## MARRIAGES, BIRTHS, AND DEATHS

of Members of the Crew, and other persons on board, which have occurred during the voyage

**MARRIAGES.**—Section 240 (6) of the Merchant Shipping Act, 1894, requires the Master of the Ship to enter in his Official Log the particulars of every Marriage that has taken place on board. Masters are reminded that they have no power to perform the marriage ceremony on board their ships, and that if such ceremony is performed by them the marriage will not be a legal one.

**BIRTHS AND DEATHS.**—The duties of the Master with regard to the registry of births and deaths on board ship are defined in the following extracts from Section 254 of the Merchant Shipping Act, 1894 :—

- 254.—(1.) The Master of every British ship, whether registered or not in the United Kingdom, shall, as soon as may be after the occurrence of the birth of the child or the death of a person happening on board his ship, record in his log-book or otherwise the fact of the birth or death, and the particulars required by the Eighth Schedule to this Act to be registered concerning the birth or death, or such of them as may be known to him.
- (2.) The Master of every British ship, upon its arrival at any port in the United Kingdom, or at such other time and place as the Board of Trade may with respect to any ship or class of ships direct, shall deliver or transmit, in such form as the Board of Trade direct, a return of the facts recorded by him in respect to the birth of a child or the death of a person on board such ship to the Registrar-General of Shipping and Seamen.
- (5.) If the Master of any ship fails to comply with any requirements of this section, he shall be liable for each offence to a fine not exceeding five pounds.

Spaces are provided on the following pages of this book for the entry of all particulars required by the Eighth Schedule mentioned above. The facts should be carefully entered under the appropriate headings; and upon the next arrival of the ship in port, a true copy of the entries must be delivered on Form B. & D.1 to a Superintendent or Consular Officer for transmission to the Registrar-General of Shipping and Seamen.

In every case of death or disappearance the Master should state full particulars of the circumstances in the narrative section of the log book.

When the death of a person at sea is assumed by the Master to have taken place because the person in question is reported "Missing", or where a person is supposed killed or drowned as a result of falling or jumping overboard, falling from a rope ladder attached to the ship, or from the ship's gangway, the death should be regarded as having taken place on board.

A death which occur otherwise than on board or does not come within the exceptions stated in the previous paragraph should not be recorded in the tabular statement or on Form B & D.1; Form B. & D.2 should be used for reporting such deaths. The Master should, however, record in the narrative section of the official log book full particulars of the circumstances relating to the death.

When the death of a "missing" person is assumed by a Master the entry in the tabular statement should read: "missing at sea supposed killed or drowned".

Expressions such as "murder" or "suicide" should not be used to record the cause of death. The Master should, to the best of his ability, record the actual cause of death e.g. "knife wounds in chest", "gun shot wounds in head", "strangulation".

When reporting the required particulars in Form B. & D.1 or Form B. & D.2, the Master should also, if required, give an account of (a) any moneys due to the deceased seaman or apprentice, (b) any deductions from his wages and (c) his clothing and effects, on the relevant Form W. & E.1. The form will be supplied by the Superintendent, Consular Officer or Shipping Master on request.

**LOAD LINE, DEPTH OF LOADING, Etc.**

Freeboard from Deck Line		POSITIONS OF THE DECK LINE AND LOAD LINES		Load Line	
Tropical	3	feet	3 $\frac{1}{4}$	inches.	(T) 4 inches above S.
Summer	3	feet	7 $\frac{1}{2}$	inches.	(S) Upper edge of line through centre of disc.

Winter North Atlantic (if assigned)	4	feet	17	inches.	(WNA) 6 inches below S.
Allowance for fresh water for all freeboards:—		3 $\frac{3}{4}$		inches.	
The upper edge of the deck line from which these freeboards are measured is _____ inches above the top of the STEEL UPPER Deck at side.					
(Above particulars to be taken from Load Line Certificate.)					
Maximum draught of water in summer		16		feet 6 inches.	

