It is requested that, in any reference to this memorandum the above number and the date may be quoted.

24th January, 1948.

To The Honourable,

The Colonial Secretary,

Stanley.

From The Harbour Master,

Stanley, Falkland Islands.

With reference to your telephonic request for the depth of water at the Public Jetty and confirming the figures given over the phone on 23rd January, 1948 the depth of water 4'-0" off the end of the jetty is 14'-0".

An actual sounding taken at low water 9.50 a.m. on 23rd January, 1948 was taken by Mr. Sollis the coxswain of the M.V. "Alert".

STANLEY TOWN COUNCIL,
FALKLAND ISLANDS,

TC/14-A

.....2th May..... 19.69.

Dear Sir,

Council are alarmed at the deteriorating condition of the jetty opposite Sullivan House, and consider that it is unsafe for use. They would be most grateful if Government would take steps to cut off the outer hulk from the shore, as the Falkland Islands Company did with the Charles Cooper shed.

Yours faithfully,

[Handwritten Signature]
Town Clerk. *See 4*

slw. What are yr. views? Is the hulk used for any purpose now? If agreed it might be the sort of job which can be accomplished by tender for the value of wood available.

SUBJECT:- Packer's Jetty.

I recently inspected the Jetty in question and do agree it is dangerous.

The hulk is of no further use so repair of the Jetty is not justified. I will take steps reference to your suggestion, at the moment it seems the most practical way out.

Re see 7 & 8

The question of Packer's Jetty was brought up earlier this year but was dropped. SWS is in agreement. An alternative wd be to have the approach fenced off or locked gate provided.

The Public Jetty is a new subject not only a hazard to Cheddam but a very real risk to seamen who use the place at night. It once had a hand-rail down both sides but this has long since disappeared.

May we be told what the proposals of SPW will cost?

2 Its a possibility - remote, but a bare possibility, that restoration of Packer's jetty might be suggested i.e.w. tourism. In respect of this jetty therefore my SPW be asked

- (a) for cost of demolishing it;
- (b) " " " repairing " "

It is requested that, in any reference to this memorandum the above number and date should be quoted.

18th. December, 19 69.

To: Colonial Secretary,

From: Superintendent of Works, P.W.D.

Stanley, Falkland Islands.

SUBJECT :-

Packe's Jetty.

In answer to your request item (10) Stanley Jetties.

- (a) Of the 34 load bearing piles 28 are a complete write off. All beams, bearers and decking are also rotted and unserviceable.

To partially demolish would only leave the remaining part at the mercy of the tides which would soon become a hazard to small boats in the harbour.

To demolish all of it would cost somewhere in the region of £100.

- (b) In view of the jetty's condition described above, repair is not a practical proposition.

From: Harbour Master,

To: The Colonial Secretary,
STANLEY.

Stanley, Falkland Islands.

SUBJECT :- Government Jetties

Within the next few years consideration will have to be given to the extensive repairs to both Government and Public Jetties. During the past week the following damage has been inflicted:

- Public Jetty One bollard practically pulled out of position by 'Darwin'.
- Government Jetty One pile knocked out by Admiralty Oil Barge.

2. BAS are the prime users of the Public Jetty and are, or were, considering extending it for their own use. What is the present position please?

Dear Sir,

Stanley Jetties

4 With reference to the Colonial Secretary's letter of 21st May, 1969, ref. 644, I am directed to enquire if any decision has been made with regard to Facke's jetty.

Council are also concerned at the state of disrepair of the Public Jetty, which they believe constitutes a danger to all who use it, and I am to enquire if it is to be repaired.
