When Ifany was here
 I was discussing with him our
 major works programme and its
 financing. Apropos, he
 mentioned what, I am sure, many
 others are already thinking and
 that is that when the
 water supply is provided
 Stanley which has had the
 lion's share of the development
 work should do something
 about its rates. These,
 as you know, are ridiculous
 and it is fairly clear that no
 Town Council will have the

enough courage to do much about it.

2. The best solution, perhaps, would be to impose a water rate as distinct from a general rate which everybody - including Government - would pay.

3. The method of assessment should be as simple as possible as for example X/- per tap and X/- per W.C. per annum.

and water & sewage is provided

4. As to the latter / we should insist upon all households -

getting water-closets and legislation to give effect to this. It will save the Town Council several hundred pounds a year for night-soil collection.

A.C.S.

- (9) Water rate is at present 9d. for each £ of assessed value of property, pl.

MEMORANDUM

It is requested that, in any reference to this memorandum the above number and date should be quoted.

25th April, 1957. 19

Secretary, F.I.D.S.

The Honourable the

Colonial Secretary.

Stanley, Falkland Islands.

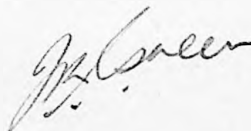

SUBJECT :-

Water connection - F.I.D.S. Houses.

Returned to TC.

The enclosed accounts for laying on water to F.I.D.S. Houses have been received from the Town Clerk who insists that F.I.D.S. shall be looked upon as a "private person" according to the provisions of Chapter 69 of the Laws of the Falkland Islands Section 26 and therefore liable to pay the surcharge of 10% from which Government is exempt.

I should be grateful if you could make a ruling in this matter and inform the Town Clerk of the correct status of F.I.D.S.

Tom clerk,

12

F.I.D.S. being
a Government Department
are not liable for
the 10% surcharge.

Grateful if you
would amend your
of accordingly.

W. L. Luning.

F.I.D.S. Treas.

4/14/57.

S/F.

Tom clerk stands by
10% quoting laws of F.I.
(Vol 1) see Page 635. Para
26.

Grateful your views
and authority.

W. L. Luning.

0032/10

27th May,

57

Sir,

I am directed to refer to an account No. C.F. TC/43 of the 28th March, 1957, rendered by the Town Council to the Treasurer, Falkland Islands Dependencies Survey. The account in the sum of 26. 9s. 10d, includes a surcharge of 10% and is in respect of materials supplied in laying water to a house owned by the Survey.

2. It is understood that the surcharge is included because of your interpretation of Section 26 of the Stanley Town Council (Powers) Ordinance, 1948 under which the Town Council is empowered to impose a surcharge not exceeding 10% where work is performed on behalf of a private person.

3. The Falkland Islands Dependencies Survey is not, however, a private person. It is in fact the executive organisation established to administer, amongst other duties, the British bases in the Falkland Islands Dependencies (with the exception of South Georgia) under the direction and control of His Excellency the Governor with whom the responsibility for administration rests. Consequently it is an established Government Department and entitled to the rights and privileges of such a department.

4. I am to request, therefore, that you will amend and re-submit the account under reference which is returned herewith.

I am,
Sir,
Your obedient servant,

(Sgd) A.G. Denton-Thompson.

COLONIAL SECRETARY.

The Town Clerk,
Stanley Town Council,
STANLEY.

SOT/MF

4/6

Town Council, Stanley,

Stanley.

TC/94

4th June, 1957.

Sir,

13 I thank you for your letter No.0039/E dated 27th May, 1957 on the subject of payment of accounts by the Falkland Islands Dependencies Survey to the Stanley Town Council.

2. It would now seem that my interpretation of Section 26 of the Stanley Town Council (Powers) Ordinance was wrong in view of the ruling in para 3 of your letter that the F.I.D.S. is an established Government Department entitled to the rights and privileges of a department.

3. I apologise for the wrong interpretation and will amend the account sent to F.I.D.S. dated 28th March, 1957. No additional surcharge will, in future, be added to accounts submitted to F.I.D.S.

I am, Sir,

Your obedient servant,

[Signature]
Town Clerk.

[Handwritten: 4.6.57]
The Honourable
The Colonial Secretary,
Stanley.
Copy to The Treasurer, F.I.D.S.

[Handwritten: 5th]

003918.

15

Town Council Office,
Stanley.

TC/85

27th September, 1957.

Sir,

A check of the Water Rate paid since the 1st January, 1953 has revealed that this has not been in accordance with the provisions of Vol.2 of the Laws of the Falkland Islands, Cap.70 para 5 (page 317/318) which stipulates that the Water Rate shall be one shilling etc.

2. Records shew that in the year 1952 the Water Rate was fixed at the correct figure of one shilling in the pound. Since that year, to the 31st December, 1957, the Water Rate has been fixed at ninepence.