## NOTES

- 1.—The above particulars, and particulars of depth of loading as detailed on the following pages, are to be recorded before the ship leaves any dock, wharf, harbour, or other place for the purpose of proceeding to sea.
- 2.—The actual freeboard amidships on each side of the ship is to be measured from the upper edge of the deck line to the surface of the water, when the ship is loaded and ready to leave. The actual "mean" freeboard is the mean of the actual freeboards, port and starboard, measured as indicated above.
- 3.—Unless the ship is a home trade ship, a Notice, Form L.L.14A, is to be posted up in some conspicuous place on board the ship before she leaves any dock, wharf, harbour, or other place for the purpose of proceeding to sea, and the Notice is to be kept so posted up and legible until the ship arrives at some other dock, wharf, harbour or place. The date and time of posting the Notice is to be entered in column 15.
- 4.—In the case of a home trade ship, columns 9-15 need not be filled in.
- 5.—No entries are required in columns 8-14 when the actual mean freeboard (Column 7) is not less than the appropriate salt water freeboard.
- 6.—If, in determining density of water use is made of a hydrometer on which the reading at the top of the scale is 1000 or 00 meaning "full fresh water", the hydrometer reading gives the density to be entered, e.g., a reading of 15 on such hydrometers means a density of 1015. If the hydrometer used has the scale reversed, i.e., if the reading 00 is at the bottom of the scale and means "full salt water", the density must be obtained by subtracting the hydrometer reading from 1025, e.g., if the reading is at 15, the density to be entered will be 1010.
- 7.—The Winter North Atlantic load line, if assigned, applies for voyages across the North Atlantic, North of latitude 36° N. during the winter months as defined in the Load Line Rules, 1941, and shown on the chart which forms part of these Rules.
- The periods during which the other seasonal load lines apply in different parts of the world are as indicated in the said Rules and chart.
- 8.—Penalty.—Failure to enter the required particulars of load line, depth of loading, etc., in the Official Log-Book at the proper time renders the Master or Owner liable to a fine not exceeding £20 for each offence.

Masters are requested to fill up one of these forms and return it without delay to the proper authority at any Port abroad where changes have taken place in their crews without official sanction. It is especially important that particulars of men who have left through sickness or deserted should be sent to the proper authority as early as possible. Failure to do this may cause inconvenience, hardship to the seamen concerned, and extra expense to the shipowners. If it is quite impossible to report the changes at the port at which they have taken place they should be reported at the next port of call.

The attention of Masters is called to the sections of the M.S. Acts, printed on the back of this form.

*Merchant Shipping Act, 1894*

Special provisions as to agreements with crew of foreign-going ships.

115. The following provisions shall have effect with respect to the agreements with the crew made in the United Kingdom in the case of foreign-going ships registered either within or without the United Kingdom:—

(1). The agreement shall (subject to the provisions of this Act as to substitutes) be signed by each seaman in the presence of a superintendent:

(4). Where a substitute is engaged in the place of a seaman who duly signed the agreement, and whose services are within twenty-four hours of the ship's putting to sea lost by death, desertion, or other unforeseen cause, the engagement shall, when practicable, be made before a superintendent, and when not practicable, the master shall, before the ship puts to sea, if practicable, and if not as soon afterwards as possible, cause the agreement to be read over and explained to the substitute, and the substitute shall thereupon sign the same in the presence of a witness, and the witness shall attest the signature:

Engagement of seamen in colonial and foreign ports.

124. (1).—With respect to the engagement of seamen abroad, the following provisions shall have effect:—

Where the master of a ship engages a seaman in any British possession other than that in which the ship is registered or at a port in which there is a British consular officer, the provisions of this Act respecting agreements with the crew made in the United Kingdom shall apply subject to the following modifications:—

(a) in any such British possession the master shall engage the seaman before some officer being either a superintendent or, if there is no such superintendent, an officer of customs;

(b) at any such port having a British consular officer, the master shall, before carrying the seaman to sea, procure the sanction of the consular officer, and shall engage the seaman before that officer;

(c) the officer shall endorse upon the agreement an attestation to the effect that the agreement has been signed in his presence and otherwise made as required by this Act, and also, if the officer is a British consular officer, that it has his sanction, and if the attestation is not made the burden of proving that the engagement was made as required by this Act shall lie upon the master.

(2). If a master fails to comply with this section he shall be liable for each offence to a fine not exceeding five pounds.

*Merchant Shipping Act, 1906*

Certificate of proper authority required where a seaman is left behind abroad.

