There is moreover ~~the~~^a further strong objection to a change in that the Water Rate has always by legislation been closely bound up with the Sanitary Rating Ordinance. In the regulations of the 5th May & 25th October 1927 the water rate is based on the assessed value of private house property as fixed by Ordinances of 1905 & 1927. The assessment has ^{law} to be paid to the Treasurer and the water rate ^{payments} should clearly ~~be made in the same manner as~~ ^{be made in the same manner as} ~~paid down in~~ ^{paid down in} ~~perfect~~ ^{perfect} of house rates to which they are in specific terms made "additional" by law.

To note. You will no doubt agree that a change in practice is undesirable particularly as the present arrangement works smoothly.

Hon. Sec.

Originally I suggested no change until 1937. I have made lengthy reference in my report to the general system of Departmental Revenue being collected by the Treasury and until such time as this has been dealt with perhaps the matter may be allowed to lie in abeyance. Whatever H.E. decides will no doubt be carried out.
