), if a company becomes no longer qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota —

(a) it shall forthwith notify the Director in writing of that fact and give him full particulars of the event or events which has or have occurred and caused it to be no longer qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota;

(b) within 90 days of the date on which the company ceased to be qualified or such greater period as the Director may allow under subsection (5) —

(i) take action resulting in it within that period again becoming qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota;

(ii) surrender the Individual Transferable Quota or, as the case may be, Provisional Quota to the Crown; or

(iii) in the case of Individual Transferable Quota, dispose of the Individual Transferable Quota to a company qualified to hold it, without contravening section 58.

(4) If the Director becomes aware, other than by reason of a notice under subsection (2) being given to him, that a company which holds Individual Transferable Quota is no longer qualified to hold it, he shall serve notice on that company requiring it within 90 days of the service of that notice, to do one or other of the things mentioned in paragraphs (a), (b) and (c) of subsection (2) and notify the Director in writing if it does so.

(5) The Director, on application by a company which has given him notice under subsection (2) or upon which he has served notice under subsection (3), may, if he considers that there is reasonable cause so to do, extend the time within which the company may take action resulting in it again becoming qualified to hold the Quota or dispose of the Individual Transferable Quota it holds by such period as he may see fit, but not exceeding a further 90 days.

(6) A company aggrieved by the service upon it of a notice under subsection (3) may apply under section 108 for a review by the Commission of the matter, but only on the ground that at the time of the service of the notice it was qualified to hold Individual Transferable Quota or, as the case may be, Provisional Quota.

(7) If having given notice under subsection (3) or having been served with notice under subsection (3), the company fails within the period of 90 days or such further period as may be permitted under subsection (4) to do such one or other of the things mentioned in paragraph (b) of subsection (3) as may be appropriate in the circumstances of the case and notify the Director thereof in writing, the Director shall revoke the grant of Individual Transferable Quota to the company and shall —

(a) notify the company in writing that he has revoked the grant;

(b) make such notation in the Individual Transferable Quota Register or the Provisional Quota Register as is required by section 52(2)(h) or section 53; and

(c) remove the company's name from the relevant Eligibility Register,

but shall not do so while any application to the Commission for review of the service of the notice under subsection (3) remains undetermined.

(8) A company which, without reasonable excuse, fails to notify the Director as required by subsection (2) commits an offence.

(9) Section 34(8) to (10) shall apply in relation to any Individual Transferable Quota the grant of which has been revoked under subsection (6).

Documents and information to be supplied to the Director

Duty to provide documents and information to the Director

32.—(1) Every company which owns Individual Transferable Quota or Provisional Quota shall—

(a) at the same time as it files—

(i) a copy of its audited annual accounts to the Commissioners of Taxes under the provisions of section 30 of the Taxes Ordinance, supply a copy of those audited accounts to the Director;

(ii) its annual return under the provisions of section 126 of the Companies Act 1948 in its application to the Falkland Islands, supply a copy of that annual return to the Director;

(iii) a certified copy of any amendment to its Articles of Association under section 12 of the Companies Act 1948 in its application to the Falkland Islands, supply a certified copy of that amendment to the Director; and

(b) at the same time as it supplies to the Director a copy of its audited accounts pursuant to paragraph (a), further supply to the Director a statutory declaration made not more than 7 days previously by a director of the company that as at the date that declaration was made the company continued to be eligible to have its name appear on any Individual Transferable Quota Register or Provisional Quota Register on which its name appeared as at that date.

(2) Every company which owns Individual Transferable Quota or Provisional Quota shall within 14 days of any request in writing by the Director so to do, or such greater time as he may, on the application of the company allow, supply to the Director —

(a) an explanation or further details of anything appearing in the company's audited accounts of which he may require an explanation;

(b) a copy of any agreement made by the company in relation to the marketing of fish, or the lending of money to the company or financing of any building, facility, ship or fishing vessel acquired or to be acquired by the company or of any activity undertaken by the company;

(c) particulars of any transaction in relation to the sale of fish entered into by the company;

(d) any other document or information relating to the business of the company.

(3) A company which contravenes subsection (1) or (2) commits an offence.

Revocation of grant of Individual Transferable Quota or Provisional Quota

Grounds on which grant of Individual Transferable Quota or Provisional Quota may be revoked

33.—(1) This section has effect without prejudice to sections 31(7) and 173(1)(e).

(2) The grant of Individual Transferable Quota or Provisional Quota to a company may be revoked by the Director serving a notice on the owner on any one or more of the following grounds —

(a) that a receiver or administrative receiver has been appointed by any mortgagee or debenture-holder under the provisions of any mortgage or debenture of Individual Transferable Quota, and that Individual Transferable Quota has not, within 90 days of his appointment, or such greater period as the Director may allow, been transferred to a company the name of which appears on the relevant Eligibility Register;

(b) that a winding up order has been made by the Supreme Court or any other court having jurisdiction to do so in respect of the company and the liquidator of the company has not, within 90 days thereafter, transferred the Individual Transferable Quota or Provisional Quota to a company the name of which appears on the relevant Eligibility Register;

(c) that the Director is not satisfied that the company is properly exploiting the Individual Transferable Quota or Provisional Quota;

(d) that the company has failed to comply with a notice served on it under section 23(4) or section 27(4);

(e) that the Director has removed the company's name under section 31(6)(c) from the relevant Eligibility Register;

(f) that, in relation to a material part of its business, the owner appears to the Director to be required to act in accordance with the instructions of a non-Falkland Islands fishing business;

(g) that the Director has refused an application for renewal of the registration of the company's name upon the Individual Transferable Quota Eligibility Register or Provisional Quota Eligibility Register, as the case may be;

(h) that the company has failed to renew its registration upon the Individual Transferable Quota Register or Provisional Quota Eligibility Register, as the case may be.

(3) The revocation of the grant of an Individual Transferable Quota or of a Provisional Quota does not bring to an end any Catch Entitlement generated in respect of that Individual Transferable Quota or Provisional Quota in respect of the fishing period current on the date of the revocation.

(4) The ground or grounds on which the Director revokes the grant of Individual Transferable Quota or Provisional Quota shall be stated in the notice served under subsection (2).

(5) Where a notice is served on the ground specified in subsection (2)(h), it shall not take effect if within 14 days of the service of that notice the company makes an application to renew its registration upon the relevant Register, but without prejudice to the power of the Director, if that application is refused, to serve a further notice on the ground specified in subsection (2)(g).

(6) Subsection (5) has prejudice to the power of the Director to serve a further notice of revocation of the grant under any other paragraph of subsection (2).

Supplementary to sections 31 and 33

34.—(1) The Director shall consult the owners of Individual Transferable Quota and the owners of Provisional Quota and the Committee as to the criteria and policies to be applied by him in determining whether a company is properly exploiting Individual Transferable Quota or Provisional Quota belonging to it ("the proposed criteria") and shall thereafter submit the proposed criteria to the Governor for approval who may approve them, with or without amendment or refer them back to the Director for reconsideration.

(2) As soon as the proposed criteria have been approved by the Governor, they shall be published in the *Gazette*, and, if appropriate, as amended by the Governor.

(3) The criteria published in accordance with subsection (2) may be amended or replaced from time to time in accordance mutatis mutandis with the procedure set out in subsections (1) and (2).

(4) Without prejudice to any other provision conferring a right of application for such review, a right of application for review by the Commission lies to the Commission under section 108 against a decision by the Director to revoke a grant of Individual Transferable Quota or Provisional Quota on the ground set out in section 33(2)(c) or (g), but not on any ground set out in any other paragraph of section 33(2).

(5) When a fishing right registered under this Part is suspended, revoked, forfeited or ceases to , or a suspension of a fishing right is revoked the Director shall make a notation in the Register to that effect and if the fishing right is cancelled or ceases to have effect shall, in addition, cancel the registration of the fishing right.

(6) The Director shall rectify the Register accordingly where, because of a decision made by him or by the Magistrate's Court or the Supreme Court, a notation made by him under subsection (5) is no longer correct.

(7) Where a person other than the holder of a fishing right has an interest in the fishing right, being an interest in relation to which a dealing has been registered under section 52, the Director shall give that person written notification of anything he has done under subsection (5) or (6) in relation to that fishing right.

(8) The Director shall use his best efforts to sell by tender any Individual Transferable Quota the grant of which has been revoked under section 31(6) or section 33(2) to a company or companies the name of which appears upon the Individual Transferable Quota Eligibility Register at the best price reasonably obtainable, but shall not do so —

(a) within 14 days of the revocation; or

(b) while any application to the Commission or to the Supreme Court for review of his decision to revoke the grant remains undetermined.

(9) The proceeds of sale of any Individual Transferable Quota under subsection (8) shall be applied —

(a) in payment of any expenses of and in connection with the sale;

(b) a document is to be deemed to be supplied on behalf of a company if it is supplied or delivered to the Director by the company or any director, officer or manager of the company, or any other person doing so on behalf of the company;

(c) a statement is false in a material particular if it is both false and, in the circumstances of the case, may influence the Director in however small a degree, in favour of granting the application or disincline him to refuse it.

Division B — Catch Entitlements

Setting of Total Allowable Effort or Total Allowable Catch and Fishing Effort Values of vessels

Total Allowable Effort and Catch Entitlements

37.—(1) The Director, if he does not propose to set Total Allowable Catch in respect of it under the next following section, shall from time to time, by notice published in the *Gazette*, set in respect of every effort management stock in respect of which any Individual Transferable Quota has been granted, and which is for the time being managed by way of setting Total Allowable

Effort in respect of that stock, the Total Allowable Effort in respect of that stock expressed in terms of units of vessel Fishing Effort Value and specify the period to which the notice relates.

(2) The Total Allowable Effort may be set under subsection (1) so as to apply —

(a) in respect of the calendar year or other period specified in the notice; or

(b) in respect of the calendar year specified in the notice and thereafter in respect of each successive calendar year until the notice is amended or revoked under subsection (4).

(3) A notice under subsection (1) may set the Total Allowable Effort in respect of a stock at nil and no compensation shall be payable to any person if Total Allowable Effort is so set.

(4) The Director may at any time amend or revoke a notice under subsection (1) by further notice under that subsection.

(5) Where a notice under subsection (1) has been published, an Individual Transferable Quota and a Provisional Quota generates Catch Entitlement in accordance with the following formula—

$a = (b \text{ divided by } 1000) \text{ multiplied by } c$, where —

a is the Catch Entitlement,

b is the number of thousandths of the total allowable effort in relation to the stock held by the owner of the Individual Transferable Quota or Provisional Quota; and

c is the Total Allowable Effort notified under subsection (1),

but the Catch Entitlement does not authorise the taking of fish, which is only authorised by a fishing licence or scientific permit.

(6) The Director shall notify every owner of Individual Transferable Quota or Provisional Quota in relation to a fishery 3 months or such shorter period as may be specified by regulations before the commencement of the period to which the notice under subsection (1) relates the Catch Entitlement, if any, generated for that period in respect of that owner's Individual Transferable Quota or Provisional Quota.

(7) Any Catch Entitlement generated under subsection (5) shall be registered by the Director in the Catch Entitlement Register maintained under section 55.

(8) The Director may of his own motion or on the application of any interested person correct any error in any notification he has given under subsection (6).

Total Allowable Catch and Catch Entitlements

38.—(1) The Director, if he does not propose to set Total Allowable Effort in respect of it under the preceding section, shall from time to time by notice published in the *Gazette*, set in respect of

every quota management stock in respect of which any Individual Transferable Quota or Provisional Quota has been granted the Total Allowable Catch in respect of that stock and specify the period to which the notice relates.

(2) The Total Allowable Catch may be set under subsection (1) so as to apply —

(a) in respect of the calendar year or other period specified in the notice; or

(b) in respect of the calendar year specified in the notice and thereafter in respect of successive calendar years until the notice is amended or revoked under subsection (4).

(3) A notice under subsection (1) may set the Total Allowable Catch at nil, and no compensation shall be payable to any person if the Total Allowable Catch is so set.

(4) The Director may at any time amend or revoke a notice under subsection (1) by further notice under that subsection.