36. (1).—The master of a British Ship shall not leave a seaman behind at any place out of the United Kingdom, ashore or at sea (except where the seaman is discharged in accordance with the Merchant Shipping Acts), unless he previously obtains, endorsed on the agreement with the crew, the certificate of the proper authority as defined for the purpose in this Part of this Act, stating the cause of the seaman being left behind, whether the cause be unfitness or inability to proceed to sea, desertion, or disappearance or otherwise.

(2). The authority to whom an application is made for a certificate under this section may, and, if not a merchant, shall, examine into the grounds on which the seaman is to be left behind, and for that purpose may, if he thinks fit, administer oaths, and may grant or refuse the certificate as he thinks just, but the certificate shall not be unreasonably withheld.

(3). If the master of a ship fails to comply with this section, he shall (without prejudice to his liability under any other provision of the Merchant Shipping Acts) be guilty in respect of each offence of a misdemeanour, and in any legal proceedings for the offence it shall be on the master to prove that the certificate was obtained or could not be obtained without unreasonable delay to the ship or was unreasonably withheld.

## CONDITIONS AND EXCEPTIONS IN APPLYING SCALE

- General.** The issue of the provisions referred to in the above scale shall be reasonably distributed throughout the week ; and in the case of water, soft bread, meat and potatoes the issue shall be approximately equal each day.
- Bread.** The issue of soft bread under the scale shall not be required :—  
(a) in a ship of less than 1,000 tons gross registered tonnage ; or  
(b) if rough weather or illness, or absence of cook, or force majeure renders the baking of bread impracticable ;  
but where soft bread is not issued, an equivalent amount of biscuit stored in sealed tins shall be issued instead.
- Smoked Ham or Bacon.** If smoked ham or bacon are not procurable at reasonable cost, kippers, tinned salmon, herrings, pilchards or sardines shall be substituted in the proportion of 1½ lb. of kippers or tinned fish to 1 lb. of smoked ham or bacon.
- Meat.** The term "Meat" includes "Pork". The weight of fresh meat is the weight, including fat, and bone, before preparation for cooking. When fresh meat is not available, salt or preserved meat may be substituted in the proportion of ½ lb. of salt meat or ½ lb. of preserved meat for 1 lb. of fresh meat. Fresh offal and fresh sausage count as the equivalent of fresh meat. Other sausage counts as preserved meat. Poultry may be issued and count, up to a maximum of 1 lb. per week, as the equivalent of fresh meat in the proportion of 1 lb. of poultry to 12 oz. of fresh meat. The weight of poultry is the weight before preparation for cooking.
- Fish.** The weight of fresh fish is the gross weight before preparation for cooking. Fresh fish up to an amount not exceeding 1½ lb. per week may be substituted for fresh meat and shall be regarded as equivalent to two-thirds of its weight of fresh meat. In any week in which less than 8 oz. of fresh fish is issued there shall be issued fish of a fatty type, such as kippers or tinned salmon, herrings, pilchards or sardines, the weight of which shall be one half the amount by which the fresh fish issued is less than 8 oz. Tinned salmon, herrings, pilchards, or sardines may be substituted for fresh fish in the proportion of 1 oz. of tinned fish to 2 oz. of fresh fish.
- Eggs.** Not less than four eggs, fresh or preserved in shell, shall be issued during the first fortnight of any voyage starting from a port within home trade limits and two eggs for each week thereafter should be issued, if obtainable at a reasonable price, and, if there are facilities for keeping them. Additional eggs may be issued and each additional egg up to a maximum of four per week shall be regarded as the equivalent of 1½ oz. of fresh meat under the scale. Kippers, tinned salmon, herrings, pilchards or sardines may be taken as equivalent to eggs in the proportion of 9 oz. of kippers or tinned fish to 8 eggs.
- Potatoes.** Fresh potatoes (when procurable in a sound condition) must be issued for at least the first eight weeks of the voyage in the case of every ship leaving a port within the home trade limits at any time between the last day of September and the first day of May, and at any other time when they can be procured at a reasonable cost. When fresh potatoes are not so issued, an equal amount of rice, yams, sweet potatoes, or vegetables preserved in tins, or an equivalent amount of dried or compressed potatoes or dried or compressed vegetables in the proportion of 1 lb. to 6 lb. of fresh potatoes, or fresh bread in the proportion of 1 lb. of bread to 1 lb. of fresh potatoes, must be issued in their place.
- Dried Milk.** Dried milk may only be issued in lieu of condensed milk where the conditions on board are such as enable it to be kept in good condition, in a cool dry place, for the period during which it may be required.
- Vegetables.** Fresh vegetables including salads shall be supplied as often as possible when they can be procured at a reasonable cost and are not likely to be injurious to health. On each day when ½ lb. of fresh vegetables (or vegetables preserved in tins) is supplied, these are to be regarded for purposes of the scale as equivalent to one day's supply of dried or compressed vegetables and of green peas, haricot or butter beans. Frozen vegetables may be issued and count as the equivalent of fresh vegetables in the proportion of 5 oz. of frozen vegetables to 8 oz. of fresh vegetables.
- Dried Fruits.** Dried fruits issued under the above scale must be raisins, sultanas, currants, figs, prunes, apples, pears, peaches, apricots or dates.
- Fresh Fruit** should not be supplied if it is likely to be injurious to health.
- Onions.** The onions to be issued under the above scale must be fresh, store or dried onions when in season ; and when fresh, store or dried onions are not in season, an equal amount of onions or other vegetables preserved in tins, or an equivalent amount of dried or compressed onions or other vegetables in the proportion of 1 oz. to ½ lb. of fresh onions must be issued.
- The stokehold hands are to receive sufficient oatmeal and one quart of water extra daily while under steam.

