APPOINTMENTS IN THE BRITISH CABINET.

Announcements have been made in London to the effect that Sir John Gilmour, who had been Minister of Agriculture since 1931, has been appointed Secretary of State for Home Affairs vice Sir Herbert Samuel, Major Elliott (Conservative) Financial Secretary to the Treasury since 1931, to be Minister of Agriculture vice Sir John Gilmour, and Sir Godfrey Collins (Liberal) National Member of Parliament, to be Secretary for Scotland. No successor to Viscount Snowden has yet been appointed.

Their Majesties the King and Queen left Scotland on Thursday evening for London where they were due to arrive yesterday. It was expected that during the day His Majesty would give audience to the Ministers who have resigned, receiving from them the seals of office, and later hand them to the newly appointed Ministers.

It was also announced that His Majesty had approved that Mr. Stanley Baldwin, Lord President of the Council, should be appointed also to be Lord Privy Seal, an office from which Lord Snowden has resigned. Mr Baldwin will combine both offices, but will hold the latter without salary.

The Junior Ministerial vacancies which have been filled are as follows :- Financial Secretary to the Treasury, Mr. Hore Belisha, a National Liberal, formerly Under Secretary for the Board of Trade. Dr. E.L.Burgin has been appointed to be Parliamentary Under Secretary to the Board of Trade. Parliamentary Under Secretary Colonial Office the Earl of Plymouth, who in the last Conservative Administration was Under Secretary for the Dominions. Parliamentary Under Secretary to the Ministry of Transport, Colonel Morley Headlam, Conservative, and one time Under Secretary at the Admiralty. Parliamentary Under Secretary to the India Office, Mr. A. Butler, Conservative, who was born in India thirty years ago, and is a son of Sir Montagu Butler, the well known Indian Administrator.

Labour Supporters of the Government in both Houses of Parliament met the Premier at Downing Street on Thursday, and afterwards issued a statement affirming unabated confidence in his leadership.

WELL KNOWN GERMAN GLIDER TO MAKE EXPERIMENTS IN INDIA.

It is reported from Frankfurt that the well known German motorless flyer, Robert Kronfeld, has been commissioned by the Government of India to examine Indian Climate to determine the possibilities of gliding in Indian plains. It is believed that if Kronfeld reports favourably a widespread service of gliding planes may be organised along the Indian coast. Kronfeld will remain in India during the winter to carry out experimental flights.

TWO SOLDIERS KILLED IN AN EXPLOSION.

It is reported from Bucharest that two soldiers were killed when an explosion occurred at King Carol's Castle. This castle was recently presented to the King by the people of Rumania.

ROUND THE WORLD FLIGHT.

A message from Manila states that Captain Von Gronau, the German airman, who is flying round the world, has completed the first direct flight from Hong Kong to Manila.

THE LEAGUE OF NATIONS.

It is reported from Geneva that in the plenary assembly the Chinese delegate opened the general debate by a speech wherein he carefully avoided any reference to the conflict with Japan; and contented himself, and the Conference, that China wants general disarmament for all and no militarism for which reasons she addressed herself to the League of Nations for the protection of her independence. The Chinese delegate thanked the League for the work of the Commission in China.

THE PUBLIC SERVICES OF MALAYA.

A message from London states that Brigadier Sir Samuel Wilson, Permanent Under Secretary for the Colonies, is proceeding to Malaya on the 20th October, at the instance of the Colonial Secretary, to discuss with High Commissioners, Rulers, and other representative persons, proposals to decentralise certain public services, so that the Government in the United Kingdom may have the fullest information at first hand of all aspects of the matter, Sir Samuel will be accompanied by Mr. G. Gent of the Colonial Office. It is not expected he will return to England before the end of January.

THE RESIGNATION OF SIR ERIC DRUMMOND.

The League of Nations Council at a private session accepted the resignation of Sir Eric Drummond as Secretary of the General Council, which will take effect from June 30th, 1933, The election of a successor will take place at a special meeting of the League in November.

Sir Eric has been Secretary since the formation of the League and was mentioned by name in the Versailles treaty in connection with the post.

He previously had a distinguished career in the Diplomatic Service.

MORE EARTHQUAKES IN SALONIKA DISTRICT.

It is reported from Salonika that five more separate earthquake shocks were felt on Thursday in the Chalcidice region of Greece, which has already been devastated by the 'quake on Monday last.

The panic stricken inhabitants are demanding to be removed to a position of safety.

BOLIVIAN ROUTED.

A message from Buenos Aires states that Bolivian troops at Fort Boqueron have been routed Paraguayans, and over a thousand prisoners taken.

FEARS FOR THE SAFETY OF THREE JAPANESE AIRMEN.

It is reported from Washington that no news has been received since last Sunday of three Japanese airmen who set out to fly from Japan to San Francisco.

THE NEXT LORD MAYOR OF LONDON.

At the Guildhall, London, on Thursday liverymen of the City, chose Sir Percy Greenaway, to be the next Lord Mayor.

Sir Percy is the head of the City Firm of Daniel Greenaway, Bankers, and general printers.

It is expected that he will be the first to broadcast from the new Empire Short Wave Station, which is being constructed at Deventry by the British Broadcasting Association, on Christmas day when an effort will be made to transmit part of the Home programme around the world.

The station will begin its tests in a few weeks, but complete service will not be achieved until next year.

THE DEATH OF THE DUKE OF ROXBURGHE.

The death of the Duke of Roxburghe occurred on Thursday at the age of 56 years. He was taken ill suddenly when attending the funeral of a friend on Wednesday.

THE LEAGUE OF NATIONS.

It is reported from Geneva that during the course of the debate of the Assembly Budget Committee, Sir Eric Drummond made an appeal to those Countries which had not yet paid their contributions towards the League's expenses. If those contributions were paid he said, there would be a surplus of 4,750,000 Swiss francs, which in the ordinary course would be returnable to the State members of the League. He declared this surplus was brought about by drastic curtailment of expenditure.

ENORMOUS DAMAGE BY CYCLONE.

A message from Paris states that enormous damage has been done by a cyclone which swept over the Riviera between Nice and St. Maxime on Thursday.

An innumerable points along the coast the roads are under water, railway lines covered, and houses flooded.

THE BRITISH CAPTIVES IN MANCHURIA.

Nowohwang. Thursday. Further letters from Mrs Pawley and Mr Corkran were received here today.

The Bandits repeat extravagant demands for ransoms. At least one of Mrs Pawley's letters appear to have been written at the dictation of the Bandits. It mentions the possibility of torture. Mr Corkran's letter was cheerful, but also mentions the possibility of losing ears or fingers.

THE FAIRLAND ISLANDS COMPANY'S FLOATING DOCK.

MORE FACTS AND STATISTICS.

If all the rivets used in the construction of the Dock could be placed end to end along Ross Road-----Somebody would have to pick them up again.

If all the noise made by the rivetting, caulking, and bolting, could be accumulated into one large explosion ---- it would annoy the Government School staff intensely.

To give the dock a coat of paint, two and a half tons of paint is necessary; this is a little more than the modern woman uses for a 'once over'.

An iron nut falling from the top of one of the dock walls of the Dock strikes the floor of the Dock with a velocity of 32 feet pounds per M.P.H. A person falling from the top of one of the walls towards the outside of the Dock would get very wet.

The floor of the Dock is large enough to accommodate 2,120 sheep; but there would be nothing for them to eat.

The Dock has a total lifting capacity of 750 tons - This is equivalent to the right elbow lifting capacity of the whole male population of Great Britain and Ireland.

WAR LOAN CONVERSION OFFER CLOSED.

The greatest financial operation in history was completed on Friday last when the Five Per Cent War Loan Conversion offer closed.

The progress of this vast transaction in which a sum of over two thousand million pounds sterling had to be dealt with, has engaged the attention of the whole financial world since June 30th.

At midnight on Friday the result was announced by the Treasury. Approximately one thousand, nine hundred and twenty million pounds worth of stock has been converted, leaving only one hundred and sixty five million pounds, or eight per cent, to be redeemed in cash on December 1st next.

The result far exceeds the first estimates formed by Finance experts, and the English Press unanimously acclaim it as a triumph.

THE REPORT OF THE COMMISSION ON
MANCHURIA.

The Report of the Commission on Manchuria was expected to be issued in London on Sunday. Its findings were awaited with great interest throughout the World.

Mr. Stimson, a United States Secretary of State, declared the crisis in Manchuria, as a threat to the authority of the great peace treaties which were conceived after the Great War in an effort to prevent a recurrence of such a disaster.

The League of Nations, which is dealing with the question of the dispute between China and Japan, adopted a resolution unanimously associating itself with the above statement.

Mr. Devalera said he regretted that Japan had prejudiced the solution of the dispute by recognising the 'so called Manchukuo Government' before the Lytton Report had been received at Geneva.

MINOR SHOCKS FOLLOW SUCCESSION OF
EARTHQUAKES IN GREECE.

It is reported from Athens that minor shocks occurred in the Chalcidice Peninsula following the succession of earthquakes. The population is fearful that the Peninsular will disappear beneath the sea, and every effort is being made to evacuate the district.

Huts are being thrown up, and accommodation provided for the homeless people in the vicinity of Athens. The inhabitants making a communal offering to help the afflicted people.

Meanwhile, amid what was once an attractive landscape of fields and villages, demolition parties from the British Warships, 'Resolution' and 'Resource' are blowing up buildings which threaten to collapse.

Scenes recalling the War's altered areas in Flanders meet the gaze of the rescuers as they penetrate into the devastated districts, and the illusion of the battle field is heightened by the fact that the Bluejackets are ordered to wear gas masks while working in the ruins.

ENGLISH FIRM SUED FOR THREE HUNDRED
THOUSAND DOLLARS.

A message from Chicago states that a United States District Judge has authorised the Receiver of the Mississippi Valley Utilities Investment Co, which is an Insull concern, to sue Messrs Lloyd's of London, and New Amsterdam, for three hundred thousand dollars alleged to represent their liability for a sum of nearly four hundred thousand dollars owed the Company by Martin J. Insull.

GOLF.

Miss Diana Fishwick won the English Womens' Close Golf Championship by beating Miss Beryl Brown in the final by five and four.

Tuesday, 4th October, 1932.

SEVEN KILLED IN A CLOUD BURST.

It is reported from New York that at Bakers Field, California, seven people were killed, and there at least twenty still missing, as a result of a cloudburst.

A foaming forty feet high wall of water roared through Tehachapi Pass after the cloud burst, and struck a railway trestle bridge at Woodford.

A train consisting of a locomotive and seven coaches were hurled into the canyon, the driver, and an unknown passengers being killed.

COMMITTEE ROOM STRUCK BY REVOLVER SHOT.

A message from Geneva states that some excitement was caused on Saturday afternoon by the sudden firing of a revolver shot at a room wherein the fourth committee of the League of Nations were in session.

The bullet struck an iron framework window and rebounded without smashing any panes of glass.

The delegates in the room heard the report, but were unaware of its origin.

A Hungarian, who is believed to be feeble witted, has been arrested in connection with the affair.

MARTIAL LAW THROUGHOUT CHILE.

It is reported from New York that owing to the recent insurrections the Chilean Government has declared Martial Law throughout the Country.

RESTORATION OF THE MONARCHY IN MANCHURIA.

A message from Changchun states that the restoration of the Monarchy is to be proposed before the Spring of 1933. Plans for this purpose are now being perfected, and it is understood that Houan Tung, former Emperor of China, and present 'Ruler' of Manchuria, will reoccupy the throne under a Constitutional system blending both the old Chinese and British Constitutions.

A Peerage is to be created, and former titles, awards, decorations, ceremonials and insignia restored. Many obsolete mannerisms, however, are to be omitted.

MEMORIAL TO AN OLD MARINE.

In memory of an unknown seaman whose uniform buttons showed that he was a Royal Marine of the period 1745-1747, and whose bones were recovered from the river Tamar, a memorial tablet was unveiled recently at Saltash (Devon).

WARING AND GILLOWS.

RECORD APPLICATIONS FOR SPACE IN
NEXT INDUSTRIAL FAIR.

Record applications for space at next February's British Industries Fair are officially announced.

Seven hundred and fifty five exhibitors have applied for 270,674 square feet at Olympia, and the Court of Honour at the White City - an increase of 60,000 feet compared with the same period a year ago. The space applied for in both furniture and leather goods sections already exceeds the areas occupied by these at the last fair.

AN OCTOGENARIAN SINGER.

An octogenarian woman is inundated with offers of engagements as a singer, and is regarded as a wonderful soprano. She is a native of Portcawl, South Wales, and did not take up singing until she was 79, when she engaged a tutor to train her voice.

Although she fills many engagements she will not take any fees for her services.

THE NEW WATERWAY IN CANADA.

By the opening of the Welland Canal, which is part of the scheme sanctioned by the recently signed St. Lawrence Waterway Treaty for a waterway from the tide waters of the St. Lawrence to the head of the Great Lakes practicable for vessels of 27 feet draught, a further step towards opening up the commercial wealth of Canada has been attained.

Figures recently published show that traffic through the Canadian and American locks giving access from Lake Superior to the lower lakes now totals approximately nine hundred and twenty seven million tons, or three times the tonnage passing through either the Suez or Panama Canals.

The inauguration of the system involves the opening of 2,200 miles of inland waterways from the heart of Canada and the United States to the lower St. Lawrence and thence to the Ports of the World.

FLOODS IN MEXICO.

It is reported from Mexico City that fourteen persons have been killed and thousands rendered homeless as a result of terrible floods in Northern Mexico.

JAPAN AND THE LYTTON REPORT.

A message from Geneva states that the report of the Lytton Commission, on the Sino-Japanese conflict in Manchuria, issued by the League of Nations, has already aroused strong opposition in Japan.

The Commission consisting of representatives of America, France, Germany and Italy, and presided over by the Earl of Lytton generally favours the Chinese case.

It is understood the Japanese Government declares the report 'Unfair and prejudiced'.

The report puts forward the following proposals for the settlement of the dispute between China and Japan; Special administration for Manchuria with large measure of autonomy, but under Chinese Sovereignty and control; The setting up of a Gendarmerie with a foreign head, and the removal of all other armed forces from the Country; Protection for Japanese rights. In order to give effect to these proposals the Commission suggests that the League calls a Conference of two countries. The Population of Manchuria both Chinese and Japanese to be represented at this Conference, and if Powers agree neutral observers should attend. The Conference should establish the position of Manchuria as an integral part of China but with special administration, also to draw up treaties safeguarding Japanese interests, and providing securities against aggression, and securing commercial rapprochement between the two Countries.

FAR REACHING MODIFICATION IN BRITISH NAVAL POLICY.

It is reported from London that far reaching modifications in the British Naval Policy have been planned to take effect in the near future.

The proposals, it is said, will affect the personnel, and material of the Fleet, also the system of Naval Defences at home and abroad.

The Mediterranean Fleet is to be re-organised as a light mobile striking force. At home the building of smaller ships of every type will be undertaken.

It is revealed that the subject was discussed informally at the Ottawa Conference, and that the support of the Dominions is forthcoming in generous measure.

A striking suggestion in the re-organisation plan is that Dartmouth College be abolished, and the substitution of direct entry through Secondary School channels.

WEATHER REPORT.

The observations made at the Stanley Observatory during the 24 hours ending 9 a.m. yesterday morning are as follows :-

THE FLOATING DOCK. JOHNNIE WALKER

(With acknowledgements and apologies to our local mathematician.)

IF ALL the Johnnie Walker bottles emptied in Stanley in a year were placed side by side along the front road, the persons or persons responsible would have the Police on their track.

IF all the popping made by drawing Johnnie Walker corks in Stanley in twelve months could be accumulated into one big explosion it would annoy the 'Penguin' staff immensely.

Two and a half tons of water will sink the Dock two inches lower in the water. To consume two and a half cases of Johnnie Walker without calling in your friends will lower you considerably more in their estimation.

An iron nut falling from the walls of the Dock would strike the floor with a velocity of 32 foot pounds per m.p.h. Any KNUF striking the floor at this velocity would require a good stiff tot of Johnnie Walker as a reviver.

The floor of the Dock will hold 247,763 bottles of Johnnie Walker, therefore the 2,120 sheep do not require anything to eat.

The Dock can lift 750 tons. Johnnie Walker will lift a greater weight than this off your mind.

THE SITUATION IN INDIA.

It is reported from Calcutta that leaflets printed in Bengali have, within the last day or so, been circulated throughout the city in an effort to intimidate the womenfolk of loyal Indian householders. They have been addressed in some cases to the wives, and in others to the mothers, daughters and sisters of Indians in the Government Service.

The following is a translation :- "Dear Madam, Under the direction of my Committee I beg to inform you that we are in possession of sufficient proof that your husband for a paltry sum is working against the independence of the Country, and therefore is guilty and punishable under the laws framed by this Committee. If he refrains from supporting the British Policy, even now, he may be pardoned. We are not in favour of taking the lives of our countrymen for nothing and we are therefore sending this warning through you. If despite this he elects to go on we shall be obliged to deal with him properly as a traitor.

RATE OF EXCHANGE

On Tuesday the rate of Exchange was 3.45½ dollars to the £, being a quarter of a point lower than the previous quotation.

THE BRITISH CAPTIVES IN MANCHURIA.

"If many more days pass without ransom the two will certainly be killed without mercy" this threat occurs in a communication from the bandit captors of Mrs Pawley and Mr. Corkran peremptorily demanding cash, opium, and jewellery. The Bandits say they are tired of waiting indefinitely for the ransom in respect of their prisoners, and threaten that if their demands are not forthcoming they will employ torture.

AN EXHIBITION TO AID THE FUNDS OF THE

Y.W.C.A.

JAPAN AND THE LYTTON REPORT.

It is reported from Tokio that the Japanese Cabinet is expected to make strong observations in regard to the Lytton report. It is considered to be lacking in impartiality, and most probably a joint Commission of officials from the Foreign Office, and War Office, will be appointed to prepare a statement on it. The prevailing opinions, it is understood, favour re-investigation of the whole of the Chinese situation, and such a procedure is regarded as preferable to allowing the situation to develop compelling Japan to resign from the League.

It is pointed out that if the proposals regarding Manchuria had been made six months earlier they might have been accepted by Japan, but now that the State of Manchukuo had been set up and recognised by Japan they could not be agreed to.

It is urged that the League of Nations should give the new State a couple of years wherein to show whether it is stable; then it could be decided whether it will be independent or under Chinese sovereignty.

BOMBAY SECRET WIRELESS STATION RAIDED

A message from Bombay states that a complete broadcasting station for the dissemination of seditious propaganda was discovered in the City on Tuesday, and raided by the Police.

Four men were arrested and remanded. One of them is said to be the grandson of a former Indian Judge, and is stated to have had three years experience in American Wireless Stations.

The men transmitted from the raided wireless station anti-British propaganda to a series of transmitting sub-stations in which were fitted portable sets ready for instant removal should they be raided. It is believed that all the machinery was made in private workshops.

MEXICO'S REPLY TO THE PAPAL ENCYCLICAL.

Mexico City, Tuesday, A bitter reply to the encyclical issued by the Pope on Friday last condemning the 'Outrageous wicked laws opposing the liberty of the Church' in Mexico was made by General Rodriguez, the Mexican President.

After accusing the Papacy of spreading falsehoods concerning the Country, and declaring his respect for the liberty of thought as laid down in the Mexican Constitution General Rodriguez said "I am resolved that if the arrogant and defiant attitude of the recent encyclical continues the Churches shall be converted into schools and factories for the welfare of the people."

NEW RESERVOIR.

One of the largest water supply schemes projected in Great Britain has been inaugurated at Newport, Monmouthshire.

When completed it will be two miles in length, and will hold two thousand five hundred million gallons. Its cost is estimated at £1,000,000, and it will provide work for one thousand men.

STANLEY BOY SCOUTS.

There will be no Parade at Headquarters on Friday October 7th, nor at Headquarters for a few weeks.

THE EX-MAYOR OF NEW YORK.

Paris, Tuesday. Although Mr. J. Walker, ex-Mayor of New York is reticent in regard to his political future he is evidently anxious to return to America immediately.

He undertook a last minute high speed hustle across the Continent from Gibraltar to Paris on Tuesday. He was held up at Gibraltar by a breakdown of the new Italian Liner 'Rex', and raced by car from Malaga to Madrid and thence to Paris by train, intending to leave there later in the day for Cherbourg where he was to catch a liner for New York.

He refused to make any statement regarding his future, but said everything depended on the state of his health, and the outcome of events in New York.

THE CENTENARY CELEBRATIONS.

THE FIREWORKS DISPLAY.

Of the many attractions which are being, and have been, arranged for the celebration of the Centenary of the Colony in February next, none, perhaps, will prove more interesting and spectacular than the Fireworks display, particulars of which have just reached Stanley.

The items, numbering approximately forty, are being supplied by the famous Pyrotechnists, Messrs James Pain & Company, of London, which Firm incidentally are responsible for the remarkable displays such as are seen at the Aldershot Tattoo, Torbay Royal Regatta, and other well known entertainments throughout Great Britain.

They have been chosen with particular regard to the climatic conditions peculiar to the Falklands, and promise to provide a spectacle which, there is no doubt, will long remain in the memories of those who witness it.

The signal for the commencement of the display will be an 'Aerial Maroon' which ascends to a great height, and explodes with a tremendous report. This will be followed by Magnesium lights, calculated to give a marvellous midnight illumination effect; huge 'Fountains', discharging a stream of fire into the air to a height of twenty feet; 'Jacks in the Box', 'Pyramids of Roman candles', 'Electric suns', 'Ground lights', 'Shells', producing wonderful colours, and combinations of colour effects, lilac, amber, turquoise, ruby, opal, purple, crimson, mauve, orange etc. etc. Rockets of every description, Festoons, and Electrolytes.

Among the special features are scenes depicting the 'Falls of Niagara', which is described as a gorgeous curtain of fire falling tier upon tier to the ground the successive waves as they strike rebounding with a striking dual effect, "War in the Air", the effect of which is similar to that of a modern barrage of high explosive shells, the preliminary whine and explosion of the shells being realistically produced; "Screen of aerial caruscations" immense globules of scintillating fire of dazzling brilliance. 'Screen of Satellite Star Bursts' produced by six mammoth Roman Candles discharging large shells breaking into clusters of shimmering spangles; 'The Revolving Silver Fountain' carrying around beautiful silver trails; 'The Golden Lattice', produced by two sets whose fires play into each other to form a golden trolly-work design.

The Grand Finale will take the form of 'Seven Shrapnel Barrage Rockets' making a continuous aerial barrage of brilliant effect.

Truly, the programme augurs well, and bids fair to capture the hearts of the adults no less than those of the children, whose delight, we feel sure, will be unbounded.

MORE PRE-HISTORIC FINDS.

Curious stones found on the banks of the River Leitha in Austria have led to the discovery of a tomb containing the remains of a pre-historic man. Beside the skull was found an artistically worked stone axe.

The remains are stated to be at least four thousand years old.

THE FAIRLAND ISLANDS DEFENCE FORCE.

THE FORMATION OF A BRASS BAND.

On Wednesday evening last His Excellency the Governor, accompanied by the Honourable J.M. Ellis, Colonial Secretary, paid an informal visit to the Defence Force Drill Hall, and listened to a practice of the recently formed Brass Band.

His Excellency evinced the greatest interest throughout the practice, and at the conclusion expressed his pleasure at the progress made, afterwards extending his congratulations to the Conductor and members of the Band.

The Band, the members of which are as follows, Pte Fairport O'Sullivan (Conductor), Sergt. S. Summers (Cornet) Pte. F. Coleman (Cornet) Pte J. Petterson (Cornet) Pte C. Bradbury (Cornet) Pte J. Turner (Euphonium) Pte D. Atkins (Baritone) Pte J. Watts (Tenor Horn) Pte. E. Petterson (Tenor Horn) Pte. A. Summers (Trombone), met for the first time on August 20th, and considering the short period they have been together have made extraordinary progress. Their activities, we understand, have been somewhat handicapped by the lack of book tutors, but this has now been overcome through the kindness of the Honourable J.M. Ellis, who has telegraphed for them to be despatched in time to arrive in the Colony by the December mail.

The formation of this Band is the direct outcome of a desire expressed by Sir James O'Grady in a speech made shortly after his arrival in the Colony some 18 months ago, and there is no doubt, that without His Excellency's practical and enthusiastic support the venture would have been impossible.

A DEVELOPMENT OF THE BRITISH PROTECTIVE
POLICY.

It is reported from New York that since the adoption of Protection by the British Government, and the results of the Commercial Agreements reached at Ottawa, American manufacturers have instituted a rush to establish branch factories in Canada, and England.

GERMANY AND THE EQUALITY OF ARMS.

A message from London states that the British Government proposes to call a Five Power Conference, to be held in London, to deal with the German Arms deadlock.

It is understood, however, that Germany is unwilling to attend any meeting which could not satisfy her demand for equality of arms.

The attitude of France is stated to be that no major decisions shall be made at the Conference, as these are regarded as matters for the Council of the League of Nations, and the Signatories of the Treaty of Versailles.

Sir John Simon, who is returning to London via Paris, called upon M. Herriott and discussed the matter.

WARRANTS FOR THE ARRESTS OF INSULL
BROTHERS.

A message from Chicago states that immediate steps are being taken to effect the extradition from France of Samuel Insull (Sr), the London born American Financier. Until a few months ago he was reputed, as head of the Utility Corporation of America, to be worth £100,000,000.

This decision is announced as the result of the deliberations of a Grand Jury which brought in Bills indicting Insull and his brother on charges of embezzlement and larceny. Steps are also being undertaken to extradite Martin Insull from Canada.

The first indictment brought by the Jury charged Martin Insull with abstracting 344720 dollars from the Treasury of the Middle West Utilities Company. The second and third indictments brought against charged him with the abstraction of 170222 dollars from the same Company and its Subsidiary.

The failure of the Insull Enterprises is alleged to have involved investors in losses amounting to nearly two hundred million pounds.

THE IRISH SWEEPSTAKE.

The mixing of the counterfoils for the Irish Sweepstake on the Gosarowitch began on Wednesday and will continue for three days.

On Wednesday morning boxes containing counterfoils were conveyed by lorry under armed escort from the Headquarters of the Swoop to the Plaza where the mixing takes place.

The drum has been decorated to resemble a treasure ship, while decorating the walls of the hall are paintings of the Ports of the World.

EARTHQUAKE SHOCKS IN
KURDISTAN.

It is reported that rather severe earthquake shocks have been experienced in the vicinity of Samarkand, Kurdistan.

GERMAN ARMS DEADLOCK.

A message from London states that the latest attempts made by the British Government to end the German Arms deadlock have failed.

No hope is any longer entertained in London of bringing about a Four Power Conference to which invitations were issued on Monday. It is said that the attitude of Paris and Berlin has sealed its fate.

As an alternative the Disarmament Conference might be able to induce Germany to return to the fold by promising a drastic cut of Armaments. France, however, will not agree to such a course without obtaining additional guarantees of security which neither Britain nor America could offer her.

AMERICAN DELEGATE LEAVES GENEVA FOR
LONDON.

It is reported from Geneva that Mr. Norman Davis, who was taking part, on behalf of the United States, in the preparations for the World Economic Conference left on Thursday for London.

It is understood that he is to discuss the arms deadlock, and that Naval talks will be revived in the background of other negotiations.

Representatives of the smaller Powers at Geneva, it is said, objected to the Four Power Conference.

The Effectives Committee of the Disarmament Conference have decided to accept as the basis of discussion the American proposals for dividing National Forces into two component elements namely reducible and irreducible.

THE DEATH OF BARON RUDOLPH VON SLATIN.

The death is reported at Budapest of Baron Rudolph Von Slatin, Pasha, and formerly Inspector-General of the Sudan. On Austrian by birth he entered the British Service in the Sudan, and underwent great suffering during twelve years captivity. He later escaped and joined Kitchener, and was Inspector-General until the outbreak of the Great War. He was not, however, deprived of his British honours and titles during the War.

He visited England this year and was invited to lunch with the King at Buckingham Palace.

LORD CLYDESDALE TO BE CHIEF PILOT TO
MOUNT EVEREST AIR EXPEDITION.

The Marquis of Clydesdale, Member of Parliament for Renfrow, was to have personally asked his constituents, at Paisley Town Hall on Thursday evening, for permission to absent himself on account of the Mount Everest Air Expedition whereof he is to be Chief Pilot. He was, however, prevented from doing so by indisposition, and his speech was read by a Secretary.

Lord Clydesdale announced for the first time that Lady Houston is financing the expedition, and that it was his hope the Prince of Wales would honour the expedition with his patronage. The Air Ministry and the India Office have already signified their intention of giving their strong support.

THE POLITICAL SITUATION IN GERMANY.

It is reported from Berlin that the Papen-Schleicher Cabinet, which is not expected to get a majority in the elections in November, has already decided to ignore the hostility displayed by the new Reichstag.

As soon as the elections are over the Cabinet will send to the Reichstag its bill for the reform of the constitution. This measure is an attempt to raise the age of enfranchisement, and restore the system of single member constituencies which existed before the Revolution. It will also make the Cabinet less dependent on Reichstag votes, and will aim to establish an upper chamber of the legislature.

The Cabinet also propose to ask the Reichstag to appoint Committees to consider the Bill, then adjourn for six months to allow a full discussion of the scheme to take place.

It is hoped, though not very confidently, that negotiations with parties may yield a two thirds majority for the necessary changes in the Constitution.

A MEMORIAL TO THE MEN WHO LOST THEIR LIVES IN R. 101.

A message from Beaune, France, states that the foundation stone of the Franco-British Memorial, whereon will be inscribed the names of the 48 men who lost their lives in the R.101 disaster exactly two years ago, was laid on Thursday afternoon.

NEW YORK STOCK MARKET.

It is reported from New York that the Stock Market plunged downwards in a succession of flurries, many leaders losing to three points, and up to seven, in a turnover of three million shares.

No special reason is offered for the break, although it is said there is a certain amount of disappointment in Wall Street through the lack of constructive policy in President Hoover's speech at Des Moines, Ohio, on Wednesday.

THE COTTON INDUSTRY.

It is reported from Manchester that consequent upon negotiations which have been proceeding for some weeks, and in view of the depressed state of the Industry, the Master Spinners Federation have resolved to effect a wage reduction of 15½ per cent as and from Monday next.

The action which will be taken by the operatives in the face of this wage reduction is at present uncertain.

THE VATICAN AND MEXICO.

Mexico City. Thursday. The quarrel between the Vatican and the Mexican Government reached a dramatic stage today with the arrest of Monsignor Ruiz y Flores, the Apostolic delegate to Mexico.

Monsignor Ruiz y Flores was taken to the Border in a Government aeroplane, and it is stated his arrest and expulsion is the sequel to sharp renewals of the conflict between the State and Church.

THE STANLEY BOY SCOUTS LOCAL
ASSOCIATION.

The Annual General Meeting of the Stanley Boy Scouts Local Association was held on Friday evening last, the Honourable J.M.Ellis presiding, with Mr. V.J.Lallan, Honorary Secretary, and Mr. G.I. Turner, Honorary Treasurers in support.

The attendance, if not large, was encouraging and sufficient to demonstrate the increasing interest which is being taken in the activities of the Association.

In the reports made by the Lady Cub Master, Miss M.L.Roove, and the Acting Scoutmaster, The Very Reverend H.E. Lumsdale, it was stated that there were now 18 Cubs, 36 Scouts, and 15 Rover Sea Scouts, six of the latter having completed their probationary period, and had been duly initiated. The whole organisation would appear to be in a healthy condition and possessed of keen enthusiasm.

The Honourable J.M.Ellis in complimenting all those who had assisted in bringing the organisation to such a high standard of efficiency paid a warm tribute to the work performed by Mr. E.E. Frowin, who, during his stay in the Colony, had spared no efforts to promote the interests of Scouting. He, the Chairman, thought that the Movement was now firmly established in the Colony.

The following Gentlemen were elected to serve upon the Committee for the ensuing year:- Chairman, The Honourable J.M.Ellis, Honorary Secretary, Mr. V.J.Lallan, Honorary Treasurer, Mr. G.I. Turner, The Very Reverend H.E.Lumsdale, Messrs A.R.Hoare, J.W.Grierson, W.Hutchinson, B.N.Bound, G.W.Butcher, and F.Howatt.

MOVEMENTS OF VESSELS.

LIGHTING UP TIME.

THE LIGHTING UP TIME IN STANLEY TODAY IS 8.27 P.M. (SUMMER TIME)

Monday, 10th October, 1932.

WEATHER REPORT.

The observations made at the Stanley Observatory during the 24 hours ending 9 a.m. yesterday morning are as follows :-
Attached thermometer 260, Barometer 982.7 millibars, Thermometers, Dry 44.6, Wet, 43. Maximum 51, Minimum 36, wind direction West force 4, rain. 0.8 inches.

TRIAL OF DRUG SMUGGLERS.

It is reported from Alexandria that a mammoth trial of sixty three alleged drug smugglers, of seven different nationalities, terminated on Friday. Twenty four of them were sentenced to the maximum penalty of imprisonment together with a thousand pounds fine. Twenty two were acquitted and the others are to be tried by Consular Court.

The ramifications of the illicit transactions were discovered through the English wife of an Egyptian. He was persuaded when in a dying condition to make a confession denouncing the whole gang.

THE POLITICAL SITUATION IN ROMANIA.

The latest phase in Roumania's political difficulties has terminated by King Carol's refusal to accept the resignation of Premier Iorga, at the same time accepting the resignation of M. Titulesco, the Roumanian Minister to London, who objected to the Government's Policy of negotiating a non-aggression pact with the Soviet.

The Government is expected to bridge the financial difficulties by the issue of Treasury Bonds pending the consideration of suggestions made by the League of Nations Financial Committee.

THE S.S. 'LAFONIA'.

Information has been received to the effect that the s.s. 'Lafonia' left Montevideo at 9.30 a.m. on Friday. Given favourable weather conditions she expects to arrive in Stanley on Wednesday.

She has 64 bags of mail on board, and is bringing 23 passengers.

ENGLISH REDUCTION IN EXPENDITURE.

The Chancellor of the Exchequer, Mr. Neville Chamberlain, speaking on National Economics at the Conservative Conference at Blackpool on Saturday, on Saturday said "Despite all difficulties, including now and unexpected items of expenditure, expenditure reductions had been raised from seventy millions to seventy nine millions. As a result of the recent conversion Britain could safely count on a gross saving of thirty million pounds a year, which would come into operation next year."

SUGAR CONFERENCE.

A message from Paris states that it is hoped a general agreement between World Sugar producers will be signed in Paris on December 12th when the Plenary Conference of the International Sugar Cartel is held.

FAMOUS FILM COMEDIAN ARRIVES IN LONDON.

Harold Lloyd, the famous film comedian, arrived in London from the Continent on Saturday morning.

Monday, 10th October, 1932.

SAMUEL INSULL STILL MISSING.

A message from London states that the whereabouts of Samuel Insull, who is wanted at Chicago in connection with serious charges concerning the \$500,000,000 Corporation, is still a mystery.

No trace of him has been found since he and his son left their Paris Hotel on Wednesday morning.

Although it was rumoured that they had fled to Portugal the French Authorities believe they are still in France.

An Official of the United States is being sent immediately to search for the missing man.

THE FRENCH BUDGET.

It is reported from Paris that the French Cabinet held on Saturday the first of a series of meetings for the balancing of next year's budget, which promises to be a very difficult task.

If the expenditure were to continue at this year's level, and the revenue maintained at the present estimate there would be an adverse difference of £80,000,000.

Of this sum forty nine millions are yet to be found. There is no talk of increasing taxation as this is held to have reached the utmost limit.

WAR DEBTS.

A message from New York states that an announcement has been made to the effect that expectations are held for the Conference on War Debts opening in the New Year.

ROCKET TO PENETRATE THE STRATOSPHERE.

Konigsberg. Saturday. A Rocket that was to penetrate the stratosphere to a height of at least five miles was fired today, but the stratosphere remains intact, and the rocket lies strewn around in small pieces over the landscape.

It started its voyage heavenwards successfully, but had not reached a height of more than forty five feet when it exploded. Fortunately no one was injured.

Professor Johann Winkler, who had been hoping this rocket would be the forerunner of one which would carry mails from Berlin to New York in a few hours, has returned to Berlin.

The rocket which was six feet in length and eighteen inches in diameter, weighed twenty pounds when empty. It was charged with a mixture of thirty six pounds of liquid oxygen, and methyl.

THE IRISH SWEEPSTAKE DRAW.

It is reported from Portsmouth that one Mr. Miller, whose wife has drawn 'Mac's Choice' in the Irish Sweepstake Draw, has been unemployed for the past two years.

FALKLAND ISLANDS DEFENCE FORCE.

MINIATURE RIFLE CLUB.

The highest scores recorded at the Miniature Rifle Range last week are as follows :-

E.J. Meatasnoy, 100, J.R. Gleadell, 99, W.J. Grierson, 99, J.J. Harries, 99, L. Reive, 98, C. Thompson, 98, W. Aldridge, 98, V.F. Summers, 98, A.V. Summers, 98.

The winners of 'Lieut. Allan' prizes were "A" Class, W.J. Grierson (Canteen of Cutlery) "B" Class, C. Bradbury, (Canteen of Cutlery).

The "Egg" aggregate in "A" Class was won by W.J. Grierson, and "B" Class by A.V. Summers. "Eggs", single cards, in "A" Class was won by L. Reive, and "B" Class by V.F. Summers. The 'D.E. Richardson Prize' was won E.V. Summers, while 'Spoons' for "A" and "B" Class were won by J.R. Gleadell and O. Pike respectively.

Friday night saw the conclusion of the indoor shooting for the season when some ties were shot off with results as given

above. E.J. Meatasnoy made a 100 with his last card, totalling twelve 'possibles'.

It is hoped to hold some outdoor shoots during the Summer, and particulars will be given at a later date.

A TWO MILLION POUND BRIDGE.

It is reported from London that according to an announcement made by the Danish Ministry of Public Works regarding the erection of a great bridge over Storstrommen, negotiations have advanced greatly during the visit of Mr. Mitchell, Chairman of Messrs Dorman Long & Co of Middlesbrough.

It is understood that the Contract involves some two million pounds, and that work will begin at an early date.

The Bridge when completed will be one of the largest of its kind in the World.

THE RETURN OF THE RUSSIAN AERONAUTIC POLAR EXPEDITION.

A message from Moscow states that the Russian Aeronautic Polar Expedition, headed by the famous Pilot Tchukoski, has returned from the Arctic with a mass of valuable data which will greatly facilitate the work of future expeditions.

The ice-breaker 'Sibrakov', which was co-operating with the Expedition lost her propeller under pressure of ice, and had to complete the passage around the Northern coast of the Continent under sail, and eventually reached waters clear of ice. The vessel is now making for a Pacific Port to effect repairs.

THE MISSING INSULL FOUND.

It is reported from Athens that after four days secret flight across Europe by train, aeroplane and boat, Insull, who is wanted for embezzlement, has arrived in Greece, where he is now apparently safe from arrest on the Chicago indictment charge of embezzlement and larceny.

His brother, Martin Insull, was released on bail in Toronto on Saturday.

Tuesday, 11th October, 1932.

THE IRISH SWEEPSTAKE.

It is reported from Dublin that ten minutes after the Irish Sweepstake draw on the Gosarowitch, on Saturday, was resumed eighty thousand pounds was disposed of in ten prizes of £7893 each.

A feature of the draw for the £100 Consolation prizes was the good fortune of ticket holders in the United States. Great Britain, however, still had the Lion's share, obtaining five £7893 prizes, and two hundred and forty eight of the first three hundred and sixty six 'Consolations'.

Harry Ocklors, a 21 year old student of Grays Inn, won £7893. Other winners of large prizes include Charles Hudson, a decorator of Birmingham, and Miss Cordelia O'Donoghue, an Office worker of Barnes, London.

GERMANY'S CLAIM FOR EQUALITY OF ARMS.

It is reported from London that by mutual agreement the actual text of the German answer to the British Government's invitation to participate in the London Five Power Conference will not be published in either London or Berlin.

The English Press, however, states the reply is favourable and declares that Germany is willing to accept the British offer to exchange views with the object of reaching a practical and mutually acceptable solution of the present disarmament deadlock.

The acceptance of the note was accompanied by a verbal intimation that Germany's right to equal armaments must be accepted in principle, and that France must participate in the Conference.

The German representative in delivering the note expressed the German Government's wish that the London Conference be postponed for a few days after October 11th owing to the present session of the League of Nations.

It is uncertain that France will accept the conditions contained in the German note. Premier Herriot is opposed to London as the venue of the Conference, feeling that in London from the outset France would be in the minority. The French apprehend that the German equality claim would receive Italy's support, and that the British Premier might not be impartial owing to the assurances he is alleged to have given the German Chancellor Von Papen.

