Local Wool Spinning, Dyeing, and Weaving.  
Block-making.  
Development Policy.  
Establishment of a spinning and weaving industry  
in the Colony.  
Possibility of starting a small-scale "home-spun"  
woollen industry in the Falkland Islands,  
*C.D. + W. Act, 1940 (Fishes Research)*

Colonial Secretary,

Stanley.

Dear Sir

Port Stephens  
West Falkland Island

7 Feb 1948

at a Legislative Council Meeting,  
His Excellency stated that there should be more  
fish eat in the Islands, and that there was  
a sum of money put a side for such jobs as, this.  
If I came to Stanley to take up the job of  
Fishing, would I be allowed any of this money to  
buy Nets etc, And if I had a lot of fish  
on hand, and could not sell enough to make  
a living would Government help me out, in any way.  
And would I have the Fishing Rights, so that no  
one else would crowd the Town with fish.

Yours Truly  
C. Dickson

H.C.S.,

We have not yet been allotted any C.D.R. money for fishing.

2. Mr. Dickson seems to want a good deal - i.e. money for gear, insurance against loss, and monopoly. Even if we could give him the first I do not think we could guarantee the other two.

3. From what I hear it seems improbable that Mr. Dickson would be a good investment.

4. ? Should he be told that there is not yet any money available.

But did he not intend to provide help for Dickson?

3rd March, 48.

Sir,

I am directed by the Governor to inform you that the proposal in your letter of the 7th of February, 1948, has been considered but that in view of other arrangements that are being made it is regretted that it does not commend itself to Government.

I am,

Sir,

Your obedient servant,

(Sgd) A. B. MATHEWS  
Colonial Secretary.

Mr. C. Dickson,  
Port Stephens.

VP.