Note. In any case where tinned provisions are issued, the weight thereof shall be calculated exclusive of the container.

## REGULATIONS FOR MAINTAINING DISCIPLINE.

SANCTIONED BY THE BOARD OF TRADE IN PURSUANCE OF S. 114 (2) OF THE MERCHANT SHIPPING ACT, 1894.

These Regulations are distinct from, and in addition to, those contained in the Act, and are sanctioned but not universally required by Law. All or any of them may be adopted by agreement between a Master and his Crew, and thereupon the offences specified in such of them as are so adopted will be legally punishable by the appropriate Fines or Punishments. These Regulations, however, are not to apply to Certificated Officers.

These Regulations are all numbered, and the numbers of such of them as are adopted must be inserted in the space left for that purpose in the Agreement, and the following copy of these Regulations must be made to correspond with the Agreement by deleting such of the Regulations as are not adopted. The signature or initials of the Superintendent or Consular Officer before whom the Agreement is made must be placed opposite such of the Regulations as are adopted.

For the purpose of legally enforcing any of the following penalties, the same steps must be adopted as in the case of other Offences punishable under the Act; that is to say, a statement of the Offence must, as soon as possible after its commission, be entered in the official Log-Book by the direction of the

Master, and must at the same time be attested to be true by the signatures of the Master and the Mate, or one of the Crew; and when the log entry has been made a copy of such entry must be furnished, or the same must be read over to the Offender, before the ship reaches any port or departs from the Port at which she is; and an entry that the same has been so furnished or read over, and of the reply, if any, of the Offender, must be made and signed in the same manner as the entry of the Offence. These entries must, upon discharge of the Offender, be shown to the Superintendent or Consular Officer before whom the Offender is discharged; and if he is satisfied that the Offence is proved, and that the entries have been properly made, the Fine must be deducted from the Offender's wages, and be paid over to the Officer.

If, in consequence of subsequent Good Conduct, the Master thinks fit to remit or reduce any Fine upon any Member of his Crew, which has been entered in the Official Log, and signifies the same to the Officer, the fine shall be remitted or reduced accordingly, an entry being made of the fact in the Official Log. If wages are contracted for by the Voyage, or by Share, the amount of the Fines is to be ascertained in the manner in which the Amount of Forfeiture is ascertained in similar cases under Sect. 234.

No.	OFFENCE.	Signature of Superintendent or Consular Officer.
1	Striking or assaulting any person on board or belonging to the Ship (if not otherwise prosecuted)	
2	Bringing or having on board intoxicating liquors	
3	Drunkenness	
4	Taking on board and keeping possession of any fire-arm, knuckle-duster, loaded cane, slung shot, sword-stick, bowie knife, dagger, or any other offensive weapon or offensive instrument without the concurrence of the Master, for every day during which a seaman retains such weapon or instrument	
5	Insolent and contemptuous language or behaviour to the Master or any officer, or disobedience of any lawful command (if not otherwise prosecuted)	
6	Absence without leave (if not otherwise prosecuted) for each day on which such absence occurs	

Each of the above offences shall be punishable by a fine equal to one day's pay, for the first occasion on which such offence is committed during the currency of the Agreement, and two days' pay for the second or any subsequent occasion

**Short Summary of the Provisions of Section 2 of the Merchant Shipping (International Labour Conventions) Act, 1925, which is required to be included in every agreement with the Crew by Section 2 (3) of that Act.**

The employment of a person under the age of 18 in a ship as fireman or trimmer is prohibited except in school ships or training ships specially authorised by the Ministry of Transport or in ships which are mainly propelled otherwise than by means of steam (e.g., auxiliary sailing ships) or under special conditions in ships exclusively engaged in the Indian or Japanese coasting trade.