(5) Where a notice under subsection (1) has been published, an Individual Transferable Quota or a Provisional Quota generates Catch Entitlement in accordance with the following formula—

$a = (b \text{ divided by } 100,000) \text{ multiplied by } c$, where —

a is the Catch Entitlement,

b is the number of hundred thousandths of the total allowable catch in relation to the stock held by the owner of the Individual Transferable Quota; and

c is the Total Allowable Catch notified under subsection (1).

(6) The Director shall notify every owner of Individual Transferable Quota or Provisional Quota in relation to a stock 3 months before the commencement of the period to which the notice under subsection (1) relates the Catch Entitlement generated under this section for that period in respect of that owner's holding of Individual Transferable Quota or Provisional Quota.

(7) Any Catch Entitlement generated under subsection (5) shall be registered by the Director in the Catch Entitlement Register maintained under section 55.

(8) The Director shall of his own motion or on the application of any interested person correct any error he finds in any notification he has given under subsection (6).

Supplementary to sections 37 and 38

39.—(1) The Director shall set the Total Allowable Effort or Total Allowable Catch as the case may be, in respect of a stock to which section 37(1) or section 38(1) applies so that the Total Allowable Effort or Total Allowable Catch —

(a) takes into account the interdependence of stocks;

(b) enables the level of any stock the current level of which is below the level the Director believes to be appropriate for ensuring sustainability to be restored to that level within a period appropriate to the stock, having regard to the biological characteristics of the stock and any environmental conditions affecting the stock, or

(2) In considering the way in which and rate at which a stock is moved towards or above a level necessary to ensure sustainability, the Director shall take into account such economic factors as he considers relevant.

(3) Any sale or other disposal of a Catch Entitlement is void if it was entered before the notification under section 37(6) or section 38(6) of the Catch Entitlement for the period to which the Catch Entitlement relates but the sale or other disposal of Individual Transferable Quota shall be deemed not to be the sale or other disposal of Catch Entitlement.

Assessment of Fishing Effort Value in relation to fishing vessels

40.—(1) The Director may of his own motion and shall on application being made to him in the approved form by the owner or charterer of a fishing vessel or any other person appearing to the Director to have a sufficient interest, and the prescribed fee, if any, being paid, assign to that fishing vessel a Fishing Effort Value in relation to —

(a) the type of the fishing vessel;

(b) the tonnage and engine power of the fishing vessel and its maximum speed;

(c) the equipment with which the fishing vessel is fitted, including fishing equipment, fish processing machinery or apparatus and fish freezing apparatus or equipment;

(d) the fish storage capacity of the fishing vessel;

(e) the fishing method to be employed as specified in the application;

(f) the target species specified in the application;

(g) the manning of the fishing vessel;

(h) any other matter the Director considers to be relevant or is prescribed, and without prejudice to section 54(4) a Fishing Effort Value assigned under this subsection may be expressed by the Director to be provisional.

(2) A Fishing Effort Value shall be assessed in relation to the weight of fish of the target species specified in the application which, in the opinion of the Director, the fishing vessel could be expected with a full complement, composed as stated in the application, all other things being equal, to take in a day's fishing in comparison with a notional fishing vessel, the Fishing Effort Value of which is 1, (and so that a fishing vessel which, in the opinion of the Director, could be expected to take 70 per cent more fish in a day's fishing than that notional fishing vessel, would be assigned a Fishing Effort Value of 1.7).

(3) The Director shall notify the applicant under subsection (1) and the owner of the fishing vessel in question if he was not the applicant, of —

(a) the Fishing Effort Value assigned by the Director to that fishing vessel on application being made under subsection (1) or of the Director's own motion; and

(b) the characteristics of and in relation to that fishing vessel (including fishing gear) and the target species and method of fishing taken into account by the Director in assigning that Fishing Effort Value to that fishing vessel.

(4) For the purposes of subsection (1), the Director shall calculate Fishing Effort Value units in such manner, if any, as is for the time being prescribed and, if none is for the time being prescribed, in such manner as he determines.

Division C — Licences and Permits

Fishing licences

Fishing licences

41.—(1) The Director may, upon application made in the approved form, and on payment of the prescribed fee, if any, and subject to section 14(1)(a), grant to a person a fishing licence authorising, subject to subsections (2) to (4), the use by that person, or by a person acting on that person's behalf, of a fishing vessel for fishing in the fishing waters or a specified fishery within the fishing waters. The Director may impose conditions, specified in the licence, on granting a licence under this subsection.

(2) Unless specifically stated to the contrary therein a fishing licence granted under subsection (1) does not authorise fishing within the internal waters.

(3) A fishing licence granted under subsection (1) does not authorise the use of a fishing vessel unless the fishing vessel complies with all conditions (if any) subject to which the licence was granted.

(4) An application made for the grant of a fishing licence under subsection (1) shall —

(a) provide the Director with such information as the Director reasonably requires for proper consideration of the application;

(b) if the application is made by a person other than a company incorporated in the Falkland Islands or a natural person ordinarily resident in the Falkland Islands, specify the name of a company so incorporated authorised by the applicant to accept service on behalf of the applicant or all notices, documents and proceedings given made or commenced under any provision of this Ordinance or any other written law of the Falkland Islands, (and, for the purposes of paragraph (b) of this subsection, an application for a licence made by an agent on behalf of another person, shall be deemed to be made by that other person).

(5) A person named as the applicant's agent for service pursuant to paragraph (b) of subsection (4) shall, if a licence is granted pursuant to that application, continue to be authorised to accept service on behalf of the applicant until the expiration of 3 years from the date on which the licence ceases to have effect unless the applicant notifies the Director in writing that another person (being a company incorporated in the Falkland Islands) is the applicant's agent for service in substitution for the agent for service named in the application when service may be effected on the company so substituted. The foregoing provisions of this subsection shall apply mutatis mutandis to every replacement of agent for service by the applicant.

(6) In addition to any other reason for which the Director may under subsection (1) refuse to grant a fishing licence, the Director may refuse to grant a fishing licence if he has reasonable cause to believe that a requirement of a law of the Falkland Islands has not been complied with in relation to the fishing vessel in question.

(7) A fishing licence granted under this section may authorise the use of a fishing vessel —

(a) for commercial fishing generally;

(b) for recreational fishing generally; or

(c) as a charter boat, that is to say for charter to persons who wish to engage in recreational fishing;

(d) for specified fishing activities including —

(i) carrying of fish received from another fishing vessel; or

(ii) the processing of fish.

(8) The Director shall not grant to any person other than a qualifying company a fishing licence authorising the taking of any part of any Catch Entitlement generated by any Individual Transferable Quota.

(9) No compensation is payable if a fishing licence is revoked or ceases to be in force or ceases to apply to a fishery .

(10) A fishing licence —

(a) is subject to such conditions as are prescribed in relation to licences granted under this section and without prejudice to the generality of the foregoing and to any power to make regulations under section 223(2)(u), may include a condition that there be a functioning satellite-tracking device aboard the fishing vessel at all times during the continuation of the licence, whether or not the fishing vessel is within the fishing waters;

(b) comes into force on the date specified for the purpose in the licence or, if no date is so specified, on the date on which it is granted; and

(c) subject to this section, remains in force until the date specified for the purpose in the licence.

(11) A fishing licence ceases to be in force if the holder of the licence surrenders the licence by written notice given to the Director.

(12) A fishing licence is not transferable.

(13) The Director may, by written notice given to the holder of a fishing licence —

(a) revoke the licence; or

(b) whether or not at the request of the holder, vary or revoke a condition to which the licence is subject or specify a condition or further condition to which the licence is to be subject.

(14) For the purposes of subsection (8), a qualifying company is a company —

(a) which is incorporated in the Falkland Islands and has its principal place of business in the Falkland Islands;

(b) in which at least 25.1% or such other percentage as may be specified by regulations of each class of the shares in the company carrying voting rights at general meetings of the company are owned by persons having Falkland Islands status ordinarily resident in the Falkland Islands or by a company or companies incorporated in the Falkland Islands and wholly so owned.

Scientific permits

Scientific permits

42.—(1) The Director may, upon application made in the approved form, and on payment of the prescribed fee, if any, grant to a person a scientific permit in respect of a specified fishing vessel (including an overseas fishing vessel) authorising the use of the fishing vessel by that person, or a person acting on that person's behalf, for scientific research purposes in a specified area of the fishing waters or a specified fishery within the fishing waters. The Director may impose conditions, specified in the permit, on granting a permit under this subsection.

(2) An application made for the grant of a scientific permit under subsection (1) shall —

(a) provide the Director with such information as the Director reasonably requires for a proper consideration of the application;

(b) if the application is made by a person other than a company incorporated in the Falkland Islands or a natural person ordinarily resident in the Falkland Islands, specify the name of a company so incorporated authorised by the applicant to accept service on behalf of the

applicant or all notices, documents and proceedings given made or commenced under any provision of this Ordinance or any other written law of the Falkland Islands,

(and, for the purposes of paragraph (b) of this subsection, an application for a scientific permit made by an agent on behalf of another person shall be deemed to be made by that other person).

(3) A person named as the applicant's agent for service pursuant to paragraph (b) of subsection (2) shall, if a permit is granted pursuant to that application, continue to be authorised to accept service on behalf of the applicant until the expiration of 3 years from the date on which the permit ceases to have effect unless the applicant notifies the Director in writing that another person (being a company incorporated in the Falkland Islands) is the applicant's agent for service in substitution for the agent for service named in the application when service may be effected on the company so substituted. The foregoing provisions of this subsection shall apply *mutatis mutandis* to every replacement of agent for service by the applicant.

(4) A scientific permit is, in addition to any conditions which are imposed on the grant of the permit, or which may have effect under any other provision of this Ordinance, subject to the following conditions —

(a) the permit may be revoked under subsection (7);

(b) no compensation is payable because the permit is revoked or ceases to be in force.

(5) Subsection (4) has effect without prejudice to any other provision of this Ordinance which imposes a condition on scientific permits.

(6) A scientific permit —

(a) comes into force on the day specified for the purpose in the permit or, if no day is so specified, on the day on which it is granted; and

(b) subject to this Ordinance, remains in force until the date specified for the purpose in the permit.

(7) The Director may, by written notice given to the holder of a scientific permit —

(a) revoke the permit; or

(b) whether or not at the request of the holder, vary or revoke a condition to which the permit is subject or specify a condition or further condition to which the permit is to be subject.

(8) A scientific permit ceases to be in force if the holder of the permit surrenders the permit by written notice given to the Director.

Suspension and revocation of suspension of fishing concessions

Suspension of fishing concessions

43.—(1) The Director may by written notice given to the holder of a fishing concession suspend the operation of the concession if any fee, levy, charge or other money relating to the concession is not paid as it becomes due.

(2) The Director, by written notice given to the holder of a fishing concession suspended under this section —

(a) may revoke the suspension; and

(b) shall revoke the suspension if it was effected under subsection (1) and the money is paid or there is a remission or refund made under the regulations of the whole of the money.

Overseas masters of fishing vessels

Overseas master fishing licences

44.—(1) The Director may, upon application made in the approved form, and on payment of the prescribed fee, if any, grant to an overseas person an overseas master fishing licence authorising the person to be in charge of a fishing vessel that is being used for fishing in the fishing waters or may for any reason he sees fit, refuse to grant such a licence.

(2) An application made for the grant of an overseas master fishing licence shall provide the Director with such information as he reasonably requires for proper consideration of the application.

(3) An overseas master fishing licence authorising a person to be in charge of a fishing vessel that is being used for commercial fishing in a fishery specified in Schedule 2 is subject to the following conditions in addition to any conditions which may be specified in the licence —

(a) the holder of the licence shall comply with any obligations imposed on the holder by the licence;

(b) the licence shall cease to apply in relation to that fishery if the fishery is revoked under section 16(2)(c) and shall not apply for so long as fishing in that fishery is suspended by the Director;

(4) A licence granted under this section —

(a) is subject to such other conditions as are prescribed in relation to licences granted under this section;

(b) comes into force on the date specified for the purpose in the licence or, if no date is so specified, on the date on which it is granted; and

(c) subject to this section, remains in force until the date specified for the purpose in the licence.

