Hon. Col. Sec.

This M.P. was handed to me
today 31/3/30.

With regard to these charges I
would respectfully bring to your notice
a point which perhaps has been overlooked.

If we have 60 houses connected to
our new electric light supply and only one
requires an extension, then the remainder
get the extra lighting free. Further, the sum
of 2/6^d for one hour's lighting will only
just cover the running costs of the new
engine.

The extension of the electric lighting will
of course be a boon but I fear the
Government cannot make a profit from
this extension.

THE COLONIAL SECRETARY,

Stanley, Falkland Islands.

The Falkland Island Co Ltd, were given an extension of electric light some days ago from midnight until 2.45 am and as far as I know there is no fixed charge for light after 2 am. I would be grateful therefore, for your instructions indicating what charge is to be made for periods after 2 am.

I understand that the charges at present in force for the extension of light after midnight is: 1st hour 5/- and 2nd hour (including 2 hours light) 15/-.