Where in any port a fireman or trimmer is required and no person over 18 years of age is available, young persons over 16 may be employed, but in such cases two young persons must be employed to do the work which would otherwise be done by one person over 18 years of age.

The Agreement with the crew must contain a list of all members of the crew under 18 years of age with the dates of their birth.

This summary must be included in every agreement with the crew.

**List of young persons under 18 years of age, and account of all Apprentices employed on board during the voyage.**

[illegible]

\* In the case of a Young Person (other than an Apprentice) only the name and date of birth need be inserted.

# INSTRUCTIONS TO MASTERS.

## Agreements.

1. The Merchant Shipping Acts require the Master of every Ship, *except Ships of less than eighty tons registered tonnage exclusively employed in the coasting trade of the United Kingdom*, to enter into an Agreement with every Seaman whom he carries to sea as one of his Crew. The term "Seaman" includes every person except Masters, Pilots and Apprentices (duly indentured and registered), employed or engaged in any capacity on board any ship.

2. In order to enable the Crew to know the contents of the Agreement, the Master, at the commencement of the voyage, is bound under a Penalty of £5, to have a legible copy (omitting the signatures) posted up in some part of the ship which is accessible to the Crew.

3. Every erasure, interlineation or alteration in the Agreement (except additions in shipping substitutes or persons engaged after the first departure of the ship) is inoperative unless proved to have been made with the consent of all the persons interested, by the written attestation (if in Her Majesty's dominions) of a Superintendent, Justice, Officer of Customs, or other public functionary, or elsewhere, of a Consular Officer, or where there is no such Officer, of two respectable British Merchants.

4. Fraudulently altering, or making any false entry in, or delivering a false copy of any Agreement, or being a party to such act, may be punished by the infliction of a Penalty, not exceeding £100, or by imprisonment with or without hard labour for a period not exceeding six months.

## Young Persons and Children.

5. The Agreement with the Crew must include a list of all young persons under the age of 18 years who are members of the Crew together with particulars of the dates of their birth (see special page). The employment of children under the age of 15 years is prohibited.

## Engagement of Crews and Seamen in the United Kingdom.

6. The Crew of a British foreign-going Ship must be engaged (in the United Kingdom) in the presence of a Superintendent of a Mercantile Marine Office.

7. Whenever the Master is desirous of making use of a Mercantile Marine Office for the purpose of selecting his Crew, he must inform the Superintendent so that notice may be published for the information of those men who are seeking employment.

8. In all cases the Superintendent should have at least six hours' notice of the time at which the Master and Crew are to attend to sign the Agreement. Before the engagement of the Crew is proceeded with, the Master must—

- (a) Produce the Certificate for himself, his Mates, and his Engineers, and
- (b) Produce the Apprentices destined for the voyage, together with their indentures.
- (c) Produce the load line certificate and insert in the Agreement the particulars as to the positions of the deck line and load lines specified on the certificate.

9. Upon the Master complying with the above Regulations, the Superintendent will, when the engagement of the Crew has been completed, give him a Certificate for clearance outwards.

10. The Superintendent will give the like Certificate to a Master who has entered into a Running Agreement with his Crew, upon his complying with sub-section 115 (7) of the Merchant Shipping Act, 1894, and producing at the Mercantile Marine Office the Certificate of any Mate or Engineer engaged during or subsequent to the last voyage.

11. The engagement of substitutes for Seamen, who have died or left the Ship within twenty-four hours of her putting to sea, is to be made before a Superintendent, if practicable, but if not, the Master as soon as possible is to have the Agreement read over and explained to the substitutes in the presence of a witness, who is to attest their signatures.