It was announced later that the French Premier has agreed to visit Mr McDonald within the next few days to discuss the French Govt's new disarmament proposals which advocate disarmament over a period of five years, which include that the League of Nations control all Air Forces - Tribunal to decide who is the aggressor in case of conflict. The tanks, and aeroplanes of the aggressor to be parked under the auspices of the League of Nations, and placed at the disposal of the aggressor's victim.

THE WORKING MEN'S CLUB SWEEPSTAKE.

The results of sweepstake draw for the week ending the 8th inst, are as follows :- 1st Prize £5. 11½. divided into three prizes, Lincoln City, Plymouth, Spurs, six goals each. Tickets Nos 290, Mrs Slade, No. 643, Mrs G.P. Biggs, and Mrs B. Biggs. No. 769. D. Biggs, J.F. Sumners. 2nd Prize. £3. 6. 8. divided into two prizes, teams Notts Forest, West Bromwich 4 goals each. Ticket No. 592. Mrs A.L. Kiddle, 579, W. Hutchinson & J. Smith. 3rd Prize. £2. 4. 5. divided into seven prizes, Ticket No. 299, J. Kirk. 661, J. Hall and W. Hutchinson, 663, J. Hall and W. Tuesday, 11th October, 1932.

TENNIS.

It is reported from London that the British International Club defeated a French team at Queens Club on Saturday by nine rubbers to six.

DEATH OF PROMINENT SOUTH AFRICAN STATESMAN.

Capetown, Saturday. Mr. Henry Charles Hull, the Minister for Finance in the first Union Cabinet, and who has played a prominent part in South African affairs for the past 30 years, died today aged 71.

MARRIAGE OF FRENCH PRESIDENT'S SON.

A message from Rambouillet states that on Saturday in the presence of almost the entire French Cabinet, M. Jean Lo Brun, son of the French President, was married to Mlle Bernadette Marin.

THE FORMATION OF A NEW SWEEPSTAKE.

It is reported from London that a sweepstake is to be promoted from Montecarlo and will be known as the 'Principality of Monaco Sweepstake'.

Four well known Englishmen have accepted invitations to join the Committee to superintend the distribution of 25% of the proceeds of the sweepstake among the hospitals, namely Sir Charles Higham, Sir John Milbank, Sir Walter Peacock, and Colonel the Hon. Wilfred Egerton.

The members of the French Government, it is understood, are favourable to the scheme.

The State of Monaco and French Charities would also benefit and share in the profits.

It is suggested there should be three sweepstakes annually for the Grand National, Derby, and Grand Prix, and it is hoped to start with next year's Grand National.

The authorities at Monaco estimate that the first sweepstake would benefit the English Hospitals and Charities by £500,000.

THE RELEASE OF GANDHI.

It is reported from Simla that the Viceroy, the Earl of Willington, has received requests for the release of Gandhi. It is understood that he would be willing to grant the request on condition that the Civil Disobedience Campaign is called off, but as it is reported that Gandhi has told several friends that 'Civil disobedience' is 'Part of his religion' the prospect of release seems remote.

CHINA AND THE LYTTON REPORT.

Dr Wellington Koo, the Chinese Minister to Paris, who accompanied the Lytton Commission as Chinese Assessor, has stated that China will accept the Lytton Report as a basis of discussion subject to the right of submitting comments and considerations.

THE STOCK EXCHANGE.

The Stock Exchange gilt edged securities jumped at the close on the announcement of the New Treasury Bonds, and War Loan was reported up to 101½, otherwise market was devoid of interest.

The commodity markets were also featureless which, was partly due to the Jewish holiday, and poor week end Wall Street advices. Liverpool cotton, however, after Saturday's fall was steadier.

Wall Street, was reported quiet, but after early irregularity became firmer.

MR. NORMAN DAVIS IN LONDON.

It is reported from London that Mr. Norman Davis, who it will be remembered left Geneva for London last week for the purpose of entering into Naval discussions, has made an announcement to the effect that he is not entrusted with any mandate or mission regarding the Far East.

Mr. Davis saw Sir John Simon on Monday, and had a general discussion with him, and though he did not deny that the question of the Far East might be mentioned, if it was, it would only be brought up in a way which would be relevant to present world problems.

FAMOUS FRENCH COMPOSER INJURED .

It is reported from Paris that Maurice Ravel, the famous French Composer, was seriously injured when a taxi-cab in which he was riding, collided with another on Monday.

SAMUEL INSULL IN SALONIKA.

A message from Salonika states that Samuel Insull reached there on Monday. He was detained at his hotel at the request of the American Legation.

When asked by the Chief Assistant of Police to accompany him to the Police Station Insull expressed surprise but complied with the Officer's request without protest, or without denying his identity.

As there is no warrant for his arrest he is to be detained at his hotel, under police supervision, until a warrant is received from Rome to which place it had been sent from Paris in anticipation of his arrival there.

JAPANESE IMMIGRANTS FLOCKING INTO

It is reported from Mukden that Japanese immigrants are flocking into Manchuria with firearms under one arm and farming implements under the other.

As most of the immigrants are men in the middle twenties, without families, it is thought that they are prepared to fight any bandits which they may encounter. They are dressed like soldiers and are grouped in military formation under the charge of Military Officers, who impose strict military discipline. Their dress consists of the khaki regulation uniform and they are armed with swords and rifles.

They are being conducted to settlements in the North Western districts, and every precaution is being taken to ensure no interference of any description.

THE POLITICAL SITUATION IN GERMANY

Berlin, Monday. A case of immeasurable importance to the development of Germany in the immediate future was opened at Leipzig today before the State Court, which is the Tribunal erected to decide disputes between the Reich and its component members.

The immediate issue is whether the deposition of the Prussian Government made on July 20th by Presidential decree setting up a virtual dictatorship in Prussia is consistent with the Constitution.

It is also expected that judgement will supply the first comprehensive and binding interpretation of Clause 48 of the Constitution, which has been the chief instrument of legislation in Germany since the beginning of the second Brüning Administration.

The case is being followed with intense interest, and the Court in which the hearing is taking place is crowded with Ministers and leading politicians. The proceedings are expected to last at least three days.

THE NEW SWEEPSTAKE.

The Director-General of the Casino, Monte Carlo, was expected to arrive in London yesterday to discuss with a British Committee matters relating to the proposed sweepstakes to be conducted under the laws of the Principality of Monaco on behalf of the British Hospitals Charities.

Meanwhile the remaining prizes of the Irish Hospitals Sweep on the Casarcwitch were drawn.

The last counterfoal being drawn just before 4 p.m. on Tuesday.

THE S.S. 'LAFONIA'

The S.S. 'Lafonia' arrived in Stanley yesterday at noon, having made the voyage from Montevideo in a little over four and a half days. She brought with her 64 bags of mail, and the following passengers, to whom we extend a hearty welcome on their return to the Colony, :-

The Honourable J. Innes Moir, Mrs Moir, and two children, Mr and Mrs Morton, Mr. G.L. Challon, Mr & Mrs W.M. Allan, and Master S. Allan, Mr. W. Etheridge, Mr. S. Atkins, Mr. Henry Sedgwick, Mrs H. Sedgwick, Mr. Aubrey Sedgwick, Mrs W.H. Sedgwick and child. The Reverend - Baines, Mr. A.G. Barton, Mr. M.G. Crocco, Mr. W. Barratt, Mr & Mrs E. Crawford, and Mr. Griap.

SOVIET RUSSIA.

It is reported from Moscow that twenty prominent Socialists, including Zinovieff, and Kameneff, have been expelled on the grounds that they have been attempting to restore Capitalism.

A SCHEME FOR THE RELIEF OF
 UNEMPLOYMENT.

A message from Berlin states that another great scheme for the relief of unemployment is being considered by the Papen-Schleicher Cabinet.

Its author Herr Geroke, Chairman of the Congress Rural Communes, proposes the expenditure of one thousand million to two thousand million marks on land reclamation, the development of communications, a large house building scheme, the establishment of farming colonies, the erection of power stations, a closely meshed net work of aerodromes,.

The resources necessary for this ambitious scheme are to be obtained from the Savings Banks, who will provide the Communes with credits free of interest for terms from five to fifty years.

TO FREEZE THE ATOM.

A scientific refrigerator, 400 degrees Fahrenheit below Zero, has been set up at Princeton University in an endeavour to freeze the atom.

CONFERENCE BETWEEN THE MANAGERS AND MEN
OF THE FOUR BRITISH RAILWAY COE.

It is reported from London that the wages of one hundred thousand men may be affected by a Conference, which is taking place this week, between the Managers of the four big Railway Companies and their employees.

SAMUEL INSULL.

It is reported from Athens that Samuel Insull, who is wanted for embezzlement, was set at liberty on Tuesday by the Greek authorities.

He has left his room at the Police Headquarters and taken up quarters in a local hotel. Although he is free to move about he still remains under police observation.

The authorities declared they could not detain him as an alien suspect for a period longer than 24 hours. The American Legation have therefore made a formal demand for his detention until the warrant arrives from Rome.

It is explained, however, that as the ratification of the Extradition treaty between Greece and the United States has not yet been exchanged, Insull could not be legally kept in custody.

THE WILL OF COUNTESS BEATTY.

It is reported from London, that the late Countess Beatty, wife of Admiral of the Fleet the Earl of Beatty, whose will has just been published, left in addition to settled funds amounting to some millions of dollars and property outside the United Kingdom, unsettled personal estate in Great Britain in her own disposition of £161,131, nett personalty £135,689.

From funds whereof she had power of appointment from the estate of her father, the late Marshall Field of Chicago, she appointed a million dollars in favour of her husband, and a million dollars each to her two children, and a son of a former marriage.

CHAIN OF AIRFIELDS FROM ATLANTIC TO
PACIFIC.

A message from Montreal states that a chain of air fields from the Atlantic to the Pacific coast is the latest project of the Dominion Government for the relief of unemployment, particularly in the case of single men.

Under the Department of National Defence camps are to be established in various centres, and the workmen will be housed on the spot.

The project provides for the construction of three big landing fields on stretches at present devoid of facilities for aviators; at Montreal, Halifax, Ottawa, Toronto, Winnipeg, Lethbridge, Vancouver.

When the work is completed the Dominion will have a chain of landing places linking the whole breadth of Canada.

THE JUNIOR KOLAPORE COMPETITION, 1932.

At the request of several residents we publish a short account of the Junior Kolapore Competition held at Bisley this year. We are enabled to do so through the kindness of a local subscriber, who has been good enough to supply us with the necessary particulars, and to whom we desire to express our gratitude.

The seven teams which went to the firing point this year were Trinidad, Federated Malay States, Nigeria, Nyasaland, Ceylon, Gold Coast, and Sudan.

In the shooting at the 300 yards not one of the twenty eight competitors made full score, but the contest was keen as only six points divided the leading team (Trinidad) from the lowest (Nigeria) when they retired to the 500 yards range. At this range Lieut Franklin of Trinidad dropped only one point with his ten shots, his sighter being a bull. Mr. Henderson also scored 49 out of 50 at the same range. When firing ended at the 500 yards the Gold Coast had a lead of one point over Trinidad, and eight over the Federated Malay States.

Shooting at the 600 yards was a severe test, for cloud and mist made target definition bad. Only one of the competitors in the Gold Coast team dropped below 45, while one member scored 47, and was only beaten by one of the Nyasaland team who scored 46.

The result after a struggle which is reputed to be the keenest since the institution of the Contest in 1923 was that the Gold Coast proved the victors with a score of 548 - one point less than the aggregate scored by last year's winners.

The Gold Coast individual scores are as follows :- Mr. Henderson, (Defence Force) 45, 49, 46. -140. Mr. Taylor (Defence Force) 44, 47, 47, - 138. Rifleman Holloway, 44, 48, 44, -136. Mr. F.C. Dickinson (Defence Force) 43, 45, 46, - 134. Totals 176, 189, 183 - 548.

The total scores of the other competitors were Trinidad 536,

(Continued from Page 3)

Nyasaland 528, Federated Malay States 525, Nigeria 521, Sudan 520. Ceylon 516.

It will be remembered that since the institution of the Competition in 1926 the following Colonies and Protectorates have been successful in the order given :- Uganda, Federated Malay States, Nigeria, Trinidad, Falkland Islands, Sudan, and Gold Coast.

SUCCESSFUL ISSUE OF BRITISH BONDS.

It is reported from London that the Two per cent Treasury Bond issue closed almost immediately after the list had been opened, and had the effect of stimulating British Gilt Edged Securities.

At the close of business gains in British Funds were general ranging from 3/8ths to 1 1/4, War Loan finishing well at 101 and 7/8ths.

The treasury bonds reached a high figure despite the fact two per cent is the lowest rate offered.

THE PRINCE OF WALES LEAVES SWEDEN.

The Prince of Wales and Prince George ended their short visit to Sweden on Tuesday. King Gustav and several members of the Swedish Royal Family accompanied them to the Station, around which a great crowd had assembled.

The Princes were expected to spend Tuesday evening at Gothenburg, before leaving at midnight for Malmö where an aeroplane was to meet them to convey them to Hamburg. Prince George was proceeding to London, while the Prince of Wales is to pay a short private visit to Amsterdam.

THE BRITISH CABINET.

The British Cabinet met for the first time on Tuesday after its reconstruction following the resignation of the Liberal Ministers, and the appointment of Sir Godfrey Collins, Secretary for Scotland, and Major Elliott, Minister for Agriculture.

A series of meetings are to be held this week at which it is understood consideration will be given to questions relating to Disarmament, the Irish situation, and the business before Parliament which reassembles after the long vacation next Tuesday.

The main political events in London this week are the visits of the French Premier to discuss Disarmaments, and Mr Devalera to re-open the Anglo-Irish negotiations.

'OLD COMRADES' IN ACTION AGAIN.

It is reported from Limerick that members of an Old Comrades Association routed some hundreds of men who attempted to break up a Cosgrave meeting at Kilmallock in County Limerick.

THE RECONSTRUCTION OF AUSTRALIAN
CABINET.

Canberra. Wednesday. Negotiations for the reconstruction of the Cabinet so as to include three members of the Country Party with the object of ensuring stability have ended in a deadlock.

THE CAPITAL OF THE CANADIAN NATIONAL
RAILWAYS.

It is reported from Ottawa that the capital structure of the Canadian National Railways totalling 2662,000,000 dollars should be heavily written down, although this perhaps inopportune at the present, declares the Report of the Royal Commission on Transportation which was tabled in the House of Commons on Wednesday afternoon.

BRITISH WOMAN SHOT DEAD IN HARBIN.

It is reported from Mukden that a British Woman, Mrs C. Woodruff, the wife of the Chief Accountant of the British American Tobacco Co, was shot dead by bandits in one of the principal streets of Harbin on Wednesday afternoon. The bandits then seized her two little daughters and made off with them. Pursuers, however, killed two bandits and rescued the girls aged six and three years respectively.

Mrs Woodruff was motoring through the town when her car was stopped by several Chinese who wore uniform resembling that of the local police. They tried to board the car and on her resisting they fired and she fell mortally wounded. The miscreants then carried off the children. They were pursued by two civilians, but as the bandits fled they fired wounding them.

The Chinese Police arriving on the scene fired at the fugitives, two of whom were killed. The others thereupon abandoned the children in order to make good their escape.

SAMUEL INSULL.

Athens, Wednesday. The United States Department has issued instructions for the withdrawal of Samuel Insull's passport, who has now been given complete liberty by the Greek Police.

It is believed by Officials here that this action is to prevent him leaving Greece unless he is deported by the Greek authorities.

In that case he will be deported either to France or Italy with which Countries the United States has Extradition Treaties.

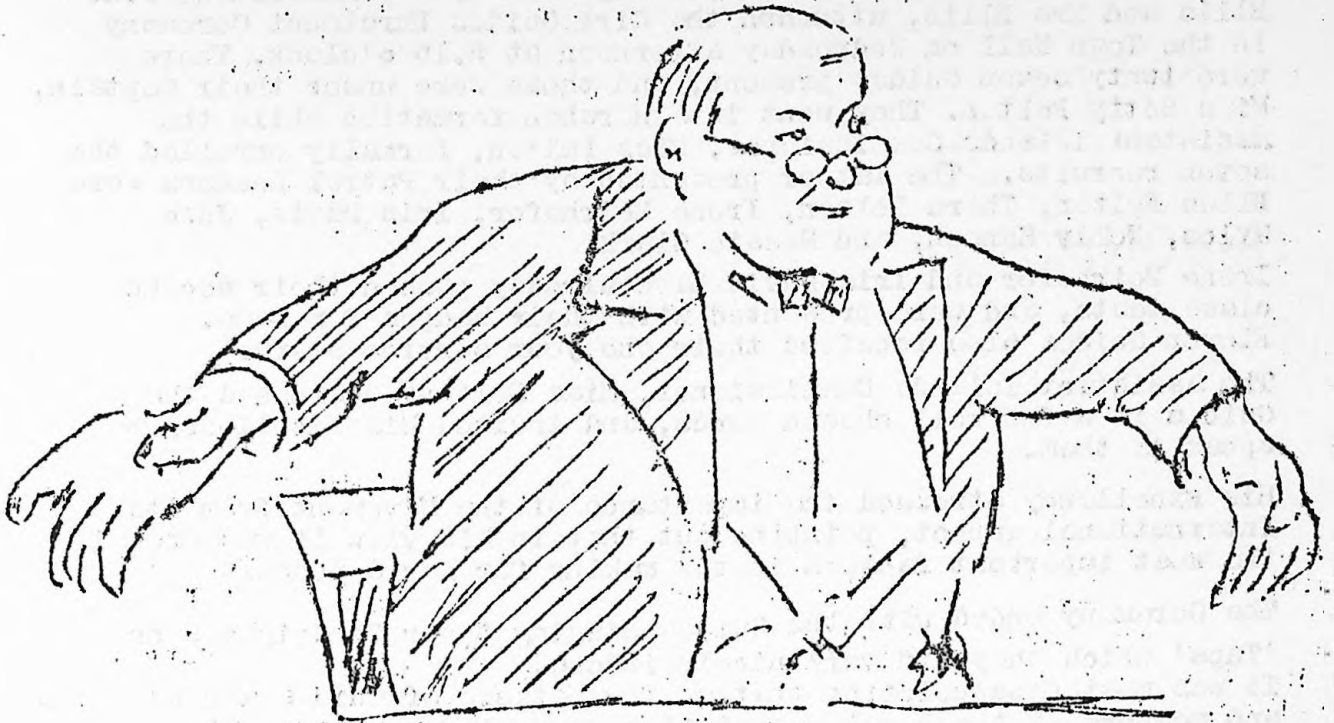

GERMANY'S CLAIM FOR EQUALITY OF
ARMAMENTS.

The French Premier, M. Herriot, arrived in London on Wednesday evening, and was expected to begin his discussions on Disarmament and the question of Germany's claim for equal armaments, with Mr. McDonald yesterday.

It is expected in League circles that the discussions will form the prelude to important developments at Geneva.

STANLEY GIRL GUIDES.

His Excellency the Governor, accompanied by the Honourable J.M. Ellis and Mrs Ellis, attended the Girl Guides Enrolment Ceremony in the Town Hall on Wednesday afternoon at 5.15 o'clock. There were twenty seven Guides present, and these were under their Captain, Miss Betty Felton. They went into Horseshoe formation while the Assistant Islands Commissioner, Miss Felton, formally enrolled the seven recruits. The latter presented by their Patrol Leaders were Ellen Felton, Thera Felton, Irene Meirhofer, Iris Davis, June Mylos, Nelly Hansen, and Bessie Clark.

Irene Meirhofer and Iris Davis have already passed their second class tests, and were presented with their badges for same. Eleven Guides also received their one year service stars.

The Assistant Islands Commissioner, Miss Felton, addressed the Guides in a few well chosen words, and invited His Excellency to speak to them.

His Excellency stressed the importance of the Movement from its International aspect, pointing out that in his view it was one of the most important factors in the making for World peace.

The Ceremony ended with the Guides singing their Goodnight song 'Taps' which they did very nicely indeed. It was most disappointing that so few Mothers of Guides and Brownies and members of the Local Association generally were present. The fact that it was rail day must have been to a great extent responsible for the poor attendance.

Those present were Mrs G.R.L. Brown, Mrs Hoare, Mrs Byron, Mrs G.I. Turner, Mrs Howatt, Mrs Meirhofer, Mrs N. McLeod, Miss Dorothy Hardy and Mrs Creamer, Acting Islands Secretary.

Under these circumstances it was found impossible to hold a General meeting of the Local Association, but it is hoped to arrange for this at a later date and that on this occasion neither mail day, weather, nor any other circumstance will prevent a large attendance.

LOCAL FOOTBALL.

A friendly match between teams representative of Stanley and the R.R.S. 'Discovery 11' took place on Wednesday evening before a moderate 'gale'. Conditions were ideal, the ground being in a much improved state as the result of being rested. With the wind slightly in their favour the visitors had the lion's share of the play in the first half, the Stanley defenders being kept busy. During this period two goals were obtained by the Discoverymen. Etheridge, deputising for Shackel in the home goal, saved well.

Half time Stanley. 0. Discovery. 2.

On the resumption the homesters did most of the pressing, and within five minutes Byron reduced the lead with a capital first time shot. The same player created several good scoring opportunities which were, however, wasted. On one or two occasions the visitors threatened danger but Etheridge and his backs disposed of their attacks. Byron saved the game by scoring Stanley's second point in the closing minutes of a more or less evenly contested match.

Result. Stanley. 2. Discovery. 2.

FAREWELL DANCE TO THE 'DISCOVERY'

A Dance, given in honour of the personnel of the R.R.S. 'Discovery II', took place in the Town Hall on Thursday evening, which, happily, was as successful financially as it was enjoyable.

The Hall was comfortably filled and everyone appeared to enter into the spirit of the occasion with the utmost zest.

It was regretted that by reasons of ill-health His Excellency the Governor was unavoidably prevented from honouring the event with His presence.

Every credit is due to the organisers Miss Ruby Wilson, Miss Maud Duffin, Mrs Winnie Gleadell, Miss Ruth Davis, Miss K. Perry, Miss Phyllis Goss, Mrs Fairport O'Sullivan, Miss Ethel Kirk, Mrs Aiken, Miss Muriel Bonner, the Misses M & K Paico, Miss Mary McAtamney, and all those who contributed in any way to the success of the undertaking.

We understand that after defraying expenses there is a balance in hand of nearly three pounds which amount is being paid to the credit of the funds of the Falkland Islands Horticultural Society. A very thoughtful and generous action, which cannot fail to arouse the warmest sentiments.

GOLF.

Miss Joyce Wethered and Mr. R.H. Oppenheimer beat Miss Audrey Regnart and Commander J.R. Johnstone in the final of the mixed foursomes at Worpleston by 8 and 7. This is the sixth successive win in this event for Miss Wethered.

FAVOROUS AMERICAN MOUNTAINEER KILLED.

It is reported from Cairo that Mr. Rand Hermon, the well known American Mountaineer, was killed on Thursday when he slipped while descending the Gophren Pyramid.

THE ANGLO-FRENCH DISCUSSIONS ON DISARMEMENTS.

A message from London states that the conversations on disarmaments occupied several hours on Thursday at Downing Street, and were expected to be resumed yesterday.

Mr. McDonald, and M. Herriott, had a private conversation lasting an hour, after which they were joined by Sir John Simon and the French Ambassador, M. de Fleurbaey.

M. Herriott remained to luncheon with Mr. McDonald, and met Mr. Baldwin, Lord Hailsham, and other Ministers and Officials. Conversations were resumed later in the afternoon and lasted two hours. It was announced that these had been marked by a very friendly spirit, and would be continued at 10 o'clock yesterday morning, after which a full communique would be issued.

M. Herriott intended to leave London at 4 o'clock yesterday. Sir John Simon gave a dinner party at Claridges on Thursday night in honour of the French Premier, Mr. McDonald being among those present. It was understood that nothing had occurred to affect the proposal put forward by the British Government, and accepted in principle by France, Germany, and Italy, that a four Power Conference should be held in the near future. The purpose of Thursday's meeting was in no sense to negotiate but merely to allow a frank exchange of ideas as to the method of removing obstacles which have impeded general disarmament negotiations.

THE PRINCE OF WALES AND PRINCE GEORGE.

Although they remained only one night in Hamburg the Prince of Wales and Prince George spent many hours visiting different parts of the great Port, including a typical block of workmen's flats which they entered and talked for some time with the occupants.

Before mid day they went to the aerodrome and flew to Amsterdam. After a short stay Prince George took leave of his brother and continued his journey in an Imperial Airways Liner to Groydon. The Prince of Wales drove to the British Legation at Hague with the Minister Sir Otto Russell. His short visit to Holland is of a private nature and he was expected to leave for England by boat last night.

THE ANGLO-IRISH NEGOTIATIONS.

The Anglo-Irish negotiations were expected to be resumed at the Dominion Office yesterday.

Mr. Bernaldo reached London on Thursday evening and was met at the Station by Mr. J.H. Thomas, Dominions Secretary, and Mr. M. McDonald, the Premier's son, who is Under Secretary for Dominion Affairs.

LANCASHIRE COTTON DISPUTE.

Negotiations for the settlement of the Lancashire Spinning Dispute on wages and hours were opened in Manchester on Thursday, under the presidency of Mr. F.W. Leggett, of the Labour Ministry, who recently effected a settlement in the Weaving Industry.

MOVEMENTS OF WHALERS.

Information has been received to the effect that the 'Gvond Foyu' arrived at South Georgia on the 4th October, and left on the 8th with eight catchers. The s.s. Harpon arrived on the 6th October, The 'Sourabaya' on the 13th. Eight British Whalers were expected on the 14th, the Salvostria was expected on the 15th, and the New Sevilla on the 18th. Thus Messrs Salvosens fleet of three factories, and nineteen whalers will have been entered and cleared at South Georgia before the 21st October.

We learn that the Motor Tanker 'Bonzo' is expected to arrive at Leith Harbour on 30th November, with 11,000 tons of whale oil for storage.

We also learn that Messrs White, Barnes, Felton, Skilling and Stevenson have been allocated to the Factory 'Sourabaya'.

THE OTTAWA AGREEMENTS.

It is reported from London that prompt measures have been taken in various parts of the Empire to put into operations the agreements entered into at Ottawa, and which have been published simultaneously in all Dominions.

Stock Markets were active on Thursday with British Govt Securities notably buoyant. War Loan changed hands freely up to a new high level of 102 9/16ths, closed at 102 5/16ths, after a rise in the day of 7/16ths.

THE EX-CROWN PRINCE OF GERMANY.

It is reported from Berlin that the ex-Crown Prince is stated to have uttered in various parts of Germany 'That he would soon be President of the Reich, or appointed Regent'.

It is thought that he must have discussed his statements with other persons, and obtained promises of support. It is recognised that a Monarchist Conspiracy exists in Germany, and that the Prince is its immediate object if not its organising head.

THE WEATHER AT HOME.

Snow fell all over Great Britain on Thursday, and temperatures were registered normal to December.

Gales and thunderstorms caused damage to houses in the North of England.

THE IRISH SWEEPSTAKE.

It is reported from Nice that two citizens of the town who drew Chelmarsh in the Irish Sweep, Messieurs Salvan and Sunbielle, are not likely to benefit much from the £15,000 prize. They are, it is stated informed by the Revenue Authorities that as the money has been won in a Foreign Lottery they are liable to surrender 65% to the State. Reports add that even if the money is not transferred to France the tax will be payable just the same under penalty of distraint in the even of default.

STR JOHN MIDDLETON LEAVING NEWFOUNDLAND.

The following is reprinted with due acknowledgement to the 'Over
Sage Mail'

Sir John Middleton has applied for permission to relinquish, for private reasons, his appointment as Governor and Commander-in-Chief of Newfoundland, and the King has acceded to his request. Sir John will leave Newfoundland in November for a month's leave before his retirement.

THE BATTLE OF THE FALKLAND ISLANDS.

A tribute has just been paid by the German Navy to the German sailors who perished in the famous Battle of the Falkland Islands. In this encounter which took place on December 8th, 1914, a strong British Force practically wiped out the whole of the German Squadron which only a short while previously had successfully attacked a British Force off Coronel. Four out of the five German ships were sunk, including the Flagship Scharnhorst, in which the Commander, Admiral Von Spee, and every man on board went down.

When the German Cruiser Karlsruhe recently visited the scene of the Battle full Naval honours were rendered the dead.

While the Officers and Crew stood to attention on board the Cruiser a large Iron Cross was dropped into the sea in memory of their comrades. Attached to it by a ribbon was the Iron Cross posthumously awarded to Admiral Von Spoe.

THE LANCASHIRE COTTON DISPUTE.

It is reported from Manchester that important progress has been made in the Cotton spinning peace negotiations, both sides having agreed to the restoration of a forty eight hour week.

In view of this restoration the operatives have agreed to accept a larger reduction in wages.

DEARLY ROBBERY IN THE STRAND.

London. Saturday. Two men carried out a daring robbery of a jeweller's shop in the Strand this afternoon. Scores of people were passing at the time. One man smashed the shop window, and his companion seized a quantity of jewellery. The alarm was raised immediately but the men escaped down a side street.

THE BRITISH CAPTIVES IN MANCHURIA.

It is reported from Yingkow that although it is feared negotiations for the release of Mrs Pawley, and Mr Charles Corkran will take some time, emissaries sent by the Japanese Authorities are making every endeavour to get into close contact with the Bandits.

GERMANY AND ARMAMENTS.

A message from Geneva states that a fresh deadlock arose on Friday evening regarding Germany's claim for equality of armaments. Germany has refused to attend the Four Power Conference which was agreed upon as the result of the London Conversations between Mr. McDonald and M. Herriott.

In order to try and induce Berlin and Paris to consent to a Conference, Lausanne has been cited as a venue.

It is stated that Germany fears "The danger of being manoeuvred through a back door into connection with the Disarmament Conference before her claims for parity have been settled.

Almost before the Anglo-French conversations had ended Monsieur Massagli, the French Delegate to the Disarmament Conference, made an attack on Germany which calculated to increase the tension between the two Countries. He declared the German Police were an armed force equipped with machine guns, and they should be reckoned as part of the Reich's effectives. The speech caused a great sensation among the delegates.

JACOB FACTOR TO RETURN TO ENGLAND.

It is reported from Chicago that Jacob Factor, by order of the United States Court of Appeal, is to be deported to England to stand his trial on charges of fraud.

CAPTAIN VON GRONAU FORCED TO DESCEND.

A message from Rangoon states that after a forced descent in the Indian Ocean off the southern coast of Burma owing to a broken water pump Captain Von Gronau, who is attempting to make a flight around the world, has been rescued by the British steamer Karogolas. He and his companions escaped uninjured.

The Karogolas has taken the aeroplane in tow, and is expected to reach Rangoon on Tuesday morning.

Captain Von Gronau's machine was equipped with wireless, and when the mishap occurred he was able to send out a message giving his exact position.

THE WHALING INDUSTRY.

A decision which will affect British Companies interested in the Norwegian Whaling Industry was taken at an extraordinary meeting of the Shareholders of the Ektoria Whaling Company at Tonsberg.

It was decided at this meeting to suspend, provisionally the trading agreement between the interested British and Norwegian Whaling Companies. The meeting authorised the Board of Directors

(Continued overleaf)

(Continued from Page 3)

to draft a scheme for the continued collaboration between British and Norwegian interests during the period of suspension.

A proposal was adopted authorising the transfer to the British Flag, or to the Flag of the Falkland Islands, of the floating Factory Hektor and seven whalers, provided that they are transferred to a Company in which the Hektor may acquire the total amount of shares.

THE NEW YORK STOCK MARKET.

The recent decline in commodity and security prices which had re-awakened National anxieties, and heightened scepticism of returning prosperity was sharply reversed today (Saturday).

The improvement in grain and cotton was only only moderate, but so closely does Wall Street associate business revival with higher commodity prices that a slight rise was sufficient to revive sadly drooping confidence. A large part of the rise is attributed to the hurried covering by professional traders, although Brokers reported substantial orders from various parts of the Country, and gratifying expansion in foreign buying. The total transactions during the day exceeded two million shares.

BRITAIN'S LEAD IN DISARMAMENT.

It has been officially stated that the comparison between Britain's naval strength in 1913 and 1932 is as follows :- Capital ships reduced from 69 to 15, Cruisers from 108 to 52, destroyers from 285 to 147, and submarines from 74 to 52.

QUICKER TRAIN SERVICE.

The London North Eastern Railway announces that further extensive changes in the running of express trains will come into operation at an early date.

Thirty minutes are to be taken off the time allowed for the journey from London to Edinburgh. The three hundred and twenty nine miles journey, with four stops en route, being undertaken in seven and three quarter hours.

MESSRS HARLAND AND WOLFF'S LOSSES.

According to the statement of accounts Messrs Harland & Wolff, the Belfast shipbuilders, trading for the financial year year just ended has resulted in a loss of £283,000 without making any provision for depreciation.

The profit for the previous year, after providing over a quarter of a million for depreciation, amounted to over a hundred thousand pounds.

THE FRENCH PREMIER TO PAY A VISIT TO SPAIN.

It is reported from Paris that the French Premier Herriot is to make an official visit to Spain at the end of the present month.

This visit, despite its appearances, is to be no mere act of courtesy, says the British Press, M. Herriot's aim is to promote rapprochement between the two Republics.

He is due to reach Madrid on October 31st, and is expected to stay for a few days.

One object of his journey is to invest the President of the Spanish Republic, Senor Zamorra, with the Grand Cross of the Legion of Honour.

It is said that beyond this ceremonial picturesque formality the French President has in his mind an idea of cementing a real entente between France and Spain.

Spain is expected to figure shortly at the Disarmament Conference as one of the chief supporters of M. Herriot's scheme for disarmament and security.

THE ANNIVERSARY OF FASCIST MARCH ON ROME.

The anniversary of the Fascist March on Rome was celebrated on Saturday by a gathering of 25,000 people from every part of Italy representing the Black Shirts.

Signor Mussolini addressed a vast audience in the Piazza Venezia and received a great ovation.

THE FOUR POWER CONFERENCE.

It is reported from London that although the British, French, and Italian Governments approve of the suggestion for a four Power Conference but that Germany is adamant in her refusal to attend.

Mr. MacDonald will make further efforts to overcome Germany's decision, and hopes that the four Power Conference will meet in Geneva at an early date to discuss the obstacles which have arisen at the Disarmament Conference.

HOKTOR VII ARRIVES IN SOUTH GEORGIA.

Information has been received to the effect that the Whaler 'Hoktor VII' arrived in South Georgia on Sunday from Montevideo.

GERMANY AND FOREIGN CREDITS.

It is reported from Berlin that a peremptory demand that short term foreign credits, which are the subject of a 'standstill agreement', be transformed into long term loans was made by Herr Von Papen in a speech at Paderborn on Saturday.

He described the question as particularly urgent, and said 'That although we have succeeded in repaying within a brief period more than 5000,000,000 marks of Foreign Capital lent to us, which is a sign of unbroken economic efficiency in Germany, further removals of foreign money from the Country at present is impossible. It would gravely imperil the recovery of Germany, and lead to exceedingly serious effects. It must therefore be expected that foreign countries will allow money lent to Germany by them to be consolidated beyond the existence of the 'Standstill Agreement'.

FURTHER RECOVERY FROM LAKE NEMI.

A message from Rome states that the hulk of the second of Emperor Caligula's galleys has been recovered from Lake Nemi, in which it has been submerged for nearly two thousand years.

It is now being moved slowly up an inclined plane to a hut destined to shelter it temporarily, that is until such time as funds will allow the building of a permanent museum.

For four months work has been proceeding on the strengthening of the timbers, the whole being impregnated with a bituminous preparation to arrest further decay.

It is reported that the ship has been greatly damaged by the work of grapplers and divers at different times since the 15th Century in attempting to retrieve bronze figures and works of art.

THE SITUATION IN MANCHURIA.

It is reported from Mukden that Britishers and other foreigners in Harbin are living under a reign of terror owing to the virtually unchecked crimes of the local bandits, and the situation is described as hardly less serious than in most other cities in Manchuria..

Mr. Kent, the Legal Adviser to the British American Tobacco Co, who has just returned to Mukden from Harbin, states that the situation is intolerable. He declared the Chinese Police to be useless, they invariably vanish when trouble arises. Unless the authorities act quickly the foreign population of Harbin declare they will form a Defence Force of their own.

SOCIAL EVENING AT THE DRILL HALL.

A very pleasant function was held at the Drill Hall on Saturday night when the members of the Defence Force Badminton Club were 'at home' to Lieutenant and Mrs W.M.Allan, who have just returned to the Colony from leave.

During the evening a break was made in the play, when the members of the Club and their guests sat down to a well laden table of food stuffs, which were provided by the lady members.

Miss M. Davis, Honorary Secretary and Treasurer, and Mr. J. Turner, Club Captain, welcomed the guests. In his remarks, Mr. Turner on behalf of the members of the Club offered a hearty welcome to their guests on their return to the Colony, and he hoped they had enjoyed their holiday.

The members of the Club had not forgotten that Mr. Allan had started their Club, and it was partly through his initiative and hard work that the Club had progressed so well. In conclusion he hoped they would both have a pleasant time during their tour of duty in the Colony (Applause).

In reply Mr. Allan thanked Mr. Turner for his kind words of welcome which were appreciated very much by Mrs Allan and himself, he also wished to thank Miss M. Davis and the Ladies who had provided all the good things he could see on the table. It gave him great pleasure to return and see so many members present there that night, and to have met so many new members who had joined the Club during his absence.

It was very complimentary of Mr. Turner to mention that he had started the Club, but he was sure that they would all agree when he said such a Club was necessary within the Defence Force. The Club had progressed above all expectations, both socially and from a financial point of view. He hoped the mutual harmony would continue and that members would not forget the fine touches that were in the game of Badminton when they were inclined to use the hard hitting brand. In conclusion he thanked one and all for the kind welcome they had extended to Mrs Allan and himself, and hoped that they would all do justice to what the Ladies had provided for their entertainment.

WEST STORE CHIT CHAT.

FIRST AID TO THE DROWNING AT LAKE NEMI (With apologies to the 'Penguin' news columns)

A message states that the hulk (body ?) of the second Emperor Cuticura (or the second body of the Emperor, it doesn't matter which) has been recovered from Lake Nemi, in which it has been submerged for nearly two thousand years.

He is now being moved slowly up-hill to a nearby Public House destined to shelter him while funds permit.

For four months work has been proceeding on the strengthening of his ribs (and his ribs). Some of the older inhabitants will remember that his last words were 'shiver me timbers'. The internal application of an alcoholic preparation known the world over as Johnnie Walker has arrested any decay that might or might not have been present, and while it has had a marked rejuvenating effect on the Emperor it has also stopped the excessive shivering in his timbers.

It is reported that the constant contact with fresh water has impaired his sense of taste, however after a short course of Johnnie Walker treatment this returned and his first words were 'That's good whiskey'.

APPRECIATION !!!!! How many of us appreciate a good thing ? Good whiskey for example. Yet, Johnnie Walker, real Scotch whiskey, and the best at that, is obtainable at any time at a very modest sum. Do you realise how easy it is to obtain the best ? Not only the best whiskey but - Well ! Look at these millinery Store prices. The prices are the best because they're the lowest, and the goods are the best because the quality is right.

SAMUEL INSULL TO BE KIDNAPPED ?

It is reported from Athens that Samuel Insull, the financier who is wanted in Chicago on a charge of embezzlement, declared on Monday that he had received a telegram to the effect there was a plot to kidnap him. This message, he said, ran as follows " We have reliable advice that the Chicago authorities have hired four Greek American detectives in America to be sent to Athens to kidnap you and remove you to this Country! They have not yet left America. "

In Chicago it is believed the authorities in America may alternatively try to arrange for other residents in Athens to do the job, but that the report will be confirmed or otherwise during the course of the next day or so.

THE SITUATION IN MANCHURIA.

Mukden, Monday. Chinese Bandits today attacked a train full of Russian refugees on the Chinese Eastern Railway. Petrol tanks were attached to the train and after the Bandits had brought it to a standstill one of the tanks exploded. Flames spread quickly to the passenger coaches and panic ensued.

The terrified passengers tried to flee from the blazing train but the bandits fearing they would lose the proceeds from rifling their pockets shot them down. Many unfortunate passengers were killed and wounded.

At Mulantien, east of Harbin, a further outrage occurred wherein an American Catholic Missionary Priest was killed when a number of bandits surprised a travelling party. The bandits were driven off by the Japanese escort, but the Missionary was shot dead.

THE ANGLO-IRISH QUESTION.

London, Tuesday. The Dominions Secretary, Mr. J.H. Thomas, in the House of Commons today outlined the course of last week's abortive Anglo-Irish Negotiations in regard to which a full white paper will shortly be published.