(5) The Director may, by written notice given to the holder of a licence whether or not at the request of the holder, vary or revoke a condition of the licence (not being a condition mentioned in subsection (3)) or specify a condition or further condition to which the licence is to be subject.

(6) A licence ceases to be in force if the holder of the licence surrenders the licence by written notice given to the Director.

(7) The Director may, by written notice given to the holder of the licence, revoke the licence —

(a) if the holder of the licence is convicted of an offence under this Ordinance or an offence under the law of an overseas country or territory corresponding to an offence under this Ordinance;

(b) if the holder of the licence during the currency of the licence or at any time during the preceding 5 years is or was convicted of any offence under the law of the Falkland Islands or any other country or territory which involved violence towards or maltreatment of any member of the crew of a fishing vessel of which he was at the time a master or a mate or officer, and which was not, in the case of an offence preceding the application under subsection (1), disclosed in that application; or

(c) if any information provided by or on behalf of an applicant under subsection (1) is found by him to be false or misleading in a material particular.

(8) No compensation is payable because the overseas master fishing licence is revoked, ceases to be in force or ceases to apply to a fishery.

(9) A person who uses a fishing vessel for fishing in the fishing waters commits an offence unless every overseas person who is a master of that fishing vessel holds a licence granted under subsection (1).

(10) Where the person who is in charge of a fishing vessel is different from the person who is in charge of the fishing operations of that fishing vessel and either of them is an overseas person, a licence under subsection (1) is required by such of them as is an overseas person and the provisions of this section, including subsection (8) shall have effect accordingly.

Prohibited masters

45.—(1) Without prejudice to the generality of his powers under section 44(1) to refuse to grant an overseas master fishing licence, the Director may refuse to grant such a licence to any person to whom the Director reasonably believes any of the things mentioned in section 44(7) applied at any time during the preceding 5 years.

(2) The Director may in the circumstances mentioned in subsection (3) by written notice given to any person prohibit that person from being master—

(a) of any Falkland Islands fishing vessel or from being in charge of fishing operations on that fishing vessel during any time a licence or permit under this Ordinance is held in respect of that fishing vessel; or

(b) of any non-Falkland Islands fishing vessel or from being in charge of fishing operations on that fishing vessel at any time it is within the fishing waters.

The making of a prohibition under this subsection, and the period for which it has effect, shall be published in the *Gazette*.

(3) The circumstances referred to in subsection (2) are that there applies in respect of that person any of the things mentioned in section 44(7) which would, if that person held an overseas master fishing licence, enable the Director to revoke that licence.

(4) A person who contravenes a prohibition imposed under subsection (2) commits an offence.

(5) A person commits an offence who employs another person as master or person in charge of fishing operations —

(a) on any fishing vessel within the fishing waters;

(b) upon any Falkland Islands fishing vessel,

while —

(i) a licence or permit under this Ordinance is held in respect of that vessel; and

(ii) that person is the subject of a prohibition under subsection (2) of this section.

(6) A prohibition under subsection (2) shall have effect for such period as is stated therein, not being greater than 5 years from the happening of the thing in respect of which the prohibition was made.

(2) The Director may, subject to the payment of such fee, if any, as is prescribed, grant a trans-shipment licence to the owner, charterer or operator of —

(a) a fishing vessel from which fish is to be transferred; or

(b) a fishing vessel or other vessel by which fish is to be received.

(4) The Director may impose conditions consistent with the purposes of this Ordinance on the grant of a licence under subsection (2) or subsection (3).

(4) An application for a fish receiver permit shall provide the Director with such information as he reasonably requires for proper consideration of the application.

(5) No compensation shall be payable if the fish receiver permit is revoked, ceases to be in force or ceases to apply to a fishery in respect of fish taken in a particular fishery or fisheries.

(d) subject to this Ordinance, remains in force until the earlier of the date specified in the permit or the first anniversary of the date on which it came into force.

(7) Without prejudice to any provisions of regulations made under section 223, the Director may by written notice to the holder of a fish receiver permit require that person —

(a) to provide to him in writing, within 14 days or such longer period as is specified in the notice, such return or information in relation to fish received by that person as is specified in the notice; and

(b) to verify that return by statutory declaration.

(c) at the expiry of 3 months after the Order is made,

whichever is the earliest.

(6) To the extent that an Order under subsection (2) or (5) is inconsistent with any provision of a fishing concession or fish receiver permit, the Order overrides that provision and, to that extent, that provision has no effect, but when the Order ceases to have effect, any provision overridden by the Order is, subject to this Ordinance, and unless otherwise provided by regulations, revived.

(6) Whenever the Director, pursuant to subsection (5), notifies an increase in the Fishing Effort Value assigned to any fishing vessel, he may vary any permit or licence held by that fishing vessel as he thinks necessary so as to reduce the quantity of fish that the fishing vessel is permitted to take under that permit or licence to the quantity it would have been able to take if it had its formerly assigned Fishing Effort Value.

(5) The Director shall, subject to any Order under section 215, receive documents for registration during ordinary office hours of the Department of Fisheries within any period a Register is closed under subsection (4), but is not obliged to register or cause to be registered any documents received during that period which if not so registered shall be registered immediately the Register is re-opened and before any other documents received after the Register is re-opened are registered therein.

Division B — Dealings

Transfers and mortgages

Transfer of Individual Transferable Quota .

57.—(1) A transfer of quota shares shall not be registered if—

(a) at the time of the presentation of the transfer for registration, the transferor is not registered as the owner of the Individual Transferable Quota or as a mortgagee whose name appears on the Approved Mortgagees Register;

(b) the quota shares or Individual Transferable Quota of which they form part sought to be transferred are subject to any caveat or mortgage registered under the provisions of this Ordinance;

(c) the name of the transferee does not appear on the Individual Transferable Quota Eligibility Register;

(d) the transfer would cause a contravention of section 58;

(e) the transfer would result in the number of quota shares in the quota management stock concerned owned by the transferee exceeding the prescribed percentage;

(f) the fee, if any, prescribed as payable on registration of the transfer remains unpaid.

(2) Subject to subsection (1) a transfer of part of an Individual Transferable Quota may be registered.

(3) For the purposes of subsection (1)(d) a transfer would result in an impermissible Catch Entitlement if as a result of the transfer either the transferor or transferee would own less than one thousandth (or such other fraction as is prescribed by regulations) of the aggregate Individual Transferable Quota in the fishery in question.

(4) A transfer of Individual Transferable Quota to any person is void if it is to any person other than a company the name of which is registered upon the Individual Transferable Quota Eligibility Register.

(5) A transfer has no effect to transfer Individual Transferable Quota unless it is registered.

(6) In subsection (1)(e), "prescribed percentage" has the same meaning as it has under section 58(1)(c).

Domination of fishing sector

58.—(1) In this section —

(a) a person is connected to another person if under the provisions of section 208 read with section 210 of the Taxes Ordinance 1997 he would be taken to be connected with that person;

(b) "divest" means —

(i) to dispose of to another or to others by way of transfer of Individual Transferable Quota not resulting in a contravention of subsection (2);

(ii) to surrender such Individual Transferable Quota to the Crown; or

(iii) to transfer shares in a company or companies,

and so as to bring to an end a contravention of subsection (2);

(c) "the prescribed percentage" means such percentage as is for the time being prescribed by regulations for the purposes of this section of the total Individual Transferable Quota of a quota management stock; and

(d) "a person" does not include the Crown.

(2) Subject to the provisions of any regulations to the contrary, a grant or disposal of Individual Transferable Quota is prohibited if it has the effect that in aggregate more than the prescribed percentage ("the aggregation limit") of Individual Transferable Quota in relation to a stock is owned or controlled by a person or by that person and persons who are associated or connected persons in relation to that person and a grant of Provisional Quota is prohibited if the grantee, as a result of such grant would, subject to performance of the conditions of that grant become entitled to a grant of Individual Transferable Quota which would exceed the aggregation limit.

(3) The Director shall, if he believes that a transfer in contravention of subsection (2) has taken place, serve a notice ("a divestment notice")—

(a) requiring the person or that person and the associated or connected persons (as the case may be) within such period, not being less than 90 days as is stated in the notice, or such longer period, not exceeding 180 days from the service of the notice, as the Director may subsequently agree in writing, to divest himself or themselves of ownership or control of so much of the Individual Transferable Quota as to result in the aggregate Individual Transferable Quota owned by that person or by that person and persons who are associated or connected persons in relation to that person becoming equal to or less than the prescribed percentage; and

(b) stating the ground or grounds for the belief of the Director;

and shall enter a caveat in the Individual Transferable Quota Ownership Register against the transfer of so much of the Individual Transferable Quota of the relevant owner as the divestment notice relates to.

(4) If, after taking into account any extension of time granted by the Director under subsection (3), the person or persons on whom a divestment notice is served fails or fail to comply with its requirements within the time allowed the Director shall—

(a) serve upon that person or those persons a further notice —

(i) notifying that so much of the Individual Transferable Quota under its or their ownership or control as exceeds the prescribed percentage ("the excess") is forfeit to the Crown pursuant to subsection (5);

(ii) stating the amount of Individual Transferable Quota concerned;

(b) register in the Individual Transferable Quota Register the transfer in respect of so much of the Individual Transferable Quota as is not forfeit to the Crown pursuant to subsection (5)

or, as the case may be, amend that Register so as to show ownership by the owner in question of only so much Individual Transferable Quota as is not forfeit under subsection (5).

(5) On service of a notice under subsection (4) the excess is forfeit to and vested in the Crown without liability for payment of compensation.

Registration of caveat on behalf of Crown

59.—(1) If the Director has served a notice of revocation of grant under section 33(2) he shall cause a caveat to be entered in relation to the Individual Transferable Quota or Provisional Quota concerned in the appropriate Register.

(2) Any caveat directed to be registered under subsection (1) shall remain on the Register until removed by a direction of the Director or order of the Supreme Court.

Mortgages of Individual Transferable Quota

60.—(1) Except as otherwise provided by this Ordinance, any Individual Transferable Quota or quota shares comprised in it may be mortgaged by deed registered in the Individual Transferable Quota Register.

(2) A mortgage by way of transfer or assignment of Individual Transferable Quota shall not be made and a mortgage thereof shall only be made by way of charge thereon.

(3) A mortgagee may assign to another person a mortgage and the mortgagee's rights, interests and obligations under that mortgage by a memorandum of assignment in the approved form.

(4) No such assignment shall have effect until it is registered in the Individual Transferable Quota Register.

(5) Without limiting the covenants, conditions and powers that may, by agreement between the mortgagor and the mortgagee, be contained in a mortgage of an Individual Transferable Quota or quota shares comprised therein, such a mortgage shall confer on the mortgagee, in the event of default by the mortgagor in the performance of any covenant by, or obligation on the part of, the mortgagor contained or implied in the mortgage, the power to sell the Individual Transferable Quota, in whole or in part.

(6) A mortgage may be varied by a memorandum in writing executed by the parties to the mortgage, but no such variation shall have effect until it has been registered in the Individual Transferable Quota Register.

Mortgages to be to approved mortgagees only

61.—(1) A mortgage of an Individual Transferable Quota is of no effect so as to confer any security or power upon the mortgagee unless the mortgagee has been approved under this section and the name of the mortgagee appears on the Approved Mortgagees Register on the date on which the mortgage was executed.

(2) The Governor may on application in writing containing such particulars as are prescribed approve, or as he sees fit refuse to approve, any company to be a mortgagee of Individual Transferable Quota or of quota shares comprised therein.

(3) The Director shall maintain an Approved Mortgagees Register in which the Director register particulars of the name and principal place of business of every company which has been approved by the Governor under subsection (2).

(4) A mortgage of an Individual Transferable Quota to a person who is not a company the name of which appears on the Approved Mortgagees Register does not have effect to confer any security upon the lender over the quota to which it relates.

Enforcement of mortgages

Restriction on exercise of mortgagee's power of sale

62.—(1) A mortgagee cannot exercise his power of sale —

(a) if the Individual Transferable Quota is subject to a Crown caveat registered under section 58; or

(b) so as to dispose of the Individual Transferable Quota to any person whose name does not appear on the Individual Transferable Quota Eligibility Register,

and any purported disposition which contravenes this subsection is void and of no effect.

