*Agricultural Adviser*  
In your views please, penguins  
are protected. The "jackass" species  
burrow and make the coast  
line dangerous for horsemen.

*Hon. Col. Sec.*

I wish to recommend that  
permission be granted to Mr. Pitaluga to  
destroy jackass Penguins on his station.  
These birds destroy many acres of the best  
land in the colony. I understand permission  
was granted to the owners of West Point  
Island some time ago to destroy these  
birds. The danger to horsemen is  
infinitesimal compared with the damage  
done to the grazing value of the land.

SALVADOR,

13th October 1938. (1)

M. Craigie Halkett. Esq.,  
Colonial Secretary,  
Stanley.

Sir,

I hereby apply for a permit to destroy the jackass penguins on the mainland of this farm. Each year the birds have been increasing and coming inland, at the present they are a mile from the beach. Therefore as long as the penguins are there the whole coast-line is waste land. Trusting you will give this your earliest consideration.

I am, Sir,

Your obedient servant,

Sir,

Redl.

With reference to your letter dated the 12th of October, 1938, I am directed by the Governor to inform you that His Excellency has been pleased to grant you permission to destroy "Jackass" Penguins on the mainland of Salvador Farm.

I am,

Sir,

Your obedient servant,