Mr. Thomas said that prior to last week's meeting the position was that the Government had offered either arbitration on the validity of the Irish Free State obligations to the United Kingdom Exchequer, or direct negotiations providing there was a prospect of finality.

Mr. Devalera agreed to negotiations on this basis and they were directed to financial matters outstanding.

The Irish delegation presented their case from the historical, technical, and legal viewpoints.

They denied the validity of the agreement from which result payments claimed by Britain are due, and they assert no ultimate financial settlement between the two Countries was ever made. They claimed on this basis that new settlement should now be made covering all financial matters between the two Governments. In this connection they put forward a claim not only in respect of treaty matters such as alleged overtaxation of Ireland since the Act of Union 1801 to the extent of some hundreds of millions of pounds, but also in respect of matters arising since the Treaty including unspecified losses said to be sustained by them through Britain's departure from the Gold Standard.

During the discussions Mr. Devalera insisted that the only solution of the difficulty was a United Irish Republic with some sort of connection with the British Commonwealth.

The British delegates were unable to find that any new point was brought forward affecting the validity of the 1923 and 1926 Agreements. The British delegates again expressed willingness to arbitrate on the legal issues, but this Devalera was unable to accept as he maintained his previous attitude towards an Empire Tribunal.

Based themselves on the view that the 1923, and 1926, Agreements were made in complete good faith, and that the 1926 Agreement was intended and stated, in terms to be the ultimate financial settlement, the British Delegates could not accept the claim that settlement could be reopened unless some manifest injustice was disclosed in the terms. So far from that being the case the discussions confirmed their view that the settlement then made was advantageous to the Irish Free State.

The view that there was neither legal nor moral basis for the Irish Free State claim regarding overtaxation in the past was supported by illustration and argument, and it was also made clear that a claim regarding matters subsequent to the treaty and agreements could not for a moment be accepted.

Mr. Thomas added that although the British Ministers were actuated by a sincere desire to end this unhappy dispute it was obvious from the discussions that the Irish Free State representatives had no intention of admitting either the validity or justice of previous agreements.

THE EFFECTS OF THE OTTAWA AGREEMENTS.

Mr. Neville Chamberlain in the House of Commons on Tuesday night proffered his statement on the Ottawa Agreements by declaring that if the success of the Ottawa Conference resulted in increased prosperity of the United British Empire then that was the largest contribution which the Empire could make towards the restoration and prosperity of the World.

The Conference, he said, resulted in a better understanding between all parts of the British Empire. For the first time India has recognised definitely the principle of Imperial preference, while Canada and Australia, two of the most industrialised Dominions had given up the idea that their Home Markets were to be reserved entirely to home manufactures. The new departure was that for the first time the whole Colonial Empire had been brought into negotiation.

The general trend of the agreements reached was the lowering of International tariffs and further mutual co-operation.

The United Kingdom's policy was, first, to help their own Home Markets, and secondly, give an expanding share of the Import Market to the Dominions.

He believed they had laid at Ottawa the foundation of a real Imperial Agricultural Association, while the British Delegation had brought back solid advantages for manufacturing interests which would be put into immediate effect.

MR. ARTHUR HENDERSON RESIGNS LEADERSHIP
OF LABOUR PARTY.

It is reported from London that Mr. Arthur Henderson tendered his resignation as the leader of the Labour Party in a letter in which he recommends the Party to revert to a former practice of regarding the Chairman of the Parliamentary Party as actual leader.

Mr. Lansbury thus becomes leader, and Mr. Henderson, who lost his seat in Parliament at the last election, will remain as Secretary and Treasurer.

NEW FINANCIAL ADVISER TO THE GOVERNMENT
OF NEWFOUNDLAND.

St. John's, Newfoundland, Tuesday. Sir William Ewart Havort, the 71 years old Canadian Banker, has been appointed Financial Adviser to the Government in succession to Sir Percy Thompson, of the British Treasury Department, who was lent to the Newfoundland Government some time ago.

FRANCE'S FINANCIAL PROBLEMS.

A message from Paris states that Parliament reassembled on Tuesday and the Finance Commission began its preliminary consideration of the Budget position.

The problem to be solved is how to find new sources of revenue, or to secure further economies, which will make a total of Sixty four million pounds.

The Vice President of the Commission expects in consequence of the poor return from taxation in the current budget, the Financial year will close with a deficit of about thirty two million pounds. It is generally believed the Government will propose to get over next year's difficulties of falling revenue by meeting a considerable portion of current expenditure out of loans.

ARRANGEMENTS FOR A ROYAL MARRIAGE.

For the marriage of Princess Sybille of Saxe-Coburg-Gotha, and Prince Gustav Adolf of Sweden there is to be the largest gathering of Royal Personages that has taken place in Europe since the War.

All the guests have arrived, and the Civil ceremony was scheduled to take place yesterday, and the religious ceremony today.

Sixty four members of ruling or former ruling Houses will attend. British Princess and Princesses and members of the Imperial House of Germany will meet for the first time since the War.

The civil ceremony will be performed by the Hitlerite Burgomaster, and Hitlerite 'Storm Troops' will line the Streets.

The Bride and Bridegroom are both great grand children of Queen Victoria.

BELGIAN CABINET RESIGNS.

It is reported from Brussels that the Belgian Cabinet resigned on Tuesday as a result of a dispute concerning the Government's reconstruction scheme.

HIS LORDSHIP THE BISHOP'S GENEROUS GIFT.

We are privileged in being able to publish the following extract of a letter from The Right Reverend Bishop of the Falkland Islands :-

" I hope something is going to be done about a Bisley Team this next year. I very much hope that the break of this year will not break it down altogether. You can put me down for £25. I would even give more to save it. I think it is a very fine thing both for the sake of the Falkland Islanders as well as for outsiders. As the Naval Film proved, and as I know as a Guernseyman, people are liable to make game of places like Islands until you show that Guernscoymen occupy leading positions in all parts of the World and that at Bisley the Kolaporo Cup can be won by Falkland Islanders. "

Once again His Lordship, whose visits to our shores are all too brief and far between, but whose thoughts, evidently, often dwell on us, has provided us with an example of his practical support and interest in our activities.

His Lordship's generous donation to the Bisley Fund will be received by our readers, and the Public generally, with feelings of gratitude difficult to express.

DEATH OF MR. JOHN MCGILL.

We understand that information has been received to the effect that Mr. John McGill, son of Mrs M. McGill, lately of Stanley and now resident in Scotland, died in the West Ham Mental Hospital, Goodmayes, Essex, on the 13th August last.

Our sympathy is extended to the relatives in their bereavement.

FRANCE AND THE INTERNATIONAL
CHESS BOARD.

The situation of France and its position on the International Chess Board and its anxieties as to the future formed the subject of some outspoken remarks made by Premier Herriot in a speech in Paris on Wednesday.

He said they had reached a moment when claims which were gravely menacing had awakened them from slumber. On certain sides France was being attacked directly, and elsewhere she was misunderstood so much that her most generous gestures were not comprehended. The moment is very critical and France requires all her vigilance to assure not only her own tranquillity, but that of others. We hope Germany will explain exactly what she means by equality of rights and also what purpose certain groups organised on military lines, outside the Treaty stipulations, are for.

One third of the nominal working population of New York, which approximates to 1,150,000 persons, are without jobs according to the Executive Director of the Welfare Council.

THE MONEY MARKET.

London, Wednesday. Sterling slumped this morning from the overnight quotation of 3.45 dollars to 3.35 under the influence of selling pressure. Later however there was a sharp rally as a result of repurchases and the closing rate was 3.39 and $\frac{1}{8}$, which showed a net loss on the day of only $\frac{1}{8}$ cents.

It was generally understood that the weakness of sterling was due chiefly to the withdrawals of Foreign Funds and the desire of French Bankers to strengthen their position. Following the decline of the pound in terms of American dollars, gold jumped in a spectacular fashion advancing $\frac{2}{2}$ to 122 shillings and 2 pence per fine ounce. The price paid for sovereigns today was 28/6 each, the highest yet reached.

THE REDUCTION IN NEW YORK BUDGET.

THE CHURCH AND DISARMAMENT.

The Prime Minister and Sir John Simon on Thursday received in the Locarno Room of the Foreign Office an influential deputation representing the Established and Nonconformist Churches desirous of assuring them of their unreserved support in any effort to obtain a substantial measure of International Disarmament.

The Archbishop of Canterbury, who led the deputation, stated that he knew of few subjects which had aroused in the Churches such unanimity and depth of conviction as the question of disarmament. They recognised full the practical difficulties with which Ministers were faced, and he wished to assure them of the support of the great volume of Christian public opinion which felt growing concern at the international situation, and the present position of the Disarmament Conference.

The Archbishop said they felt a moral obligation that the promise given by the Allied Powers after the War should be fulfilled, and they thought it would be morally wrong at this stage in the World's history to acquiesce in anything less than wide and general reduction of armaments which bring no sort of security for peace but rather constant menace of war.

They hoped there might be an endeavour to restrict, and in some cases even to forbid the use, of five categories of obviously aggressive weapons namely tanks, land guns, submarines, warships over ten thousand tons, and military aircraft. They would also give enthusiastic support to the maintenance of as close cooperation as possible with the United States. Britain was the natural link between Europe and America, and if in anxious times ahead such cooperation could be maintained it would have an enormous effect upon world opinion. They believed the British Government by reason of the armament reductions she had already effected, by its known sympathy to France, and by its declared desire to be fair and just to Germany, was in a position to give a really effective lead on Disarmament, and that the best elements in Europe would welcome such a lead in the present perplexity and confusion.

After other members of the Deputation had spoken the Foreign Secretary, Sir John Simon, expressed his appreciation, and said they welcomed any pressure which would strengthen their hands. Regarding the recent British Note to Germany he said it was not written to urge a legal proposition, but was designed to put aside technical and legal arguments as not being the real ground to explore, but that the claim was in a moral and not a legal sphere. What could be done in the future was not to be restricted upon what Britain had already achieved since the War in the nature of disarmament. On the other hand it would be a great injustice to England if others did not follow, and would actually hinder the acceptance by their own people of a desire for disarmament. Since the War Britain was the only big Country in the World which had made large reductions in armaments. That fact combined with the existing responsibility of protecting her interests in all parts of the World must be borne in mind. The real complication arose in fitting the moral purpose, which they all wished to pursue, into the excessive complications of the practical.

The Prime Minister while also welcoming pressure on moral aspects of disarmament said the peace-maker had not only to consider the moral issue, but also all other possibilities of the situation. The Government wished to do big things and since February they had hung on tenaciously to a desire to create not merely some state of disarmament but a more difficult thing namely the state of will to peace. He wished to be the head of a Government which not only signed a document about the reductions of armaments, but which left nothing undone in the way of International Disarmament.

BRITAIN AND THE OTTAWA CONFERENCE.

London. Thursday. Sir John Simon stated today it was untrue that the Ottawa Conference precluded Britain from bargaining successfully with Foreign Countries.

Since the recent changes in tariff policy the Foreign Office had been visited to quite an unusual extent by the representatives of different Countries desiring to negotiate on Trade matters.

Sir John Simon recalled the efforts of the late Mr. William Graham to promote International Tariff truce, which were unavailing, and said they failed at that time because Britain had nothing with which to negotiate.

As a result of the Ottawa Agreements Britain now had an opportunity such has she never had before of making bargains with other Countries.

FRENCH PLAN FOR BALANCING BUDGET.

Paris. Thursday. The Government's plan for balancing next year's budget was completed this morning after a three hours meeting of the Cabinet. This afternoon the Finance and Budget Ministers explained the proposals to the Finance Commission. That body received far from favourably the proposal for part of next year's expenditure, which was to be covered by loans. The estimated expenditure for next year has not yet been officially stated, but in round figures expressed on the gold basis it is expected to be £448,000,000..

Among the proposals to effect the liquidation of the deficit of £64,000,000 a new tax on road transport, increases in certain indirect taxes, a new duty on petrol, modification of the succession tax. These are expected to yield £34,000,000, and the remainder will be provided by loans.

THE MARRIAGE OF PRINCESS SYBYLLE OF SAXE-COBURG-GOTHA.

Berlin. Thursday. Mild autumnal sunshine poured down on Coburg this morning as Princess Sybylle drove in from Kallenberg Castle amid the pealing of bells and cordial cheering of the populace to receive the blessing of the Church on the occasion of her marriage to Prince Gustav of Sweden.

The gaily adorned town was crowded as never before, its population is only twenty five thousand but there must have been three or four times that number assembled within its walls today.

The route to the St. Moritz Church, where the ceremony took place, was lined with the storm troops of the Hitlerite Army, and Boy Scouts who treated the bridegroom as one of themselves.

Many onlookers, both men and women, wore the picturesque peasant costumes of Bavaria and Thuringia.

After the ceremony the bridal party drove in slow procession through the streets, crowded with rejoicing people, to the Citadel where the wedding breakfast took place.

DEATH OF THE MARQUIS DE CASTELLANE.

Paris. Thursday. The Marquis de Castellane, for many years one of the most striking figures in Paris who was noted for his lavish hospitality and expenditure, died here this morning aged 65, after several years illhealth.

Long before his death the Marquis looked back on his life as though he were surveying the history of an entirely different person. Commenting on his career and its inevitable end he said recently 'I shall have at least one consolation, I have never been bored'.

THE IRISH SITUATION.

Dublin. Thursday. Mr. Devalera has again upset Ireland. His Government's fresh list of tariffs has led to dismay, for in the opinion of responsible men and women it must accentuate the economic disaster already caused by the refusal to meet the annuities payments.

The situation was already serious before the introduction of the fresh tariffs.

One Dublin authority of wide experience said 'Devalera and his colleagues are living in a fools' paradise. Official statistics show clearly the losses we are suffering. Within two months of the imposition of the British Special Import Duties, exports from the Free State to Britain dropped by more than two and a half million pounds sterling.

Montreal, Saturday. According to the Final Crop report issued by the Bank of Montreal the yield of field crops in Canada generally this year is well in excess of the average for the past ten years and the largest since 1928.

THE ANGLO-IRISH ECONOMIC WAR.

Dublin, Saturday. The belief is steadily growing among all sections of the community here that nothing, save the secession of Devalera, can now prevent the trade of the Irish Free State from being completely ruined. Everywhere the same lament is heard about the folly of the economic war for which he is responsible. One cannot be in Dublin very long without realising the intense hostility and contempt which Devalera has evoked by his actions. The colossal damage done to the trade of the Free State is observable everywhere. Yet English goods continue to come in. The head of a big firm of coal importers said today "We are bringing in as much English coal as ever we did notwithstanding the duty and Continental coal that is admitted free. German and Polish coal is being imported as well, but our experience is that English coal has a popularity of its own. Just the same thing is happening in regard to the cement trade where big supplies are being taken from England as if nothing had happened".

A PLOT TO CAPTURE PRESIDENT HINDENBURG.

Berlin, Saturday. An astounding story of a Hitlerite plot to make President Hindenburg a prisoner and compel him to agree to a Dictatorship is told by one of the soberest German papers 'Der Deutsche'. Certain circles where the 'Storm Leaders' belong played with this idea early in the year, the Dictator was not to be Hitler or Strasser, and his identity is not revealed."

The German Press reports that the Papen Chancellorship is rapidly nearing its end, and that this view is taken seriously in well-informed Political circles. The change, however, will only be that of the figurehead as the new Chancellor is expected to be General Von Schleicher.

AMERICA ENTERS LAST STAGE OF PRESIDENTIAL ELECTION.

It is reported from New York that America has entered the last stage of the Presidential election with both candidates avoiding such topics as War Debts and the Participation in a World Economic Conference.

There has been much talk of tariffs, but little disposition to consider them in relation to World prosperity.

Bitter complaints are made by the Independent Progressive Party, including Senator Borah, deploring the tendency of both major parties to ignore 'International Problems' and hard economic facts which have demoralised trade and monetary systems.

DEATH OF THE DOWAGER MARCHIONESS OF LANSDOWNE.

London, Saturday. The Dowager Marchioness of Lansdowne died here tonight aged 81 years.

JAPAN AND THE LYTTON REPORT.

It is reported from Tokio that Japanese diplomacy is not remaining idle pending the discussion of the Lytton Report by the League of Nations Council in the latter half of November.

It will be remembered the report described Soviet Russia as a Power with special interests in the Manchurian problem. Tokio at one time had some reason for fearing Soviet hostility to its present policy in Manchuria. Now, however, Moscow has been won over to the idea of recognising the Manchukuo State, and the pact of non-aggression may shortly be arranged between the three Governments. Having pacified Moscow Tokio it is understood is now turning its attention to America's opinion, and it is believed that Japanese diplomacy is now to placate United States' business opinion' by prompting the Manchukuo Government to offer attractive contracts to American firms for the construction of Public works there on a large scale.

RIOTS ON WELFARE ISLAND.

New York. Saturday. Serious riots resulting in one man being stabbed to death, and many injured, broke out today among the prisoners on Welfare Island, East River.

The disturbance was only quelled after all available Police in the neighbourhood were rushed to the scene.

The trouble was caused by a dispute between the Irish and Italian factions.

HUGE LOANS MADE BY AMERICAN FINANCE CORPORATION.

Washington. Saturday. It has been announced today that the Reconstruction Finance Corporation has made loans totalling one hundred and seventy seven millions dollars during the month of September.

NEW BELGIAN CABINET.

Brussels. Saturday. A Ministry of "All the talents" has been formed today by Count de Broquevilliers, Premier and Minister of State. The Ministry includes the following Minister of Justice Janson, Foreign Minister Hymans, Minister of Finance Jaspar, Minister of the Interior Pouillet. A feature of the formation is that four ex-Prime Ministers are included in the Cabinet.

THE RELEASE OF MRS PAWLEY AND MR. CONKERN.

London. Saturday. The British Government has sent a Note expressing its gratitude to the Japanese Government on obtaining the release of Mrs Pawley and Mr. Conkern.

Consular Officers have also been instructed to extend the thanks of the Government to all those who assisted in any way to effect the release.

PRINCESS HELEN RETURNS TO BUCHAREST.

A message from Bucharest states that great excitement prevailed there on Saturday evening when it was reported that Princess Helen was returning there that night unexpectedly.

It was rumoured that the new Premier, M. Maniu, made it a condition of office that a fresh attempt should be made to effect a reconciliation between the Princess and King Carol, and it is believed that this visit is connected therewith.

THE UNITED STATES ELECTION CAMPAIGN.

New York. Saturday. With only a fortnight for campaign work before the election for the Presidency of the United States, President Hoover has abandoned his strictly defensive attitude and called the Democrats 'Trouble makers'.

Mr. Franklin Roosevelt, the Democratic candidate, has declared plainly his programme which includes the repeal of prohibition. He ridicules the idea that the American depression was of 'Foreign Origin' as asserted by Mr. Hoover. Addressing 10,000 people at Knoxville Tennessee, yesterday afternoon Mr. Roosevelt declared that the Financial boom of 1929, the tariff, and Mr. Hoover's failure to check the boom, were the causes of the woes from which the United States were suffering.

BELGIAN PARLIAMENT TO BE DISSOLVED.

Brussels. Saturday. Following the formation of the new Cabinet the Premier, Count de Broqueville announced that the Belgian Parliament next week, and that fresh elections would be held almost immediately.

THE DANISH HOUSE OF COMMONS AND NEW TRADE REGULATIONS.

It is reported from Copenhagen that the Folketing, the Danish House of Commons, has passed a Government Bill introducing new trade regulations, but it is expected the bill will be rejected by the Landsting, the Upper House, when the Folketing will be dissolved and new elections held.

SETTLEMENT OF THE DISPUTE IN THE COTTON INDUSTRY.

The settlement of the dispute in the spinning section of the Cotton Industry is regarded as a great personal triumph for Mr. F.W. Loggett, the Ministry of Labour Negotiator, who also brought the recent weaving dispute to a successful conclusion.

The agreement besides a wage reduction of $1/6\frac{1}{2}$ in the £ from Monday last embodies the following points; the 48 hour week abandoned last December to be restored, further negotiation for the securing of maximum production, Conciliation Committee to be established,

Tuesday, 25th October, 1932.

MUSSOLINI ADDRESSES AN AUDIENCE OF 155,000.

It is reported from Turin that Signor Mussolini on Saturday addressed a monster meeting of 155,000 Fascists in the Castle Square. Besides dealing with the domestic situation he outlined Italy's attitude towards international problems, and affirmed her intention of remaining within the League of Nations. He supported the German claim to parity of armaments, while declaring she must not ask to disarm, and delivered a warning against hegemony in Europe.

Referring to the Four Power Conference Mussolini urged the collaboration of the four Western Powers saying "If this is established Europe would be tranquil politically, and perhaps, the economic crisis would be ended."

HITLER LOSING ADHERENTS.

Berlin. News is arriving from all parts of Germany which indicates that Hitler is losing his adherents even faster than he won them a few months ago. The numbers attending his meetings have dwindled remarkably since the last election, and his campaign in East Prussia is believed to have proved a fiasco.

Six months ago there was no auditorium large enough to hold the hosts of his hearers, while now the hall in which he spoke at Königsburg showed many hundreds of empty seats. It is also stated that the hostility of the Government is impeding Hitler's propaganda.

The Nazi Flying demonstration at Waldau Aerodrome, near Cassell, is being forbidden by the War Minister, who owns the ground.

A serious personal defection is that of Herr Bachhaus, the Nazi President of the Bremen Parliament, who has resigned from membership of the Nazi Party, and from office in the Diet.

A CAMPAIGN TO BOYCOTT BRITISH GOODS.

Dublin. Saturday. Fresh impetus was promised today to the campaign for boycotting British goods, which has been allowed to continue for some time in the Free State.

Orders have just been issued for the boycotting of separate goods for periods of about a fortnight beginning today with British ales and sweetmeats. A canvas of a determined kind is threatened on all premises where these articles are sold in the hope that the traders will be intimidated.

In the most important essentials, however, boycott has failed and British goods continue to be sold despite the duties.

HEAVY RAINFALL IN GREAT BRITAIN.

It is estimated that approximately thirty three million tons of water fell over the area known as Greater London during the heavy rainfall which occurred over the week end, from which hardly any district in the British Isles escaped.

Serious floods have occurred in North Wales, where the rivers of Garmarnon, Denbigh, and Merioneth, are bursting their banks.

Information has been received to the effect that the mail which left Stanley for Europa per s.s. 'Lafonia' on the 23rd September, arrived on the 24th instant.

It was stated in the House of Commons on Monday that there had been no recent developments in the Civil Disobedience Movement in India. All Provinces continue to report great improvement in the situation.

Questioned in the House of Commons regarding the attitude of the British Representatives at the forthcoming League Council Meeting in connection with certain recommendations of the Lytton Report, Sir John Simon said that until the Report had been considered by the Council it was not desirable that the British Government should define its attitude to the report as a whole or to any particular proposal contained therein.

It is reported from Moscow that Russia is making preparations for the celebration of the fifteenth anniversary of the establishment of the Soviet Republic.

To impress visitors the chief thoroughfares of Moscow are being thoroughly cleaned up, and the Police are being issued with new uniforms of the same pattern as the London Police.

SIX RUSSIANS SENTENCED TO DEATH FOR STEALING.

Leningrad. Monday. Six employees of the Shoe Trust were sentenced to death when found guilty of the theft of thousands of pairs of shoes over a period of several years.

The Judge said that this drastic sentence had been passed to demonstrate the determination of the Authorities to put an end to systematic thieving.

All six men have appealed against the death sentence.

THE FOUR POWER CONFERENCE.

Sir John Simon in reply to Parliamentary questions referred to the proposal which the British Government had made for the venue of the Four Power Conference, and the objection raised by the German Government to it taking place in Geneva. He said the British Government did not intend to let the matter drop.

DEATH OF MR. M. DOVLY CARTO.

Berno. Monday. Mr. Michael D'Ovly Carto, aged 21 and the only son of Mr. Rupert D'Ovly Carto the proprietor of the world famous D'Ovly Carto Opera Company, was killed today as the result of a collision between a motor car, which he was driving, and a motor cycle. His companion Mr. Richard Snaggo, son of Sir Harold Snaggo, was injured. The motor cyclist died after admission to hospital.

THE ESTATE OF THE LATE MAJOR J.A. COATES.

PRINCESS HELEN BUCHAREST.

Bucharest. Monday. Princess Helen, the former wife of King Carol had not left the Kishiliff Palace today. She has not yet seen Prince Michael who is at Cluj with his father. No official statement has been made regarding the purpose of her visit, but nevertheless the Capital is full of rumours that something more lies behind it than the celebration of Prince Michael's eleventh birthday.

When King Carol and the Princess were divorced in 1928 it was arranged that she should be with her son on the celebration of his birthday.

The popular story is that when Prince Michael visited London recently he took a letter from his father asking his mother to revisit Bucharest to discuss the situation.

VON PAPEN AND THE RESTORATION OF THE MONARCHY.

Berlin. Monday. An emphatic denial was given by Chancellor Von Papen today to the stories which have been circulating in Germany and abroad to the effect that the restoration of the Monarchy is imminent.

Addressing the Berlin Guild of Artisans Von Papen remarked that certain Foreign newspapers had cleverly seized on the question of the restoration of the monarchy in order to emphasise that such a development would plunge Europe into unrest. He added 'I want to leave nobody in the slightest doubt that we have any intention of acknowledging the right of anyone abroad to decide what form of State is most suitable for Germany' "The German people alone have to decide that question"

FAMOUS GERMAN OPERATIC SOPRANO SHOT.

Gertrude Bindernagel, one of Germany's most talented and popular operatic sopranos, was shot by her husband in the Municipal Opera House, Charlottenburg, late on Monday night.

At first it was thought the wound would prove mortal, but after the bullet had been removed her condition improved.

After the performance of the Opera she was descending the stairs towards the stage door when her husband rushed forward and making a few inaudible remarks fired at her with a revolver. He then turned the weapon to his own head but the pistol misfired. He ran out into the street where he was soon overtaken and arrested.

FRANCE AND A FRESH DISARMAMENT PLAN.

Paris. Monday. A fresh disarmament plan occupied the attention of the Committee for National Defence today. It is thought that an agreement between Paul Boncour, the principal author of the plan, and the representatives of the Army, Navy, and Air, will not easily be reached.

So far as the Naval and Air effectives are concerned it is said the agreement in principle is attainable, but the Minister of Marine is only prepared to fall in with the Naval proposals on condition that England reduces Naval armaments proportionately. The real are said to be the divergence of views dividing Boncour from Marshal Poincaré, and General Weygand. The two eminent soldiers are unshakable in their attitude.

VOTE OF CENSURE REJECTED BY HUGE MAJORITY.

London. Tuesday. The Socialist vote of censure in the House of Commons this evening was rejected by 462 votes to 55. The Government majority thus being 407.

TRADE IN SWITZERLAND.

It is reported from Geneva that trade in Switzerland has reached a disastrously low level.

The heavy fall in demand abroad, and at home, for Swiss products, has caused a rapid decline in production.

A leading Banker said today (Tuesday) that Switzerland might be compelled, sooner than the people imagined, to follow the example of Britain, Scandinavia, and other Countries, by going off the gold standard.

While the Country was keeping out everybody else's goods it was unable to sell its own produce because the Swiss franc stood so high in Exchange.

THE GERMAN CONSTITUTIONAL DISPUTE.

Berlin. Tuesday. The judgement of the State Court on the crucial Constitutional dispute between the Reich on one side, and Prussia, Bavaria, and Baden, on the other, was delivered today.

The judgement runs as follows :- "The decree of the Reich President of July 20th, 1932, for the restoration of Public Security and Order in the State of Prussia is consistent with the constitution of the Reich for Prussia, and authorises him provisionally to withdraw their officials powers, or to take over their powers himself or entrust them to other persons as Commissaries of the Reich.

IS ROUMANIA SOON TO HAVE A QUEEN AGAIN ?

Bucharest. Tuesday. While Crown Prince Michael is celebrating his eleventh birthday with his mother, Princess Helen, The Roumanian Nation and the World at large is engrossed in the question, Is Roumania soon to have a Queen again, and the Prince reunited to his Royal mother?

Despite official denials, rumours persist that both Premier Maniu and M. Titulesco are working to bringing about the re-union, while the Princess herself who last Christmas rejected all for reconciliation with King Carol is believed to have now modified her attitude.

PRINCESS HELEN'S VISIT TO ROUMANIA.

Bucharest, Wednesday. There were revealed today some amazing facts concerning the arrival of Princess Holan on Sunday last ostensibly to celebrate the eleventh anniversary of her son's birthday.

Behind this visit of motherly affection, it is said, lies nothing else but a plot of King Carol's worst enemy, Prince Barbu-Stirbey, in the first place to overthrow the new Government, and secondly the removal of King Carol from the throne. The first firework having failed to go off, Stirbey has tried to explode another.

At his instance Prince Nicholas, the King's exiled brother, announced that he was returning to Roumania today, but at the last moment he was persuaded to remain in Paris.

Stirbey for some years has intrigued against King Carol through his many friends in Roumania.

From his exile in Switzerland Stirbey persuaded the Princess Helen, contrary to the arrangements reached with King Carol, to return without warning last Sunday in the hope that she would be refused permission to cross the frontier.

THE IRISH FREE STATE LAND ANNUITIES.

It is reported from Dublin that there are grounds for believing it is now the fixed intention of Mr. Devalora's Government, at an early date, to take annuities from the Suspensory Fund and apply them to the purposes of the Free State.

The money has reached a total of twenty million pounds sterling, but the precise object to which it is to be devoted has not yet been decided.

So long as there was a possibility of settlement the Suspensory Fund was safe, but the Government has now taken the view there is not the slightest chance of its view being accepted by Britain, and it proposes to dispose of the money in Ireland.

It is understood the money will be used to strengthen Mr. Devalora's party.

A FRIENDLY WAGER BETWEEN BROTHER AND SISTER.

London. Wednesday. A friendly wager between Mrs C.B. Robinson, the owner of 'Pullover', and her brother, Sir Ernest Tate, had a disastrous sequel for thousands of backers when 'Pullover' won the Cambridgeshire today.

Mrs Robinson argued that 'Pullover' would beat her brother's horse 'Palenino' at the weights. It was to settle this family bet that the two horses were sent all the way from Yorkshire to run in the big race.

WHEAT AT THE LOWEST PRICE FOR SEVENTY YEARS.

Chicago. Wednesday. Wheat today touched the lowest price recorded since trading futures began seventy years ago.

The slump is attributed to the drop in Winnipeg, and the scene in the wheat pit was reminiscent of the frantic days of the Stock Market collapse in October, 1929.

Battles are raging between the Chicago and Winnipeg Markets for such little export trade as exists, and the growing volume of selling orders to cut losses hastened the decline, while there appeared to be no support from buyers.

FRENCH CABINET DECIDES TO PROCEED WITH THE CONSTRUCTION OF NEW BATTLE CRUISER.

Paris. Wednesday. Coinciding with discussions concerning its plan for disarmament security the French Cabinet has decided to proceed with the construction of the Battle Cruiser "Dunquerque".

This vessel is intended as a reply to the German Pocket Battleship, and it is reported that the present decision has been reached because Germany has decided to lay down her third battleship.

A HUNTED PLANET.

A tiny planet which has a year of twenty months, and with the exception of the moon is nearest heavenly body to the earth, is being hunted by astronomers of the Union Observatory, Capetown.

It is known as Reinuth's Planet, and when it reaches its nearest point to the earth in November 1940, it will only be two million miles away.

THE FALKLAND ISLANDS HORTICULTURAL SOCIETY.

We learn that at a meeting of the Falkland Islands Horticultural Society held on Monday evening last, the Committee decided to promote a Dance in the Town Hall on Monday the 21st November, 1932.

The proceeds are, we understand, to be devoted to the development of the Society's work, and we feel sure the event will have the whole-hearted support of the general public.

THE BRITISH GOVERNMENT AND NEGOTIATIONS
REGARDING EXPORT OF COAL.

London. Thursday. Questioned in the House of Commons regard-
 ing the negotiations with France and Germany on restrictions
 imposed upon imported British coal in those Countries, Mr Runciman
 said that representations made to the French Government were
 directed towards securing no less favourable treatment for the
 British Coal export trade than that accorded to other Countries,
 and this object had been achieved.

The German Government had now suggested that the question of
 restrictions of import of British coal should be discussed between
 the two Governments.

THE PRIME MINISTER AND THE POLICY OF
THE BRITISH GOVERNMENT.

Replying to questions in the House on Thursday the Prime Minister
 said that the policy of the Government would continue to provide, in
 every way in their power, conditions requisite for
 National revival of trade and industry by balancing the Budget, and
 by converting National debt to a lower rate of interest as opport-
 unity offered.

No Country he said could hope to escape altogether from the
 effects of such a state of depression as now existed throughout the
 World.

THE POSSESSION OF MACHINE GUNS A CAPITAL
OFFENCE.

Havana, Thursday. The Secretary of the Interior, and Head of the Cuban Police today announced that the Government will sponsor a Bill in the next Session of Congress making possession of explosives, machine guns etc, a capital offence.

He said any person found possessing illegal firearms will be shot within 24 hours of conviction.

THREE HUNDRED AND FIFTY OFFICES DESTROYED BY
A BOMB.

San Diego, Thursday. Three hundred and fifty offices were wrecked by a bomb explosion today. The premises were the property of Messrs Logan & Bryan, Stockbrokers.

Later during the day a man, who refused to give his name, walked into a Police Station and admitted throwing the bomb. He was about 70 years of age, and up to the present has given no reason for his action.

TWO R.A.F. MEN KILLED IN A COLLISION.

It is reported from Farnborough that two members of the Royal Air Force were killed on Thursday when the aeroplane in which they were flying at a height of 3000 feet collided with another machine. The latter though damaged afterwards landed safely.

GANDHI NOT TO BE RELEASED.

A message from Delhi states that the Viceroy has replied to a letter addressed to him by Maulana Shaukatli regretting his inability to release Gandhi without a declaration from the latter that he would dissociate himself altogether from the Civil Disobedience Movement.

THE FRENCH DISARMAMENT PLAN.

It is reported from Paris that Premier Herriot will make a statement to the general public this afternoon on the subject of the French Disarmament plan.

During this morning the scheme will be considered by the Superior Council for National Defence, and it is hoped that the Government will be in a position to present it to the Bureau of the Disarmament Conference on November 3rd.

M. Herriot's decision to indicate the main lines of the plan is the result of a wish expressed in many Parliamentary quarters to the effect that the Chamber should be made acquainted with the proposals before they are submitted to Geneva.

The newspaper 'Liberte' which has hitherto declared the existence of divergences between the War Minister and the General Staff regarding the plan stated on Thursday evening that on the questions of principle these have now disappeared as a result of the support which the Military experts found in M. Herriot's plan.

THE AMERICAN PRESIDENTIAL ELECTION.

Washington, Thursday. The presidential election is sweeping to a whirlwind finish. Today's prediction based upon straw votes in every State by various agencies give a clear majority for Roosevelt ranging from one to three million votes.

The Democratic campaign virtually ended today as far as Mr. Roosevelt's speeches are concerned.

President Hoover, driven by his campaign Manager, suddenly enlarged his plans to include visits to twenty two cities with four long set speeches, and eighteen talks from the platform at the rear of his Pullman car.

THE REICH AND THE LEIPZIG JUDGEMENT.

Berlin, Thursday. The Coup D'Etat to nullify the effect of the Leipzig Judgement is now openly advocated by Herr Hugenberg, Chairman of the one Reichstag Party which supports the Papen-Schleicher Cabinet, and it is understood the Government will speedily take steps to consolidate its power in Prussia. So much has already been decided upon in principle, and will, formally, be sanctioned in tomorrow's Cabinet Meeting.

UNEMPLOYMENT IN GREAT BRITAIN.

Speaking in the House of Commons on Thursday the Prime Minister stated that since the National Government had come into power unemployment had decreased.

The Unemployment problem, he said, was not one that required mere sympathy, but of business and finance, and of devising ways of providing work.

ARMISTICE DAY CELEBRATIONS.

It is hereby notified for general information that the following arrangements have been approved by the Governor for the observance in this Colony of Armistice Day, the 11th of November; 1932.

Divine Service will be held in the Cathedral at 10.20 a.m. at which His Excellency will attend officially and will be supported by the Honourable Members of Councils, and at which a collection will be taken on behalf of Earl Haig's Fund.

The Falkland Islands Defence Force and the Stanley Boy Scouts and Girl Guides will parade and will take part in the Service and subsequent ceremony.

At the end of the service the Governor and the several bodies on parade will proceed to the Cemetery where at 10.58 a.m. a volley will be fired. The customary two minutes silence will then be observed after which at 11 o'clock the Last Post will be sounded.

His Excellency will lay a wreath at the foot of the Cross of Sacrifice, and the Ceremony will terminate. Wreaths may then be laid by private individuals at the foot of the Cross of Sacrifice and on the Naval and Military graves. The Cathedral bell will also toll to mark the beginning of the two minutes silence.

It is hoped that as many of the Public as possible will be present both at the service in the Cathedral and at the Ceremony at the Cemetery, and that Heads of Departments and Government servants generally will make a special effort to attend.

The children from the Government School will not be present at the Cathedral, but will be assembled and drawn up in readiness for the Ceremony at the Cross of Sacrifice.

By Command,
J.M. Ellis.
Colonial Secretary.

HISTORIC CHURCH COMES INTO VIEW.

St. Ethelburga's Church, Bishopsgate, which is now coming into view for the first time for years, thanks to the demolition of the shops in front of it, has a history dating back to 1291, and is one of the few Churches which escaped destruction in the Great Fire of London.

One of its Rectors was sent to the gallows at Tyburn for refusing to recognise the supremacy of King Henry VIII.

MR. WINSTON CHURCHILL WRITING A FURTHER PORTION
OF HIS AUTOBIOGRAPHY.

It is reported from London that Mr. Winston Churchill is at present engaged in writing a further portion of his autobiography.

Among other excitements and adventures in this forthcoming instalment will be a vivid account of his war time experiences in the front line trenches.

THE DEFENCE FORCE BAND.

His Excellency the Governor, accompanied by the Honourable J.M. Ellis, and Major the Hon. J. Innes Moir (Commanding Officer) paid a further visit to the Defence Force Drill Hall on Friday evening in order to be present at a practice of the Brass Band.

His Excellency remained in the Hall for about three-quarters of an hour, and was evidently keenly interested in the proceedings.

At the close of the practice His Excellency addressed the Bandsman, and congratulated warmly Corporal F.O'Sullivan (Bandmaster) and his Musicians on the really creditable progress they continued to make. His Excellency said there would be no prouder man than himself when he saw the Band marching through the streets giving pleasure to the general Public especially the children.

We have to congratulate Mr. F.O'Sullivan on his well deserved promotion to be Corporal, and must express our admiration of the spirit with which the Band is devoting so much of its spare time to obtain proficiency at the earliest possible date.

The members of the Band present were Messrs Bradford, S. Summers, F. Coleman, J. Petterson, Eli Petterson, J. Watts, J. Turner, D. Atkins, F. White, G. Pearson, W.J. Grierson. - Hanson.

A SEQUEL TO THE DEATH OF THE LINDBERGH BABY.

It is reported from Seville that a man claiming to be a Russian was arrested there on Friday. The arrest took place at the request of the United States Consul who had received a letter from two American sailors stating that one of the murderers of the Lindbergh baby could be found in Seville. The letter contained a detailed description of the man. The authorities were informed, and later a man answering to the description given entered a Consulate and said he was desirous of reporting the loss of his passport.

Investigations, however, revealed that he had come from New York via Bordeaux with a false passport. He is being detained pending enquiries.

THE OBSERVANCE OF THE ARMISTICE IN LONDON.

Arrangements for the observance of Armistice Day in London have now been completed and details thereof have been forwarded to all parts of the Empire. It is hoped there will be, as in previous years, general cooperation in the observance of the anniversary.

His Majesty the King and Members of the Royal Family, together with members of His Majesty's Government will attend the central celebrations at the Cenotaph in Whitehall, and shortly before the service begins The King and the Duke of York will lay wreaths at the foot of the Memorial. Wreaths will subsequently be laid on behalf of other members of the Royal Family, and on behalf of His Majesty's Government, the Dominions, Colonies, and Protectorates, and also the Services. The two minutes silence at 11 a.m. will as usual precede the service and the silence will be ended by the sounding of the Last Post.

GERMAN ELECTIONS THIS WEEK.

Berlin, Saturday. A week today the German people will be asked for the fourth time this year to go to the Polls and record their wishes regarding the Government of the Country.

Whatever their wishes may be, however, it is likely they may be ignored for the Papen-Schleicher Government apparently intend to remain in power.

The last Reichstag elections on July 31st resulted in a huge increase of Nazi votes. Hitler now has 230 deputies in Parliament, but there is a general feeling that the twilight of Hitlerism is set and that the Nazi Party is going to suffer a severe setback.

