## CIRCULAR TELEGRAM SAVING

18th March, 1949.

### External Telegraph and Telephone Tariffs.

The Commonwealth Communications Council are considering various problems concerning international rates, e.g. the unification of ordinary, code and cypher rates, the abolition of preferential government rates and a general review of the rate structure. In order to assist them in their investigations, the Council would be grateful for copies of the current telegraph and telephone tariffs for all external traffic from the Commonwealth territories.

If you see no objection I would be glad if you would arrange for your Telecommunication Administration to forward up to date copies - and subsequent issues - of external telegraph and telephone tariffs direct to the Secretary, Commonwealth Communications Council, 106, Eaton Square, London, S.W.1.

This circular has not been addressed to the Governments of Kenya, Uganda and Tanganyika and has been sent to the Commissioner General, Singapore for information.