(2) A power conferred by any mortgage to sell any Individual Transferable Quota shall not become or be deemed to have become exercisable because of —

(a) any default in the payment of any money secured by that mortgage; or

(b) any default in the performance or observance of any covenant expressed or implied in the mortgage,

unless and until the mortgagee serves on the mortgagor a notice complying with this section: provided that a notice which does not comply with subsection (3) shall not for that reason only be void if the failure to comply with that subsection does not materially prejudice the interests of the mortgagor.

(3) Every notice required by subsection (2) shall —

(a) be in writing;

(b) shall inform the mortgagor of —

(i) the nature and extent of the default complained of;

(ii) the date by which the mortgagor is required to remedy the default, if the default is capable of remedy; and

(iii) the rights that the mortgagee will be entitled to exercise if the default is not remedied within the stated period.

(4) The date stated pursuant to subsection (3)(b)(ii) shall not be less than 1 month from the date of service of the notice.

(5) In addition to giving the notice required by subsection (2), if the Individual Transferable Quota is subject to any caveat registered under this Ordinance, the mortgagee shall immediately after serving notice upon the mortgagor serve a copy of the notice on each caveator, but failure to do so does not of itself prevent any of the powers referred to in subsection (2) becoming or being deemed to have become exercisable and does not prevent any money secured by the mortgage from becoming or being deemed to have become payable.

(6) For the purposes of subsection (2), entering into a contract to sell, or the granting of an option to purchase, Individual Transferable Quota shall not be regarded as the exercise of a power of sale if the contract or option is expressed to be conditional on the failure by the mortgagor to remedy a default specified in a notice under this section served either before or after the contract is entered into or the option is granted, as the case may be.

(7) A mortgagee who exercises a power of sale of Individual Transferable Quota owes a duty to the mortgagor to take care to obtain the best price reasonably obtainable.

(8) The effect of subsection (7) cannot be excluded by contract between the parties to any mortgage or in any other manner whatsoever and notwithstanding any enactment or rule of law or anything contained in any deed or instrument by or under which the power of sale is conferred—

(a) it is not a defence to proceedings against a mortgagee for a breach of the duty imposed by subsection (7) that the mortgagee was acting as the mortgagor's agent or under a power of attorney from the mortgagor;

(b) a mortgagee is not entitled to compensation or indemnity from the mortgaged Individual Transferable Quota or mortgaged quota shares or the mortgagor in respect of any liability incurred by the mortgagee arising from a breach of the duty imposed by subsection (7).

Court may permit mortgagee to exercise power of sale before period expired

63.—(1) The Supreme Court may, on the application of a mortgagee made *ex parte* or otherwise as the Supreme Court thinks fit, grant leave to the mortgagee to exercise any of the powers of the mortgagor of the Individual Transferable Quota the subject of the mortgage at any time before the date specified in the notice served on the mortgagor under section 62(2).

(2) Leave granted under subsection (1) may be granted either unconditionally or upon and subject to such conditions as the Supreme Court thinks fit.

Restriction on action to recover deficiency

64.—(1) If at any time the mortgagee exercises the power of sale the amount realised is less than the amount owing under the covenant to repay expressed or implied in the mortgage, no action to recover the amount of the deficiency, or any part of the deficiency, shall be commenced by the mortgagee against any person (other than the mortgagor of the Individual Transferable Quota or quota shares comprised therein at the time of the exercise of the power of sale) unless the mortgagee, at least one month before the exercise of the power of sale, serves on that person notice of the mortgagor's intention to exercise the power of sale and to commence action against that person to recover the amount of the deficiency in the event of the amount realised being less than the amount owing under the covenant to repay.

(2) The Supreme Court may on the application of a mortgagee made *ex parte* or otherwise as the Supreme Court thinks fit, waive wholly or in part the one month period referred to in subsection (1).

(3) The effect of subsection (1) cannot be excluded by contract between the parties or, subject to subsection (2), in any other manner whatsoever.

Application of proceeds of sale

65. The proceeds of any sale by a mortgagee pursuant to any power of sale of an Individual Transferable Quota shall be applied —

(a) firstly, in payment of the costs and expenses of and occasioned by the sale;

(b) secondly, in payment of any sum then due and owing to the mortgagee under or by virtue of the mortgage;

(c) thirdly, in payment of any sum then due and owing from the mortgagor to the Crown in respect of fees and levies payable to the Crown under this Ordinance; and

(d) fourthly, in payment of any surplus to the mortgagor.

Transfer by mortgagee

66.—(1) Upon the registration of any transfer executed by a mortgagee for the purpose of the sale of any Individual Transferable Quota or quota shares comprised therein by the mortgagee, ownership of the Individual Transferable Quota, subject to section 61(1), passes to and vests in the purchaser, freed and discharged from any liability under or by virtue of the mortgage.

(2) Upon registration of such a transfer in the Individual Transferable Quota Register, every caveat in respect of the Individual Transferable Quota or the quota shares the subject of the transfer being transferred lapses and the ownership of the Individual Transferable Quota or that part passes to and vests in the purchaser, freed and discharged from the interest claimed by the caveator.

(3) The Director shall cause to be made in the Individual Transferable Quota Register any entry necessary to show that the mortgage has been discharged and that all caveats have lapsed in respect of the Individual Transferable Quota or quota shares comprised therein transferred.

(4) If a mortgagee gives a receipt in writing in respect of any money arising under an exercise of the power of sale conferred by this Division, or any money or securities comprised in or arising under the mortgagee's mortgage, the receipt is a sufficient discharge for that money or for those securities, and a person paying or transferring the money or securities shall not be concerned to inquire whether any money remains due under the mortgage or to see to the application of the money or securities so paid or transferred.

Discharge of mortgage

67.—(1) The mortgagee shall execute a memorandum of discharge of the mortgage—

(a) upon the sum secured by it being wholly paid off; or

(b) if for any other reason the mortgagee is bound to discharge the mortgage.

(2) A memorandum of discharge shall be in substantially the form specified in Form 6 in Schedule 1 to the Mortgages and Property Ordinance 1996, omitting so much thereof as relates to the source of funds used by the mortgagor to procure the discharge.

(3) A memorandum of discharge shall be registered in the Individual Transferable Quota Ownership Register and shall have effect in accordance with its tenor.

Division C — Caveats

Types of caveat

68. A caveat may, subject to section 70(2), be registered over any Individual Transferable Quota, Provisional Quota or Catch Entitlement —

(a) at the request of any person with the consent of the owner;

(b) by or at the direction of the Director under section 74;

(c) at the direction or order of the Supreme Court in any civil proceedings.

Effect of caveat

69.—(1) While a caveat remains in force, no entry shall be made on a Register which would have the effect of mortgaging or transferring the whole or any part of the Individual Transferable Quota or Provisional Quota or transferring the whole or any part of the Catch Entitlement to which the caveat relates, but nothing in this subsection applies to a transfer by a mortgagee to which section 66(1) applies.

(2) Subsection (1) does not prevent the registration of an entry if the caveator consents to that entry and the consent relates to —

(a) a transfer of the whole or a part of the Individual Transferable Quota or Catch Entitlement and constitutes a withdrawal of the caveat in respect of the property transferred; or

(b) a mortgage of the whole or part of the Individual Transferable Quota the subject of the caveat.

Caveat against transfer of Individual Transferable Quota, Provisional Quota or Catch Entitlement

70.—(1) If—

(a) the owner of the Individual Transferable Quota, Provisional Quota, or Catch Entitlement concerned and any other person jointly lodge a caveat with the Director;

(b) a court directs or orders that a caveat be lodged; or

(c) the Director enters a caveat or causes a caveat to be lodged under section 58(3) or 74,

the Director shall, if the caveat meets all the requirements of this Ordinance for registration, cause that caveat to be registered under section 79 against the Individual Transferable Quota, Provisional Quota or Catch Entitlement, as the case may be.

(2) Except as otherwise provided by this Ordinance, the Director shall only cause a caveat to be registered under subsection (1)(a) if the Individual Transferable Quota, Provisional Quota or Catch Entitlement is not already subject to any other caveat registered under this Ordinance.

Caveat may be withdrawn

71.—(1) Any caveat may, either as to the whole or any part of an Individual Transferable Quota, Provisional Quota or Catch Entitlement protected by the caveat be withdrawn by the person whose interests are protected by the caveat or by the person's attorney or agent under a written authority.

(2) Every withdrawal of a caveat shall be in the approved form.

(3) If the caveat is registered for a period stated at the time of registration, the caveat lapses at the expiration of that period.

Order of court for removal of caveat

72.—(1) This section does not apply to caveats imposed under section 74.

(2) The owner of Individual Transferable Quota, Provisional Quota or Catch Entitlement against which a caveat has been registered may apply to the Supreme Court for an order that the caveat shall be removed.

(3) The Supreme Court, if satisfied that at least 3 working days' notice in writing of the application has been given to the caveator or the person on whose behalf the caveat was registered, or that that person has in writing waived such notice, may —

(a) order that the caveat be removed —

(i) entirely;

(ii) in part; or

(iii) in respect of a particular transaction;

(b) impose such sureties and other conditions as it thinks fit; and

(c) make such other orders in respect of the caveat as it thinks fit.

Person entering or maintaining caveat without due cause liable in damages

73. Any person who lodges a caveat and who, when that caveat is no longer needed to protect any interest of the caveator, fails, without reasonable cause, to withdraw that caveat as soon as reasonably practicable after having been requested to do so by any person prejudicially affected by the caveat, is liable in damages for any loss or damage suffered by any person as a result of the failure to withdraw the caveat.

Crown caveats preventing registration of transactions

74.—(1) If —

(a) a company has been charged with an offence under sections 127(2), 136, 137(1), 138(1), 167(1), 168(1) or 172(1);

and conviction for that offence may result in forfeiture of Quota under section 173; or

(b) the Director believes on reasonable grounds that any company has committed such an offence,

the Director may cause a caveat to be registered under this Ordinance in respect of any Individual Transferable Quota owned by that person at the time of the entry of the caveat, and the caveat may apply to a number of quota shares not exceeding the whole Individual Transferable Quota or to the whole Individual Transferable Quota, and if he causes a caveat to be registered he shall forthwith give written notice thereof to the owner of the Individual Transferable Quota.

(2) The Supreme Court may at any time, on application by the owner of any quota order that any caveat registered in accordance with subsection (1) shall not apply in respect of the quota or any part of the quota whether generally or in respect of any specified dealing in the quota and any such Order may be subject to such sureties and conditions as the Supreme Court may specify.

(3) A caveat registered in accordance with subsection (1)(a) shall have effect until all proceedings in respect of the relevant offence have been finally determined.

(4) A caveat registered in accordance with subsection (1)(b) shall have effect until the later of —

- (a) the expiry of 30 days from the date of the registration of the caveat; and
 - (b) where proceedings for an offence to which subsection (1)(a) applies are commenced within that period of 30 days, the final determination of all proceedings in respect of that offence.
- (5) Where a caveat has been registered under subsection (1)(a) or (b) and it is decided subsequently —
- (a) not to institute proceedings for an offence to which subsection (1)(a) relates; or
 - (b) to abandon any such proceedings which have been commenced,
- the Director shall forthwith cause any caveat registered under subsection (1) to be cancelled.

Division D — Registration procedure and correction of Registers

Registration procedure

Transactions not effectual until registered

75. No transaction has any effect for any of the purposes of this Ordinance until it is registered in accordance with this Part.

When transactions deemed registered

76. Every transaction registered under this Ordinance shall be deemed to have been registered for the purposes of this Ordinance at the time recorded in the Register as the time at which the transaction was registered.

Application for registration

77. Every application to register a transaction shall—

- (a) be made by presenting to the Director an instrument in such form as is approved or prescribed, if any;
- (b) contain such particulars as are specified in that form (if any) or are prescribed;
- (c) be executed in such manner, if any, as is specified in the approved form or is prescribed; and
- (d) be accompanied by the prescribed fee, if any.

Priority according to time of registration

78.—(1) Instruments presented for registration under this Ordinance shall be registered in the order in which they are received for registration or by regulations to be treated as received for registration and, for that purpose, that order shall be in accordance with the dates and times

recorded by the Director or by any public officer charged by an Order under section 215 with the duty of maintaining the Register as the date and time when the instruments were received.

