C.S. 849/21

Govt. Printing Office,  
Stanley,  
5th September, 1921.

The Hon. Colonial Secretary,  
Sir,

I have the honour to forward herewith a list of the contents of the cases of material received in the Govt. Printing Office, I beg to report that the material was received in good condition and is now in working order, with the exception of the Vacuum Case Cleaner which was received in a damaged condition.

The new type received is on the modern point system and will not combine with that at present in use in this Office. It was ordered with a view to the refitting of the Printing Office with type on the modern basis and replacing the old type at present in use, which is in a very worn condition and practically useless, as stated in the report dated 22nd March, 1920, from Mr. A. E. Smith, late Head Printer (C.S. 236/20).

I should be glad to know if we are to take the new type into use and to receive instructions as to the disposal of the old type.

With regard to para 7 of Mr. Smith's report, in accordance with verbal instructions received, I have seen the Very Rev. the Dean and he has decided that he will be unable to make any use of the type mentioned.

I have the honour to be,

Sir,

Your obedient servant,

*C. G. Allan*

First Assistant Printer.
