*Hon. Col. Sec.*

*The attached vouchers are in order. I am given to understand by Assistant Keeper Evans and Assistant Keeper Perry that the Lighthouse was not notified of the expected arrivals of either the S.S. 'Oriza' or the H.M.S. 'Weymouth' and in accordance with 226/18, 26th Feb. the charge of 7/6 in each of these cases appears to be correct.*

Hon:Col:Sec;

The services certified to by the Harbour Master on the enclosed three Pay Vouchers are in respect of the year 1920, and the authority for expenditure quoted on the Vouchers is "General Warrant" 1921, and is correct, but under the authority of that warrant the Treasurer is only authorized to pay "One Twelfth" of the total amount provided on the Estimates, in any one month.

2. The Governor's authority would seem to be necessary to pay the amount of these vouchers viz:- £6. 17. 6

3. The General Warrant authorizes monthly payments not exceeding £2.1.8, as the total vote only amounts to £25.

*Y.E.*  
Perhaps Y.E. will be good enough to authorize payment of these vouchers in toto.