(2) Regulations under this Ordinance may prescribe when an instrument is to be treated as received for registration.

Registration procedure

79. On receipt of an application that complies with section 77 and is completed to the satisfaction of the Director, the Director shall —

- (a) record in the appropriate Register the particulars set out in the instrument required by this Ordinance to be registered and the date on which and time at which the particulars are so recorded;
- (b) issue a registration notice as to the particulars recorded under paragraph (a);
- (c) forward the registration notice to the person who presented the instrument for registration and forward copies of the notice to each of the other parties to the transaction;
- (d) if the instrument registered is a caveat in relation to any Individual Transferable Quota, Provisional Quota or Catch Entitlement, give notice of the registration of the caveat to the owner (if not otherwise notified) and any mortgagee and to any other caveator of that Individual Transferable Quota, Provisional Quota or Catch Entitlement.

Procedure relating to defective applications for registration

80.—(1) If —

- (a) any document relating to a transaction lodged for registration; or
- (b) any document presented for registration together with any other documents,

is found not to be in order for the purposes of registration, the Director may return that document or those documents to the person by whom they were lodged or, if that person is not available, to such other person as may, in the opinion of the Director, be entitled to receive them.

(2) Before returning any documents in accordance with subsection (1), the Director shall cause a copy to be made of that document and cause that copy to be filed in his office.

(3) If any document is returned as provided in subsection (1), that document shall be deemed not to have been presented for registration, but any fee paid in respect of its registration shall be retained unless the Director decides otherwise.

Director not concerned with effect

81. The Director is not concerned with the effect in law of any instrument lodged under this Part and the registration of the dealing does not give any effect to the instrument which it would not have if this Part had not been enacted.

Correction of Registers

Application for correction of Register

82.—(1) A person who presents an instrument for registration under section 77 and any other person having a registered interest in the Individual Transferable Quota or Catch Entitlement to which the instrument applies may apply to the Director to correct the record on the Register of the particulars set out in the instrument on the ground that the Register does not accurately record those particulars or is incorrect for any other reason specified for the purpose in regulations made under section 223.

(2) Every application made under subsection (1) shall —

(a) be made within 14 days after the registration notice issued under section 79(b) is forwarded to that person, or such longer period as the Director may allow;

(b) be in the approved form, if any; and

(c) include a copy of the registration notice issued under section 79(b) that relates to the record on the Register to which the application relates.

Correction of Register

83.—(1) If, upon receipt of an application under section 82, the Director is satisfied that the Register does not record accurately the particulars set out in the instrument to which the application relates or is incorrect for any other reason specified in regulations made under section 220, the Director shall correct the Register accordingly and —

(a) record on the Register the nature of the correction and the date and time at which the correction was made; and

(b) notify the person who made the application under section 82 and any other person whom the Director considers will be affected by the correction.

(2) If the Director is satisfied that the Register does not record accurately the particulars set out in the instrument to which the entry on the Register relates, or subject to any regulations made under section 223, is for any other reason incorrect, the Director may of his own motion, after notifying those persons whom the Director considers will be affected, correct the Register accordingly and record on the Register the nature of the correction and the time at which the correction was made.

(3) Without limiting the generality of subsection (2), the power conferred by that subsection is exercisable if —

(a) a registration notice has been issued in error or an entry or endorsement has been made in error;

(b) a misdescription has occurred in any entry in the Register or in any registration notice issued under section 79(b); or

(c) an instrument has been obtained fraudulently or wrongfully, or retained fraudulently or wrongfully.

(4) Subject to subsection (5), the Director shall not make any correction to a Register under this section if to do so would, in the opinion of the Director, prejudice a purchaser for value who appears to the Director to have acted in good faith. In this subsection "purchaser for value" includes a mortgagee for value.

(5) Subsection (4) does not prevent the Director from correcting a Register if he is satisfied that the purchaser for value has consented in writing to the correction being made.

(6) Any person who is aggrieved by the refusal of the Director to grant an application under section 82(1) to correct a Register, or any alleged false, incorrect or misleading entry in any Register may apply to the Magistrate's Court for an order for correction of the Register concerned and the Director shall comply with any such order.

Evidentiary

Evidentiary provisions

84.—(1) Any Register maintained under this Ordinance is *prima facie* evidence of any particulars registered in it.

(2) If any such Register is wholly or partly kept by use of a computer, a document authenticated by the Director which purports to reproduce in writing all or any of the particulars comprising that Register, or that part of it, as the case may be, is admissible in any proceedings as evidence of those particulars to the full extent of the original of them.

(3) A copy or extract authenticated by the Director of or from an instrument evidencing a dealing registered under this Ordinance is admissible in any proceedings to the full extent of the original.

(4) The Director, upon application and on payment of the prescribed fee, shall supply a person with an authenticated copy of or extract from an entry in the Register or an instrument evidencing a dealing registered under this Ordinance.

(5) In this section "authenticated by the Director" means signed by the Director or another public officer in the Department of Fisheries authorised by the Director and bearing the official seal or stamp of the Department of Fisheries.

Miscellaneous

Immunity from personal liability

85.—(1) Subject to subsection (2), the Director and other public officers are not liable to any action, suit or proceedings for or in respect of an act or matter in good faith done or omitted to be done in the exercise or purported exercise of any power conferred by this Part.

(2) Nothing in subsection (1) shall have effect in relation to proceedings for judicial review or an application for leave to bring proceedings for judicial review, provided that no order shall be made in such proceedings requiring the Director or any public officer personally to pay any sum to any person in respect of or arising out of any act or matter in good faith done or omitted to be done in the exercise or purported exercise of any power conferred by this Part.

(3) Where, apart from subsection (2), the Supreme Court would otherwise have had power in judicial review proceedings to order the Director or other public officer personally to pay any sum to any person, the Supreme Court shall have power, if it sees fit, to order the Crown to pay that sum to that person.

False entries in registers etc

86. A person commits an offence who —

(a) makes, causes to be made or concurs in making a false entry in a Register; or

(b) produces or tenders in evidence a document falsely purporting to be an instrument or a copy of or extract from an instrument lodged with the Director under this Part or to be a copy from an entry in a Register maintained under this Part.

Provisions in relation to Registers

87.—(1) Any Register required or permitted to be kept under any provision of this Ordinance may be kept wholly or partly by means of a computer.

(2) Any Register kept pursuant to this Ordinance shall, subject to payment of such fee, if any, as may be prescribed, be available for inspection by the public during the usual office hours of the place at which it is kept.

(3) If a Register is kept wholly or partly by use of a computer, references in this Ordinance —

(a) to an entry in the Register are to be read as including references to a record of particulars kept by use of the computer and comprising the Register or part of the Register;

(b) to particulars being registered, or entered in the Register, are to be read as including references to the keeping of a record of those particulars as part of the Register by use of the computer; and

(c) to the rectification of the Register are to be read as including references to the rectification of the record of particulars kept by use of the computer and comprising the Register or part of the Register.

(4) The Director or any other public officer charged by an Order under section 215 with the duty of keeping the Register shall, upon request and on payment of such charge as may be prescribed, and if none such charge as may be reasonable, provide to the person requesting the same copies of and extracts from any Register referred to in subsection (1).

(ii) to inquire as to the application of the purchase money, or of any part of it,

and, in the absence of fraud on his part, is not affected by notice, direct or constructive, of any trust or unregistered interest (and knowledge that any such trust or unregistered interest is in existence is not of itself evidence of fraud).

(2) A person —

(a) who has acquired ownership as a bona fide purchaser for value of an Individual Transferable Quota and who is registered under this Ordinance as its owner; or

(b) who has taken as a bona fide mortgagee for value of any Individual Transferable Quota any mortgage granted in accordance with this Ordinance and is registered as mortgagee under that mortgage in accordance with this Ordinance,

shall not be liable to—

(i) any action or proceedings for recovery of damages; or

(ii) be deprived of his rights as registered owner of the Individual Transferable Quota or, as the case may be, of his interest as mortgagee,

on the ground that the person from whom the registered owner acquired the Individual Transferable Quota, or as the case may be, took the mortgage —

(aa) was registered as owner through fraud or error or under any void or voidable instrument; or

(bb) directly or indirectly derived title from a person registered as owner through fraud or error or under any void or voidable instrument.

and who by virtue of section 88 is unable to bring proceedings in respect of that Individual Transferable Quota or that interest as owner or mortgagee, as the case may be.

(2) A person to whom this section applies may bring proceedings for recovery of damages against the Crown.

(3) The Crown Proceedings Act 1947 in its application to the Falkland Islands applies to proceedings against the Crown under subsection (2).

RELATING TO TAKING AND POSSESSION OF FISH FOR PURPOSE OF SALE

References to weight of fish to be references to green weight etc

90.—(1) Unless otherwise expressly provided to the contrary by regulations under this Ordinance, every reference in this Ordinance to the weight of fish is to be taken to be a reference to the green weight of the fish.

(2) The Director may, by notice published in the *Gazette*, after consultation with such bodies or persons as the Director considers appropriate in the circumstances, set conversion factors which shall, subject to subsection (3), for all purposes (including any proceedings for an offence under this Ordinance) be used to determine the weight of any fish and such conversion factors shall be used to translate the weight of the fish in the state to which it has been processed to the green weight.

(3) The Director may, in respect of any fishing vessel on which fish is processed, having regard to the method of processing or the processing history of the fishing vessel and after consultation with the owner, charterer, operator or master of the fishing vessel, issue a certificate specifying conversion factors for that fishing vessel which shall for all purposes (including any proceedings for an offence under this Ordinance) be used to determine the weight of any fish processed by that fishing vessel within the terms of the certificate.

(4) Every certificate issued under subsection (3) —

(a) shall apply in respect of the fish processed during the currency of the certificate;

(b) may be subject to such conditions, including conditions relating to methods of taking, processing, packing and labelling of fish, the presence of observers appointed under section 184(2) or fisheries officers, or the recording of catches, as the Director sees fit; and

(c) may at any time be revoked by the Director by notice in writing, or may be amended or replaced by a further certificate issued by the Director under subsection (3).

(5) A certificate issued under subsection (3) may be expressed to be valid for such period as the Director thinks fit, and the certificate, or any revocation of the certificate, shall take effect on the date specified for the purpose by the Director, being a date not earlier than the earliest of the following dates or occasions —

(a) the commencement of the fishing period following that in which the owner, charterer operator or master of the fishing vessel is issued with the certificate or notified of the revocation;

(b) the next departure of the fishing vessel from any Falkland Islands port following the issue of the certificate or notification of the revocation;

(c) the day on which any observer who is present on the fishing vessel concerned, after the owner, charterer, operator or master is issued with a certificate or notified of the revocation, certifies that the current catch of the fishing vessel has been recorded by that observer; and

(d) such earlier date as may be agreed in writing between the Director and the owner, charterer, operator or master of the fishing vessel.

(b) if it has entered the internal waters of the Falkland Islands, to leave those waters.

(3) If the Governor is satisfied on reasonable grounds that it is necessary for the purpose of the conservation and management of fish, the Governor may, by notice in the *Gazette*, direct any class or classes of fishing vessel or fish carrier not to enter the internal waters of the Falkland Islands.

(4) The master of a vessel to which a notice under subsection (2) or subsection (3) applies, who brings the vessel into the internal waters of the Falkland Islands knowing that the notice applies to the vessel, commits an offence.

(5) This section does not prevent a vessel from entering or remaining in the internal waters of the Falkland Islands for such period as is necessary for the purposes of obtaining food, fuel, and other goods and services necessary to enable the vessel to proceed safely and directly to a port outside the Falkland Islands.

