SLIPWAY.

MINUTES.

1. Excerpt from letter received from Manager, F.I.C., 1/1/45.
2. Letter from L.W.H. Young, Esq., of 3.1.45.
3. Printed by His Excellency the Governor of 3.1.45.

4.F.
 Previous paper have been turned up. The most prominent is 719/25. I gather the Company dropped the scheme in favour of the floating dock.

KB
 20/1/45

No action can be taken until F.I.C. apply. K.i.V. however the whole oil situation which may have a boom (temporarily) after the war & the ship-way might bring in a demand for labour as well as revenue. The whole matter pivots on the sale of the dry-dock.

2. THE WORK FOR WHICH THE FLOATING DOCK was intended, i.e. docking of whale catchers, never materialised and we therefore intend to dispose of her when we can. We then propose to erect a slipway to take a vessel up to 150' if Government will sell or lease us land for the purpose. We should require 2 acres and a suitable site is by a telegraph pole just outside the first barbed wire beyond the Agricultural Station ^{East} ~~West~~ of the Town.

PORT STANLEY,

FALKLAND ISLANDS.

3. 1. 45

Dear General

In reference to
our discussion this
morning - my estimate
for the size of the land
required for a slipway
was incorrect. It is 2
knees but the measurement
would be 70 yards frontage
by 140 yards in depth

Yours sincerely

~~John~~ [Signature]

MINUTE BY HIS EXCELLENCY OF 3. 1. 45. Original in 3/45. (5)

2/45.

Vide pp's Ca 1925 Middleton 2 acres wanted would have 1320' frontage to a depth of 660' approx.

Question of road for access.

I am prepared to consider this most favourably and it may quite well be that the proposed extension of the Power system would well fall in with the proposals.

141/37.

A good idea - wh. shld. be referred to Ex. Co.
and await Woodgate's return.

66/41.

The question of 2nd hand clothing and rubber.
I referred Mr. Young to Carr for procedure. No
objection here to the import licence.

SLIPWAY

We do not propose to do anything at present. If the Alginates project goes through, docking facilities will be essential.

Excerpt from "Notes of a Meeting held at Govt. House on 16.12.46."

2/45.

SLIPWAY. It was agreed to leave this question over for the present.