It is expected they will lose roughly two million votes, that is equivalent to 30 seats. The Nazi losses will it is thought benefit the Nationalist Party. The Socialists will probably lose also.

ENDING OF THE RISING IN THE PHILIPPINES.

Manila. Saturday. The uprising of the Moros, a warlike tribe inhabiting the southern islands of the Philippines, has ended with the surrender of the Outlaw leader Muhamad to Princess Dayang, the sister of the Sultan of Sulu.

THE WEATHER AT HOME.

London. Saturday. The temperatures over the whole of Britain today are the lowest recorded this Autumn. Ground frost was almost universal. Snow lies deep on Argyllshire and Hebridean mountains

and the herds of wild deer have been driven down from the heights by the severe weather and are raiding the Stock Yards of Grofters, besides being a serious nuisance to motorists on unfenced roads.

Owing to the adverse weather football matches were played in wretched conditions throughout England.

At Blackpool Chelsea resumed play after half time with only ten men, and afterwards four Chelsea players left the field at intervals to receive attention from their trainer. The remaining six men were loudly cheered by the spectators when they left the field at the final whistle.

THE ROUMANIAN GOVERNMENT'S OFFER TO PRINCESS HELEN.

Bucharest. Saturday. The Roumanian Government has offered to Princess Helen the following conditions without alternative :-
(1) She is to be allowed a sum equal to that which she received prior to the reduction of the entire civil list (2) to be allowed to see her son Michael for one month yearly in Switzerland, (3) That she be allowed to visit Roumania but that she must take up residence where the Government fixes it.

NEW BRIDGE LAWS.

London. Saturday. For the first time definite information is at hand regarding the new International Bridge Laws. Contract Bridge players throughout the World will be interested to hear that slam bonuses are to be increased. Nonvulnerable penalties will be considerably increased, and vulnerable penalties be larger. Under the new code nonvulnerable double penalties will make a player think twice before indulging in wild overbidding. The exact scale of double nonvulnerable penalties is not known, but the following forecast should be reasonably near; First trick 100 points, second trick two hundred, third and each subsequent trick four hundred.

Of the seven Ordinances four were of a general and for the most part of a purely formal nature, being introduced with the object of bringing legislation in the Colony into line with legislation in regard to the several matters in force in the United Kingdom and throughout the Empire. These Ordinances were (1) An Ordinance to amend the Dangerous Drugs Ordinance (1925) as amended by the Dangerous Drugs Ordinance (1926), (2) An Ordinance to give effect to the International Labour Convention concerning the creation of Minimum Wage Fixing Machinery, (3) An Ordinance to amend the law relating to the protection in the Colony of Designs registered in the United Kingdom, and (4) An Ordinance to amend the law relating to the registration in the Colony of Letters Patent granted in the United Kingdom. The three remaining Ordinances were "An Ordinance to amend the Tariff Ordinance, 1900, as amended by the Tariff (Import Duties) Amendment Ordinances, 1929, and 1931." "An Ordinance to amend the Tariff Ordinance, 1900, as amended by the Tariff (Export Duties Amendment) Ordinances, 1923, and 1924" and "An Ordinance to provide for the service of the year 1933". The first two Ordinances provided, respectively, for the total exemption from payment of duty on matches manufactured in and consigned from any part of the British Empire, and a preferential rate of 10% off the existing duty on cigars, cigar-ottos, and tobacco produced and manufactured in any part of the British Empire, and for a reduction in the duty from 2/- to 1/6 a

barrel on whale and seal oil exported during the Whaling Season 1932-3, and the Sealing Season 1933.

In introducing the 'Bill to provide for the service of the year 1933' The Honourable J.M. Ellis, Colonial Secretary, said that in the first place so far as concerned the Colony proper, the Estimator for the coming year had been made to balance, the ordinary revenue exceeding the total expenditure chargeable to Revenue by £86. No changes in policy were proposed in order to bring about this result, and no alterations in taxation were contemplated other than the decreases in the Customs tariff to be effected by the grant of preferential rates of duty on Empire Tobacco and Matches. The Ordinary revenue for 1933 was set at £55,957, and exceeded the approved estimate for 1932 by £2819, an increase due entirely to the extraordinary receipts anticipated during the twelve months from the sale of the Centenary Stamp issue. Under Head VI 'Post Office', Sub-head 1, 'Sale of Stamps', the estimate amounted to £5,500 as against £1,500 in 1932. A decrease was foreseen under Head 1 'Customs' noticeably under 'Imports on Spirits' and 'Imports on Tobacco' by reason of smaller importations, and also in the

latter case in consequence of the preferential rate. Except for an increase of £800 under Head V 'Interest' due to a larger holding of capital in the 'Land Sales Investment Fund' no considerable variations were to be noted under the remaining heads.

The estimate of the expenditure for 1933 under the twenty ordinary Heads was less by £341 than the approved estimate for 1932, but under all heads was more by £4,107 than the approved estimate for the current year. The changes introduced under the Ordinary Heads were few, and called for little comment. Apart from the sum of £2,000 required under Appendix 1 for the Centenary Celebrations the estimate of the extraordinary expenditure had been drawn up primarily with a view to the unemployment problem. The situation in this regard had not exceeded expectations in its severity nor on the other hand were there as yet indications of any appreciable alleviation. During the current year the number of men employed by the Public Works Department had reached a peak figure of 120, and at the present time the number was approximately 100. The reduction being made, possible chiefly by the arrangements concluded by the Government for the employment of a number of Falkland Islands labourers at the Argentina de Pesca's Whaling Station at Grytviken, and on board the floating factories belonging to Messrs Salvendy. During 1933 it was considered imperative to be prepared for the employment of an average number of 115 men, and to this end schemes of public utility had been prepared such as the construction of the "Road to Surf Bay" (or rather Big Rookery Bay), and the formation of 'Ribbon tracks to the Camp over Suburban Lands' for which provisions were inserted under Head XXI 'Public Works Extraordinary' Work for skilled and semi-skilled men would be provided in like measure by projects such as, in addition to the completion of the Stanley Improvement Scheme, the carrying out of "Additional improvements in the Town of Stanley", "The construction of a pavilion on the Recreation ground" and the "Undertaking of additions and improvements to the King Edward VII Memorial Hospital".

Taking the several votes of the Public Works Department as a whole the proportion of money to be spent on wages to money to be spent on materials was as three is to one.

In regard to the Dependencies the estimate of the revenue showed a surplus over the estimate of the expenditure amounting to £812, and there no special features to be remarked.

The Estimates were then submitted Head by Head without discussion, except under Head 17 'Stock', and Head 18 'Miscellaneous'. Under the former Head in reply to a question by the Honourable G.J. Felton it was stated that the duties of the Veterinary Officer were

hold to include those previously performed by the Stock Inspector under the Live Stock Ordinance, and under the latter Head in answer to a further question by the same Honourable Member as to the sub-head 'Passages' it was pointed out that the Estimates for the coming year had been made to balance, but that if in a future year difficulty was experienced in balancing the Budget then economy in this direction was amongst others which would have to be considered.

In reply to an enquiry by the Honourable G.J. Felton in regard to Appendix 1 'Centenary Celebrations' His Excellency stated that he was still endeavouring to obtain through the Secretary of State for the Colonies a grant from the Research and Development Fund on the occasion of the Colony's Centenary, and it would not be for the want of trying on his part if no grant was made.

MAIL NOTICES.

We are authoritatively informed that the Christmas mail which was scheduled to leave Stanley per 'Lafonia' on the 16th November will now leave on the night of the 14th/15th November. The homeward mail will, therefore, close on the 14th instant. The 'Lafonia' will call at Darwin, Albermarle, Fox Bay, and Hill Cove and thence to Montevideo returning to Stanley on or about the 9th December.

Mails for the West Falkland may be posted until 10.0'clock this morning for despatch by 'Lafonia' today.

THE S.S. 'FLEURUS'.

Information has been received to the effect that the s.s. 'Fleurus' will leave South Georgia for Stanley on or about the 10th November.

DEATH OF FAMOUS FIELD MARSHALL.

London. Monday. Field Marshall Lord Mothuen died at his Wiltshire home, Corsham Court, on Sunday afternoon aged 87 years. He was known as the 'Father' of the British Army, and had been a soldier for 68 years.

He was probably one of the few men who saw the Funerals of both the Duke of Wellington and Marshal Foch.

CREW OF AEROPLANE RESCUED BY UNKNOWN VESSEL.

It is reported from Brussels that the crew of the German Air Liner which was forced down in the English Channel on Saturday night have been rescued by an unknown vessel off Deal.

The Dover life boat and R.A.F. aeroplanes had searched unsuccessfully for the missing machine.

CAPTAIN VON GRONAU ARRIVES AT BAGHDAD.

Baghdad. Monday. Captain Von Gronau, who is engaged in a flight around the World, arrived here today, and will leave on Tuesday.

FAMOUS FRENCH DISCUSE HONOURED.

It is reported from Paris that Madame Yvette Guilbert, the famous French discuse, has been publicly decorated by the Minister for National Education with the Legion of Honour.

THE BRITISH GOVERNMENT AND FRENCH DISARMAMENT PLAN.

London. Monday. The French Disarmament Plan is criticised in British Parliamentary circles on the ground that it imposes more rigid obligations on Britain under the League Covenant and Locarno pacts.

The fact that it would mean a return to Conscription in many Countries is also regretted.

The scheme had a good reception in Germany largely because 'It was the first time a French Premier has abandoned the standpoint that the Versailles Treaty is inviolable'.

THE AMERICAN PRESIDENTIAL ELECTION CAMPAIGN.

New York. The Presidential campaign has entered its final week with both Republican and Democratic parties expressing their complete confidence in obtaining victory on November 8th.

Wall Street odds now favour Roosevelt by three to one. His election is not only generally expected but discounted in advance. Business and financial interests are already concerning themselves with the composition of the Roosevelt Cabinet. They favour the formation of a Coalition Government, similar to that of Great Britain, as being the best means of facing the difficult economic crisis.

FASHIONS OF THE 'NINETIES.

The following extract from an Australian Periodical, the 'Australian Women's Mirror' of May, 1932, for which we are indebted to a local resident, is published in the hope that it may prove of interest to our readers :- "Any Mirrorito who is, looking for a novel holiday would get one at Port Stanley, capital of the Falkland Islands. It seems incredible, but is nevertheless true, that the fashions of the 'nineties are still being worn there. There are no motor cars, and only one copy of the local newspaper is issued daily. There are no picture shows, but residents are kept in close touch with England through the big wireless station built on the Island by the British Admiralty. If you decide to visit this part of the Globe don't take silk stockings or short skirts; the weather there is very cold. "

M. HERRIOTT ARRIVES IN MADRID.

It is reported from Madrid that the French Premier, and Madame Herriot arrived there on Monday. The reception accorded the great Statesman and his wife proved a somewhat lukewarm affair. It is stated that the Spanish people as a whole are not in favour of a Franco-Spanish Alliance, which they suspect to be the object of the visit.

BANK OFFICIAL KILLED BY BANDITS.

Berlin, Monday. A messenger of the Deutsche Bank was killed today at Erfurt, in Thuringia, while defending money in his charge. Two other persons were wounded.

The dead man and a colleague were carrying a chest containing £2,500 from the branch of the Reichsbank, when suddenly two men rushed at them from a car which had drawn up on the other side of the street and tried to drag the box away. The messengers offered vigorous resistance whereupon the robbers pulled out revolvers and shot them.

As the Bandits were picking up the box to carry it to their own car a policeman appeared but before he could reach them they dropped the box, jumped into the car and made off.

ENGLISHMAN WINS WORLD FLYWEIGHT CHAMPIONSHIP.

Manchester, Monday. Jack Brown, of Manchester, tonight won the World Flyweight Championship by beating Young Perez, the holder.

The fight was closely contested up to the thirteenth round when Perez suffered severe punishment, and his Seconds threw in the towel.

PLANS COMPLETED FOR THE FUSION OF THE
REICH AND GOVT OF PRUSSIA.

Berlin, Monday. Von Papen today completed the immediate plans for the fusing of the Governments of the Reich and Prussia. As Chancellor he has appointed as his Chief Deputy in Prussia Herr Bracht.

The official organ of the Government at Munich describes Von Papen's measures as "A flat annexation of Prussia by the Reich" and adds "That what has happened in Prussia today may happen in any German State tomorrow".

The action of the Reich Cabinet is declared to be the beginning of fresh conflicts of incalculable dimensions.

"After the elections of November 6th there will be revolution, and we stand by with a million rifles" said a Hitlerite Deputy at an election meeting at Altrietz.

THE TENTH ANNIVERSARY OF MUSSOLINI'S

Rome. Amid stirring scenes Signor Mussolini celebrated the tenth anniversary of his march on Rome. After holding a Military and Fascist Review he rode at the head of 13,000 disabled soldiers along the new road now named 'Via del impero', which changes the whole aspect of Central Rome.

WEST STORE CHIT CHAT.

The population of the British Empire is 450,000,000 (approximately) this figure includes white, black, brown, yellow, red (Sunburnt last Sunday) green (envious of those who were sunburnt but whose noses didn't peel) and blue.

The most interesting are the blues (Not Oxford or Cambridge) they are so coloured because of the continual cold, blue noses, fingers, cheeks, etc. etc. etc. A good cure is a nip of whiskey to assist the circulation, of course, it must be GOOD whiskey, that means JOHNNIE WALKER.

We sympathise with the greens, but we regret we cannot prescribe Johnnie Walker as a cure for a peeling nose, but have a drink or two it will help you to forget your sorrow.

The reds realise that the warming qualities of Johnnie Walker are identically those of the sunshine derived by distillation from the golden grain which received its colour from the rays of the sun.

The whites, blacks, browns and yellows all realise the superiority of Johnnie Walker. They are wise and experienced that BRITISH means best and that Johnnie Walker means better still.

THE MOORING OF THE HULK 'FENNIA'

The hulk 'Fennia' was on Monday evening towed by the S.S. 'Lafonia' and Tug 'Kelp' to her new moorings in Stanley Harbour, which position is approximately opposite the Naval Camber.

The removal of the hulk to this position will, we think, enable any of His Majesty's Ships visiting the Colony to occupy a more central and convenient berth than hitherto.

NEW YORK'S 1933 BUDGET.

The 1933 Budget estimate for New York is 557,141,022 dollars. This is declared to be the largest Municipal budget in the World, and this shows a decrease as compared with 1932.

A former Governor of New York State, Mr. Alfred Smith, has appealed to Wall Street Bankers to grant a loan of 30,000,000 dollars for State relief, 15,000,000 to be earmarked for New York City.

He also asked for separation of Relief Funds from the City's regular administrative expenses. The bankers replied by stating that Finance and Patriotism should not be confused, and that securities sold to provide relief funds must have the same sound credit status as any other Securities.

IMPROVEMENT OF THE TRACK TO NORTH CAMP.

With the object of inspecting the work which has been done in connection with the improvement to the track to the North Camp, and of considering further improvements, The Honourable J.M. Ellis, Colonial Secretary, The Honourable G. Roberts, Director of Public Works, and The Honourable G.J. Fekton proceeded by six-wheeled motor lorry to and from the Murrol River yesterday, the 1st of November.

The expedition set out at about 10.30 a.m. and made good headway over the 'Camp', which as is known is in an exceptionally dry condition at the present time, so much so, that an average speed of from 8 to 10 miles per hour was attained, and it was not necessary to make use of the creeper track.

The return trip from the Bridge over the Murrol River at the locality known as the Drunken Rock to Stanley, a distance of about ten miles, was accomplished in a few minutes over the hour.

The lorry was driven in turn by Messrs P. Smith and G.L. Pallini, Mr. J. Peck also forming a member of the party. The dog 'Bruin' also took part in the expedition.

NEW BRITISH CONVERSION SCHEME.

London. Tuesday. Following last night's announcement that the Treasury will on February 1st next repay the outstanding balance amounting to £114,000,000 of the 5% Treasury Bonds 1933-35, the prospectus was issued this evening of a new Conversion loan.

It states that the Bank of England is authorised to receive applications for £300,000,000 3% Conversion loan redeemable at par on the 1st March, 1955, or at any time on or after the 1st March, 1948.

The issue price will be £97. 10. 0. per cent. The list of applications will be opened and closed on Thursday, the 3rd November, 1932.

Interest will be paid half-yearly on the 1st March and 1st September. The first payment of eleven shillings per cent will be made on the 1st March, 1933.

The Postmaster-General is also authorised to receive applications for a separate issue of the above loan.

Commenting on the new Conversion Loan and other operations of the year, "The Times" states savings to the Exchequer are important as they do not exhaust advantages and benefits of conversion; Other Countries, particularly the Danes, have benefited by the leadership of the British Government for they have seen the enormous rise in their securities, and have been able to convert relatively dear loans into exceptionally cheap loans.

The British Government's action has brought advantages to British Industrial and Trading Companies which are now able to raise fresh capital more cheaply than it has been possible at any time since the War, as well as renew old capital on much better terms.

NOTICE.

Owing to certain abuses to which 'JETTY PERMITS' issued by the Falkland Islands Company have recently been put, such Permits will in future only be issued by the Company, on arrival or departure of their vessels, to :-

- (1) Office clients of the Company, and certain of their friends at the Manager's discretion.
- (2) A strictly limited number of passengers' relatives or dependents who wish to meet or accompany such passengers with the express purpose of helping them with their hand-luggage, etc.

No one will be allowed down the Company's Jetties without a permit.

NEW CABINET FOR ESTONIA.

M. Tallin Constantino, the grand old man of Estonian Politics formed a new three party Cabinet on Tuesday.

SEVENTY EIGHT PERSONS SENT INTO EXILE.

It is reported from Rio de Janeiro that seventy eight persons considered by the Government to have been directly or indirectly concerned in the Revolution at Sao Paulo left there on Tuesday on their way to exile in Europe.

THE NEW CONVERSION LOAN.

London. Tuesday. It is further reported that £300,000,000 Conversion Loan has a special feature in that the Application Lists are to be open for only one day, which indicates the prompt success of the loan anticipated by the Treasury.

The issue marks the end of the present series of the Conversions, and a definite stage in the Government's financial policy, the next possible conversion being in 1934.

This is the first time in thirty years the British Govt has issued a 3% Stock so cheaply.

WEATHER REPORT.

The observations made in the Stanley Observatory during the 24 hours ending 9 a.m. yesterday morning are as follows :-

WOMEN TO BE REPLACED BY MEN.

Rome. Tuesday. Women engaged in clerical work in Italy are to be replaced by men as soon as possible. This, in effect, is the new regulation devised to mitigate unemployment.

Preference is to be given to members of the Fascist Party, and ex-Servicemen with families.

THEIR MAJESTIES TO SEE A PERFORMANCE
AT THE ADELPHI.

London. Tuesday. Their Majesties the King and Queen are attending a Royal Matinee, in aid of King George's Pension Fund for Actors and Actresses, at the Adelphi Theatre on November 8th to witness a special performance of 'Bulldog Drummond' in which most of Britain's leading artists will appear.

AMERICA'S DIVORCE COLONY THROWN INTO PANIC.

Reno. Tuesday. The 'Divorce Colony' here was thrown into panic today by a State Order closing eleven Banks controlled by George Wingfield.

During the Moratorium, which is the result of the decline in the value of farm produce, fourteen of the other Banks remain open but these do not include two of the three Reno Banks whereof applicants for marital freedom are the chief clients.

For the time being Reno's luxurious 'Speakeasies' and gambling houses are cashing small cheques on account subject to a considerable discount.

BAVARIA AND THE GERMAN PLAN TO REFORM CONSTITUTION.

Berlin. Tuesday. Violent hostility to the Papen Government and its plan to reform the Constitution was expressed by the Bavarian Premier in a speech at Stuttgart today. He declared "I have lost faith in the Papen Cabinet, and I must admit I have been bitterly disappointed. I am compelled to oppose it, and urge opposition to its measures".

After saying that he must decisively reject the proposed Constitutional reform, he went on today that he did not regard the activities of Von Papen as State Commissioner in Prussia as Constitutional. I was obvious that what was intended was the 'Prussianisation of the Reich'. He concluded his speech by saying that the times were nearly as serious as in 1918.

PRINCESS HELEN SIGNS FINAL SETTLEMENT.

Bucharest. Tuesday. Princess signed today the final settlement between herself and the Roumanian Government.

This was done in the presence of Premier Maniu. The terms in which the Government had proposed were modified in the sense that when in Roumania the Princess was to reside in her favourite Palace situated in Bucharest's finest Boulevard.

ENGLISH PARLIAMENTARY NEWS.

London. Wednesday. The Government has decided that it will not in any circumstances ask Parliament to agree to the imposition of a tax on meat imports.

At today's Cabinet Meeting there was a lengthy discussion on Agricultural Policy with a view to determining whether any immediate steps can be taken for the relief of the farming industry.

There is a movement to exercise pressure on Ministers in the hope of securing a meat tax, but the Cabinet's attitude on the point is absolutely rigid and there will be no yielding. The serious state of affairs in the Live Stock Industry in Britain is fully realised and Ministers are seeking means to remedy it. It is understood the policy they are considering is that of an endeavour to secure voluntary arrangements whereby there will be brought about restrictions of meat imports additional to those received at Ottawa. The matter is to be discussed with the Dominions and possibly the Argentine Government.

THE RE-OPENING OF THE DISARMAMENT
CONFERENCE.

Geneva. Thursday: After three weeks pause the Bureau of the Disarmament Conference reassembled this afternoon when the Chairman, Mr. Henderson, briefly surveyed the labours of the various special Committees dealing with the control of armaments, the prohibition of chemical warfare, and the restriction of air armaments. He expressed his gratification that forty seven States had agreed to the prolongation of the Armaments holiday.

In conclusion Mr. Henderson informed the Bureau that on Friday morning the French Minister of War, M. Paul Boncour, would give an outline of the French Security plan, which, however, would not be followed by debate pending the distribution of the exact text which would not be possible before the middle or even the end of next week. It is understood that M. Boncour's speech will take half an hour and will be of an unofficial character.

A mild sensation was created when the French Delegate, M. Massigli declared that France's assent to the prolongation of arms holiday was contingent upon the same action being taken by all her neighbours, whereof one, however, had failed to reply. The obscure reference to Germany which Massigli did not elucidate left the Bureau in doubt as to whether France subscribed to the prolongation or not.

FRANCE'S NEW FRONTIER DEFENSES.

Paris. Thursday. General Bourgeois, a member of the Senatorial Army Commission, today gave some interesting facts of France's new Frontier defences. The essential part of the fortifications along the Rhone Frontier are a series of concrete pill boxes, which he described, as being placed in alumps, ten at every point where it might be possible for a hostile army to cross the river. These pill boxes are to be provided with light artillery and machine guns.

DISARMAMENT.

London. Thursday. In view of the re-assembly of the Bureau of the Disarmament Conference the Prime Minister was asked in the House of Commons for assurance that the Government would not commit themselves to any such proposals as were being advanced for the total abolition of Military and Naval aviation, coupled with intentional control of civil aviation, the abolition of war ships over 10,000 tons, without at first affording Parliament an opportunity for discussion.

In reply Mr McDonald said it was not intended to make any departure from the normal practice when Governments were engaged in important negotiations. In replying to a further question in which reference was made in particular to Article 16 of the League Covenant, and the Government's attitude towards the Protocol, The Prime Minister assured the House that the Government would not involve the Country in further Naval or Military commitments in Europe without the consent of the House.

When asked for specific declaration that nothing would be done regarding the abolition of the Air Force without the permission of the House the Prime Minister said the Government must have complete freedom for negotiation which, however, would be conducted with the full knowledge of the House, final consent remaining in the hands of the Members.

ARGENTINE MISSION TO VISIT LONDON.

London. Thursday. Through the British Ambassador at Buenos Aires, the British Government has expressed its gratification at learning of the Argentine Government's intention of despatching a special mission to London headed by the Vice-President of the Republic, Genor Roca. Primarily the object is to return the visit made by His Royal Highness the Prince of Wales to Buenos Aires last year. The date of the visit, however, has not yet been fixed.

H.M.S. DURBAN.

H.M.S. 'Durban' is reported to have arrived at Puerto Mont, Chile, on the 31st October.

Saturday, 5th November, 1932.

H.M.S. 'DAUNTLESS' TO BE PRESENT AT THE
COLONY'S CENTENARY CELEBRATIONS.

We are delighted to report that information has been received by His Excellency the Governor to the effect that H.M.S. 'Dauntless' is expected to arrive at Stanley on the 8th February, 1933, in order to be present at the Colony's Centenary Celebrations.

This news gives added zest to our anticipations in regard to the Celebrations, and will, we feel sure, be received by the Public generally with the utmost pleasure.

SUNDAY'S FOOTBALL MATCH.

We are asked to announce that the Reserves for the match to be played on Sunday are as follows :- Messrs J. Peck, D.O'Sullivan, and L. Sedgwick.

We are also asked to state that the team captained by Mr. D. Flouret will play in Green colours, and that captained by Mr. E. O'Sullivan in Aston Villa colours.

STANLEY FOOTBALL GROUND.

With reference to the notification which appeared in the issue of the 'Penguin' dated the 22nd October in regard to the re-opening of the Football Ground, we are asked to explain that for the present this re-opening applies only in the case of the practice matches arranged under the auspices of the Defence Force League Selection Committee and that the upper ground should continue to be used for 'Scratch games' and 'Kick-about's'.

ANOTHER GERMAN AIR LOSS.

Berlin. Wednesday. Following the recent loss of the German Air Mail 'Plane over the Channel with its Pilot and Mechanic, another and even graver loss was sustained this afternoon when a passenger plane crashed over the Apennine Mountains, her pilot, mechanic, and three passengers being killed instantly.

PRINCESS HELEN.

Bucharest. Thursday. An official communique giving the details of the arrangement between King Carol and Princess Helen will be published after the Princess has left Bucharest for Sorrento.

ENGLISH MUNICIPAL ELECTIONS.

London. Thursday. The results of the Municipal elections throughout Great Britain up to the present are as follows :- Conservatives 49 gains, 46 losses, Liberals 24 gains 16 losses, Labour 70 losses 81 gains.

THE INSULL BROTHERS.

Chicago. Thursday. The Public Prosecutor stated today that the Insull Brothers will be returned to the United States very soon to stand their trial on charges of fraud in connection with their Utility Companies.

The State Department has announced the ratification by both parties of the Extradition Treaty with Greece, and has renewed its request to the Greek Government to detain Samuel Insull (Sr) pending proceedings for his extradition.

While two representatives of the Public Prosecutor are now en route for Greece to carry on the fight to bring back Samuel Insull, another representative left Washington today by air with extradition papers to secure the return of Martin Insull from Canada.

THE MARQUIS OF READING IN AMERICA.

New York. Thursday. The Marquis of Reading made an earnest plea to Americans today to unite with the British Commonwealth of Nations upon a "Directive Policy" for the solution of the problems of the World.

Addressing members of the New York Chamber of Commerce he declared that while Political conditions might not be the main cause of world depression, he was positive there could be no permanent improvement so long as the World remains politically disturbed.

The co-operation of the United States with the British Commonwealth would be the greatest combined effort ever brought to bear in the World even if all other Nations combined against it.

THE WORLD ECONOMIC CONFERENCE.

Geneva. Thursday. It is understood that it will not be possible for the World Economic Conference to meet in London before the end of April next.

There are two factors which stand in the way of an earlier start, firstly, The Preparatory Committee which is meeting here has made but little progress, secondly, If Roosevelt is elected to the Presidency of the United States he will not take office until March, and in the opinion of certain American delegates no decision can be reached until the new Government at Washington is set up.

MYSTERIOUS ITALIAN-GERMAN AND FRANCO-ITALIAN MEETINGS.

Paris. Mysterious Franco-Italian and Italian-German meetings are reported by 'Journal des Debats' with the assurance it can guarantee the authenticity of its news. A few weeks ago the German Minister for Defence travelled to Italy secretly and had interviews with Mussolini and the Italian War Minister. About the same time equally secretly 'High French Personality, not at present in office' was also received by the Duce.

THE AMERICAN PRESIDENTIAL ELECTION.

New York. Saturday. Nearly forty seven million persons are eligible to partake in Tuesday's Presidential election being an increase of more than three millions over the 1928 election. Between 38 and 45 per cent of the total vote will be cast by women, which is stated to be the largest figure since the adoption of woman suffrage.

Wall Street, it is said, dislikes Roosevelt but betting favours him by 3 to 1.

Republicans refuse to accept this forecast declaring there has been a veritable stampede towards President Hoover in the closing stage of the Contest, and that Hoover on his trip through the middle west to California will regain much of the ground he is reported to have lost owing to Roosevelt's early activities.

The Democrats are so confident of victory that they are already talking of the men they propose to occupy seats in Roosevelt's Cabinet.

QUEEN MARIO OF JUGOSLAVIA ILL.

Carlsbad. Saturday. A specialist was sent for on the arrival of Queen Mario of Jugoslavia today, and she is reported to be seriously ill.

TROBITSCH LINCOLN DETAINED BY GERMAN POLICE.

Berlin. Saturday. Trobitsch Lincoln, the ex-British member of Parliament, has been detained by the Police here following a claim for £250 made against him by a Dutchman.

RUSH TO POG CLAIMS IN NEW GOLD STRIKE IN NEW ZEALAND.

Wellington. Saturday. A big rush to pog claims is proceeding following the report of another gold strike which has been made in the vicinity of Beaumont, Otago, near which is situated the famous Gabrielle's Gully, in the area of the scene of the great 1861 Rush.

THE INDIAN ROUND TABLE CONFERENCE.

London, Saturday. The British Parliamentary Delegation at the forthcoming Indian Round Table Conference will be constituted as follows :- Mr. Ramsay MacDonald, President, Viscount Sankay, who will take the Chair in the absence of the Prime Minister, Sir Samuel Hoare, Secretary for India, Viscount Hailsham, Secretary for War, Sir John Simon, Foreign Secretary, Lord Irwin, ex Viceroy of India, and now Minister for Education, J.C.C. Davidson, who was Chairman of the Indian States Committee appointed by the last Round Table Conference, and Mr. Butler, Under Secretary for India.

The non-Government Delegates are the Earl Peel, formerly Secretary for India, the Earl Winterton, formerly Under Secretary for India, the Marquis of Reading, former Viceroy, the Marquis of Lethian, until recently Under Secretary for India and Chairman of the Indian Statutory Commission. The Labour Party were invited to nominate representatives but prefer not to take part in the discussions at this stage.

MEAT AGREEMENT BETWEEN BRITISH GOVT AND EXPORTING FIRMS IN SOUTH AMERICA.

London. Saturday. An agreement has been reached between the British Government and the great Exporting Firms of South America, under which the latter have undertaken voluntarily to reduce the exports of meat to England on the lines suggested at the Ottawa Conference.

At Ottawa the British Government agreed to adopt a policy having for its definite object a twofold purpose, of raising the price of meat to a remunerative level, and of progressively increasing the share of the Dominions in the United Kingdom market. During the coming year and in the light of experience gained the Government will consider the best means of ensuring improved price situation, and the more orderly marketing of supplies. For this purpose a World Meat Conference will be held next year.

NEW STADIUM OPENED BY MUSSOLINI.

Rome. Saturday. A new Stadium known as 'The Forum of Mussolini' was inaugurated by the Duce this afternoon, which is Italy's 'Victory Day' and the fourteenth anniversary of the Armistice with Austria.

The Forum is situated about two miles north of the Capital and the Stadium is constructed chiefly of marble and is capable of accommodating 20,000 spectators. Every form of athletic game is provided for, although the swimming pools are not yet open.

PRISON SET ON FIRE.

Montreal, Saturday. The prison of St. Vincent de Paul, Canada's most crowded penal establishment was this morning set on fire by convicts determined to escape.

Troops and a Squadron of Royal Canadian Military Police were despatched to the Prison together with a Fire Brigade from Montreal, which is fifteen miles away from the Prison. The flames had done much damage before the Fire Brigade with its armed escort arrived.

Three warders were injured, but the convicts were forced back into their cells.

Stanloy,
Falkland Islands,
Tuesday, 8th November, 1932.

The Magistrate stated that only the accused's age and circumstances prevented him from imposing a much heavier penalty, and he wished it to be understood that a penalty of twelve months hard labour was possible in a serious offence of this kind.

By Order of the Committee,
W.D.A. JONES.
Hon. Secretary.

According to the latest Magallanes news papers, received by the s.s. 'Lafonia', H.M.S. Durban was expected to arrive there on the 14th November, remaining in the Port until the 17th, and then leaving for Port Stanley.

The observations made in the Stanley Observatory during the 24 hours ending 9 a.m. yesterday morning are as follows :-
Attached thermometer, 284, Barometer 991 millibars, Thermometers, Dry 50.2, Wet, 46, Maximum 52. Minimum 34, wind direction West, force 4, rain fall.

The Public is requested to post early for the parcel and letter mails for despatch to Chile and Europe by the 'Losada' this week. The closing date will be published later.

Letters for Europe intended for despatch by this route should be marked 'Per Losada', otherwise they will be sent by the 'Lafonia' mail on the 14th November.

FOOTBALL.

SUNDAY'S PRACTICE MATCH.

The following teams engaged in a practice match on Sunday afternoon on Government House Paddock :-

"A" TEAM. T.D.Evans. J. Potterson, A. Etheridge, O.Pike, F. O'Sullivan, (Captain) S. Atkins, L.Aldridge, D.O'Sullivan, F.A.W.Byron, D. Atkins, and W.J.Grierson.

"B" TEAM. M. Greece. A. Shackel, D.Flouret, (Captain) E.Potterson, G.L.Pallini, J.Peck, O.Thompson, M.Campbell, D.Williams, Bert Flouret, and Des Peck.

The value of the game was largely discounted by the strong cross wind which together with the dry and slippery surface of the ground made ball control most difficult.

During the first half "B" team exercised a continuous pressure but Evans in goal effected some useful saves, and when the whistle sounded for half time no score had been registered by either side.

On the resumption of play it was noticed that Sullivan had sustained an injury and that Greece had taken his place in the forward line, while Evans was entrusted with 'B' Team's goal.

"A" Team gradually obtained monopoly of the play but it was only after some good exchanges that Byron was able to put his side ahead with a delightful 'header' from a miss-kick, giving the goalkeeper no chance. Their second goal came from a left centre which Greece gathered and made no mistake in sending the ball between the posts. Following further abortive rallies on the part of "B", Grierson did some pretty work on the left wing and sent in a perfect centre for Byron to score his side's third goal.

RESULT "A" TEAM 3. Goals. "B" Team. 0.

THE LANCASHIRE COTTON STRIKE. INSUFFICIENT VOTES FOR THE CONTINUANCE OF THE STRIKE.

Manchester. It is reported that the votes cast in favour of the Strike were insufficient to secure its continuance, the strike being declared over and work to be resumed on Monday on the new terms providing for a wage cut of 1/6½ in the £.

The Operatives Ballot resulted as follows :- "For a Settlement" 28,148, "Against" 14850.

THE GERMAN ELECTIONS.

Berlin, Sunday. The second election to the Reichstag in fourteen weeks occurred today, the House elected on July 31st being dissolved at its second sitting.

The latest returns show that the Hitlerites have lost considerable ground, but still have the largest party. The Nationalist and

Tuesday, 8th November, 1933.

and People's Party, who are Von Papens followers, have made considerable gains.

It is now clear the composition of the new Reichstag will be as follows :- Nazis, 191, compared 230 Old Reichstag, Democrats 118, compared 133, and other parties 170. Of 34,622,000, the Nazis obtained 11,729,000.

It is certain the election will again result in a Parliamentary deadlock, and that the Von Papen Cabinet will have a large majority against it in the new Reichstag.

DECREASE IN UNEMPLOYMENT IN GREAT BRITAIN.

London. It is reported that the Unemployment figures for the month of October will show a reduction by 110,000.

This welcome change in the situation is regarded in Government quarters as likely to be followed by further decreases.

CHANGE IN POLISH FOREIGN MINISTRY.

Paris. The change in the Polish Foreign Ministry and the appointment of Colonel Beck as Zaloski's successor has caused a stir in French political quarters which is reflected in the Press, which views it as a symptom of Franco-Polish estrangement.

The 'Echo de Paris' frankly declares that the change will add to the strain of relations between France and Poland, as she cannot forget it was Beck who curtly dismissed the French Military Mission this year.

THE FRENCH PREMIER'S VISIT TO MADRID.

Madrid. It is reported that the French Premier left here having apparently failed to obtain from his hosts anything beyond vague promises of Spanish support for France's efforts to organise European peace. It is authoritatively stated that there can be no question of any military arrangements between the two Republics.

"THE MOST GENEROUS AMNESTY EVER GRANTED IN THE KINGDOM OF ITALY."

Rome. Sunday. What is stated as the most generous amnesty ever granted in the Kingdom of Italy has now been signed by King Victor Emanuel, and is to come into force immediately.

It covers for the first time all crimes, including political offences punished by Special Tribunal for the defence of the State. The amnesty specifically excludes persons banished to Lipari Island or elsewhere, thus leaving untouched a large category of the enemies of the Fascist regime.

THE AMERICAN ELECTION.

New York. Monday. Although the Presidential election does not take place until tomorrow Manufacturers have already sold electric signs which read "Three cheers for President Roosevelt". This indicates the verdict to be expected in the most important contest since the Civil War. The chief thought in the elector's mind is "Who is best fitted to extricate from America from her present depression". Straw votes predict the following results :-

Tuesday, 8th November, 1932.

Republicans, 17,500,000, Democrats, 19,500,000, Socialists, 2,000,000.

No election within living memory has been fought with so much bitterness, yet by a strange paradox there has been much less excitement than usual. The betting in Wall Street favours the Democrats by 4 to 1.

ASTONISHING SCENE IN A CONVENT.

New York. Sunday. An astonishing scene was enacted at the Convent of 'Jesus and Mary' at Highland Mills, New York, today when Anthony Curillo, an ex-Serviceman, who described himself as "Angel of Justice" rushed into the Convent wildly firing a revolver. One shot killing an old caretaker. The maniac then barricaded himself in a cellar, and called upon the Nuns and Pupils to say prayers and surrender. The Mother Superior ordered her charges to an upper story where they remained for five hours while shots were being fired through the floors.

Troopers from the State Barracks surrounded the building and eventually shot the maniac dead.

MR COSGRAVE DENOUNCES MR. DEVALERA.

Dublin. During a speech here, in which he delivered a bitter attack on Mr Devalera; Mr Cosgrave, ex-Premier of the Irish Free State, said "His Government has brought economic ruin and spiritual degradation on the Free State. There is only one market for our goods and that is Great Britain."

A Bill is being introduced in "The Dail" during the next few weeks providing for the appropriation of Land Annuities and other payments to Great Britain totalling about £5,000,000 annually, to finance agricultural schemes.

THE STRENGTHENING OF THE TURCO-PERSIAN ENTENTE.

Constantinople. Riza Khan, the Shah of Persia, is shortly to pay a visit to Turkey, and Mustapha Kemal, the Turkish President will probably travel to Van on the Turco-Persian Frontier for an interview with the Shah.

Important results are expected to follow the meeting including the strengthening of the Turco-Persian Entente.

On Saturday, the Persian Foreign Minister signed three treaties including a "Pact of Confidence".

MARTIAL LAW FOR BERLIN ?

Berlin. The question of placing Berlin under Martial law has been discussed here by Herr Draht, the Prussian Commissioner, and General Fritsch, the Commander of the Berlin Military District, but a final decision was postponed until yesterday (Monday) in view of the elections.

LOAN BY JAPANESE BANKS TO MANCHURIA.

Tokio. Monday. It was reported today that a Syndicate of leading Japanese Banks has tentatively agreed to a loan of thirty million Yen to the new State of Manchuria.

THE AMERICAN PRESIDENTIAL ELECTION.

New York. Monday. A careful analysis of the last minute forecast based upon 'Straw Votes' and 'Public Opinion', together with tabulated statements by experts, indicate conclusively that Hoover will tomorrow be snowed under by an avalanche unexampled in American history.

The States of Massachusetts, Ohio, Indiana, Illinois, Iowa, Pennsylvania, New Jersey, and California, all of which will abandon Hoover and vote Democrat instead of Republican as in the ordinary way.

The Chairman of the National Democratic Committee, Mr. J. Farley, said today, "We count upon an actual pelling of forty one million voters. Of that number we estimate more than two-thirds will be in favour of Roosevelt."

Betting Wall Street showed Roosevelt as a definite favourite at 5 to 1.

SHARP FIGHTING IN THE VICINITY OF
MUKDEN.

Mukden. Monday. Heavy fighting has broken out between Chinese Bandit Irregulars and Japanese Forces. A sharp battle is proceeding at Shuanchangpu, south of Harbin. The strength of the Bandits is estimated to be three thousand men, and Japanese reinforcements, including Artillery, are being rushed to the scene of the fighting.