3. Vol.1, Cap.67, Part 2, para 28 states that a water rate shall be made and levied by the Council etc. which suggests that the Council has power to fix the water rate in precisely the same way as it may fix the General Rate.

4. As these two paragraphs appear to conflict may I ask for your ruling on this matter and if the suggestion that Cap.70 para 5 of Volume 2 be cancelled by legislation is acceptable to you.

I am, Sir,

Your obedient servant,

Town Clerk.

The Honourable
The Colonial Secretary,
Stanley.

18

Hon. Col. Sec.,

The Town Council has power under sec. 28 of the Stanley Rates Ord. (Cap. 67) to levie a water rate on the owners of all premises in respect of water supplied for domestic and non-domestic purposes.

2. The Town Council has no authority under the Stanley Water Works Ord (Cap 70) as all authority under that Ord. is exclusively Administrative.

3. As the law stands two rates could be levied in respect of the supply of water. One by the Town Council in respect of all water supplied and the other by the Government in respect of connections for the supply of water.

4. I do not consider that it was ever Government's intention that two rates should be leviable in respect of the supply of water, particularly as no rate has been demanded by Government under Reg. 5 of the Stanley Water Supply Regs (R.E.L. Vol II p. 317) since the enactment of the Stanley Rates Ord.

5. In view of the fact that the Stanley Water Supply Regs. came into operation on 1st April, 1934, the omission to revoke Reg. 5 on the enactment of the Stanley Rates Ord., appears to be an oversight on the part of the Commissioner R. E. L.

Res.

This is going to give one or two camp members the opportunity to try and raise the water rates so that Stanley residents will pay more in respect of the filtration plant. But I agree the matter must be clarified - so as you propose. Then back to me to draft a coming memorandum.

MEMORANDUM NO. 54 FOR EXECUTIVE COUNCIL.Stanley Water Rates.

Under the provisions of Section 28 of the Stanley Rates Ordinance (Cap 67) the Town Council has the power to levy a water rate on the owners of all premises for water supplied for domestic and non-domestic purposes. Section 28 reads as follows:-

Liability for water rate. 28. A water rate shall be made and levied by the Council on the owners of all premises in respect of all water supplied for domestic purposes and shall be assessed on the net annual value of all such premises.

Domestic purposes.

Non-domestic charges.

(3) Where water is supplied or used for non-domestic purposes the following fixed rate shall respectively be charged:-

	£	s.	d.
Butcher's shop	1	10	0
Chicken farm		10	0
Dairy	1	10	0
Garage	1	10	0
Mineral Water Plant	5	0	0
Photographic business		10	0
Slaughterhouse	2	10	0
Stable		10	0

Provided that the Council may from time to time by resolution require a fixed charge in respect of any other premises or class of premises to which water is supplied for a non-domestic purpose or vary or cancel any fixed charge in respect of water so supplied subject to public notice being given of such resolution as provided in Section 13.

2. The rate fixed by the Town Council for domestic purposes is 9d. in respect of every twenty shillings of the annual value of the property as assessed in accordance with the Stanley Rates Ordinance.

3. Regulation 5 of the Stanley Water Supply Regulations, made under the Stanley Water-works Ordinance (Cap 70) provides for an annual rate of one shilling for every twenty shillings of the annual value of the property as assessed in accordance with the Stanley Rates Ordinance. Consequently there are two methods of imposing water rates, one open to the Stanley Town Council and one open to Government. It was in fact never the intention that there should be two rates and the rate under Regulation 5 of the Water Supply Regulations has not been imposed. Moreover it is open to some doubt whether the powers given to the Governor in Council under section 5 of Cap 70 (The Stanley Water-works Ordinance) cover the imposition of a rate by regulation.

/4. In these

4. In these circumstances it is considered that the existence of Regulation 5 of the Stanley Water Supply Regulations is an anomaly which should be rectified by its revocation and Honourable Members are asked to approve the appended Stanley Water Supply (Amendment) Regulations, 1958.

A. G. Stephen Thompson
COLONIAL SECRETARY.

THE STANLEY WATERWORKS ORDINANCE (Cap. 70).

REGULATIONS

(under section 5 of the Ordinance).

No. of 195 .

Governor.

His Excellency the Governor in exercise of the powers vested in him by section 5 of the Stanley Waterworks Ordinance, is pleased, by and with the advice of the Executive Council to make the following Regulations:-

Short title. 1. These Regulations may be cited as the Stanley Water Supply (Amendment) Regulations, 1958, and shall be read as one with the Stanley Water Supply Regulations, hereinafter referred to as the principal Regulations.

Vol. II
Revised
Edition p.317.

Revocation of regulation 5 of the principal Regulations. 2. Regulation 5 of the principal Regulations is hereby revoked.

Made by the Governor in Council on the
day of , 195 .

Clerk of the Executive Council.