(b) board a fishing vessel in the fishing waters in relation to which a fishing licence or scientific permit is in force for the purpose of ascertaining whether a condition of the fishing licence or scientific permit or a provision of a temporary order is being, or has been, complied with and, in furtherance of that purpose, may search the fishing vessel and break open and enter any hold, compartment, container or other receptacle on the fishing vessel;

(c) examine anything found by action taken under paragraph (a) or (b);

(d) for the purposes of boarding a fishing vessel under paragraph (a) or (b), require the master to stop the fishing vessel;

(h) require the holder of a fishing licence or scientific permit which provides for the use of equipment of a particular type to give the fisheries officer such help as he reasonably requires for the purpose of measuring the equipment;

(ii) search the land or premises for, inspect, take extracts from, and make copies of, any documents relating to the receiving of fish; and

(l) subject to section 154, detain a person in the Falkland Islands for a period not exceeding 48 hours for the purpose of determining during the period of detention whether or not to charge the person with an offence under this Ordinance if he has reasonable grounds to believe that the person —

(i) is not a person who has Falkland Islands status or a person who is ordinarily resident in the Falkland Islands; and

(ii) was on a non-Falkland Islands fishing vessel when it was used in the commission of such an offence;

(m) subject to section 155, search without warrant a person detained under paragraph (l), his clothing and any property under his immediate control so as to ascertain whether a weapon or other thing capable of being used to inflict bodily injury or to help the person to escape from that detention is hidden on the person or his clothing or property;

(n) without warrant, arrest a person whom the fisheries officer has reasonable grounds to believe has committed an offence under this Ordinance;

(o) if the fisheries officer has reasonable grounds to believe that a fishing vessel has been used, is being used or is intended to be used in contravention of this Ordinance, require the master of the fishing vessel, if the fishing vessel is at a place in the Falkland Islands, to remain in control of the fishing vessel at that place or, if the fishing vessel is not at a place in the Falkland Islands, to bring the fishing vessel to such a place, or to a place at sea, specified by the officer and to remain in control of the fishing vessel at that place, and (in either case) until a fisheries officer permits the master to depart from that place;

(p) require the master of a fishing vessel who, because of a requirement under paragraph (o) or a previous requirement under this paragraph, is in control of a fishing vessel at a place to take the fishing vessel to another place in the Falkland Islands, or to a place at sea, specified by the fisheries officer and to remain in control of the fishing vessel at that place until a fisheries officer permits the master to depart from that place;

(q) bring a fishing vessel that the fisheries officer has reasonable grounds to believe has been used, is being used or is intended to be used in contravention of this Ordinance to a place in the Falkland Islands (whether or not the fishing vessel has previously been brought to another place or other places) and may remain in control of that fishing vessel pending the taking and determination of proceedings in respect of that contravention;

(r) require the master of a fishing vessel to produce any fishing licence or scientific permit, or evidence of the grant of any such licence or permit, for or in respect of the fishing vessel;

(s) take copies of, or extracts from, a fishing licence or scientific permit or any other document produced in accordance with a requirement under paragraph (r);

(v) require a person who is on board a fishing vessel in relation to which a fishing licence or scientific permit under this Ordinance is in force, or who is engaged in fishing in the fishing waters, or whom he reasonably suspects of having committed an offence under this Ordinance, to state the person's name and address;

(w) require a person found on any land or premises entered under paragraph (e) or in any vehicle or aircraft detained or searched under paragraph (f) to state the person's name and address or produce any document in the person's possession or under the person's control relating to any fish found on the land or in the premises, vehicle or aircraft or to give information concerning any such fish.

(3) If a fisheries officer under subsection (2)(i) seizes, detains, removes or secures any fish or any fishing vessel, net, trap or other equipment, the fisheries officer shall within 7 days after taking that action give written notice of the grounds for the taking of the action to the person believed by the officer —

(a) to have taken, processed, carried or landed the fish, in the case of action having been taken by the officer in relation to any fish;

(b) to be the owner of the fishing vessel (if the action has been taken in relation to any fishing vessel); or

(c) to be the person to have used, to be using or to be intending to be used the net, trap or other equipment (if the action has been taken in relation to any net, trap or other equipment).

(4) For the sake of avoidance of doubt it is hereby declared that —

(a) the validity of the seizure of a fishing vessel by a fisheries officer under subsection (2)(i) is not affected merely because the fishing vessel is brought or taken under escort to a place and the fishing vessel had to travel on the high seas to reach that place;

(b) subsection (2)(o) and (p) permit a fisheries officer to require the master of a fishing vessel to bring or take the fishing vessel to a specified place and remain in control of the fishing vessel there even if it is necessary for the fishing vessel to travel on the high seas to reach that place;

(c) subsection (2)(q) allows a fisheries officer to bring a fishing vessel to a place and remain in control of it there even if it is necessary for the fishing vessel to travel on the high seas to reach the place.

(5) Where a fisheries officer (other than a member of Her Majesty's armed forces, police officer or customs officer who is in uniform) boards a fishing vessel, the fisheries officer shall produce his warrant card and, if he fails to do so, he is not authorised to remain on board the fishing vessel.

(6) Where a fisheries officer (other than a member of Her Majesty's armed forces who is in uniform) proposes to enter and search, or to detain, a vehicle or aircraft, the officer shall, if there is a person in charge of the vehicle or aircraft produce his warrant card and, if the fisheries officer fails to do so, the fisheries officer is not authorised to enter and search, or to detain, the vehicle or aircraft.

(7) Where a fisheries officer (other than a member of Her Majesty's armed forces who is in uniform) makes a requirement of a person ("the relevant person") under any provision of subsection (2) except paragraph (d), he is required to produce a warrant card to the relevant person and, if the fisheries officer fails to do so, the relevant person is not obliged to comply with the requirement.

(8) In exercising the powers conferred on him by subsection (2), a fisheries officer may only use force when and to the degree necessary in the circumstances—

(a) to ensure the safety of the fisheries officer, of any other fisheries officer or of any person assisting the fisheries officer pursuant to section 142; or

(b) where the fisheries officer or any other fisheries officer is obstructed in the performance of his duties.

(9) In this section "examine" includes count, measure, weigh, grade or gauge.

(10) In subsection (6) "his warrant card", in the case of a police officer or customs officer, means the warrant card issued to him as a police officer or customs officer, as the case may be.

(11) Whenever a fisheries officer seizes, detains, removes or secures any document, instrument, appliance or other thing as evidence in exercise of his powers under subsection (2)(i)(iii) he shall within 7 days give written notice of such seizure, detention, removal or securing to the person appearing to him to have been in possession thereof immediately prior to such seizure, detention, removal or securing.

Person to assist fisheries officer

142.—(1) Any fisheries officer exercising any of the powers conferred on him by this Ordinance may do so with the aid of such assistants as he considers to be necessary for the purpose.

(2) Any person called upon by a fisheries officer to assist him in the exercise of any of the powers conferred by this Ordinance is, by this subsection, authorised to render such assistance.

(3) A person who, while assisting a fisheries officer, does any act under this Ordinance, or omits to do any act required by this Ordinance, shall not be under any civil or criminal liability as a result of that act or omission on the ground of want of jurisdiction or mistake of law or fact, or on any other ground, unless he acted or omitted to act in bad faith.

(4) The Crown may not be held directly or indirectly liable for an act or omission of any person assisting a fisheries officer under the authority of subsection (2) unless he has himself incurred liability for the act or omission.

Search warrants

143.—(1) A Justice of the Peace may, upon application by a fisheries officer, issue a warrant to search land or premises or any vehicle or aircraft if the Justice of the Peace is satisfied by information on oath that there are reasonable grounds for suspecting that there is, or that there

will be within the next 72 hours, any evidential material on the land, at the premises or in the vehicle or aircraft.

(2) A warrant issued under this section shall set out —

- (a) the offence to which the warrant relates;
- (b) a description of the land, premises, vehicle, aircraft or other conveyance (hereinafter in this Part called “the premises”) to which the warrant relates;
- (c) the kinds of evidential material that may be searched for under the warrant;
- (d) the name of the fisheries officer who, unless he inserts the name of another officer in the warrant, is to be responsible for executing the warrant;
- (e) the period for which the warrant remains in force, which shall not exceed 7 days; and
- (f) whether the warrant may be executed at any time or only during particular hours.

(3) The warrant shall also state that it authorises the seizure of a thing (other than evidential material of a kind referred to in subsection (2)(c)) found at the premises in the course of the search that the executing officer or a person assisting him believes on reasonable grounds to be evidential material in relation to an offence to which the warrant relates or a thing relevant to another offence under this Ordinance or the regulations if the executing officer or a person assisting him believes on reasonable grounds that seizure of that thing is necessary to prevent its concealment, loss or destruction or use in committing an offence under this Ordinance or the regulations.

(4) Nothing in subsection (2)(e) prevents the issue of successive warrants in relation to the same premises.

Actions authorised by a search warrant

144.—(1) A warrant authorises the executing officer or a person assisting him —

- (a) to enter the premises;
- (b) to take samples of things found at the premises for forensic purposes;
- (c) to search the premises for the kinds of evidential material specified in the warrant, and to seize things of that kind found at the premises;
- (d) to seize other things found at the premises in the course of the search that the executing officer or a person assisting him believes on reasonable grounds to be evidential material in relation to an offence to which the warrant relates or evidential material in relation to another offence under this Ordinance or the regulations under the Ordinance, if the executing officer or a person assisting him believes on reasonable grounds that seizure of the things is

necessary to prevent their concealment, loss or destruction or their use in committing an offence under this Ordinance or the regulations.

(2) If the warrant states that it may be executed only during particular hours, the warrant shall not be executed outside those hours.

(3) If things are seized under a warrant, the warrant authorises the executing officer to make the things available to officers of other agencies for the purpose of investigating or prosecuting an offence to which the things relate.

Availability of assistance and use of force in executing a search warrant

145. In executing a warrant —

(a) the executing officer may be accompanied by such persons and make use of such assistance;

(b) the executing officer, or a person who is a fisheries officer or a police officer and who is assisting in the execution of the warrant, may use such force against such persons and things; and

(c) a person who is not a fisheries officer and is not a police officer and who is assisting in the execution of a warrant may use such force against things,

as is reasonable in the circumstances.

Copy of search warrant to be given to occupier etc.

146.—(1) If while a warrant is being executed the occupier of the premises concerned or another person apparently representing him is present at the premises, the executing officer or a person assisting him shall make available to that person a copy of the warrant and the executing officer shall produce to that person his warrant card issued to him under section 5 or as a police officer or customs officer, as the case may be.

(2) The copy of the warrant referred to in subsection (1) need not include the signature of the Justice of the Peace or the seal of the relevant court.

Powers available to officer executing search warrant

147.—(1) In executing a warrant, the executing officer or person assisting him may, for a purpose incidental to the execution of the warrant or if the occupier of the premises consents in writing, take photographs (including video recordings) of the premises or of things at the premises.

(2) If a warrant is being executed, the executing officer or person assisting him may, if the warrant is still in force, complete the execution of the warrant after the officer and all persons assisting him temporarily ceases occupation and leaves the premises —

(a) for not more than 1 hour; or

(b) for a longer period if the occupier of the premises consents in writing.

Use of equipment to examine or process things

148.—(1) The executing officer or a person assisting him may bring to the premises the subject of the warrant any equipment reasonably necessary for the examination or processing of things found at the premises in order to determine whether they are things that may be seized under the warrant.

(2) If it is not practicable to examine or process the things at the premises the subject of the warrant or the occupier of the premises consents in writing, the things may be moved to another place so that the examination or processing can be carried out in order to determine whether they are things that may be seized under the warrant.

(3) If things are moved to another place for the purpose of examination or processing under subsection (2), the executing officer shall, if it is practical to do so, inform the occupier of the address of the place, and a time at which the examination or processing will be carried out and allow that occupier or his representative to be present during the examination or processing.

(4) The executing officer or person assisting him may operate equipment already at the premises the subject of the warrant to carry out the examination or processing of a thing found at the premises in order to determine whether it is a thing that may be seized under the warrant if the executing officer or such a person believes on reasonable grounds that the equipment is suitable for the examination or processing and the examination or processing can be carried out without damage to the equipment or the thing.

Use of electronic equipment at premises

149.—(1) The executing officer or person assisting him may operate electronic equipment at the premises the subject of the warrant to see whether evidential material is accessible by doing so if he believes on reasonable grounds that the operation of the equipment can be carried out without damage to the equipment.