The town of Shuanchangpu has been looted and about a hundred houses burnt down. Railway services in the area have been cut off, and one goods train wrecked in the fighting.

BRITISHER WHO CONFERRED TITLE UPON HIMSELF
ARRESTED IN PARIS.

Paris, Monday. An alleged imposter of most picturesque pretensions has been arrested here. During the five months of his recent residence here he has been known to those he has met as Captain the Marquess Goldstone, Comte de Avison, Duc de Montfaucon.

He was arrested in a Hotel off the Champs Elysees in consequence of complaints made by persons who had lent him money.

He is charged with fraud and uttering worthless cheques. During his preliminary interrogation he is said to have admitted that he had conferred the high sounding Titles upon himself, and that he was really Maurice Joe Goldstone, a British Subject born in Cairo in 1900, and once time interpreter in the British Army.

WINTER IN EUROPE.

Paris. It is reported that rivers are steadily rising and heavy falls of snow have blocked the mountain roads in the South of France.

FURTHER MOVE BY BRITISH GOVERNMENT IN
ANGLO-IRISH ECONOMIC WAR.

London. Monday. A new move was made by the British Government tonight in the "Economic War" with the Irish Free State.

Shortly before the rising of the House of Commons information became available that substantial increases in Customs Duties on imported produce from Southern Ireland would take effect on Wednesday.

Under the first Order made in pursuance of the provisions of the Irish Free State (Special Duties) Act the duty chargeable was a flat rate of twenty per cent on value. The issue by the Treasury of a fresh Order will be followed by an "Immediate up-scaling of Duties"

On live animals for food, and animals not for food, duty chargeable will be forty per cent ad valorem. On butter, eggs, cream, and game and other meats it will be 30% ad valorem.

MR. WINSTON CHURCHILL'S DAUGHTER ENGAGED.

London. Monday. The engagement was announced today between Miss Diana Churchill, oldest daughter of Mr. Winston Churchill, and Mr. John Milner Bailey, oldest son of Sir Abe Bailey.

HERR VON PAPEN AND THE GERMAN POLICE.

Berlin. Monday. The German Chancellor Von Papen has issued the following statement :- "In the opinion of the Government the Reichstag Election has made no essential change in the political situation, and consequently the Government has no occasion to depart from the course which it has hitherto followed. It will, however, endeavour to enlarge the basis of the Cabinet while maintaining its prosidial character.

NEW FEATURES OF THE AUSTIN MOTOR CAR.

All Austin Motor Cars for 1933, from the seven horse power model upwards are to be fitted with four speed twin top gear boxes and rear petrol tanks.

An entirely new model, four cylinder, with Saloons at £178, and known as the 'light twelve four' is the latest addition to the Austin range, which now consists of twenty six different types. In several instances prices of existing models are reduced.

SUBMERGED FOREST TO BE EXPLORED.

It is reported from Berlin that a Scientific Expedition is exploring "A forest under the Sea" the trees of which are still in an upright position. It is situated between the Island of Rugen and the Swedish Coast in the Baltic.

The existence of the forest, which is stated to be centuries old, has long been known by Baltic shipping.

THE AMERICAN PRESIDENTIAL ELECTION.

New York. Tuesday. Polling for the next President of the United States took place today. Electors crowded to record their votes and the total is expected to surpass record set up in 1928.

The early returns pointed to a victory for Roosevelt, and the betting this morning was 7 to 1 against Hoover.

The results to 1 o'clock (Wednesday morning) show Roosevelt leading in Alabama, Florida, Georgia, Oklahoma, Texas, Missouri, Maryland, Tennessee, South Carolina, Virginia, Arkansas, all Southern States, and also leading slightly in the important States of Massachusetts and Kansas, which ordinarily are Republican. Owing largely to heavy Democratic majorities in New York City, Roosevelt is also leading in the State of New York.

Hoover is reported to be leading in New Hampshire, Vermont, South Dakota, and Connecticut.

Both candidates are running neck and neck in Pennsylvania and Colorado.

WEATHER REPORT.

CHANCELLOR VON PAPON.

Berlin. Tuesday. Now that there is a clearer view of the result of Sunday's general election the resignation of the Chancellor Von Papon appears to be inevitable, and says the English Press, he is one of the chief hindrances to the formation of a 'Hindenburg Majority' in the Reichstag.

All present plans for the making of a combination of Nazis and the Centre Party presuppose Von Papon's withdrawal from the scene.

His remark in a speech today that "Questions of persons play no part in the work of effecting a really National concentration" was understood by his hearers as a hint at the possibility of his resignation.

To the Centre Von Papon is not merely a renegade but also a traitor to his old Party, and that they should consent to serve under him is unthinkable. A similar situation exists between the Nazis and Von Papon.

There is some talk of Hitler becoming Chancellor but receiving a clearly defined mission to form a 'Presidential' and not Parliamentary Cabinet.

GERMANY AND THE FRENCH PLAN FOR DISARMAMENT.

Berlin. Tuesday. Referring to Disarmament at a Foreign Press Luncheon today Chancellor Von Papon stated "That the French Plan as far as is known assumes that all Continental States of Europe will receive arms of the same character. From the German standpoint that seems a matter we can discuss."

EIGHTEEN MEN AND BOYS TRAPPED IN A COAL SHAFT.

Boldon. Durham. Tuesday. Eighteen men and boys were trapped and partly entombed in a shaft at Boldon Colliery today as the result of a gas escape. Eight of them were able to make their way to a passage in the next shaft and reach the surface. The remaining ten were rescued by a Rescue Brigade from Houghton-le-Spring after the gravest fears had been felt for their safety.

THE ANGLO-IRISH ECONOMIC WAR.

Dublin. Tuesday. It is reported that unless some change takes place in the near future the additional tariffs imposed by Great Britain, together with the Laws of Imperial Preference coming into operation as and from November 15th, will go a long way, if not the whole way, to kill the Free State export trade in Live Stock and Agricultural produce.

"It is the last straw" said the ex-Premier, Mr. Cosgrave, "No Country could stand a tax of this character on its principal exports, and this Country will be unable to endure it long."

Speaking here tonight Mr. Devalera declared "That so long as this Government is concerned Land Annuities will not be paid."

Thursday, 10th November, 1932.

CONDITIONS IN THE UNITED STATES AND ENGLAND.

New York. Tuesday. "Conditions in England are very much better than in the United States" declared Mr. Charles Schwab, the Chairman of the Bethlehem Steel Corporation of America, on his return from England today.

"The Steel Mills in England are now working to about 50% of their capacity compared with a bare 20% in America. England, Belgium, France, and Germany, because of their cheaper labour costs are able to ship a great amount of steel here to the detriment of our own Industry."

ENGLISH PARLIAMENTARY NEWS.

London. When the three day non-party House of Commons Debate on Unemployment entered its concluding stages yesterday Sir Robert Horne, one-time Conservative Chancellor of the Exchequer, observed that a great service would be rendered to trade and industry, and commerce of the World if International Exchanges were put right. While there was a vast amount of gold in the World nearly three-quarters of it was in the hands of two Countries and the others were denied of the necessary supply. The problem was certainly one of the great factors of the present situation.

Referring to the position of the £ Mr Horne pointed out that sterling prices today were practically the same as when Britain went off the Gold Standard, and the £ now purchased more in commodities than five years ago. This was sufficient evidence to prove that no one need be perturbed about the fall in sterling.

He expressed the view that if silver were once more put in an appropriate position in relation to monetary systems of the World, industry and trade would benefit more than by any other single device.

One measure of relief he advocated was State assistance to enable the Cunard Company to proceed with the projected construction of its two giant liners. He believed this could be done by means of a loan, or guarantees, without any cost to the State.

He was certain the legitimate way in which the credit of the Country could be used to help Industry might be discovered if an Export Committee were set up for this purpose. He also suggested that the Embargo on issues be removed as early as possible.

Sir Herbert Samuel expressed the hope that an opportunity would be taken at the World Economic Conference to achieve definite results on Tariffs and other restrictions, monetary matters, and other matters of World wide importance. Only by such means could they secure an early return to prosperity and end the Unemployment question. If the Disarmament Conference could be brought simultaneously to a successful conclusion it would go far to encourage the whole world towards better economic conditions.

After many other members had spoken the Chancellor of the Exchequer concluded the debate, which had been most productive of ideas. While he could not agree with the desirability of many of the proposals made there others which would receive the careful consideration of the Government.

 only son of Mr. and Mrs Sydney Miller, until lately resident at
 Hill Cove.

Miss Felton is at present a Junior Assistant Mistress in the
 Government School, Stanley, but is perhaps equally well known as the
 Acting Captain of the Stanley Girl Guides, in which movement her
 keenness and devotion to the interests of the girls have made her
 extremely popular. We wish the young couple every happiness and
 success in the future. (Contributed)

THE AMERICAN PRESIDENTIAL ELECTION

New York. Wednesday. Mr. Franklin Roosevelt's great victory in the United States Presidential Election has been warmly welcomed in European Countries.

It is hoped that the new President will grant concessions in regard to Tariffs, and War Debts. It is announced that the Democrats will take immediate steps in the final Session of the present Congress to modify the Volstead Prohibition Act so as to legalise beer.

Mr. Hoover stated today that he intended to return to private life in an effort to recoup his personal fortune. He said he had not the remotest idea what he would do after March 4th, but he had to return to work as a private Citizen.

Only six of the forty eight States gave majorities for Hoover, namely Pennsylvania, Connecticut, Delaware, Maine, New Hampshire, and Vermont. The Electoral College vote for the Presidency now stands definitely as Roosevelt 472 votes Hoover 59. According to the latest returns the House of Representatives is composed of 241 Democrats, 78 Republicans, and 116 still doubtful.

THE IRISH FREE STATE AND NEW BRITISH DUTIES.

Dublin. Wednesday. The Free State Government has announced that it will pay bounties on all manufactured articles to the equivalent of the duty imposed on them by the British Government after November 15th when the Imperial Preferences between Britain and the Irish Free State come to an end. No bounty, however, is announced for cattle. Mr. Lemass explained in 'Dail' that whatever duties Britain imposed on Free State Cattle could not stay in the British Market. Mr. Lemass added that in future it may be necessary to continue exporting cattle, bacon, and pigs at a loss as Russia and Germany were doing in order to secure imports of machinery and other products which we cannot produce ourselves.

THE POLITICAL SITUATION IN GERMANY.

Berlin. Wednesday. A Meeting of the Cabinet was held tonight to consider the result of Sunday's election. At its conclusion a short communique was issued which stated the Cabinet had unanimously decided to make a real attempt to form a National Government in conjunction with the Reichstag, and that Chancellor Von Papen will make proposals to President Hindenburg as to negotiations with Party leaders.

During the next few days similar negotiations will also be carried out with Representatives of the Federal States.

GOVERNOR-GENERAL OF THE IRISH FREE STATE.

Questioned in the House of Commons on Wednesday as to the appointment of a Governor-General to the Irish Free State the Secretary for the Dominions, Mr.J.H.Thomas, said whilst he had no statement to make at the moment the House was aware that provision for the appointment of Governor-General was made in the Anglo-Irish Treaty and was indeed an integral part of it.

THE BRITISH GOVERNMENT AND FRENCH DISARMAMENT PROPOSALS.

London. Wednesday. In the House of Commons today Lord Lpsley asked the Prime Minister whether before any decision was reached regarding the extent to which the British Government could agree with the French Disarmament plans, particularly those on the International Control of Civil Aviation he would ensure that such an agreement would in no way prevent future development of British Civil Aviation either of a private nature or on existing Empire Air Routes. The Prime Minister replied that he would certainly provide fully for the future of British Civil Aviation.

SEQUEL TO AMERICAN PRESIDENTIAL ELECTION.

London, Thursday. Following the American Presidential Election the British Government has taken prompt action in bringing up the question of the debt due to the United States.

The British Ambassador at Washington today delivered a note on the subject to the Secretary of State, Mr. Stimson.

It is understood it requests postponement of the payment but no question of default or cancellation has been raised.

It is expected in America that President Hoover, and his successor Mr. Roosevelt, will confer on the matter at an early date. The result may result in an extension of the scope of the World Economic Conference so as to include discussions on debts and tariffs.

The amount due to the United States from Great Britain on December 16th including annuities under the Hoover Moratorium is upwards of £33,000,000.

HAVOC CAUSED BY HURRICANE IN THE
WEST INDIES.

Kingston, Jamaica. Immense havoc and many casualties have been caused in Cuba and the West Indies by a hurricane, the second in six weeks, its speed being estimated at more than 200 miles per hour.

More than three hundred dead have been reported in Cuba, and many buildings destroyed, while many boats were sunk in the Harbour of Nuevitas.

Fifty per cent of Jamaica's banana crop has been destroyed, whilst the railway line at Kingston was destroyed by the invasion of the sea.

The hurricane also swept up the East coast of the United States causing widespread damage. Scores of families were rescued by Police and Soldiers from marooned cottages in the vicinity of New York Harbour. The Ferry service on the Hudson River, and in the Bay was tied up for hours, and thousands of suburban dwellers were unable to reach New York.

FIFTY PER CENT DROP IN TAKINGS IN FASHIONABLE
RESORTS OF FRANCE.

It is reported from Nice that a drop of nearly 50% in the takings, as compared with the 1931 season, has taken place in the fashionable Palm Beach Casino at Cannes. At Juan Les Pins the takings this season have dropped by two thirds as compared with the previous season.

ARMISTICE DAY.

Most impressive was the Ceremony on Armistice Day when His Excellency the Governor, accompanied by the Honourable J.M. Ellis, Colonial Secretary, the Honourable G.R.L. Brown, (Private Secretary), Honourable Members of Councils, attended the official service in the Cathedral, at which the Very Reverend the Dean, assisted by the Rev. C.J. Baines, officiated.

After the Service the procession, which included a fairly strong muster of the Defence Force, Rover Scouts, Boy Scouts, Girl Guides and Brownies, together with representatives of the Royal Research Ship 'Discovery II', marched to the Cross of Sacrifice, where the children of the Government School were drawn up, and the two minutes silence observed. The commencement of the silence was marked by the firing of a volley, and a mace, and came to an end with the sounding of the 'Last Post'.

His Excellency then laid a wreath at the foot of the Cross of Sacrifice, being followed by the Honourable Colonial Secretary on behalf of the British Legion, Major the Hon. J. Innes Moir (The Defence Force, and Captain W.M. Carey ('Discovery II').

HOUSE OF LORDS REFORM.

London. Thursday. Many drastic proposals were made by the Committee on House of Lords Reform whose report was issued tonight.

Its main proposals embody extension of Powers of the Upper House and the reform of its personnel. The latter proposal is designed to make it more fully representative of political parties, and it is suggested that the total membership of the House be reduced from 742 to 320 made up as follows :- Peers of the Blood Royal, at present four; 150 Hereditary Peers elected by proportional representation from their own body; 150 'Outside' Peers elected by proportional representation by members of County and County Boroughs, and Councils; Two Archbishops and three Bishops elected by fellow Bishops; Lords of Appeal in Ordinary; It is suggested that Hereditary and 'Outside' Peers sit for twelve years, a third part retiring at four-yearly intervals. Peeresses in their own right will be eligible for election as well as Peers.

THE SALE OF BEER IN NEW YORK.

It is reported from New York that it is believed the "Wets" will introduce a Bill to legalise the sale of beer in New York of a greater alcoholic content than one and a half per cent.

FOSSILISED REMAINS OF AN APO-MAN.

The fossilised remains of an ape-man has been discovered in the Sahara Desert by two Naturalists attached to the Augieras-Draper Mission.

The remains are those of a man aged about fifty, and about 5' 2" in height, with very long arms and legs like a ape, and a very prominent lower jaw.

COLLIERY DISASTER NEAR WIGAN.

London. Sunday. Early on Saturday morning a serious explosion occurred in a pit at Garwood Hall Colliery near Wigan. There were 106 men in the Pit when the disaster occurred. It is believed of that number 24 are dead, and 3 seriously and 3 slightly injured, 72 escaped or were rescued and 4 are unaccounted for. Fortunately there was no fire after the explosion.

More than a dozen of the rescued men immediately commenced operations to reach their comrades, but their work was slow as they were hampered by fire-damp.

ARRIVALS BY THE 'LOSADA'

The following arrived in Stanley on Friday evening per the M.v. 'Losada' :- Mrs L.G. Barton, Master J.D. Barton, Mr. H.J. Rickotts and Mr. L. Dugas.

WEATHER REPORT.

The observations made at Stanley Observatory during the 24 hrs ending 9.a.m. yesterday morning are as follows :-
 Attached thermometer, 28.0, Barometer, 989.4 millibars, Thermometers, Dry 41.2, Wet 40.6, Maximum 53, Minimum 33, wind direction North North East, force 4, rain .25 inches.

LIGHTING UP TIME IN STANLEY TODAY IS 9.30.P.M. (SUMMER TIME.)

Monday, 14th November, 1932.

LOCAL FOOTBALL.

Teams representative of Stanley and the Royal Research Ship 'Discovery II' met on the Government Paddock Ground on Friday evening last. A previous encounter this season between these rivals resulted in a draw, 2-2, so that the second meeting was awaited with much keenness.

Conditions were ideal, Stanley winning the toss took advantage of the sun and wind. Some good football was displayed by both sides, the 'Homesteaders' having the better of the exchanges. After 30 minutes Aldridge sent in a first-time shot from the right wing which passed just beneath the Bar. The 'Discovery' retaliated and although they netted the point was disallowed for 'Hands'.

Half-time Stanley, 1. Discovery, 0.

On the resumption with the wind and sun now in their favour the visitors made the running, but over-eagerness spoilt good opportunities. The home goal was never seriously threatened. Stanley launched several attacks and some likely scoring shots were saved by the visiting keeper. Eventually Byron added the second point.

Result: Stanley, 2. 'Discovery' 0.

Comments. Stanley showed improved form playing with vigour and better combination, particularly in the second half. A noticeable feature was the cohesion between the forwards and the half-back line. The latter besides employing sound defensive tactics, supporting their forwards with accuracy and energy.

HAWANA DEATH ROLL INCREASES.

Havana. The death roll of the victims of the West Indian storms continues to rise. At least 2,700 persons are now believed to have been killed at Santa Cruz Cruz del Sur, a town which was overwhelmed by a tidal wave caused by the Cyclone over Cuba. Santa Cruz itself has been entirely destroyed, and it may never be rebuilt. The exact number of its dead may never be known as the retreating tidal wave took many bodies into the sea.

Much damage has been done in the British Cayman Islands. Brac in the Little Cayman has been devastated, over 60 people being killed, and hundreds injured.

DISARMAMENT.

London. Saturday. Sir John Simon's speech on Disarmament in the House of Commons on Thursday has been welcomed by France and Germany, but with some reservations, says the English Press.

In France Britain's acceptance of the French Plan as the basis of discussion, and her opposition to re-armament by any Power is also welcomed.

Britain's declaration that equality status implies right for Germany to possess the same kind of armaments as those allowed to other Nations is not so well received in view of the interpretation which Berlin might give the principle.

In Germany satisfaction is expressed because for the first time a representative of one of Germany's enemies has declared that the Versailles Treaty may be revised.

BRITAIN AND THE QUESTION OF WAR DEBTS.

London. Saturday. President Hoover is expected to ask Congress to agree to Britain's request for an extension of the moratorium on her debt to America, but he will probably leave the negotiations for the revision of the Debt Agreements with Europe to the new Government and Congress.

It is reported that France is following Britain's lead in asking for a moratorium.

In the City today the War Debt developments were greeted with enthusiasm, and a sharp recovery on the Stock Exchange, the value of the pound advancing.

"RACKETEERING" TO CONTINUE IN NEW YORK ?

New York. Saturday. "Racketeering and crime generally will continue to flourish in America despite the death of prohibition" this is the considered opinion of Mr. Edward Mulrooney, the New York Police Commissioner.

Mr. Mulrooney does not expect spirits to be legalised for another two years, and during this period the "Underworld" which has grown rich and powerful will have firmly established itself in other 'Rackets'.

The prospects of Congress legalising beer and wine before Christmas diminished today as it became more probable the "Republican Erys" would control the Senate as the result of the Election counts. Wine and beer next Summer is the most reliable forecast.

THE COLLIERY DISASTER IN WIGAN.

London. Saturday. It is believed that the explosion in the Colliery near Wigan was caused by the firing of a blasting charge. The man who fired the charge had an astonishing escape, for although his both legs were broken he crawled away and avoided being gassed. The Fireman (An official examiner) who was with him was killed. The fate of the eight missing men is regarded as beyond doubt. The 'District' affected is so full of lethal gas that their survival is impossible.

THE PRESENTATION OF THE IMPERIAL SERVICE

MEDAL TO MR. S.H. RICHES.

At the monthly meeting of the Slough Urban Council held in September, the Chairman, Councillor Charles Ford, said his first duty that evening was a rather unusual but very pleasant one. He had been requested by the Secretary of State to present to Mr. S.H. Riches an Imperial Service Medal which His Majesty the King had been graciously pleased to award him in recognition of meritorious performed as Assistant Customs Officer in the Falkland Islands.

After giving some details of Mr. Riches interesting career, the Chairman added " Mr. Riches - I have much pleasure in presenting you with the medal you have so richly earned by duties carried out in the service of our beloved Empire. I am delighted to welcome you amongst us. I congratulate heartily upon the honour His Majesty has seen fit to award you, and I hope that you will be spared many years to wear it."

Amidst applause, Councillor Ford then pinned the medal on to the breast of Mr. Riches, who is evidently a man of action and not words. He briefly acknowledged the Chairman's kind expressions, declined his offer to say a few words, and quietly retired from the Council Chamber. (Extracted from a Slough, Bucks, Newspaper with all due acknowledgements)

MR. REGINALD H. BASSELEY IN A MOTOR CRASH.

We are obliged to a reader of the 'Penguin' for the following extract from the "Windsor, Slough & Eton Express" dated the 12th August, 1932, and which is published as being of interest locally.

"A fatal accident occurred on the Windsor Road on Wednesday evening last when the traffic between Slough and Windsor was at its height. The victim was Mr. A. Hunt, who was killed within three hundred yards of his home. The details of the accident are not perfectly known, but it appears the deceased was riding towards Slough, and was overtaking another Motor Cyclist when opposite a bend in the road when he came into a collision with a Omnibus. The Motor Cyclist then came into collision with a Cyclist, Mr Reginald H. Basseley. Mr. Hunt was killed instantly, and Mr. Basseley was injured. The Slough Ambulance was soon on the scene and first aid was rendered to Mr. Basseley, who was then taken to the King Edward VII Hospital, suffering from severe concussion and shock."

By a fortunate coincidence The Honourable George Bonner, O.B.E. was residing at Kingston-on-Thames, and on reading of the accident telephoned the Windsor Hospital and after ascertaining the patient would be fit to be moved on the following Saturday was able to send his car and take him home with every care and comfort.

We are glad to state that according to the most recent mail, Mr. Basseley has made a very satisfactory recovery. Mr. R.H.Basseley is the son of Mr. R.B.Basseley (Former Colonial Engineer of this Colony, and brother of Mrs J.F.Bonner, San Carlos.

BRITAIN AND WAR DEBTS.

It is reported from London that the texts of the British and French Notes to the United States on the question of War Debts were issued on Saturday night.

As anticipated both ask for a re-examination of the whole question, and the immediate suspension of payments.

Both notes recall the Lausanne Agreement which aimed at the wiping out of all war debt reparations, and both stress the imperative necessity of new steps to help in World restoration.

It was pointed out in London tonight that World Trade was showing first signs of improvement, and it was imperative if a definite return to prosperity was to be achieved this should be helped forward by a final settlement of the Debts question.

It is believed that the United States attitude will prove to be in agreement, despite strong internal opposition to a downwards scale of debts and an agreement for the immediate suspension of payments.

Mr. Roosevelt is believed to attach great importance in connection with world trade recovery to tariff and trade agreements. Other influential American Bodies urge Europe to practice Economy in expenditures.

THE REICHSTAG TO BE DISSOLVED ?

Berlin. Sunday. The report that the Cabinet intends to dissolve the Reichstag before it can re-assemble has caused a fresh outburst of indignation from the majority of the German people.

The 'Berliner Tagblatt' says 'If Papen Cabinet does not express itself with absolute clearness against the dark plans attributed to it, one must assume the Premiers of German States will apply direct to the Reich President and warn him against the developments which may conjure up the gravest of all dangers for the future of the Reich. A belief exists in certain quarters that the Reichstag will soon be dissolved, and a new Constitution put into force by Presidential decree. There seems, however, to be a

FRENCH DISARMAMENT PLAN COMPLETED.

Paris, Sunday. The drafting of the French Disarmament Plan was completed yesterday, and the document was to have been published yesterday (Monday).

Premier Herriot, the French Air Minister, and members of the French Delegation, who were about to leave for Geneva, met and discussed the details of the Plan, and finally settled them.

No further alterations are likely to be made as it is understood the present text has the approval of the whole Cabinet.

ALL EUROPE MYSTIFIED AS TO THE WHEREABOUTS OF GRETA GARBO.

London, Sunday. All Europe is mystified as to the whereabouts of Greta Garbo. After, it is believed, staying a week in London, she is variously reported to have gone to Paris, Berlin, Sweden.

A message from Stockholm states she has certainly been away from her Country House where she had been staying for about a fortnight, and is expected to return to Stockholm next month.

All that is certain is that a woman believed to have been Greta Garbo, accompanied by a Swedish friend, and wearing a disguise, arrived in London last Saturday week, and stayed some days spending her time sightseeing. She gave her name as Margarete Gustafsson.

PARLIAMENT COMPLETES ANOTHER SESSION.

London. After lasting precisely a year and a week a Parliamentary Session, which began on the 10th November, 1931, has been brought to an end with the customary prerogation ceremony in the House of Lords.

His Majesty the King will open the new session in a week's time.

AMERICAN CUSTOMS AND BRITISH CEMENT.

New York, Saturday. On suspicion of dumping the Commissioner of Customs at Washington has ordered importers of British Cement to deposit bonds equal in value to their importations.

This action has been taken merely on the grounds that the Customs Appraiser in New York suspects British Cement is being sold cheaper than in the British Home Market, although there is nothing to substantiate the suspicion beyond his belief.

British Cement is being sold at about 1/- per barrel cheaper than American.

Importers have protested against the attitude of the Customs Bureau and have demanded a Senate Enquiry.

The Commissioner of Customs has frankly admitted nine out of ten charges of dumping investigated have proved false and the restrictions placed upon imports pending investigation have been unwarranted.

We are obliged to a local reader for the following extract from the "Weekly Times" of the 29th September, which we publish with all due acknowledgments, and in the hope it will be of interest to our readers :-

"Admiral John Luce, C.B. (Retired) died suddenly on Thursday evening at his residence, Little Choverell House, Devizes, at the age of 62. His death recalls the Naval Operations in the South Atlantic, when he commanded H.M.S. 'Glasgow', which he not only saved from the reverse at Coronel when Admiral Caddock was lost, but afterwards commanded in the Falklands Victory under Admiral Sturdee, and in the destruction of the German Cruiser "Dresden" at Juan Fernandez. His handling of his ship in these actions was admirable, and was recognised by his being made a C.B. He afterwards became associated with the Royal Naval Air Service, and was one of the first Commodores of the Station at Cranwell. After the War he flew his flag as Admiral-Superintendent at Malta Dockyard."

THE FRENCH DISARMAMENT PLAN.

Paris. The text of the French Disarmament Plan was issued today (Monday) but many of its proposals have already been published. The chief points are ; a contingent of the British Navy should be at the disposal of the League, and would bear the brunt of any Blockade of an aggressor ordered by that body; Britain's intervention in any European War under the terms of the Locarno Pact would be automatic, and she might have no say in the matter; Vital changes are made in the League Covenant so as to transfer the fixing of an aggressor in some cases from the Council to a Local Commission. In order to carry Naval tonnage reduction so far as is possible a Mediterranean Pact between the Powers concerned is proposed, but it is stipulated that existing ratios between Naval armaments be maintained. Plan also seeks to "Give teeth" to the Kellogg Pact which carried with it no penalties for aggressor,

THE WORLD ECONOMIC CONFERENCE.

London. Monday. Difficulties have arisen which have destroyed any prospect of an early meeting of a World Economic Conference. In British circles the opinion is held that it will be practically impossible for the Conference to assemble before April at the soonest. At the moment, says the English Press, no responsible person can be found to predict how a programme for a meeting can be mapped out.

What has happened is that the Preparatory Committee has adjourned after writing a letter to the Chairman of the League of Nations Organising Committee, Sir John Simon. It is proposed to suspend operations until the beginning of January as the Committee is held to have misconstrued its function. Instead of working upon the agenda for the Conference, it has interested itself actively in various questions which might come before the Conference.

BRITAIN AND WAR DEBTS.

Washington. Monday. The British Government's Note asking for a moratorium for the amount due from it for War Debts on December 15th was supported today by a report issued by the Committee for the consideration of Inter-Governmental Debts. This report rejects the idea of complete cancellation, but suggests the extension of the moratorium to allow time for negotiations with a view to revision.

Mr. Alfred Sloan is Chairman of the Committee, and among the signatories to the report are Professors J.W. Angell, and Edwin Seligman, and four others leading Professors of Economics at American Universities. The report was endorsed before publication by fifty one business, farming, and labour leaders, and men prominent in Political, International, and Civic affairs.

In addition H.M.S. "Durban" intends very kindly to give a Childrens' Party on board on Friday the 2nd December, and a Concert on shore on Wednesday the 7th December. The Ship will be open to visitors on Sunday, the 27th November, and 4th December, respectively.

The final Trial Match between two teams of the Defence Force Football Club will take place on Friday evening, the 18th November. Full particulars including the names of those selected to play will appear in our issue of Friday morning.

The deceased gentleman, a native of the Islands, and a brother of Mr. S. Goss of Fitzroy, besides being a Member of the Reading Council for 28 years, was the Chairman of Reading Labour Party, and an ex-Parliamentary Candidate for South Berkshire.

We join with his numerous friends in the Islands in extending sympathy to the relatives in their bereavement.

MRS MOLLISON LEAVES ON THE SECOND STAGE
OF HER FLIGHT.

Oran, Algeria. Mrs. Mollison left here on the second stage of her flight from Lympno to Capetown after a stay of only four hours. Up to a late hour on Tuesday night there was no news of her progress, but no anxiety is being felt.

VICTOR SMITH GAINS TWENTY MINUTES ON SCHEDULED
TIME.

Duala, Cameroons. Victor Smith, the young South African Pilot who is attempting to fly to Croydon from Capetown in less than four days, left here today (Tuesday) 20 minutes ahead of his scheduled time.

TYPHOON CAUSES ONE HUNDRED DEATHS.

Tokio, Tuesday. Death and destruction is reported over a wide area of Eastern Japan as a result of a typhoon which struck the Pacific Coast today.

According to the latest figures the dead and missing are reported to total one hundred, but disruption of communications is hindering reports.

THE COLONIAL SMALL BORE MATCH.

THE COLONY'S CREDITABLE PERFORMANCE.

With reference to the report, contained in our issue for the 26th August, 1932, in connection with the Competition arranged by the Society of Miniature Rifle Clubs and known as the "Colonial Small Bore Match", we are now privileged to publish a letter received by the Honourable Colonial Secretary from the Secretary of the Society in London :-

Codrington House,
25, Water Lane, Ludgate,
London. E.C. 4.
27th September, 1932.

Sir,

We deeply appreciate your kind letter of the 26th August, relative to the Colonial Rifle Association Small-Bore Match and the encouragement you have given this effort on our part to stimulate interest in small-bore rifle shooting in the Falkland Islands.

Of course your Colony has been foremost in the sport for some years past and it may interest you to know that this fact partly inspired us to put forward the Competition in question. It was a pleasant surprise to us to get so many as nine teams entries from various Colonies at our first attempt.

We are awaiting receipt of the shot cards to compare with the scores published in your monthly News-Sheet, the 'Penguin' which you so kindly enclose in your letter. I shall have pleasure in reading this to our Committee when they survey the whole of the Competition.

Yours etc.etc. G.Pothard. Secretary.

The Cards referred to have now been received by the Society, and a communication received by Mr. E.J. McAtasney, the Secretary of the Local Miniature Rifle Club, to whom we are indebted for some particulars. On marking, with the use of the gauge, it was found we had credited ourselves with four points too many, but notwithstanding the Falklands were leading by seven points over Trinidad Local Forces, there were, however, cards for two more teams to be submitted. Whilst we must not entertain too great hopes of winning the Competition at the first time of asking, it is, indeed, gratifying to find ourselves occupying one of the first three places. It is also particularly encouraging to learn that the efforts of the Colony in regard to fostering Miniature Rifle shooting are appreciated by the Society at home.

The amended scores of the Falkland Islands Team are as follows:-
J.R. Gloudoll, 97, 97, 194. E.J. McAtasney, 96, 98, 194, A.H. Hills, 96, 96, 192. O. Henriksen, 98, 93, 191. G. Thompson, 96, 93, 191. L. Reive, 96, 94, 190. W.J. Grierson, 93, 96, 189. J.J. Harries, 98, 91, 189. E. Lellman, 92, 94, 186. F.A.W. Byron, 92, 93, 185. Total. 1901.

THE OTTAWA AGREEMENTS.

London. Tuesday. The Ottawa Agreements Bill having received Royal Assent today, the Treasury immediately issued an order making most of its provisions effective.

From today the exemption of Empire Imports from the 10% Advalorem Duty, and additional duties imposed under the Imports Duties Act.

From tomorrow midnight it will impose most new duties set out in the various Ottawa Agreements, together with preferential rates on Empire Coffee and Wine.

The duties which come into force tomorrow night are those covered by Agreements with Canada, Australia, New Zealand, South Africa, and Southern Rhodesia, all of which have already taken steps to give effect to tariff changes agreed upon at Ottawa. India and Newfoundland have not yet taken these steps. The only Dominion which does not participate in the Empire Preferences is the Irish Free State.

PROHIBITION ALREADY DEAD IN SOME PARTS OF THE UNITED STATES.

New York. Tuesday. In large areas of the United States prohibition is already dead, and intoxicants are being consumed publicly without any interference by the Authorities.

The Governor of California has announced that he will liberate thousands of persons imprisoned for breaking the Liquor Laws. Public Prosecutors in other States have abandoned hundreds of cases for breaches now awaiting trial.

In New York bars are being installed in leading Hotels, and dollars being cleared in anticipation of a speedy modification of the Law. The great Breweries which have managed to survive the long dry period are preparing for a large capacity production of the real article. The prospect that Congress will now legalise the sale of wine and beer before Christmas is now good.

GERMANY AND THE FRENCH DISARMAMENT PLAN.

Berlin. Tuesday. The reception of the French Disarmament Plan in Germany amounts to a blunt rejection. It is widely claimed it does not constitute any attempt at disarmament, and postpones Germany's claims to equality to the indefinite future. A large section of the Press whose views reflect those of the Government declares the project as one not for Disarmament but one for complete re-organisation of Europe in accordance with French wishes and interests.

It also complains that the Plan contains less than was promised by Premier Herriot in his speech when first outlining the proposals.

TROTSKY PERMITTED TO LEAVE TURKEY.

Constantinople. Tuesday. For the first time since he was sent into exile here four years ago Trotsky, the fallen Bolshevik Leader, has been permitted to leave Turkey. He has been living on the Island of Prinkipe in the Sea of Marmora. Equipped with a Turkish passport he left Marmara tonight.

Geneva, Wednesday. Drastic reductions in the size of battleships and cruisers, the abolition of submarines, the prohibition of heavy tanks, the limitation of calibre of mobile land guns, and the entire abolition of Military and Naval aircraft, combined with effective International control of Civil aviation, were the main features of the proposals advanced by the British Delegate, Sir John Simon, at today's meeting of the Bureau of the Disarmament Conference.

He offered these proposals not as a new Disarmament plan but as the means of finding a basis whereon Germany's claim to equality of right, which was holding up the Conference, could be dealt with, bearing in mind that the object of the Conference was to effect positive disarmament, and that the full realization in practice of the principle of equality could not at once be achieved.

The British Policy in connection with Germany's claim to equality was announced in Sir John Simon's speech in the House of Commons last Thursday, and detailed proposals are now published in a White Paper as an annex to that statement.

Intense interest was displayed in the House of Commons this morning in the far reaching nature of the proposals which cover quantitative disarmament by sea, land and air. The final result, it is held, can only be reached by stages. The immediate task of the Disarmament Conference is to settle the actual programme of the first stage, and if possible to establish the main outlines of the second, in order that the Nations might adjust their programmes thereto in the interval. So far as Political difficulties are concerned a few years of good neighbourly conduct during the interval will do much to prepare the way for the second stage. The methods which the Government consider might be applied to the first stage in regard to quantitative Disarmament are set out as follows:- Naval Disarmaments :- The British Government are at present engaged in seeking an Agreement with leading Naval Powers for a substantial reduction in the size of capital ships, and the principle of according to Germany equality of rights and demands, and that Germany should be permitted to build ships of a type which the great Naval Powers shall finally agree. Exhaustive investigation has shown that an arbitrary figure of 10,000 tons as limit of capital ships would fail to command general acceptance.

ASSOCIATION FOOTBALL INTERNATIONAL MATCH.

London. Wednesday. The result of the Association Football Match between England and Wales resulted in a draw, no score being registered by either side.

MRS MOLLISON ARRIVES AT GAO.

Dakar. Wednesday. A message from Gao reports that Mrs Mollison, who is attempting to break her husband's record flight to the Cape, landed there at 12.30.p.m. yesterday and left again for Duala.

IMPORTANT ROYAL DECREE.

Rome. Wednesday. A Royal decree published today restores to seventeen anti-Fascist exiles, six of whom were members of Parliament, the rights of citizenship and property whereof they were deprived when they sought refuge abroad. One of them, Cesare Rossi, who was arrested two years ago, is now serving thirty years imprisonment - Another has since died. The remainder, who are still abroad, includes Professor Gaetano Salvemini, the well-known historian, at present residing in England.

Although the decree does not remit sentences of imprisonment, the restoration of sequestrated property will be a tremendous boon to the relatives, who have hitherto been caused great suffering, which amounted in some cases to complete penury.

MR DEVALERA MAKES TWO IMPORTANT STATEMENTS
REGARDING LAND ANNUITIES.

Dublin. Wednesday. Mr. Devalera made two important statements regarding Land Annuities in the 'Dail' tonight. Firstly, that in the near future legislation would be introduced for the perpetual remission in favour of Farmers of a substantial portion of Land Annuities, and secondly instalments due this month and in December, and the instalments for the next half-year would be funded at 4½%.

AVIATION NEWS.

Tessalonica, Niger Territory. Mrs J.A. Mollison passed over Niamey, which is 2560 miles from London, at 9 o'clock this morning (Wednesday). She did not stop, and her plane was travelling at a fast rate in an Easterly direction.

Meanwhile no news has been heard of Victor Smith, who is trying to beat the record in the opposite direction, since he left Duala.

CHINESE REBEL MAY KILL 250 JAPANESE HOSTAGES.

Tokio. Wednesday. Despite the risk General Su Ping-Wen, the rebel Chinese Commander in Manchuria, may kill two hundred and fifty Japanese civilians whom he is holding as hostages.

The Japanese Military authorities now appear to have decided to take active steps to punish the insurgents. This decision follows Wen's definite refusal to negotiate.

POLICE COURT.

An application by W.J.Halliday for the enforcement of an Order against George Fox for payment of debt was heard in the Police Court on Thursday. Examined on oath the Defendant admitted that he had been in possession of funds sufficient to meet the amount but pleaded he had used the money to pay other accounts. The Court found the default proved but with-hold enforcement at the request of the Plaintiff.

POLAR EXPEDITIONS IN THE ANTARCTIC.

According to statements which have appeared in the Norwegian Press Captain Riiser Larsen, a well-known Polar Explorer and Aviator, proposes to undertake an expedition in the Antarctic this Summer. He will be accompanied by a Wireless Telegraphist, and an expert in the management of dog teams.

They propose to winter in the Antarctic, and to erect a hut and large depot on a group of Islands outside the Weddell Sea, build huts on the Northern Point of Enderby Land and in Prince Ragnhild's Land, and afterwards undertake a sledge journey of five thousand kilometres to the Weddell Sea; journey along its coast in order to ascertain whether it has any connection with the Ross Sea.

The Expedition will be provided with a portable wireless set, and their sledges so constructed that in case of necessity they can be used as rafts;

Captain Riiser-Larsen and his party are not expected to return to Europe until 1934.

It is also reported that two aviators, Mr. Ellsworth, and Mr. B. Balchen, are to make an attempt this year to fly from the Weddell to the Ross Sea with a view to solving one of the problems to which Captain Riiser-Larsen is also devoting attention, that of a possibility of a connection between the two Seas.

