Please ask Sgt T. at T. to furnish particulars at an early date of W/T stations in the Colony at the Department carrying out point-to-point services. The information is required in connection with the distribution of wavelengths for point to point services. It is proposed to show in the list the allotment of waves to all Postal fixed stations: the list is in the following form:

Wave Band. Wave Allotment
Hertz kc/s. Call type. Station. County etc.

Stations carrying out local point to point services are not included in the list.