(2) If the executing officer or a person assisting him, after operating the equipment, finds that the evidential material is accessible by doing so, he may —

(a) seize the equipment and any disk, tape or other associated device; or

(b) operate the equipment to put the material into documentary form, if the material can, by using facilities at the premises, be put in documentary form and may seize the documentation so produced; or

(c) if the material can be transferred to a disk, tape or other storage device that is brought to the premises or is at the premises and the use of which for the purpose has been agreed to in writing by the occupier of the premises, operate the equipment or other facilities to copy the material to the storage device and take the storage device from the premises.

(3) A person may seize equipment under subsection (2)(a) only if —

(a) it is not practicable to put the material in documentary form as mentioned in subsection (2)(b) or to copy the material as mentioned in subsection (2)(c); or

(b) possession by the occupier of the equipment would constitute an offence under this Ordinance or the regulations.

(4) If the executing officer or a person assisting him believes on reasonable grounds that evidential material may be accessible by operating electronic equipment at the premises but expert assistance is required to operate the equipment and if he does not take action under this subsection, the material may be destroyed, altered or otherwise interfered with, then the executing officer may do whatever is necessary to secure the equipment whether by locking it up, placing a guard or otherwise.

(5) The executing officer or a person assisting him shall give notice to the occupier of the premises the subject of the warrant of his intention to secure equipment and of the fact that the equipment may be secured for up to 48 hours.

(6) The equipment may be secured under subsection (4) until the end of a period of not more than 48 hours or until the equipment has been operated by the expert, whichever happens first.

(7) If the executing officer or a person assisting him believes on reasonable grounds that the expert assistance required to operate the electronic equipment on the premises which has been secured pursuant to subsection (4) will not be available within 48 hours, he may apply to a Justice of the Peace for an extension of that time.

(8) If an executing officer or a person assisting him intends to make an application under subsection (7), he shall give notice to the occupier of the premises of that intention and the occupier is entitled to be heard in relation to the application.

(9) The foregoing provisions of this Part relating to the issue of warrants apply, with any modifications that are necessary, to the issuing of an extension.

Compensation for damage to electronic equipment

150.—(1) If —

(a) damage is caused to equipment as a result of being operated as mentioned in section 148 or 149; and

(b) the damage was caused as a result of insufficient care being exercised in selecting the person who was to operate the equipment or insufficient care being exercised by the person operating the equipment,

compensation for the damage is payable to the owner of the equipment.

(2) In determining the amount of compensation payable, regard is to be had to whether the occupier of the premises and his employees and agents, if they were available at the time, had

provided any warning or guidance as to the operation of the equipment that was appropriate in the circumstances.

Copies of seized things to be provided

151.—(1) Subject to subsection (2), if a person seizes under a warrant a document, film, computer file or other thing that can readily be copied or a storage device information in which can readily be copied, that person shall, if requested to do so by the occupier of the premises or by another person who apparently represents the occupier and is present when the warrant is executed, give a copy of the thing or the information to the person who made the request as soon as practicable after the seizure.

(2) Subsection (1) does not apply if the thing that has been seized was seized under section 149(2)(b) or possession by the occupier of the document, film, computer file, thing or information would constitute an offence under any law having effect in the Falkland Islands.

Occupier entitled to be present during search

152. If a warrant is being executed and the occupier of the premises or another person who apparently represents the occupier is present at the premises, he is entitled to observe the search being conducted but —

(a) the right to observe the search being conducted ceases if the person impedes the search; and

(b) the right to observe the search being conducted does not prevent two or more areas of the premises being searched at the same time.

Receipts for things seized under search warrant

153. The executing officer or a person assisting him shall provide a receipt for a thing seized under a warrant or moved under section 149(2) but if two or more things are seized or moved, they may be covered in the one receipt.

Detention under sections 134 and 141(2)

154.—(1) A person (“the detainee”) detained under section 134 or section 141(2)(l) shall be released from detention —

(a) as soon as a fisheries officer knows or reasonably believes that the detainee is a person who has an address in the Falkland Islands;

(b) at the time the detainee is brought before a Justice of the Peace following a decision to charge the detainee with an offence referred to in sections 134 or 141(2)(l);

(c) at the time a decision is made not to charge the detainee with an offence referred to in that provision; or

(d) at the expiry of 48 hours after the beginning of the detention,

whichever first occurs.

(2) Nothing in this Ordinance authorises a fisheries officer to use more force in detaining a person than is reasonably necessary.

Searches under sections 134 and 141(2)

155.—(1) A search under section 134 or section 141(2)(m) of a person ("the detainee") shall ordinarily only be conducted by a fisheries officer of the same sex as the detainee or by a person assisting a fisheries officer of the same sex as the detainee.

(2) Section 134 and section 141(2)(m) and this section do not authorise a fisheries officer, or other person conducting the search —

(a) to remove any of the detainee's clothing;

(b) to require the detainee to remove any of his clothing; or

(c) to use more force, or subject a detainee to greater indignity, than is reasonably necessary to conduct the search.

(3) If, in conducting a search, a fisheries officer finds a weapon or other thing mentioned in section 141(2)(m), he may take possession of that weapon or other thing and keep it for such time as he reasonably thinks necessary for the purposes of this Ordinance.

(4) If on conducting a search under subsection (1) a person not being a police officer finds a weapon or other thing mentioned in subsection (3), he shall take possession of it and shall as soon as possible give it to a police officer and that officer may keep it for such time as he thinks necessary for the purposes of this Ordinance.

Power to pursue vessels

156.—(1) A fisheries officer may exercise, with respect to non-Falkland Islands fishing vessels at a place at sea outside the fishing waters but not within the territorial sea of another country, a power conferred on a fisheries officer under section 141 if the following conditions are satisfied—

(a) a fisheries officer has good reason to believe that a provision of this Ordinance has been contravened in relation to the vessel;

(b) before the pursuit of the fishing vessel was commenced, the vessel was given a visual or auditory signal to stop at a distance which enabled the signal to be seen or heard by the vessel;

(c) the fishing vessel or one of its boats was at a place within the fishing waters when the pursuit of the vessel commenced;

(d) one or more fisheries officers have pursued the fishing vessel from that place to the place at which it is sought to exercise that power; and

(e) the pursuit was not interrupted at any time before the fisheries officer arrived at that place with a view to exercising that power.

(2) For the purposes of subsection (1) a pursuit of a fishing vessel is not to be taken to be interrupted only because visual or non-visual contact was interrupted temporarily.

Release of detained fishing vessel and other seized property

157.—(1) Where any property, including a fishing vessel, is under the control of a fisheries officer because of the exercise by that officer of powers under section 134 or 141 (as they apply of their own force or because of any other provision of this Ordinance), the court may on the application of any person appearing to the court to have a sufficient interest therein direct that the property be released —

(a) to the owner, charterer, operator or the master of the fishing vessel, in the case of a fishing vessel; and

(b) in any other case, to the owner of the property or to the person from whose possession the property was seized, or from whose control the property was removed,

on such conditions as the court thinks fit, which may include conditions as to the giving of security for payment of —

(c) the value of the fishing vessel or other property if it is forfeited to the Crown by order of the court as a consequence of conviction of an offence under this Ordinance;

(d) the amount of any fines which the court considers, in the light of the facts reported by the Crown on the hearing of the application under this section, might be imposed in the event of it convicting the owner, charterer, operator or master of any relevant offence;

(e) in the case of an offence relating to the use of a fishing vessel, the cost of pursuit and arrest or detention of the fishing vessel and of bringing it to the port or other place at which it is detained; and

(f) such amount as, in the opinion of the court, represents the likely amount of the costs of the prosecution of any offence with which the owner, charterer, operator or master has been charged or with which the court is informed it is likely that such a person may be charged on a full indemnity basis, assuming a not guilty plea.

(2) For the purposes of this section, a reference to property includes a reference to fish, and property is to be taken to be under the control of a fisheries officer if any person is, in relation to that property, subject to the direction of the fisheries officer.

Protection of fisheries officer from liability

158.—(1) No fisheries officer who does any act under this Ordinance or omits to do any act required by this Ordinance shall be under any civil or criminal liability as a result of that act or omission on the ground of want of jurisdiction or mistake of law or fact, or on any other ground, unless he has acted or omitted to act in bad faith or without reasonable cause.

(2) The Crown may not be held directly or indirectly liable for an act or omission of any such fisheries officer unless the officer has himself incurred liability for the act or omission.

Fish receiver permits

Holder of fish receiver permit to give information etc

159.—(1) A fisheries officer may, by written notice given to the holder of a fish receiver permit, require him —

(a) to give the fisheries officer, within such reasonable time as is specified in the notice, such return or information in relation to fish received by the holder of the permit as is specified in the notice; and

(b) to verify any such return or information by statutory declaration.

(2) Regulations under section 223 of this Ordinance may make provision —

(a) requiring holders of fish receiver permits to make and keep accounts and other records in respect of fish received by them; and

(b) requiring such persons to give returns or information in relation to fish received by them, not being returns or information mentioned in subsection (1).

Offences in relation to returns by holders of fish receiver permits

160. A holder of a fish receiver permit commits an offence if he refuses to or fails to give a return or information required under section 159 or under regulations made for the purposes of that section.

MERCHANT SHIPPING

Merchant Shipping (Registration of Ships)(Amendment) Regulations 2005

S. R. & O. No: 15 of 2005

Made: 9 September 2005

Published: 16 September 2005

Deemed to have come into force: 15 September 2003

IN EXERCISE of my powers under sections 9, 10 and 11 of the Merchant Shipping Act 1995(a) in its application to the Falkland Islands under the Merchant Shipping Ordinance 2001(b) and of all other powers enabling me in that behalf, I make the following Regulations —

Citation, commencement and interpretation

1.—(1) These Regulations may be cited as the Merchant Shipping (Registration of Ships)(Amendment) Regulations 2005 and shall be deemed to have come into force on 15 September 2003 (being the date on which the principal Regulations came into force).

(2) In these Regulations “the principal Regulations” means the Merchant Shipping (Registration of Ships) Regulations 2001(c).

Amendment of the principal Regulations

2. The principal Regulations are amended —

(a) by replacing regulation 12(4) with the following paragraph —

“(4) Subject to paragraph (4A), where a fishing vessel, immediately prior to the commencement of these Regulations, was registered on the Stanley Register of Ships maintained pursuant to Part I of the Merchant Shipping Act 1894 in its application to the Falkland Islands (“the old Stanley Register”) nothing in the preceding paragraphs of this regulation shall apply in respect of any application for the old certificate of registration to be replaced by a new certificate of registration of that fishing vessel upon Part II of the Register pursuant to Part XIII of these Regulations (and for the purposes of this paragraph “old certificate” and “new certificate” have the same meaning as they have under regulation 111).”;

(a) 1995 c.21;

(b) No 15 of 2001

(c) SR&O No 30 of 2001, previously amended by SR&O No 25 of 2004

(b) by inserting immediately thereafter the following paragraph —

“(4A) Paragraph (4) shall not apply in respect of an application for registration of a fishing vessel —

(a) by an owner who is different from that in whose name the fishing vessel was last registered on the old Stanley Register; or

(b) if the vessel is not owned to the extent of at least 25% of the shares therein by —

(i) persons having Falkland Islands status;

(ii) one or more qualifying companies; or

(iii) a combination of persons having Falkland Islands status and one or more qualifying companies,

and for the purposes of this paragraph, “owned” and “qualifying companies” have the same meaning as they have for the purposes of regulation 8.”

(c) by inserting the following paragraph in regulation 115, after paragraph (3) of that regulation—

“(3A) Where the ship is a fishing vessel the old certificate of registry of which was of registration on the old Stanley Register, the new certificate of registry shall be of registration upon Part II of the Register, except that if having regard to regulation 12 the ship cannot be registered upon Part II of the Register, the Registrar shall refuse to issue a new certificate of registry.”