PAPEN CABINET RESIGNS.

Berlin. Thursday. Herr Von Papen handed in the resignation of his entire Cabinet today, and was accepted by President Hindenburg at 5.50. p.m.

It does not necessarily follow, however, that Von Papen has vanished permanently from Political life. Some people with an inside view of affairs believe the whole Ministry will be back in office again by the beginning of next week.

Immediately the interview with President Hindenburg had ended Von Papen sent telegrams to his Party leaders inviting them to discuss the situation with him.

It is generally regarded as certain that President Hindenburg will insist on any new Cabinet maintaining the 'Presidential' character of the Papen-Schleicher Government, and proceeding with its economic programme.

PRESIDENT HOOVER AND WAR DEBTS.

Washington. Thursday. The statement attributed to President Hoover that he "Would not recommend to Congress the suspension of War Debt payments due on December 15th as requested by Britain and other Countries" was officially denied this afternoon.

There is no reliable authority for the persistent rumours that America will insist upon payments being made on December 15th. Congress alone has the power to decide the question of postponement of payments and revision of agreements.

The President Elect, Mr. Roosevelt, will arrive at Washington on Tuesday in order to begin talks with Mr. Hoover on the Debts question.

PROPOSED ESTABLISHMENT OF SEA AND AIR PORT IN GALWAY BAY.

Galway. Thursday. With the recent rapid development of aviation the preparation for the establishment of a new great sea and air Port at Furbough in Galway Bay is now being pushed forward.

This new Atlantic terminal Port with a service of 30 knot liners from Halifax Nova Scotia would reduce the Ocean Voyage to three days, and would bring New York a day and a half nearer London.

The scheme has the goodwill of the British, Irish Free State, and Canadian Governments, and the Air Ministry, which is taking an active interest in the proposals besides working out the flying times to the principal European Cities.

CONVICTS STILL FREE AFTER THIRTY HOURS HUNT.

Princetown. Thursday. Following a hunt over Dartmoor, which had lasted more than thirty hours continuously, it was decided tonight to discontinue the search for the two escaped convicts from Dartmoor Prison until tomorrow morning. The night was bitterly cold. Bloodhounds picked up the scent and four hours led the Police, and Mounted Warders, across 15 miles of desolate moor. Reports have come to hand of two men having been seen, but nothing definite has been established.

THE FALKLAND ISLANDS CENTENARY STAMPS.

On January 1st, 1933, the Falkland Islands Government will place on issue a commemorative set of Postage and Revenue Stamps on the occasion of the Centenary of the Colony.

The set will consist of twelve denominations representing objects and scenes of interest connected with the Colony and its Dependencies. It will be on issue for twelve months only after which any stocks remaining will be destroyed.

The following designs have been chosen for the several denominations:

The half-penny stamp has for its subject a Romney Marsh Ram of the type characteristic of and predominant in the sheep flocks of the Colony the prime industry of which, namely wool, is thus fittingly represented.

The penny stamp is a reproduction of a photograph of a tabular iceberg broken off from the Great Barrier such as commonly encountered in the waters of the Dependencies and generally in Antarctic Seas.

The Penny and a Half-penny stamp similarly is a reproduction of a whale catcher or vessel of the trawler class as used for the actual hunting and killing of the whale, again in the Dependencies and the Antarctic.

The two-penny stamp gives a view of the original settlement and old capital at Port Louis in Berkeley Sound taken from a view by William Langdon R.N., and published in G. Whittington's "Falkland Islands" in 1840. The Three-penny stamp is a map of the Colony reproduced from the existing Admiralty Chart.

The Four Penny stamp shows a scene typical of wild and mountainous South Georgia, the most important of the Dependencies. In the back ground, is the Whaling Station maintained by the Compania Argentina de Pesca.

The Six penny stamp pictures a Whale, and the Shilling stamp gives a view of the Government House at Stanley, the capital of the Colony. The Two shillings and six penny stamp is a reproduction of a photograph of the Battle Memorial at Stanley, erected by Public subscription and unveiled in February 1927, in commemoration of the Naval Victory gained off the shores of the Colony by the British Squadron under the late Vice-Admiral Sir Devoten Sturdee, K.C. B. on the 8th December, 1914.

The Five Shilling Stamp portrays a King Penguin, which magnificent bird breeds in the Dependencies and is an occasional visitor to the Colony.

The Ten Shilling Stamp displays the modern arms of the Colony, as granted by Royal Warrant dated the 16th October, 1925, to wit: A Sea Lion and a representation of the Ship 'Discovery' in which John Davis sailed when he discovered the Falkland Islands on the 14th August, 1592.

The One pound stamp is a portrait of His Majesty King George the Fifth.

Our readers will be interested to know that a stock of the above stamps arrived in the Colony per the m.v. 'Lomada' last week.

THE HORTICULTURAL SOCIETY'S DANCE.

With reference to a previous publication in the 'Penguin' in connection with the Dance organised by the Falkland Islands Horticultural Society, and which is to take place on Monday next, the

21st November, we are now informed that Dancing will commence at 8 p.m. and continue until 1 a.m. The prices of admission are as follows: - Ladies 1/-, Gentlemen 2/-, Married Couples 2/6. It is hoped as many of the Public as is possible will aid the Society's work by attending the function. We are asked to state the Committee would be extremely grateful if intending contributors of refreshments would send them to the Town Hall between 1 p.m. and 5 p.m. on Monday.

THE GERMAN POLITICAL SITUATION.

Berlin, Saturday. President Hindenburg received the Nazi Leader, Herr Hitler, for over an hour this morning. Apparently nothing has yet been decided about the next German Government, but the President's consultations with Party Leaders are continuing, and Hitler is expected to be received in audience again this week. It is believed that Hitler is more conciliatory, and although President Hindenburg's antipathy to Hitler is proverbial he would not hesitate to appoint him to be Chancellor if the welfare of the Country demanded it. In any case it is expected the new Government will be in office by the middle of next week. There is little doubt that if President Hindenburg offered the Nazis the Chancellorship, he would insist on other offices going to other Parties and to preserve in German Home and Foreign Policy a balance more even than promised in the Nazi Election speeches.

It is taken for granted that Baron Von Neuzath will again be Foreign Minister.

In the present crisis President Hindenburg has a firm grasp of the situation, and besides he enjoys the confidence of the people.

MRS MOLLISON RECHIEVES THE C.P.E.

Cape Town. Saturday. When Mrs. Mollison awoke yesterday from her fifteen hours sleep after her record breaking flight from Lympne to Cape Town she was handed a message from His Majesty the King to Lord Glarendon, Governor General of South Africa, which read as follows: "Please convey to Mrs. Mollison heart congratulations on her splendid achievement. I trust she is not too exhausted."

No plans are yet made for Mrs. Mollison to return to England, but there is a possibility she may fly back and attempt to lower her own record.

The all British 'Puss-Moth' machine will need a thorough overhaul as a result of the strain of its four days flight.

FRENCH POLICE TO TAKE SPECIAL PRECAUTIONS
ON THE ARRIVAL OF TROTSKY.

Paris. Saturday. The French Police have taken special precautions to prevent any demonstration on Monday when the former Soviet Commissary, Trotsky, arrives at Marseilles from Stamboul.

UNITED STATES FAVOURABLE TRADE BALANCE.

Washington. Saturday. The Department of Commerce announced today the biggest monthly favourable trade balance of the current year - Forty seven million dollars being larger by over eleven million dollars than the figures for the corresponding period (October) 1931.

A "EUROPEAN CONGRESS".

London. Saturday. The visit of the Hungarian Premier Gombos to Mussolini is understood to have been in connection the "European Congress" which was held last week in Rome under the auspices of the Italian Royal Academy.

The presence in Rome of German representatives like Doctor Schacht, former Governor of the Reichbank, and prominent Hitlerites like Rosenberg and Goering is thought significant. The objects of the Congress are described as little short of sensational, says the English Press. Briefly they are to prepare a far-reaching co-operation between Italy, Germany in Central Europe. To this end action would be taken while Soviet Russia still occupied with its position in the Far East. The present moment is considered particularly favourable on account of the crisis in Roumania, and the appeals to Berlin and Rome for help made by the Hungarians.

THE PRINCE OF WALES TOUR IN NORTHERN IRELAND.

Travelling throughout Friday night the Prince of Wales arrived in London on Saturday. His visit to Northern Ireland is reported to have been an unqualified success, and he was received by all classes of the community with unrestrained enthusiasm.

Twenty thousand people gathered at the Railway Station in Belfast to cheer him as he departed, the crowd chanting "Come Back, Come back" to the tune of the Westminster Chimes. At all stations along the line to Larne Harbour huge crowds cheered him on his way.

From the Harbour in an impromptu Broadcast speech he paid a charming tribute to Irishmen. "In all my travels in whatever climate, and under whatever conditions I have always found Irishmen. Everyone who met them liked them" continuing His Royal Highness said "It won't be my fault if I don't come back".

His Majesty the King has telegraphed to the Government of Northern Ireland asking that an expression of heartfelt thanks be conveyed to the people for the warmth of welcome accorded his son.

THE RELATIVE STRENGTH OF AIR FORCES OF THE LEADING NATIONS.

In view of the British proposal that Air Forces of the leading Powers should be reduced to the level of those of the United Kingdom and following this there should be a further cut in all Air Forces. It is of interest to note the Air strength of Britain, France, Italy, the United States, and Japan, as given in the League of Nations Armaments Year Book. The figures are for last year and refer to Aeroplanes and Sea Planes. France 2375, not including 605 spare machines, United States 1752, Japan 1639, Italy 1507, and Britain 1434. At the end of the War Britain had easily the largest Air Force but has since reduced independently.

MRS. MOLLISON'S GREAT ACHIEVEMENT.

Capetown. Sunday. Tributes of admiration have reached Mrs Mollison at Capetown from all parts of the world.

Among them are messages from Lord Londonderry, Secretary for Air, The Royal Aeronautical Society, and several world flyers including Miss Earhart, and Custer, the French Ace.

Later details serve to emphasise the greatness of her personal achievement. Not only did she encounter a tropical storm, but when a defect occurred in the oil pressure she had herself to improvise tools to rectify it. Her time of 4 days 6 hours 53 minutes from Lympe to Capetown would have been even better had it not been necessary for her to return to Gao when she found after a four hours flight over the Desert that her Petrol tanks had been improperly filled, and contained only enough spirit to enable her to return there.

FRENCH BILL TO COMBAT FOREIGN DUMPING.

Paris. Sunday. It is reported that the French Cabinet decided yesterday to bring a Bill before Parliament to combat foreign dumping.

SAMUEL INSULL AND EXTRADITION.

Athens, Sunday. Two American Lawyers who have been charged to present a case for the extradition from Greece of Samuel Insull (Sr) arrived here today.

BOLIVIAN ARMY RESERVES CALLED TO THE COLOURS.

It is reported from La Paz that the Bolivian Army Reserves have been called to the Colours for the continuance of hostilities against Paraguay in the Gran Chaco region.

ORIGINATOR OF THE "FIVE DAY WEEK" DEAD.

New York. Sunday. Mr. Malcolm Gray, the originator of the 'Five day week' adopted by Mr. Henry Ford, died here today from Pneumonia.

THE POLITICAL SITUATION IN GERMANY.

Berlin. Sunday. Personal reconciliation between President Hindenburg and Herr Hitler has occurred, and the road is now clear for negotiations in connection with the formation of a new Cabinet. The main difficulties are, however, to be surmounted, and negotiations between Hitlerites and the Leaders of other Parties broke down today. Thereupon the State Secretary Meißner asked Hitler to see President Hindenburg tomorrow and make further attempts to avert a final fiasco. In political circles it is considered likely Hitler will receive a definite commission from the President to form a Cabinet.

SUNDAY'S PRACTICE MATCH.

The following teams drawn from the Defence Force engaged in a practice match on the Government House Padang on Sunday afternoon.

Aston Villa Colours. J. Peck. A. Etheridge. G.L. Pallini. O. Pike. D. Fleuret (Captain) D. Atkins, L. Aldridge, F. O'Sullivan, F.A.W. Byron, and M.G. Crocco. W.J. Grierson.

Greens. T.D. Evans. J. Pottersson. J.R. Gleadell, E. Potterson, D. Williams (Captain) G. Pearson. C. Thompson, M. Campbell. J. Morton, B. Fleuret, D. Peck,

The team wearing Aston Villa Colours won the toss and elected to play with the wind, which was blowing fairly strongly from the South East, and their forwards immediately exerted pressure. The exchanges in the first half were of an even nature and both keepers were called upon to defend their charges. The "Aston Villas" however, whose forwards and halves were employing good combination, were not to be denied and they drew first blood by a good shot from Pike. Their second was registered a few minutes later when O'Sullivan gave the goal-keeper no chance with a first-timer. This reverse inspired the Greens who made some good movements which, however, proved abortive.

HALF TIME 'ASTON VILLAS' 2. 'GREENS' 0.

On the exchange of ends play was dominated by the 'Claret & Blues' and with but a few bursts from the Greens, operations were confined to the western end of the field.

The "Aston Villas" efforts were rewarded by the netting of four more goals which were registered by Byron (3) and O'Sullivan 1. The final whistle came with the 'Greens' undaunted, and defending their citadel with the utmost vigour.

RESULT. "ASTON VILLAS" 6. "GREENS" 0.

THE LEAGUE OF NATIONS.

Geneva. Sunday. The League of Nations Council under the Presidency of Mr. Devalera, this week begins facing one of the severest tests in its history when the Lytton Report and the future status of Manchuria comes up for discussion. Japanese and Chinese Officials have invaded Geneva in readiness for the heated discussions and negotiations which are expected to continue until after Christmas. The Chinese attitude as defined by Dr. Yen, Chief of the Chinese Delegation, admits the right of the League to arbitrate in the dispute concerning the new State of Manchukuo declaring "The Chinese Govt has no intention of trying to upset the findings of the Lytton Report" Japan, however, disputes the right of the Chinese, with their present form of Government to belong to the League of Nations, thus reviving a long standing controversy.

The question the real powers of the Chinese Central Government, and maintain Manchuria, is not and never has been a part of China proper.

Their appeal to the League is that the new State of Manchukuo will mean the beginning of a new era of peace and prosperity which in time may form the basis for the settlement of the far greater question of China.

WEATHER REPORT.

BRITISH FILM ACTRESS TO MARRY.

London. Monday. Miss Benita Hume, the British Film Actress, is to marry Mr. Jack Dunfee, the Racing Historian, on her return from her forthcoming visit to the United States.

MUCH SPECULATION IN REGARD TO THE RESULT OF THE MEETING HOOVER AND ROOSEVELT.

Washington. Monday. There is great speculation regarding the outcome of President Hoover's Conference with Mr. Roosevelt on Tuesday, and much uncertainty.

Washington is tonight apparently convinced that there will be an agreement regarding the instalment of payments of War Debts instalments on December 15th, and that at present Congress will be unfavourable to a revival of War Debt Funding Commission to consider the question of the revision of existing agreements. The prospect, briefly, is : Postponement of all major problems to New Congress which will meet in March, conditional upon payment of money due on December 15th.

Czechoslovakia has now asked for a moratorium on the December instalment of her debt, and a revision of her agreement. A Note making these requests was handed to Mr. Stimson today by her Minister.

MOLLISON AND PLAN FOR 'FAMILY FLIGHT'

London. Monday. Mr & Mrs J.A. Mollison are likely to make a dual attempt each with their own machines to break the Capetown to England record.

Mrs Mollison will fly in "Desert Cloud", the plane in which she broke her husband's record to South Africa, and Mollison in "Hearts Content" wherein he set up a lone flight Atlantic record from East to West.

Plans for the 'Family Flight' were revealed tonight by Mr. Mollison who said "I don't mind what perils we face together". (Continued on page 4.)

If my wife wants to fly back and lower the figure for the flight from the Cape to England she had best wait until about December 9th when she will have the advantage of the Winter Full Moon. While she is waiting I could fly to South Africa and come back with her. I should go out in easy stages."

PRESIDENT HINDENBURG SETS HITLER A TASK
WHICH IT IS THOUGHT HE IS UNLIKELY
TO FULFILL.

Berlin. Monday. President Hindenburg has set Hitler a task which it is unlikely he will be able to fulfill.

The aged President today offered Hitler the Chancellorship on the following conditions; That he is able to command a majority in the Reichstag; That the Minister for War, General Schleicher, and the Minister for Foreign Affairs, Baron Von Neurath, in the Papen Cabinet retain their posts; that the main lines of the Economic programme of the Papen Cabinet be adhered to; that currency in no way be tampered with. It is not known at present whether Hitler will take the task imposed upon him.

TROTSKY ARRIVES IN FRANCE.

Marseilles. Monday. Leon Trotsky, former Soviet Commissary, arrived in France from Turkey today. As it had been anticipated his arrival would lead to demonstrations which the authorities were anxious to avoid Trotsky and his wife were taken off the Linor in a Police Tug at Ile de Riou and conveyed to Lestaque so that they might pass through the Rove Tunnel without entering the City. Later Trotsky was driven by road to Lyons where he and his wife took an express for Dunkirk.

Journalists and Cinema Operators were still awaiting the arrival of the linor at Marseilles when Trotsky and his wife were already on their way through the tunnel.

DUBLIN CHAMBER OF COMMERCE CALLS FOR
AN EARLY SETTLEMENT OF DISPUTE WITH
ENGLAND.

Dublin. Monday. The Council of Dublin Chamber of Commerce today unanimously adopted a resolution calling for an early settlement of the dispute with England.

The Resolution stated "The Council regarded with increasing anxiety the effect of the trade of the Country as a result of the present struggle with Britain."

"It continued the struggle must lead by rapid process to financial exhaustion, and to annihilation of our external trade, and permanent diminution of our internal trade."

THE DEFENCE FORCE BADMINTON CLUB.

Ladies Doubles (Handicap) American Tournament concluded at the Drill Hall on Tuesday night. Eight couples entered for the Tournament as under :-
 Mrs W. McAllan and Mrs B. Fleuret (Minus 3) Miss E. Summers and Miss S. Summers (Minus 1) Mrs. E. Kelway and Mrs W. Hutchinson (Scratch) Miss W. Bonnor and Mrs F. O'Sullivan (Scratch) Miss H. Davis and Miss McLeod (plus 1) Mrs. E.J. Gleadoll and Miss I. Hardy (Plus 5) Miss ... Clifton and Miss E. Martin (Plus 7) Mrs G. Pallini and Mrs H. Jennings (Scratch).

Miss M. Davis and Miss McLeod won every game, and ran out worthy winners. An extra game was necessary to decide which couple were to be the runners up, as Miss W. Bonnor and her Partner won the same number of games (Five) as did Mrs W. Allen and her Partner. Mrs Allen and Mrs Fleuret won the game by 15 to 9.

The games were of 15 Aces, and play was very even, which was partly due to the Handicapping Committee of Gentlemen members. There were some very good rallies, and the likely winners were in doubt almost to the last game.

The prizes were presented to the winners by Lieut. W.M. Allen who in his remarks congratulated the entrants on the high standard of play displayed.

MR. RALPH McDONALD REPLIED TO CRITICISMS
ON GOVERNMENT POLICY.

London. Tuesday. There was a large attendance in the House of Commons this afternoon. Members cheered when Mr. Winston Churchill made his first appearance since his recent illness.

Both members for the City of London exercised the ancient right of sitting on the Treasury Bench at the opening day of a Session.

The Prime Minister spoke early in the Debate and dealt with the criticisms levelled at the Government's policy by the Opposition Leader, Mr. Lansbury. Regarding unemployment he said "The Labour Party had tried to deal with the problem by the provision of relief work, but when expenditure had reached its highest point unemployment figures were going rapidly up. The conditions, and state of unemployment two years ago were much worse than at present. The Government would encourage every normal municipal enterprise, but the rates and taxes must not be drawn upon extravagantly. The Government had to face the fact that when trade had recovered to a degree which anyone could reasonably expect it there would still be a large residuum of unemployed. It was therefore not a question of temporary relief. They were continuing to work out schemes with the Departments concerned, and with the help of outside bodies, but the revival of agriculture was essential to those plans. A much larger percentage of people must be put in direct contact with the land than had been the case during the development of the Factory system."

Regarding the Foreign outlook, the Premier said the World Economic Conference was finding some obstacles in its way, but the British Government would continue to press for the earliest possible meeting. On Disarmament he would say nothing beyond what the Foreign Secretary had said in presenting the British Proposals except that the whole House would unanimously support him in expressing complete confidence in the representations made in Geneva by Sir John Simon.

BRITAIN AND AMERICA.

London. Tuesday. Speaking at the 'Anglo-American Pilgrims Club' today Lord Hailsham, Secretary for War, said 'There had never been a time when it was more important that Britain and America should understand one another. As the two Nations had during the War protected civilisation from a violent death so had they now to protect the Economic World from equally certain disaster.'

PRESIDENT HOOVER AND MR. ROOSEVELT HAVE AN 'INFORMAL PERSONAL MEETING'.

Washington. Tuesday. A momentous conference on the War Debts question between President Hoover and Mr. Roosevelt took place in the White House today.

The 'Informal personal meeting', as the President -Elect called it in accepting President Hoover's invitation, developed into a discussion in which four Politicians took part. While the President was supported by the Secretary of the Treasury, Mr.Ogden Mills, Mr.Roosevelt brought with him his Economic Advisor, Professor Raymond Moley.

They chatted pleasantly for several moments before embarking on one of the most vital conversations in history.

Mr. Roosevelt left the White House at 6.15.p.m. after a stay of just over two and a half hours.

The following statement was issued "President Hoover and Governor Roosevelt traversed at length the Debts problems and other subjects and progress has been made.

DARTMOOR CONVICTS RECAPTURED.

EXETER. TUESDAY. The two Convicts who escaped from Dartmoor last Wednesday were recaptured at 10.30. G.M.T. tonight about one mile outside Exeter.

It was news that a house on the outskirts of Crediton had been broken into that led to a search being made in the District and finally to the capture of the men. Both of them were wearing macintoshes over their prison clothes, and were somewhat exhausted after their trying ordeal on the moors and from lack of food.

They told the Police that at onetime on Dartmoor the bloodhounds were within ten yards of them, and that they could see the aeroplane in which Major Morris, Chief Constable of Devon, was taking part in the search.

FOOTBALL.

WAR DEBTS.

London. Wednesday. Reference to the War Debts question was made by Lord Reading, who has just returned to London from a private visit to the U.S.A., in a speech at the English Speaking Union last night. He said that Britain's proposal for the postponement of the America Debt payment on December 15th was as important for America as it was for Britain.

When the agreement was made fourteen years ago no one foresaw that we should be in our present financial position, and no one could have foretold that World Depression could have been so great and critical as it had been during the past three years.

Under the Anglo-American Debt Agreement Britain paid more than any other Country, and forwent a greater portion of debts due to her from other Countries.

The reply of the United States Government to the recent British Note on War Debts has now reached London. The British Note requested provisional suspension of payment of the instalment of War Debt due on December 15th pending discussion of the whole matter between the two Governments. The terms of the reply are not yet published but President Hoover's views have been publicly expressed in a statement issued in Washington. This declares that the Debt Agreement must be maintained in the full except as adjusted by mutual consent. In view of the requests made by Debtor Govts, however, President Hoover believes that Congress should authorise the creation of an Agency to exchange views with Debtor Governments thereby enlarging the field of discussion, and to report to Congress such recommendations as they deem desirable. Hoover insists that the existing agreements must stand until they have been mutually modified.

ESTATE OF 10,000 ACRES PRESENTED TO IRISH FREE STATE.

Dublin. It is announced officially that the Muckross Estate of 10,000 acres, which includes Lakes of Killarney, has been presented to the Irish Free State for a National Park.

The gift was assured by the generosity of Mr. William Hovora Bourne, of San Mateo, California, who originally bought the property from the late Lord Ardilaun, and settled it on his son-in-law Senator Arthur Vincent who made his home there. The gift is in memory of Mrs Vincent who died some years ago. A simple monument will be erected to her memory on the Estate.

THE ESTATE OF THE LATE SIR THOMAS LIPTON.

London. Wednesday. It is understood that some of the difficulty experienced by Trustees of the Estate of the late Sir Thomas Lipton regarding the disposal of the funds bequeathed under his will is due to the fact that much of his property in the United States and Ceylon.

Exhaustive enquiries have been necessary to estimate the total value of his property outside Great Britain, and they have also been faced with the question of fluctuating values during the past year. For this reason the Trustees will not be in a position for some time to make a further announcement than that recently published in which regret was expressed that they could not make arrangements for the disposal of the funds "For the benefit of poor mothers of the working classes of Glasgow".

THE WEATHER AT HOME.

London. Wednesday. Severe wintry conditions were experienced in Scotland, the north of England and Ireland today with fierce squalls of rain and hail.

HITLER REFUSES TO ATTEMPT THE FORMATION OF "PURELY PARLIAMENTARY GOVT."

Berlin. Hitler has refused to attempt to form a 'Purely Parliamentary Government' under the conditions imposed upon him by President Hindenburg.

He has, however, submitted to the President a set of counter-proposals which in his opinion will lead to a speedy solution of the German Crisis.

At Hitler's request these proposals are being kept secret but according to a well informed News Agency the Nazi Chief suggests that he be made Chancellor of a 'Presidential Cabinet'. Exactly what he means by this is not yet clear but obviously it must be something very different from the Papen-Schleicher Ministry. President Hindenburg has not yet announced his attitude towards Hitler's proposals.

UNITED STATES REPLY TO BRITISH NOTE ON
WAR DEBTS.

London. Thursday. The United States Government's Note in reply to Britain's request for the postponement of the Debt payment due on December 15th was received in London today, and will be considered by the Cabinet shortly.

In view of President Hoover's refusal to grant a Moratorium on the ground that there has been no case made out for it, a British Note stating why it is essential will be despatched as soon as possible, probably this week end.

It will point out the serious injury which the transfer of a sum of £28, 500,000 would cause to Britain's Currency credit, and also to the Trade of Britain, America, and the World in general.

It is learnt that no decision as to the payment or nonpayment will be taken until a reply to this note is received by Britain.

It is understood that the American Congress will not oppose President Hoover's suggested compromise whereby the Debtor Nations will be allowed to make the December payment in their own currencies, and by instalments. Some of these Powers are expected to ask permission to take this course.

The reaction in Europe to Hoover's insistence on the December payments being made is one of disappointment and failure to comprehend the American point of view.

HITLER NOT TO BE CHANCELLOR OF
'PRESIDENTIAL CABINET.'

Berlin. Friday morning. Hitler, the Nazi Leader, is not to be Chancellor of a 'Presidential Cabinet'. This was made clear last night by President Hindenburg when he refused Hitler's demand and refused to negotiate further in respect to it.

President Hindenburg in a letter to Hitler said " I fear that a Presidential Cabinet led by you would necessarily develop into a Party Dictatorship with enormous aggravation and antagonism in the German Nation. To bring this about I could not be answerable to my Oath and my conscience. Now that you have refused with the utmost decisiveness on any other kind of cooperation either inside or outside with a new Government I cannot expect success from further written or oral consideration of this question."

DISARMAMENT CONFERENCE.

Geneva. Thursday. Following Sir John Simon's departure Baron Von Neurath leaves here on Saturday, and no date has yet been fixed for his return. It is stated, however, that he will return at the earliest possible moment.

Throughout the morning conversations continued between Sir John Simon and Baron Von Neurath in the hope of finding a basis for the return of Germany to the Disarmament Conference. A better atmosphere prevails this evening, and British Official circles are optimistic that a basis of agreement will be found between French, and German points of view.

Both Simon and the Chairman of the Disarmament Conference, Mr. Arthur Henderson, have spent several hours today in effecting this improvement in the position, and the only outstanding difficulty

EARLY ATTEMPT TO BE MADE BY TWO BRITISHERS TO
MAKE DOUBLE FLIGHT OF ATLANTIC.

London. Thursday. An attempt is to be made early in the New Year by an ex-Royal Air Force Officer and a London Business man to make a double flight of the Atlantic.

The Pilot will be Gerald Patrick Devaney, and his companion Charles Gordon Hodgehouse-Temple, who at the last General Election stood for Parliament as a Conservative Candidate.

The latter will make the flight in order to attend a Board Meeting of the Continuous Retort Corporation of which he is Chairman. He expresses the utmost confidence not only in Devaney as Pilot, but in the Devaney Engine, of which Devaney is the Inventor.

Temple said "We estimate it will take us 20 hours each way, but we shall not turn round and come back immediately."

HIS MAJESTY THE KING TO BROADCAST
CHRISTMAS GREETING TO THE
PEOPLE OF THE EMPIRE.

London. Thursday. His Majesty the King is to broadcast Christmas Greetings to all his peoples throughout the British Empire on the afternoon of Christmas Day.

This announcement was made tonight by the British Broadcasting Corporation. By this act His Majesty will open a new era in the history of wireless as being the first British Monarch to send personal spoken greetings to all his subjects.

LEADING AMERICAN BREWERS APPEAL TO
THE GOVERNMENT FOR PROTECTION.

New York. Thursday. Leading American Brewers have appealed to the Government to protect them against the power of the Under-world when beer is legalized by Congress.

The Brewers fear that Bootleggers, Hijackers, who have amassed fortunes as the result of prohibition will use desperate means to prevent legitimate Brewers from entering what they consider their own lucrative field.

THE BRITISH DYE INDUSTRY.

London. Thursday. The Report was issued tonight of the Dye-stuff Industry Development Committee. It recommends that the Dye-stuffs Importation Act 1920 should continue for a further three years, and that arrangements be made whereby British Dyemakers can obtain the raw materials at a price corresponding to that by similar manufacturers abroad.

AT HOME AT GOVERNMENT HOUSE.

A most enjoyable afternoon was spent on Saturday at Government House when some seventy guests including Commodore R.H. Lane-Poole, C.B.E. and his officers were received by His Excellency. The Orchestral Band of H.M.S. 'Durban' provided delightful music and dancing was a popular feature of the entertainment.

FRENCH CABINET AND WAR DEBTS.

Paris, Saturday. The French Cabinet today considered the draft of a reply to be sent to America in connection with the refusal of the American Government to grant a suspension of the December War Debt payment.

Experts will examine the draft during the week end and the Cabinet will meet again on Monday. The reply must be sent before Premier Herriot leaves for Geneva on Wednesday in order to attend the Disarmament Conference.

Whatever the Cabinet decide to do it is doubtful whether payment will be made, and it is generally believed the Chamber, if asked to do so, would refuse to vote the necessary credit to make the payment.

Mr. Norman Davis, the American Delegate to the Disarmament Conference arrived in Paris today, and late this afternoon he had an interview with Premier Herriot, but whether the question of debts was discussed is unknown.

THE POLITICAL SITUATION IN GERMANY.

Berlin, Saturday. The settlement of the German Cabinet crisis is not expected for several days. President Hindenburg today had a long conference at which Papen and Schleicher were present, but nothing definite has resulted from it.

Baron Von Neurath, the Minister for Foreign Affairs, left this morning for Berlin. The President is to consult with him before taking any action.

PACT BETWEEN FRANCE AND SOVIET RUSSIA.

Paris, Saturday. A Pact of Non-Aggression between France and Soviet Russia was agreed to today by the French Cabinet.

It provides firstly for inviolability the territories of each other including French Colonies and Protectorates, while laying down there must be no recourse to war between the two Countries; For neutrality in case of aggression by third parties; and thirdly for the restriction of boycotting. The Pact also deals with the question of Bolshevik propaganda, especially in the form of news, which it states must be discontinued.

BROADCAST SERVICE FOR EMPIRE OUTPOSTS.

London, Saturday. From December 15th men at lonely posts of the Empire will be linked up with the Home-land by a great new Broadcasting scheme which will then come into operation.

The preliminary unofficial tests which have been carried out by the British Broadcasting Corporation are meeting with encouraging results.

Captain Cecil G. Lves, Director of Empire Broadcasting said

"This scheme may be said to be largely for the benefit of the Empire's forgotten men. Those men hopelessly isolated in such places as Sarawak, Borneo, Northern Rhodesia, St. Helena, and Ascension, should find the new service an immense boon.

DUKE OF ALBA RETURNS TO MADRID.

Madrid. Saturday. It is learnt that the Duke of Alba and Berwick has returned to Madrid from Switzerland to stand his trial on a charge of alleged participation in the recent Royalist rising.

The charge apparently relates to the rebellion headed by General Sanjurjo at Seville which quickly collapsed.

The Duke, who was a Minister in one of the Cabinets under Primo de Rivera, Dictator when King Alfonso was on the throne, immediately after his arrival went to the Office of the Chief of Police. After he had denied he had been in any way connected with the rising he was told that he was free to go. Out of a score of persons similarly summoned only two others presented themselves.

ITALY TO MAKE A BID FOR AIR SPEED RECORD.

Desenzano. Saturday. There is an atmosphere of expectancy surrounding the High Speed Air Port here. The buzz of usual activity has given way to the terrific roar as the new engine of Italy's Super highspeed seaplane is tuned up preparatory to making an official attempt on the World's record now held by Great Britain.

The engine it is said has been brought to a point of perfection, is functioning smoothly, and giving the expected power which Italians hope will be sufficient to capture the record.

For the past fortnight the weather has been unfavourable. Fog and mist has overhung the Lake, and in rare cases when the sun has broken through there has been wind making the water too rough for plane to take off, or land. But an attempt is to be made as soon as the weather permits.

REVOLT AGAINST THE MAHARAJA OF JMW.R.

New Delhi. The insurrectionist movement against the Maharaja of Alwar is assuming serious proportions. The natives in a hundred villages are stated to be in revolt.

The Governor-General's Agent in Rajputana, Colonel Ogilvie, is reported to have assured the Maharaja that he can rely upon the support of the Imperial Government to maintain law and order.

STANLEY GOLF CLUB

Members of the Stanley Golf Club are respectfully reminded of the local rule governing play on the first and ninth holes. They are requested to co-operate with the Committee in the carrying out of the provisions of the rule in question and so obviate any risk of dangerous play.

We understand from our Naval Correspondent that the six inch Gun and mounting have now been removed from their positions on Mount Lowe and are just off the Beach at Sparrow Cove in the vicinity of the Falkland Islands Company Pier awaiting shipment over to the other side. Given favourable conditions it is hoped to tow the lighter containing the gun and mounting to the Government Dockyard Jetty this evening or tomorrow morning.

SECOND ORCHESTRAL PERFORMANCE IN THE TOWN HALL.

Stanley has seldom the opportunity of hearing a selection of music as that furnished by the Orchestral Band of H.M.S. 'Durban' when the programme published in our issue of Thursday last was listened to by an audience of over two hundred.

The items following in well chosen order proved delightful fare, the graver compositions of Fabiani and Offenbach being balanced by the lighter works of Rossini, Jarnofelt, and Corri.

The well known airs of 'Bow Bells', and the humorous 'Motor Ride' by Middleton were much applauded. The entertainment was as usual broadcast by the local transmitting service, and the reception proved excellent.

The next and last performance by the Band of H.M.S. 'Durban' will take place on Sunday next and will be attended by His Excellency the Governor.

INDIA RATIFIES OTTAWA AGREEMENTS.

New Delhi. Sunday. India's approval of the Agreements of the Ottawa Conference was brought a step further yesterday when a Special Committee appointed by the Legislative Assembly signed a report ratifying the Agreements for three years.

MOTOR MAGNETE'S CONDITION REGARDED AS SATISFACTORY.

Detroit. Sunday. Mr. Henry Ford, the famous motor manufacturer, was operated on today for strangulated hernia. His appendix was at the same time removed.

Mr. Ford's condition is regarded as satisfactory. He is 69 years of age, and this is the first serious illness of his life.

WATER SPOUT CAUSES FLOODS IN PORTUGAL.

Lisbon. Sunday. A huge water-spout originating in the Vale of Sado has swept over miles of country in the Province of Beira. All the Rivers in the District have risen many feet inundating fields, vineyards, while whole villages are flooded. A petition has been sent to the Government asking for relief for the homeless starving people.

SOUTHERN RAILWAY AND TRAIN FERRY TO FRENCH COAST.

London. Sunday. It is learned that the Southern Railway is planning a regular train-ferry service between Dover and the French Coast. In all probability Dunkirk. The vessels are being designed to carry a limited number of passengers so that in due course sleeping cars may be run between London and Paris..

The main objective at the moment is to obtain speed and ease in the handling of merchandise, and to effect a saving of at least
(Continued on Page 3)

(Continued from Page 2)

six hours in loading and unloading goods trucks at either end of the sea passage. This, with the additional advantage of lessened damage or deterioration will be an appreciable gain for portable valuable merchandise, especially where it is destined for Switzerland and the South of France.

It is expected the service will be opened during the Summer of 1934. Three up-to-date train ferry vessels are being built each with the speed and capacity of the cargo carrying service.

H.M.S. DURBAN v. STANLEY.

The visit of one of His Majesty's Ships to these Islands generally means that the Football loving public is treated to a good exhibition of the game, and Sunday's encounter between Stanley and H.M.S. Durban proved to be no exception. Making allowance for an unruly wind, one would say that the football served up was not below the standard looked for on these sea and far between occasions. Constable won the toss but gave his opponents the benefit of the wind. In doing so he backed a loser for the wind flagged in the Second Half. However, despite the handicap the Sailors made headway from the commencement and drew first blood after two minutes play Constable being the scorer. The Visitors added to their lead in 9 minutes following tricky footwork by Brown who put Le Marchal in possession for that player to register the second point. Stanley attacked and Pike sent in two likely shots, one of which was saved at the expense of a corner-kick which unfortunately went behind. The homesters reduced the lead through Pike. At the other end Evans saved splendidly from Haydn, Brooks and Le Marchal.

HALF TIME: DURBAN 2. STANLEY 1.

On the change of ends, with the wind in their favour, the visitors launched prolonged attacks, their halves and forwards combining splendidly. D. Atkins conceded a freekick on the edge of the Penalty area, and Haydn headed the third goal from the kick. The same player bagged his sides fourth point following good work by Brown, and later rattled the cross bar with a terrific shot. Constable added another from a right wing centre.

With the score 5-1 against them the Homesters tried hard, and galliance on the part of the Durban's left back cost him a goal. The went to Sullivan, who, with only the keeper to beat, found it an easy task to reduce the deficit. Perhaps the best goal of the match was the 'Durban's' sixth and last point, first timer by Haydn following a pretty passing movement in which Brown, Constable, Le Marchal, and Haydn participated.

RESULT: DURBAN 6. STANLEY 2.

The result was a fairly true reflex of the game. The Sailors stuck the pace admirably and after wearing down their opponents had the better of the second half. Brown at centre-half was the dominating figure on the field - Those of us who have had the pleasure of seeing him in action previously were pleased to see him again - The Ship's forward line, with their short passing movements was delightful to watch, and this remark applies especially to the left wing.

With regard to the Home team let it be said that Evans in goal could not be blamed for the high registered against Stanley - Indeed on several occasions he made remarkably good saves. Etheridge played a sound hardworking game at right back, whilst Pike was specially noticeable in the half-back line. Of the home forwards the right wing pair were more effective, both Byron and Aldridge infusing dash into the attacks launched.

TEAMS: STANLEY. Evans, Etheridge, Atkins, Pike, Flouriot, D. Atkins, Aldridge, Byron, O'Sullivan, Crocco and Grierson.

DURBAN: Hibbard, Marks, Toller, Hall, Brown, Cowley, Seanlon, Brooks, Haydn, Constable, and Le Marchal.

THE BRITISH CABINET AND WAR DEBTS.

London. Sunday. At Downing Street last night four of the principal members of the Cabinet met to settle the terms of the new British Note to Washington on the subjects of War Debts. Their Ministerial Colleagues will be afforded an opportunity in due course of approving the text of this important document. The Ministers present at the Conference were Mr. McDonald, Mr. Baldwin, Mr. Neville Chamberlain, and Sir John Simon. There is the most complete authority, says the English Press, for the following statements which are regarded as desirable in view of the circulation of inaccurate reports. "Although preliminary preparations have been undertaken by experts from the Treasury and Foreign Office the note has not taken shape until tonight. No decision has been taken or will be taken for the present by the British Cabinet on the question of payment or non-payment on December 15th. It is the view in responsible quarters and it cannot be too widely known that the Government in London does not feel called upon to deal with the issue of payment or otherwise at this juncture. The effect of the new note on the opinion in the United States must first be ascertained, and it is intended to despatch it at the earliest possible moment in the hope of receiving the American reply well in advance of December 15th."

SPANISH NOBLES' LAND CONFISCATED.

Madrid. Spanish Nobles who are said to have taken part in the rebellion against the Government in August under the leadership of General Sanjurjo have had 370,500,000 acres of land valued at £25,000,900 confiscated by the State. The Duke of Medinaceli had property valued at £100,000. These values are given in a statement made by the Director of Estates.

