From

HARBOUR MASTER  
THE ~~COMMERCIAL SECRETARIAT~~,  
Stanley, Falkland Islands.

To The Hon. the Colonial Secretary.

I have the honour to inform you that on the occasion of the visit of H. M. S. "Danae" His Excellency Governor Hodson spoke to me regarding the need for concreting between the rails on the Government Jetty. This part becomes filled with water in heavy rains.

His Excellency asked me to mention the matter. He said that if there was not enough money available for the work this year the cost could be provided for in next year's estimates.

I regret having overlooked bringing this to your attention sooner.
