

## HOLLEN FAMILY

*NB: The following is prepared from Falkland Islands Registers and files – there may be other family born outside the Falklands. Unless stated otherwise, all dated births, deaths and marriages occurred in the Falklands and all numbered graves are in Stanley Cemetery. Any variations which may occur in name or the spellings of names are recorded as written in the records at the time.*

**Henry David HOLLEN** was from Bremen in Germany and was born circa 1834. In the List of Aliens Residing in the Falkland Islands 1867 [H25] he is listed as living in Stanley and a dairyman from Germany brought by Captain Smyley.

There were two Captains with the surname of Smyley. James W SMYLEY was an American who visited the Falkland Islands twice, once as the master of the *America* 3 June 1847 on route to the South Shetlands on a whaling cruise and the second time as the master of the *Evelina* 15 August 1849 coming from Buenos Aires on route to California. He could not have brought Henry to the Falkland Islands as in 1849 Henry would have been only 15. Therefore Henry must have been brought to the Falkland Islands by James' brother who was the infamous William Horton SMYLEY who spent most of his life in and around the Falkland Islands and South America.

As Henry married in June 1861 he must have arrived at some point before this. There was a big gap from when 1853 to 1857 when Captain W H Smyley did not visit the Falkland Islands and as Henry would have only been 19 in 1853 it is assumed that he probably arrived after 1857. The possible arrival dates are:

28 March 1857	<i>Nancy</i> From Rio Negro to Falklands with 22 horses, 32 cows and 5 passengers.
27 January 1858	<i>Nancy</i> from Montevideo to Falklands with general cargo & 1 passenger.
31 October 1859	<i>Nancy</i> from Montevideo to Falklands with general cargo & 1 passenger.
9 March 1860	<i>Nancy</i> from Tierra del Fuego to Falklands with general cargo & 9 passengers.

Unless he had been working for Captain Smyley on his vessel it is more likely that he would have come from Montevideo in either January 1858 or October 1859.

Henry, a 27 year old labourer from Bremen, was married to **Charlotte SHORT**, age 19, 14 June 1861 at Trinity Church Stanley according to the Rites and Ceremonies of the Church of England after Banns by Charles Bull MA Colonial Chaplain. The witnesses were Thomas Aldridge, George Short, Fanny Hynam and Hannah Simpson. Henry's father was recorded as Henry David Hollen, a farmer and Charlotte's father as John Short, (*Military*) Pensioner. Both Henry and Charlotte were living in Stanley at the time.

Charlotte, age 49, died 26 December 1891 from cardiac dropsy and is buried in Grave D304.

On 22 March 1897 Andrew Baillon, the FIC Colonial Manager, wrote to Fred Cobb in London requesting that the Directors sanction the payment of a small sum weekly or monthly to old Henry Hollen who had lived for some years at the Dairy House rent free and who was getting very weak and decrepit, although still able to work in MacLauchlan's gang. The directors declined as he had only been allowed to live in the house as a favour. [FIC/D9; 622: FIC/C3; 61]

Henry, age 70 and a German labourer, died 23 October 1904 and is buried in Grave D307.

Away back in 1915, in the early days of the first world war, the freighter Freshfield arrived at Stanley with a party of workmen to build the Naval Wireless Station at the west of Stanley harbour. Among the party was young Leslie Nicholson who little realised that it would be forty-six years before he again left the islands.

The new station was built and continued in operation until 1922, when the naval staff was withdrawn. 'Nick', who by this time was married, moved into the Station to maintain the buildings and equipment and to be watchman. He intended to return to England within two or three years. But time passes quickly and when the world was plunged into another war 'Nick' was still at the Station. From 1939 to 1946 the station was again staffed and operated by the navy; during this period 'Nick' was employed on day work about the station. When this staff was withdrawn he stayed on again as caretaker.

When the Water Filtration Plant was built outside 'Nicks' front gate, in Moody Valley, he was employed by government as assistant operator. He took a particular interest in this work and had the pumps working every morning by 5.30 whether it was his duty day or not.

After all these years residence 'Nick' looked on the Falklands as home and was quite content in the quiet, peaceful way of life here until, as he told us, "When I took my spade out to cut my peat this year I realised that at 69 it was just too much for me. It was then that I decided to accept the repeated invitation from my son Derwent and his wife, in New York, to go there and retire."

Having made all the necessary arrangements for entering the United States, Mr. and Mrs. Nicholson left for Montevideo in the Darwin on February 13th. They are to travel from Monte to New York in a Norwegian cargo/passenger vessel. We know that readers will join with us in wishing them many happy years of retirement in their new country.

L-R Adrian, Dorothy, Henry and Raymond Newman

In October, Mr. Henry Newman completed fifty years employment with Teal Inlet farm. He started work as a lad for the late Mr. J. J. Felton at Malvina House in Stanley and went to work at Teal Inlet in 1912. He has worked for four generations of the one family; his present employer being Mr. David Barton who is Mr. J. J. Felton's great grandson. Starting his working life as a peat boy Henry went on to full farm work and has now been foreman for nearly twenty years.

Mr. and Mrs. Newman and eight members of their family were present at the Manager's House at Teal Inlet on Tuesday, 23rd October, to drink to Henry's health and Mr. A. G. Barton spoke of the family's appreciation of his work and loyalty to the farm over the past fifty years. Mr. David Barton then presented Mr. Newman with a cheque on behalf of the shareholders of Teal Inlet. We all wish Mr. and Mrs. Newman many more happy years at Teal Inlet.

### FI Monthly Review Nov 1962

#### Obituary:

The late Richard George Henry Newman, who died very suddenly at Teal Inlet on 26th August, 1968, was the nineteenth of 24 children born to the late Mr. and Mrs. Fred Newman of Teal Inlet and Stanley.

Henry was born at Teal Inlet on 8th January, 1900, and later moved with his parents to Stanley. His first employment, at a very early age, was removing dandelions from the lawn at Malvina House, then owned by the late Mr. J.J. Felton. In 1912 Henry returned to Teal Inlet as the first houseboy, to the late Mr. and Mrs. G.J. Felton, in the new Manager's house, built to replace the one destroyed by fire in 1910. Later he became handyman/carpenter and on 1st December, 1943, he was appointed foreman, a position which he held until his untimely death, thus giving him no less than 56 years' unbroken service to the Farm and to four generations of the Felton family - a record which is surely unique in the history of the Colony.

In December, 1928, he married Dorothy Cheek, who also has a life-long association with Teal Inlet. A presentation was made to Henry on completion of 50 years' service with the Farm, and he was to have retired later this year on pension, and remain at Teal Inlet, the place which meant so much to them both.

Left to mourn are his widow, two sons, two daughters, twelve grandchildren, two brothers, two sisters, and the Monthly Review joins with Teal Inlet and countless sympathisers in this tribute to a devoted employee, husband and father.