THE FRENCH BUDGET.

Paris. Sunday. M. Palmade has informed the Council of Ministers that the Budget Deficit for the year 1931-1932 amounted to £44,800,000.

He revealed that for the first seven months of the current financial year indirect taxation had fallen nearly £22,000,000 behind the estimate.

EXPEDITION TO SEARCH FOR BIBLICAL CITY.

Plymouth. Sunday. It is learned that an expedition will shortly leave England in search of the Biblical City of Iachish, and to obtain information of life in Palestine and Egypt 5000 years ago. Mr. Dancombe Colt, a young American Archaeologist, who has organised the expedition, arrived here today from New York, and will make the final arrangements. He said the party would consist of eight British and American Archaeologists, and would include one woman. Any relics discovered will be equally divided between British and American Museums.

AN INTERESTING LOCAL EVENT.

The Honourable George and Mrs Roberts entertained a number of friends in the Town Hall on Monday evening on the occasion of the celebration of their Silver Wedding, the Guest of Honour being His Excellency the Governor.

Fifty eight guests sat down to a well laden table and partook of supper, after which, amidst much merriment, dancing was indulged in until midnight when a very happy event was brought to a close.

The Honourable George and Mrs Roberts were married at Gibraltar Cathedral on the 27th November, 1907, and have three sons, Gordon, the eldest, being well known and liked in Stanley, while Bernard and Roy, one time resident in the Islands, are now at home completing their education.

It is interesting to note that the Honourable George Roberts has spent the whole of his career under the Crown - many years in the service of the Admiralty, and latterly with the Falkland Islands Government as Director of Public Works.

We join with their numerous friends in congratulating Mr & Mrs Roberts, and in wishing them still many more years of happiness together and in our midst.

REVOLT AGAINST KING IBN SAUD.

Jerusalem. Monday. Cannon are reported to have been brought into action today in the revolt which is said to have broken out in Asir against the rule of King Ibn Saud, ruler of Saudich, Arabia.

The rebellion is reported to be assuming considerable proportions.

AUSTRIA -v- ENGLAND INTERNATIONAL FOOTBALL MATCH.

Vienna. Monday. The excitement here over the Austria-England International Football Match on December 7th is rising to fever heat, as next Thursday is the date of departure of the Austrian team for London.

Despite economic depression there has been an enormous sale of cheap tickets for London. It is estimated that over a hundred penniless Austrian Football enthusiasts are on the tramp across Europe on the way to England to see the match.

Following unfriendly demonstrations by the crowd at last week's test games the remainder of the training is to be conducted behind closed gates. The Austrian Press is generally optimistic regarding the result.

TROTSKY AND THE TALKIES.

Copenhagen. Monday. The former Bolshevik leader, Leon Trotsky, broadcast the essence of his lecture here tonight to America for a fee of £300 paid him by the Columbia Broadcasting Company. The Danish Broadcasting Authorities refused to broadcast the lecture so it had to be transmitted by telephone to London and thence to New York.

Trotsky's finances were further increased when an American Film Company paid him £1,350 for a talkie for its weekly film review.

BRITISH DEBTS NOTE TO THE UNITED STATES.

London. Monday. The British Debts Note to the United States will be ready for despatch not later than Wednesday.

The United States Secretary to the Treasury, Mr. Ogden Mills, after conferring with President Hoover and Mr Stimson, said today "Unless some striking information is presented the situation will remain as it is with the decision squarely up to the Debtors whether they will pay up or default."

Mr. Mills further stated that no indications had been received from the Debtor Countries as to the course they would pursue, but they would know more about Debt payments in the next forty eight hours. He added "Debts question is really a matter for Congress to decide but apparently Mr. Roosevelt may think otherwise." Sir Ronald Lindsay, the British Ambassador, called today on Mr Mills, who stated afterwards that no new proposition had been presented to him.

ANOTHER VICTORY FOR LARRY GAINS.

Bradford. Monday. Larry Gains of Canada knocked out Marcel Morot of Belgium in the first round of a contest here tonight.

ITALY AND THE WORLD CRISIS.

Rome. Monday. Important speeches were made today at the Meeting of the Italian Confederation of Joint Stock Companies by Signor Mussolini, and Italy's leading Business man, Signor Pirelli.

Both were optimistic as to the present crisis which Mussolini had passed its worst point so far as Italy was concerned more than six months ago. While Mussolini nodded approval Pirelli criticised with great severity the part played by the United States. She had he declared failed to realise the importance of action taken by European Countries at Lausanne.

America had encouraged Lausanne and now it seemed to deny its value whilst large sections of the American Public opinion were opposed to a definite solution.

AMERICAN MILLIONAIRE TO TRANSFER HIS INTERESTS
IN THE RIVIERA.

Nice. Monday. Mr. Frank Jay Gould, the American Millionaire and promoter and owner of many interests on the French Riviera, is shortly to transfer the whole of his interests there to a Syndicate. This will consist of six persons headed by the Mayor of Nice, M. Jean Modecin, who is also Deputy of the French Chamber. The agreement is to be signed on Thursday and will involve the transfer of Juan-les Pinses' Casino and the newly opened Winter Sports Hall at Brouill. It will also include Palais de la Mediterranee and other other Hotels which furnish a combined annual return of two million francs.

H.M.S. DURBAN.

CHILDRENS' PARTY, FRIDAY.

We have been asked by Commodore R.H.O. Lane-Poole, O.B.E., P.R.N., the Officers and Ship's Company of H.M.S. 'Durban' to invite the children of Stanley to a Party on board the Warship from 2.p.m. to 6.p.m. tomorrow (Friday) the 2nd December.

All the children are welcome but it is hoped that they will be accompanied by as few grown-ups as are necessary for their control and safety.

The Ship's boats and the 'Penguin' will run from the Dockyard Jetty at 2 o'clock.

We are sure that this very kind invitation on the part of the Commodore, his Officers and Men will be very warmly appreciated by the children on whose behalf we wish to thank them for their thoughtfulness and generosity.

THE REMOVAL OF THE NAVAL SIX INCH GUN.

We are glad to publish the information that the Six-inch Naval Gun which had been removed by the 'Durban' from Mount Lowe was safely conveyed across the Harbour to the Dockyard Pier on Tuesday evening.

Favoured with an exceptionally fine day very rapid progress was made in the embarkation of the Gun and its mounting on to the Lighter, and the towage by the Government Launch 'Penguin' was accomplished without difficulty in almost flat calm under the immediate direction of Lieut. Commander R.C. Taylor, R.N.;

We have followed with great interest the progress of this operation and we wish to offer our hearty congratulations to Commodore Lane-Poole and all concerned on the expeditious manner in which it has been completed.

APPOINTMENT OF GOVERNOR OF THE IRISH FREE STATE.

London: Tuesday. The Oath of Allegiance on his appointment as Governor-General of the Irish Free State was administered to Mr. Donald Buckley today by the Chief Justice of the Free State.

TESTS ON NEW 'BABY' AEROPLANE.

London. Tuesday. A new 'Baby' aeroplane, able to carry two persons and fly eighty miles to the gallon of petrol, was demonstrated at Hanworth today in the presence of the Director of Civil Aviation.

SIR MALCOLM CAMPBELL TO MAKE AN ATTEMPT TO
BREAK HIS OWN LAND SPEED RECORD.

London. Tuesday. Sir Malcolm Campbell expects to make an attempt to break his own world land record speed of 253.9 miles per hour in February next.

He will use his old racing car 'Bluebird' which has been strengthened and fitted with 2,500 H.P. Rolls-Royce engines of the same type used in the seaplane in which Lieut. Stainforth set up his world record of 407.5 miles per hour.

It is understood the car will be shipped to Florida in January next.

PARLIAMENTARY NEWS.

London. Tuesday. The Foreign Secretary, Sir John Simon, in reply to questions in the House said that the League of Nations Council, after a further meeting today, had decided to submit the Lytton Report for the consideration of the Assembly. This decision was taken with the full concurrence of the United Kingdom Delegates.

Asked whether the House would be consulted before any further payment of War Loan interest was made, Mr. Ramsay MacDonald said that if a request for a discussion was made through the usual channels it would receive careful consideration, but it would not be in the public interest to have a debate at the moment.

PREBENDAR CARLILE INJURED.

London. Tuesday. Prebendary Carlile, the 85 years old Head of the Church Army, was injured today when he slipped while alighting from an omnibus.

THIEVES TAKE £3,000 WORTH OF JEWELLERY FROM
A HOUSE IN BAYSWATER.

London. Tuesday. Jewellery worth £3,000 was stolen from the home of Mr. G. Conway, K.C. at Bayswater by thieves who forced their way in and ransacked bedrooms.

The loot included a rare antique watch which was once the property of the Duke of Wellington.

THE POLITICAL SITUATION IN GERMANY.

Berlin. Tuesday. "Papen is the man of my confidence, and if he is rejected I do not feel inclined to go on." President Hindenburg is reported to have used those words to the Centre Leader Professor Kaas.

Wrote Hindenburg to resign it is thought Hitler would become President, and German Nationals would support the Crown Prince as being the only chance of beating him. Such an event is not contemplated with equanimity in responsible quarters.

It was officially stated today that General Schleicher is continuing his efforts to form a Provisional Cabinet with a Non-Political programme and conciliatory tendency to tide over the strains and stresses of the Winter, but general opinion is sceptical regarding his chances.

NEW AIRLINE BETWEEN LONDON AND PARIS.

London. Tuesday. London and Paris are to be served by a new Air Service next Spring, which will be conducted by an Unsubsidised British Air Line.

The fares are to be considerably lower than those charged by the Imperial Airways or the French Air Union.

This is the outcome of the enterprise of Edward Hillman, who runs a seasonal motor coach and aeroplane service to the East Coast.

Hillman whilst admitting the existence of the project prefers at the moment to refrain from making an announcement, but aeroplanes for the service are being built, and are yet to undergo the usual official tests.

SECURE TO THE BUILDING OF THE FRENCH 'DUNKERQUE'.

Rome. Tuesday. There is strong condemnation in the Italian Press of the French decision to lay down the Battle Cruiser 'Dunkerque' as imperilling any real reduction of armaments.

The 'Dunkerque' it is pointed out will be a notable addition to the most offensive type of French Naval units, and the conclusion is drawn that her construction cannot fail to lead equivalent building in other Countries for reasons of security.

The fact that in French semi-official quarters there is an unwillingness to relinquish the Submarine weapon is regarded as an additional cause for anxiety, especially when added to the statement that the British Navy is not regarded as a possible adversary.

MR. NORMAN DAVIS MEETS PREMIER HERRIOT.

Paris. Tuesday. Mr. Norman Davis, the American Delegate to the Disarmament Conference, had a long conversation this evening with M. Herriot, and M. Paul Benicour.

It is understood the principal subject of the discussion was the Five Power Conference, and as a result it is hoped there will be preliminary conversations between representatives of France, Britain, United States, Italy, and Germany at Geneva this week end.

THE BRITISH NOTE TO THE UNITED STATES.

London. Thursday morning. The British Note to the United States was transmitted to the British Ambassador at Washington, Sir Ronald Lindsay, last night and will be handed to the United States Government this morning. Arrangements for its publication are under consideration.

The British Government desire that their case for the suspension of Debt payments due on December 15th should be made public with the least possible delay.

The Note is a lengthy document couched in moderate terms, and British Ministers believe it will be received with sympathy by the American people.

The English Press says it will be found to state quite frankly that the British Government regard the resumption of payment at this moment as fraught with serious consequences to the whole World, and not least to the United States, but it will also finally dispel any idea that Britain will decline to pay if America insists that payments postponed under the Moratorium must now be resumed.

Mr. Stanley Baldwin speaking in Glasgow last night made a short reference to the Debt question in which he urged the British Public to recognise that America was herself in a difficult position so far as action regarding this month's payments were concerned owing to the state of deadlock which followed the American election.

He believed the American attitude was most friendly towards Britain but it was difficult both politically and constitutionally for her to act. Referring to Lausanne he said that it was impossible in the

present World conditions to continue payments that were being made across European exchanges in settlement of debts and reparations contracted during the War.

LONDON EXCHANGE.

London. Thursday morning. There was a further substantial improvement in the Dollar/Storling exchange when the Foreign Exchange Market in London opened today.

The New York rate offered at 3.21 dollars to the £, and later advanced to 3.24. The Paris rate after opening at 82 and 7/16ths advanced to 82 and 7/8ths.

PREMIER TO ACCOMPANY SIR JOHN SIMON TO GENEVA.

London. Thursday morning. The Prime Minister will accompany Sir John Simon, the Foreign Secretary, when he leaves for Geneva this afternoon.

During their stay in Geneva discussions will, it is believed, take place on a variety of subjects with the Statesmen of other Countries assembled there. These discussions will not necessarily be confined to affairs regarding the Disarmament Conference.

Hope is expressed that conversations with M. Herriot and Baron Von Neurath, Mr. Norman Davis, and the Italian Representative may result in finding a basis for Germany's return to the Disarmament Conference.

HUGE CREDIT TURNOVER IN THE CITY.

London. Thursday morning. In the City today the turnover of credits exceeding in magnitude any previous record took place. Approximately £700,000,000 will be paid in or disbursed by the Bank of England. These huge credit placements mark the final winding up of the past year Conversion operations.

Certain disbursements are in respect of the repayment of Principal of unconverted war loan of 4½%, and of 5½% Treasury Bonds, besides War Loan Dividend payments, while the chief payments to the Bank of England are in respect of Calls of 52½% on the 3% Conversion Loan, and of 95% on the 2% Treasury Bonds.

On Balance the Market supplies of cash will be increased by a moderate amount.

AUSTRALIAN TEST CRICKET.

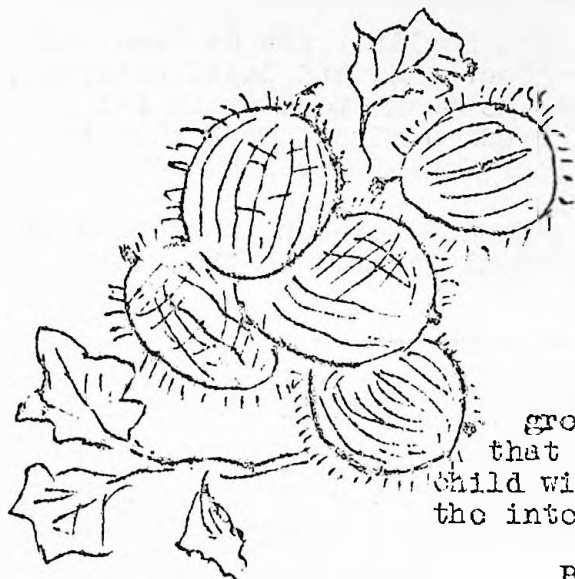

Sydney. Australia. Thursday. The question on over man's lips here is "Who will win the Cricket Test match between England and Australia beginning on Friday"

The whole City is smitten with Test Match fever, and there is an undercurrent of excitement everywhere. The wicket is expected to be good. Betting at the moment is 6 to 4 on the favourites England if Jardine wins the toss.

THE POLITICAL SITUATION IN GERMANY.

Berlin. Thursday. Another dramatic surprise in the Government crisis was sprung upon the German people today. This morning the Press announced definitely that Hitler was on his way from Munich to confer with the Minister of War, General Schleicher.

It was then learned that he had left the Berlin train at Jena and proceeded to Weimar where he met Herr Goebbels, and Capt. Goehring, two of his Lieutenants. Two others unexpectedly took train for Weimar early this morning. The Nazi Press admits that Hitler has called his henchmen together to consider Schleicher's overtures, and that their meeting was protracted.

It is believed that the Leader had to decide between two points of view, one in favour of agreement with Schleicher, and the other opposed to it.

EIGHTEEN PERSONS INJURED IN LIFT CRASH.

Madrid. Thursday. Eighteen persons were injured, four of them seriously, through an Underground Lift, at Granvia Station in the centre of the City, crashing to the bottom owing to the breaking of a cable.

No little difficulty was experienced in extricating the injured as the Lift fell half-way down the Pit below the Station Level. The accident occurred during one of the morning rushes. Rescue work was quickly organised by a strong force of Police who commandeered taxis to take the injured to Hospital. Had not the Lift been strongly constructed of wrought iron a terrible disaster would have been inevitable.

BRITISH SLOOP OF WAR DISCOVERED BY AMERICANS AND BELIEVED TO CONTAIN TREASURE.

New York. Thursday. Salvage Engineers are discussing the reported discovery of a British Sloop-of-War sunk off the Delaware Coast in 1798.

They are hopeful for the success of operations now being carried out to raise and float the wreck. They also think there is a good chance of recovering reputed treasure aboard which is estimated to be of £2,000,000 in value.

Divers have been working at depths ranging from fifty to one hundred feet, and it is stated that only the superstructure of the Sloop is above the bottom of the sea. Marine Surveyors express the belief that the original cargo in its entirety will be found within the hull when it is raised. There is still some doubt whether the identity of the sloop has been absolutely proved, and also regarding the precise value of the cargo it contains.

New York. Thursday. It was announced today that a regular Passenger-Mail-Cargo Air Service to Europe and the Orient will be opened two years hence by the Pan-American Airways Company with six huge Air Liners.

The normal route will probably be by way of Bermuda and the Azores, changing during during the Summer for the Great Circle route, via Newfoundland and Ireland. Contracts have already been assigned for two giant machines capable of flying continuously for 2,500 miles, and carrying fifty passengers, and several tons of mail and cargo. Detailed specifications of these have not been published but they have been drawn up under the direction of Col. Lindbergh, who is Chairman of the Technical Committee of the Company.

CARDINAL BOURNE ILL.

Rome.

Thursday. Cardinal Bourne, Arch Bishop of Westminster, and Head of the Roman Catholic Church in England, is in an English Hospital here suffering from Gastric-Influenza. The Cardinal, who is aged 71, left London last week with a bad cold and during a stay in Florence caught a fresh chill. Earlier in the day the Doctor expressed anxiety as to the possibility of pneumonia developing and aggravating a heart weakness which is known to exist. This evening, however, his condition is unchanged and he seemed rather more cheerful.

FRENCH GOVERNMENT GAINS A VICTORY.

Paris. Thursday. The French Government won a notable victory in the Chamber this evening when a motion by the Opposition criticising its handling of the recent Conversion Scheme was rejected by 377 votes to 198.

Premier Herriot made the rejection of the motion a sign of confidence in the Government.

THE ENGLISH ASSOCIATION FOOTBALL CUP.

THE FRENCH NOTE IN REGARD TO WAR DEBTS.

Paris. Thursday. The second French Note to Washington was approved at today's Council of Ministers, and it will be despatched sometime between tonight and Saturday morning. Publication is expected to be made before Monday. The new Note develops more fully the reasons why France asks for the suspension of the December payment, and why she is obliged to maintain this attitude, but more particularly it recalls the well known reasons why France regards Reparations and Debts as interdependent.

In its latter half the note is understood to insist on the difficulties that would arise if the results of the Lausanne Conference were wiped out. It also stresses the possible ill-effects upon the France of the transfer of the Debt instalment, and the repercussions this might have on the restoration of economic prosperity.

FORMER FRENCH PRESIDENT ON A VISIT TO LONDON.

London. Thursday. The former French President Doumergue arrived here this afternoon with his wife on a visit.

PASSPORT FORGING MACHINERY IN GERMANY.

Berlin. Thursday. A remarkable plant for forging Passports of all principal Countries has been seized by the Berlin Police. It is alleged to be the property of a Russian. Among the various objects which constituted its equipment are several hundreds of forged rubber stamps of Foreign Offices, Embassies, Consulates, and Police Headquarters; quantities of spurious forms of Passport Visas and Permits de Sojourn, with facsimiles of signatures whereby such documents acquired validity.

THE POLITICAL SITUATION IN GERMANY.

Berlin. Saturday. General Von ~~Slidener~~ has been appointed Chancellor of Germany. Thus comes to an end the political suspension which has lasted since the Papen Cabinet resigned fifteen days ago. Up to the last moment the issue lay between Schleicher and Papen. The new Chancellor is, perhaps, the most paradoxical personality on the World Stage. Since the War he has been one of the most dominating forces in Germany, but his name has never been mentioned in the Press until about two years ago. General Schleicher is expected to complete his Cabinet tomorrow, and it is expected he will pursue the policy of conciliation towards both the Nation and the Reichstag.

NEW YORK'S CRITICAL FINANCIAL POSITION.

New York. Saturday. New York's critical financial position was revealed today by the Finance Controller, Mr. Berry. He admitted that December Liabilities exceed the Cash Balances by 150,000,000 dollars. Unless Revenue Bills for that amount be renewed by the Bankers the City will be unable to meet its obligations.

MR. MELLON VISITS MR. BALDWIN.

London. Saturday. The American Ambassador, Mr. Mellon, visited Mr. Baldwin at Downing Street today, who is acting Prime Minister in the absence of Mr. Ramsay MacDonald at Geneva.

It is understood that Mr. Mellon's visit is the result of the receipt in America of the British Note in regard to War Debts.

Sir Maurice Hankey, Secretary to the Privy Council, was at Downing Street during the visit of Mr. Mellon. In authoritative circles there is an inclination to disregard a New York Report that the United States Government may not reply to the British Note, and it is felt that a reply will be received after the Note has been submitted to Congress.

In New York Financiers believe no real progress will be made towards a Debt Settlement until a definite offer has been made by the European Debtor Countries. It is believed that if such an offer would be made it would be accepted. It is suggested that following the Lausanne precedent, an offer might consist of a proposal for the flotation of an issue of long term Bonds to cover one final payment.

There is no mistaking the fact that the sentiment in America regarding the cancellation of War Debts is stronger than ever.

MR. McDONALD MEETS M. HERRIOT.

Geneva. Saturday. Mr. Ramsay MacDonald, and Sir John Simon, the Foreign Minister, visited M. Herriot today, and remained for two and a half hours. The Disarmament question was discussed in the most friendly manner, but the question of War Debts was not entered into.

GENERAL VON SCHLEICHER OFFERS AMNESTY TO
ALL SERVING POLITICAL SENTENCES

Berlin. Saturday. General Von Schleicher, the new Chancellor, has offered to recommend an Amnesty for all serving Political sentences if Dr. Doctor Goring, the Nazi Reichstag Speaker, will induce the Nazis to agree to a political truce. This bold step may result in a temporary peace says the German Press, but in any case Von Schleicher has an extremely delicate task before him.

The Newspaper 'Vorwarts' declares the Von Schleicher Cabinet to be simply a Von Papen Government in disguise.

CRICKET.

At the second day's close of play the scores in the Australia vs- England Test Match at Sydney were as follows :-

CONCLUDING PERFORMANCE OF BAND OF H.M.S. 'DURBAN'

The popularity of the Royal Marine Band of H.M.S. "Durban" was well demonstrated by the large audience present in the Town Hall on Sunday evening, and the enthusiastic reception accorded to each number of their stirring programme. As befitting a last appearance the music was popular rather than classical and no better selection could have been chosen, establishing, as it did, a really sympathetic link between the listeners and their entertainers, and providing, at least for the middle aged amongst us, a delightful retrospect of airs familiar in our early days. His Excellency in expressing the sincere thanks of the Community to Commodore Lane-Poole, Captain Pym, the Bandmaster and members of the Band, said it was to him a wonderful thing that we in this far away part of the Empire should be listening to music so much a part of English life and memory, played by a Band of our own men of the Royal Navy; Such a performance as had just been given brought us very closely in touch with the Home-land. On the call of His Excellency rousing applause was given to the Band, which was heartily renewed when he announced that by very special request the 'Motor Ride' by Lyddleton would be played as the concluding item.

MOVEMENTS OF VESSELS IN THE

STANLEY'S FOOTBALL MATCH.

Teams representing H.M.S. 'Durban', and the Falkland Islands Defence Force respectively met on Government House Paddock on Sunday afternoon.

The 'Sailors' won the toss, but again gave Stanley the benefit of a strong wind. The visitors were full value for their win, although there was a decided improvement in the Homesters play as compared with the previous match. Goals were scored by Constable and Scanlon for the Ship, but before half-time Morton reduced the lead.

On the resumption of play Stanley forwards pressed, but their efforts were unavailing. Midway through the second half 'Durban' obtained their third goal through Haydn, after which there was no further scoring.

Two penalties were conceded by Stanley during the game but on both occasions the shots proved abortive.

The visitors were unfortunate in that Brown, the centre-half, was injured during the early part of the match, and after playing for some time as Outside Left was eventually compelled to leave the field.

RESULT. H.M.S. 'DURBAN' 3. STANLEY 1.

Teams. H.M.S. 'Durban' Hibbard, Toller, Marks, Hall, Brown, Cowley, Lewis, Constable, Chubard, Haydn, and Scanlon.

UNITED STATES CONGRESS AND PROHIBITION.

Washington. Monday. One of the most momentous meetings of Congress for many years assembled here today. It had been confidently expected that the Democratic Anti-Prohibition resolution would be passed by the House of Representatives, but when it was put to the vote it failed by 5 to secure a two-thirds majority which is necessary to the absolute repeal.

There was a depressed look on the faces of the "Wets", and a storm of cheering from the "Drys" when the Speaker, Mr. Garner, rose and said "As two-thirds have not voted for it, the resolution is lost". The actual voting was 271 for Repeal and 144 against.. Mr. Garner said that he will not permit another vote this Session, and today's decision is believed to have killed the question, at least, until the new Congress meets in March.

ST MARY'S SCHOOL ANNUAL PRIZE GIVING.

A large number of parents and friends assembled on Wednesday afternoon at St. Mary's School Annual Prize Giving when His Excellency Sir James O'Grady and Commodore R.H.Lano-Poolle, O.B.E., of H.M.S. "Durban" were present being received on arrival by Father M.L.Migono, the Sister Superior, and Mr. V.A.H.Biggs. Preceding the Prize Distribution the pupils gave an interesting display of musical and recitation studies in which all acquitted themselves creditably, the seniors taking part in pianoforte duets and an amusing Sketch entitled "Rebellion in School", and the younger children in songs and recitations.

His Excellency in a short speech made after he presented the prizes exhorted the pupils to remember their School and to show pride in the Colony to which they belonged. He impressed on them that loyalty of that kind could not be over-estimated and might form a bond between them in after years when they were widely separated.

Before leaving His Excellency and Commodore Lano-Poolle inspected the work of the pupils and expressed pleasure at the standard shown. The exhibition of work was again on display yesterday.

S.S. "LAFONIA".

The s.s. "Lafonia" arrived in Stanley yesterday morning bringing with them the undermentioned passengers to whom we extend a hearty welcome on their return to the Colony. - The Honourable M.C. Craigie-Halkett, Mrs Halkett, the Misses E.B.L. and J. Craigie-Halkett, The Hon. L.W.H.Young, Mrs R. Greenhields, and Master Greenhields, Miss M. Carey, Mr. H. Thomas, Mr & Mrs Harvey, Mr. & Mrs Anderson, and Mr. T. Goodwin.

R.R.S. "DISCOVERY 11"

We understand information has been received to the effect that the Royal Research Ship "Discovery 11" arrived in South Georgia on the 6th December.

H.M.S. "DURBAN'S" CONCERT.

Among the very many pleasant recollections which H.M.S. "Durban" will leave behind when she leaves Port Stanley, the Concert, given in the Town Hall on Wednesday evening to one of the largest audiences yet assembled in the Hall, will take no mean place. The Production was fittingly entitled "High Speed Variety". It did not contain a dull moment, item following item in prompt succession, each just of the right length and containing just the right pitch of humour and interest to make the whole entertainment thoroughly enjoyable.

Mr. Davies' songs were greatly appreciated, while Mr. Grant as an entertainer held the audience in rapt and often bewildered attention.

Interspersed among items of a more hilarious character were the Indian Club display which provided a very charming spectacle, and the revolutions of the mysterious Zoffski who gave ample proof that there are more ways than one of arriving at conclusions which less gifted mortals reach by more apparent routes.. Then there was the 'Country Curate' who did not seem to take his vocation too seriously, and the 'Modern Dutchers' who showed us some things about ourselves which few of us have ever dreamt of.

The two sketches "The suit that didn't", and 'Not lost' were also splendidly acted and held our interest right through to their humorous endings. We felt we could go on listening to Captain Pym's discourses for hours. Both as a Company Director and as a Reviewer of current topics his ideas are decidedly original and his manner of expressing them entertaining. At any rate if we could not at all times follow his train of thought we could and did enjoy his delightful disregard of the tiresome habit which many speakers have of sticking to the point.

The 'Opening Hornpipe' and the lively 'Good Night Port Stanley' were all that were required to introduce and close a performance which will long remain a delightful memory amongst us.

PRESIDENT HOOVER AND WAR DEBTS.

President Hoover made the briefest possible reference to War Debts in his message to Congress on Wednesday. He said "Our Government has informed the Debtors that it does not approve of the suspension of December debt payment. I have stated that I would recommend to Congress methods of overcoming temporary exchange difficulties in connection with the payment from Debtor Nations where this may be necessary. Europe should pay her debts until they are mutually revised."

This statement is regarded in America as offering definite hopes of concessions, which would, however, involve some form of compensation for America. Simultaneously with this reiteration that December payment should be met, an announcement was made from the White House that "Negotiations were still being conducted concerning the War Debt problem, and there is no doubt the President will send Congress a supplementary communication when the negotiations are completed."

DEBT CANCELLATION QUESTION.American Reply To British Note.

The reply of the United States Secretary of State to the British Note says that the United States Government have considered the British Note with the greatest care and, it proceeds, "Whatever part debt payments may have played in the economic history of post-war years it is clear, that, in the present conditions of world-wide depression, accompanied by the sweeping fall of prices, their weight has greatly increased, and they have a very definite relationship to the problem of recovery in which both the British and American people have such vital interests.

"The President of the United States is prepared, through whatever agency may seem appropriate in cooperating with the British Government, to survey the entire situation and to consider what means may be taken to bring about a restoration of the stability of our currencies and exchange, a revival of trade and the recovery of prices.

"I welcome the suggestion for a close examination between the United States and Great Britain of the whole subject in preparation for the International Conference on the economic situation, for I believe that there are important avenues of mutual advantage which should be thoroughly examined.

"Such examination though, does not imply cancellation."

A NEW HOUSING BILL.

The principal object of the British Government's Housing Bill issued on Thursday is to encourage the building of the right types of houses by private enterprise. In order to do this it is proposed to abolish the existing subsidy and to help building societies to finance the building of houses for renting.

The Government have decided to continue the subsidy for slum clearance and also to continue the re-conditioning of cottages for rural workers.

OIL CONCESSION CANCELLED.British Representations To Persia.?

An important statement was made in the House of Commons by the Under Secretary of Foreign Affairs, Mr. Anthony Eden, on Thursday, with reference to strong representations being made to the Persian Government regarding their action in cancelling the Anglo-Persian Oil Company's concession. Mr. Eden read the text of the Note handed to the Persian Foreign Minister by the British Foreign Minister on the 2nd of December, which described the Persian Government's action as inadmissible breach of the terms of the concession, and stated that the British Government took a most serious view of the Persian Government's conduct and demanded an immediate withdrawal of the notification issued to the Company.

PUT \$10,000 PEARLS ON FIRE.

An aged pearl merchant at Kobe, Japan, recently took a shovel and dipped it into a heap of 720,000 pearls worth \$10,000, and then threw them deliberately on the fire. Again and again he fed the furnace with pearls until they had all been reduced to ashes.

The pearls were of inferior quality, and dealers say they hope to profit by \$300,000 through the resulting increase in prices.

WOMAN CHEAT !

Women are bad losers and they cheat. This is the opinion of one of the foremost American bridge experts - a woman!

Mrs. Madeline Kerwin, who has taught and lectured about bridge throughout the United States, says that the first class male players are, and always will be, superior to any woman. In her opinion women have not sufficient self-control to be first class players. Mrs. Kerwin admits that women are supposed to be the greatest cheaters at cards, and she adds -

"Many women players, more than men, are not good sports in the way of accepting penalties. They are not good losers."

PROFESSOR'S "COLD" REMEDY.

Fruit and berries are a good protection from winter colds, according to Mr. G. Gothlin, Professor of Physiology at the University of Upsala, Sweden. The professor, as a result of an extensive research work on school-children, has found that apples, oranges, strawberries, gooseberries, raspberries and tomatoes contain the greatest amount of C vitamins. Pears, plums, blueberries and whortleberries contain less.

Mr. Gothlin advises the preparation of jam and preserves without boiling as the most efficient means for increased health.

(We wonder under which category the professor would place Diddle-dee berries? ED.)

After a long argument, it was decided that the husband must make the best of matters.

BILLIARDS.

An interesting billiards match was played off on the evening of Thursday last between teams representing the Defence Force Club and the Chiefs and Petty Officers from H.M.S. Durban.

Although the Club had selected a strong team to meet the ship they were defeated by 77 points. The visitors were certainly the most formidable opponents the Club have met for many years. E.A. Benny was the pick of the Naval men while Des. Peck played his usual spectacular game for the Club.

The individual scores were :

ROVERS PULL OFF A VICTORY.

On Saturday evening a boat race took place in Stanley Harbour between the Rover Sea Scouts and a team from the Defence Force. Starting from the Government Jetty the course lay to the westward round the Falkland Island Company's floating dock and back to the Jetty.

With a fairly strong breeze astern at the start the crews got away smartly, the Defence Force, who were on the far side taking the lead within a hundred yards of getting away from the mark, retaining it until they arrived at the Dock when the Rovers pulled with great vigour and passed the winning post some fifteen lengths ahead of their rivals.

The teams were : Rover Sea Scouts - Rover Mate S. Bennett (stroke), Rover Mate G. Bennett (4), Senior Rover Mate C. Evans (3), Rover Mate H. Evans (2), Rover 2nd E. Borntson (cox), Rover 2nd, E. Lollman (cox.) Defence Force Team - Pte. J. Scansen (stroke), Pte. W. Summers (4), Pte. D. Behn (3), Pte. C.H. Dettleff (2), Pte. E. Backley (cox), Pte. G. Osborne (cox.) Mr. Kent Hatchliff was the starter and Messrs. R. Reive and E. Fuhlendorff the judges. The Rovers pulled in their own boat while the Defence Force team pulled in a whaler.

These international matches were played on Wednesday last week. A wonderful crowd saw England beat Austria at Stamford Bridge. Continental football takes on a new aspect after the exhibition shown by the Austrians, says the "Daily Telegraph." The victory, as expected, went to England but only by the narrowest margin and after their opponents had played well enough to deserve a draw.

If the Austrians had begun as well as they finished they would probably have won. Their fleetness, dash and skill led to scenes of great enthusiasm and they carried the vast crowd with them.

NAVAL ARGUMENTS AT GENEVA.

Japanese Proposals.

Reductions in tonnage and gun calibre of all types of warships, and the establishment of a new naval ratio for the capital ships of Britain, the United States and Japan, are the outstanding features of the Japanese naval proposals officially issued at Geneva on Saturday.

The ratio suggested is - 11/11/8 instead of 5/5/3 as embodied in the Washington Treaty.

For capital ships the limit in size to be fixed at 25,000 tons with 14 inch guns.

Cruisers to be of two types restricted to 8,000 and 6,000 tons respectively and carrying eight and six inch guns

Submarines to be limited to 1,800 tons in size.

DISARMAMENT CONFERENCE HOPEFUL.

Will Germany Come Back ?

Attempts to pave the way for the resumption of the Disarmament Conference at Geneva appeared on Saturday night to have succeeded.

As a result of discussions between the representatives of the Five Powers an agreement had been reached on a draft formula which, it is claimed, satisfies Germany's demand for an equality status in armaments.

If this formula, the terms of which are secret, are accepted both by the French and German Governments, the way will be clear for the return of Germany to the Disarmament Conference.

There would then be some prospect of providing a Disarmament "Christmas Box" which the American delegates wish to give to the world. This "Christmas Box" once given, the United States Congress would have no pretext for refusing to agree to a revision of War Debts which the President and Senators have frequently offered, so a press message reports, in exchange for a measure of disarmament.

YESTERDAY MORNING'S ALARM.

Washing On Fire At 7.0 a.m.

Many reasons were put forward by perplexed householders yester-
 day morning when the alarm bell rang out from the Police Station
 soon after 7.0 o'clock but few realised that it was a "call" for a
 fire.

The outbreak occurred in the wash-house belonging to Mrs. R.
 Atkins and was discovered by Mr. A. Barnes and willing helpers were
 quickly on the scene to put the fire out. Meanwhile, however, Mr.
 J. Jennings had run down to the Police Station and en route rang the
 old alarm bell which, for the purpose of giving the alarm for a fire,
 has now been superseded by the marcons.

Considerable damage was done to the wash-house and a quantity of
 clothing and linen was destroyed before the fire was doused. It is
 believed that some clothing placed near the copper caught alight and
 started the outbreak.

DURBAN GYMNASTS DISPLAY.

A large gathering of the public witnessed an excellent display
 of gymnastics in addition to three good bouts of boxing by personnel
 from H.M.S. Durban in the Gymnasium on Friday evening last. Leading
 Seaman Burley, whose name is already a household word in Stanley by
 reason of his prowess in this difficult branch of athletics, was the
 leader of the gymnastic team, the other members being A.Bs. Fielding,
 Scattergood, Daniels and Newnham. Every item on the programme brought
 forth unstinted praise from the spectators who applauded the team loud-
 ly at the conclusion.

THE CHILDREN'S DAY.

Stanley Benefit Club At Work.

As a result of the endeavours of the Stanley Benefit Club who held their annual Children's Sports and Tea on Thursday last, followed by a dance for the grown ups, some 350 youngsters found themselves in their element and spent, on that occasion, one of the happiest days they can remember.

First of all there was a full programme of sports to be "tackled" on the paddocks behind Government House and with right good will, not to mention the lusty lungs that also helped, did they show their whole-hearted approval of the endeavours of their hosts - sufficient gratitude surely to the hard working Committee and helpers who had done so much to give them a really enjoyable time.

The sports results have already been published with the exception of the Tug-o'-wars which were won by the following teams :- Boys - R. Steen, L. Grant, R. Hutchinson, J. Bound, K. Hutchinson, W. Jones, B. Berntsen, R. Hills, B. Riggs & E. Beridge ; Girls - J. Turner, L. Lyso, G. Pettersson, E. Sedgwick, L. Smith, P. Davis, M. Evans, I. Meierhofer, E. Caroy & M. Clements. In addition we have been asked to point out that the winner of the third prize of the Slow Bicycle Race was S. Hannah and not B. Berntson as given previously.

After the sports another race took place, the winning post being the Town Hall and the prize a sumptuous tea prepared by Mr. J.F. Summers, the caterer. We understand that on this occasion everyone came in a good first, thanks mostly to the strenuous efforts of the lady helpers to whom the Society are deeply indebted for the really valuable help they gave. During the proceeding His Excellency the Governor, accompanied by the Hon. J.M. Ellis (Colonial Secretary) paid a visit and stayed a short while among the children. After tea the usual treats and surprises generously provided by the Society kept the little guests happy until the time for going home came round.

Within two hours, again, the Town Hall was the scene of further revelry, this time on the part of the adults who attended the dance in large numbers. There was also present a good number of the personnel of H.M.S. Durban.. The M.Cs were Messrs. A. Pettersson and K. Lellman while the music was supplied by Mr. A.V. Beardmore's and Miss Hilda Smith's orchestras assisted by several of the members of the ship's band whose services were greatly appreciated right up to the time the last dance ended just before 1.0 a.m.

The Committee responsible for the organisation of this happy day's events was : Messrs. V.A.H. Biggs (chairman,) R.H. Hannaford (vice-chairman,) E.V. Dixon (secretary,) K. Lellman (treasurer,) A. Pettersson, S. Summers, E. Brechin, J.S. Barnes, T. Paice, W.J. Hutchinson, M.W. Biggs & G.L. Pallini.

JAPANESE EXPEDITION IN MANCHURIA.

A Daring Undertaking.

A message from Mukden points to the next Japanese objective being the Province of Jehol. To achieve this will involve an undertaking of extreme daring at this time of the year.

Jehol is considered to be enormously difficult to capture under summer conditions and a winter campaign in the mountains is a fearsome prospect.

Nevertheless, after striking so hard and so successfully in their winter campaign last year, including crossing the Khingan Range and capturing Manchuli in thirty degrees of frost, the Japanese army is preparing for this new winter expedition without fear of failure.

OVER A MILLION POUNDS FOR THE U.S.A.

Home Cabinet's Decision.

The Cabinet's decision to pay £1,975,000 in gold owed to America next Thursday while making no claim on the British debtors has aroused much feeling among the back bench supporters of the Government, says the "Daily Telegraph".