Made this ninth day of September 2005

H.J.S. Pearce C.V.O.,
Governor

EXPLANATORY NOTE

(not forming part of the above Regulations)

These Regulations amend the principal regulations so as to make clearer and better provision in relation to fishing vessels which immediately prior to the commencement of those Regulations were registered on the Stanley Register of Ships under Part I of the Merchant Shipping Act 1894. Such fishing vessels were so registered in accordance with the previous law, which made different provision in relation to the ownership qualification for registration of fishing vessels from that made by regulation 12(3). The new regulations 12(4) and (4A) inserted in the principal Regulations by these Regulations enable a new certificate of registration of such fishing vessels as fishing vessels in Part II of the Register to be issued under Part XIII of the principal Regulations provided that the ownership qualifications set out in the new regulation 12(4A) are complied with. Otherwise the Registrar must refuse to issue a new certificate of registry under Part XIII. Effectively, the owners would in that event have either (i) to alter the ownership of the fishing vessel concerned so as to comply with regulation 12(3) or (ii) to register it elsewhere.

This Order amends Article 5 of the 2003 Order to make it clear that it is prohibited to provide assistance, advice or training related to the provision, manufacture, maintenance and use of arms and related matériel and that the prohibition also applies where advice, assistance or training is provided to any person, entity or body in, or for use in, the Democratic Republic of the Congo.

The opportunity has also been taken to include in the 2003 Order a definition of "assistance" and to update the definition of restricted goods to refer to the Export of Goods, Transfer of Technology and Provision of Technical Assistance (Control) (Overseas Territories) Order 2004.

No. 21

The following are published in this Supplement -

Explanatory Memorandum, Civil Contingencies (Emergency Powers) Bill 2005;

Civil Contingencies (Emergency Powers) Bill 2005.

EXPLANATORY MEMORANDUM

CIVIL CONTINGENCIES (EMERGENCY POWERS) BILL 2005

Introductory

1. There is no legislation at present in force in the Falkland Islands conferring emergency powers upon the Government available for use in the event of an emergency arising which affects the Falkland Islands. The former powers available under various United Kingdom Orders in Council made under the Emergency Powers Act 1939 are no longer available because that Act has been repealed.

2. The need for emergency powers, exercisable in certain circumstances, is recognised in section 14 of the Constitution which permits derogations from section 3 (protection of right to personal liberty), 6(1) and (3) (protection of freedom of movement) 8 (protection of person or property from arbitrary search or entry), 10 (protection of freedom of expression including freedom of the press), 11 (protection of freedom of assembly or association) or 12 (protection from discrimination on the grounds of race, place of origin (including nationality) sex etc) of the Constitution but only to the extent that the law conferring emergency powers authorises measures which are reasonably justifiable for the situation that exists in the Falkland Islands during the period of the emergency. Section 14 of the Constitution is derived from article 15(1) of the European Convention of Human Rights (which applies to the Falkland Islands).

3. The provisions of the Civil Contingencies (Emergency Powers) Bill 2005 are closely modelled on provisions of Part II (Emergency Powers) of the Civil Contingencies Act 2004, of the United Kingdom, with modifications required in Falkland Islands circumstances.

The Bill

4. Clause 1 (Short Title) does not contain any commencement provisions: as a result it would come into force on the date it is first published in the Gazette as an Ordinance,

5. Clause 2 (Interpretation) contains a number of definitions of terms used later in the Bill.

6. Clause 3 defines "emergency" for the purposes of the Bill. "Emergency" is defined in clause 3(1) by reference to three generic types of event or situation. These are those threatening to cause or causing serious damage to (1) human welfare (2) the environment of a place in the Falkland Islands (3) war or terrorism threatening serious damage to the security of the Falkland Islands. Under clause 3(6) the event or situation could be inside or outside the Falkland Islands "War" is defined in clause 2 as including armed conflict. Clause 3(2) states when an event or situation is to be regarded as threatening damage to human welfare and clause 3(3) states when an event or situation threatens the environment. Clause 3(4) would enable the Governor by order to alter the list of incidents, events situations or state of affairs which may cause or threaten to cause damage to human welfare contained in clause 3(2) to include an emergency involving, threatening to cause or causing disruption of essential services.

7. Clause 4(1) confers power upon the Governor, after consulting the Executive Council to make emergency regulations. Clause 4(2) would enable the Governor, without first consulting

the Executive Council, to make emergency regulations if the Governor is satisfied (b) that the conditions specified in clause 5 are satisfied and (b) that it would not be possible, without serious delay to consult the Executive Council. "Serious delay" is defined in clause 4(3) as meaning a delay which might cause serious damage or seriously obstruct the prevention, control or mitigation of serious damage. (A major oil spill from a tanker might be an example of such an event where a delay in making emergency regulations could be serious). Any emergency regulations would under clause 4(4) have to be prefaced by a statement by the Governor specifying the nature of the emergency in respect of which the regulations were being made and a declaration by the Governor that he is satisfied as to the matters specified in clause 4(4)(b). These include a declaration that the Governor is satisfied that the emergency regulations are compatible with Chapter 1 of the Constitution (fundamental rights and freedoms of the individual).

8. Clause 5 sets out a "triple lock" of conditions, referred to in clause 4(4)(b)(i), which would have to be satisfied before emergency regulations could be made. Clause 5(1) states that the clause specifies these conditions. Clause 5(2) specifies the first of these conditions (i.e. that an emergency has occurred, is occurring or is about to occur). Clause 5(3) specifies that the making of the regulations must be necessary in order to respond to the emergency, and clause 5(4) specifies that the need to make emergency regulations must be urgent. Clause 5(5) and (6) are designed to ensure that emergency regulations may only be resorted to in exceptional circumstances where serious delay in responding to an emergency will otherwise result and are intended to make it clear that emergency regulations should not be made if existing legislation can be used to enable the emergency to be dealt with appropriately.

9. Clause 6(1) would provide wide power to include any provision which the Governor believes to be appropriate for responding to the emergency. Clause 6(2) sets out a non-exhaustive list of the emergency situations which could be catered for in emergency regulations. Clause 6(3) sets a non-exhaustive list of provisions which could be included in emergency regulations. Clause 6(5) would require the Governor, when making emergency regulations, to have regard to the importance of ensuring, so far as is reasonably possible having regard to the nature and extent of the emergency, that the Executive Council, Legislative Council and the courts are able to conduct proceedings in connection with the regulations and action taken under the regulations.

10. Clause 7(1)(3) and (4) would limit the type of provision which could be included in emergency regulations. Clause 7(1)(b) would impose a "proportionality" requirement requiring the Governor to be satisfied that the effect of each provision is in due proportion to the aspect or effect of the emergency which the provision is intended to prevent, control or mitigate. Clause 7(2) would require emergency regulations to specify what area, district or locality of the Falkland Islands they relate to (of course, they satisfy this requirement they states that they apply to the whole of the Falkland Islands). Clause 7(3) would prohibit emergency regulations (a) requiring military service by any person and (b) prohibiting a person participating in, or engaging any activity in connection with, a strike or other industrial action. Clause 7(4) contains restrictions in relation to the creation of offences. Clause 7(5) would prohibit emergency regulations from amending the Ordinance.

11. Clause 8 would provide that emergency regulations would lapse after 30 days unless they specify an earlier cessation date. However new regulations re-creating the provisions of existing regulations could be made at any time.

12. Clause 9(1) would require emergency regulations to be laid before Legislative Council as soon as reasonably practicable and to lapse automatically seven days after they are laid before Legislative Council unless Legislative Council passes a resolution approving them. Clause 9(2) and (3) would enable the Legislative Council by resolution to amend emergency regulations and provide for the regulations as so amended to have effect from such time as specified in the resolution or, if no time is so specified, with effect from the beginning of the day on which the resolution is passed. Clause 9(4) would provide that nothing in the preceding provisions of the clause would prevent the making of new regulations or affect the validity of anything done under emergency regulations before they lapse, cease to have effect, or are amended under the clause.

EXPLANATORY NOTE

(This note is not part of the Order)

This Order further amends the Air Navigation (Overseas Territories) Order 2001 (referred to below as “the Order”). The following changes are made:

(1) **Type certification.** The adoption of this article enables a Governor to accept onto a Territory register an aircraft that has a Type Certificate issued by a Contracting State in accordance with the Chicago Convention Annex 8 Part II Chapter 1 and to facilitate the issue by the Governor of a Certificate of Airworthiness in accordance with Annex 8 Part II Chapter 3 and the provisions of article 9(1)(a) of the Order (article 3).

(2) **Certification of airworthiness.** This amendment paves the way for the elimination of the various categories of certificate of airworthiness as detailed in Schedule 3 Part B. This is in order to enable an aircraft to be certified according to what it is rather than what it does on the basis of the operating and performance limitations prescribed in the approved flight manual and in conformity with its Type Certificate (article 4).

(3) **Certificate of release to service.** This amendment clarifies an area of uncertainty regarding the reinstatement of a certificate of airworthiness and the associated issue of a certificate of release of an aircraft to service upon completion of maintenance, inspection, repair or other similar activity (article 5).

(4) **Licensing of maintenance engineers.** The amendment expands the scope of restrictions on performing functions whilst under the influence of drink or drugs and brings the provisions more closely into alignment with the requirements of the Chicago Convention Annex 1 Chapter 1 paragraph 1.2.7 (article 6).

(5) **Approval of maintenance organisations.** This article has been added to provide a basis for the grant by the Governor of an approval to a maintenance organisation to undertake maintenance on Territory registered aircraft (article 7).

(6) **Equipment of aircraft.** This amendment facilitates the longer-term objective of removing as many as possible of the schedules to the Order and their replacement by the Requirements specified by the Governor under article 135 of the Order (article 8).

(7) **Flight crew.** The amendments reflect the fact that the number of flight crew will not normally in the future be specified in the Certificate of Airworthiness (article 9).

(8) **Flight crew licences.** The objective of this amendment is to relocate some of the flight crew licensing provisions from Schedules 8 and 10 of the Order to the Requirements published by the Governor under article 135 (article 10).

(9) **Aerodrome operating minima.** This article establishes aerodrome operating minima applicable to non-public transport flights (article 11).

(10) **Commander of an aircraft.** Addition of a new sub-paragraph to article 41(1) to meet the requirements of the Chicago Convention Annex 6 Part III Section III Chapter 2 paragraph 2.17 (article 12).

(11) **Commander’s additional duties.** Requirements applied to international general aviation, in the same way as for public transport flights in article 45, to comply with the Chicago Convention Annex 6 Part II paragraph 4.10 and Annex 6 Part III paragraph 2.10. Consequential amendment to Schedule 4, Paragraph 4 (Table) (article 13).

(12) **Navigation performance capability.** This amendment reflects current international practice in relation to area navigation, required navigation performance and operational approval (article 14).

(13) **Towing of gliders.** This amendment reflects the changes made in respect of certificates of airworthiness and the performance characteristics of aircraft (article 15).

(14) **Towing, picking up and raising of persons and articles.** This amendment reflects the changes made in respect of certificates of airworthiness and the performance characteristics of aircraft (article 16).

(15) **Drunkenness of aircrew.** This amendment expands the scope of restrictions on performing functions whilst under the influence of drink or drugs and brings the provisions more closely into alignment with the requirements of the Chicago Convention Annex 1 Chapter 1 paragraph 1.2.7 (article 17).

(16) **Commander and crew authority.** These amendments impose an obligation to comply with the instructions of a crew member as well as the commander and add specific obligations to comply with instructions concerning mobile phones and similar equipment and to reinforce the authority of the commander in this respect (article 18).

(17) **Approval of instrument approach procedures.** The Order is presently silent with regard to the requirement for approval for the establishment and use of an instrument approach procedure at a Territory aerodrome. The article is designed to require that such a procedure shall be approved before it may be established or used (article 19).

(18) **Power to prevent aircraft flying.** The amendment removes any doubt as to the Governor's power to appoint more than one authorised person and for any such authorised person to inspect an aircraft without the necessity for the presence of the Governor (article 20).

(19) **Interpretation.** Additional definitions inserted as required by other amendments (article 21).

(20) **Arrangements for giving effect to the Convention.** This article empowers and enables Governors to ensure that arrangements are put in place to secure compliance with certain Annexes to the Chicago Convention dealing with meteorology, aeronautical charts, search and rescue and aeronautical information services that are not currently covered in the order (article 22).

(21) **Aircraft equipment.** This amendment achieves compliance with the Chicago Convention Annex 6 Part II paragraph 6.9.7 with regard to the requirement for Terrain Awareness Warning System Class A or B on aircraft used for international general aviation (article 23).