12. Carrying any Seaman to sea without entering into an Agreement subjects the Master to a Penalty of £5.

13. The Master of a foreign-going Ship incurs a Penalty of £5 if he does not report to the nearest Mercantile Marine Office any changes in his Crew before he finally leaves the United Kingdom.

## Ports Abroad.

14. Upon the arrival of the Ship at a Port abroad where there is a British Consular Officer, or a Superintendent, the Master is bound under a

Penalty of £20 to deliver within forty-eight hours of the Ship's arrival (if the Ship remains forty-eight hours at the Port, and is not a Passenger Ship) to the Consular Officer, or the Superintendent, the Agreement, and all Indentures and Assignments of Apprenticeships. The Officer will keep the documents during the Ship's stay in the Port, and will return them to the Master within a reasonable time before his departure with a Certificate stating when they were delivered and returned.

15. If the Ship remains at any port for a period less than forty-eight hours, and the Consular Officer or the Superintendent is required to issue a certificate for production to the Local Authorities before the Ship's departure from that port, the Ship's Articles should be produced to the Consular Officer or Superintendent for inspection.

16. The engagement or discharge of any Seaman abroad must be made before a British Consular Officer, or before a Superintendent, as the case may be, who will endorse upon the Agreement a Certificate accordingly. If this Certificate be not made the Master of the Ship is liable to a Penalty. (See also paras. 20, 21 and 22 below.) The Master must also obtain the sanction of the Consular Officer, or Superintendent, as the case may be, before he leaves a Seaman or Apprentice behind at a port abroad, whether by reason of desertion or of illness, or through some other cause.

## Return to the United Kingdom.

17. The Crew of every British foreign-going Ship, if discharged in the United Kingdom, must be discharged and receive their wages in the presence of a Superintendent of a Mercantile Marine Office. An infringement of this law renders the Master or Owner liable to a Penalty of £10.

18. In every case in which a Crew is to be discharged at the Mercantile Marine Office, at least twenty-four hours' notice should be given to the Superintendent by the Master or Owner.

In the columns for particulars of discharge, the date, etc., of termination of service should be entered and if the wages continue to accrue under the Agreement until some later time, the date when they cease should also be stated. It is not necessary to enter the date, etc., of the payment of wages.

19. Within forty-eight hours after the Ship's arrival at her final port of destination, in the United Kingdom or upon the discharge of the Crew, whichever first happens, the Master is to deliver to the Superintendent of the Mercantile Marine Office the Agreement, and the Official Log-Book, and accounts of the wages and effects of any Seaman or Apprentice who has died on board during the voyage, whether he formed part of the Crew or not, any effects remaining unsold, and the balance of wages or other monies belonging to any such Seaman or Apprentice. When the effects of a deceased Seaman have been sold on board a Ship the proceeds of such sale must in every case be handed over to the Superintendent, without deduction, unless such proceeds have already been paid by the Master to a Consular Officer or Superintendent abroad on behalf of the Board of Trade. The Master is also to deliver to the Superintendent the Certificates (Masters', Mates', Engineers' or R.N.R.) of any who have died or deserted during the voyage. The Superintendent will then give a Certificate for the purpose of clearance inwards.

20. The Master is to give to every Seaman (or leave with the Superintendent on his behalf) an account, on a form sanctioned by the Board of Trade, of his wages, and of all deductions to be made therefrom, at least twenty-four hours before the time of payment or discharge, under a Penalty of £5 for non-compliance. Deductions for fines, forfeitures, etc., which are sought to be made in this account must be proved by proper entries made in the Official Log-Book.

21. Upon paying off or discharging any Seaman, the Master is bound under a Penalty of £10 to give the Seaman a Certificate of Discharge; and the Master is also bound under a Penalty of £20 to return to any certificated Mate or Engineer upon his discharge his Certificate of Competency or Service.

22. A statement of the conduct, character and qualifications of each Member of the Crew, or a statement that he declines to give an opinion on such particulars, is to be entered, and signed by the Master in the Official Log-Book as required by the Merchant Shipping Acts.

23. Upon payment of wages and settlements of disputes (if any) being effected, the Officer before whom the men are discharged (if any) being Crew to sign in his presence a release from all claims in respect of the voyage just finished, subject to the right of any member of the Crew to except from the release signed by him any specified claim or demand in accordance with the provisions of Section 60 of the Merchant Shipping Act, 1906. (See cols. 15 and 16.)