Many of the Conservative and Liberal M.Ps. are expressing strong disapproval while the Socialists are seeking a debate on the subject before the payment is made.

It is understood that the Ministers are opposed to any discussion on the question until after the payment has been made.

The American reply to France concerning her debt and issued on Saturday, is couched in similar terms to the reply to Britain and refuses to suspend the payment due from France next week. It is believed that France will probably agree to pay on condition that negotiations are opened immediately for the revision of debts.

It is understood in Paris that Britain is prepared to refrain from demanding France's debt to her only on condition that France pays America.

LONDON'S MANTLE OF SNOW.

The first fall of snow in London this winter occurred in the suburbs on Saturday but it was not heavy enough to be considered more than a threat. In London it was the coldest day since February and in the south of England generally wintry weather is very marked. There was little reason to anticipate any change in the cold wintry conditions during the week-end.

Wintry weather was also reported from several regions in France and in some places there have been heavy falls of snow.

NEW U.S.A. AMBASSADOR FOR LONDON.

A Reuter message from New York reports that John W. Davis, who was the American Ambassador to Britain from 1918 to 1921 and the Democratic candidate for the Presidency in 1924, is being mentioned again for the London Embassy. Reports say that either Davis or Frank Polk will replace Mellon as the American Ambassador when Roosevelt takes office in March.

Annual Bazaar.

To-day and to-morrow the St. Mary's Roman Catholic Church hold their Annual Bazaar at which the variety of articles is of a standard which cannot fail to appeal to the purses of all.

We are sure no further word is necessary to secure a satisfactory response to this appeal for funds from Father Migone and the Sisters. The good work they do in Stanley needs no advertisement and we feel that all who can will do their utmost to support this deserving cause.

The public will be admitted and be allowed to make purchases from 8.0 p.m. onwards, while the formal opening ceremony will be performed by His Excellency the Governor at 8.30 p.m..

A GARDENING ITEM.

There is always keen competition among gardeners as to who has the first new potatoes before Christmas. We hear that at Teal Inlet they have been digging them since the 5th of December - some the size of turkeys eggs. It would be interesting to know when the first new potatoes are turned over in Stanley or other parts of the Islands this year. (Perhaps some of our horticultural enthusiasts have already eaten them with "green peas.")

MRS. MOLLISON AHEAD OF SCHEDULE TIME.

Mrs. Amy Mollison, who left Cape Town on Monday on her return flight to England, arrived at Mossamedes ten and a half hours later, well ahead of schedule time. A report from Benguela states that she has had no trouble on the flight of 1,500 miles.

After a short rest she intended to start out on a night flight to Duala, 1,400 miles distant.

At Cape Town she had a wonderful send off but when she wanted to start she had great difficulty in avoiding the spectators who were rushing round the aeroplane, cheering frantically.

A later message reports that Amy was sighted over St. Paul de Loanda, which is 500 miles north of Mossamedes and 900 miles south of Duala, her next scheduled halt.

ANOTHER WAR DEBT NOTE.

Resumption Annual Payments Denied.

A further Note setting forth the British Government's decision regarding the War Debt Instalment due to America on Thursday, has been handed to the United States Secretary of State, Mr. Stimson.

It states that Britain will pay the war debt instalment due on Thursday but points out that the payment is not to be regarded as intimating the resumption of the annual payments contemplated by the existing agreements and, secondly, it is to be treated as capital payment of which account should be taken in any final settlement.

The Note restates the Government's conviction that the system of inter-governmental payments, existing before the Hoover Moratorium, "cannot be revived without disaster." It welcomes America's agreement with the proposed joint survey of the whole of the debts' problem.

The Secretary of State, Mr. Stimson, and the Treasury Secretary, Mr. Ogden Mills, are preparing an immediate answer to the new British Note, says a Washington message.

While Britain thus agrees to pay before a settlement, France, says the "Daily Telegraph", is likely to insist upon a settlement before she pays. She will, it is understood, earmark the amount of her debt in the Banque de France but will refuse to ship any until a settlement is reached.

YUGO-SLAVIAN ADDITIONS TO FLEET.

Strain On Franco-Italian Relations.

It is reported from Rome that Yugo-Slavia is to spend 25,000,000 on additions to her fleet and this has aggravated the bad feeling recently revived there by the destruction at Tragia of an ancient monument. This monument recalled the former allegiance of Dalmatia to the Republic of Venice.

The Rome "Tribuna" draws attention to the severe economic crisis through which Yugo-Slavia is passing at the present time and to her policy of "living on loans." With France in mind it asks "who will generously provide these three millions?" In a word - who pays?

This return to a state of tension between Italy and Yugo-Slavia which is based on a belief that France's Adriatic ally is a provocative neighbour, seems likely again to prejudice Franco-Italian relations at a moment when arduous efforts are being made to improve them.

THE COLONIAL RIFLE ASSOCIATION'S SMALL BORE MATCH.

Have We Won The Challenge Cup ?

Letter From Secretary Of Society.

A letter received by the last mail and published below with kind permission, raises high hopes for the success of the Colony's Small Bore Competition Team in carrying off the Challenge Cup of the Society for Miniature Rifle Clubs.

As mentioned in a previous letter from the Secretary (Mr. G. Pethard,) published in the "Penguin" last month, no less than nine entries were received and this honour, if gained, would be an achievement all the more praiseworthy since it is the first time the Trophy has been competed for.

Codrington House,
London,
1st Nov., 1932.

Sir,

Your letter of the 26th August was read to our Council at their meeting held here on Thursday last, 27th October.

On their behalf I have to express our gratitude for the Governor's support, and to admire the excellent shooting of your team, which had been so well organised for this competition. We expect that they will be successful in winning the first competition, although at the time of posting there are still some more sets of targets to arrive.

We are grateful for the news sheet "Penguin" giving a report of the shooting. A full report of the whole competition will be published in the November issue of our monthly journal "The Rifleman," and be sent to you in due course.

Kindly thank His Excellency for the support and encouragement he has given this competition.

Yours Faithfully,

G. Pethard,
Secretary.

FRANCE TO PAY WAR DEBT INSTALLMENT.

Acting With Britain.

Premier Herriot informed the Chamber of Deputies on Tuesday that the French Government proposed to pay the December war debt installment with reservations.

The precise nature which these reservations will take is not disclosed as, M. Herriot explained, it was the intention of his Ministry to act in close accord with Britain.

There was loud applause in the Chamber in the speech wherein the French Premier paid a tribute to Britain for her abstention from availing herself of the opportunity of obtaining more favourable terms of payment from America than those enjoyed by France.

M. Herriot, who spoke for two and a half hours, made a great impression, but whether he would be able to carry the Chamber with him when the vote was to be taken was a matter of considerable doubt wrote the "Daily Telegraph". The voting took place on Tuesday evening.

The terms of the American reply to Britain has set even a large number of the Radicals against the payment. This gave the impression that M. Herriot would probably have great difficulty in getting the necessary support.

SINO-RUSSIAN "HANDSHAKE."

Diplomatic Relations Resumed.

The unexpected arrival of Litvinoff at Geneva on Tuesday was followed by the dramatic announcement shortly afterwards, of the resumption of diplomatic relations between Russia and China.

These were broken off three years ago and the new situation is the result of a series of friendly conversations and letters between Doctor Yen and Litvinoff.

It is understood, says the "Daily Telegraph" that this latest development was initiated at the request of Russia. China had proposed a non-aggressive pact and Russia replied that diplomatic relations should be resumed first.

This new development in the Far east has created the liveliest impression at Geneva. The Japanese, last week, hinted that they intended to bring their relations with the Soviet Government to a closer understanding. It would appear that China has anticipated this move.

GREAT WELCOME HOME FOR

AUSTRIAN FOOTBALLERS.

Over fifty thousand persons cheered themselves hoarse on Tuesday evening when the Austrian "wonder" football team returned home to Vienna after splendid performances in London and Brussels. The station was crowded hours before the train arrived.

Chancellor Dollfus had waited half an hour in the Imperial Waiting Room for the team and when the footballers arrived he shook hands with Herr Meisl and subsequently, every member of the team individually.

Addressing them he said that they had challenged the famous English football nation on its own ground: They had done magnificently and on Monday they had added to their honours by their great victory in Belgium.

MUSSOLINI & YUGO SLAVIA.

Situation Tense.

A message from Rome on Wednesday reports that Mussolini was expected to make a statement in the Senate yesterday regarding relations between Italy and Yugo-Slavia.

The situation has grown much worse and on Wednesday detachments of Carabinieri, cavalry and infantry, about 1,000 strong were seen to be waiting in case of emergency in the neighbourhood of the Yugo-Slavian Legation. The bad feeling extends to France which is regarded to be backing Yugo-Slavia and the French Embassy is also under guard.

No hostile demonstrations have, as yet, been organised in Rome but they are beginning. Columns of students on Wednesday evening marched to Mussolini's office bearing banners inscribed "Death to Dalmatia," and "Death to Yugo-Slavia."

The Duce addressed the students assuring them that he understood their indignation. He said "A vandalistic act may, for a moment, wound civilisation but it cannot wipe out history."

ELECTRIC TRAINS IN HEAD-ON COLLISION.

Nine people were killed and eight seriously injured in a collision between two electric trains in the Gutsch Tunnel, near Lucerne on Wednesday afternoon.

The two trains were the express from Zurich and a slow train from Lucerne to Bollinzona. The express was travelling at fifty miles an hour and the other train at thirty. The resulting smash completely wrecked both locomotives, telescoped several carriages and plunged the tunnel into complete darkness.

The failure of the electric light in the tunnel made rescue work extremely difficult. In the early stages it had to be carried on with flares and lanterns as the only source of light and it was the means and cries of the injured that chiefly guided the steps of the rescuers.

All the rail services from Lucerne were held up and it was not expected that traffic would be resumed until yesterday evening.

JAPAN & THE SINO RUSSIAN PACT.

"A Great Menace."

Count Uchida reported to the Cabinet in Tokio on Wednesday that Britain's Ambassador, Sir Francis Lindley, was urging Japan's acceptance of Sir John Simon's proposal for the admission of the United States and Russia to the Commission of Conciliation for dealing with the Manchurian dispute.

After the Cabinet meeting it was announced that Japan opposed any suggestion for a Commission of Conciliation being set up and refused to partake in it.

It was also pointed out that neither America nor Russia were prepared to assume the obligations devolving on members of the League.

The resumption of relations between China and Russia is far from welcome in Tokio. The official seems to be that it means that two countries which are a great menace to world peace, have joined hands.

ST. MARY'S BAZAAR.

The Opening Ceremony On Wednesday.

His Excellency the Governor made a stirring appeal at the opening of the St. Mary's Mission Bazaar on Wednesday evening when he was accompanied by the Hon. J.M. Ellis (Colonial Secretary) and Mr. G.R.L. Brown (Private Secretary.)

Where-ever he had been, His Excellency said, he found that fellow Christians of other denominations had always been sympathetic towards the Catholic Missions, and they, in their turn, had always done their best to respond to similar efforts on the part of the other denominations.

It gave him much pleasure to be among them again that evening to open the Bazaar, both as a member of the Church and the representative of the King in the Colony. In Stanley in previous years the Bazaar had realised as much as £200 but last year, unfortunately, the amount went down to £150 and there was, he ventured to suggest, a leeway to make up. Generally it was the custom to have a Sales Night in February but he was really hoping all the articles would be bought up and there would be no occasion for this. Nevertheless His Excellency said he would still like to see Father Migone hold a sale in February in order to give the people of Stanley a further opportunity of supporting the Mission.

In showing how necessary it was to have a really generous response His Excellency pointed out that the school had suffered like every other institution in these days and the proceeds of the Bazaar were the mainstay of the Mission. It was also one of Father Migone's desires to improve the school building.

The Governor went on to speak of how much he was impressed by the faithfulness and loyalty of Father Migone's staff but at the same time he was well aware how great the anxiety was for them to keep things going. Everyone spoke splendidly of the Mission and he, though himself a member of the Church, did not hesitate to say that Father Migone and the Sisters worked heroically and without ostentation. (Applause.)

The Stalls.

There was a business-like array of stalls with many helpers to tend to the needs of the purchasers while numerous Raffles waylaid people everywhere and side shows such as the Punch Ball 'Championship' were added attractions. As a result of the day's sales £55 4s. 6d. was realised.

The stall-holders were : Mrs. Williams Stall - Mesdames Edmunds & Morton and Miss K. Smith; Fancy Stall - Mesdames Craigie-Falkett, Harding & Daillie and Miss E. Craigie-Falkett; Flower Stall - Mrs. Swain & the Misses Bender & McAtasney; Toy Stall - Mrs. V. Biggs, the Misses D. Etheridge, E. Martin & Hooley; Candy Stall - Mrs. E. Biggs, the Miss Smith and M. "STANLEY CUP" COMPETITION.

This annual event was shot off on Thursday, the 8th instant, thirty-eight serving and past members of the Defence Force taking part.

The choice of sights was optional and many used the open service sight with the use of the wind gauge and sling. It was not a good day for shooting, in fact just the reverse for the wind was not only strong but also very gusty and accounted for many misses at the longer ranges. Only two competitors made 90 or over.

Pte. C. Henricksen is to be congratulated on winning the Cup with a score of 91. His shooting was consistent throughout; he only left the inner on two occasions and dropped to a "Magpie" once at the 200 and once at the 600 yards. This competitor also won the McAtasney Handicap Cup.

MUSSOLINI SPEAKS.

Responsibility Of An "European Element."

In the Senate in Rome on Wednesday afternoon Mussolini dealt with the most recent of the long series of Italo-Yugo-Slav misunderstandings. What had happened at Trogir and elsewhere in Yugo-Slavia must be regarded, he said, as a symptom of the unchanged hostility of that country towards Italy. It was all the part of a plan.

The real culprits were to be found in that dominating class in Yugo-Slavia which sought to maintain domestic union by means of foreign diversion.

Not less grave, he continued, was the responsibility which fell upon what he would call a "European element" which endeavoured to disturb Italian sang-froid by clamorous press campaigns wherein grotesque accusations were associated with stupid conclusions. All this was evidence of dark designs to organise under the mask of that pacifism which he had always denounced as a real menace of peace.

THE FREE STATES NEW MOVE.

Outcome Of Ottawa Agreements.

The Free States Minister of Industry and Commerce, Mr. Lemass, moving in the Senate on Wednesday evening the ratification of the Ottawa Agreement between the Free States and Canada, referred to the declarations of loyalty to the King at the Conference.

If circumstances should necessitate, and it was likely "in the near future that circumstances would necessitate" the disassociation of the Free States from the British Commonwealth, he said, the necessity of participating in these messages would be removed from the Free States.

The only justification for the continuation of the association with the British Commonwealth, he continued, was for the substantial benefits conferred on the Free States by association and if, as at present, no such benefits are experienced then the necessity for the maintenance of association was removed. They had not decided to take any action - that was not a matter for the Free States Government to decide but the people.

WHAT WE HEAR :

- THAT some of the spectators at our football matches have come to the conclusion players only kick the ball in order to get their names in the "Penguin".
- THAT those who miss the ball are getting jealous.
- THAT those who miss the ball should also receive a little publicity.
- THAT the Editor hopes when the latter come to vent their wrath on him they will live up to their reputation.
- THAT all Stanley's heavyweight champions went into strict training at the Bazaar on Wednesday and Thursday.
- THAT as a result, the Globe Store punch ball caught it thick and proper.
- THAT there have not been so many straight shots in Stanley for a long time past.
- THAT eventually Bill caught it an upper-"Kirk" and put it to sleep.
- THAT it collapsed and was out for several counts.
- THAT some say the ladies shared the honours.
- THAT previous to the knock-out one of the "weaker sex" did more than mesmerise the ball.
- THAT Violet also made it look a little blue.

PRINCE OF WALES TRIBUTE.

The Prince of Wales, in a speech in London on Thursday paid a tribute to the manner in which Britain is fighting world depression.

The world realises, he said, that although we are suffering like all other nations during these bad times, we are not over depressed by it. As has happened to us in the past in the great struggles of our history, the very magnitude of our difficulties has aroused a spirit of determination to overcome them.

In referring to his recent visits to the industrial areas the Prince said he knew that some wonderful work was being done in developing means of employment.

WAR DEBT PAYMENT DEBATE.

Chancellor Of Exchequer's Speech.

The Debate on the War Debt Payment opened in the House of Commons on Wednesday. The House was crowded to the extreme and the debate maintained a very high level.

The Chancellor of the Exchequer, in the course of his statement, said, the whole of Britain's war debt was incurred after America had entered the war. It amounted to £1,444 millions of which we found from our own resources 258 millions.

We were to be reimbursed by our allies for our own expenditure on their behalf and the remainder, namely 2815 millions, was financed by the United States. The whole of that sum was expended for the purpose of war on goods purchased from the United States. Whether on shells for Flanders or food for people or uniform for soldiers, the whole of the expenditure was as non-productive as if spent entirely on tanks, artillery or ships.

AMY'S PROGRESS.

A Reuter telegram from Paris on Wednesday night stated that Mrs. Mellison arrived at Gao in French West Africa at 5.0 that evening.

After a brief stay for re-fueling she flew off again. She had expressed determination to fly through the night and if possible, reach Oran, thus crossing the Sahara and Atlas Mountains in one stride.

Before taking off from Duala she sent a cable to her husband reading "Unlucky again. Love Amy."

AMY BEATS ANOTHER RECORD.

Home In 8 Days.

.0 Mrs. Amy Mollison who left Cape Town on Sunday, the 11th instant, on her return flight to England, landed at dusk on Saturday at Le Bourget Aerodrome. She was staying the night in Paris and was expected to complete the flight yesterday when a great reception was to be given her at Croydon.

This would have been the eighth day of the flight and Mrs. Mollison would have broken the existing Cape Town to Croydon record of nine and a half days, held by Captain Barnard and the Duchess of Bedford.

.3 The plucky airmen flew through bad weather to Le Bourget from Oran in Algeria. She intended flying direct to England but the inclemency of the weather delayed her departure from Oran on the last lap of her journey and after passing Paris she was obliged to give up the attempt to go on to Croydon owing to fog.

FRANCE WITHOUT A CABINET AGAIN.

.0 Up to a late hour on Saturday night no Cabinet had been formed in France in succession to the Herriot Government.

.1 M. Paul Boncour, who was invited to undertake the task, saw the President on Saturday afternoon and remained with him a long time.

His chances of success are generally considered favourable, especially since the postponement of Friday's Debt Debate by the American Senate.

.8 This postponement, it is believed, is a sign that France and the United States may yet come to terms.

.3 It is expected that negotiations on the French will actively resumed as soon as the new French Government is formed.

.8 The latest information indicates that the Socialists may be included in the new Government; their cooperation has been invited.

A message from London on Saturday reported that Bert Hinkler, the first man to fly from England to Australia and to cross the southern Atlantic in a light plane, intended to repeat his flight to Australia on Monday (yesterday.)

The purpose of Hinkler's flight is to spend Christmas in Australia.

If he reaches his homeland by the 25th he will beat the record of C.A. Butler, who in the "smallest machine in the world" did the trip in nine days, two hours and twenty-nine minutes, a year ago.

Hinkler is using the machine with which he crossed the Southern Atlantic last year when he created three new records.

AMY HOME AGAIN.

Message From The King.

Mrs. Amy Hollison received a tumultuous welcome from thousands of admirers on her arrival at Croydon on Sunday on the completion of her return flight from Cape Town in her small machine "Desert Cloud."

She did the journey in 7½ days thus breaking the record held by the Duchess of Bedford and Captain Barnard of 9½ days.

On the outward flight from Croydon to Cape Town she did the journey in the remarkable time of 4 days, 6 hours and 53 minutes which beat her husband's time by ten hours, and thus made a new record.

She planned the homeward flight in five long hops but the fog delayed her between Mossamedes and Duala in the Cameroons.

His Majesty the King sent a message of congratulation on her achievement.

On the route from Croydon to London crowds cheered the airwoman and a wonderful reception awaited her at the London hotel.

CLAIMED FROM THE SWAMP.

Italy's New Town.

On Sunday Signor Mussolini inaugurated the new town of Littoria, half an hour's journey from Rome and which stands in the midst of what only a short time ago, was an unreclaimed swamp infested with malarial mosquitoes but now is the centre of an agricultural community of 10,000 with over 500 well built houses.

Describing it as the first stage of a great land reclaiming scheme, Mussolini said it was undertaken in order to find work for Italy's growing population. Hitherto these people had found an outlet across the Alps and ocean but now they had succeeded in conquering a new province.

ARGENTINA'S NAZIST REVOLUTION

NIPPED IN THE BUD.

As a result of a plot to overthrow the Argentine Government martial law has been proclaimed in the city of Buenos Aires for thirty days. But the revolt has been nipped in the bud by the prompt action of the authorities.

Sensational allegations have been made by the Government regarding the revolutionaries plans, says Reuter, including the handing of the city over to pillage and terrorism for forty-eight hours, the seizing of the Waterworks and the banks, and the arming of citizens pledged to the cause of the ex-president, Irigoyen.

It is asserted that the proposals obtained contain documents seized from the revolutionaries. One of them aims through to punish the capital for the overthrow of Irigoyen in 1930.

THE WAR DEBT PROBLEM.

Linked Up With Disarmament.

On Monday President Hoover presented to the Congress at Washington a special message dealing with the War Debts Problem which he linked up with Disarmament. He outlined a plan of action regarding the revision of war debts, international economic collaboration and the disarmament question.

The method he proposed was the appointment of a delegation consisting of Republicans and Democrats which would serve on the Disarmament Conference and also negotiate on debts.

The discussions regarding revision are to be held only with these nations which have not defaulted says a message from the "Daily Telegraph".

Referring to the rejection by the Congress of his proposal for a Debts Commission, the President said that the Executive held that it was necessary to proceed with the scheme even without the approval of the Congress.

Mr. Hoover made it clear that he did not contemplate the cancellation of the debts and declared that any reduction must be compensated for by some other way.

He emphasised that the most urgent matter was the restoration of price levels, the fall of which handicapped the debtor nations. The stability of currencies and foreign exchanges had to be, therefore, re-established.

CHALIAPIN AS MUSIC TEACHER.

A message from New York reports that the famous Russian singer, Chaliapin, is to direct the vocal department of the New York Schools of Music on his return from Europe next Spring. The fact that he had agreed to take the post, which was rumoured recently, was confirmed on Monday by the Director of Schools, Mr. Arthur Cremin.

Mr. Cremin added that Chaliapin had accepted the role of teacher owing to the "desire to help American children progress in vocal art."

No details of the agreement have been disclosed and Mr. Cremin refused to discuss the matter further..

WHEAT MARKETS LOW.

A London message reports that new low price levels are being recorded in the world's wheat markets. But there was a slight recovery on Monday after an unprecedented drop during the week-end. Those in the closest touch with the trade, however, see no prospect of a material rise in prices for some time to come, says the "Daily Telegraph."

World prices have fallen by no less than 77 per cent during the past eight years. The dwindling returns are creating an unprecedented crisis in the farms of the middle west of Canada. Winnipeg reported that wheat touched the lowest price on record on Saturday.

An international conference on wheat is being officially urged by the Governments of the Canadian prairie provinces. The war debts are an important factor in the situation.

ROOEVER'S MESSAGE.

ROOSEVELT'S ATTITUDE.

President Hoover's message to the Congress at Washington was reviewed on Tuesday as a courageous and unselfish effort to pave the way for the reconsideration of the European war debts to the United States, and as designed to start a programme of world recovery.

Mr. Roosevelt's attitude, however, does not encourage the hope that the president-elect will respond affirmatively to Hoover's appeal to cooperate in a policy of uniting the outgoing and incoming Governments. Moreover, says the "Daily Telegraph", it is uncertain whether the Congress will agree to create a Board to examine the question anew. Nevertheless, the President does not mean to let the matter drift.

He proposes the immediate appointment of a Commission to examine the claims for debt reduction and to discuss the chances of concessions in return.

But he points out that every effort in the way of international cooperation would be comparatively futile unless three questions namely - the World Economic Conference, the Arms Conference and the War Debts Conference, - were properly co-ordinated.

Himalayas Flight Achievement.

A brilliant and perilous feat has been carried out by the Royal Air Force in the Himalayas.

Five machines, during a flight of hundreds of miles, flew over a mountain 25,550 feet in height.

The airmen were dependent for their lives on their oxygen equipment and in most of the country they traversed there was no ground suitable for landing, says an Exchange message.

The machines, in order to pass over the summit, had to rise to a height of about five miles above sea-level.

During this remarkable aerial tour of the Himalayas many interesting photographs were taken.

THE ANGLO-PERSIAN OIL QUESTION.

In reply to a telegram from the President of the League Council at Geneva, requesting that no step should be taken which might affect the status quo and thus aggravate the dispute with Britain regarding the Anglo-Persian Oil concession, the Persian Government gives the assurance that it will "continue to abstain from any act calculated to aggravate or extend the alleged dispute."

The Persian Government also expresses the belief that the cancellation of the Company's concession is not calculated to provoke conflict between the two governments seeing that it has, from the outset desired to arrive at an equitable agreement with the company.

MR. MORALES' SWIMMING DEED.

Harbour Crossed For 1st Time

For Many Years.

The phenomenal weather experienced this summer has brought many would-be bathers to the harbour's edge at Stanley for a dip, and many have persevered so that total immersion is now the order of the day inspite of the fact that some still shiver on the brink.

But now that Mr. V. Morales has shown that to cross the harbour as he did so well on Wednesday, is an accomplishment quite within reason there will be fewer disparing of over learning this most useful form of exercise (and, incidentally - to the seafaring life of the islands - an essential exercise), and more endeavouring to follow his example.

Mr. Morales, who learnt to swim in his native land, Chile, and has quite a style of his own, entered the harbour on the north side of the harbour, opposite the Government Jetty, about 4.45 p.m., with the sun shining warmly and practically no breeze blowing. After almost half an hour's swimming through water varying in temperature from 50 to 55 degrees fahrenheit, he landed at the jetty - a distance of nearly 800 yards from his starting point. Mr. Morales finished quite at ease and showed few signs of fatigue and after dressing in the Penguin Launch, moored alongside, he walked home.

Forty Years Ago.

As far as can be ascertained this is the first time for practically forty years since the harbour has been crossed, although a number of swimmers in recent years have been in the water for that length of time and have, perhaps, swum as far in distance. The performer of the feat on this occasion was Mr. Fialte Jose Faria who also swam back across the harbour to his starting place. His course lay opposite the Cathedral where the harbour is about 900 yards wide and the total distance Mr. Faria covered, therefore, was some 1,800 yards.

We also learn that the harbour was swum over ninety years ago by Augustine Roba before there was a settlement at Stanley and when the few inhabitants in the vicinity lived in mud huts near Whale-bone Bay.

LOTTERY DELIRIUM IN SPAIN.

Amid wild excitement the sitting of the Court in the Spanish town of Huesca, was suspended on Thursday morning when it was known that ticket numbered 29757, bought in Madrid by the Secretary of the Court, had won the first prize of 2350,000 in the National Christmas lottery.

All the officials attached to the Court, the judges, barristers, solicitors even down to the ushers had bought shares in the ticket.

When the great news arrived the session, engaged in a number of cases at the time, broke up in a wild riot of enthusiasm - amounting to delirium.

The whole town is en fete as the prize is shared in so many walks of life.

A duplicate winning ticket goes to Barcelona where half of it, in common with most of the other 70,000 tickets had been sold in sixpenny, shilling and half crown shares.

METEOROLOGICAL REPORT.

Typical "Sports" weather prevailed at Stanley over the Christmas
Holidays with comparatively little sunshine which was displaced by cold
winds and drizzling rain. As against the abnormally high temperature
of 71 degrees on Thursday last the thermometer did not rise above
54 degrees over the week-end while on Monday the temperature went
down to as low as 37 Fahrenheit - and this in mid-summer practically!
Though no snow was experienced this year a sharp hail storm gave
the Christmas parties on Sunday an atmosphere of Home. Nevertheless
quite a number of bathing enthusiasts entered the water in the harbour
at different periods some even daring to go in yesterday evening
when the wind was blowing from the south-east and there had not been
a beam of sunlight to take away the chill throughout the day.

Pic-nic parties fared badly and those who ventured out in boats
outside the inner harbour were mighty thankful to get back home
again to toast themselves in front of the welcome fires.

The observations taken at Stanley yesterday were :- barometer
983.7 millibars, thermometer - dry 47.0, wet 45.2, max. 51, min 42,
wind direction - south-east, force 4 (from 15 to 21 miles an hour)
velocity); rain .18 inch.

AID FOR FRENCH WHEAT GROWERS.

The Finance Commission of the Chamber in Paris have agreed to a proposal of 300 million francs being placed at the disposal of the Government to help the French wheat market.

The fund will furnish loans to French wheat growers at 2 per cent or may be used in the purchase of corn by the State. The Commission's intention is to prevent the farmers from being the prey of speculators who have been able to buy wheat at very low prices because producers are in need of ready money.

THE WINTER AT HOME.

Contrasts which were almost quixotic were provided by the Clerk of the Weather in Britain during the Christmas holidays.

Fog and low temperatures, however, were the main features during the week-end. Summer canoes were in demand at Cromer on Sunday, but on Monday very foggy conditions prevailed. Golfers complained of the heat there and over a hundred bathers were at Bridlington on Christmas Day but dense fog followed in the late afternoon and many cars were abandoned by the road-side.

AMUNDSEN DISCOVERY.

A telegram from the Soviet meteorological station at Cap Chelyuskin, received at Stockholm on Monday, reports the discovery of a snowed-in hut and a duplicate diary belonging to the late Captain Amundsen.

The diary, together with the duplicate observations, were placed there by Amundsen in 1919 during his Arctic Expedition 1918 - 21 from Norway. He was imprisoned in the ice with his ship outside Cap Chelyuskin eleven months.

After leaving he deposited the documents in a case misfortune befell the expedition.

Amundsen, however, arrived safely at Nome in Alaska in August 1900, after having been imprisoned another winter in the ice.

HOLY YEAR 1933 - 34.

A message from Rome reports that the Pope has proclaimed a Holy Year for the Roman Catholic Church from April 2nd, 1933, to April 2, 1934, to celebrate the Nineteenth Centenary of the Death of Christ.

The announcement has caused a general surprise as no inkling of the Pope's intentions had been allowed to emerge.

Holy Years are frequently proclaimed in times of distress. The aim is to divert the minds of the Catholics from material to spiritual things.

Pilgrimages to Rome are organised and liberal indulgences are granted.

In announcing the Holy Year, the Pope said - "It will be of benefit that the world will not only hear of the conflict of arms, disarmament, debts, reparations payments, and insolvencies and economic and financial interests, but also of matters of high spirituality and of interest to the soul."

LOTTERIES REPORT.

The interim report of the Royal Commission on Lotteries is expected shortly, reports a message from London.

Whether the report will deal with the wider subject of sweepstakes is uncertain, says the "Sunday Times," but the following are believed to be some of the main conclusions of the Commission:

State Sweepstakes on horseracing.

Legalised totalisators for dog-racing tracks.

Certain controlled Tote Clubs.

Tightening up of the Street Betting Act 1896.

It is understood that the Commission has been impressed by the general public's desire for State Sweepstakes.

AN ACHIEVEMENT IN ATTENDANCE.

Prize-giving Speeches.

Outstanding among the features of the Government School Prize-giving, held in the Town Hall on Thursday evening last week, was the precision and neatness with which all the items by the children were executed. Even the tiny tots, whose diloma in finding themselves in the embarrassing position of looking into a sea of faces was reflected in the eyes of anxious parents, assumed a sang froid more attributable to the acquisition of such virtues than anything else. And though charmingly unexpected episodes were staged the little ones all retained their sunny smiles and bright shiny eyes to enhance their incongruous scenes.

His Excellency the Governor was present, accompanied by the Hon. J.M. Ellis (Colonial Secretary) and Mr. G.R.L. Brown (Private Secretary) while there were also present members of Councils and their wives, including the Hon. E.W.H. Young.

In introducing His Excellency who distributed the prizes, Mr. A.R. Hoare (Superintendent of Education) congratulated the parents and children on the punctuality and attendance recorded in the School Register during the past year, the percentage of 94 being the highest ever attained.

"We are glad," Mr. Hoare continued, "about the 94 per cent not for the figure itself but for what it indicates - a steady effort throughout the year on the part of parents and pupils towards the regular performance of a duty, the duty of going to school. I must congratulate all concerned."

During the first half of the year, Mr. Hoare said, when the School was without an assistant master the boys were able to have regular coaching in football through the kindness of Mr. Headford. A netball ground had been marked out in the school yard, and some of those present, no doubt, had seen the keen team-work displayed by the girls in that game.

The teaching of woodwork had been restarted in July and a mistress had been sent for whom he hoped would teach cookery. Then, when the Town obtained a swimming bath and the boys and girls could be taught to swim, the school would have quite a comprehensive curriculum.

In conclusion Mr. Hoare, on behalf of himself, the staff and pupils, expressed his pleasure at seeing so many of the public present and thanked them for their appreciation of the children's efforts.

His Excellency, who was received with applause, made a short appropriate speech in which he expressed his great delight with the children's dances; and made him begin to wish that he was one of them. Speaking to the parents he was glad at the way in which they responded to the invitation to be present and appealed to them to continue to give their support to the teachers in that great work of unfolding the minds of the young people and fitting them to battle with the problems of life more effectively. (Applause)

To the Prize List published on the 24th instant we wish to make the following corrections: - G.I. (C.C.) Gladys Pattersson in addition to Phyllis Davis; and 2nd Year 2nd Prize (C.C.) Gladys Carey - not Needlework Prize as stated.

BIRTH.

A daughter was born to Mrs. J. Traill Wood of Darwin yesterday. Both mother and child are progressing well.

BOLT RACE.

The boat race arranged between the Defence Force and the Rovers crew was pulled off on Christmas Day, the former winning by three minutes. The course was the same as on the previous occasion; that is, from the Government Jetty round the F.I.C.'s Floating Dock and back to the starting place. This time, however, in coming about the Rovers found they fairly strong wind not to their advantage and while they strove hard their opponents, with a much heavier team than that beaten before, forged ahead to win easily.

FRANCE BUDGET DEFICIT.

A press message from Paris reports that the French budget deficit is stated to have amounted to 2132,000,000, whereof 237,600,000 has already been covered.

The Chamber on Tuesday adopted a Bill for a vote on account of 237,500,000 which is absolutely necessary to cover the Government expenditure for January. At the same time, after considerable debate, it granted the Government's demand for permission to issue treasury bonds up to a further 240,000,000. On this particular occasion the socialists, whose usual practice is to vote against the budget, were among the Government's majority.

INSULL TO REMAIN IN GREECE.

Samuel Insull, the seventy-three years' old London born American financier, is not to be extradited to the United States says a press message from Athens.

Five judges of the Greek Court of Appeal, after two hours deliberation, ordered Insull's acquittal and he was set at liberty.

The people in the court cheered loudly when the verdict was given, says the "Daily Telegraph."

When the defending counsel mentioned the philanthropic work which Insull had done in America, Insull broke down and wept.

Stanley,
Falkland Islands:
Friday, 30th December, 1932.

The R.R.S. "Discovery II" left South Georgia on the 28th of December to cover a line of stations before making Port Stanley her next call about the 11th of February 1933. She is expected to leave Stanley again about the 20th of February direct for South Georgia when she will sail for the south and Cape Town.

The m.v. West Falkland arrived at Stanley from the West on Wednesday evening with cargo for the town but no passengers. She is expected to depart again for the Coast via the West early next week.

The s.s. Lafonia was expected to arrive at San Carlos South at 6.0 p.m. yesterday and to get to Stanley either this evening or early to-morrow morning.

The Public are hereby warned that it is dangerous to life and limb to go on to Sappers Hill whilst firing is taking place on the Rifle Range.

In future a Red Flag will be hoisted on the Target Gallery during Firing.

It is particularly requested that parents will instruct their children to keep away from Sappers Hill when the flag is flying.

Top O' The Hill.

There are roads that are small,
There are roads that are long,
There are roads where we wander at will;
But the best road of all :
For the bold and the strong,
Is the road at the Top O' The Hill.

When the battle is won,
And conquered the height,
There is glory and life in the thrill;
When the climbing is done
And you sit in the light
Of the sun, at the Top O' The Hill.

DIPLOMATIC ALTERATIONS.

A message from London reports that big diplomatic alterations are forecasted in political and diplomatic quarters.

Sir Horace Rumbold is stated to be retiring from public life and will be succeeded at the German Embassy by Sir George Clerk who will be replaced at Angora possibly by Sir Walford Solby, Mr. Ramsay MacDonald's private secretary.

Sir Eric Phipps, the Minister in Vienna may become Ambassador in Brussels in place of the Earl of Granville. Lord Tyrrel, at the end of the year, may be succeeded at the Paris Embassy by Sir Robert Vansittart. Lord Londonderry has been mentioned for Rome or Madrid with Sir Eric Drummond as an alternative. Sir Miles Lampson, Minister to China, is mentioned as the new Permanent Under Secretary for the Foreign Office. The Tokio post is not mentioned in the suggested changes.

CAPE TOWN OFF GOLD STANDARD.

"The Union of South Africa is virtually off the gold standard" was the statement made at Cape Town, on Wednesday by the Minister of Finance, Mr. Havenga.

He added, "the banks will have to quote rates for operations in the exchange on a new basis and the gold circulation in South Africa will cease. The country is really on a regulated gold exchange basis."

Despite this change the £100 sterling still commands no more than 269 - 12 - 6d in South African currency.

In their eagerly awaited speeches that night Tielman Roos and General Smuts both urged the formation of a coalition to oust the Hertzog Government ~~states~~ the "Daily Telegraph".

However their utterances indicate that there is still a possibility that the two leaders may come together. General Smuts declared that the Government has now admitted the impossibility of its gold standard policy and has renounced it so far as the interior is concerned but, he added, the Hertzog Cabinet still stubbornly refused to release the country from its fatal overseas exchange policy.

THE 2ND TEST.

Bradman Out First Ball.

Notwithstanding the Board of Control's negating the motion to enable Bradman to play and write, Bradman is playing in the second Test Match which began on Thursday at Melbourne and was bowled first ball.

At the close Australia had made 194 for seven, Singleton 83, Woodfull 10, O'Brien 10, Bradman 0, McCabe 32, Richardson 34, Oldfield not out 13, Grimmett 2, extras 10: to bat O'Reilly, Wall, and Ironmonger.

The English team comprises Jardine, Wyatt, Paton, Allen, Sutcliffe, Hammond, Leyland, Ames, Larwood, Voce and Bowes.

BIARRITZ SALE.

A large part of Biarritz, the French sea-side resort so popular with the late King Edward, has been bought by M. Henri Lillaz, French Deputy, for about 25 million francs.

The Boulliant properties which he has acquired include the Hotel du Palais, the Hotel d'Angleterre, the Hotel du Casino, Bellevue Casino, Casino Municipal and the Bayonne Bull-fighting Ring.

Biarritz, originally a fishing village, became the summer residence of Napoleon 3rd and the Empress Eugenie. King Edward visited it many times likewise the Prince of Wales.

M. Lillaz made the purchase through Mr. Clement Hobson who has many financial interests in France. The new owner, who takes possession on January 15th, hopes to reorganise the whole place, but as a Deputy he will not go into the deal to make profit out of the gambling and so he is appointing M. Henri Lartigue, an impresario of Paris and New York, as manager of the casinos.

NEW U.S.A. LABOUR SCHEDULE.

A message from New York reports that a new American Labour Scheme, designed to harmonise with the economic structure of the country and contemplated by some of the best minds of the nation, is to be subjected to an earnest consideration by the Judiciary Committee of the United States Senate when it meets on January 6th.

The basis of the plan is a proposed law to prohibit the transport from one State to another of articles produced in any American factory wherein any person is allowed to work more than five days weekly or over six hours daily.

The curtailment of working hours is the first essential, in the opinion of those backing the proposed legislation, of any effort to reduce unemployment, an increase in buying power and the raising of the level of prices by adjusting the production to meet consumption.

---o---o---

BALANCING THE BELGIAN BUDGET.

A Reuter message reports that drastic proposals for balancing the Belgian budget are contained in the new Finance Bill which has been adopted by the Chamber deputies.

Among the principal measures is a National Crisis Levy of from one to four per cent, according to the amount of yield on all salaries, pensions, allowances, wages, on returns from invested capital and landed property.

7 MORE SWEEPSTAKES.

A Dublin message reports that seven more Irish Sweepstakes will be crowded into the period before the expiration of the Public Charitable and Hospitals Act 1934.

The Report issued by the Committee of Reference states that forty-eight hospitals have put in claims for £9,508,486 and the Committee has awarded £6,581,647.

But the receipts for the hospitals from various sweepstakes amount so far to only £1,772,190 so that the balance of £4,806,457 of the scheduled award is "prospective."
